Prevent excessive buildup, uncovered areas, or unsightly appearance on longitudinal and transverse joints. Provide suitable-width spreading equipment to produce a minimum number of longitudinal joints throughout the project. Place

longitudinal joints on lane lines, where possible. Use half passes and odd-width passes only when absolutely necessary. Do not apply a half pass as the last pass of any area. Do not overlap longitudinal lane line joints by more than three inches. Do not construct joints having more than a 1/4 inch difference in elevation when measured by placing a 10-foot straight edge over the joint and measuring the elevation drop-off. Construct longitudinal joints so that water is not held at the joint. Construct transverse joints at the beginning and end project limits so that the elevation difference between the micro surfacing and the adjacent pavement does not exceed 1/4 inch.

K. Mix Stability:
Produce a micro surfacing mixture that possesses sufficient stability so that premature breaking of the material in the spreader box does not occur. The mixture shall be homogeneous during and following mixing and spreading. The mixture shall be free of excess water or emulsified asphalt and free of segregation of the emulsified asphalt and aggregate fines from the coarser aggregate. Do not spray water directly into the spreader box while applying micro surfacing material under any circumstances.

L. Handwork:
Utilize hand squeegees to provide complete and uniform coverage of micro surfaced areas that cannot be reached with the mixing machine. Lightly dampen the area to be hand worked prior to mix placement, if necessary. Care shall be exercised to leave no unsightly appearance from handwork. When performing handwork, provide the same type of finish as that applied by the spreader box.

M. Lines:
Construct straight lines along curbs and shoulders. Do not permit runoff on these areas. Keep lines at intersections straight to provide a good appearance. If necessary, utilize a suitable material to mask off the end of streets to provide straight lines. Edge lines shall not vary by more than 2 inches horizontally.

N. Cleanup:
Remove micro surfacing mixture from all areas such as manholes, gutters, drainage structures, rumble strips, and as otherwise specified by the Engineer. On a daily basis, remove any debris resulting from the performance of the work.

O. Post Sweeping:
If required by the Engineer, broom the surface of any loose material within 48 hours after the completion of the micro surfacing. If directed by the Engineer, perform this operation again approximately seven to ten days after completion of the micro surfacing as needed. Additionally, clean the surface, as necessary, prior to application of the final pavement markings.

V. Quality Assurance

A. Material Monitoring:

Provide a computerized material monitoring system with integrated material control devices that are readily accessible and positioned so the amount of each material used can be determined at any time. Ensure the computer system is functional at the beginning of work and during each calibration. Provide a back-up electronic materials counter that is capable of recording running count totals for each material being monitored. Equip the mixer with a radar ground measuring device. The computer system shall have the capability to record, display and print the following information:

a. Individual sensor counts for emulsion, aggregate, cement, water, and additive
b. Aggregate, emulsion, and cement output in pounds per minute
c. Ground travel distance
d. Spread rate in pounds per square yard
e. Percentages of emulsion, cement, water, and additive
f. Cumulative totals of aggregate, emulsion, cement, water, and Additive
g. Scale factor for all materials.

B. Sampling and Testing:

The Engineer shall obtain one sample of micro-surfacing mixture each day of production. The Engineer shall test each sample in accordance with FM 5-563 and FM 1-T 030 to determine the residual asphalt content and the gradation of the sample. Evaporate all water from the sample prior to testing. Determine the deviation of the test results for each sample from the mix design target values. Compare the deviation from the mix design to the mixture control tolerances shown in **Table 7.**

Table 7: Aggregate and Emulsified Asphalt - Acceptance Limits

Aggregate	Tolerance from Mix Design Target Values
Percent Passing No. 4 Sieve	± 6 percent
Percent Passing No. 8 Sieve	± 7 percent
Percent Passing No. 50 Sieve	± 6 percent
Percent Passing No. 200 Sieve	± 3.0 percent
Emulsified Asphalt	--
Residual Asphalt Content of Mixture	± 0.6 percent

C. Application Rate:

Control the application rate for micro surfacing on a lot basis to within the "Total" range specified in **Table 6**. A lot will be considered as 0.10 lane miles. No additional compensation will be paid for micro surfacing application rates placed in excess of the "Total" specified range. The unit price for each deficient lot will be reduced by ten percent for each lb/yd^2 rate less than the "Total" specified range. For application rates outside the "Total" specified range, stop production of the mixture and make adjustments to correct the problem to the satisfaction of the Engineer prior to resuming production. Accept a pay reduction for deficient lot production or overlay the deficient area at full plan width and depth at no additional cost.

VI. Warranty:

The Contractor shall provide the City or County upon final acceptance of the micro surfacing work, a warranty period of three (3) years which shall include all labor, materials, hauling, traffic control and striping to repair the defective areas. Defective areas shall include debonding/delamination, bleeding, excessive raveling and aggregate loss exposing the old roadway surface. The Contractor shall perform all warranty work at no cost to the City or County.

VII. Method of Measurement

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Microsurfacing, and not specifically listed in another item in the Bid Form, shall be included in this item.

VIII. Basis of Payment

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Microsurfacing, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the County.

Crack sealing, if required, shall be paid for under the appropriate pay item.

Payment will be made under:

Pay Item	***Pay Unit***
Micro surfacing	Square Yard
Rut fill/scratch course	Ton

PC-003 CRACK FILLING/SEALING SPECIFICATION

I. Description

The work consists of applying a hot-applied, single component polymer/rubber modified Type 3 sealant supplied in solid form, to seal or fill cracks or joints in asphalt concrete or Portland cement concrete pavements. Cracks or joints that will be sealed shall be a minimum of one quarter (1/4) inch and have a maximum width of one (1) inch.

II. Materials

A. Polymer/rubber Modified Asphalt Material: Materials shall be a premixed, single component mixture of asphalt cement, aromatic extender oils, polymers, and granulized rubber in a closely controlled manufacturing process. Materials shall conform to the following specifications when heated in accordance to ASTM D5078 to the manufacturer's maximum safe heating temperatures.

Property	Specification
Cone Penetration, (ASTM D5329)	20 – 40
Resilience, (ASTM D5329)	30 % min.
Softening Point (ASTM D36)	210°F min.
Ductility, 77.0°F (ASTM D113)	30 cm min.
Flexibility, 1/8" specimen, 90º bend, 10 sec., 1" mandrel (ASTM D3111 Modified)	Pass at 30ºF
Flow 140°F (60°C) (ASTM D5329)	3mm max.
Viscocity, 400ºF (ASTM D2669)	100 Poise max.
Asphalt Compatibility (ASTM D5329)	Pass
Bitumen Content (ASTM D4)	60% min.
Tensile Adhesion 1" thickness (ASTM D5329)	400% min.
Maximum Heating Temperature	400°F (204°C)
Minimum Heating Temperature	380°F (193°C)

B. Blotting Material: If required, the blotting material shall be an aggregate such as cement dust, specialized release or detacking agent, or other cover aggregate approved by the Project Manager.

III. Equipment

A. **Crack Sealant Application Equipment:** Equipment used to install the sealant into the cracks shall be as specified by the manufacturer and shall have the ability to fill cracks with two wands at the same time and maintain the proper temperature of the sealant throughout the sealing process. This heating unit shall be a jacketed double boiler melter and shall be equipped with an agitation system. The applicator hose's shall have a recirculation system or be equipped with a temperature controlled heating system. Pouring pots or gravity-fed sealant applicators shall not be used for sealing cracks and joints.

B. **Compressor:** The compressor shall be 75 C.F.M. capacity, or more, to ensure an adequate supply of air to effectively clean the joints. Any pneumatic tool lubricator should be bypassed and a filter installed on the discharge valve to keep water and oil out of the lines.

C. **Hot Compressed Air Equipment:** A hot compressed air lance shall be used to clean, dry and pre-heat cracks prior to applying sealant. The air lance shall consist of a compressor propane system providing a high temperature, high velocity blast of air.

D. **Crack Cleaning Equipment:** Cleaning of excess debris shall be done by means
of power sweepers, hand brooms, or air brooms.

IV. Construction

A. Submittals

At the beginning of this Contract, the Contractor shall submit to the Project Manager the specifications sheets along with the manufacturer's suggested installation procedures and equipment of the type of crack seal that is to be used for approval. Once approved, these documents shall be complementary documents to this specification.

If the Contractor intends to change to another product meeting this specification over the life of the Contract, they shall have to resubmit the above mentioned information for the new product for approval prior to its use.

During the crack seal operations, the Contractor shall maintain a log sheet, the original of which shall be supplied to the Inspector at the end of the project and become supporting documentation for invoicing purposes. A minimum of the following information shall be recorded:

1. Date, time and amount added to the melter. The lot number of each box added shall also be recorded.

2. Road name, date, time application process starts, amounts installed, time application process ends.
3. Weather conditions

The Contractor shall supply the Inspector with tickets and the corresponding actual lot numbers removed from the boxes, showing the amount of gallons used for each road.

A log of all herbicides, if any, shall be kept and a copy shall be supplied to the Inspector within one (1) week of spraying. This log shall include the type of material, mixture rate, application rate, location, date, and time of application.

B. Traffic Control: The Contractor shall furnish all necessary traffic control, barricades, signs and flagmen, to ensure the safety of the traveling public and to all working personnel. If requested by the County, the Contractor shall submit an M.O.T plan indicating all facets of traffic control for the project area. The MOT plan should be approved in writing by the County prior to commencing any work. All traffic control shall be in accordance with the FDOT Roadway Design Standards, most current edition and TP-102. M.O.T. and associated devices shall be checked daily and periodically throughout the project for compliance; and where adjustments or corrections are needed, prompt revisions shall be made.

C. Weather: No sealant shall be installed unless the ambient and pavement temperature are 40°F and rising. There shall be no fog and no chance of rain. Any cracks that are not sealed the same day they are prepared shall be blown out with compressed air before the sealing operation continues. If rain or fog delays the sealing operation, the cracks shall be allowed to dry and shall have additional cleaning as required to remove any debris that may have been washed into the crack by rain. The cracks shall be completely dry before the seal treatment can resume. The Contractor may use the Hot Compressed Air Lance method of cleaning and drying the cracks with the approval of the Inspector. Care shall be taken to not overheat the existing asphaltic concrete surface if this method is used.

D. Surface Preparation: Prior to starting any application process the Contractor shall be responsible for removing any deleterious materials, including dirt, old sealant, incompressibles and organic materials that is on the asphalt, and that the cracks and joints are sufficiently dry.

E. Crack Cleaning: When vegetation exists in the cracks and joints, it shall be removed by either using propane torch or treated with an herbicide that sterilizes the soil. The method of removal is subject to the approval of the Project Manager. If an herbicide is used it shall be applied according to the manufacturer's specifications and shall be applied ahead of the operations so that the weed is totally browned. The applicator of the herbicide shall have the proper State of Florida Pesticide Applicators License. A copy of this license shall be supplied to the Project Manager upon request. A log of all herbicides shall be kept as specified in the Submittals section of this specification, and a copy shall be supplied to the Project Manager. All cracks are to be clean and are sufficiently dry before any crack sealing material is applied. All cracks shall be blown clean by high pressure air. All old material and other debris removed from the cracks shall be removed from the pavement surface immediately. Any cracks that are not sealed the same day they are prepared shall be blown out with compressed air before the sealing operation continues.

F. Sealant Heating: The temperature of the sealant shall be heated and maintained using the manufacturer's recommended procedures. The sealant compound shall be melted slowly with constant agitation until it is in a lump-free, free-flowing state, within the temperature range recommended by the manufacturer for application. Care shall be taken to insure that the sealant is not heated above the manufacturer's recommended maximum temperature or for

longer than the recommended application life. The Project Manager shall have the right to reject the product if it is determined that this has occurred.

G. Sealant Application: The sealant shall be applied in the crack or joint reservoir uniformly from the bottom to the top and shall be filled without formation of entrapped air or voids. The sealant shall be installed so that it is recessed approximately one eight (1/8) inch below the pavement surface to prevent tracking. Sealant shall be applied to slightly overfill the reservoir and then struck off using a “V” shaped squeegee. The remaining squeegee material shall be flush with the pavement surface. In no case shall the width of excess material on the pavement surface exceed (4) inches. At no time shall the sealant be in excess of one sixtieth (1/16) inch above the adjacent surface and shall extend no more than one and a half (1.5) inches from the crack edges. Each wand shall have removable heads so that variable width discs from two (2) to four (4) inches may be installed at the Inspector’s request.

H. Blotting Application: When traffic requires immediate use of the roadway, a blotting material shall be broadcast or sprayed over the fresh sealant to prevent it from being picked up and tracked. Any excessive or spilled sealer shall be removed by the Contractor using approved methods.

V. Liability and Deficiencies:

During the period of construction and the warranty period the Contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the Crack Sealing including but not limited to, motor vehicles or pedestrians. The Contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the COUNTY from all such claims. Claims not handled by the Contractor or their representative in the proper manner, will be settled by the COUNTY. The COUNTY shall recover all costs from the Contractor.

1. The Contractor shall be responsible for any claims of tracking as part of this specification. If there is a claim the Contractor shall be responsible for:
    a) Applying more blotting material as necessary
    b) Address the tracked material by either removing or repairing the object that was affected.
2. Where the sealant subsides in the crack by more than 1/8 inches below the adjacent pavement surface, except where the pavement will be immediately overlaid, the surface of the sealant shall be cleaned and topped up.

The sealant shall be removed, the routed crack rerouted at the Inspector’s discretion, and resealed if any of the following occur:

a) The sealant contains embedded foreign material other than dusting material.
b) The sealant contains entrapped air bubbles.
c) The sealant has de-bonded or pulled away from the crack
d) The sealant has been excessively heated.

VI. Method of Measurement

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Crack Filling/Sealing, and not specifically listed in another item in the Bid Form, shall be included in this item.

The measurement shall be made in the amount of gallons of crack seal applied to the road, and shall be supported by the required submittals outlined in this specification. The amount of crack sealer shall be reported and invoiced for each road.

VII. Basis of Payment

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Crack Filling/Sealing, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the County.

Payment will be made under:

Pay Item	***Pay Unit***
Crack Filling/Sealing	Per gallon

END OF SECTION

PC-004 FOG SEAL SPECIFICATION

I. Description

The work specified in this section consists of furnishing and applying fog seal on existing roads at application rates described here-in. Fog seals are a method of adding asphalt to an existing pavement surface to improve sealing or waterproofing, prevent further stone loss by holding aggregate in place, or simply improve the surface appearance. Generally, fog seal is a light spray application of diluted asphalt emulsion used primarily to seal an existing asphalt surface to reduce raveling and enrich dry and weathered surfaces. However, inappropriate use can result in slick pavements and tracking of excess material.

II. Materials

The emulsion types recommended for fog seals may be cationic (i.e., a positive surface charge on the asphalt particles), or anionic (i.e., a negative surface charge on the asphalt particles). The primary types used are CSS-1h and SS-1h. In some circumstances, CQS-1h (and LMCQS-1h) will give a faster set.

A. **Liquid emulsified bituminous material for dilution:** CSS-1h liquid bituminous material conforming to the requirements of AASHTO M 208 or SS-1h conforming to the requirements of AASHTO M 140 (except as modified herein) shall be utilized. The Contractor shall certify the liquid bituminous material meets the aforementioned specifications
The asphalt emulsion may contain up to 43% water prior to dilution. Original emulsion water and dilution water shall be limited to and not exceed for any reason 50% by volume. Therefore, residual asphalt shall equal 50% (+1%, -0%).

B. **Dilution Water and Emulsion Water:** Water introduced into the asphalt should be potable and free from detectable solids or incompatible soluble salts (hard water).

C. **Material Samples:**
The County will require the Contractor to sample and test each load of emulsion prior to delivery. The Contractor will also provide a sample of the emulsion, on site, prior to commencing work. The County will require the Contractor to provide sample containers and a local independent testing laboratory for the analyzing of emulsion. The Contractor will be responsible for the cost of the testing. The County reserves the right to test any shipment of emulsion that is believed to be of substandard. All samples shall be shipped and stored in clean airtight sealed wide mouth jars or bottles made of plastic.

III. Equipment:

A. Distributor:

The liquid bituminous material shall be applied with a truck mounted, pressure distributor that has been calibrated within the previous twelve (12) months, for transverse and longitudinal application rate. The distributor shall be equipped, maintained and operated so that the bituminous material can be applied at controlled temperatures and rates from .03 to .22 gallons per square yard with nozzles adjusted to allow minimum overlap of 3x. The distributor shall be capable of applying bituminous material of variable widths up to sixteen (16) feet. The distributor shall uniformly apply the bituminous material to the specified rate with a maximum allowed variation of 0.015 gallons per square yard. Distributor equipment shall include tachometer, accurate volume measuring device, a calibrated tank and a thermometer for measuring the temperature of the tank's contents. Distributors shall be equipped with an asphalt pump and full circulating spray bars adjustable laterally and vertically. Distributors and transport trailers shall be equipped with a sampling valve. Distributor trucks shall be of the pressure type with insulated tanks. The use of gravity distributors will not be permitted. The valves shall be operated by levers so that one or all valves may be quickly opened or closed in one operation. The valves which control the flow

from nozzles shall act positively so as to provide a uniform unbroken spread of bituminous material on the surface. The distributor shall be equipped with devices and charts to provide for accurate and rapid determination and control of the amount of bituminous material being applied and with a bitumeter of the auxiliary wheel type registering speed in feet per minute, and trip and total distance in feet.

B. Additional equipment:

Additional equipment will be needed to complete the operations required by this technical provision. All equipment necessary for the successful completion of projects governed by this technical provision shall be included in the unit costs associated herein. Availability of quality assurance devices shall be the responsibility of the Contractor.

IV. Construction

A. Layout:

The Contractor will be responsible for the lay out of the roadway and project planning and sequencing to meet traffic control requirements prior to beginning.

B. Weather and Seasonal limitations:

The fog seal shall not be applied to a wet surface or when rain is occurring or the threat of rain is present immediately before placement. The surface treatment shall not be applied when the temperature is less than 50 degrees Fahrenheit in the shade. When applying emulsions, the temperature of the surface shall be a minimum of 59°F, and no more than 140°F.

If unexpected rain occurs prior to the emulsion breaking, the area shall be re-fogged at no cost to the County. Further, the Contractor's traffic control and project monitoring shall continue until the surface is either free of emulsion or the emulsion applied has broken, and the resultant surface is not slippery or dangerous to vehicular travel.

C. Preparation of Surface:

The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment. The Contractor will be responsible for blowing or sweeping the road immediately ahead of the operation to make sure the road is free of loose aggregate and other debris, as well as sweeping and cleaning the streets after treatment. If, in the opinion of the Engineer, the hand cleaning is not sufficient then a self-propelled street sweeper shall be used.

All manhole and valve covers, inlets and other service entrances, etc., shall be protected from bituminous material by placing reinforced waterproof, all-purpose paper or other suitable material, approved by the Engineer.

Thermoplastic striping and pavement markings, raised pavement markers, and raised pavement marker adhesive shall be removed.

D. Resident Notification

In Residential areas, the Contractor shall distribute by hand, a typed notice to all residences and businesses on the street to be treated. The notice will be delivered no more than 24 hours prior to the treatment of the road. The notice will have a local phone number that the residents may call to ask questions. The notice shall be of the door hanger type which secures to the door handle of each dwelling. Unsecured notices will not be allowed. The Contractor shall also place the notice on the windshield of any parked cars on the street. Hand distribution of this notice will be considered incidental to the contract.

E. Application of bituminous material:

The emulsion shall be diluted no more than 24 hours before its intended use to avoid settlement of the diluted emulsion. Water shall be introduced into the emulsion. Introducing emulsion into water is not permitted. The emulsion shall be circulated using a centrifugal or other suitable pump to ensure uniformity as needed.

Properly calibrated distributor trucks with 4 to 5 mm (1/8” to 3/16”) opening spray nozzles shall be used to apply the emulsion. The emulsion may be heated to 122°F maximum, or may be applied at ambient temperatures conforming to the requirements of this technical provision. The emulsion shall be sprayed at a rate as directed in the field by the county. Application will be determined dependent upon the surface conditions.

- **Tight Surface** (low absorbance and relatively smooth) - .09-.14 gal/sy
- **Open Surface** (relatively porous and absorbent with open voids) - .18-.22 gal/sy

F. Exceptions:

When fog seal is required as a subsequent treatment to chip seal, OGCM, or other method described in this contract, materials, equipment and application shall be as described in this technical provision and as amended in the technical provision appropriate to the work the fog seal is subsequent to. If discrepancies occur, the County shall determine the appropriate specification.

G. Traffic Control

The Contractor shall furnish all necessary traffic control, barricades, signs and flagmen, to ensure the safety of the traveling public and to all working personnel. Traffic shall not travel on fresh fog seal until material is sufficiently broke such that tire pickup does not occur. The Contractor shall submit an M.O.T plan indicating all facets of traffic control for the project area. The MOT plan should be approved in writing by the County prior to commencing any work. All traffic control shall be in accordance with the FDOT Roadway Design Standards, most current edition and TP-102. M.O.T. and associated devices shall be checked daily and periodically throughout the project for compliance; and where adjustments or corrections are needed, prompt revisions shall be made.

V. Method of Measurement

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Fog Seal, and not specifically listed in another item in the Bid Form, shall be included in this item.

VI. Basis of Payment

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Fog Seal, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the County.

Payment will be made under:

Pay Item	***Pay Unit***
Fog Seal “Tight Surfaces” (.09-.14 gal/sy)	Square Yard
Fog Seal “Open Surfaces” (.18-.22 gal/sy)	Square Yard

END OF SECTION

PC-005 BITUMINOUS PAVEMENT REJUVENATION

Note in this specification, the term “rejuvenation product” will carry the same connotation as the term “rejuvenator” or “rejuvenator/sealer.” The term “rejuvenation product” will be used throughout this specification for the purpose of recognizing rejuvenation performance for each class of rejuvenation products.

I. Description

This item governs all work, labor, material, and equipment necessary for the application of an asphalt pavement rejuvenation product to a previously placed hot mix asphalt (HMA) surface. The purpose of this product is the rejuvenation of the upper 3/8 inch (9 mm) of oxidized or otherwise aged asphalt binder without causing an unacceptable reduction in the friction characteristics (skid resistance) of the pavement section. Additionally, the rejuvenation product should not introduce unacceptable pavement distresses such as raveling, high temperature deformation (rutting), and loss of strength. The rejuvenation product should not contribute to accelerated deterioration of the pavement.

II. Material

A. Rejuvenator Agent:

The asphalt rejuvenating agent shall be an emulsion composed of a petroleum resin oil base uniformly emulsified with water. Each bidder should submit with their bid a certified statement from the asphalt rejuvenator manufacturer showing that the asphalt rejuvenating emulsion conforms to the required physical and chemical requirements.

	TEST METHOD		REQUIREMENTS	
TESTS	ASTM	AASHTO	MIN.	MAX.
Tests on Emulsion:

Saturated Hydrocarbons, S[5]	D-2006-70	--	21	28

[1] ASTM D-244 Modified Evaporation Test for percent of residue is made by heating 50 gram sample to 149 C (300 F) until foaming ceases, then cool immediately and calculate results.
[2] Test procedure identical with ASTM D-244-60 except that 0.02 Normal Calcium Chloride solution shall be used in place of distilled water.
[3] Test procedure identical with ASTM D-244 except that distilled water shall be used in place of two percent sodium oleate solution.
[4] Test procedure is attached.
[5] Chemical composition by ASTM Method D-2006-70: PC = Polar Compounds A_1 = First Acidaffins
A_2 = Second Acidaffins S= Saturated Hydrocarbons

B. Material Performance

The rejuvenating agent shall have a record of at least five years of satisfactory service as an asphalt rejuvenating agent and in-depth sealer. The asphalt rejuvenating agent shall have the capability to penetrate the asphalt pavement surface. The asphalt rejuvenating agent shall be absorbed and incorporated into the asphalt binder. Verification that said incorporation of the asphalt rejuvenating agent into the asphalt binder has been effected shall be by analysis of the chemical properties of said asphalt binder i.e. viscosity shall be improved to the following extent. The viscosity shall be reduced by a minimum of forty, (40%) percent as determined by dynamic shear rheometer (DSR) method for asphalt testing in accord with AASHTO T315-05. This analysis shall apply to extracted asphalt binder, taken from cores extracted fifteen to thirty days following application, in the upper 3/8" of pavement. In addition the treated areas shall be sealed in-depth to the intrusion of air and water.

The rejuvenating agent shall have a record of at least five years of satisfactory service as an asphalt rejuvenating agent and in-depth sealer. Satisfactory service shall be based on the capability of the material to decrease the viscosity of the asphalt binder and provide an in-depth seal.

The bidder should submit with their bid the manufacturer's certification that the material proposed for use is in compliance with the specification requirements. The bidder should submit with their bid, previous use documentation and test data conclusively demonstrating that; the rejuvenating agent has been used successfully for a period of five years by government agencies such as cities,

counties, etc.; and that the asphalt rejuvenating agent has been proven to perform, as heretofore required, through field testing by government agencies as to the required change in the asphalt binder viscosity and penetration number. Testing data shall be submitted indicating such product performance on a sufficient number of projects, each being tested for a minimum period of three years to insure reasonable longevity of the treatment, as well as product consistency. In addition, testing data shall be submitted to indicate said product performance over a testing period of three years to ensure reasonable life expectancy.

III. Equipment

Any equipment which is not maintained in full working order, or is proven inadequate to obtain the results prescribed, shall be repaired or replaced at the direction of the Engineer.

A. Distributer Tank:

The distributor for spreading the emulsion shall be self-propelled and shall have pneumatic tires. The distributor shall be designed and equipped to distribute the asphalt rejuvenating agent uniformly on variable widths of surface at readily determined and controlled rates from 0.05 to 0.5 gallons per square yard of surface, and with an allowable variation from any specified rate not to exceed 5 percent of the specified rate.

Distributor equipment shall include full circulation spray bars, pump tachometer, volume measuring device and a hand hose attachment suitable for application of the emulsion manually to cover areas inaccessible to the distributor. The distributor shall be equipped to circulate and agitate the emulsion within the tank.

A check of distributor equipment as well as application rate accuracy and uniformity of distribution shall be made when directed by the Engineer.

The truck used for sanding shall be equipped with a spreader that allows the sand to be uniformly distributed onto the pavement. The spreader shall be able to apply 1/2 pound to 3 pounds of sand per square yard in a single pass. The spreader shall be adjustable so as not to broadcast sand onto driveways or lawns.

B. Sand Truck:

Sand blotters may be used to allow early opening to traffic, if so determined by the Engineer. The truck used for sanding shall be equipped with a spreader that allows the sand to be uniformly distributed onto the pavement. The spreader shall be able to apply 1/2 pound to 3 pounds of sand per square yard in a single pass. The spreader shall be adjustable so as not to broadcast sand onto driveways or lawns.

The sand to be used shall be free flowing, without any leaves, dirt stones, etc. Any wet sand shall be rejected from the job site.

C. Additional equipment:

Additional equipment will be needed to complete the operations required by this technical provision. All equipment necessary for the successful completion of projects governed by this technical provision shall be included in the unit costs associated herein. Availability of quality assurance devices (such as a 15' straight edge) shall be the responsibility of the Contractor.

IV. Construction

A. Layout

The Contractor will be responsible for the lay out of the roadway and project planning and sequencing to meet traffic control requirements prior to beginning.

B. Weather

The rejuvenation product should be applied only when the existing surface is dry and the weather forecast is in accordance with the manufacturer's recommendations for application and curing. The rejuvenation product shall be applied only when the existing surface is thoroughly dry. Additionally, application of the asphalt rejuvenating agent shall be prohibited when weather forecasts indicate a chance of a rain event in the work area, which would produce in excess of 0.10 inches of rain within four hours of the application of the asphalt rejuvenating agent. If weather conditions interfere with application and/or curing, the Inspector may at his discretion suspend the job or require remedial action as deemed necessary.

C. Resident Notification

The Contractor shall distribute by hand, a typed notice to all residents and businesses on the street to be treated. The notice will be delivered no more than 24 hours prior to the treatment of the road. The notice will have a local phone number that the residents may call to ask questions. The notice shall be of the door hanger type which secures to the door handle of each dwelling. Unsecured notices will not be allowed. The Contractor shall also place the notice on the windshield of any parked cars on the street. Hand distribution of this notice will be considered incidental to the contract.

D. Preparation of Surface

The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment. The Contractor will be responsible for blowing or sweeping the road immediately ahead of the operation

to make sure the road is free of loose aggregate and other debris, as well as sweeping and cleaning the streets after treatment. If, in the opinion of the Engineer, the hand cleaning is not sufficient then a self-propelled street sweeper shall be used.

All manhole and valve covers, inlets and other service entrances, etc., shall be protected from bituminous material by placing reinforced waterproof, all-purpose paper or other suitable material, approved by the Engineer.

E. Traffic Control

The Contractor shall schedule his operations and carry out the work in a manner to cause the least disturbance and/or interference with the normal flow of traffic over the areas to be treated. Treated portions of the pavement surfaces shall be kept closed and free from traffic until, in the opinion of the Inspector, the rejuvenator has sufficiently penetrated the surface and the area is suitable for traffic.

When, in the opinion of the Inspector, traffic should be maintained at all times on a particular street, then the Contractor shall apply asphalt rejuvenating agent to one lane at a time. Traffic shall be maintained in the untreated lane until traffic may be switched to the completed lane.

The Contractor shall be responsible for all traffic control and signing required to ensure safe travel. The Contractor shall notify the police and fire departments as to the streets that are to be treated each day. If, in the opinion of the Engineer, proper signing is not being used, the Contractor shall stop all operations until safe signing and barricading is achieved.

F. Application of the Rejuvenation Product

The asphalt rejuvenating agent shall be applied by a distributor truck at the temperature recommended by the manufacturer and at the pressure required for the proper distribution. The emulsion shall be applied so that uniform distribution is obtained at all points of the areas to be treated. Distribution shall be commenced with a running start to insure full rate of spread over the entire area to be treated. Areas inadvertently missed shall receive additional treatment as may be required by hand sprayer application.

Application of asphalt rejuvenating agent shall be on one-half width of the pavement at a time. When the second half of the surface is treated, the distributor nozzle nearest the center of the road shall overlap the previous application by at least one-half the width of the nozzle spray. In any event the centerline construction joint of the pavement shall be treated in both application passes of the distributor truck.

Before spreading, the asphalt rejuvenating agent shall be blended with water at the rate of two (2) parts rejuvenating agent to one (1) part water, by volume or as specified by the manufacturer. The combined mixture of asphalt rejuvenating agent and water shall be spread at the rate of 0.05 to 0.10 gallons per square yard, or as approved by the Engineer.

Where more than one application is to be made, succeeding applications shall made as soon as penetration of the preceding application has been completed and approval is granted for additional applications by the Inspector.

Grades or super elevations of surfaces that may cause excessive runoff, in the opinion of the Inspector, shall have the required amounts applied in two or more applications as directed. After the street has been treated, the area within one foot of the curb line on both sides of the road shall receive additional treatment of the asphalt rejuvenating emulsion. Said treatment shall be uniformly applied by a method acceptable by the Inspector. After the rejuvenating agent has penetrated, a coating of dry sand or approved blotting agent shall be applied to the surface in sufficient amount to protect the traveling public as required by the Inspector.

All blotting agent used during the treatment should be removed no later than 48 hours after treatment of the street, either by hand or mechanical means. All turnouts, cul-de-sacs, etc. should be cleaned of any material to the satisfaction of the Inspector. Post- construction street cleaning will be included in the price bid per square yard for asphalt rejuvenating agent.

If, after the blotting agent is swept and in the opinion of the Engineer, a hazardous condition exists on the roadway, the Contractor should apply additional blotting agent and sweep same no later than 24 hours following reapplication. No additional compensation will be allowed for reapplications and removal of sand.

G. Quality Assurance and Testing

1. **Deliverables:** Upon project completion, the Contractor shall furnish a quality inspection report showing the source, manufacturer, and the date shipped, for each load of asphalt rejuvenating agent. The report shall also indicate the actual area treated per road and serve as supporting documentation for invoicing. When directed by the Engineer, the Contractor shall take representative samples of material for testing.

The County, at their option, may require testing to be performed on extracted asphalt cement from a pavement to a depth of three eights inch (3/8"). The testing protocol shall be extraction and recovery of the top 3/8” layer from a 4-inch or 6-inch core by ASTM D2172 and ASTM D1856. The recovered binder

can be tested for complex viscosity @ 60ºC, Pas, using the Dynamic Shear Rheometer (DSR) by AASHTO T315, or viscosity @ 60ºC, Poises, using the Absolute viscosity @ 60ºC, Poises, by ASTM D2171. Costs associated with testing shall be included in bid price.

V. Method of Measurement

Asphalt rejuvenating agent will be measured by the square yard as provided for in the Contract Documents. The accepted quantities, measured as provided for above, will be paid for at the contract unit price for asphalt rejuvenating agent.

VI. Basis of Payment

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit prices include all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Asphalt Rejuvenating Agent, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications.

Payment will be made under:

Pay Item	Pay Unit
Asphalt Rejuvenating Agent	Square Yard

END OF SECTION

PC-006 SCRUB SEAL SPECIFICATION

II. Description

Scrub Seal shall consist of the application of a slow setting, anionic or cationic asphalt emulsion or specialty emulsions developed specifically for scrub sealing, followed by a cover aggregate. The emulsion may be polymer modified.

III. Materials

A. Asphalt Emulsions

The asphalt emulsions employed for Scrub Seals shall be slow to medium setting anionic or cationic SS-1, SS-1H, CSS-1H; ASTM specifications for anionic (SS) emulsions are listed in D977 and for cationic (CSS) emulsion in D2397. Suppliers of other specialty emulsions for Scrub Sealing should supply specifications for these emulsions. Asphalt emulsions may be modified with a polymer additive.

B. Cover Aggregates

Mineral Aggregates for scrub seal shall conform to **Table 1**.

Table 1: Scrub Seal Aggregate Gradation Limits		
Sieve Size	**Percent Passing**	**Tolerance**
3/8 inch (9.5mm)	100	0
No. 4 (4.75mm)	96	+3
No. 10 (2.0mm)	60	±20
No. 50 (300µm)	18	±12
No. 100 (150µm)	5	±5
No. 200 (74µm)	5	±3

Where washed aggregates are used, they should be 'surface dry' at the time of application. Moisture content shall not exceed 1.5% by weight of aggregate. Sampling and testing of aggregate shall be the responsibility of the Contractor. Copies of test results from the aggregate supplier shall be furnished to the owner prior to the start of the surface treatment.

C. Compatibility of Emulsion and Aggregate

Compatibility or affinity between the asphalt emulsion and the aggregate can be variable. The Contractor shall verify with the emulsion supplier whether an anionic, cationic or non-ionic emulsion is preferable for a given cover aggregate.

D. Material Samples

The County will require the Contractor to sample and test each load of emulsion prior to delivery. The Contractor will also provide a sample of the emulsion, on site, prior to commencing work. The County will require the Contractor to provide sample containers and a local independent testing laboratory for the analyzing of emulsion. The Contractor will be responsible for the cost of the testing. The County reserves the right to test any shipment of emulsion that is believed to be of substandard. All samples shall be shipped and stored in clean airtight sealed wide mouth jars or bottles made of plastic.

IV. Equipment

A. Emulsion Distributor

The liquid bituminous material shall be applied with a truck mounted, pressure distributor that has been calibrated within the previous twelve (12) months, for transverse and longitudinal application rate. The distributor shall be equipped, maintained and operated so that the bituminous material can be applied at controlled temperatures and rates from .035 to 1.5 gallons per square yard. The distributor shall be capable of applying bituminous material of variable widths up to sixteen (16) feet. The distributor shall uniformly apply the bituminous material to the specified rate with a maximum allowed variation of 0.015 gallons per

square yard. Distributor equipment shall include tachometer, accurate volume measuring device, a calibrated tank and a thermometer for measuring the temperature of the tank's contents. Distributors shall be equipped with a heating device, asphalt pump and full circulating spray bars adjustable laterally and vertically. Distributors and transport trailers shall be equipped with a sampling valve. Distributor trucks shall be of the pressure type with insulated tanks. The use of gravity distributors will not be permitted. The valves shall be operated by levers so that one or all valves may be quickly opened or closed in one operation. The valves which control the flow from nozzles shall act positively so as to provide a uniform unbroken spread of bituminous material on the surface. The distributor shall be equipped with devices and charts to provide for accurate and rapid determination and control of the amount of bituminous material being applied and with a bitumeter of the auxiliary wheel type registering speed in feet per minute, and trip and total distance in feet.

B. Emulsion Scrub Broom

Furnish an emulsion scrub broom assembly of similar design to Figures 1 or 2, or as approved by the Engineer, and having the following characteristics:

- Rigid frame construction
- Attached to, and pulled by, the Emulsion Distributor
- Of such weight that it does not squeegee the emulsion off the road surface
- Leading and trailing broom heads angled at 10 to 15 degrees of the centerline of the supporting member
- Stiff bristles with a minimum height of five inches
- Hinged wing assemblies or other means of adjusting the total broom width.
- Be attached to and pulled by the distributor truck.
- Have means to mechanically lift the scrub broom off of the roadway surface at intermediate points of completion and remain elevated during transit.

C. Aggregate Spreader

The aggregate spreader shall be a self-propelled unit capable of uniformly spreading the aggregate at the required rate on a minimum width of six (6") inches wider than the width of the lane to be treated. The spreader shall be calibrated within the previous twelve (12) months for transverse and longitudinal application. The spreader shall be equipped with a computer-controlled aggregate/chip spreader in order to ensure the appropriate aggregate coverage at varying speeds, unless approved otherwise by Engineer.

D. Pneumatic Tire Rollers

The Contractor shall use eight (8) to twelve (12) ton self-propelled pneumatic tire rollers with oscillating wheels and low pressure, smooth tires. Maintain the inflation of the tires such that in no two tires the air pressure varies more than 5 psi. The rollers will be equipped with an operating water system and coco pads. A sufficient number of rollers and a sufficient number of passes shall be used to ensure cover aggregate is properly rolled.

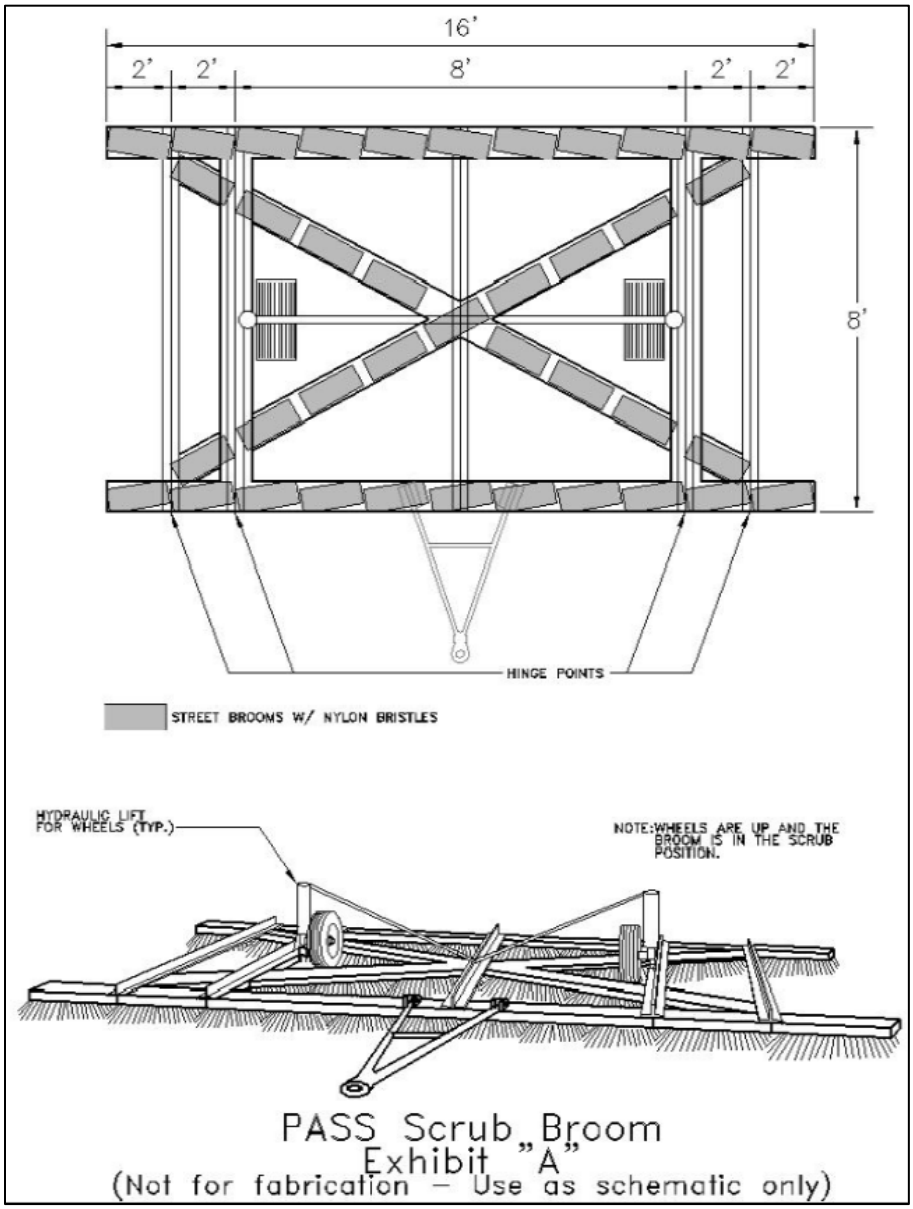

Figure 1: Typical Emulsion Scrub Broom Assembly

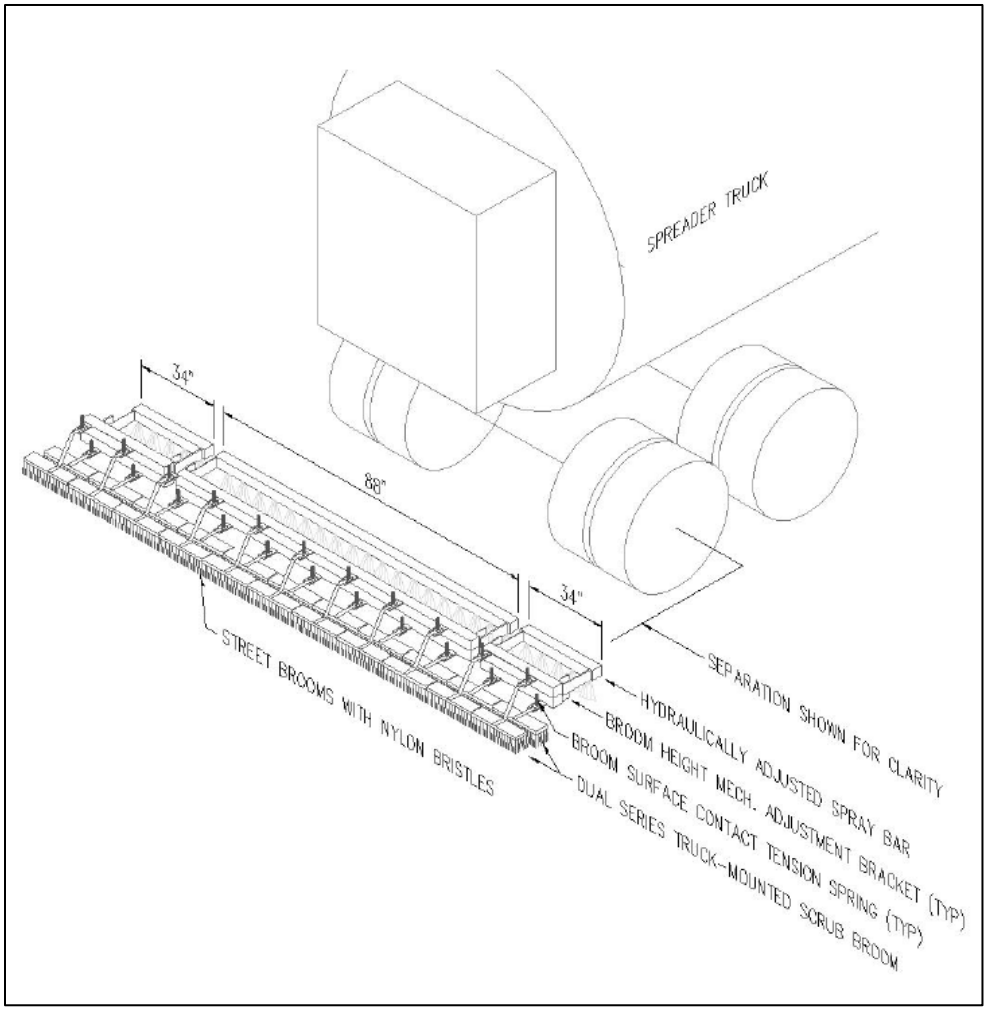

Figure 2: Truck Mounted Emulsion Scrub Broom Assembly

E. Self-Propelled Rotary Power Broom

The self-propelled rotary broom shall be designed, equipped, maintained and operated so the pavement surface can be swept clean. The broom shall have an adjustment to control the downward pressure. Brooming is required before and after the chip seal operation.

F. Additional equipment

Additional equipment will be needed to complete the operations required by this technical provision. All equipment necessary for the successful completion of projects governed by this technical provision shall be included in the unit costs associated herein. Availability of quality assurance devices (such as a 15' straight edge) shall be the responsibility of the Contractor

V. Construction

A. Weather

The surface treatment shall not be applied to a wet surface or when rain is occurring, or the threat of rain is present immediately before placement. The surface treatment shall not be applied when the temperature is less than 50 degrees Fahrenheit in the shade, and humidity should be 50% or lower. When applying emulsions, the temperature of the surface shall be a minimum of 55°F, and no more than 140°F.

Additionally, application of the asphalt rejuvenating agent shall be prohibited when weather forecasts indicate a chance of a rain event in the work area, which would produce in excess of 0.10 inches of rain within four hours of the application of the asphalt rejuvenating agent.

B. Resident Notification

In Residential areas, the Contractor shall distribute by hand, a typed notice to all residences and businesses on the street to be treated. The notice will be delivered no more than 24 hours prior to the treatment of the road. The notice will have a local phone number that the residents may call to ask questions. The notice shall be of the door hanger type which secures to the door handle of each dwelling. Unsecured notices will not be allowed. The Contractor shall also place the notice on the windshield of any parked cars on the street. Hand distribution of this notice will be considered incidental to the contract.

C. Site Preparation

The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment. The Contractor will be responsible for blowing or sweeping the road immediately ahead of the operation to make sure the road is free of loose aggregate and other debris, as well as sweeping and cleaning the streets after treatment. If, in the opinion of the Engineer, the hand cleaning is not sufficient then a self-propelled street sweeper shall be used.

All manhole and valve covers, inlets and other service entrances, etc., shall be protected from bituminous material by placing reinforced waterproof, all-purpose paper or other suitable material, approved by the Engineer.

Thermoplastic striping and pavement markings, raised pavement markers, and raised pavement marker adhesive shall be removed.

D. Traffic

The Contractor shall furnish all necessary traffic control, barricades, signs and flagmen, to ensure the safety of the traveling public and to all working personnel. Traffic shall not travel on fresh mix until rolling and blotting has been completed. The Contractor shall submit an M.O.T plan indication all facets of traffic control for the project area. The MOT plan should be approved in writing by the County prior to commencing any work. All traffic control shall be in accordance with the FDOT Roadway Design Standards, most current edition and TP-102. M.O.T. and associated devices shall be checked daily and periodically throughout the project for compliance; and where adjustments or corrections are needed, prompt revisions shall be made.

Traffic shall not be allowed on the roadway after placement of the aggregate cover for a minimum of two hours. During and after placement of the chip seal, pilot cars should escort traffic at a speed of 20 mph (30 kph) over the chip sealed surface for two to 24 hours. Once all the loose aggregate is removed from the new chip seal surface, pilot cars are no longer needed.

E. Application of Asphalt Emulsion:

Asphalt emulsion shall be applied by means of a pressure type distributor in a uniform, continuous spread over the section to be treated. The distributor shall be moving forward at the proper speed when the liquid is discharged onto the pavement to provide an even and consistent application at the rate prescribed. If any areas are deficient the operation shall be stopped and corrected immediately. The liquid shall not be applied more than two hundred (200') feet in advance of the aggregate spreader when the ambient air temperature is above 75 degrees or one hundred (100') feet if the air temperature is below 75 degrees.

F. Scrubbing

Immediately following application, the asphalt emulsion shall be scrubbed into the existing pavement surface with a scrub broom conforming to Section III-B. Scrubbing shall fill cracks and voids, force the emulsion into the existing pavement surface, and distribute the emulsion uniformly over the roadway cross section.

G. Termination

Application of the emulsion shall be terminated on building paper or other similar material approved by the Engineer, spread over the entire application width. Bu9lding paper shall also be placed over the treated surface for a sufficient length at the beginning of a spread to avoid spraying existing pavement or previously placed screenings, and so that the nozzles are spreading properly

when the uncovered surface is reached. The building paper shall then be removed and disposed of in a manner satisfactory to the Engineer.

H. Application of cover Aggregate:

Screenings shall be uniformly spread by the aggregate spreader immediately following the scrubbing. The spreading rate shall be from 18 to 30 pounds per square yard. The initial rate of spreading shall be 24 pounds per square yard. The Contractor may propose a different initial rate. The Contractor shall spread screenings on a 100-foot test strip as requested by the Engineer to verify and determine the initial rate of spreading. The spreading rate shall be adjusted up or down so that no bleeding occurs during rolling. The initial rate of spreading, and any adjustments thereto during spreading, shall be subject to approval by the Engineer.

The joint between adjacent applications of screenings shall coincide with the line between designated traffic lanes.

Operating the chip spreader at speeds which causes the chips to roll after striking the emulsion covered surface will not be permitted.

The transverse termination of screenings shall be complete and any excess screenings shall be removed from the surface prior to resuming operations.

Stockpiling of screenings prior to placing will be permitted where space allows, however, any contamination resulting during storage or from reloading operations will be cause for rejection.

Screenings shall be surface damp at the time of application, but excess water on the aggregate surface will not be permitted. Screenings shall be re-dampened in the haul trucks prior to delivery to the chip spreader when so directed by the Engineer.

The scrubbed pavement surface shall be covered with screenings before setting or “breaking’ of the emulsion occurs.

After the screenings have been spread, piles, ridges, or uneven distribution shall be carefully removed to ensure against permanent ridges, bumps or depressions in the completed surface. Additional screenings shall be spread in whatever quantities may be required to prevent picking up by the rollers or traffic.

I. Rolling:

Initial rolling shall begin immediately behind the chip spreader and shall consist of one pass completely covering the screenings applied. Asphalt emulsion and

screenings shall not be spread more than 2,500 feet ahead of completion of initial rolling operations.

Secondary rolling shall begin immediately after completion of the initial rolling. The amount of secondary rolling shall be that necessary to seat the screenings and in no case shall be less than 2 passes.

J. Sweeping:

After rolling of the application of cover aggregate, lightly broom the loose aggregate in a manner not to dislodge the aggregate embedded in the liquid. Sweep loose material from road bed.

K. Finishing:

1. Flush Coat

Flush Coat shall consist of an application of a fog seal coat followed by a sand cover to the surface of the scrub seal coat.

Flush coat shall be applied at the discretion of the Engineer, immediately after initial sweeping and removal of excess screenings and prior to opening the lane to uncontrolled (not controlled with pilot cars) traffic.

2. Fog Seal

Fog seal coat shall not be applied when the atmospheric temperature is below 40°F.

When surface treatment has set, a fog seal is to be applied at a rate of 0.03 to 0.06 gallons per square yard to the entire surface treatment. The liquid for fog seal shall be a cationic mixing type emulsion diluted forty (40%) percent with water.

3. Sand Cover

Sand cover shall be applied immediately following application of the fog seal coat. Sand shall be spread by a chip spreader at a rate of 1 to 2 pounds per square yard. The exact rate will be determined by the Engineer. Spreading shall not vary more than 5 percent from the exact application rate.

L. Maintenance

Scrub seal coated surfaces shall be maintained, including the traffic control required for maintenance operations, for a period of 4 consecutive calendar days, beginning on the day screenings are applied to the asphalt emulsion. Maintenance shall include sweeping and distribution of screenings over the surface to absorb any free emulsion, to cover any area deficient in cover material and to prevent formation of corrugations. Clean sand may be used in lieu of

screenings to cover any excess emulsion which comes to the surface. The use of roadside material for this purpose will not be permitted.

The surface shall be swept as often as necessary during the 4-day maintenance period to maintain the surface free of loose screenings. At the end of the fourth day, any excess screenings shall be removed from the paved area.

VI. Method of Measurement

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Scrub Seal, and not specifically listed in another item in the Bid Form, shall be included in this item. Should the Contractor be directed to place Fog Seal as a secondary application to the Scrub Seal, it shall be measured separately as listed in the Technical Specification for Fog Seal

VII. Basis of Payment

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Scrub Seal, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the county, Fog Seal shall be applied and paid separately as listed in the Technical Specification for Fog Seal.

Payment will be made under:

Pay Item	Pay Unit
Scrub Seal (emulsion)	Square Yard
Cover Aggregate	Square Yard

END OF SECTION

PC-007 FULL DEPTH RECLAMATION WITH PORTLAND CEMENT SPECIFICATION

I. Description

This work shall consist of the preparation of a stabilized base course composed of a mixture of the existing bituminous concrete pavement, existing base course material, Portland cement and other additives. The manufacturing of the stabilized base course shall be done by in-place pulverizing and blending of the existing pavement and base materials, the introduction of cement additives, and other additives (if called for in the Mix Design). The process which results in a stabilized base course, shall be

accomplished in accordance with these specifications and conform to the lines and grades established by the engineer.

Existing asphalt pavement shall be pulverized by a method that does not damage the material below the plan depth as shown on the appropriate roadway section.

II. Material

A. RAP

Materials should meet all requirements specified in the current Florida Department of Transportation Standard Specifications for Road and Bridge Construction 283-2, except that 98% of all material is required to pass through a 50 mm (2 inch) sieve.

B. Additional Base Materials

Additional base materials may be needed for adjusting grade elevations as directed by the engineer, or for widening. When such additional material is required, it shall be among those bases listed in FDOT Design Standards as General Use Optional Base Materials and meet applicable FDOT requirements for such.

C. Portland Cement

Portland Cement shall be type I or II and conform to the latest standard requirements of ASTM C150 and AASHTO M85, for the type specified.

D. Water

The water for the base course shall be clean and free from sewage, oil, acid, strong alkalies, or vegetable matter and it shall be in sufficient supply for mixing and curing. Water of questionable quality shall be tested in accordance with the requirements of AASHTO T 26. The Contractor shall be responsible of identifying the water source prior to beginning.

E. Soil

The soil base to be reclaimed shall be evaluated by a professional geotechnical engineering laboratory to determine suitability in the stabilization process. The soil shall be free of roots, sod, weeds, and shall not contain gravel or stone retained on a 1-inch (25 mm) sieve, or more than 45% retained on a No. 4 (4.75 mm) sieve, as determined by ASTM C 136.

III. Equipment:

A. Road Reclaimer

Shall be originally designed for pavement reclaiming, capable of pulverizing and mixing pavement, base materials, and subgrade soil to a minimum of 12 inches in a single pass. The reclaimer shall have automatic forward sped control that responds to the on-board load sensing mechanisms and have a minimum cutting

drum width of 8 feet.

It shall have the capability of introducing and metering additives uniformly and accurately and that positive displacement pumps accurately meter the planned amount of additives into the mixture. The reclaiming machine shall mix the cement additive thoroughly with the RAP and soil materials. The pump shall be mechanically or electronically interlocked with the ground speed of the machine. The metering system and water metering system shall be capable of continuously monitoring (GPM) flow and totaling the quantity of water applied into the mixing chamber. Additives shall be uniformly distributed and mixed with the pulverized material; any existing underlying material as specified.

B. Motor Grader

Shall be of sufficient size and horsepower to adequately rough grade the pulverized base and rough and finish grade the mixed and compacted base. The equipment shall be in good working order free from leaks and capable of maintaining an accurate grade and cross-slope.

C. Rollers

Shall be in good working order free from leaks and capable of compacting the mix to the requirements of this specification: Vibratory rollers shall be a minimum of 10 tons and capable of rolling in either vibratory or static mode. Three-wheel static rollers shall be a minimum of 11 tons. Pneumatic tire rollers shall have a minimum of 9 oscillating wheels with smooth, low-pressure tires (pressure shall be equally matched in all tires within 5 PSI) and weigh at least 28 tons. Initial compaction shall be accomplished by either single or dual drum vibratory or three-wheel roller static rollers.

D. Cement Delivery Equipment

Cement may be placed on grade in dry powder form using a bulk spreader with a calibrated screw-type distributor and curtain to accurately place the amount of cement required by the mix design onto the roadbed for mixing.

An integrated binder spreader system, capable of spreading in various widths by opening or closing panels and micro processer-controlled metering cells for precise metering of the cement may also be used. The spreader shall be mounted on the Road Reclaimer, have digital and automated controls and be dust free.

For either method, the Contractor should take steps to minimize the amount of airborne cement dust to the satisfaction of the Engineer and in accordance with OSHA regulations.

E. Additional equipment

Additional equipment such as water trucks, haul trucks, etc., will be needed to complete the operations required by this technical provision. All equipment necessary for the successful completion of projects governed by this technical provision shall be included in the unit costs associated herein. Availability of quality assurance devices (such as a 10' straight edge) shall be the responsibility of the Contractor.

IV. Construction

A. Layout

The Contractor will be responsible for the string lining and lay out of the roadway prior to paving. Elevations of the existing road should be referenced at sufficient intervals to ensure the roadway elevation is not changed in any location after final surface is placed. Method for layout and line and elevation reference should be approved by the engineer prior to beginning work. It is imperative that roadway elevations remain unchanged except cross slope correction or as approved by the engineer.

B. Weather and Seasonal limitations

The soil-cement base shall not be mixed or placed while the atmospheric temperature is below 35 F (2 C) or when conditions indicate that the temperature may fall below 35 F (2 C) within 24 hours, or when the weather is foggy or rainy, or when the soil or sub grade is frozen.

C. Site Preparation

The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment.

The Contractor shall be responsible for calling utility locates prior to beginning and providing the Inspector with the ticket information upon request. All manhole and valve covers, inlets and other service entrances, etc., protected. Should utility adjustment be required, the Contractor is responsible for coordinating with the utility owner, prior to beginning work.

D. Traffic Control

The Contractor shall furnish all necessary traffic control, barricades, signs and flagmen, to ensure the safety of the traveling public and to all working personnel. Traffic control shall be in accordance with the FDOT Roadway Design Standards, most current edition and TP-102. MOT and associated devices shall be checked

daily and periodically throughout the project for compliance; and where adjustments or corrections are needed, prompt revisions shall be made.

The Contractor shall submit an MOT plan indicating all facets of traffic control for the project area. The MOT plan should be approved in writing by the County prior to commencing any work. If prolonged lane or road closure is required to complete the work, the Contractor shall complete and submit the appropriate Closure Request Form for approval together with the MOT plans.

E. Mix Design

Prior to base course construction, a minimum of one (1) core sample should be taken for every 5,000 square yards of the roadway. Representative samples of the RAP material, underlying base material and virgin materials, where applicable, shall be supplied to a nationally accredited laboratory for preliminary testing to determine the optimum moisture content and proportions of cement needed to produce a finished base course with a mix design target of 300 PSI and a final in place base compressive strength of 200 to 400 PSI. Laboratory tests of material to be reclaimed and virgin materials for use as base shall be performed to determine compliance with 3-day and 7-day minimum compressive strength requirements of the mixture and the quantity of cement required in the mix. Test specimens containing various amounts of cement are to be compacted in accordance with ASTM D558, and the optimum moisture for each amount of cement is to be determined. Actual application quantities for the Portland cement will be derived from the mix design. The minimum compressive strength requirements of the mixture shall be determined by the engineer of record. The mix design and laboratory testing shall be performed by a geotechnical engineering laboratory and all reports sealed by a professional engineer.

F. Widening

When the existing base is to be widened, the Contractor shall excavate the shoulder from the edge of the existing pavement to at least 6 inches beyond the planned new width of the base prior to pulverization. All costs involved in collecting, hauling, and disposing of these materials shall be borne by the Contractor.

The bottom of the trench shall be kept free of loose soil and vegetation. Approved base material (those bases listed in FDOT Design Standards as General Use Optional Base Materials) shall be placed in the excavation uniformly and without loss or contamination. The Contractor shall correct all areas of irregular grade or deficient thickness and shall remove and replace material contaminated with soil, organic material, or debris.

After the final pass of the reclaimer, soil shall be drawn up against the widening material to close the excavation, and the shoulder shall be graded and compacted to produce a firm, even surface.

G. Milling

In the case of a curbed or closed section, where milling is necessary to remove excess material and maintain existing grades, the work shall be done under the appropriate line item for milling based on the average milled depth, but shall not exceed two and a half (2.5”) inches.

In the case of an open section, all existing asphalt shall be mixed in the pulverization process and any excess material shall be bladed out to the edges. If during blading/grading it becomes evident that material should be removed to achieve or maintain final grades, the excess material shall be removed as excavation and paid for under the appropriate line item for Excavation.

H. Additional Material

When additional material is to be added to correct cross slope deficiencies or change elevation as directed by the engineer, approved base material (those bases listed in FDOT Design Standards as General Use Optional Base Materials) shall be placed on the roadway prior to final pass for pulverization and mixed uniformly with the existing material.

I. Pulverization

The existing pavement and base material shall be pulverized and blended to the depth required so the entire mass of material shall be uniformly graded to the following gradation:

SIEVE SIZE	PERCENT PASSING
2”	98 - 100
1-1/2”	95

Material gradation may vary due to local aggregates and conditions. Multiple passes of the reclaimer may be necessary to achieve the required gradation.

The cement and water shall be introduced into the mix through the reclaimer uniformly and accurately and metered such that areas are of equal consistency and moisture content. Alternately, the cement may be introduced by means of a spreader bar with curtain on the cement distributor. Cement shall not be introduced by means of a spreader bar or hose from the cement delivery tanker.

The reclaimed material, cement and water shall be combined in place to meet the requirements specified in such proportions that the reclaimed mixture is of acceptable composition and stability. Before the start and at the end of each day's work and at any time requested, the engineer should be permitted access to the mixing equipment in order to read the meter to verify the quantity of cement applied during the day's work. Field adjustments shall be made as necessary to the recommended mix design under the guidance of a knowledgeable and competent technician to obtain a satisfactory reclaimed mixture of consistent composition and stability throughout the Project.

After the material has been processed, it shall be compacted to the lines, grades, and depth required. Water may be applied to ensure optimum moisture content at the time of mixing and compaction.

J. Compaction

Commence rolling with self-propelled rollers as required by this technical provision at the low side of the course, except leave 3 to 6 inches from any unsupported edge or edges unrolled initially to prevent distortion. Density readings shall be taken by Contractor's licensed nuclear gauge operator and witnessed by the Engineer/inspector. A control strip of not less than 500 feet shall be constructed to develop proper rolling/compaction patterns and methods to obtain desired density. Whenever there is a change in the reclaimed material or compaction method, equipment or unacceptable results occur, a new control strip shall be constructed, tested, and analyzed.

Rollers shall move at a uniform speed that shall not exceed 8 km/hour (5 miles/hour). For static rollers, the drive drum normally shall be in the forward position or nearest to the paver. Vibratory rollers shall be operated at the speed, frequency and amplitude required to obtain the required density and prevent defects in the mat.

The number, weight and type of rollers furnished shall be sufficient to obtain the required compaction of the reclaimed material. The field density of the compacted mixture shall be at least 95 percent of the maximum density of laboratory specimens prepared from samples of the cement-treated base material taken from the material in place. The specimens shall be compacted in accordance with ASTM D 558. The in-place field density shall be determined in accordance with ASTM D 2922.

Any pavement shoving or other unacceptable displacement shall be corrected. The cause of the displacement shall be determined, and corrective action taken immediately and before continuing rolling. Care shall be exercised in rolling the

edges of the reclaimed mixture, so the line and grade of the edge are maintained.

At the end of each day's production, a transverse construction joint shall be formed by a header or by cutting back into the compacted material to form a true vertical face free of loose material. The protection provided for construction joints shall permit the placing, spreading, and compacting of base material without injury to the work previously laid. Where it is necessary to operate or turn any equipment on the completed base course, sufficient protection and cover shall be provided to prevent damage to the finished surface. A supply of mats or wooden planks shall be maintained and used as approved and directed by the Engineer.

K. Finishing

Finishing operations shall be completed and the base course shall conform to the required lines, grades, and cross section. If necessary, the surface shall be lightly scarified to eliminate any imprints made by the compacting or shaping equipment. The surface shall then be recompacted to the required density. Correct all irregularities greater than ½" over ten feet to the satisfaction of the engineer.

Adjacent shoulders shall be redressed and sodded within the limits determined by the Inspector.

L. Protection and Curing

After the base course has been finished as specified herein, it shall be protected against drying for a period of 2 to 3 days by the application of a prime coat as specified in FDOT Standard Specifications section 300 at a rate of not less than 0.15 gal/sy. The curing method shall begin as soon as possible, but no later than 24 hours after the completion of finishing operations. The finished base course shall be kept moist continuously until the curing material is placed.

At the time the prime coat is applied, the surface shall be dense, free of all loose and extraneous material, and shall contain sufficient moisture to prevent penetration of the bituminous material. Water shall be applied in sufficient quantity to fill the surface voids immediately before the bituminous curing material.

The curing material shall be maintained and re-applied as needed by the Contractor during the 2 to 3-day protection period so that all of the soil-cement will be covered effectively during this period. Finished portions of soil-cement that are used by equipment in constructing an adjoining section shall be protected to prevent equipment from marring or damaging the completed work.

When the air temperature may be expected to reach the freezing point, sufficient protection from freezing shall be given the soil-cement for 2 to 3 days after its construction and until it has hardened.

M. Thickness

The average thickness of the base constructed during one day shall be within 1/2 inch (12 mm) of the thickness required, except that the thickness of any one point may be within 3/4 inch (19 mm) of that required. Where the average thickness shown by the measurements made in one day's construction is not within the tolerance given, the Engineer shall evaluate the area and determine if, in his/her opinion, it shall be reconstructed at the Contractor's expense or the deficiency deducted from the total material in place.

N. Sampling and Testing

The depth of Reclaimed Bituminous Base Course shall be determined by measuring uncompacted reclaimed material immediately behind the screed in conjunction with measuring the milling depth prior to placement of reclaimed material. One depth measurement for each 250 square yards of completed base course shall be made. Any section deficient by 0.5 in (12 mm) or more from the specified depth shall be removed and satisfactorily replaced by the Contractor at no additional cost. At the county's option, cores may be taken by the engineer in the finished product to further ensure base thickness meets requirements.

Control Testing for Full Depth Reclamation Field Sampling and Testing			
Type of Test	**Method**	**Frequency**	**Size and Location**
RAP and Soil Cement Base Gradation	ASTM D-136	Each 3000 SY (not less than once per day)	20 lb min sampled from hopper
Moisture Density Relationship of Soil Cement Mixtures	ASTM D-558	Each 1000 SY (not less than once per day)	33 lb min sampled from pulverized base
Compressive Strength of Molded Soil Cement Cylinders	ASTM D-1633	Each 3000 SY (not less than once per day)	33 lb min sampled from pulverized and mixed base
In-place Field Density	ASTM D-2922	Each 250 SY (not less than once per day)	Random locations after spreading and compacting

All delivery tickets and notes regarding any materials brought to the project site to complete this Contract should be given to the Engineer/Inspector upon delivery to the project site

Additional sampling and testing may be required if major changes in RAP characteristics are observed, such as a much coarser or finer gradation or a noticeable difference in asphalt content, or when considerable variability is occurring in the field test results.

V. Warranty:

The Contractor shall provide the County upon final acceptance of the Full Depth Reclamation work, a warranty period of three years (36 months) which shall include all materials and workmanship.

VI. Method of Measurement

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Full Depth Reclamation with Cement, and not specifically listed in another item in the Bid Form, shall be included in the SY Price for Pulverization including but not limited to shaping, compacting, finish grading, prime coat, sanding prime coat, etc. Cost for introduction of cement into the mixture shall be included in the per TN cost for Cement. Cost for excavation for widening will be included in the CY Price for Excavation. Cost for additional materials needed for widening or adjustment of grade as directed by the engineer shall be included in the CY Price for General Use Optional Base Material.

VII. Basis of Payment

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Full Depth Reclamation with Portland Cement, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the County.

Payment will be made under:

Pay Item	***Pay Unit***
Full Depth Reclamation (Pulverization)	Per Square Yard
Portland Cement	Per Ton
Excavation	Per Cubic Yard
General Use Optional Base Material	Per Cubic Yard

END OF SECTION

PC-008 FULL DEPTH RECLAMATION WITH ASPHALT EMULSION AND CEMENT BLEND SPECIFICATION

I. Description

This work shall consist of the preparation of a stabilized base course composed of a mixture of the existing bituminous concrete pavement, existing base course material, emulsified asphalt, Portland cement and other additives per the mix design. The manufacturing of the stabilized base course shall be done by in-place pulverizing and blending of the existing pavement and base materials, and the introduction of asphalt emulsion, cement, and additives if called for in the Special Conditions or design mix formula. The process which results in a stabilized base course shall be accomplished in accordance with these specifications and conform to the lines and grades established by the engineer.

Existing asphalt pavement shall be pulverized by a method that does not damage the material below the plan depth as shown on the appropriate roadway section.

II. Materials:

A. RAP

Materials should meet all requirements specified in the 2017 Florida Department of Transportation Standard Specifications for Road and Bridge Construction 283-2, except that 98% of all material is required to pass through a 50 mm (2 inch) sieve.

B. Additional Base Materials

Additional base materials may be needed for adjusting grade elevations as directed by the engineer, or for widening. When such additional material is required, it shall be among those bases listed in FDOT Design Standards as General Use Optional Base Materials and meet applicable FDOT requirements for such.

C. Asphalt Emulsion:

When the mix design calls for stabilization with asphalt emulsion, utilize CSS-1h or CMS-2h, meeting the requirements of AASHTO M 208-01 (2009) and approved by the State Materials Office prior to use.

D. Portland Cement

When a blend of asphalt emulsion and Portland cement is specified the Portland cement shall be type I or II and conform to the latest standard requirements of ASTM C150 and AASHTO M85. When cement is added with the emulsion no more than 2.5% shall be used on the project, unless approved by the Engineer.

E. Water:

The water for the base course compaction and foaming additive shall be clean and free from sewage, oil, acid, strong alkalies, or vegetable matter and it shall be in sufficient supply for mixing and curing. Water of questionable quality shall be tested in accordance with the requirements of AASHTO T 26. The Contractor shall be responsible for identifying a suitable water source prior to beginning.

F. Soil:

The soil base to be reclaimed shall be evaluated by a professional geotechnical engineering laboratory to determine suitability in the stabilization process. The soil shall be free of roots, sod, weeds, and shall not contain gravel or stone retained on a 1-inch (25 mm) sieve, or more than 45% retained on a No. 4 (4.75 mm) sieve, as determined by ASTM C 136.

III. Equipment:

A. Road Reclaimer

Shall be originally designed for pavement reclaiming, capable of pulverizing and mixing pavement, base materials, and subgrade soil to a minimum of 12 inches in a single pass. The reclaimer shall have automatic forward sped control that responds to the on-board load sensing mechanisms and have a minimum cutting drum width of 8 feet.

It shall have the capability of introducing and metering additives uniformly and accurately and that positive displacement pumps accurately meter the planned amount of additives into the mixture. The reclaiming machine shall mix the cement additive thoroughly with the RAP and soil materials. The pump shall be mechanically or electronically interlocked with the ground speed of the machine. The metering system and water metering system shall be capable of continuously monitoring (GPM) flow and totaling the quantity of water applied into the mixing chamber. Additives shall be uniformly distributed and mixed with the pulverized material; any existing underlying material as specified.

B. Motor Grader

Shall be of sufficient size and horsepower to adequately rough grade the pulverized base and rough and finish grade the mixed and compacted base. The equipment shall be in good working order free from leaks and capable of maintaining an accurate grade and cross-slope.

C. Rollers

Shall be in good working order free from leaks and capable of compacting the mix to the requirements of this specification: Vibratory rollers shall be a minimum of 10 tons and capable of rolling in either vibratory or static mode. Three-wheel static rollers shall be a minimum of 11 tons. Pneumatic tire rollers shall have a minimum of 9 oscillating wheels with smooth, low-pressure tires (pressure shall be equally matched in all tires within 5 PSI) and weigh at least 28 tons. Initial compaction shall be accomplished by either single or dual drum vibratory or three-wheel roller static rollers.

D. Cement Delivery Equipment

Cement may be placed on grade in dry powder form using a bulk spreader with a calibrated screw-type distributor and curtain to accurately place the amount of cement required by the mix design onto the roadbed for mixing.

An integrated binder spreader system, capable of spreading in various widths by opening or closing panels and micro processer-controlled metering cells for precise metering of the cement may also be used. The spreader shall be mounted on the Road Reclaimer, have digital and automated controls and be dust free.

For either method, the Contractor should take steps to minimize the amount of airborne cement dust to the satisfaction of the Engineer and in accordance with OSHA regulations.

E. Additional equipment

Additional equipment such as water trucks, haul trucks, etc., will be needed to complete the operations required by this technical provision. All equipment necessary for the successful completion of projects governed by this technical provision shall be included in the unit costs associated herein. Availability of quality assurance devices (such as a 10' straight edge) shall be the responsibility of the Contractor.

IV. Construction:

A. Layout

The Contractor will be responsible for the string lining and lay out of the roadway prior to paving. Elevations of the existing road should be referenced at sufficient

intervals to ensure the roadway elevation is not changed in any location after final surface is placed. Method for layout and line and elevation reference should be approved by the engineer prior to beginning work. It is imperative that roadway elevations remain unchanged except cross slope correction or as approved by the engineer.

B. Weather and Seasonal limitations

The base shall not be mixed or placed while the atmospheric temperature is below 35 F (2 C) or when conditions indicate that the temperature may fall below 35 F (2 C) within 24 hours, or when the weather is foggy or rainy, or when the soil or sub grade is frozen.

C. Site Preparation

The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment.

The Contractor shall be responsible for calling utility locates prior to beginning. All manhole and valve covers, inlets and other service entrances, etc., shall be protected and when necessary, coordinating with Utility Owners for any adjustments needed before construction begins.

D. Traffic Control

The Contractor shall furnish all necessary traffic control, barricades, signs and flagmen, to ensure the safety of the traveling public and to all working personnel. Traffic control shall be in accordance with the FDOT Roadway Design Standards, most current edition and TP-102. MOT and associated devices shall be checked daily and periodically throughout the project for compliance; and where adjustments or corrections are needed, prompt revisions shall be made.

The Contractor shall submit an MOT plan indicating all facets of traffic control for the project area. The MOT plan should be approved in writing by the County prior to commencing any work. If prolonged lane or road closure is required to complete the work, the Contractor shall complete and submit the appropriate Closure Request Form for approval together with the MOT plans.

E. Mix Design

Prior to construction, obtain an adequate number of core samples to develop the mix design(s). Representative samples of the asphalt pavement material, underlying base material, and virgin materials, where applicable, shall be supplied to a nationally accredited laboratory with no affiliation to the emulsion supplier, for testing to determine the proportions of asphalt emulsion and cement

needed to produce a mix design meeting the requirements of **Table 1**. The optimum binder content shall be the binder content that results in the highest wet tensile strength while also having 70% retained tensile strength compared to the dry strength and additionally has a minimum 2500 pounds Marshall stability. Cement shall be used at a minimum dosage rate of 1% and at a maximum dosage rate of 2.5% by dry weight of reclaimed material. Cement amounts greater than 2.5% will only be allowed if approved by the engineer. The mix design shall be signed and sealed by a professional engineer and submitted to the Engineer prior to use for approval.

Table 1: Mix Design Criteria		
Test	**Test Method Number**	**Criteria**
Gradation of reclaimed material	AASHTO T 27-11	Report
Determination of optimum binder content		
Compaction effort at optimum fluids content. Marshall Compactor; 50 blows/side or Superpave Gyratory Compactor, 100 mm diameter specimens, 30 gyrations. Density determination.	Asphalt Institute MS 14, Appendix F. ASTM D6926-10 AASHTO T 312-12 FM 1-T 166	Report
Marshall stability Cure at 60°C to constant weight. Test at 40°C.	ASTM D6927-06	2500 lbs. minimum stability
Resistance of compacted bituminous mixture to moisture induced damage. 55 to 75% vacuum saturation, water bath at 25°C for 23 hours, last hour in water bath at 40°C.	AASHTO T 283-07 (2011)	70% minimum retained tensile strength

F. Widening

When the existing base is to be widened, the Contractor shall excavate the shoulder from the edge of the existing pavement to at least 6 inches beyond the

planned new width of the base prior to pulverization. All costs involved in collecting, hauling, and disposing of these materials shall be borne by the Contractor.

The bottom of the trench shall be kept free of loose soil and vegetation. Approved base material (those bases listed in FDOT Design Standards as General Use Optional Base Materials) shall be placed in the excavation uniformly and without loss or contamination. The Contractor shall correct all areas of irregular grade or deficient thickness and shall remove and replace material contaminated with soil, organic material, or debris.

After the final pass of the reclaimer, soil shall be drawn up against the widening material to close the excavation, and the shoulder shall be graded and compacted to produce a firm, even surface.

G. Additional Material

When additional material is to be added to correct cross slope deficiencies or change elevation as directed by the engineer, approved base material (those bases listed in FDOT Design Standards as General Use Optional Base Materials) shall be placed on the roadway prior to final pass for pulverization and mixed uniformly with the existing material.

H. Milling

In the case of a curbed or closed section, where milling is necessary to remove excess material and maintain existing grades, the work shall be done under the appropriate line item for milling based on the average milled depth but shall not exceed two and a half (2.5”) inches.

In the case of an open section, all existing asphalt shall be mixed in the pulverization process and any excess material shall be bladed out to the edges. If during blading/grading it becomes evident that material should be removed to achieve or maintain final grades, the excess material shall be removed as excavation and paid for under the appropriate line item for Excavation.

I. Pulverization

The existing pavement and base material shall be pulverized and blended to the depth required so the entire mass of material shall be uniformly graded to the following gradation:

Table 2 – Pulverization Gradation	
SIEVE SIZE	**PERCENT PASSING**
2”	98 - 100
1-1/2”	95

Material gradation may vary due to local aggregates and conditions. Multiple passes of the reclaimer may be necessary to achieve the required gradation.

The asphalt emulsion or asphalt and water (to produce a foamed asphalt) shall be introduced into the mix through the reclaimer uniformly and accurately and metered such that areas are of equal consistency and moisture content. The reclaimed material and additives shall be combined in place to meet the requirements specified in such proportions that the reclaimed mixture is of acceptable composition and stability. Before the start and at the end of each day’s work and at any time requested, the engineer should be permitted access to the mixing equipment in order to read the meter to verify the quantity of asphalt emulsion applied during the day’s work. Field adjustments shall be made as necessary to the recommended mix design under the guidance of a knowledgeable and competent technician or superintendent to obtain a satisfactory reclaimed mixture of consistent composition and stability throughout the Project

After the material has been processed, it shall be compacted to the lines, grades, and depth required. Water may be applied to ensure optimum moisture content at the time of mixing and compaction.

J. Compaction

Commence rolling with self-propelled rollers as required by this technical provision at the low side of the course, except leave 3 to 6 inches from any unsupported edge or edges unrolled initially to prevent distortion. Density readings shall be taken by Contractor’s licensed nuclear gauge operator and witnessed by the Engineer/inspector.

Rollers shall move at a uniform speed that shall not exceed 8 km/hour (5 miles/hour). For static rollers, the drive drum normally shall be in the forward position or nearest to the paver. Vibratory rollers shall be operated at the speed, frequency and amplitude required to obtain the required density and prevent defects in the mat.

The number, weight and type of rollers furnished shall be sufficient to obtain the required compaction of the reclaimed material. The field density of the compacted mixture shall be at least 94 percent of the maximum density of laboratory specimens prepared from samples of the base material taken from the material in place. The specimens shall be compacted in accordance with AASHTO T-180. The in-place field density shall be determined in accordance with ASTM D 2922.

Any pavement shoving or other unacceptable displacement shall be corrected. The cause of the displacement shall be determined, and corrective action taken immediately and before continuing rolling. Care shall be exercised in rolling the edges of the reclaimed mixture, so the line and grade of the edge are maintained.

At the end of each day's production, a transverse construction joint shall be formed by a header or by cutting back into the compacted material to form a true vertical face free of loose material. The protection provided for construction joints shall permit the placing, spreading, and compacting of base material without injury to the work previously laid. Where it is necessary to operate or turn any equipment on the completed base course, sufficient protection and cover shall be provided to prevent damage to the finished surface. A supply of mats or wooden planks shall be maintained and used as approved and directed by the Engineer.

K. Finishing

Finishing operations shall be completed and the base course shall conform to the required lines, grades, and cross section. If necessary, the surface shall be lightly scarified to eliminate any imprints made by the compacting or shaping equipment. The surface shall then be recompacted to the required density. Correct all irregularities greater than ½” over ten feet to the satisfaction of the engineer.

L. Protection and Curing

After the base course has been finished as specified herein, it shall be protected against drying for a period of 2 to 3 days by the application of a prime coat as specified in FDOT Standard Specifications section 300 at a rate of not less than 0.15 gal/sy. The curing method shall begin as soon as possible, but no later than 24 hours after the completion of finishing operations. The finished base course shall be kept moist continuously until the curing material is placed.

At the time the prime coat is applied, the surface shall be dense, free of all loose and extraneous material, and shall contain sufficient moisture to prevent

penetration of the bituminous material. Water shall be applied in sufficient quantity to fill the surface voids immediately before the bituminous curing material is applied.

To prevent equipment from marring or damaging the completed work, protect finished portions of base used by equipment.

Do not allow traffic on the reclaimed base until it is assured the reclaimed base surface will not distort, shove, or ravel under the anticipated vehicular loading.

M. Thickness

The average thickness of the base constructed during one day shall be within 1/2 inch (12 mm) of the thickness required, except that the thickness of any one point may be within 3/4 inch (19 mm) of that required. Where the average thickness shown by the measurements made in one day's construction is not within the tolerance given, the Engineer shall evaluate the area and determine if, in his/her opinion, it shall be reconstructed at the Contractor’s expense, or the deficiency deducted from the total material in place.

N. Quality Control and Sampling and Testing

Perform the following quality control tests at the prescribed frequency. Randomly determine sample locations in accordance with ASTM D 3665-12 or equivalent. Correct all deficiencies unless otherwise approved by the Engineer. Reclaimed material gradation: Determine the percent passing the following sieve sizes: 3 inches, 2 inches, No. 4, and No. 200. Obtain a sample at a frequency of one sample per 5,000 SY. Meet the requirements of **Table 2**. If the requirements of **Table 2** are not met, adjust the pulverization operation so that the resultant material will meet specification requirements or to the satisfaction of the Engineer.

Moisture/density relationship of reclaimed base: Establish a wet/dry density relationship for density specification compliance by obtaining a sample at a frequency of once per 5000 square yards for Modified Proctor (AASHTO T-180) determination. Determine the moisture content in accordance with AASHTO T 110-03 (2011), AASHTO T 265-12, or ASTM D 4643-08.

In-place field density: Perform one nuclear density test per 1000 square yards. The dry field density (i.e. corrected gauge wet density) of the compacted mixture shall be at least 96.0 percent of the maximum laboratory dry density as determined by modified proctor. No individual density test shall be lower than 94.0 percent of the maximum laboratory dry density. If one density test is below 94.0 percent or two consecutive density tests are below 96.0 percent of the

maximum laboratory dry density, cease production and resolve the issue to the satisfaction of the Engineer before resuming production.

O. Marshall stability

Perform Marshall stability testing twice per day or once per day if less than 1500 square yards is reclaimed. Meet the requirements of **Table 1**. If the Marshall stability does not meet the requirements of **Table 1**, cease production, and resolve the issue to the satisfaction of the Engineer before resuming production. Retained tensile strength: Perform retained tensile strength testing twice per day or once per day if less than 1500 square yards is reclaimed. Meet the requirements of **Table 1.** If the retained tensile strength does not meet the requirements of **Table 1,** cease production and resolve the issue to the satisfaction of the Engineer before resuming production.

P. Depth of mixing

Determine the depth of mixing at least once per 250 square yards. Meet the requirements of **Section V.M.**

Cross slope measurement: Meet the requirements of the current FDOT Specification **Table 330-4.**

Additional sampling and testing may be required if significant changes in the characteristics of the reclaimed material are observed, such as a much coarser or finer gradation or a noticeable difference in asphalt content, or when there is considerable variability in the field test results.

All delivery tickets and notes regarding any materials brought to the project site to complete this Contract should be given to the Engineer/Inspector upon delivery to the project site.

V. Warranty:

The Contractor shall provide the County upon final acceptance of the Full Depth Reclamation work, a warranty period of three years (36 months) which shall include all materials and workmanship.

VI. Method of Measurement

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Full Depth Reclamation with Asphalt Emulsion, and not specifically listed in another item in the Bid Form, shall be included in the SY Price for Pulverization including but not limited to shaping, compacting, finish grading, prime coat, sanding prime coat, etc. Cost for introduction of asphaltic cement into the mixture shall be included in the per GL cost for Asphalt Emulsion. Cost for excavation for widening will be included in the CY Price for Excavation. Cost for

additional materials needed for widening or adjustment of grade as directed by the engineer shall be included in the per TON Price for General Use Optional Base Material.

VII. Basis of Payment:

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Full Depth Reclamation with Asphalt Emulsion and Cement Blend, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the County.

Payment will be made under:

Pay Item	***Pay Unit***
Full Depth Reclamation (Pulverization)	Per Square Yard
Asphalt Emulsion	Per Gallon
Portland Cement	Per Ton
Excavation	Per Cubic Yard
General Use Optional Base Material	Per Cubic Yard

END OF SECTION

PC-009 COLD IN-PLACE RECYCLED BITUMINOUS MATERIAL SPECIFICATIONS

I. Description

The work specified in this Technical Provision consists of the in-place construction of a Cold Recycled Bituminous Base Course, using either reclaimed asphalt pavement (RAP) material and/or reclaimed aggregate material (RAM), combined with virgin aggregates and/or bituminous material. It is the intent of this contract to recycle 100% of the existing asphalt pavement and a predetermined portion of the base, as necessary to ensure that the completed recycled base course will be of a consistent material and thickness throughout, including, but not limited to, all existing asphalt pavement and base adjacent to all concrete curbing, storm sewer inlets, manholes, sanitary sewer manholes, and all utility valve boxes. The existing asphalt pavement and base in the above-described locations should be included in the recycling process in order to construct a bituminous base course with a uniform thickness throughout 100% of the

proposed area. The intent of this contract is to utilize the specified process which is clearly defined within this specification. Therefore, Full Depth Reclamation or any variation of Full Depth Reclamation will not be accepted.

II. Materials

A. Asphalt Emulsion

When the mix design calls for stabilization with asphalt emulsion, utilize CSS-1h or CMS-2h, meeting the requirements of AASHTO M 208-01 (2009) and approved by the State Materials Office prior to use.

B. Portland Cement

When a blend of asphalt emulsion and Portland cement is specified the Portland cement shall be type I or II and conform to the latest standard requirements of ASTM C150 and AASHTO M85. If cement is added with emulsion no more than 2.5% shall be used on the project unless approved by the Engineer.

C. Cold Pulverized Material

The cold pulverized recycled asphalt pavement (hereinafter referred to as RAP) material shall meet the following gradation requirement prior to the addition of the asphalt emulsion.

STANDARD		**METRIC**	
Sieve Size	%Passing	Sieve Size	%Passing
2”	95	51 mm	95

D. Mixture Design

A mix design(s) conducted by an independent, accredited laboratory with no affiliation to the emulsion supplier, using materials obtained directly from the project site and conforming to the requirements of this Technical Specification shall be submitted to the County at the Pre-Construction Conference. Based on RAP consistency throughout project limits, more than one mix design may be required. A traffic control plan may be required in accordance with TP-102 for collecting materials. Mix design formulations shall be conducted in accordance with the following guidelines:

E. Mix Design Procedures for CIR (Cold In-place Recycling) Material

1. Sampling and Processing

Prior to materials sampling in the roadway, obtain approval from the County. A traffic control plan may be required in accordance with TP-102 for collecting materials. Obtain 6” minimum inside diameter cores from the areas to be recycled. If cores show significant differences in various areas, such as different type or thickness of layers between cores, then separate mix designs shall be performed for each of these pavement segments. It is recommended that a minimum of one location be sampled for each 1000’ in each lane. Additionally, samples should be taken where

visual differences in the pavement are noticed. Immediately patch all core holes neatly with asphalt cold patch. Cores shall be cut in the laboratory to the depth specified for the CIR project. Cores shall be crushed in the laboratory.

The mix design shall be performed on this crushed sample. Gradation of the sample after crushing shall be determined by ASTM C117 and C136 (dried at no greater than 40°C). Samples shall be prepared with a sample splitter. An alternative method is to dry, screen and recombine the sample in the laboratory to target gradation.

2. Mixing

Calculate the amount of RAP required to produce a 61.0 mm to 66.0 mm (2.4 to 2.6 inch) tall specimen by determining the maximum specific gravity of the RAP in accordance with ASTM D2041.

Number of specimens: 4 per emulsion content for a total of 4 for long-term stability and 4 for moisture testing for the 3 emulsion contents. Two specimens are required for Rice specific gravity; test at the highest emulsion content in the design and back calculate for the lower emulsion contents.

Recommended emulsion contents: 2.0%, 2.5%, 3.0%, 3.5%. Choose three emulsion contents that bracket the estimated recommended emulsion content.

Add moisture that is expected to be added at the milling head, typically 1.5 to 2.5 percent.

If any additives are in the mixture, introduce the additives in a similar manner that they will be added during field production.

Mixing of test specimens shall be performed with a mechanical bucket mixer. Mix the CIR RAP millings thoroughly with water first, then mix with emulsion. Mixing shall occur at ambient temperature. One specimen shall be mixed at a time. Mixing time with emulsion should not exceed 60 seconds.

3. Compaction

Specimens shall be compacted immediately after mixing. Place paper disks on the top and bottom of the specimen before compaction. Specimens shall be compacted with a Superpave gyratory compactor (SGC) in a 100 mm mold at 1.25° angle, 600 kPa ram pressure, and 30 gyrations. The mold shall not be heated.

4. Curing after compaction

Extrude specimens from molds immediately after compaction. Carefully remove paper disks.

Place specimens in 60°C forced draft oven with ventilation on sides and top. Place each specimen in a small container to account for material loss from the specimens. Care should be taken not to over-dry the specimens. Cure compacted specimens to constant weight but no more than 48 hours and no less than 16 hours. Constant weight is defined here as 0.05% change in weight in 2 hours. After curing, cool specimens at ambient temperature a minimum of 12 hours and a maximum of 24 hours.

5. Measurements

Determine bulk specific gravity (density) of each compacted (cured and cooled) specimen according to ASTM D2726. Determine specimen heights according to ASTM D3549 or equivalent. Alternatively, the height can be obtained from the SGC readout. Determine Rice (maximum theoretical) specific gravity, ASTM D2041, except as noted in Item 4 of this procedure, and do not break any agglomerates which will not easily reduce with a flexible spatula. Perform the supplemental dry-back procedure to adjust for uncoated particles. Determine percent air voids in accordance with ASTM D3203 for each design emulsion content.

Determine corrected Marshall Stability by ASTM D1559 at 40°C after 2 hour temperature conditioning in a forced draft oven.

6. Moisture Susceptibility

Perform same conditioning and volumetric measurements on moisture-conditioned specimens as on other specimens. Vacuum saturate to 55 to 75 percent, soak in a 25°C water bath for 23 hours, followed by a one hour soak at 40°C. Determine corrected Marshall Stability. The average moisture conditioned specimen strength divided by the average dry specimen strength is referred to as retained stability.

7. Emulsion Content Selection

The properties of the specimens at design emulsion content shall meet the properties in **Table 1**.

8. Report

The report shall contain the following minimum information: Gradation of RAP; amount and gradation of virgin aggregate or additional RAP, if any; recommended water content range as a percentage of dry RAP; optimum emulsion content as a percentage of dry RAP and corresponding density;

air void percentage; absorbed water percentage; Marshall Stability and Retained Stability at design moisture and emulsion contents; Raveling percentage; and Thermal Cracking initiation temperature. Include the mix design emulsion designation, supplier name, plant location, and emulsion testing results detailed in **Table 4**.

The mix design(s) shall meet the Mix Design Performance Criteria of **Table 1** and be approved by the County prior to construction.

Table 1 – Mix Design Performance Criteria

100 mm specimens shall be prepared in a Superpave Gyratory compactor. The mixture should meet the following criteria at the selected design asphalt emulsion content:

Property	***Criteria***	***Purpose***
Compaction effort, Superpave Gyratory Compactor AASHTO T312	1.25° angle, 600 kPa stress, 30 gyrations	Density Indicator
Density, ASTM D2726 or equivalent	Report	Compaction Indicator
Gradation for Design Millings, ASTM C117	Report	
*Marshall stability, ASTM D6926-10, D6927-06, 40°C	2500 lbs. minimum stability	Stability Indicator
**Resistance of Compacted Bituminous Mixture to Moisture Induced Damage AASHTO T283-07 Retained stability based on cured stability	70 % min.	Ability to withstand moisture damage

** Cured stability tested on compacted specimens after 60°C (140°F) curing to constant weight.*

***Vacuum saturation of 55 to 75 percent, water bath 25°C 23 hours, last hour at 40°C water bath*

F. Other Additives

If necessary, additives may be used to meet the requirements in **Table 1**. In the case that an additive is used, the type and allowable usage percentage should be described in the submitted design recommendation.

G. Addition of Imported Crushed Reclaimed Asphalt Pavement (RAP) material

If available, imported RAP material may be added at the discretion of the County Engineer if the RAP material meets the requirements in **Table 2**. The crushed

RAP shall be free from vegetation and all other deleterious materials, including silt and clay balls. It shall meet the requirements for Deleterious Materials given in **Table 2**. The crushed RAP shall not exceed the maximum size requirement in this Technical Specification and when blended with the design millings, shall produce a product which meets the specifications given in **Table 1**.

Table 2 - Imported Crushed RAP Criteria		
Property	***Method***	***Limit***
Deleterious Materials: Clay Lumps and Friable Particles in Aggregate, %	ASTM C 142 or AASHTO T112	0.2% maximum
Maximum size and Distribution	ASTM C 136 or AASHTO T 27	5% retained on 2" seive

H. Additional Aggregate

Based on the results of mix design testing or other requirements, the CIR Contractor shall determine if additional aggregate is required to comply with mix design performance criteria specified in **Table 1.** Any additional aggregate shall meet the criteria specified in **Table 3**, and it shall be graded to produce a pavement layer which meets the mix design performance criteria specified in **Table 1.**

Table 3 - Additional Aggregate Criteria		
Property	***Method***	***Limit***
Los Angeles abrasion value, % loss	AASHTO T96	40% maximum
Sand Equivalent,%	ASTM D2419	60% minimum
Maximum size and Distribution	ASTM C 136 or AASHTO T 27	Section 334-2.2
Water absorption %	AASHTO T 85	5%_ max.

III. Equipment

A. Milling Machine

A 10 foot and a 12 foot mill, self-propelled, bi-directional, down-cutting, lateral/horizontal mixing, cold milling machine capable of pulverizing the existing asphalt (and base material as needed) in a single pass to the depth shown on

the plans will be required. The machine shall have automatic depth controls to maintain the cutting depth to within ± ¼ in (6 mm) of that shown on the plans and shall have a positive means for controlling cross slope elevations. A 30 foot non-contact averaging beam should be used on the mill. The use of a heating device to soften the pavement will not be permitted. Up-cutting machines shall not be permitted. Machines that only provide vertical mixing will not be permitted.

The milling machine should be equipped with a liquid metering device capable of adjusting the flow of asphalt emulsion to compensate for any variation in the speed of the machine. The metering device shall deliver the amount of asphalt emulsion to within ± 0.2 percent of the required design amount by weight of pulverized bituminous material (for example, if the design requires 3.0 percent, the metering device shall maintain the emulsion amount between 2.8 percent and 3.2 percent). The asphalt emulsion pump should be of sufficient capacity to allow emulsion contents up to 3.5% by weight of pulverized bituminous material. Also, automatic digital readings will be displayed for both the flow rate and total amount of pulverized bituminous material and asphalt emulsion in appropriate units of weight and time.

B. Bituminous Paver

A self-propelled high density paver having tamper bar compaction, electronic grade and cross slope control for the screed shall be utilized. The equipment shall be of sufficient size and power to spread and lay the mixture in one smooth continuous pass to the specified section and according to the plans. A 30-foot non-contact averaging beam should be used on the bituminous paver. To reduce material segregation, the bituminous paver should utilize a hopper insert.

C. Rollers

All rollers shall be self-propelled. The number, weight and types of rollers shall be as necessary to obtain the required compaction. At least one pneumatic-tired roller shall have a minimum gross operating weight of not less than 50,000 lbs. (22,600 kg). Pneumatic rollers should have properly working scrapers and water spraying systems. At least one double drum vibratory steel-wheeled roller shall have a gross operating weight of not less than 20,000 lbs. (9,000 kg) and a width of 78 inches (1980 mm). Double drum vibratory rollers should have properly working scrapers and water spraying systems.

D. Cement Delivery Equipment

Cement may be placed on grade in dry powder form using a bulk spreader with a calibrated screw-type distributor and curtain to accurately place the amount of cement required by the mix design onto the roadbed for mixing.

An integrated binder spreader system, capable of spreading in various widths by opening or closing panels and micro processer-controlled metering cells for precise metering of the cement may also be used. The spreader shall be mounted on the Road Reclaimer, have digital and automated controls and be dust free.

For either method, the Contractor should take steps to minimize the amount of airborne cement dust to the satisfaction of the Engineer and in accordance with OSHA regulations.

IV. Construction

A. Layout

The Contractor will be responsible for the string lining and lay out of the roadway prior to paving. Elevations of the existing road should be referenced at sufficient intervals to ensure the roadway elevation is not changed in any location after final surface is placed. Method for layout and line and elevation reference should be approved by the engineer prior to beginning work. It is imperative that roadway elevations remain unchanged except cross slope correction or as approved by the engineer.

B. Weather Limitations

Cold In-Place recycling operations shall be completed when the atmospheric temperature measured in the shade and away from artificial heat is 40^0 F (10°C) and rising. Also, the weather shall not be foggy or rainy. The weather forecast shall not call for freezing temperature within 48 hours after placement of any portion of the project.

C. Site Preparation

The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment.

The Contractor shall be responsible for calling utility locates prior to beginning. All manhole and valve covers, inlets and other service entrances, etc., shall be protected and when necessary, coordinating with Utility Owners for any adjustments needed before construction begins.

D. Traffic Control

The Contractor shall furnish all necessary traffic control, barricades, signs and flagmen, to ensure the safety of the traveling public and to all working personnel. Traffic control shall be in accordance with the FDOT Roadway Design Standards, most current edition and TP-102. MOT and associated devices shall be checked

daily and periodically throughout the project for compliance; and where adjustments or corrections are needed, prompt revisions shall be made.

The Contractor shall submit an MOT plan indicating all facets of traffic control for the project area. The MOT plan should be approved in writing by the County prior to commencing any work. If prolonged lane or road closure is required to complete the work, the Contractor shall complete and submit the appropriate Closure Request Form for approval together with the MOT plans.

E. Pre-Milling

In the case of a curbed or closed section, where milling is necessary to remove excess material and maintain existing grades, the work shall be done under the appropriate line item for milling based on the average milled depth, but shall not exceed two and a half (2.5”) inches.

The existing pavement shall be milled to the required depth and width as indicated on the plans. Recycling shall be in a manner that does not disturb the underlying subbase material in the existing roadway. The milling operation shall be conducted so that the amount of fines occurring along the vertical faces of the cut will not prevent bonding of the cold recycled materials. Use a small milling machine, if necessary, to mill longitudinally to the required depth as indicated on the plans along all curbs and gutters, radius returns, utilities, inlets, around all manholes and any other structures not accessible or practical to be milled by the milling/mixing machine utilities. The millings produced by the small mill will be the same as the large mill and of equal gradation to produce a uniform recycled pavement layer. Inlets/Catch Basins should be covered during the milling and recycling operation to prevent milled material from entering the catch basin area where it could contaminate and/or block the storm water system.

F. Processing

When a paving fabric is encountered during the CIR operation, the Contractor shall make the necessary adjustments in equipment or operations so that at least ninety percent (90%) of the shredded fabric in the recycled material is no more than 5 in^2 (3200 mm^2). Additionally, no fabric piece shall have any dimension exceeding a length of 4 inches (100 mm). These changes may include, but not be limited to, adjusting the milling rate and adding or removing screens in order to obtain a specification recycled material. The Contractor shall be required to waste material containing over-sized pieces of paving fabric as directed by the Engineer.

G. Spreading

The material shall be spread using a self-propelled paver meeting the requirements under the current FDOT Standard Specifications for Road and

Bridge Construction, Section 330-5. Heating of the paver screed will not be permitted. The recycled material shall be spread in one continuous pass, without segregation and to the lines and grades established by the Engineer.

H. Compaction

Compaction of the recycled mix shall be completed using rollers meeting the requirements of the current FDOT Standard Specifications for Road and Bridge Construction Section 330-7. During initial construction, rolling patterns and sequences shall be established through the construction of a control strip produced with the CIR equipment and within the pavement section, to determine the target wet density, using a nuclear moisture-density gauge in accordance with ASTM D2950, backscatter measurement mode. In all cases, the longitudinal joint should first be rolled followed by the rolling pattern established by the test strip. The initial pass for the rolling pattern established by the test strip should begin on the low side and progress to the high side by overlapping of longitudinal passes parallel to the pavement centerline. Initial rolling should not begin until the emulsion has started to break. Rollers shall be operated at speeds appropriate for the type of roller and necessary to obtain the required degree of compaction and prevent defects in the mat. Rolling shall be continued until no displacement is occurring or until the pneumatic roller(s) is (are) walking out of the mixture. Final rolling to eliminate pneumatic tire marks and to achieve density shall be done by double drum steel roller(s), either operating in a static or vibratory mode. Vibratory mode should only be operated at a speed, frequency and amplitude shown not to damage the pavement. The selected rolling pattern shall be followed unless changes in the recycled mix or placement conditions occur and the established rolling pattern is causing damage to the mat or the required degree of compaction is unachievable. These circumstances require the establishment of new rolling patterns and sequences through the construction of a control strip produced with the CIR equipment and within the pavement section. Rolling shall start no more than 30 minutes behind the paver. Finish rolling shall be completed no more than one hour after milling is completed. When possible, rolling shall not be started or stopped on uncompacted material but with rolling patterns established so that they begin or end on previously compacted material or the existing pavement.

I. Return of Traffic

After the completion of compaction of the recycled pavement layer, no traffic shall be permitted on the completed recycled material for at least one (1) hour. After one hour rolling traffic may be permitted on the recycled material. This time may be adjusted by the Contractor to allow establishment of sufficient cure so traffic will not initiate raveling. After opening to traffic, the surface of the recycled

pavement layer shall be maintained in a condition suitable for the safe movement of traffic.

J. Protection and Damage

Protect the recycled pavement layer in accordance with the *current FDOT Standard Specifications for Road and Bridge Construction, Section 330-10*. After the base course has been finished as specified herein, it shall be protected against drying for a period of 2 to 3 days by the application of a prime coat as specified in FDOT Standard Specifications section 300 at a rate of not less than 0.15 gal/sy. The curing method shall begin as soon as possible, but no later than 24 hours after the completion of finishing operations. The finished base course shall be kept moist continuously until the curing material is placed. Any damage to the completed Cold In Place Recycled bituminous material shall be repaired by the Contractor prior to the placement of the hot mix asphalt concrete surface course, or other applicable surface treatment, and as directed by the Engineer

K. Finished Recycled Pavement Layer Smoothness

The completed cold recycled pavement layer surface shall not vary more than ½ in (12 mm) from the lower edge of a 10-foot (3-meter) straight edge placed on the surface parallel and transversely to the centerline at locations selected by the County. Irregularities exceeding the specified limit shall be corrected at the expense of the Contractor by grinding/cold milling or leveling with cold or hot mix asphalt. The corrected areas shall be retested to determine compliance with smoothness.

L. Quality Control

1. Contractor Responsibility

The Contractor shall be responsible for providing field and laboratory quality control testing of materials during construction. The County or its subconsultant may conduct sampling and testing whenever or as often as desired for verification purposes. The Contractor shall acquire an adequate amount of material for each sample to be tested in the laboratory so that an ample amount of material is left over in case of the need for resolution testing. Resolution testing will be required and provided at the expense of the Contractor if similar laboratory samples tested by the Contractor and the County do not coincide within reasonable values as determined by the County. The resolution laboratory will be selected by the County and the testing results provided by this lab will be used for materials acceptance purposes. All materials testing laboratories shall be accredited by the AASHTO Materials Reference Laboratory (AMRL) or Construction Materials Engineering Council (CMEC). The Contractor shall submit all documentation of field inspection and

laboratory testing results required herein to the County Engineer prior to payment and upon request. Copies of all delivery tickets and notes regarding any materials brought to the project site shall be given to the County upon delivery to the project site. These tickets shall be signed by an approved representative of the Contractor at the time of delivery.

2. Crushed RAP Material Sizing

A sample shall be obtained from the receiving hopper of the paver each ½ mile or as specified by engineer (0.8 km) and screened using a 2 in. (51mm) sieve (or smaller sieve if required) to determine maximum particle size requirement compliance. The resulting gradations shall be compared to the mix design gradations to determine any necessary changes to emulsion content. Gradation results shall be shared with the County by the end of the following day. Sampling procedures shall be in accordance with ASTM D979 or AASHTO T168.

3. Asphalt Emulsion

The asphalt emulsion shall be received on the job site within the temperature ranges specified by the emulsion supplier. The emulsion supplier shall provide testing results for each shipment indicating the emulsion is in compliance with the criteria specified in **Table 4.** The County Engineer may require the Contractor to obtain emulsion samples from each shipping trailer prior to unloading into the Contractor's storage units for quality control testing if desired. The testing shall meet the following requirements:

Table 4 – Emulsion *Criteria*

Property	***Method***	***Limit***
*Residue from distillation, %	ASTM D244	64.0 to 66.0 %
*Oil distillate by distillation, %	ASTM D244	0.5% maximum
Sieve Test, %	ASTM D244	0.1% maximum
**Residue Penetration, 25°C, dmm	ASTM D5	-25 to +25%

**Modified ASTM D244 procedure – distillation temperature of 177°C with 20 minute hold.*

**To be determined during CIR design phase prior to emulsion formulation and manufacture for project. Penetration value range will be determined and submitted to the County Engineer for approval prior to project start*

4. Asphalt Emulsion Content and Yield

Total emulsion quantity and yield shall be monitored and recorded daily and for each segment in which the target emulsion percentage is adjusted. This information shall be gathered from the calibrated emulsion metering device. Emulsion content adjustments shall be made appropriately when multiple and specific mix designs for different road segments of varying composition exist.

5. Water Content and Yield

Total water quantity and yield shall be monitored and recorded daily and for each segment in which the target water percentage is adjusted. This information shall be gathered from the water metering device. Water content adjustments shall be made appropriately when multiple and specific mix designs for different road segments of varying composition exist. Water content adjustments shall also be made based on mixture consistency, coating, and dispersion of the recycled materials.

6. Mixture Testing

At the discretion of the County Engineer and if the recycled pavement layer quality and workmanship seem suspect, the Contractor may be required to sample, in accordance with ASTM D3665 and D979, the recycled mixture for determining compliance with design criteria specified in **Table 1**. If samples of the recycled asphalt pavement mixture are taken after the addition of additives and e emulsion, the specimens should be compacted within 15 minutes of sampling and tested as required in **Table 1.** If the recycled mixture is sampled prior to the addition of additives and emulsion, the sample should immediately be transferred to air-tight plastic container to prohibit loss of moisture. Samples should be mixed in the laboratory with the field additives and emulsion within 24 hours and tested as required in **Table 1.**

7. Depth of Pulverization (Milling)

The depth shall be checked and recorded daily and every 1/8 mile (0.2 km). on both outside vertical faces of the cut. Measure depth by placing a rigid measuring device perpendicular to the bottom of the milled surface and near the vertical faces of the cut.

8. Compacted Density

Degree of compaction of the recycled pavement layer shall be monitored for compliance with target wet density established during the initial control strip construction. Wet density shall be determined every 1/4 mile (0.4 km) using a nuclear moisture-density gauge in accordance with ASTM D2950, backscatter measurement mode. Ensure that all nuclear gauges are operated by licensed individuals and have been calibrated within the last 12 months. The acceptable degree of compaction shall be 96 to 98 percent of target wet density. Care shall be taken not to over-roll the mat based on visual observations of check cracking or shoving. A new control strip and target density shall be established if the consistency of the material being recycled changes. The County shall be notified prior to the construction of a new control strip.

9. Cross-Slope and Smoothness

The recycled pavement layer cross slope shall be checked regularly during spreading. A minimum 2 % Cross-Slope shall be maintained through the length of the project. The recycled pavement layer shall be checked for smoothness regularly behind the paver and after rolling. The smoothness shall not vary more than ½ in (12 mm) from the lower edge of a 10-foot (3-meter) straight edge placed on the surface parallel and transversely to the centerline after rolling is completed. The edge of the mat should be rolled first and progress to the center or high side to prevent excessive edge sloughing.

Table 5 – Quality Control Testing and Inspection Criteria		
Property	**Method**	**Limit**
RAP Maximum Particle Size	ASTM C 136 or AASHTO T27	Section 334-2.2
RAP Particle Size Distribution	ASTM C 136 or AASHTO T27	Determined by Mix Design(s)
Emulsion and Water Yield	Calibrated Metering Device	Determined by Mix Design(s)
*Mixture Testing	Table 1	Table 1
**Depth of Milling	Section 334-5.7	Determined by Mix Design(s)
Compacted Density	ASTM D2950 AASHTO T-180	96 to 98% of target density
Cross-Slope	FM 5-509	Minimum 2%
Smoothness	FM 5-509	Maximum 0.5 in (12 mm) deviation from planeness
**Mixture Testing frequency shall be at the County Engineer's discretion*		
***Depth of Milling may need to be adjusted for localized unexpected pavement conditions*		

10. Documentation

Delivery Tickets - All delivery tickets and notes regarding any materials brought to the project site to complete this item shall be given to the County upon delivery. Tickets shall be signed by an approved representative of the Contractor at the time of delivery.

V. Warranty:

The Contractor shall provide the County upon final acceptance of the Cold-In-Place work, a warranty period of three years (36 months) which shall include all materials and workmanship.

VI. Method of Measurement:

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Cold-In-Place Recycled Bituminous Paving, and not specifically listed in another item in the Bid Form, shall be included in this item, including but not limited to Maintenance of Traffic as specified in TP-102.

VII. Basis of Payment:

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Full Depth Reclamation with Asphalt Emulsion and Cement Blend, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the County.

Payment will be made under:

Pay Item	***Pay Unit***
Cold-In-Place Recycling Bituminous Paving	Per Square yard
Asphalt Emulsion	Per Gallon
Portland Cement	Per Ton
Excavation	Per Cubic Yard
Added RAP	Per Ton
Added Aggregate for mixing	Per Ton

END OF SECTION

PC-010 CAPE SEAL SPECIFICATION

I. Description:

The work specified in this section consists of furnishing and applying multiple bituminous surface treatments composed of an asphalt emulsion chip seal followed by the application of asphalt emulsion microsurface on a paved roadway or on a prepared road base, compacted to the lines, grades, and thickness established by the County and in substantial conformance with the limits established by the owner.

II. Materials:

A. Cover Aggregate for the Chip Seal:

Cover aggregate for the chip seal shall conform to FDOT specifications section 901, table 1 for #89, #78 or #67 gradation for coarse aggregates except as modified under the Chip Seal Specification in this bid package. The aggregate shall be washed granite obtained from a source approved by the owner. Sampling and testing of aggregate shall be the responsibility of the Contractor. Copies of test results from the aggregate supplier shall be furnished to the owner prior to the start of the surface treatment.

B. Liquid bituminous material for surface treatment:

CRS-2P liquid bituminous material conforming to AASHTO M 316-99, and the Chip Seal Specification in this bid package. When CRS-2P is specified apply the following modifications:

3. Distill the CRS-2P at 400ºF for 20 minutes
4. Provide Polymer-Modified Cationic Emulsified Asphalt, CRS-2P produced by using polymer modified base asphalt only. The emulsion shall be pumpable and suitable for application through a distributor truck.

C. Aggregate for Microsurface

Use an aggregate consisting of 100% crushed stone. The aggregate shall be a crushed stone such as granite, slag, limestone, chat, or other high-quality aggregate, or a combination thereof, and conform to the Microsurfacing Specification in this bid package.

D. Microsurface Emulsion

Provide a quick-traffic, polymer-modified emulsified asphalt conforming to the requirements specified in AASHTO M 208 for CSS-1h as listed in **Table 1 of the** Microsurface Specification in this bid package.

E. Mineral Filler:

If mineral filler is utilized in the microsurface mix design, use non air-entrained Portland cement or hydrated lime that is free from lumps, consistent with the requirements of the Microsurface Specification in this bid package.

F. Water:

Utilize water that is potable and free of harmful soluble salts, reactive chemicals, or any other contaminants.

G. Additives:

Additives may be added to the mixture or any of the component materials to provide control of quick-trafficking properties. The additives to be used should be indicated on the mix design and be compatible with the other components of the mix.

H. Crack Filler:

When required for the project, utilize a crack filler meeting the material requirements of the PC-003 Crack Filling/Sealing Specification. Crack filling should be completed a minimum of three (3) months prior to microsurfacing.

I. Material Samples:

The County will require the Contractor to sample and test each load of emulsion prior to delivery. The Contractor will also provide a sample of the emulsion, on site, prior to commencing work. The County will require the Contractor to provide sample containers and a local independent testing laboratory with no affiliation to the emulsion supplier for the analyzing of emulsion. The Contractor will be responsible for the cost of the testing. The County reserves the right to test any shipment of emulsion that is believed to be of substandard. All samples shall be shipped and stored in clean airtight sealed wide mouth jars or bottles made of plastic.

III. Equipment:

F. Asphalt Emulsion Distributor:

The liquid bituminous material shall be applied with a truck mounted, pressure distributor that has been calibrated within the previous twelve (12) months, for transverse and longitudinal application rate. The distributor shall be equipped, maintained and operated so that the bituminous material can be applied at controlled temperatures and rates from .035 to 1.5 gallons per square yard. The distributor shall be capable of applying bituminous material of variable widths up to sixteen (16) feet. The distributor shall uniformly apply the bituminous material to the specified rate with a maximum allowed variation of 0.015 gallons per square yard. Distributor equipment shall include tachometer, accurate volume measuring device, a calibrated tank and a thermometer for measuring the temperature of the tank's contents. Distributors shall be equipped with a heating device, asphalt pump and full circulating spray bars adjustable laterally and vertically. Distributors and transport trailers shall be equipped with a sampling valve. Distributor trucks shall be of the pressure type with insulated tanks. The use of gravity distributors will not be permitted. The valves shall be operated by levers so that one or all valves may be quickly opened or closed in one operation. The valves which control the flow from nozzles shall act positively so as to provide a uniform unbroken spread of bituminous material on the surface. The distributor shall be equipped with devices and charts to provide for accurate and rapid determination and control of the amount of bituminous material being applied and with a bitumeter of the auxiliary wheel type registering speed in feet per minute, and trip and total distance in feet. Two distributor trucks will be required on all projects.

G. Aggregate Spreader:
The aggregate spreader shall be a self-propelled unit capable of uniformly spreading the aggregate at the required rate on a minimum width of six (6”) inches wider than the width of the lane to be treated. The spreader shall be calibrated within the previous twelve (12) months for transverse and longitudinal application. The spreader shall be capable of extending to a width of 22 feet. The spreader shall be equipped with a computer-controlled aggregate/chip spreader in order to ensure the appropriate aggregate coverage at varying speeds, unless approved otherwise by Engineer.

H. Rollers:
The Contractor shall use one, ten (10) ton steel wheeled roller and two, eight (8) to twelve (12) ton self-propelled pneumatic tire rollers with oscillating wheels and low pressure, smooth tires. Maintain the inflation of the tires such that in no two tires the air pressure varies more than 5 psi. The rollers will be equipped with an operating water system and coco pads. A sufficient number of rollers and a sufficient number of passes shall be used to ensure cover aggregate is properly rolled. The final passes of the rolling process shall be performed by a static steel wheel roller, which shall be operated without the vibrating function.

I. Self-Propelled Rotary Power Broom:
The self-propelled rotary broom shall be designed, equipped, maintained and operated so the pavement surface can be swept clean. The broom shall have an adjustment to control the downward pressure.

J. Mixing Equipment:
Use a machine specifically designed and manufactured to place micro surfacing consistent with the requirements of the Microsurfacing Specification of this bid package. Truck mounted and self-loading continuous machines are acceptable.

K. Spreading Equipment:
The spreading equipment should be a mechanical squeegee type equipped with flexible material in contact with the surface to prevent loss of the microsurfacing slurry from the distributing box. There should be a flexible rear strike-off which is adjustable in width and capable of producing a uniform surface its full width. For detailed requirements, refer to the Microsurfacing Specification of this bid package.

L. Additional equipment:
Additional equipment will be needed to complete the operations required by this technical provision. All equipment necessary for the successful completion of projects governed by this technical provision shall be included in the unit costs associated herein. Availability of quality assurance devices (such as a 10' straight edge) shall be the responsibility of the Contractor.

IV. Construction:

A. Layout:

The Contractor will be responsible for the string lining and lay out of the roadway prior to paving.

B. Weather and Seasonal limitations:

The surface treatment shall not be applied to a wet surface or when rain is occurring, or the threat of rain is present immediately before placement. The surface treatment shall not be applied when the surface or/and air temperature is less than 50 degrees Fahrenheit in the shade. If Relative humidity is between 75% and 80%, additional time may be required to allow the emulsion to set before the lane can be opened to traffic. Operations may not continue if the relative humidity is above 80%. When applying emulsions, the temperature of the surface shall be a minimum of 55°F, and no more than 140°F.

If an unexpected rainstorm ensues, sufficient aggregate should be spread to cover all of the applied binder. If possible, the road or lane should be closed to traffic and, if not, traffic should be kept to a minimum speed during this period by use of pilot vehicles. The amount of rolling should be reduced, if not completely ceased, while the aggregate is wet, to avoid binder emerging from the voids and be picked up on the wheels of the roller.

C. Preparation of Surface:

The chip seal material shall be placed on a firm unyielding prepared roadway. Any patching or crack sealing that the Contractor is also authorized to perform for the project should be done a minimum of three (3) months prior to the chip seal application.

The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment. The Contractor will be responsible for blowing or sweeping the road immediately ahead of the chip seal operation to make sure the road is free of loose aggregate and other debris, as well as sweeping and cleaning the streets after treatment. If, in the opinion of the Engineer, the hand cleaning is not sufficient then a self-propelled street sweeper shall be used.

All manhole and valve covers, inlets and other service entrances, etc., shall be protected from bituminous material by placing reinforced waterproof, all-purpose paper or other suitable material, approved by the Engineer.

Thermoplastic striping and pavement markings, raised pavement markers, and

raised pavement marker adhesive shall be removed.

Microsurfacing may be used as rut fill if so contracted for the specific project to level bumps, waves and corrugations.

D. Resident Notification

In Residential areas, the Contractor shall distribute by hand, a typed notice to all residences and businesses on the street to be treated. The notice will be delivered no more than 24 hours prior to the treatment of the road. The notice will have a local phone number that the residents may call to ask questions. The notice shall be of the door hanger type which secures to the door handle of each dwelling. Unsecured notices will not be allowed. The Contractor shall also place the notice on the windshield of any parked cars on the street. Hand distribution of this notice will be considered incidental to the contract.

E. Traffic Control:

The Contractor shall furnish all necessary traffic control, barricades, signs and flagmen, to ensure the safety of the traveling public and to all working personnel. Traffic shall not travel on fresh mix until rolling and blotting has been completed. All traffic control shall be in accordance with the FDOT Roadway Design Standards, most current edition and TP-102. M.O.T. and associated devices shall be checked daily and periodically throughout the project for compliance; and where adjustments or corrections are needed, prompt revisions shall be made.

The Contractor shall submit an M.O.T plan indicating all facets of traffic control for the project area. The MOT plan should be approved in writing by the County prior to commencing any work.

Traffic shall not be allowed on the roadway after placement of the chip seal for a minimum of two hours. During and after placement of the chip seal, pilot cars should escort traffic at a speed of 20 mph (30 kph) over the chip sealed surface for two to 24 hours. **For Collector Roads, pilot cars will be required unless otherwise instructed by Inspection.** Once all the loose aggregate is removed from the new chip seal surface, pilot cars are no longer needed.

F. Chip Seal

Normal good practices shall be followed for the chip seal construction as outlined in the Chip Seal Specification of this bid package.

Some of the more important construction procedures required are:

1. Calibration of the asphalt emulsion distributor with the use of proper nozzle size and single and spray bar height above the surface.

2. Immediately after the asphalt emulsion has been applied, it shall be covered with the chips.
3. Rolling should begin as soon as possible after the cover aggregate has been applied with pneumatic tired units preferred. The rolling should consist of a minimum of 3 coverages. After the initial rolling has been completed with pneumatic tired units, further rolling may be carried out with a 5 to 8 ton steel wheeled unit (optional). To avoid excessive chip crushing, only one complete coverage should be made.

The surface should be clean with the surface broomed prior to the application of any tack coat or microsurfacing to remove excess chips, dirt and other objectionable matter.

G. Microsurfacing

Once the chip seal application has been allowed a minimum of seven days to settle, the Contractor shall apply a double micro-surface 30-34 lbs/sy in one lift. Normal good practices shall be followed for the chip seal construction as outlined in the Microsurfacing Specification of this bid package.

Some of the more important or unique construction procedures required are:

1. Each microsurfacing unit to be used should be previously calibrated.
2. Immediately prior to the placement of the microsurfacing seal, the surface shall be cleaned by power brooming.
3. Microsurface may be used as rut fill to level dips in the pavement.
4. Not less than seven days, nor more than four weeks after the chip application, the microsurface shall be applied.
5. The Cape Seal should not be opened to traffic until the microsurface seal has cured sufficiently so as to not exhibit pickup by the tires of regular traffic.

H. Pavement Striping and Markings

As part of the Maintenance of Traffic, the Contractor shall provide the necessary temporary striping and pavement markings during the different construction phases, and maintained for a minimum of two (2) weeks following the completion of the chip seal operation.

Permanent striping and pavement markings, including the installation of reflective pavement markers shall be performed after the two (2) week period. Prior to applying the permanent striping and markings, the Contractor shall broom the roadway. The Contractor shall be responsible for maintaining the permanent striping and markings for a minimum of two (2) weeks after installation.

I. Deliverables:

Upon completion of the project, the Contractor shall provide Inspection with logs showing the daily and running totals of aggregate and bituminous material during the chip seal stage, as well as the daily production logs for the microsurfacing stage. These logs shall become backup documentation for invoicing.

J. Warranty:

The Contractor shall provide the County upon final acceptance of the Cape Seal work, a warranty period of three (3) years which shall include all labor, materials, hauling, traffic control and striping to repair the defective areas. Defective areas shall include debonding/delamination, bleeding, excessive raveling and aggregate loss. The Contractor shall perform all warranty work at no cost to the City or County.

K. General Performance:

Provide completed pavement which performs to the satisfaction of the engineer without bleeding, rutting, shoving, raveling, stripping, or showing other types of pavement distress or unsatisfactory performance.

V. Method of Measurement:

If a pay item is listed on the Bid Form for work required in this Technical Provision, the quantity to be paid shall be as specified in the Bid Form including all items of work described herein. Any item necessary for Cape Seal, and not specifically listed in another item in the Bid Form, shall be included in this item.

VI. Basis of Payment:

The accepted quantities, determined as provided above for each of the pay items listed below which is included in the contract, will be paid for at the contract unit price per unit of measurement. The Unit price includes all items listed in the contract, including all General Conditions, Special Conditions and Technical Provisions pertaining to Cape Seal, including all items of work described herein. No additional payment will be provided for any item necessary for the completion of this contract as detailed in the specifications, except that at the direction of the County.

Payment will be made under:

Pay Item	***Pay Unit***
Cape Seal (Single Chip w/Double Micro application)	Square Yard
Cape Seal (Double Chip w/Double Micro application)	Square Yard
Crack Filling/Sealing	Per gallon

Bid # 25-342, Pavement Preservation and Recycling Treatments
Addendum # 1

Question 1: For PC-007 full depth reclamation, please confirm portland cement material is required to be provided by a qualified producer in accordance with FDOT Specification 921-2 and 921-4.

Answer: Correct, the County typically follows FDOT's lead on alternate treatments, and in this case, those details are listed in the FDOT's Developmental Specifications for Full Depth Reclamation, Section 332

Question 2: For PC-008 full depth reclamation with emulsion, please confirm portland cement material is required to be provided by a qualified producer in accordance with FDOT Specification 921-2 and 921-4.

Answer: Please see the answer to question 1 above.

Question 3: For PC-008 full depth reclamation with emulsion, please confirm emulsion shall meet the requirements of FDOT Specification Section 916.

Answer: Please see the answer to question 1 above.

Bid Notice

Polk County, a political subdivision of the State of Florida, requests the submittal of bids from vendors that are interested in providing necessary labor, materials, equipment, supervision, and support for the construction of asphalt pavement preservation and/or reconstruction processes, and asphalt pavement improvements as described herein. Sealed bids must be received in the Procurement Division, prior to the due date and time listed below.

Bid Number and Title: Bid 25-342, Pavement Preservation and Recycling Treatments

Description: Provide the necessary labor, materials, equipment, supervision, and support for the construction of asphalt pavement preservation and/or reconstruction processes, and asphalt pavement improvements.

Receiving Period: Wednesday, July 16, 2025, prior to 2:00 p.m.

Bid Opening: Wednesday, July 16, 2025, 2:00 p.m.

Special Instructions: To receive a copy of the specifications and bid sheets please go the following FTP site: https://ftp3.polk-county.net, you will be prompted for a User ID and Password. The User ID is ***procurevendor*** and the password is ***solicitation***. After you have logged in to the FTP site, double click on the file folder "**Bid 25-342, Pavement Preservation and Recycling Treatments.zip**", select "Open" or "Save As" to download the Bid documents, drawings, and technical specifications. If you need assistance accessing this website due to ADA or any other reason, please email Ken Brush at kenbrush@polk-county.net.

Attached are important instructions and specifications regarding responses to this Bid. Failure to follow these instructions could result in Bid disqualification.

Questions regarding this bid should be in writing and should reference the above Bid. Submit all questions to Ken Brush, Procurement Contracts Manager, via email at kenbrush@polk-county.net or via fax at (863) 534-6789 by 4:00 p.m., Thursday, July 3, 2025.

Bid Registration

You must register using this form to receive notice of any addenda to these documents. Please email or fax the completed form to the Procurement Division as soon as possible. It is the vendor's responsibility to verify if addenda have been issued.

Bid Number: Bid 25-342

Bid Title: Pavement Preservation and Recycling Treatments

This form is for bid registration only. Please scroll down for additional information.

Carefully complete this form and return it to the Procurement Division via e-mail to procurement@polk-county.net or fax (863) 534-6789. You must submit one form for each bid that you are registering for.

Bid # 25-342, Pavement Preservation and Recycling Treatments
Addendum # 1

Question 1: There is not a FDOT prequalified work class for "Maintenance of Traffic" or FDOT certification for Companies to perform maintenance of traffic, certifications are done at the employee level. Please confirm submittal of current employees' valid MOT or Advanced Traffic Control certifications (used for FDOT work) are acceptable to satisfy the requirements of Qualification #2 in the bid package.

Answer: Delete in its entirety Qualifications, item # 2:

Bidder shall submit their FDOT or other State DOT certification to perform placement and maintenance of traffic devices. If the bidder provides other State DOT certification with their bid, the Bidder shall be certified by FDOT to perform this before award of bid.

And Replace with the following:

Bidder shall submit the employee or subcontractor's employee FDOT or other State DOT certification to perform placement and maintenance of traffic devices. If the bidder provides other State DOT certification for their employee or subcontractor's employee with their bid, the Bidder's employee or subcontractor's employee shall be certified by FDOT to perform this before award of bid.

Bid # 25-342, Pavement Preservation and Recycling Treatments
Addendum # 1

Question 1: For PC-007 full depth reclamation, please confirm portland cement material is required to be provided by a qualified producer in accordance with FDOT Specification 921-2 and 921-4.

Answer: Correct, the County typically follows FDOT's lead on alternate treatments, and in this case, those details are listed in the FDOT's Developmental Specifications for Full Depth Reclamation, Section 332

Question 2: For PC-008 full depth reclamation with emulsion, please confirm portland cement material is required to be provided by a qualified producer in accordance with FDOT Specification 921-2 and 921-4.

Answer: Please see the answer to question 1 above.

Question 3: For PC-008 full depth reclamation with emulsion, please confirm emulsion shall meet the requirements of FDOT Specification Section 916.

Answer: Please see the answer to question 1 above.

To Polk County, a Political Subdivision of the State of Florida

Date: 07/15/2025

I certify that this bid is made without prior understanding, agreement or connection with any corporation, firm or person submitting a bid for the same construction, service or material and is in all respects fair and without collusion or fraud. I agree to abide by all conditions of this bid and certify that I have read and understand the bidding documents. I have completed and submitted all bid submittal forms, and I am authorized to sign this bid for the bidder. In submitting a bid to the County, the bidder offers and agrees that if the bid is accepted, the bidder will convey, sell, assign or transfer to the County all rights, titles and interests in and to all causes of action it may now or hereafter acquire under the Anti-Trust Laws of the United States and the State of Florida for price fixing relating to the particular commodities or services purchased or acquired by the County. At the County's discretion, such assignment shall be made and become effective at the time the County tender's final payment to the bidder.

Drug-Free Workplace Form
(Submittal Page)

The undersigned vendor in accordance with Florida Statue 287.087 hereby certifies that, (Name of the Business): Asphalt Paving Systems, Inc. does:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation programs, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, plea of guilty or nolo contendere to, any violation of Chapter 1893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on or require the satisfactory participation in a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

Insurance Requirements

The successful vendor shall purchase and maintain in force during the contract period the insurance as specified with an insurer licensed to do business in the State of Florida; rated "A" or better by A.M. Best Rating Company for Class VIII financial size category. Polk County, a political subdivision of the State of Florida, must be named as an additional insured with respect to liability arising from all work performed for Polk County, for Automobile and General Liability policies of insurance. The certificate holder must be Polk County, a political subdivision of the State of Florida, 330 W. Church St., Bartow, Florida 33830. Workers' Compensation Insurance providing statutory benefits, including those that may be required by any applicable federal statute. Any sole proprietor or partner actively engaged in the construction industry, and any corporate officer of a construction or non-construction industry corporation who elects to be exempt from the provisions of the workers' compensation law must provide either a workers' compensation exemption certificate (construction industry) or a letter stating the exemption status and number of employees (non-construction industry). Commercial General Liability Insurance $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including the following coverages: Completed Operations, Broad Form CG. Comprehensive Automobile Liability Insurance $1,000,000; combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence, including all owned, hired and non-owned vehicles. The general liability and workers' compensation policies shall contain a waiver of subrogation in favor of Polk County. An original certificate of insurance must be on file in the Procurement Division before a purchase order will be issued.

Each Certificate of Insurance must list the Certificate Holder as:

Polk County, a political subdivision of the State of Florida

330 W Church St, Room 150

Bartow, FL 33830

Certificates of Insurance for policies requiring additional insured status and/or the waiver of subrogation must include notations that these requirements apply. In addition, the Vendor shall supply to the County copies of the endorsements to verify these requirements.

The Vendor must provide, or cause to be provided, the County with 30 days' prior written notice regarding the cancellation, suspension, or non-renewal of or material change to any policy.

All Certificates of Insurance must be submitted on ACORD 25 forms.

The Vendor must submit updated Certificates of Insurance to the County upon the expiration of or material change to any policy.

Insurance

(Submittal Page)

By signing below, the Bidder is stating that they fully understand the insurance requirements for the project and if awarded the bid will provide all insurance coverage as required in this Bid.

The requirements are as follows:

- Bidder is insured with a company licensed to do business in the State of Florida
- The insurance company is rated A VIII or better by A.M. Best Rating Company (General policy)
- Polk County will be named as an additional insured for automobile liability and general liability
- The General Liability and Workers Compensation policy will contain waiver of subrogation in favor of Polk County

Company Name: Asphalt Paving Systems, Inc.

Bidder Signature: _____ Robert Capoferri / President

Safety Requirements/Regulations

1.0 All Bidders are required to submit, with their Bid Proposal, the Safety Requirements/Regulations form. Any questions regarding compliance with the safety requirements/regulations provision shall be directed to the County Safety Officer, Risk Management, at (863) 534-5267.

1.1 The Vendor is responsible for observing all OSHA regulations and shall self-inspect to ensure this is accomplished. The Vendor shall ensure that all personnel are properly trained and shall be able to provide documentation for their personnel that have attended training courses. Examples of such training courses are: Hazard Communications, Traffic Work Zone Safety, Personal Protective Equipment, First Aid/CPR, Permit Required Confined Space, Lock out/Tag Out of Hazardous Energy. All Vendors are required to comply with OSHA Standards regardless of the number of employees they may have.

1.2 A County representative may periodically monitor work site safety. Should there be safety and/or health violations, classified as Serious, Willful or Criminal/Willful Violations, the County's representative may have the authority, but not the duty, to require the Vendor to correct the violation in an expeditious manner. Inspections shall be based on requirements contained in law. The definitions of serious, willful and criminal/willful violations are as follows:

Serious Violation: A serious violation shall be deemed to exist in a place of employment if there is a substantial probability that death or serious physical harm could result from a condition which exists, or from one or more practices, means, methods, operations, or processes which have been adopted or are in use, in such place of employment unless the employer did not, and could not, with the exercise of reasonable diligence, know of the presence of the violation.

Willful Violation: May exist where evidence shows that the employer committed an intentional and knowing violation of the Act.

Criminal/Willful Violation: A repeat violation of a previously cited willful violation.

Violation of Serious, Willful or Criminal violation may have the following consequences:

First violation: correction may be a verbal warning and the correction shall be done the same day. Written documentation may be maintained by the County.

Second violation: may result in work stoppage until the violation is corrected. The work stoppage shall not entitle the Vendor to additional contract time or compensation. Liquidated damages provision will remain in full force and effect.

Third violation: this may constitute a breach of contract for safety violations and may result in termination of the contract at the sole discretion of the County.

Note: The County Safety Officer may stop any job to ensure the safety of all concerned.

1.3 Should the work site be in a hazardous area, the County shall furnish the Vendor with information concerning hazards such as types or identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the Vendor in the planning of a safe work site.

1.4 The Vendor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and need not have warrants or permission to enter the work site. These agencies, as well as the County Safety Officer, enter at the pleasure of the County.

1.5 The Vendor shall designate a competent person of its organization whose duty shall be the prevention of accidents at the site. This person shall be the Vendor's superintendent unless otherwise designated in writing by the Vendor to the County. All communications to the superintendent shall be as binding as if given to the Vendor.

Safety Requirements/Regulations Form

Bidder must sign and have notarized:

The undersigned bidder hereby certifies that they fully understand the safety requirements/regulation provisions and will comply.

Employment Eligibility Verification (E-Verify) Certification

(Florida Statutes, Section 448.095)

PROJECT NAME:

Bid 25-342, Pavement Preservation and Recycling Treatments

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

Special Conditions

1. Award will be made based on lowest responsive bid per section. Bidders are not required to bid on all sections but should bid on all items contained within a section in order to be considered responsive. All bid items should be bid at a fair and reasonable price; failure to do so may cause the bid to be non-responsive. The Procurement Director shall be the sole judge of what is fair and reasonable. The Procurement Director reserves the right to reject any or all bids and/or waive any minor irregularities in the bids received, whichever would be in the best interest of the County.
2. The period of performance for this bid is from the date of award through July 30, 2026 ("termination Date"). This bid will automatically renew, extending the Termination Date, for two (2) one (1) year periods, unless otherwise terminated in accordance with General Information Items #14 and #15. Bids may be extended by the Procurement Director at the end of any given term in order that the service or provision for goods be continued for a period of no greater than 120 (one hundred and twenty) days.
3. **Performance of Work:** Portions of the work required under this bid may be performed by subcontractors. The vendor shall be fully responsible for all acts and omissions of their subcontractors and of persons directly or indirectly employed by them and of persons for those acts any of them may be liable to the same extent as if they were employed by the vendor. Any work performed by the successful vendor or sub-contracted out must meet all regulated deadlines.
4. All prices bid shall remain unchanged during the period of performance, as specified herein, and as may be adjusted in accordance with General Information, Item #20.
    - The bid unit price for bituminous material only, will be adjusted during the contract year to reflect increases or decreases in the asphalt price index (API) of bituminous material from the API in effect during the month in which bids are received as per FDOT Standard Specifications Section 9. Refer to the Bituminous Material definition outlined under Specifications Item 3 below.

5. If it becomes necessary to revise or amend any part of this bid, an addendum will be issued and will be posted on the County's website at https://www.polk-county.net/business/procurement/. It is the sole responsibility of the bidders to check the website to ensure that all available information has been received prior to submitting a bid.
6. The Successful Bidder must register in our Vendor Database if you have not already done so prior to the award of this bid. A purchase order cannot be issued to a vendor until they are registered. You may register at the following link: https://www.polk-county.net/business/procurement/vendor-information/.
7. Any additions, deletions, or modification similar in cost or material after bid award will need to be signed off by both the user division and the successful vendor. Price for any additions, deletions, or modifications to the bid will be negotiated and agreed upon by both parties. All agreed upon additions, deletions, or modifications will also require the Procurement Director's (or designee) approval. If the addition, deletion or modification is accepted an amendment to the Bid award will be issued to the successful Bidder.
8. The County may employ other vendors to perform the work or self-perform the work described. Bidder has not been employed as the exclusive vendor to perform any such services.
9. Bidders may attend the Bid Opening via conference call or in person. The conference bridge phone number to call in is (646) 558-8656 and enter Meeting ID: 327 647 2818. A listing of all bidders will be posted to Procurement's website as soon as possible after bid opening.

Qualifications

1. Bidder must have been in business under the same FEIN number for the past five (5) years. Evidence should be submitted with the bid submittal.
2. Bidder shall submit their FDOT or other State DOT certification to perform placement and maintenance of traffic devices. If the bidder provides other State DOT certification with their bid, the Bidder shall be certified by FDOT to perform this before award of bid.
3. The Bidder shall have a minimum of five (5) years of experience in Maintenance of Traffic in accordance with the specifications and applicable FDOT standards or other State DOT.
4. Bidder should submit with their bid a letter of bondability from their bonding company agent stating their current single job limit and the aggregate limit. The bonding company shall be authorized to do business in the State of Florida and as named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Audit Staff, Bureau of Government Financial Operations, U.S. Treasury Department and AM. Best rated A VIII or better.
5. Bidder must possess a Polk County Local Business Tax Receipt (f/k/a Business License) in order to do business with the County. A copy of such license must be provided to the Procurement Division before award is made to the successful vendor.
6. Bidder should submit detailed information regarding the staff that they propose for this project.
7. Bidder should submit a list of three (3) projects per section bid, successfully completed within the last five (5) years as the prime, in which the Contractor's portion of the work exceeded $50,000, with the exception of the Fog Seal, Rejuvenator, and Crack Seal bids, where the contractor's portion of work shall have exceeded $30,000. The projects should have been for a federal, state, or local government agency. The three projects should be provided for each of the following treatments:
    a. Chip seal
    b. Micro-surfacing
    c. Crack sealing/filing
    d. Fog seal
    e. Asphalt rejuvenation
    f. Scrub seal
    g. Full depth reclamation
    h. Cold in place recycling
    i. Cape seal

    For each project identified, please include the following information:
        i. Project Name
        ii. Governmental Agency Name

iii. Contact Person
iv. Email Address
v. Telephone Number
vi. Project Date
vii. Number of Square Yards Treated
viii. Dollar Amount of the Contract

8. Provide a primary and secondary Vendor point of contact for this solicitation to include:
    a. Contact Name
    b. Phone Number
    c. Email Address

The Contact persons provided will be the primary and secondary contact for the County to call/communicate with any requests for service or levels of service provided during the term of the solicitation. If at any time this information changes it will be the vendors sole responsibility to update Roads and Drainage Division staff as soon as possible.

All documentation and information requested in the Qualifications section should be included with the vendor's submittal or must be provided within three (3) business days upon request and prior to award.

Re: Asphalt Paving Systems, Inc.
Project: Bid 25-342, Pavement Preservation and Recycling Treatments

Dear Sir/Ms.:

Please accept this letter as confirmation that the Harco National Insurance Company presently provides a surety bond program for Asphalt Paving Systems, Inc. and affiliates. This program will respond to individual projects upwards of $30,000,000 with an aggregate uncompleted backlog of $100,000,000 for projects of scope and size consistent with their previous experience, and we reserve the right to apply normal understanding standards at the time of each such bond request.

Harco National Insurance Company is AM Best rated A- (Excellent) We consider Asphalt Paving Systems, Inc. to be intelligently managed, well financed and possessing both experienced field force supervision, as well as a significant equipment fleet necessary to prosecute their work.

Very truly yours,

Steven G. Raffuel

For Your Information: What You Need To Know About Tangible Personal Property

Every individual or firm doing business and located in Polk County is also subject to the tangible personal property requirement.

An initial tangible personal property tax return is required to be filed with the Polk County Property Appraiser`s Office by April 1st of the year after the business opens. The initial return is required if the business owns or leases any personal property, without regard to the value of that personal property. In subsequent years, however, no return is required unless the combined value of all business equipment is more than 25,000 dollars.

To file an initial tangible personal property tax return or for additional information, visit Polk County Property Appraiser`s Office website, polkpa.org.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☒ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

8940 Gall Blvd

Requester's name and address (optional)

6 City, state, and ZIP code

Zephyrhills, FL 33541

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

or

Employer identification number

2	2	–	3	7	8	7	7	5	5

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person

Date **12/04/2024**

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

ACORD™ CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer any rights to the certificate holder in lieu of such endorsement(s).

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and the Asphalt Paving Systems Inc (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

a. Scanning and uploading the document, or

b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

Insurance Requirements

1. **General Liability** insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/1,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

2. **Automobile liability** insurance, including all owned, non-owned, scheduled, and hired autos with the following minimum limits and coverage:

Combined Single Limit	$1,000,000

3. **Workers' Compensation** insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers' Liability insurance with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employee	$1,000,000
Disease-Policy Limit	$1,000,000

Requested Endorsements that need to accompany the Certificate of Insurance are as follows:

- **Additional Insured** on General Liability and Commercial Auto
- **Waiver of Subrogation** on General Liability, Commercial Auto and Workers Compensation

Certificate Holder:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

PERFORMANCE BOND

BOND NO. _____

KNOW ALL MEN BY THESE PRESENTS: that We,

Contractor_____
Contractor Address_____
Contractor Address 2_____
Contractor Telephone_____

(hereinafter called the "Principal"), whose principal business address and telephone number is as stated above; and

Surety_____
Surety Address_____
Surety Address 2 _____
Surety Phone _____

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

PAYMENT BOND

BOND NO. _____

KNOW ALL MEN BY THESE PRESENTS: that We,
Contractor_____
Contractor Address_____
Contractor Address 2_____
Contractor Telephone_____

(hereinafter called the "Principal"), whose principal business address and telephone number is as stated above; and

Surety_____
Surety Address_____
Surety Address 2 _____
Surety Phone _____

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____)

for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal and Obligee as Owner have reached a mutual agreement for _____ (hereinafter referred to as the "Contract") which conditions and provisions as are further described in the aforementioned Contract, which said Contract being made a part of this Bond by this reference for the purpose of perfecting this Bond.

NOW THEREFORE, THE CONDITIONS OF THIS BOND are such that if Principal:

1. Shall promptly make payments to all claimants as defined in Section 255.05(1), Florida Statutes, as amended, supplying the Principal with labor, materials or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

2. Shall pay the Obligee for all losses, damages, expenses, costs and attorneys' fees, including those resulting from appellate proceedings, that the Obligee sustains because of a default by the Principal in contravention to the Contract in regard to payment for such labor, materials, or supplies furnished to the Principal;

then this bond shall be void; otherwise this Bond remains in full force and effect.

BOND NO. _____

BE IT FURTHER KNOWN AND AGREED TO BY THE PARTIES THAT:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Obligee of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Obligee or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, as amended, and as otherwise provided by law.

3. The Provisions of this bond are subject to the limitations of Section 255.05(2), Florida Statutes, as amended.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon

as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65

$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County

observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the

expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", latest edition, or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", latest edition, or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN,

CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials

of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work

with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by

process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

BOARD OF COUNTY COMMISSIONERS
LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 03/19/2026
MEETING DATE: 4/28/2026
TO: Jennifer Barker, County Manager
ITEM TYPE: Consent Item
THRU:
ITEM ID: 42826
Jordan Salinger, Public Works Operations Director
BY: Melanie Pompos, Procurement Agent II
SUBJECT: Road Resurfacing and Related Services

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval:
1. Of Contracts 25-754 for countywide Road Resurfacing and Related Services as needed with the following pool of vendors: C.W. Roberts Contracting, Incorporated (Tallahassee, FL); Estep Construction, Inc. (Apopka, FL); Jr. Davis Construction Company, Inc. (Kissimmee, FL); Premier Paving LLC (Deland, FL); Ranger Construction Industries, Inc. (West Palm Beach, FL - providing services from Winter Garden, FL); Superior Asphalt, Inc. (Bradenton, FL); and The Middlesex Corporation (Littleton, MA - providing services from Orlando, FL); and
2. To authorize the Office of Procurement Services to execute the contracts with the selected vendors and all supporting documentation.

The estimated annual fiscal impact is $8,000,000 (expenditure). Annual expenditures will not exceed available funding in each approved Fiscal Year's Budget.

BACKGROUND SUMMARY: The Office of Procurement Services, in coordination with the Public Works Department issued Invitation to Bid 25-754, for road resurfacing and related services on an as-needed basis to replace the expiring vendor pool of 22-537 Contracts. The solicitation allows for a pool of vendors and provides for an initial one-year term with two subsequent two-year renewals. The attached tabulation sheet reflects seven submissions.

Staff recommends awarding contracts to the seven responsible and responsive vendors as qualified participants for the bidding process for various road resurfacing and related services throughout the County, as follows: to C.W. Roberts Contracting, Incorporated (Tallahassee, FL); Estep Construction, Inc. (Apopka, FL); Jr. Davis Construction Company, Inc. (Kissimmee, FL); Premier Paving LLC (Deland, FL); Ranger Construction Industries, Inc. (West Palm Beach, FL - providing services from Winter Garden, FL); Superior Asphalt, Inc. (Bradenton, FL); and The Middlesex Corporation (Littleton, MA - providing services from Orlando, FL). When work is required under contract, the pool of contractors submit a quotation via the County's RFQ system for the individual task. All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction,

Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

The prior Fiscal Year's expenditures totaled $5,281,073.

Fiscal Impact: $8,000,000 (expenditure)

Title: Road Resurfacing and Related Services

Recommended Vendor: C.W. Roberts Contracting, Inc., Estep Constructions, Inc., Jr. Davis Construction Company, Inc., Premier Paving LLC, Ranger Construction Industries, Inc., Superior Asphalt, Inc., The Middlesex Corporation

Total number of responses: 7
Total number of acceptable responses received: 7

Contract Type: Term Contract

Is this purchase related to Information Technology? No
Vehicle Purchase? No
Is Federal or Grant Funded? No

Award Recommendation Type: ITB
Award Recommendation Basis: Other
Basis Details: County reserves the right to make awards on a lowest price basis by individual item, group of items, all or none, or a combination; with one or more Vendors.

Comments:

Comments from SR- It is not grant funded, however, FHWA Form 1273 is added in case grant funding is received for any projects. Per the department, FEMA language is not required. Bid bonds are not required, however, projects will be required to have performance and payment bonds. User Department desires to award to all to establish a pool of vendors for job order road resurfacing and related services projects. Each project shall go through the RFQ system and be awarded to the lowest priced vendor for that specific project scope. Reference checks are currently being completed and will be shared with user department for review. *MP- Corrected Approvers 1/30/2026*

POOL CONTRACT NO. 25-754A
For
ROAD RESURFACING AND RELATED SERVICES

LAKE COUNTY, FLORIDA, a political subdivision of the State of Florida, through its Board of County Commissioners (hereinafter "County") does hereby accept, with noted modifications, if any, the bid of **C.W. Roberts Contracting, Incorporated** (hereinafter "Contractor") to supply **Road Resurfacing and Related Services** to the County pursuant to County Bid number 25-754 with any included addenda (hereinafter "Bid"), with an opening date of 12/16/2025, and Contractor's Bid response dated 12/16/2025, thereto with all County Bid provisions governing.

A copy of the Contractor's signed Bid is attached hereto and incorporated herein, thus making it a part of this Contract except that any items not awarded have been struck through. The attachments noted below are attached hereto and are part of this Contract.

ATTACHMENTS:
Attachment 1 – Submittal Form with General Terms & Conditions acceptance signed by Contractor
Attachment 2 – Pricing Sheet
Attachment 3 – Affidavit Form
Addendum(a) 1
Exhibit A – Scope of Work
Exhibit B – Insurance Requirements
Exhibit C – General Terms & Conditions v.5.6.21
Exhibit D – Public Works Road Operations Terms & Conditions
Exhibit E – FHWA-1273
Exhibit F – Performance/Payment Bonds
Exhibit G – intentionally excluded
Exhibit H – Asphalt Millings Site Map

No financial obligation under this Contract shall accrue against the County until a specific purchase transaction is completed pursuant to the terms and conditions of this Contract.

The County's Procurement Services Director shall be the sole judge as to the fact of the fulfillment of this Contract, and upon any breach thereof, shall, at his option, declare this Contract terminated, and for any loss or damage by reason of such breach, whether this Contract is terminated or not, said Contractor and their surety for any required bond shall be liable.

The Contract initial term is from 7/1/2026 through 6/30/2027 with the option for two subsequent two-year renewals. The County reserves the right to terminate this Contract immediately for cause and/or lack of funds and with thirty (30) day written notice for the convenience of the County. Renewals are contingent upon mutual written agreement.

Modifications to this Contract must be in writing signed by the County's Procurement Services Director.

LAKE COUNTY, FLORIDA

_____

By: Ronald A. Falanga
Procurement Services Director
Date:

The undersigned hereby declares that C.W Roberts Contracting Inc. has reviewed and accepts all specifications, terms, and conditions outlined in this Solicitation and affirms compliance with all legal requirements necessary to conduct business with the County, and to provide **ROAD RESURFACING AND RELATED SERVICES** specified. Submittals were advertised to be submitted by 3:00 P.M. Eastern time on the date indicated in the Solicitation or any subsequent addenda. Furthermore, the undersigned confirms they are duly authorized to execute this document, as well as any related contracts or transactions resulting from the award of this Solicitation.

1.0 TERM OF CONTRACT

Contract will be awarded for an initial one (1) year term with the option for two (2) subsequent two (2) year renewals. Renewals are contingent upon mutual written agreement.

Contract will commence upon the first day of the next calendar month after approval by the authorized authority. The Contract shall remain in effect until completion of both the expressed and implied warranty periods. The County reserves the right to negotiate for additional services or items of a similar nature that were not known or anticipated at the time of solicitation.

2.0 PAYMENT

Contractor shall email County's using department an accurate invoice within 30 calendar days after delivery. Invoices shall reference: Lake County BCC purchase/task order, delivery date, delivery location, and corresponding packing slip or delivery ticket signed by a County representative at the time of acceptance. Failure to submit invoices in the prescribed manner will delay payment.

Payments will be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

All pricing will be FOB Destination unless otherwise specified in this solicitation document. Pricing submitted will remain valid for a ninety (90) day period.

The County's preferred method for invoice payment is electronic remittance via virtual credit card (eCard) payments rather than paper checks. Contractors are encouraged to adopt this electronic payment option. The eCard system is designed to expedite payables and improve efficiency compared to paper check payments. This procedure aligns with the County's responsibilities and objectives, reflecting a commitment to leveraging technology to deliver greater value to taxpayers.

Vendor requests more information about accepting eCard for payment: YES

Vendor accepts MasterCard for payment: YES

3.0 CERTIFICATION REGARDING LAKE COUNTY TERMS AND CONDITIONS

I certify that I have reviewed the General Terms and Conditions for Lake County Florida and accept the Lake County General Terms and Conditions dated 5/6/21 as written including the Proprietary/Confidential Information section. YES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subncontractors are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted

a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel, and are not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or it or its subcontractors have been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

Failure to acknowledge may result in Submittal being deemed non-responsive.

4.0 CERTIFICATION REGARDING FELONY CONVICTION

Has any officer, director, or an executive performing equivalent duties, of the bidding entity been convicted of a felony during the past ten (10) years? NO

5.0 CONFLICT OF INTEREST DISCLOSURE CERTIFICATION

Except as listed below, no employee, officer, or agent of the firm has any conflicts of interest, real or apparent, due to ownership, other clients, contracts, or interests associated with this project; and, this Submittal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a proposal for the same services, and is in all respects fair and without collusion or fraud. No Conflict of Interest for C.W Roberts Contracting Inc.

6.0 CERTIFICATION REGARDING BACKGROUND CHECKS

Under any County Contract involving Contractor or subcontractor personnel working in proximity to minors, the Vendor hereby confirms that all such personnel will have successfully completed an initial Certified Background Check, as well as subsequent annual checks, conducted by Contractor at no additional cost to County. The Vendor agrees to comply fully with all applicable Florida Statutes governing background investigations. The County reserves the right to request and review any related records, with or without cause, and to require the immediate replacement of any Contractor employee found to be in violation of these requirements. Furthermore, the Contractor shall indemnify and hold the County harmless from any liability arising from the actions of such personnel. Additional requirements may apply as specified within any particular contract award. YES

7.0 DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The County does not set specific goals for minority set-asides; however, participation by both minority and non-minority qualified firms is strongly encouraged. If your firm is classified as a minority-owned business or holds certification from the State of Florida, Office of Supplier Diversity, (OSD) as a Certified Minority Business Enterprise (CMBE), please indicate the appropriate classification(s) not applicable not applicable

and enter OSD Certification Number N/A
and enter effective date N/A to date N/A

8.0 ANTITRUST VIOLATOR VENDOR LISTS

A person or affiliated entity listed on the antitrust violator vendor list due to a conviction or civil liability for an antitrust violation is prohibited from submitting bids, proposals, or responses for any new contracts to provide goods or services to a public entity. This restriction also applies to new contracts involving the construction or repair of a public building or public works, new leases of real property to a public entity, and includes being awarded or performing work as a contractor, supplier, subcontractor, or consultant under any such new contract. Furthermore, such persons or affiliates are barred from transacting any new business with a public entity.

9.0 FEDERAL FUNDING REQUIREMENT

9.1. A federally funded project expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Registration or search can be conducted here: SAM Directory and Registration website

Vendors are responsible for the receipt and acknowledgement of all solicitation addenda. Submit an electronically signed copy with solicitation submission. Failure to acknowledge an addendum may prevent the submission from being considered for award.

THIS ADDENDUM DOES NOT CHANGE THE DATE FOR RECEIPT OF PROPOSALS.

QUESTIONS/RESPONSES

Q1. Is a bid bond required? If so, what percentage?

A. No.

Q2. Will there be a Pre-Bid Meeting for this project?

A. Refer to the bid document, Section 4.0 Pre-Bid Conference

Q3. Will this contract be awarded to one contractor or multiple contractors?

A. Refer to Exhibit A – Scope of Work, first sentence.

Q4. In the Lake County General Terms and Conditions, Price Redeterminations, it states that the contractor shall present documented increases in costs 30 days prior to the anniversary date of the contract, but any price redetermination shall be based on the applicable ECI or PPI, not the actual, documented price increases presented by the contractor, is this correct?

A. Because each project will be quoted using the RFQ system, price redeterminations will not apply to this contract. However, if an awarded project exceeds 90 days, adjustments may be requested and would be calculated using FDOT Bituminous & Fuel adjustments.

Q5. In the bid, there are 2 FC-12.5 Friction Course items that are specified as PG76-22 while other Friction Course items, FC-5, FC-9.5 and FC-12.5, are not designated as PG76-22. If these are not polymer modified and are acceptable to have a non-polymer liquid, can the RAP content be increased to the Lake County acceptable maximum?

A. Yes.

Q6. Will the contractor be responsible for maintaining the stockpile at any of the 3 Lake County milling stockpile sites?

A. No. Refer Exhibit A – Scope of Work, Sections 5.5.7 through 5.5.9.

N/A

ACKNOWLEDGEMENT

Firm Name: C.W Roberts Contracting Inc.

I hereby certify that my electronic signature has the same legal effect as if made under oath; that I am an authorized representative of this vendor and/or empowered to execute this submittal on behalf of the vendor.

Signature of Legal Representative Submitting this Bid: *Stuart Savoy*

Date: 12/16/2025

Print Name: Stuart Savoy

Title: Vice-President

Primary E-mail Address: ssavoy@cwrcontracting.com

Secondary E-mail Address: dweeks@cwrcontracting.com

1. SCOPE OF WORK

To establish a pool of vendors for job order road resurfacing and related services projects. Pool vendors shall be notified of projects via the County's RFQ system as described in Section 4. Contractors shall be required to possess and maintain a valid Class A or B General Contractor's License and shall demonstrate comprehensive knowledge of the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, the Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 edition, or the most current edition as amended.

This is an indefinite quantity contract with no guarantee that services will be required. The County does not guarantee a minimum or maximum dollar amount to be expended on any contract(s) resulting from this solicitation. The scope of work represents the minimum standards required. All work performed shall be in strict compliance with the latest codes, standards, and practices and in accordance with Federal, State, and Local laws.

2. CONTRACTOR RESPONSIBILITIES

Contractor shall:

2.1. Provide all labor, fuel, materials, equipment, storage, supplies, and incidental costs necessary to complete the tasks.

2.2. Provide for skilled, qualified, and English-speaking staff with a cell phone in good working order.

2.3. Provide adequate personnel, in the event of sickness or any absence, a substitute of equal skill shall be provided at no additional cost.

2.4. Provide a neat and clean in appearance dress code (as applicable) for Contractor's employees that consists of a shirt with company name, pants, and work shoes/boots and all associated PPE such as appropriate class safety vest, safety glasses, etc.

2.5. Project a professional image, deal effectively with the public, and discharge duties in a courteous and efficient manner.

2.6. Provide proof of chemical applicators' licensure prior to any Chemical treatment utilizing herbicides for vegetation removal.

2.7. Maintain the project work site in an attractive, and uniformly clean manner which will reflect favorably upon the County and the Contractor.

2.8. Perform work at a time that minimizes disturbance or interference to the flow of traffic.

2.9. Correct all apparent deficiencies within three (3) calendar days of any work that fails to conform to the specifications.

3. COUNTY RESPONSIBILITIES

County will:

3.1. Reserve the right to award to one or more vendors.

3.2. Reserve the right to add or remove services in conjunction with the County's needs.

3.3. Reserve the right to inspect and approve all material, supplies, workmanship, and equipment for contract performance.

3.4. Reserve the right to dismiss Contractor's staff for disorderly conduct or unsatisfactory performance in accordance with contract specifications.

4. DELIVERY REQUIREMENTS AND ACCEPTANCE.

4.1. When it is determined that a road resurfacing project is needed, the County will issue a Request for Quote (RFQ), utilizing the County's RFQ System.

4.2. The RFQ will define the scope of work, project limits, pre-bid meetings (if any), calendar days to complete the project, and submittal requirements.

4.3. The project limits will be marked with pink or white paint.

4.4. Contractor shall perform a site visit and inspect all sites prior to the question submission deadline specified within the RFQ.

4.4.1. Contractor shall document items, including but not limited to, additional milling, leveling, course and radius paving, discrepancies in quantities, or project limits, etc.

4.4.2. Contractor shall submit questions to the County via e-mail prior to the question submission deadline. Questions received after this time will not be answered.

4.4.3. An addendum will be issued for all questions received and posted to the RFQ.

4.5. Contractor shall submit a bid response prior to the bid closing date.

4.6. The submitted bid response constitutes the Contractor's agreement to all quantities and associated costs specified in the RFQ.

4.7. Change orders shall be issued for items that have been added to or deducted from the original RFQ. Change orders may be subject to bituminous and fuel adjustments in accordance with the terms of this contract.

4.8. A price redetermination will not be considered for projects taking less than 90 production days, or any projects exceeding original project days plus any approved added weather days.

5. TECHNICAL REQUIREMENTS

All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition. Relevant FDOT reference sections are indicated under the corresponding items listed below.

5.1. Public Notification of Work

5.1.1. Reference FDOT Standard Specifications Section 990, TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS

5.1.2. Contractor shall notify all residents within the project work area and project schedule and explain the expected level of inconvenience associated with the project.

5.1.3. Contractor shall provide public notification to all residences and parked vehicles on the roadway within the project limits seven (7) calendar days prior to the commencement of work.

5.1.4. Contractor shall obtain County approval prior to placement on residences and vehicles parked on neighborhood roads within the project limits.

5.1.5. Contractor shall install PCMS on all major roadways and industrial parks to display lane closure information including, but not limited to, anticipated lane closure, closure extent (i.e. "Next 3 Miles"), and daily hours of closures.

5.1.6. All costs associated with the PCMS shall be charged per unit/per day and include the installation, removal, mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.1.7. The Contractor shall make every effort to avoid blocking access to businesses for an extended period and provide the business with written notice, approved by the County, at least forty-eight (48) hours prior to access restriction.

5.1.8. Contractor shall minimize the impact to school related traffic during before and after school hours when project limits are within the vicinity of a school,

5.1.8.1. It shall be Contractor's responsibility to coordinate a pre-construction meeting with the County, an official from the affected school, and Contractor's Project Superintendent.

5.1.8.2. An adjusted work schedule will be established, as a result of the pre-construction meeting with the school official.

5.1.8.3. Portable Changeable Message Signs (PCMS) will be required for seven (7) calendar days prior to the commencement of the work to provide public notification of the upcoming work.

5.2. Shoulder Preparation

5.2.1. Vegetation shall be cut back six inches (6") from the edge of pavement, including any present on the pavement surface, and removed prior to the placement of new asphaltic concrete. Any areas where excessive material has been removed shall be promptly repaired by the Contractor.

5.2.2. Shoulder drop-off shall not exceed one (1) inch in depth, as measured from the top of the asphaltic concrete at the pavement edge.

5.2.3. If an excessive drop off is created, it shall be restored to no more than one (1) inch as described above.

5.2.4. If an area is to be left overnight with the excessive drop off, barricades marking the hazard shall be installed in accordance with FDOT specifications.

5.2.5. The cost for shoulder preparation (including mobilization, Maintenance of Traffic (MOT), equipment, labor, and all associated activities) shall be incorporated into the price for installing new asphaltic concrete.

5.3. Vegetation Removal

5.3.1. Vegetation in the cracks or joints shall be removed by using a propane torch or a chemical herbicide and subject to approval of the County. The vegetation shall be totally browned before the new asphaltic concrete is installed.

5.3.2. Chemical treatment shall not be applied without providing proof of chemical applicators licensure.

5.3.3. Chemical treatments shall be applied according to the manufacturer's specifications

to ensure public safety and a log of chemical treatments shall be kept with a copy supplied to the County'. The log shall contain information of the chemical product, manufacturer, application rate, application location, application date and time, safety data sheets (SDS), and weather conditions at the time of application.

5.3.4. The cost of removing vegetation by either propane torch or chemical herbicide treatment (including mobilization, MOT, herbicide, labor, etc.), and shall be incorporated into the price of the paving operation.

5.4. Road Base Repairs / Heavy Milling Repairs

5.4.1. Reference FDOT Standard Specifications Section 334 SUPERPAVE ASPHALTIC CONCRETE.

5.4.2. Full depth milling repairs shall be provided to areas of roadway with failed base.

5.4.2. County shall mark all areas for base repairs with white and pink paint.

5.4.3. Marked areas shall be milled to provide square or rectangular shaped repairs to a depth of six (6) inches and replaced with six (6) inches of Type SP 12.5 asphaltic concrete in three (3), two (2) inch lifts.

5.4.4. Jagged or misshaped repairs shall be rejected and repaired at no additional cost.

5.4.5. The unit cost for base repairs and/or heavy milling shall include, but not limited to mobilization, MOT, milling, asphalt, etc.

5.5. Milling of Existing Asphaltic Concrete Pavement

5.5.1. Reference FDOT Standard Specification Section 327 MILLING OF EXISTING ASPHALT PAVEMENT.

5.5.2. The cold milling process to remove existing asphaltic concrete may be requested to improve ride quality, correct cross slope, lower the finished grade adjacent to existing curbs, or remove the existing pavement.

5.5.3. Areas shall be marked in pink or white paint, milled to the depth specified, and milled to the outside edge of the painted area.

5.5.4. Contractor shall notify the County of any traffic light advance warning loops that will be affected forty-eight (48) hours before the milling operation starts.

5.5.4.1. Contractor will not be held responsible for damage of loops affected by the milling operation.

5.5.5. The milling machine shall be equipped to effectively limit the amount of dust escaping during the milling operation. Pre-wetting of the pavement may be required if it is determined there is too much dust being created.

5.5.6. Profile correction milling may be required on specific portions of roadways and will be paid based on an average milling depth of zero (0) to two (2) inches. Any area which exceeds the two (2) inch average depth will be compensated at the appropriate unit cost for total depth.

5.5.7. Asphalt millings generated shall be hauled from the project location at no additional cost to the County, except for millings that the County directs the Contractor to haul to three designated area(s) not exceeding 25 miles from the project.

5.4.6.1. Site 1 – Maintenance Area 1, 2310 W. Griffin Rd., Leesburg, FL 34748

5.4.6.2. Site 2 – Maintenance Area 2, End of Allegiance Ct., Groveland, FL 34736

5.4.6.3. Site 3 – Maintenance Area 3, 19720 E. Fifth St., Umatilla, FL 32784

5.5.8. If the County elects the Contractor to haul asphalt millings to one of the three designated County sites, payment will be made only for the actual cubic yards hauled.

5.5.8.1. Truck loads should average 18 cubic yards each.

5.5.8.2. Load tickets will be issued at the project site and collected by the County at the designated dump site.

5.5.8.3. The unit cost for milling shall cover mobilization, Maintenance of Traffic (MOT), milling equipment, labor, and all related expenses.

5.5.9. County reserves the right to insert County dump trucks into the milling operation at any time and to retain ownership of the resulting millings. If the County exercises this option, it shall be done in a manner that does not impede the Contractor's production and at no additional cost to the County.

5.6. Prime and Tack Coats

5.6.1. Reference FDOT Standard Specification Section 300, PRIME AND TACK COATS.

5.6.2. A tack coat shall be installed prior to the installation of the new asphaltic concrete.

5.6.3. The tack coat shall only be applied to one lane of traffic at a time, and shall not exceed one (1) mile, unless otherwise determined by the County.

5.6.4. The tack coat shall be applied only to areas scheduled to receive an asphalt layer the same day of operation and shall be protected from all traffic until the asphalt has been placed.

5.6.5. The unit cost for tack coat shall be included in the installation of new asphaltic concrete. No mobilization shall be charged for this operation and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.7. Asphaltic Concrete

5.7.1. Reference FDOT Standard Specification Section 320, HOT MIX ASPHALT PLANT METHODS AND EQUIPMENT and Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.7.2. Contractor shall be responsible to ensure positive drainage of the surface from the roadway to curb, edge of roadway and/or valley gutter.

5.7.3. There shall be no standing water along the pavement where there is no standing water in the curb.

5.7.4. Contractor shall provide proper and adequate fall across entrances and cul-de-sacs to ensure proper drainage of these areas.

5.7.5. The crown of the roadway shall be re- established to ensure a 2% fall from the center of the roadway to the outside edge of the roadway or be placed to match existing cross slope. No water shall be standing in the crown of the roadway.

5.7.6. Should there be low areas that may result in water standing on the new pavement, a

resolution shall be discussed with the County and resolved prior to starting work in the area.

5.7.7. The unit cost shall be based on one (1) inch increments. The cost for fractional amounts shall be invoiced according to the actual fractional amount installed.

5.7.8. The unit cost for asphaltic concrete types FC-5, FC-9.5, FC-12.5, FC-12.5 w/76-22, SP-9.5, and SP-12.5 shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.8. Asphaltic Concrete – Friction Course

5.8.1. Reference FDOT Standard Specifications Section 337, ASPHALTIC CONCRETE FRICTION COURSES.

5.8.2. The County may require the use of:

5.8.2.1. Type FC-9.5 asphaltic concrete friction course.

5.8.2.2. Type FC-12.5 asphaltic concrete friction course.

5.8.2.3. Type FC-12.5 with a 76-22 modified polymer asphaltic concrete friction course.

5.8.3. The unit cost for asphaltic concrete friction courses shall be included in the proposal price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.9. Asphaltic Concrete – Superpave

5.9.1. Reference FDOT Standard Specification Section 334 SUPERPAVE ASPHALT CONCRETE.

5.9.2. The County may require the use of:

5.9.2.1. Type SP-9.5 asphaltic concrete

5.9.2.1. Type SP-12.5 asphaltic concrete.

5.9.3. The unit cost for asphaltic concrete Type SP asphaltic concrete shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.10. Leveling Course

5.10.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.10.2. Contractor may be asked to install a leveling course of asphaltic concrete over an existing asphaltic concrete road surface. This shall only be utilized at the discretion of the County unless the need for such leveling was established prior to issuance of the Notice to Proceed by Contractor.

5.10.3. When a leveling course is requested, the specified asphaltic concrete mix is to be placed on the existing irregular pavement or base, the leveling course shall be used

to help provide a smooth driving surface by filling in voids and deformations such as wheel ruts, depressions, etc.

5.10.4. When a leveling course is requested, the estimate shown on the Project Order Form shall be based on one-half (1/2) inch for the specified area of the road surface. It is understood that some areas of the roadway will not require the entire one-half (1/2) inch and other areas may require greater than one-half (1/2) inch of asphaltic concrete. There should be no additional charge to the County for additional asphaltic concrete needed nor shall the County expect a credit if the specified amount of asphaltic concrete was not used. Contractor shall ensure that the placement is completed so that the final product provides a smooth driving surface.

5.10.5. Profiling of the roadway to change the grade or slope of the road shall be done with the use of asphalt and/or a milling machine.

5.10.6. If the County chooses to change the profile of the road using asphaltic concrete, it shall be quantified and paid by using the unit prices of designated asphaltic concrete unit cost in Attachment 2 – Pricing Sheet.

5.11 Radius Paving

5.11.1. Contractor shall overlay designated roadway intersections that connects to any project road.

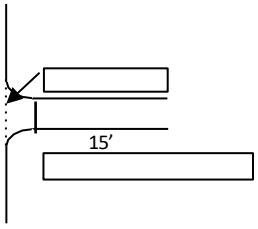
5.11.2. Paving will be to a distance of fifteen (15) feet, or as determined by the County, from the intersection (see diagram below).

5.11.3. The limits of the radius area shall be marked with white or pink paint. Not all intersections shall be paved. If there are not marks, it shall be assumed that the EOP be followed through the intersection or treated as a driveway for overlay applications.

5.11.4. Existing pavement markings within the radius area being paved shall be replaced to the specifications outlined.

5.11.5. The joint between the existing and new pavement shall provide a smooth transition.

5.11.6. The square yardage for the radius paving shall be calculated and added to the total square yards as stated on the Project Order Form.



5.12. Driveways

5.12.1. Driveway joints with the exception of concrete driveways and brick pavers, are to be paved with a one (1) foot per inch or greater slope to achieve a smooth transition.

5.12.2. Driveways shall be swept and tacked before paving.

5.12.3. The cost of installing asphaltic concrete on driveway aprons shall be considered incidental and shall be included in Contractor's per unit resurfacing cost and no additional cost shall be permitted for driveway paving.

5.13. Compaction

5.13.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT – GENERAL CONSTRUCTION REQUIREMENTS.

5.13.2. If the County feels an area does not meet these requirements, they shall hire an independent testing laboratory to determine accordance with this specification.

5.13.3. Areas not in conformance with this specification will need to be removed and replaced at Contractor's expense.

5.14. Smooth Transition

5.14.1. The Contractor shall install a five (5) foot tapered keyway mill on all adjacent roads that are not being milled, in order to ensure a smooth transition between the new and existing pavement.

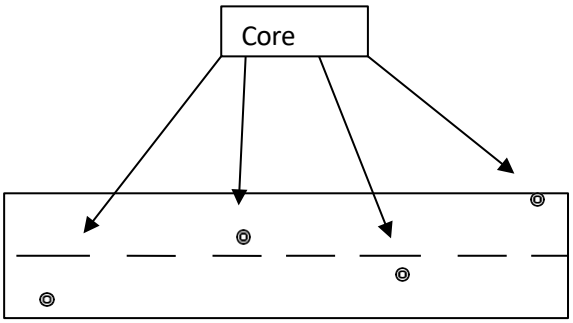
5.15. Quality Inspections

5.15.1. Core samples shall be taken by an independent laboratory approved by the County.

5.15.2. Contractor shall provide the County with the address and contact information of the laboratory prior to any resurfacing work starting.

5.15.3. Core samples shall be taken every five hundred (500) feet regardless of how many lanes are being resurfaced.

5.15.4. Core samples shall be taken in a random pattern as indicated on the diagram below.



5.15.5. Roads that are less than one thousand (1,000) feet shall have a minimum of two (2) core samples taken.

5.15.6. The cores shall be taken at a depth that will show the new and existing asphaltic concrete.

5.15.7. Holes that were created by taking the core samples shall be filled with a product approved by the County.

5.15.8 A determination of the average thickness of the asphaltic concrete shall be made from the samples by the testing laboratory and the results shall be sent from the laboratory directly to the County.

5.15.9 If the Contractor wishes to obtain additional core samples beyond those required by the County, such requests must be submitted in writing, and all associated costs shall be borne by the Contractor.

5.16. Deficiencies of Asphaltic Concrete Thickness and Ride Quality

5.16.1. The County will permit a deficiency in the thickness of the asphaltic concrete overlay not to exceed one-quarter (1/4) inch.

5.16.2. The Contractor shall utilize an asphalt transfer machine approved by the County for all roadway resurfacing involving milling, unless a written exception is granted by the County. The County shall not permit the commencement of work without the required transfer machine. In the event the transfer machine becomes inoperable during production, the County may, at its sole discretion, allow work to continue for the remainder of that production day.

5.16.3. When the deficiency in the thickness of the asphaltic concrete exceeds one-quarter (1/4) inch but does not exceed three-eighths (3/8) inch of the specified thickness, the County shall permit the Contractor to leave the asphaltic concrete in place without any compensation.

5.16.4. County shall determine the affected square yard area by multiplying the lane width by the length between the nearest acceptable core samples, and no payment shall be made for this area.

5.16.5. When the deficiency in thickness exceeds three-eighths (3/8) inch of the specified thickness, the Contractor shall correct the deficiency. In all cases where the installed asphaltic concrete is deficient beyond this limit, the Contractor shall restore the deficient area by applying new asphaltic concrete.

5.16.6. The minimum repair thickness must comply with the layer thickness standards specified under the asphaltic concrete section of these specifications.

5.16.7. The Contractor shall replace the full thickness as directed by the County, extending at least fifty (50) feet beyond each end of the deficient area.

5.16.8. County will mark the area to be corrected with white or pink paint, and the paving shall extend to the outer edge of this paint mark.

5.16.9. Any additional costs incurred to correct deficiencies shall be the sole responsibility of the Contractor. No additional charges shall be made to the County, even if the repair results in the final thickness of the asphaltic concrete overlay exceeding the originally specified thickness.

5.16.10. Asphalt smoothness shall be tested at the discretion County on any roadway which included milling.

5.16.11. Any portion of any roadway associated shall be required to be compliant with Section 330, SURFACE REQUIREMENTS for any lateral or transverse pavement joint provided by Contractor. Any deficiency in excess of three sixteenths (3/16)

inches shall be removed and replaced fifty (50) feet in either direction of the deficient area, at no additional cost to the County.

5.17. Manholes / Valves

5.17.1. Reference FDOT Standard Specifications Section 425, INLETS, MANHOLES, AND JUNCTION BOXES.

5.17.2. Manholes and water valves shall be adjusted through coordination with the appropriate utility provider to within one-half (1/2) inch of the final surface of the newly installed asphaltic concrete. This shall be accomplished prior to placing the new asphaltic concrete.

5.17.3. Contractor shall perform utility coordination required to address all manholes/valves located within the project limits. It shall be the utility provider's responsibility to furnish and install any required adjustments.

5.17.4. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.18. Traffic Stripes and Markings

5.18.1. Reference Standard Specifications FDOT Section 710, PAINTED PAVEMENT MARKINGS and Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

5.18.2. If the Contractor is unable to install the pavement markings as prescribed, appropriate traffic control measures shall be provided, such as but not limited to, warning signs, channelizing devices, and delineation to indicate the required travel ways in temporary traffic control zones.

5.18.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.18.3. Contractor should pay special attention to Section 710-4.3 concerning the retroreflectivity. The minimum retroreflectance of white pavement markings shall not be less than 300 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 250 mcd/lx-m^2.

5.18.4. The existing striping layout shall be recorded prior to the commencement of work. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.18.5. Striping shall be maintained throughout the duration of the work and shall be in place at the end of each workday.

5.18.6. Painted traffic stripes and markings shall be installed prior to the removal of the MOT.

5.18.7. If the Contractor fails to install the correct striping pattern, the Contractor shall remove the markings at their own expense using a method approved by the County.

5.18.8. If the road surface is damaged during the removal process, Contractor shall repair the road surface at Contractor's expense.

5.18.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.18.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity.

5.18.11. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.18.12. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify retroreflectivity, width, thickness and color. County shall notify Contractor of any deficiencies.

5.18.13. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.18.14. All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.19. Thermoplastic Traffic Stripes and Markings

5.19.1. Reference FDOT Standard Specification Section 711, THERMOPLASTIC PAVEMENT MARKINGS. Contractor should pay special attention to Section 711-4.3 concerning the retroreflectivity.

5.19.2. If the Contractor is unable to install the pavement markings as prescribed, the Contractor shall provide suitable traffic control measures in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), 2025 Edition or the latest edition. These traffic control measures shall include, but are not limited to, warning signs, channelizing devices, and delineation to clearly indicate the required travel ways within temporary traffic control zones.

5.19.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.19.3. Thermoplastic Pavement Markings shall not be installed prior to fourteen (14) calendar days following paving.

5.19.4. The minimum retroreflectance of white pavement markings shall not be less than 450 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 350 mcd/lx-m^2.

5.19.5. In addition to the FDOT Specifications, thermoplastic striping shall not be applied prior to a thirty (30) day cure period from the time of asphaltic concrete application, unless otherwise approved by the County.

5.19.6. The existing striping layout shall be recorded prior to the resurfacing activity is started. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.19.7. If Contractor does not install the correct striping pattern, it shall be Contractor's responsibility to remove the markings by the method approved by the County.

5.19.8. Contractor shall be responsible for the cost of the removal and replacement of the correct pattern. If the road surface is damaged during this removal process, Contractor shall be responsible to repair the road surface to the County's satisfaction at Contractor's expense.

5.19.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.19.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.19.11. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using the same method, to test and certify retroreflectivity, width, thickness and color.

5.19.12. County shall notify the Contractor of any deficiencies. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.19.13. Longitudinal pavement markings are subject to a 180-day observation period under normal traffic. The observation period shall begin with the satisfactory completion and acceptance of the work.

5.19.13.1. The markings shall show no signs of failure due to blistering, excessive cracking, chipping, discoloration, poor adhesion to the pavement, loss of reflectivity or vehicular damage.

5.19.13.2. The retroreflectivity shall meet the initial requirements of 711-4.3.

5.19.13.3. Contractor shall replace, at no cost to the County, any thermoplastic pavement markings that do not perform satisfactorily under traffic during the 180-day observation period.

5.19.14 All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.20. Worksite Traffic Supervisor

5.20.1. Reference FDOT Standard Specifications Section 102, Maintenance of Traffic.

5.20.2. Contractor shall have a worksite traffic supervisor that shall be responsible for all MOT by installing and maintaining all traffic control devices.

5.20.3. The worksite traffic supervisor shall review the project on a day-by-day basis as well as being involved in all changes relating to traffic control devices and traffic patterns.

5.20.4. This person shall handle traffic related situations and have access to all resources needed to maintain traffic control. This person shall be available in case of emergencies twenty-four (24) hours per day and shall be able to respond to the site within forty-five (45) minutes after notification.

5.20.5. Failure of this person to comply with the provisions of Section 102, shall be grounds for this person being removed from the project. If the County removes this individual from the project, Contractor shall provide a replacement with a person that is properly trained.

5.20.6. Failure to maintain a designated worksite traffic supervisor shall result in temporary suspension of all activities except MOT, erosion control, and other activities deemed to be necessary for project maintenance and safety.

5.20.7. The cost associated with the worksite traffic supervisor shall be included in the overall cost of all the operations needed to complete the work as outlined within these specifications.

[*The remainder of this page intentionally left blank*]

1. INSURANCE COVERAGE

1.1. CONTRACTOR will purchase and maintain at all times during the term of this Contract, without cost or expense to the COUNTY, policies of insurance as indicated below, with a company or companies authorized to do business in the State of Florida, and which are acceptable to the COUNTY, insuring the CONTRACTOR against any and all claims, demands, or causes of action, for injuries received or damage to property relating to the performance of duties, services, or obligations of the CONTRACTOR under the terms and provisions of the Contract.

1.2. An original certificate of insurance, indicating that CONTRACTOR has coverage in accordance with the requirements of this section must be received and accepted by the COUNTY prior to contract execution or before any work begins. It will be furnished by CONTRACTOR to the COUNTY'S Project Manager and Procurement Services Director within five (5) working days of such request.

1.3. The parties agree that the policies of insurance and confirming certificates of insurance will insure the CONTRACTOR in accordance with the following minimum limits:

1.3.1. Commercial General Liability Insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/2,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

1.3.2. Automobile Liability Insurance, including owned, non-owned, and hired autos with the minimum Combined Single Limit of $1,000,000

1.3.3. Workers' Compensation Insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers Liability with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employer	$1,000,000
Disease-Policy Limit	$1,000,000

1.3.4. Professional Liability and Specialty Insurance (environmental, pollution) as applicable, with minimum limits of $1,000,000 and annual aggregate of $2,000,000.

2. ADDITIONAL INSURED / CERTIFICATE REQUIREMENTS

2.1. Lake County, a Political Subdivision of the State of Florida, and the Board of County Commissioners, will be named as additional insured as their interest may appear on all applicable policies. Certificates of insurance must identify the solicitation number in the Description of Operations section on the Certificate.

2.2. Certificate holder must be:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

3. POLICY PROVISIONS

Certificates of Insurance must evidence the following:

3.1. A waiver of subrogation in favor of the COUNTY.

3.2. Coverage that is primary and noncontributory to any insurance or self-insurance maintained by the COUNTY.

3.3. Inclusion of a Cross Liability or Severability of Interests provision.

3.4. No requirement for the COUNTY to pay any premiums or assessments.

4. **POLICY ENDORSEMENTS**

4.1. CONTRACTOR must provide copies of all policy endorsements reflecting the required coverage, including documentation that lists Lake County as an additional insured and incorporates all required provisions including Waiver of Subrogation.

4.2. Contracts cannot be completed without this required insurance documentation. A Certificate of Insurance (COI) alone will not be accepted in lieu of the policy endorsements.

5. RENEWAL AND CONTINUOUS COVERAGE

5.1. CONTRACTOR shall maintain all required insurance coverage continuously throughout the term of the Contract, including any extensions or renewals.

5.2. Updated Certificates of Insurance, along with all relevant policy endorsements, must be submitted to the COUNTY no later than ten (10) calendar days before the expiration of any current insurance policy.

5.3. Failure to maintain continuous coverage may be considered a material breach of this Contract and grounds for immediate suspension or termination.

6. NOTICE OF CANCELLATION, NON-RENEWAL, OR MATERIAL CHANGE

6.1. CONTRACTOR or its insurer shall provide written notice to the COUNTY of cancellation, non-renewal, material restriction, or material change to any required insurance policy at least thirty (30) calendar days prior to the effective date of such action.

6.2. Notices shall be sent to the COUNTY's Project Manager and Procurement Services Director.

6.3. In the event of cancellation or non-renewal, CONTRACTOR shall immediately procure replacement coverage meeting or exceeding all required limits and conditions.

7. ADDITIONAL DOCUMENTATION REQUIREMENTS

7.1. Upon request by the COUNTY, CONTRACTOR shall provide complete copies of any insurance policies, endorsements, or other documentation necessary to verify compliance with the insurance requirements of this Contract.

7.2. CONTRACTOR shall fully cooperate with the COUNTY by providing prompt and comprehensive responses to all documentation requests.

7.3. Failure to provide the requested documentation may be considered as a material breach of the Contract.

7.4. CONTRACTOR shall be responsible for the actions and insurance coverage of all subcontractors. Each subcontractor shall provide the COUNTY with Certificates of Insurance demonstrating coverage and terms that meet the requirements established by the CONTRACTOR.

DEFINITIONS

Contract: The agreement to perform the services set forth in a document signed by both parties with any attachments specifically incorporated.

Contractor: The Vendor to whom award has been made.

County: Lake County, Florida, a political subdivision of the State of Florida.

Proposal: Any offer submitted in response to a solicitation.

Solicitation: The written document requesting bids, quotes, or proposals from the marketplace.

Vendor: Any entity responding to a solicitation or performing under any resulting contract.

INSTRUCTIONS TO VENDORS

A. Vendor Qualification: The County requires Vendors provide evidence of compliance with the requirements below upon request:
   1. Disclosure of Employment.
   2. Disclosure of Ownership.
   3. Drug-Free Workplace.
   4. W-9 and 8109 Forms – as required by the Internal Revenue Service.
   5. Americans with Disabilities Act (ADA).
   6. Conflict of Interest.
   7. Debarment Disclosure Affidavit.
   8. Nondiscrimination.
   9. Family Leave.
   10. Antitrust Laws – By acceptance of any contract, the Vendor agrees to comply with all applicable antitrust laws.

B. Public Entity Crimes: Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

C. Contents of Solicitation and Vendors' Responsibilities: The Vendor shall be thoroughly familiar with the requirements of this solicitation. Ignorance of these matters by the Vendor will not be accepted as a basis for varying the requirements of the County, or the compensation to be paid.

E. Restricted Discussions: From the date of solicitation issuance until final County action, Vendors will not discuss any part of the solicitation with any employee, agent, or other representative of the County except as expressly authorized by the designated procurement representative. The only communications that will be considered pertinent to a solicitation are appropriately signed written documents from the Vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Changes to Proposal: Prior to the scheduled due date, a Vendor may change its Proposal by submitting a new proposal with a letter on the firm's letterhead, signed by an authorized agent stating that the new submittal replaces the original. The new submittal must contain the letter and all information as required in the solicitation.

G. Withdrawal of Proposal: A Proposal will be irrevocable unless it is withdrawn as provided in a solicitation. A Proposal may be withdrawn, either physically or by written notice, at any time prior to solicitation award. If withdrawn by written notice, that notice must be addressed to, and received

by, the designated procurement representative. The letter must be on company letterhead and signed by an authorized agent of the Vendor.

H. Conflicts within the Solicitation: Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence will be: the last addendum issued, the Proposal Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the Vendor to identify such conflicts to the designated procurement representative prior to the Proposal due date.

I. Prompt Payment Terms: Payment for all purchases by County agencies will be made in a timely manner and interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. The Vendor may offer cash discounts for prompt payments; however, such discounts will not be considered in determining the lowest price during Proposal evaluation.

PREPARATION OF PROPOSALS

A. The pricing section of a solicitation defines requirements of items to be purchased and must be completed and submitted with the Proposal. Use of any other form or alteration of the form may result in rejection of the Proposal.

B. The Proposal submitted must be legible. Vendors shall type or use an ink to complete the Proposal. All changes must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.

C. An authorized agent of the Vendor's firm must sign the Proposal. The County may reject any Proposal not signed by an authorized agent.

D. The Vendor may submit alternate Proposals for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate Proposal must meet or exceed the minimum requirements and be submitted as a separate Proposal marked "Alternate Proposal."

E. When there is a discrepancy between the unit prices and any extended prices, the unit prices will prevail. The County reserves the right to allow for clarification of questionable entries and the correction of obvious mistakes.

F. Any Proposal received after the designated receipt date will be considered late and will not be considered for award.

COLLUSION

Where two (2) or more related parties each submit a Proposal for the same contract, such Proposals will be presumed to be collusive. Furthermore, any prior understanding, agreement, or connection between two (2) or more corporations, firms, or persons submitting a Proposal for the same materials, supplies, services, or equipment will also be presumed to be collusive. Proposals found to be collusive will be rejected. Vendors which have been found to have engaged in collusion may be considered non-responsible and may be suspended or debarred. Any contract resulting from collusive bidding may be terminated for default.

PROHIBITION AGAINST CONTINGENT FEES

The Vendor warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure the Contract and that they have not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Vendor, any consideration contingent upon or resulting from the award or making of the Contract.

CONTRACTING WITH COUNTY EMPLOYEES

Any County employee or immediate family member seeking to contract with the County shall seek a conflict of interest opinion from the County Attorney prior to submittal of a Proposal. The affected employee shall disclose the employee's assigned function within the County and interest or the interest of his or her immediate family in the proposed contract and the nature of the intended contract.

INCURRED EXPENSES

A solicitation does not commit the County to make an award nor will the County be responsible for any cost or expense which may be incurred by any Vendor in preparing and submitting a Proposal, or any cost or expense incurred by any Vendor prior to the execution of a purchase order or contract.

AWARD

A. The Contract resulting from a solicitation may be awarded to the responsible Vendor which submits a Proposal determined to provide the best value to the County with price, technical, and other applicable factors considered. The County reserves the right to reject any and all Proposals, to waive irregularities or technicalities, and to re-advertise for all or any part of this solicitation as deemed in its best interest. The County will be the sole judge of its best interest.

B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid, or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is necessary to protect the best interests of the County.

C. The County reserves the right to reject any and all Proposals if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.

D. The County reserves the right to reject offers containing terms or conditions contradictory to the County's.

E. Award of a solicitation will be made to firms satisfying all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the Vendor's site or hold a pre-award qualification hearing to determine if the Vendor can perform the requirements of a solicitation.

F. The Vendor's performance as a Contractor or subcontractor on previous County contracts will be considered in evaluating the responsibility of the Vendor.

G. Any tie situations will be resolved in consonance with current written County procedure.

H. The County has imposed a reciprocal match local vendor preference practice to ensure an equal procurement environment for all potential vendors unless prohibited by the funding source. More information is available on Section 2-222 Local Vendor Preference.

I. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.

J. A Vendor wishing to protest any award decision resulting from a solicitation may do so per the Lake County Protest Procedures.

GRANT FUNDING

In the event any part of a Contract is to be funded by federal, state, or other local agency monies, the Vendor hereby agrees to comply with all requirements of the funding entity applicable to the use of the monies, including full application of requirements involving the use of minority firms, women's business enterprises, and labor surplus area firms. Contractors are advised that payments under the Contract may

be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements.

STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of the registration may be required prior to award of a Contract. Additional information is available by visiting the Florida Department of State home page.

PRIME CONTRACTOR

The Vendor awarded a Contract shall act as the Prime Contractor and will assume full responsibility for the successful performance under the Contract. The Awarded Vendor (Contractor) will be considered the sole point of contact regarding meeting all requirements of the Contract. All subcontractors may be subject to advance review by the County regarding competency and security concerns. No change in subcontractors may be made without the consent of the County after the award of the Contract. Contractor will be responsible for all insurance, permits, licenses, and related matters for any and all subcontractors. County may require the Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

SUBCONTRACTING

Unless otherwise stipulated in a solicitation, the Contractor shall not subcontract any portion of the work without the prior written consent of the County. Subcontracting without the prior consent of the County may result in termination of the Contract for default.

DISADVANTAGED BUSINESSES

The County has adopted policies which assure and encourage the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services. The County encourages joint ventures between majority-owned firms and qualified disadvantaged/minority/women-owned firms.

GENERAL CONTRACT CONDITIONS

The Contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The Contract may not be amended, released, discharged, rescinded or abandoned, except by a written instrument duly executed by the parties. The failure of any party at any time to enforce any of the provisions of the Contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the Contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the Contract. Any dispute arising during Contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

GOVERNING LAW

The interpretation, effect, and validity of any contract will be governed by the laws and regulations of the State of Florida, and Lake County, Florida. Venue of any court action will be solely in Lake County, Florida. The Contractor hereby waives its right to a jury trial.

COMPLIANCE OF LAWS, REGULATIONS, AND LICENSES

The Contractor shall comply with all federal, state, and local laws and regulations applicable to provision of the goods or services specified in a solicitation. During the term of a Contract, the Contractor assures that it is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992, in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, disability or marital status, discriminate in any form or manner against its employees or

applicants for employment. The Contractor understands that any Contract is conditioned upon the veracity of this statement.

CONTRACT EXTENSION

The County has the unilateral option to extend a Contract for up to ninety (90) calendar days beyond the current Contract period. In such event, the County will notify the Contractor in writing of such extensions. The Contract may be extended beyond the initial ninety (90) day extension upon mutual agreement between the County and the Contractor. Exercise of the above options requires the prior approval of the Procurement Services Director.

MODIFICATION OF CONTRACT

Any Contract resulting from a solicitation may be modified by mutual consent of duly authorized parties, in writing through the issuance of a modification to the Contract or purchase order as appropriate. This presumes the modification itself complies with all applicable County procedures.

ASSIGNMENT

The Contractor shall not assign or transfer any Contract resulting from a solicitation, including any rights, title or interest in the Contract, or its power to execute such Contract to any entity without the prior written consent of the County. This provision includes any acquisition or hostile takeover of the Contractor. Failure to comply may result in termination of the Contract for default.

NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within a solicitation. However, the County reserves the right to perform, or cause to be performed, all or any of the work and services described in a solicitation in the manner deemed to represent its best interests. In no case will the County be liable for billings in excess of the quantity of goods or services provided under the Contract.

OTHER AGENCIES

Other governmental agencies may make purchases in accordance with the Contract with Contractor consent. Purchases are governed by the Contract's terms and conditions except for the change in agency name. Each agency will be responsible and liable for its own purchases for materials or services received.

CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any Contract period must, unless terminated by mutual written agreement between the County and the Contractor, continue until completion without change to the then current prices, terms and conditions.

WARRANTY

All warranties express and implied, must be made available to the County for goods and services covered by a solicitation. All goods furnished must be fully guaranteed by the Contractor against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided in the Contract will be in addition to the warranty and do not limit any right afforded to the County by any other provision of a solicitation. Contractor shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the County. The special conditions of a solicitation may supersede the manufacturer's standard warranty.

DEFICIENCIES IN WORK TO BE CORRECTED BY THE CONTRACTOR

Contractor shall promptly correct all apparent and latent deficiencies or defects in work, or any work that fails to conform to the Contract documents regardless of project completion status. All corrections

must be made within seven (7) calendar days after such rejected defects, deficiencies, or non-conformances are verbally reported to the Contractor by the County's project administrator. Contractor must bear all costs of correcting such rejected work. If the Contractor fails to correct the work within the period specified, the County may, at its discretion, notify the Contractor, in writing, that the Contractor is subject to contractual default provisions if the corrections are not completed to the satisfaction of the County within seven (7) calendar days of receipt of the notice. If the Contractor fails to correct the work within the period specified in the notice, the County may place the Contractor in default, obtain the services of another Contractor to correct the deficiencies, and charge the incumbent Contractor for these costs, either through a deduction from the final payment owed to the Contractor or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

COUNTY IS TAX-EXEMPT

When purchasing on a direct basis, the County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Visit Lake County Tax Exemption Certificate page to print a copy of the certificate. Except for items specifically identified by the Contractor and accepted by the County for direct County purchase under the Sales Tax Recovery Program, Contractors doing business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor will any Contractor be authorized to use any of the County's Tax Exemptions in securing such materials.

SHIPPING TERMS, F.O.B. DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. The County will not consider any Proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery.

ACCEPTANCE OF GOODS OR SERVICES

The products delivered as a result of a solicitation will remain the property of the Contractor, and services rendered under the Contract will not be deemed complete, until a physical inspection and actual usage of the products or services is accepted by the County and is in compliance with the terms in the contract.

Any goods or services purchased as a result of a solicitation or Contract may be tested/inspected for compliance with specifications. In the event that any aspect of the goods or services provided is found to be defective or does not conform to the specifications, the County reserves the right to terminate the Contract or initiate corrective action on the part of the Contractor, to include return of any non-compliant goods to the Contractor at the Contractor's expense**,** requiring the Contractor to either provide a direct replacement for the item, or a full credit for the returned item. The Contractor shall not assess any additional charges for any conforming action taken by the County under this clause. The County will not be responsible to pay for any product or service that does not conform to the Contract specifications.

In addition, any defective product or service or any product or service not delivered or performed by the date specified in a purchase order or Contract, may be procured by the County on the open market, and any increase in cost may be charged against the Contractor. Any cost incurred by the County in any re-procurement plus any increased product or service cost will be withheld from any monies owed to the Contractor by the County for any Contract or financial obligation.

ESTIMATED QUANTITIES

Estimated quantities or dollars are for the Vendor's guidance only and may be used in the award evaluation process. No guarantee is expressed or implied as to quantities or dollar value that will be used during the Contract period. The County is not obligated to place any order for a given amount subsequent

to the award of a solicitation. In no event will the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

PURCHASE OF OTHER ITEMS

While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a Contract. The Contractor will provide a price quote for the ancillary items. The County may request price quotes from all Contractors under Contract if there are multiple Contracts. The County reserves the right to award these ancillary items to the primary Contractor, another Contract Contractor based on the lowest price quoted, or to acquire the items through a separate solicitation.

Although a Contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the Contract at the option of the County. The location change will be addressed by formal Contract modification. The County may obtain price quotes for the additional facilities from other Vendors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

SAFETY

The Contractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA). The Contractor shall take all necessary precautions for the safety of and shall provide the necessary protection to prevent damage, injury, or loss to persons or property.

The Contractor shall provide all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations.

The Contractor shall designate a competent person of its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel. This person must be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the Contract Manager.

MATERIAL SAFETY DATA SHEET (MSDS)

The Contractor is responsible to ensure the County has received the latest version of any MSDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. The Contractor shall promptly provide a new MSDS to the County with the new information relevant to the specific material at any time the content of an MSDS is revised.

TOBACCO PRODUCTS

Tobacco use, including both smoke and smokeless tobacco, is prohibited on County owned property.

CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner. The Contractor shall thoroughly clean up all areas where work has been involved as mutually agreed with the associated user department's project manager upon final completion.

PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest must always be protected against damage or interrupted services by the Contractor during the term of a Contract. The Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the Contractor's operation on the property. In the event the Contractor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the Contractor.

CERTIFICATE OF COMPETENCY/LICENSURE, PERMITS, AND FEES

Any Vendor that submits an offer in response to a County solicitation shall, at the time of such offer if required, hold a valid Certificate of Competency or appropriate current license issued by the State or County Examining Board qualifying the Vendor to perform the work proposed. If work for other trades is required in conjunction with a solicitation, and such work will be performed by subcontractors hired by the Vendor, an applicable Certificate of Competency/license issued to the subcontractors must be submitted with the Vendor's offer. The County may at its option and in its best interest, allow the Vendor to supply the subcontractors certificate/license to the County during the offer evaluation period. The Contractor is responsible to ensure that all required licenses, permits, and fees (to include any inspection fees) required for a project are obtained and paid for, and shall comply with all laws, ordinances, regulations, and building or other code requirements applicable to the work contemplated in a solicitation. Damages, penalties, or fines imposed on the County or the Contractor for failure to obtain required licenses, permits, inspection or other fees, or inspections will be borne by the Contractor.

TRUTH IN NEGOTIATION CERTIFICATE

Any organization awarded a Contract must execute a truth-in-negotiation certificate stating that the wage rates and other factual unit costs are accurate, complete, and current, at the time of contracting for each Contract that exceeds $195,000.00. Any Contract requiring this certificate will contain a provision that the original Contract price and any additions will be adjusted to exclude any significant sums by which the County determines the Contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such Contract adjustments will be made within one (1) year following the end of the Contract.

COMPETENCY OF VENDORS AND ASSOCIATED SUBCONTRACTORS

Proposals will be considered from firms which are regularly engaged in the business of providing or distributing the goods or services described in the solicitation, and who can produce evidence of a consistent satisfactory record of performance. The County may consider any evidence available to it of the financial, technical, and other qualifications and abilities of any Vendor responding under a solicitation, including past performance with the County. Vendors must have sufficient financial support and organization to ensure satisfactory delivery under the stated solicitation terms and conditions of any Contract awarded. In the event the Vendor intends to subcontract any part of its work or will obtain the goods specifically offered under the Contract from another source of supply, the Vendor may be required to verify the competency of its subcontractor or supplier. The County reserves the right, before awarding the Contract, to require a Vendor to submit such evidence of its or its subcontractor's qualifications.

RESPONSIBILITY AS EMPLOYER

The employees of the Contractor will always be considered its employees, and not an employees or agents of the County. The Contractor shall provide employees capable of performing the work as required. The County may require the Contractor to remove any employee it deems unacceptable. All employees of the Contractor may be required to wear appropriate identification.

MINIMUM WAGES

Under the Contract, the wage rate paid to all laborers, mechanics and apprentices employed by the Contractor for the work under the Contract, must not be less than the prevailing wage rates for similar classifications of work as established by the Federal Government and enforced by the U.S. Department of Labor, Wages and Hours Division, and Florida's Minimum Wage requirements in Article X, Section 24 (f) of the Florida Constitution and enforced by the Florida Legislature by statute or the State Agency for Workforce Innovation by rule, whichever is higher.

PRICE REDETERMINATIONS

Contractor may petition for a price redetermination with documented increases in the cost of wages, fuel, or materials within 30 calendar days of the anniversary date of the Contract. Price redeterminations will be based upon changes documented by the applicable Employment Cost Index (ECI) or Producer Price Index (PPI) as published on the *Bureau of Labor Statistics site here*. Contractor may petition for price redetermination for Contractor's minimum wage employees should the minimum wage increase during the Contract. Upon verification, the County may grant an increase matching the minimum wage increase.

INDEMNIFICATION

To the extent permitted by law, the Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract by the Contractor or its employees, agents, servants, partners, principals or subcontractors. The Contractor shall pay all claims and losses in connection with those claims and losses, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may be incurred. The Contractor expressly understands and agrees that any insurance protection required by the Contract or otherwise provided by the Contractor will in no way limit the responsibility to indemnify, keep and hold harmless and defend the County or its officers, employees, agents and instrumentalities as provided in a solicitation or any Contract arising from a solicitation.

TERMINATION FOR CONVENIENCE

The County, at its sole discretion, reserves the right to terminate the Contract upon thirty (30) days' written notice. Upon receipt of such notice, the Contractor shall not incur any additional costs under the Contract. The County will be liable only for reasonable costs incurred by the Contractor prior to notice of termination. The County will be the sole judge of "reasonable costs."

TERMINATION DUE TO UNAVAILABILITY OF CONTINUING FUNDING

When funds are not appropriated or otherwise made available to support continuation of performance in a current or subsequent fiscal year, the Contract will be cancelled, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

TERMINATION FOR DEFAULT

The County reserves the right to terminate any Contract arising from a solicitation, in part or in whole, or affect other appropriate remedy in the event the Contractor fails to perform in accordance with the terms and conditions stated in the Contract. The County further reserves the right to suspend or debar the Contractor in accordance with the County's ordinances, resolutions and administrative orders. The Contractor will be notified by letter of the County's intent to terminate and the Contractor will be given

ten (10) calendar days to cure the breach. In the event of termination for default, the County may procure the required goods and services from any source and use any method deemed in its best interest. All re-procurement costs will be borne by the Contractor.

FRAUD AND MISREPRESENTATION

Any individual, corporation or other entity that attempts to meet its contractual obligations through fraud, misrepresentation or other material misstatement, may be debarred for up to five (5) years. The County as a further sanction may terminate or cancel any other Contracts with such individual, corporation or entity with such Contractor held responsible for all direct or indirect costs associated with termination or cancellation, including attorneys' fees.

RIGHT TO AUDIT

The County reserves the right to require the Contractor to submit to an audit, by any auditor of the County's choosing. The Contractor shall provide access to all of its records, which relate directly or indirectly to the contract at its place of business during regular business hours. The Contractor shall retain all records pertaining to the contract and upon request make them available to the County for three (3) complete calendar years following expiration of the contract. The Contractor agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards.

If the Contractor provides technology services, the Contractor must provide Statement of Standards for Attestations Engagements (SSAE) 16 or 18 and System and Service Organization Control (SOC) reports upon request by the County. The SOC reports must be full Type II reports that include the Contractor's description of control processes, and the independent auditor's evaluation of the design and operating effectiveness of controls. The cost of the reports will be paid by the Contractor.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the Contractor to the County in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the County's audit must be reimbursed to the County by the Contractor. Any adjustments or payments which must be made as a result of any such audit or inspection of the Contractor's invoices or records must be made within a reasonable amount of time, but in no event may the time exceed ninety (90) calendar days, from presentation of the County's audit findings to the Contractor.

This provision is hereby considered to be included within, and applicable to, any subcontractor agreement entered into by the Contractor in performance of any work under the contract.

PROPRIETARY/CONFIDENTIAL INFORMATION

Vendors are hereby notified that all information submitted as part of a Proposal will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"). The Vendor should not submit any information in response to a solicitation which the Vendor considers proprietary or confidential. The submission of any information to the County in connection with a solicitation will be deemed a waiver from release of the submitted information unless such information is exempt or confidential under the Public Records Act.

PUBLIC RECORDS LAW

Pursuant to section 119.0701(2)(a), Florida Statutes, the County is required to provide Contractor with this statement and establish the following requirements as contractual obligations pursuant to the contract:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY

TO PROVIDE PUBLIC RECORDS RELATING TO THIS SOLICITATION, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-343-9839, PURCHASING@LAKECOUNTYFL.GOV, BY MAIL, OFFICE OF PROCUREMENT SERVICES, ATTN: RON FALANGA, P.O. BOX 7800 TAVARES, FL 32778.

By entering into the Contract, Contractor acknowledges and agrees that any records maintained, generated, received, or kept in connection with, or related to the performance of services provided under, the Contract are public records subject to the public records disclosure requirements of section 119.07(1), Florida Statutes, and Article I, section 24 of the Florida Constitution. Pursuant to section 119.0701, Florida Statutes, any Contractor entering into a contract for services with the County is required to:

A. Keep and maintain public records required by the County to perform the services and work provided pursuant to the Contract.

B. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion or termination of the Contract if the Contractor does not transfer the records to the County.

D. Upon completion or termination of the Contract, transfer, at no cost, to the County all public records in the possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion or termination of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion or termination of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

Requests to inspect or copy public records relating to the County's Contract for services must be made directly to the County. If Contractor receives any such request, Contractor shall instruct the requestor to contact the County. If the County does not possess the records requested, the County shall immediately notify the Contractor of such request, and the Contractor must provide the records to the County or otherwise allow the records to be inspected or copied within a reasonable time.

Contractor acknowledges that failure to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes. Contractor further agrees not to release any records that are statutorily confidential or otherwise exempt from disclosure without first receiving prior written authorization from the County. Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek

declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

COPYRIGHTS

Any copyright derived from a Contract will belong to the author. The author and the Contractor shall expressly assign to the County nonexclusive, royalty free rights to use any and all information provided by the Contractor in any deliverable or report for the County's use which may include publishing in County documents and distribution as the County deems to be in its best interests. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

The County owns and retains all proprietary rights in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission.

SOVEREIGN IMMUNITY

County expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Nothing will be deemed as a waiver of immunity or the limitations of liability of County beyond any statutory limited waiver of immunity or limits of liability. Nothing will inure to the benefit of any third party for the purpose of allowing any claim against County, which would otherwise be barred under the law.

COMPLIANCE WITH FEDERAL STANDARDS

All items to be purchased under a Contract must be in accordance with all governmental standards to include, but not be limited to, those issued by the Occupational Safety and Health Administration (OSHA), the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA).

E-VERIFY

Upon award of a Contract, the Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new persons hired by the Contractor during the term of the Contract.

The Contractor shall include in all contracts with subcontractors performing work pursuant to any Contract, an express requirement that subcontractors utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new employees hired by subcontractors during the term of the subcontract.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPPA)

The Contractor may be required to execute a Business Associate Agreement, pursuant to the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) (codified at 42 U.S.C. Section 1320d, *et. seq.*), and regulations contained in 45 C.F.R. Parts 160 and 164.

If the Contractor obtains any information governed by 42 U.S.C. Section 290dd-2 and the regulations implemented by the Substance Abuse and Mental Health Services Administration at 42 C.F.R. Part 2 (collectively referred to as the "SAMHSA regulations"), whether from the County or another source, while providing services to the County under the contract, the Contractor shall only use or disclose that information pursuant to the SAMHSA regulations.

The Contractor will also comply with any and all laws under the State of Florida governing the confidentiality of health information, including but not limited to records or other documents containing medical, mental health, or substance abuse information.

FORCE MAJEURE

The parties will exercise every reasonable effort to meet respective obligations under the Contract but will not be liable for delayed performance or nonperformance resulting from a force majeure. A party that becomes aware of a force majeure that will significantly delay performance will notify the other party promptly, within 15 calendar days, after if discovers the force majeure. If a force majeure occurs, the parties may execute a contract modification or change order to extend the performance schedule or make accommodations that are reasonable under the circumstances.

NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against the County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve the Contractor of duty to perform or give rise to any right to damages or additional compensation from the County. The Contractor's sole remedy will be the right to seek an extension to the Contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the County.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel, and is not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

ANTI-TRAFFICKING RELATED ACTIVITIES

The U.S. Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities listed below. These prohibitions specifically apply to come federally funded contracts and prohibit contractors, contractor employees, and their agents from:

A. Engaging in severe forms of trafficking in persons during the period of performance of the contract;

B. Procuring commercial sex acts during the period of performance of the contract;

C. Using forced labor in the performance of the contract;

D. Destroying, concealing, confiscating, or otherwise denying access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

E. Using misleading or fraudulent practices during the recruitment of employees;

F. Charging employees or potential employees recruitment fees;

G. Failing to provide return transportation or paying for the cost of return transportation upon the end of employment for certain employees;

H. Providing or arrange housing that fails to meet the host country housing and safety standards; or

I. Failing to provide an employment contract, recruitment agreement, or other required work documents in writing, as required by law or contract.

NOTICES

All notices given by one party to the other party under a contract must be delivered to the receiving party's address set forth on the Contract either by hand, qualified courier, or e-mail and will be deemed received the day after it is transmitted. For County, it must be addressed to the Office of Procurement Services, Post Office Box 7800, 315 West Main Street, Suite 441, Tavares, Florida, 32778 or emailed to purchasing@lakecountyfl.gov.

EXHIBIT D **25-754**

PUBLIC WORKS ADDITIONAL TERMS AND CONDITIONS

1. Intent of Contract Documents
2. Errors and Omissions
3. Emergencies
4. Compliance with Occupational Safety and Health / Hazardous Materials
5. General Inspection Requirements
6. Project Manager
7. Contract Time and Time Extension
8. Hours of Operation
9. Changes in Work
10. Claims and Disputes
11. Lands for Work and Access Thereto
12. Maintenance of Traffic
13. Underground Utilities
14. Protection of Existing Structures, Utilities, Work and Vegetation
15. Equipment
16. Sanitation
17. Other Work
18. Bonds
19. Final Inspection
20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the

consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second

seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65
$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in

and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", 2018 edition (or latest edition), or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", 2018 (or latest edition), or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached

by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

REQUIRED CONTRACT PROVISIONS
FEDERAL-AID CONSTRUCTION CONTRACTS

I. General
II. Nondiscrimination
III. Non-segregated Facilities
IV. Davis-Bacon and Related Act Provisions
V. Contract Work Hours and Safety Standards Act Provisions
VI. Subletting or Assigning the Contract
VII. Safety: Accident Prevention
VIII. False Statements Concerning Highway Projects
IX. Implementation of Clean Air Act and Federal Water Pollution Control Act
X. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
XI. Certification Regarding Use of Contract Funds for Lobbying
XII. Use of United States-Flag Vessels:

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 “Contract provisions and related matters” with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term “perform work with its own organization” in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. **Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, ‘on-board’ commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B)
This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

POOL CONTRACT NO. 25-754B
For
ROAD RESURFACING AND RELATED SERVICES

LAKE COUNTY, FLORIDA, a political subdivision of the State of Florida, through its Board of County Commissioners (hereinafter "County") does hereby accept, with noted modifications, if any, the bid of **Estep Construction, Inc.** (hereinafter "Contractor") to supply **Road Resurfacing and Related Services** to the County pursuant to County Bid number 25-754 with any included addenda (hereinafter "Bid"), with an opening date of 12/16/2025, and Contractor's Bid response dated 12/16/2025, thereto with all County Bid provisions governing.

A copy of the Contractor's signed Bid is attached hereto and incorporated herein, thus making it a part of this Contract except that any items not awarded have been struck through. The attachments noted below are attached hereto and are part of this Contract.

ATTACHMENTS:
Attachment 1 – Submittal Form with General Terms & Conditions acceptance signed by Contractor
Attachment 2 – Pricing Sheet
Attachment 3 – Affidavit Form
Addendum(a) 1
Exhibit A – Scope of Work
Exhibit B – Insurance Requirements
Exhibit C – General Terms & Conditions v.5.6.21
Exhibit D – Public Works Road Operations Terms & Conditions
Exhibit E – FHWA-1273
Exhibit F – Performance/Payment Bonds
Exhibit G – intentionally excluded
Exhibit H – Asphalt Millings Site Map

No financial obligation under this Contract shall accrue against the County until a specific purchase transaction is completed pursuant to the terms and conditions of this Contract.

The County's Procurement Services Director shall be the sole judge as to the fact of the fulfillment of this Contract, and upon any breach thereof, shall, at his option, declare this Contract terminated, and for any loss or damage by reason of such breach, whether this Contract is terminated or not, said Contractor and their surety for any required bond shall be liable.

The Contract initial term is from 7/1/2026 through 6/30/2027 with the option for two subsequent two-year renewals. The County reserves the right to terminate this Contract immediately for cause and/or lack of funds and with thirty (30) day written notice for the convenience of the County. Renewals are contingent upon mutual written agreement.

Modifications to this Contract must be in writing signed by the County's Procurement Services Director.

LAKE COUNTY, FLORIDA

_____

By: Ronald A. Falanga
Procurement Services Director
Date: .

The undersigned hereby declares that ESTEP CONSTRUCTION, INC. has reviewed and accepts all specifications, terms, and conditions outlined in this Solicitation and affirms compliance with all legal requirements necessary to conduct business with the County, and to provide **ROAD RESURFACING AND RELATED SERVICES** specified. Submittals were advertised to be submitted by 3:00 P.M. Eastern time on the date indicated in the Solicitation or any subsequent addenda. Furthermore, the undersigned confirms they are duly authorized to execute this document, as well as any related contracts or transactions resulting from the award of this Solicitation.

1.0 TERM OF CONTRACT

Contract will be awarded for an initial one (1) year term with the option for two (2) subsequent two (2) year renewals. Renewals are contingent upon mutual written agreement.

Contract will commence upon the first day of the next calendar month after approval by the authorized authority. The Contract shall remain in effect until completion of both the expressed and implied warranty periods. The County reserves the right to negotiate for additional services or items of a similar nature that were not known or anticipated at the time of solicitation.

2.0 PAYMENT

Contractor shall email County's using department an accurate invoice within 30 calendar days after delivery. Invoices shall reference: Lake County BCC purchase/task order, delivery date, delivery location, and corresponding packing slip or delivery ticket signed by a County representative at the time of acceptance. Failure to submit invoices in the prescribed manner will delay payment.

Payments will be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

All pricing will be FOB Destination unless otherwise specified in this solicitation document. Pricing submitted will remain valid for a ninety (90) day period.

The County's preferred method for invoice payment is electronic remittance via virtual credit card (eCard) payments rather than paper checks. Contractors are encouraged to adopt this electronic payment option. The eCard system is designed to expedite payables and improve efficiency compared to paper check payments. This procedure aligns with the County's responsibilities and objectives, reflecting a commitment to leveraging technology to deliver greater value to taxpayers.

Vendor requests more information about accepting eCard for payment: NO

Vendor accepts MasterCard for payment: NO

3.0 CERTIFICATION REGARDING LAKE COUNTY TERMS AND CONDITIONS

I certify that I have reviewed the General Terms and Conditions for Lake County Florida and accept the Lake County General Terms and Conditions dated 5/6/21 as written including the Proprietary/Confidential Information section. YES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subncontractors are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted

a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel, and are not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or it or its subcontractors have been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

Failure to acknowledge may result in Submittal being deemed non-responsive.

4.0 CERTIFICATION REGARDING FELONY CONVICTION

Has any officer, director, or an executive performing equivalent duties, of the bidding entity been convicted of a felony during the past ten (10) years? NO

5.0 CONFLICT OF INTEREST DISCLOSURE CERTIFICATION

Except as listed below, no employee, officer, or agent of the firm has any conflicts of interest, real or apparent, due to ownership, other clients, contracts, or interests associated with this project; and, this Submittal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a proposal for the same services, and is in all respects fair and without collusion or fraud. ESTEP CONSTRUCTION, INC.

6.0 CERTIFICATION REGARDING BACKGROUND CHECKS

Under any County Contract involving Contractor or subcontractor personnel working in proximity to minors, the Vendor hereby confirms that all such personnel will have successfully completed an initial Certified Background Check, as well as subsequent annual checks, conducted by Contractor at no additional cost to County. The Vendor agrees to comply fully with all applicable Florida Statutes governing background investigations. The County reserves the right to request and review any related records, with or without cause, and to require the immediate replacement of any Contractor employee found to be in violation of these requirements. Furthermore, the Contractor shall indemnify and hold the County harmless from any liability arising from the actions of such personnel. Additional requirements may apply as specified within any particular contract award. YES

7.0 DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The County does not set specific goals for minority set-asides; however, participation by both minority and non-minority qualified firms is strongly encouraged. If your firm is classified as a minority-owned business or holds certification from the State of Florida, Office of Supplier Diversity, (OSD) as a Certified Minority Business Enterprise (CMBE), please indicate the appropriate classification(s) not applicable not applicable

and enter OSD Certification Number Click or tap here to enter text.
and enter effective date Click or tap to enter a date. to date Click or tap to enter a date.

8.0 ANTITRUST VIOLATOR VENDOR LISTS

A person or affiliated entity listed on the antitrust violator vendor list due to a conviction or civil liability for an antitrust violation is prohibited from submitting bids, proposals, or responses for any new contracts to provide goods or services to a public entity. This restriction also applies to new contracts involving the construction or repair of a public building or public works, new leases of real property to a public entity, and includes being awarded or performing work as a contractor, supplier, subcontractor, or consultant under any such new contract. Furthermore, such persons or affiliates are barred from transacting any new business with a public entity.

9.0 FEDERAL FUNDING REQUIREMENT

9.1. A federally funded project expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Registration or search can be conducted here: SAM Directory and Registration website

AFFIDAVIT OF COMPLIANCE WITH §§ 287.138, 288.0071, AND 787.06, FLA. STAT. CONTRACTING WITH AND PROVIDING ECONOMIC INCENTIVES TO FOREIGN ENTITIES OF CONCERN, AND COMPLIANCE WITH ANTI-HUMAN TRAFFICKING LAWS

Before me, the undersigned authority, personally appeared **(Name of affiant)** JEFFREY R. ESTEP, who, after being firstduly sworn, deposes and says of his or her personal knowledge the following:

1. Affiant is the **(Title)** PRESIDENT of **(Business Name)** ESTEP CONSTRUCTION, INC. which is authorized to conduct business in the State of Florida, hereinafter called the "Business."
2. *Prohibition on Providing Personal Identifying Information to Foreign Entities of Concern*: I affirm that Business is not owned by a foreign country of concern, a does a foreign country of concern does not have a controlling interest in Business, and that Business is not organized under the laws of nor does it have its principal place of business in a foreign country of concern, as defined in Section 287.138, Florida Statutes.
3. *Prohibition on Providing Economic Incentives to Foreign Entities of Concern*: I affirm that Business is not a foreign entity, as defined in Section 288.0071, Florida Statutes.
4. *Compliance with Human Trafficking Laws*: I affirm that Business does not use coercion for labor or services as defined in Section 787.06, Florida Statutes, entitled "Human Trafficking."
5. Under penalties of perjury, I declare that I am duly authorized and empowered and have sufficient knowledge to execute and deliver this Affidavit and that I have read the foregoing Affidavit and the facts stated in it are true.

Signed and Delivered on the 16th day of DECEMBER, 2025.

ADDENDUM NO. #1 **25-754**

LAKE COUNTY, FL
REAL FLORIDA · REAL CLOSE
Office of Procurement Services
P.O. Box 7800 • 315 W. Main St., Suite 416 • Tavares, FL 32778

SOLICTATION: ROAD RESURFACING AND RELATED SERVICES 12/04/25

Vendors are responsible for the receipt and acknowledgement of all solicitation addenda. Submit an electronically signed copy with solicitation submission. Failure to acknowledge an addendum may prevent the submission from being considered for award.

THIS ADDENDUM DOES NOT CHANGE THE DATE FOR RECEIPT OF PROPOSALS.

QUESTIONS/RESPONSES

Q1. Is a bid bond required? If so, what percentage?

A. No.

Q2. Will there be a Pre-Bid Meeting for this project?

A. Refer to the bid document, Section 4.0 Pre-Bid Conference

Q3. Will this contract be awarded to one contractor or multiple contractors?

A. Refer to Exhibit A – Scope of Work, first sentence.

Q4. In the Lake County General Terms and Conditions, Price Redeterminations, it states that the contractor shall present documented increases in costs 30 days prior to the anniversary date of the contract, but any price redetermination shall be based on the applicable ECI or PPI, not the actual, documented price increases presented by the contractor, is this correct?

A. Because each project will be quoted using the RFQ system, price redeterminations will not apply to this contract. However, if an awarded project exceeds 90 days, adjustments may be requested and would be calculated using FDOT Bituminous & Fuel adjustments.

Q5. In the bid, there are 2 FC-12.5 Friction Course items that are specified as PG76-22 while other Friction Course items, FC-5, FC-9.5 and FC-12.5, are not designated as PG76-22. If these are not polymer modified and are acceptable to have a non-polymer liquid, can the RAP content be increased to the Lake County acceptable maximum?

A. Yes.

Q6. Will the contractor be responsible for maintaining the stockpile at any of the 3 Lake County milling stockpile sites?

A. No. Refer Exhibit A – Scope of Work, Sections 5.5.7 through 5.5.9.

Secondary E-mail Address: jeff@estepconstruction.com

1. SCOPE OF WORK

To establish a pool of vendors for job order road resurfacing and related services projects. Pool vendors shall be notified of projects via the County's RFQ system as described in Section 4. Contractors shall be required to possess and maintain a valid Class A or B General Contractor's License and shall demonstrate comprehensive knowledge of the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, the Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 edition, or the most current edition as amended.

This is an indefinite quantity contract with no guarantee that services will be required. The County does not guarantee a minimum or maximum dollar amount to be expended on any contract(s) resulting from this solicitation. The scope of work represents the minimum standards required. All work performed shall be in strict compliance with the latest codes, standards, and practices and in accordance with Federal, State, and Local laws.

2. CONTRACTOR RESPONSIBILITIES

Contractor shall:

2.1. Provide all labor, fuel, materials, equipment, storage, supplies, and incidental costs necessary to complete the tasks.

2.2. Provide for skilled, qualified, and English-speaking staff with a cell phone in good working order.

2.3. Provide adequate personnel, in the event of sickness or any absence, a substitute of equal skill shall be provided at no additional cost.

2.4. Provide a neat and clean in appearance dress code (as applicable) for Contractor's employees that consists of a shirt with company name, pants, and work shoes/boots and all associated PPE such as appropriate class safety vest, safety glasses, etc.

2.5. Project a professional image, deal effectively with the public, and discharge duties in a courteous and efficient manner.

2.6. Provide proof of chemical applicators' licensure prior to any Chemical treatment utilizing herbicides for vegetation removal.

2.7. Maintain the project work site in an attractive, and uniformly clean manner which will reflect favorably upon the County and the Contractor.

2.8. Perform work at a time that minimizes disturbance or interference to the flow of traffic.

2.9. Correct all apparent deficiencies within three (3) calendar days of any work that fails to conform to the specifications.

3. COUNTY RESPONSIBILITIES

County will:

3.1. Reserve the right to award to one or more vendors.

3.2. Reserve the right to add or remove services in conjunction with the County's needs.

3.3. Reserve the right to inspect and approve all material, supplies, workmanship, and equipment for contract performance.

3.4. Reserve the right to dismiss Contractor's staff for disorderly conduct or unsatisfactory performance in accordance with contract specifications.

4. DELIVERY REQUIREMENTS AND ACCEPTANCE.

4.1. When it is determined that a road resurfacing project is needed, the County will issue a Request for Quote (RFQ), utilizing the County's RFQ System.

4.2. The RFQ will define the scope of work, project limits, pre-bid meetings (if any), calendar days to complete the project, and submittal requirements.

4.3. The project limits will be marked with pink or white paint.

4.4. Contractor shall perform a site visit and inspect all sites prior to the question submission deadline specified within the RFQ.

4.4.1. Contractor shall document items, including but not limited to, additional milling, leveling, course and radius paving, discrepancies in quantities, or project limits, etc.

4.4.2. Contractor shall submit questions to the County via e-mail prior to the question submission deadline. Questions received after this time will not be answered.

4.4.3. An addendum will be issued for all questions received and posted to the RFQ.

4.5. Contractor shall submit a bid response prior to the bid closing date.

4.6. The submitted bid response constitutes the Contractor's agreement to all quantities and associated costs specified in the RFQ.

4.7. Change orders shall be issued for items that have been added to or deducted from the original RFQ. Change orders may be subject to bituminous and fuel adjustments in accordance with the terms of this contract.

4.8. A price redetermination will not be considered for projects taking less than 90 production days, or any projects exceeding original project days plus any approved added weather days.

5. TECHNICAL REQUIREMENTS

All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition. Relevant FDOT reference sections are indicated under the corresponding items listed below.

5.1. Public Notification of Work

5.1.1. Reference FDOT Standard Specifications Section 990, TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS

5.1.2. Contractor shall notify all residents within the project work area and project schedule and explain the expected level of inconvenience associated with the project.

5.1.3. Contractor shall provide public notification to all residences and parked vehicles on the roadway within the project limits seven (7) calendar days prior to the commencement of work.

5.1.4. Contractor shall obtain County approval prior to placement on residences and vehicles parked on neighborhood roads within the project limits.

5.1.5. Contractor shall install PCMS on all major roadways and industrial parks to display lane closure information including, but not limited to, anticipated lane closure, closure extent (i.e. "Next 3 Miles"), and daily hours of closures.

5.1.6. All costs associated with the PCMS shall be charged per unit/per day and include the installation, removal, mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.1.7. The Contractor shall make every effort to avoid blocking access to businesses for an extended period and provide the business with written notice, approved by the County, at least forty-eight (48) hours prior to access restriction.

5.1.8. Contractor shall minimize the impact to school related traffic during before and after school hours when project limits are within the vicinity of a school,

5.1.8.1. It shall be Contractor's responsibility to coordinate a pre-construction meeting with the County, an official from the affected school, and Contractor's Project Superintendent.

5.1.8.2. An adjusted work schedule will be established, as a result of the pre-construction meeting with the school official.

5.1.8.3. Portable Changeable Message Signs (PCMS) will be required for seven (7) calendar days prior to the commencement of the work to provide public notification of the upcoming work.

5.2. Shoulder Preparation

5.2.1. Vegetation shall be cut back six inches (6") from the edge of pavement, including any present on the pavement surface, and removed prior to the placement of new asphaltic concrete. Any areas where excessive material has been removed shall be promptly repaired by the Contractor.

5.2.2. Shoulder drop-off shall not exceed one (1) inch in depth, as measured from the top of the asphaltic concrete at the pavement edge.

5.2.3. If an excessive drop off is created, it shall be restored to no more than one (1) inch as described above.

5.2.4. If an area is to be left overnight with the excessive drop off, barricades marking the hazard shall be installed in accordance with FDOT specifications.

5.2.5. The cost for shoulder preparation (including mobilization, Maintenance of Traffic (MOT), equipment, labor, and all associated activities) shall be incorporated into the price for installing new asphaltic concrete.

5.3. Vegetation Removal

5.3.1. Vegetation in the cracks or joints shall be removed by using a propane torch or a chemical herbicide and subject to approval of the County. The vegetation shall be totally browned before the new asphaltic concrete is installed.

5.3.2. Chemical treatment shall not be applied without providing proof of chemical applicators licensure.

5.3.3. Chemical treatments shall be applied according to the manufacturer's specifications

to ensure public safety and a log of chemical treatments shall be kept with a copy supplied to the County'. The log shall contain information of the chemical product, manufacturer, application rate, application location, application date and time, safety data sheets (SDS), and weather conditions at the time of application.

5.3.4. The cost of removing vegetation by either propane torch or chemical herbicide treatment (including mobilization, MOT, herbicide, labor, etc.), and shall be incorporated into the price of the paving operation.

5.4. Road Base Repairs / Heavy Milling Repairs

5.4.1. Reference FDOT Standard Specifications Section 334 SUPERPAVE ASPHALTIC CONCRETE.

5.4.2. Full depth milling repairs shall be provided to areas of roadway with failed base.

5.4.2. County shall mark all areas for base repairs with white and pink paint.

5.4.3. Marked areas shall be milled to provide square or rectangular shaped repairs to a depth of six (6) inches and replaced with six (6) inches of Type SP 12.5 asphaltic concrete in three (3), two (2) inch lifts.

5.4.4. Jagged or misshaped repairs shall be rejected and repaired at no additional cost.

5.4.5. The unit cost for base repairs and/or heavy milling shall include, but not limited to mobilization, MOT, milling, asphalt, etc.

5.5. Milling of Existing Asphaltic Concrete Pavement

5.5.1. Reference FDOT Standard Specification Section 327 MILLING OF EXISTING ASPHALT PAVEMENT.

5.5.2. The cold milling process to remove existing asphaltic concrete may be requested to improve ride quality, correct cross slope, lower the finished grade adjacent to existing curbs, or remove the existing pavement.

5.5.3. Areas shall be marked in pink or white paint, milled to the depth specified, and milled to the outside edge of the painted area.

5.5.4. Contractor shall notify the County of any traffic light advance warning loops that will be affected forty-eight (48) hours before the milling operation starts.

5.5.4.1. Contractor will not be held responsible for damage of loops affected by the milling operation.

5.5.5. The milling machine shall be equipped to effectively limit the amount of dust escaping during the milling operation. Pre-wetting of the pavement may be required if it is determined there is too much dust being created.

5.5.6. Profile correction milling may be required on specific portions of roadways and will be paid based on an average milling depth of zero (0) to two (2) inches. Any area which exceeds the two (2) inch average depth will be compensated at the appropriate unit cost for total depth.

5.5.7. Asphalt millings generated shall be hauled from the project location at no additional cost to the County, except for millings that the County directs the Contractor to haul to three designated area(s) not exceeding 25 miles from the project.

5.4.6.1. Site 1 – Maintenance Area 1, 2310 W. Griffin Rd., Leesburg, FL 34748

5.4.6.2. Site 2 – Maintenance Area 2, End of Allegiance Ct., Groveland, FL 34736

5.4.6.3. Site 3 – Maintenance Area 3, 19720 E. Fifth St., Umatilla, FL 32784

5.5.8. If the County elects the Contractor to haul asphalt millings to one of the three designated County sites, payment will be made only for the actual cubic yards hauled.

5.5.8.1. Truck loads should average 18 cubic yards each.

5.5.8.2. Load tickets will be issued at the project site and collected by the County at the designated dump site.

5.5.8.3. The unit cost for milling shall cover mobilization, Maintenance of Traffic (MOT), milling equipment, labor, and all related expenses.

5.5.9. County reserves the right to insert County dump trucks into the milling operation at any time and to retain ownership of the resulting millings. If the County exercises this option, it shall be done in a manner that does not impede the Contractor's production and at no additional cost to the County.

5.6. Prime and Tack Coats

5.6.1. Reference FDOT Standard Specification Section 300, PRIME AND TACK COATS.

5.6.2. A tack coat shall be installed prior to the installation of the new asphaltic concrete.

5.6.3. The tack coat shall only be applied to one lane of traffic at a time, and shall not exceed one (1) mile, unless otherwise determined by the County.

5.6.4. The tack coat shall be applied only to areas scheduled to receive an asphalt layer the same day of operation and shall be protected from all traffic until the asphalt has been placed.

5.6.5. The unit cost for tack coat shall be included in the installation of new asphaltic concrete. No mobilization shall be charged for this operation and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.7. Asphaltic Concrete

5.7.1. Reference FDOT Standard Specification Section 320, HOT MIX ASPHALT PLANT METHODS AND EQUIPMENT and Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.7.2. Contractor shall be responsible to ensure positive drainage of the surface from the roadway to curb, edge of roadway and/or valley gutter.

5.7.3. There shall be no standing water along the pavement where there is no standing water in the curb.

5.7.4. Contractor shall provide proper and adequate fall across entrances and cul-de-sacs to ensure proper drainage of these areas.

5.7.5. The crown of the roadway shall be re- established to ensure a 2% fall from the center of the roadway to the outside edge of the roadway or be placed to match existing cross slope. No water shall be standing in the crown of the roadway.

5.7.6. Should there be low areas that may result in water standing on the new pavement, a

resolution shall be discussed with the County and resolved prior to starting work in the area.

5.7.7. The unit cost shall be based on one (1) inch increments. The cost for fractional amounts shall be invoiced according to the actual fractional amount installed.

5.7.8. The unit cost for asphaltic concrete types FC-5, FC-9.5, FC-12.5, FC-12.5 w/76-22, SP-9.5, and SP-12.5 shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.8. Asphaltic Concrete – Friction Course

5.8.1. Reference FDOT Standard Specifications Section 337, ASPHALTIC CONCRETE FRICTION COURSES.

5.8.2. The County may require the use of:

5.8.2.1. Type FC-9.5 asphaltic concrete friction course.

5.8.2.2. Type FC-12.5 asphaltic concrete friction course.

5.8.2.3. Type FC-12.5 with a 76-22 modified polymer asphaltic concrete friction course.

5.8.3. The unit cost for asphaltic concrete friction courses shall be included in the proposal price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.9. Asphaltic Concrete – Superpave

5.9.1. Reference FDOT Standard Specification Section 334 SUPERPAVE ASPHALT CONCRETE.

5.9.2. The County may require the use of:

5.9.2.1. Type SP-9.5 asphaltic concrete

5.9.2.1. Type SP-12.5 asphaltic concrete.

5.9.3. The unit cost for asphaltic concrete Type SP asphaltic concrete shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.10. Leveling Course

5.10.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.10.2. Contractor may be asked to install a leveling course of asphaltic concrete over an existing asphaltic concrete road surface. This shall only be utilized at the discretion of the County unless the need for such leveling was established prior to issuance of the Notice to Proceed by Contractor.

5.10.3. When a leveling course is requested, the specified asphaltic concrete mix is to be placed on the existing irregular pavement or base, the leveling course shall be used

to help provide a smooth driving surface by filling in voids and deformations such as wheel ruts, depressions, etc.

5.10.4. When a leveling course is requested, the estimate shown on the Project Order Form shall be based on one-half (1/2) inch for the specified area of the road surface. It is understood that some areas of the roadway will not require the entire one-half (1/2) inch and other areas may require greater than one-half (1/2) inch of asphaltic concrete. There should be no additional charge to the County for additional asphaltic concrete needed nor shall the County expect a credit if the specified amount of asphaltic concrete was not used. Contractor shall ensure that the placement is completed so that the final product provides a smooth driving surface.

5.10.5. Profiling of the roadway to change the grade or slope of the road shall be done with the use of asphalt and/or a milling machine.

5.10.6. If the County chooses to change the profile of the road using asphaltic concrete, it shall be quantified and paid by using the unit prices of designated asphaltic concrete unit cost in Attachment 2 – Pricing Sheet.

5.11 Radius Paving

5.11.1. Contractor shall overlay designated roadway intersections that connects to any project road.

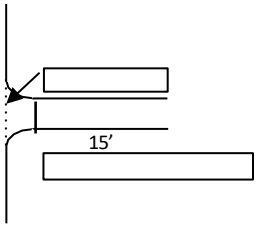
5.11.2. Paving will be to a distance of fifteen (15) feet, or as determined by the County, from the intersection (see diagram below).

5.11.3. The limits of the radius area shall be marked with white or pink paint. Not all intersections shall be paved. If there are not marks, it shall be assumed that the EOP be followed through the intersection or treated as a driveway for overlay applications.

5.11.4. Existing pavement markings within the radius area being paved shall be replaced to the specifications outlined.

5.11.5. The joint between the existing and new pavement shall provide a smooth transition.

5.11.6. The square yardage for the radius paving shall be calculated and added to the total square yards as stated on the Project Order Form.



5.12. Driveways

5.12.1. Driveway joints with the exception of concrete driveways and brick pavers, are to be paved with a one (1) foot per inch or greater slope to achieve a smooth transition.

5.12.2. Driveways shall be swept and tacked before paving.

5.12.3. The cost of installing asphaltic concrete on driveway aprons shall be considered incidental and shall be included in Contractor's per unit resurfacing cost and no additional cost shall be permitted for driveway paving.

5.13. Compaction

5.13.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT – GENERAL CONSTRUCTION REQUIREMENTS.

5.13.2. If the County feels an area does not meet these requirements, they shall hire an independent testing laboratory to determine accordance with this specification.

5.13.3. Areas not in conformance with this specification will need to be removed and replaced at Contractor's expense.

5.14. Smooth Transition

5.14.1. The Contractor shall install a five (5) foot tapered keyway mill on all adjacent roads that are not being milled, in order to ensure a smooth transition between the new and existing pavement.

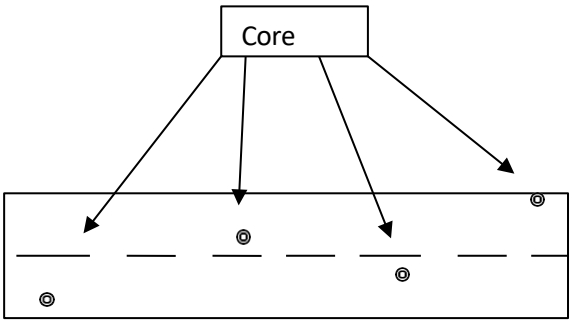
5.15. Quality Inspections

5.15.1. Core samples shall be taken by an independent laboratory approved by the County.

5.15.2. Contractor shall provide the County with the address and contact information of the laboratory prior to any resurfacing work starting.

5.15.3. Core samples shall be taken every five hundred (500) feet regardless of how many lanes are being resurfaced.

5.15.4. Core samples shall be taken in a random pattern as indicated on the diagram below.



5.15.5. Roads that are less than one thousand (1,000) feet shall have a minimum of two (2) core samples taken.

5.15.6. The cores shall be taken at a depth that will show the new and existing asphaltic concrete.

5.15.7. Holes that were created by taking the core samples shall be filled with a product approved by the County.

5.15.8 A determination of the average thickness of the asphaltic concrete shall be made from the samples by the testing laboratory and the results shall be sent from the laboratory directly to the County.

5.15.9 If the Contractor wishes to obtain additional core samples beyond those required by the County, such requests must be submitted in writing, and all associated costs shall be borne by the Contractor.

5.16. Deficiencies of Asphaltic Concrete Thickness and Ride Quality

5.16.1. The County will permit a deficiency in the thickness of the asphaltic concrete overlay not to exceed one-quarter (1/4) inch.

5.16.2. The Contractor shall utilize an asphalt transfer machine approved by the County for all roadway resurfacing involving milling, unless a written exception is granted by the County. The County shall not permit the commencement of work without the required transfer machine. In the event the transfer machine becomes inoperable during production, the County may, at its sole discretion, allow work to continue for the remainder of that production day.

5.16.3. When the deficiency in the thickness of the asphaltic concrete exceeds one-quarter (1/4) inch but does not exceed three-eighths (3/8) inch of the specified thickness, the County shall permit the Contractor to leave the asphaltic concrete in place without any compensation.

5.16.4. County shall determine the affected square yard area by multiplying the lane width by the length between the nearest acceptable core samples, and no payment shall be made for this area.

5.16.5. When the deficiency in thickness exceeds three-eighths (3/8) inch of the specified thickness, the Contractor shall correct the deficiency. In all cases where the installed asphaltic concrete is deficient beyond this limit, the Contractor shall restore the deficient area by applying new asphaltic concrete.

5.16.6. The minimum repair thickness must comply with the layer thickness standards specified under the asphaltic concrete section of these specifications.

5.16.7. The Contractor shall replace the full thickness as directed by the County, extending at least fifty (50) feet beyond each end of the deficient area.

5.16.8. County will mark the area to be corrected with white or pink paint, and the paving shall extend to the outer edge of this paint mark.

5.16.9. Any additional costs incurred to correct deficiencies shall be the sole responsibility of the Contractor. No additional charges shall be made to the County, even if the repair results in the final thickness of the asphaltic concrete overlay exceeding the originally specified thickness.

5.16.10. Asphalt smoothness shall be tested at the discretion County on any roadway which included milling.

5.16.11. Any portion of any roadway associated shall be required to be compliant with Section 330, SURFACE REQUIREMENTS for any lateral or transverse pavement joint provided by Contractor. Any deficiency in excess of three sixteenths (3/16)

inches shall be removed and replaced fifty (50) feet in either direction of the deficient area, at no additional cost to the County.

5.17. Manholes / Valves

5.17.1. Reference FDOT Standard Specifications Section 425, INLETS, MANHOLES, AND JUNCTION BOXES.

5.17.2. Manholes and water valves shall be adjusted through coordination with the appropriate utility provider to within one-half (1/2) inch of the final surface of the newly installed asphaltic concrete. This shall be accomplished prior to placing the new asphaltic concrete.

5.17.3. Contractor shall perform utility coordination required to address all manholes/valves located within the project limits. It shall be the utility provider's responsibility to furnish and install any required adjustments.

5.17.4. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.18. Traffic Stripes and Markings

5.18.1. Reference Standard Specifications FDOT Section 710, PAINTED PAVEMENT MARKINGS and Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

5.18.2. If the Contractor is unable to install the pavement markings as prescribed, appropriate traffic control measures shall be provided, such as but not limited to, warning signs, channelizing devices, and delineation to indicate the required travel ways in temporary traffic control zones.

5.18.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.18.3. Contractor should pay special attention to Section 710-4.3 concerning the retroreflectivity. The minimum retroreflectance of white pavement markings shall not be less than 300 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 250 mcd/lx-m^2.

5.18.4. The existing striping layout shall be recorded prior to the commencement of work. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.18.5. Striping shall be maintained throughout the duration of the work and shall be in place at the end of each workday.

5.18.6. Painted traffic stripes and markings shall be installed prior to the removal of the MOT.

5.18.7. If the Contractor fails to install the correct striping pattern, the Contractor shall remove the markings at their own expense using a method approved by the County.

5.18.8. If the road surface is damaged during the removal process, Contractor shall repair the road surface at Contractor's expense.

5.18.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.18.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity.

5.18.11. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.18.12. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify retroreflectivity, width, thickness and color. County shall notify Contractor of any deficiencies.

5.18.13. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.18.14. All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.19. Thermoplastic Traffic Stripes and Markings

5.19.1. Reference FDOT Standard Specification Section 711, THERMOPLASTIC PAVEMENT MARKINGS. Contractor should pay special attention to Section 711-4.3 concerning the retroreflectivity.

5.19.2. If the Contractor is unable to install the pavement markings as prescribed, the Contractor shall provide suitable traffic control measures in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), 2025 Edition or the latest edition. These traffic control measures shall include, but are not limited to, warning signs, channelizing devices, and delineation to clearly indicate the required travel ways within temporary traffic control zones.

5.19.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.19.3. Thermoplastic Pavement Markings shall not be installed prior to fourteen (14) calendar days following paving.

5.19.4. The minimum retroreflectance of white pavement markings shall not be less than 450 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 350 mcd/lx-m^2.

5.19.5. In addition to the FDOT Specifications, thermoplastic striping shall not be applied prior to a thirty (30) day cure period from the time of asphaltic concrete application, unless otherwise approved by the County.

5.19.6. The existing striping layout shall be recorded prior to the resurfacing activity is started. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.19.7. If Contractor does not install the correct striping pattern, it shall be Contractor's responsibility to remove the markings by the method approved by the County.

5.19.8. Contractor shall be responsible for the cost of the removal and replacement of the correct pattern. If the road surface is damaged during this removal process, Contractor shall be responsible to repair the road surface to the County's satisfaction at Contractor's expense.

5.19.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.19.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.19.11. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using the same method, to test and certify retroreflectivity, width, thickness and color.

5.19.12. County shall notify the Contractor of any deficiencies. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.19.13. Longitudinal pavement markings are subject to a 180-day observation period under normal traffic. The observation period shall begin with the satisfactory completion and acceptance of the work.

5.19.13.1. The markings shall show no signs of failure due to blistering, excessive cracking, chipping, discoloration, poor adhesion to the pavement, loss of reflectivity or vehicular damage.

5.19.13.2. The retroreflectivity shall meet the initial requirements of 711-4.3.

5.19.13.3. Contractor shall replace, at no cost to the County, any thermoplastic pavement markings that do not perform satisfactorily under traffic during the 180-day observation period.

5.19.14 All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.20. Worksite Traffic Supervisor

5.20.1. Reference FDOT Standard Specifications Section 102, Maintenance of Traffic.

5.20.2. Contractor shall have a worksite traffic supervisor that shall be responsible for all MOT by installing and maintaining all traffic control devices.

5.20.3. The worksite traffic supervisor shall review the project on a day-by-day basis as well as being involved in all changes relating to traffic control devices and traffic patterns.

5.20.4. This person shall handle traffic related situations and have access to all resources needed to maintain traffic control. This person shall be available in case of emergencies twenty-four (24) hours per day and shall be able to respond to the site within forty-five (45) minutes after notification.

5.20.5. Failure of this person to comply with the provisions of Section 102, shall be grounds for this person being removed from the project. If the County removes this individual from the project, Contractor shall provide a replacement with a person that is properly trained.

5.20.6. Failure to maintain a designated worksite traffic supervisor shall result in temporary suspension of all activities except MOT, erosion control, and other activities deemed to be necessary for project maintenance and safety.

5.20.7. The cost associated with the worksite traffic supervisor shall be included in the overall cost of all the operations needed to complete the work as outlined within these specifications.

[*The remainder of this page intentionally left blank*]

1. INSURANCE COVERAGE

1.1. CONTRACTOR will purchase and maintain at all times during the term of this Contract, without cost or expense to the COUNTY, policies of insurance as indicated below, with a company or companies authorized to do business in the State of Florida, and which are acceptable to the COUNTY, insuring the CONTRACTOR against any and all claims, demands, or causes of action, for injuries received or damage to property relating to the performance of duties, services, or obligations of the CONTRACTOR under the terms and provisions of the Contract.

1.2. An original certificate of insurance, indicating that CONTRACTOR has coverage in accordance with the requirements of this section must be received and accepted by the COUNTY prior to contract execution or before any work begins. It will be furnished by CONTRACTOR to the COUNTY'S Project Manager and Procurement Services Director within five (5) working days of such request.

1.3. The parties agree that the policies of insurance and confirming certificates of insurance will insure the CONTRACTOR in accordance with the following minimum limits:

1.3.1. Commercial General Liability Insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/2,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

1.3.2. Automobile Liability Insurance, including owned, non-owned, and hired autos with the minimum Combined Single Limit of $1,000,000

1.3.3. Workers' Compensation Insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers Liability with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employer	$1,000,000
Disease-Policy Limit	$1,000,000

1.3.4. Professional Liability and Specialty Insurance (environmental, pollution) as applicable, with minimum limits of $1,000,000 and annual aggregate of $2,000,000.

2. ADDITIONAL INSURED / CERTIFICATE REQUIREMENTS

2.1. Lake County, a Political Subdivision of the State of Florida, and the Board of County Commissioners, will be named as additional insured as their interest may appear on all applicable policies. Certificates of insurance must identify the solicitation number in the Description of Operations section on the Certificate.

2.2. Certificate holder must be:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

3. POLICY PROVISIONS

Certificates of Insurance must evidence the following:

3.1. A waiver of subrogation in favor of the COUNTY.

3.2. Coverage that is primary and noncontributory to any insurance or self-insurance maintained by the COUNTY.

3.3. Inclusion of a Cross Liability or Severability of Interests provision.

3.4. No requirement for the COUNTY to pay any premiums or assessments.

4. **POLICY ENDORSEMENTS**

4.1. CONTRACTOR must provide copies of all policy endorsements reflecting the required coverage, including documentation that lists Lake County as an additional insured and incorporates all required provisions including Waiver of Subrogation.

4.2. Contracts cannot be completed without this required insurance documentation. A Certificate of Insurance (COI) alone will not be accepted in lieu of the policy endorsements.

5. RENEWAL AND CONTINUOUS COVERAGE

5.1. CONTRACTOR shall maintain all required insurance coverage continuously throughout the term of the Contract, including any extensions or renewals.

5.2. Updated Certificates of Insurance, along with all relevant policy endorsements, must be submitted to the COUNTY no later than ten (10) calendar days before the expiration of any current insurance policy.

5.3. Failure to maintain continuous coverage may be considered a material breach of this Contract and grounds for immediate suspension or termination.

6. NOTICE OF CANCELLATION, NON-RENEWAL, OR MATERIAL CHANGE

6.1. CONTRACTOR or its insurer shall provide written notice to the COUNTY of cancellation, non-renewal, material restriction, or material change to any required insurance policy at least thirty (30) calendar days prior to the effective date of such action.

6.2. Notices shall be sent to the COUNTY's Project Manager and Procurement Services Director.

6.3. In the event of cancellation or non-renewal, CONTRACTOR shall immediately procure replacement coverage meeting or exceeding all required limits and conditions.

7. ADDITIONAL DOCUMENTATION REQUIREMENTS

7.1. Upon request by the COUNTY, CONTRACTOR shall provide complete copies of any insurance policies, endorsements, or other documentation necessary to verify compliance with the insurance requirements of this Contract.

7.2. CONTRACTOR shall fully cooperate with the COUNTY by providing prompt and comprehensive responses to all documentation requests.

7.3. Failure to provide the requested documentation may be considered as a material breach of the Contract.

7.4. CONTRACTOR shall be responsible for the actions and insurance coverage of all subcontractors. Each subcontractor shall provide the COUNTY with Certificates of Insurance demonstrating coverage and terms that meet the requirements established by the CONTRACTOR.

DEFINITIONS

Contract: The agreement to perform the services set forth in a document signed by both parties with any attachments specifically incorporated.

Contractor: The Vendor to whom award has been made.

County: Lake County, Florida, a political subdivision of the State of Florida.

Proposal: Any offer submitted in response to a solicitation.

Solicitation: The written document requesting bids, quotes, or proposals from the marketplace.

Vendor: Any entity responding to a solicitation or performing under any resulting contract.

INSTRUCTIONS TO VENDORS

A. Vendor Qualification: The County requires Vendors provide evidence of compliance with the requirements below upon request:
   1. Disclosure of Employment.
   2. Disclosure of Ownership.
   3. Drug-Free Workplace.
   4. W-9 and 8109 Forms – as required by the Internal Revenue Service.
   5. Americans with Disabilities Act (ADA).
   6. Conflict of Interest.
   7. Debarment Disclosure Affidavit.
   8. Nondiscrimination.
   9. Family Leave.
   10. Antitrust Laws – By acceptance of any contract, the Vendor agrees to comply with all applicable antitrust laws.

B. Public Entity Crimes: Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

C. Contents of Solicitation and Vendors' Responsibilities: The Vendor shall be thoroughly familiar with the requirements of this solicitation. Ignorance of these matters by the Vendor will not be accepted as a basis for varying the requirements of the County, or the compensation to be paid.

E. Restricted Discussions: From the date of solicitation issuance until final County action, Vendors will not discuss any part of the solicitation with any employee, agent, or other representative of the County except as expressly authorized by the designated procurement representative. The only communications that will be considered pertinent to a solicitation are appropriately signed written documents from the Vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Changes to Proposal: Prior to the scheduled due date, a Vendor may change its Proposal by submitting a new proposal with a letter on the firm's letterhead, signed by an authorized agent stating that the new submittal replaces the original. The new submittal must contain the letter and all information as required in the solicitation.

G. Withdrawal of Proposal: A Proposal will be irrevocable unless it is withdrawn as provided in a solicitation. A Proposal may be withdrawn, either physically or by written notice, at any time prior to solicitation award. If withdrawn by written notice, that notice must be addressed to, and received

by, the designated procurement representative. The letter must be on company letterhead and signed by an authorized agent of the Vendor.

H. Conflicts within the Solicitation: Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence will be: the last addendum issued, the Proposal Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the Vendor to identify such conflicts to the designated procurement representative prior to the Proposal due date.

I. Prompt Payment Terms: Payment for all purchases by County agencies will be made in a timely manner and interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. The Vendor may offer cash discounts for prompt payments; however, such discounts will not be considered in determining the lowest price during Proposal evaluation.

PREPARATION OF PROPOSALS

A. The pricing section of a solicitation defines requirements of items to be purchased and must be completed and submitted with the Proposal. Use of any other form or alteration of the form may result in rejection of the Proposal.

B. The Proposal submitted must be legible. Vendors shall type or use an ink to complete the Proposal. All changes must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.

C. An authorized agent of the Vendor's firm must sign the Proposal. The County may reject any Proposal not signed by an authorized agent.

D. The Vendor may submit alternate Proposals for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate Proposal must meet or exceed the minimum requirements and be submitted as a separate Proposal marked "Alternate Proposal."

E. When there is a discrepancy between the unit prices and any extended prices, the unit prices will prevail. The County reserves the right to allow for clarification of questionable entries and the correction of obvious mistakes.

F. Any Proposal received after the designated receipt date will be considered late and will not be considered for award.

COLLUSION

Where two (2) or more related parties each submit a Proposal for the same contract, such Proposals will be presumed to be collusive. Furthermore, any prior understanding, agreement, or connection between two (2) or more corporations, firms, or persons submitting a Proposal for the same materials, supplies, services, or equipment will also be presumed to be collusive. Proposals found to be collusive will be rejected. Vendors which have been found to have engaged in collusion may be considered non-responsible and may be suspended or debarred. Any contract resulting from collusive bidding may be terminated for default.

PROHIBITION AGAINST CONTINGENT FEES

The Vendor warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure the Contract and that they have not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Vendor, any consideration contingent upon or resulting from the award or making of the Contract.

CONTRACTING WITH COUNTY EMPLOYEES

Any County employee or immediate family member seeking to contract with the County shall seek a conflict of interest opinion from the County Attorney prior to submittal of a Proposal. The affected employee shall disclose the employee's assigned function within the County and interest or the interest of his or her immediate family in the proposed contract and the nature of the intended contract.

INCURRED EXPENSES

A solicitation does not commit the County to make an award nor will the County be responsible for any cost or expense which may be incurred by any Vendor in preparing and submitting a Proposal, or any cost or expense incurred by any Vendor prior to the execution of a purchase order or contract.

AWARD

A. The Contract resulting from a solicitation may be awarded to the responsible Vendor which submits a Proposal determined to provide the best value to the County with price, technical, and other applicable factors considered. The County reserves the right to reject any and all Proposals, to waive irregularities or technicalities, and to re-advertise for all or any part of this solicitation as deemed in its best interest. The County will be the sole judge of its best interest.

B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid, or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is necessary to protect the best interests of the County.

C. The County reserves the right to reject any and all Proposals if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.

D. The County reserves the right to reject offers containing terms or conditions contradictory to the County's.

E. Award of a solicitation will be made to firms satisfying all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the Vendor's site or hold a pre-award qualification hearing to determine if the Vendor can perform the requirements of a solicitation.

F. The Vendor's performance as a Contractor or subcontractor on previous County contracts will be considered in evaluating the responsibility of the Vendor.

G. Any tie situations will be resolved in consonance with current written County procedure.

H. The County has imposed a reciprocal match local vendor preference practice to ensure an equal procurement environment for all potential vendors unless prohibited by the funding source. More information is available on Section 2-222 Local Vendor Preference.

I. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.

J. A Vendor wishing to protest any award decision resulting from a solicitation may do so per the Lake County Protest Procedures.

GRANT FUNDING

In the event any part of a Contract is to be funded by federal, state, or other local agency monies, the Vendor hereby agrees to comply with all requirements of the funding entity applicable to the use of the monies, including full application of requirements involving the use of minority firms, women's business enterprises, and labor surplus area firms. Contractors are advised that payments under the Contract may

be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements.

STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of the registration may be required prior to award of a Contract. Additional information is available by visiting the Florida Department of State home page.

PRIME CONTRACTOR

The Vendor awarded a Contract shall act as the Prime Contractor and will assume full responsibility for the successful performance under the Contract. The Awarded Vendor (Contractor) will be considered the sole point of contact regarding meeting all requirements of the Contract. All subcontractors may be subject to advance review by the County regarding competency and security concerns. No change in subcontractors may be made without the consent of the County after the award of the Contract. Contractor will be responsible for all insurance, permits, licenses, and related matters for any and all subcontractors. County may require the Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

SUBCONTRACTING

Unless otherwise stipulated in a solicitation, the Contractor shall not subcontract any portion of the work without the prior written consent of the County. Subcontracting without the prior consent of the County may result in termination of the Contract for default.

DISADVANTAGED BUSINESSES

The County has adopted policies which assure and encourage the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services. The County encourages joint ventures between majority-owned firms and qualified disadvantaged/minority/women-owned firms.

GENERAL CONTRACT CONDITIONS

The Contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The Contract may not be amended, released, discharged, rescinded or abandoned, except by a written instrument duly executed by the parties. The failure of any party at any time to enforce any of the provisions of the Contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the Contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the Contract. Any dispute arising during Contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

GOVERNING LAW

The interpretation, effect, and validity of any contract will be governed by the laws and regulations of the State of Florida, and Lake County, Florida. Venue of any court action will be solely in Lake County, Florida. The Contractor hereby waives its right to a jury trial.

COMPLIANCE OF LAWS, REGULATIONS, AND LICENSES

The Contractor shall comply with all federal, state, and local laws and regulations applicable to provision of the goods or services specified in a solicitation. During the term of a Contract, the Contractor assures that it is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992, in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, disability or marital status, discriminate in any form or manner against its employees or

applicants for employment. The Contractor understands that any Contract is conditioned upon the veracity of this statement.

CONTRACT EXTENSION

The County has the unilateral option to extend a Contract for up to ninety (90) calendar days beyond the current Contract period. In such event, the County will notify the Contractor in writing of such extensions. The Contract may be extended beyond the initial ninety (90) day extension upon mutual agreement between the County and the Contractor. Exercise of the above options requires the prior approval of the Procurement Services Director.

MODIFICATION OF CONTRACT

Any Contract resulting from a solicitation may be modified by mutual consent of duly authorized parties, in writing through the issuance of a modification to the Contract or purchase order as appropriate. This presumes the modification itself complies with all applicable County procedures.

ASSIGNMENT

The Contractor shall not assign or transfer any Contract resulting from a solicitation, including any rights, title or interest in the Contract, or its power to execute such Contract to any entity without the prior written consent of the County. This provision includes any acquisition or hostile takeover of the Contractor. Failure to comply may result in termination of the Contract for default.

NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within a solicitation. However, the County reserves the right to perform, or cause to be performed, all or any of the work and services described in a solicitation in the manner deemed to represent its best interests. In no case will the County be liable for billings in excess of the quantity of goods or services provided under the Contract.

OTHER AGENCIES

Other governmental agencies may make purchases in accordance with the Contract with Contractor consent. Purchases are governed by the Contract's terms and conditions except for the change in agency name. Each agency will be responsible and liable for its own purchases for materials or services received.

CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any Contract period must, unless terminated by mutual written agreement between the County and the Contractor, continue until completion without change to the then current prices, terms and conditions.

WARRANTY

All warranties express and implied, must be made available to the County for goods and services covered by a solicitation. All goods furnished must be fully guaranteed by the Contractor against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided in the Contract will be in addition to the warranty and do not limit any right afforded to the County by any other provision of a solicitation. Contractor shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the County. The special conditions of a solicitation may supersede the manufacturer's standard warranty.

DEFICIENCIES IN WORK TO BE CORRECTED BY THE CONTRACTOR

Contractor shall promptly correct all apparent and latent deficiencies or defects in work, or any work that fails to conform to the Contract documents regardless of project completion status. All corrections

must be made within seven (7) calendar days after such rejected defects, deficiencies, or non-conformances are verbally reported to the Contractor by the County's project administrator. Contractor must bear all costs of correcting such rejected work. If the Contractor fails to correct the work within the period specified, the County may, at its discretion, notify the Contractor, in writing, that the Contractor is subject to contractual default provisions if the corrections are not completed to the satisfaction of the County within seven (7) calendar days of receipt of the notice. If the Contractor fails to correct the work within the period specified in the notice, the County may place the Contractor in default, obtain the services of another Contractor to correct the deficiencies, and charge the incumbent Contractor for these costs, either through a deduction from the final payment owed to the Contractor or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

COUNTY IS TAX-EXEMPT

When purchasing on a direct basis, the County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Visit Lake County Tax Exemption Certificate page to print a copy of the certificate. Except for items specifically identified by the Contractor and accepted by the County for direct County purchase under the Sales Tax Recovery Program, Contractors doing business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor will any Contractor be authorized to use any of the County's Tax Exemptions in securing such materials.

SHIPPING TERMS, F.O.B. DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. The County will not consider any Proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery.

ACCEPTANCE OF GOODS OR SERVICES

The products delivered as a result of a solicitation will remain the property of the Contractor, and services rendered under the Contract will not be deemed complete, until a physical inspection and actual usage of the products or services is accepted by the County and is in compliance with the terms in the contract.

Any goods or services purchased as a result of a solicitation or Contract may be tested/inspected for compliance with specifications. In the event that any aspect of the goods or services provided is found to be defective or does not conform to the specifications, the County reserves the right to terminate the Contract or initiate corrective action on the part of the Contractor, to include return of any non-compliant goods to the Contractor at the Contractor's expense**,** requiring the Contractor to either provide a direct replacement for the item, or a full credit for the returned item. The Contractor shall not assess any additional charges for any conforming action taken by the County under this clause. The County will not be responsible to pay for any product or service that does not conform to the Contract specifications.

In addition, any defective product or service or any product or service not delivered or performed by the date specified in a purchase order or Contract, may be procured by the County on the open market, and any increase in cost may be charged against the Contractor. Any cost incurred by the County in any re-procurement plus any increased product or service cost will be withheld from any monies owed to the Contractor by the County for any Contract or financial obligation.

ESTIMATED QUANTITIES

Estimated quantities or dollars are for the Vendor's guidance only and may be used in the award evaluation process. No guarantee is expressed or implied as to quantities or dollar value that will be used during the Contract period. The County is not obligated to place any order for a given amount subsequent

to the award of a solicitation. In no event will the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

PURCHASE OF OTHER ITEMS

While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a Contract. The Contractor will provide a price quote for the ancillary items. The County may request price quotes from all Contractors under Contract if there are multiple Contracts. The County reserves the right to award these ancillary items to the primary Contractor, another Contract Contractor based on the lowest price quoted, or to acquire the items through a separate solicitation.

Although a Contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the Contract at the option of the County. The location change will be addressed by formal Contract modification. The County may obtain price quotes for the additional facilities from other Vendors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

SAFETY

The Contractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA). The Contractor shall take all necessary precautions for the safety of and shall provide the necessary protection to prevent damage, injury, or loss to persons or property.

The Contractor shall provide all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations.

The Contractor shall designate a competent person of its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel. This person must be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the Contract Manager.

MATERIAL SAFETY DATA SHEET (MSDS)

The Contractor is responsible to ensure the County has received the latest version of any MSDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. The Contractor shall promptly provide a new MSDS to the County with the new information relevant to the specific material at any time the content of an MSDS is revised.

TOBACCO PRODUCTS

Tobacco use, including both smoke and smokeless tobacco, is prohibited on County owned property.

CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner. The Contractor shall thoroughly clean up all areas where work has been involved as mutually agreed with the associated user department's project manager upon final completion.

PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest must always be protected against damage or interrupted services by the Contractor during the term of a Contract. The Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the Contractor's operation on the property. In the event the Contractor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the Contractor.

CERTIFICATE OF COMPETENCY/LICENSURE, PERMITS, AND FEES

Any Vendor that submits an offer in response to a County solicitation shall, at the time of such offer if required, hold a valid Certificate of Competency or appropriate current license issued by the State or County Examining Board qualifying the Vendor to perform the work proposed. If work for other trades is required in conjunction with a solicitation, and such work will be performed by subcontractors hired by the Vendor, an applicable Certificate of Competency/license issued to the subcontractors must be submitted with the Vendor's offer. The County may at its option and in its best interest, allow the Vendor to supply the subcontractors certificate/license to the County during the offer evaluation period. The Contractor is responsible to ensure that all required licenses, permits, and fees (to include any inspection fees) required for a project are obtained and paid for, and shall comply with all laws, ordinances, regulations, and building or other code requirements applicable to the work contemplated in a solicitation. Damages, penalties, or fines imposed on the County or the Contractor for failure to obtain required licenses, permits, inspection or other fees, or inspections will be borne by the Contractor.

TRUTH IN NEGOTIATION CERTIFICATE

Any organization awarded a Contract must execute a truth-in-negotiation certificate stating that the wage rates and other factual unit costs are accurate, complete, and current, at the time of contracting for each Contract that exceeds $195,000.00. Any Contract requiring this certificate will contain a provision that the original Contract price and any additions will be adjusted to exclude any significant sums by which the County determines the Contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such Contract adjustments will be made within one (1) year following the end of the Contract.

COMPETENCY OF VENDORS AND ASSOCIATED SUBCONTRACTORS

Proposals will be considered from firms which are regularly engaged in the business of providing or distributing the goods or services described in the solicitation, and who can produce evidence of a consistent satisfactory record of performance. The County may consider any evidence available to it of the financial, technical, and other qualifications and abilities of any Vendor responding under a solicitation, including past performance with the County. Vendors must have sufficient financial support and organization to ensure satisfactory delivery under the stated solicitation terms and conditions of any Contract awarded. In the event the Vendor intends to subcontract any part of its work or will obtain the goods specifically offered under the Contract from another source of supply, the Vendor may be required to verify the competency of its subcontractor or supplier. The County reserves the right, before awarding the Contract, to require a Vendor to submit such evidence of its or its subcontractor's qualifications.

RESPONSIBILITY AS EMPLOYER

The employees of the Contractor will always be considered its employees, and not an employees or agents of the County. The Contractor shall provide employees capable of performing the work as required. The County may require the Contractor to remove any employee it deems unacceptable. All employees of the Contractor may be required to wear appropriate identification.

MINIMUM WAGES

Under the Contract, the wage rate paid to all laborers, mechanics and apprentices employed by the Contractor for the work under the Contract, must not be less than the prevailing wage rates for similar classifications of work as established by the Federal Government and enforced by the U.S. Department of Labor, Wages and Hours Division, and Florida's Minimum Wage requirements in Article X, Section 24 (f) of the Florida Constitution and enforced by the Florida Legislature by statute or the State Agency for Workforce Innovation by rule, whichever is higher.

PRICE REDETERMINATIONS

Contractor may petition for a price redetermination with documented increases in the cost of wages, fuel, or materials within 30 calendar days of the anniversary date of the Contract. Price redeterminations will be based upon changes documented by the applicable Employment Cost Index (ECI) or Producer Price Index (PPI) as published on the *Bureau of Labor Statistics site here*. Contractor may petition for price redetermination for Contractor's minimum wage employees should the minimum wage increase during the Contract. Upon verification, the County may grant an increase matching the minimum wage increase.

INDEMNIFICATION

To the extent permitted by law, the Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract by the Contractor or its employees, agents, servants, partners, principals or subcontractors. The Contractor shall pay all claims and losses in connection with those claims and losses, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may be incurred. The Contractor expressly understands and agrees that any insurance protection required by the Contract or otherwise provided by the Contractor will in no way limit the responsibility to indemnify, keep and hold harmless and defend the County or its officers, employees, agents and instrumentalities as provided in a solicitation or any Contract arising from a solicitation.

TERMINATION FOR CONVENIENCE

The County, at its sole discretion, reserves the right to terminate the Contract upon thirty (30) days' written notice. Upon receipt of such notice, the Contractor shall not incur any additional costs under the Contract. The County will be liable only for reasonable costs incurred by the Contractor prior to notice of termination. The County will be the sole judge of "reasonable costs."

TERMINATION DUE TO UNAVAILABILITY OF CONTINUING FUNDING

When funds are not appropriated or otherwise made available to support continuation of performance in a current or subsequent fiscal year, the Contract will be cancelled, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

TERMINATION FOR DEFAULT

The County reserves the right to terminate any Contract arising from a solicitation, in part or in whole, or affect other appropriate remedy in the event the Contractor fails to perform in accordance with the terms and conditions stated in the Contract. The County further reserves the right to suspend or debar the Contractor in accordance with the County's ordinances, resolutions and administrative orders. The Contractor will be notified by letter of the County's intent to terminate and the Contractor will be given

ten (10) calendar days to cure the breach. In the event of termination for default, the County may procure the required goods and services from any source and use any method deemed in its best interest. All re-procurement costs will be borne by the Contractor.

FRAUD AND MISREPRESENTATION

Any individual, corporation or other entity that attempts to meet its contractual obligations through fraud, misrepresentation or other material misstatement, may be debarred for up to five (5) years. The County as a further sanction may terminate or cancel any other Contracts with such individual, corporation or entity with such Contractor held responsible for all direct or indirect costs associated with termination or cancellation, including attorneys' fees.

RIGHT TO AUDIT

The County reserves the right to require the Contractor to submit to an audit, by any auditor of the County's choosing. The Contractor shall provide access to all of its records, which relate directly or indirectly to the contract at its place of business during regular business hours. The Contractor shall retain all records pertaining to the contract and upon request make them available to the County for three (3) complete calendar years following expiration of the contract. The Contractor agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards.

If the Contractor provides technology services, the Contractor must provide Statement of Standards for Attestations Engagements (SSAE) 16 or 18 and System and Service Organization Control (SOC) reports upon request by the County. The SOC reports must be full Type II reports that include the Contractor's description of control processes, and the independent auditor's evaluation of the design and operating effectiveness of controls. The cost of the reports will be paid by the Contractor.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the Contractor to the County in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the County's audit must be reimbursed to the County by the Contractor. Any adjustments or payments which must be made as a result of any such audit or inspection of the Contractor's invoices or records must be made within a reasonable amount of time, but in no event may the time exceed ninety (90) calendar days, from presentation of the County's audit findings to the Contractor.

This provision is hereby considered to be included within, and applicable to, any subcontractor agreement entered into by the Contractor in performance of any work under the contract.

PROPRIETARY/CONFIDENTIAL INFORMATION

Vendors are hereby notified that all information submitted as part of a Proposal will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"). The Vendor should not submit any information in response to a solicitation which the Vendor considers proprietary or confidential. The submission of any information to the County in connection with a solicitation will be deemed a waiver from release of the submitted information unless such information is exempt or confidential under the Public Records Act.

PUBLIC RECORDS LAW

Pursuant to section 119.0701(2)(a), Florida Statutes, the County is required to provide Contractor with this statement and establish the following requirements as contractual obligations pursuant to the contract:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY

TO PROVIDE PUBLIC RECORDS RELATING TO THIS SOLICITATION, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-343-9839, PURCHASING@LAKECOUNTYFL.GOV, BY MAIL, OFFICE OF PROCUREMENT SERVICES, ATTN: RON FALANGA, P.O. BOX 7800 TAVARES, FL 32778.

By entering into the Contract, Contractor acknowledges and agrees that any records maintained, generated, received, or kept in connection with, or related to the performance of services provided under, the Contract are public records subject to the public records disclosure requirements of section 119.07(1), Florida Statutes, and Article I, section 24 of the Florida Constitution. Pursuant to section 119.0701, Florida Statutes, any Contractor entering into a contract for services with the County is required to:

A. Keep and maintain public records required by the County to perform the services and work provided pursuant to the Contract.

B. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion or termination of the Contract if the Contractor does not transfer the records to the County.

D. Upon completion or termination of the Contract, transfer, at no cost, to the County all public records in the possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion or termination of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion or termination of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

Requests to inspect or copy public records relating to the County's Contract for services must be made directly to the County. If Contractor receives any such request, Contractor shall instruct the requestor to contact the County. If the County does not possess the records requested, the County shall immediately notify the Contractor of such request, and the Contractor must provide the records to the County or otherwise allow the records to be inspected or copied within a reasonable time.

Contractor acknowledges that failure to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes. Contractor further agrees not to release any records that are statutorily confidential or otherwise exempt from disclosure without first receiving prior written authorization from the County. Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek

declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

COPYRIGHTS

Any copyright derived from a Contract will belong to the author. The author and the Contractor shall expressly assign to the County nonexclusive, royalty free rights to use any and all information provided by the Contractor in any deliverable or report for the County's use which may include publishing in County documents and distribution as the County deems to be in its best interests. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

The County owns and retains all proprietary rights in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission.

SOVEREIGN IMMUNITY

County expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Nothing will be deemed as a waiver of immunity or the limitations of liability of County beyond any statutory limited waiver of immunity or limits of liability. Nothing will inure to the benefit of any third party for the purpose of allowing any claim against County, which would otherwise be barred under the law.

COMPLIANCE WITH FEDERAL STANDARDS

All items to be purchased under a Contract must be in accordance with all governmental standards to include, but not be limited to, those issued by the Occupational Safety and Health Administration (OSHA), the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA).

E-VERIFY

Upon award of a Contract, the Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new persons hired by the Contractor during the term of the Contract.

The Contractor shall include in all contracts with subcontractors performing work pursuant to any Contract, an express requirement that subcontractors utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new employees hired by subcontractors during the term of the subcontract.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPPA)

The Contractor may be required to execute a Business Associate Agreement, pursuant to the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) (codified at 42 U.S.C. Section 1320d, *et. seq.*), and regulations contained in 45 C.F.R. Parts 160 and 164.

If the Contractor obtains any information governed by 42 U.S.C. Section 290dd-2 and the regulations implemented by the Substance Abuse and Mental Health Services Administration at 42 C.F.R. Part 2 (collectively referred to as the "SAMHSA regulations"), whether from the County or another source, while providing services to the County under the contract, the Contractor shall only use or disclose that information pursuant to the SAMHSA regulations.

The Contractor will also comply with any and all laws under the State of Florida governing the confidentiality of health information, including but not limited to records or other documents containing medical, mental health, or substance abuse information.

FORCE MAJEURE

The parties will exercise every reasonable effort to meet respective obligations under the Contract but will not be liable for delayed performance or nonperformance resulting from a force majeure. A party that becomes aware of a force majeure that will significantly delay performance will notify the other party promptly, within 15 calendar days, after if discovers the force majeure. If a force majeure occurs, the parties may execute a contract modification or change order to extend the performance schedule or make accommodations that are reasonable under the circumstances.

NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against the County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve the Contractor of duty to perform or give rise to any right to damages or additional compensation from the County. The Contractor's sole remedy will be the right to seek an extension to the Contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the County.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel, and is not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

ANTI-TRAFFICKING RELATED ACTIVITIES

The U.S. Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities listed below. These prohibitions specifically apply to come federally funded contracts and prohibit contractors, contractor employees, and their agents from:

A. Engaging in severe forms of trafficking in persons during the period of performance of the contract;

B. Procuring commercial sex acts during the period of performance of the contract;

C. Using forced labor in the performance of the contract;

D. Destroying, concealing, confiscating, or otherwise denying access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

E. Using misleading or fraudulent practices during the recruitment of employees;

F. Charging employees or potential employees recruitment fees;

G. Failing to provide return transportation or paying for the cost of return transportation upon the end of employment for certain employees;

H. Providing or arrange housing that fails to meet the host country housing and safety standards; or

I. Failing to provide an employment contract, recruitment agreement, or other required work documents in writing, as required by law or contract.

NOTICES

All notices given by one party to the other party under a contract must be delivered to the receiving party's address set forth on the Contract either by hand, qualified courier, or e-mail and will be deemed received the day after it is transmitted. For County, it must be addressed to the Office of Procurement Services, Post Office Box 7800, 315 West Main Street, Suite 441, Tavares, Florida, 32778 or emailed to purchasing@lakecountyfl.gov.

EXHIBIT D **25-754**

PUBLIC WORKS ADDITIONAL TERMS AND CONDITIONS

1. Intent of Contract Documents
2. Errors and Omissions
3. Emergencies
4. Compliance with Occupational Safety and Health / Hazardous Materials
5. General Inspection Requirements
6. Project Manager
7. Contract Time and Time Extension
8. Hours of Operation
9. Changes in Work
10. Claims and Disputes
11. Lands for Work and Access Thereto
12. Maintenance of Traffic
13. Underground Utilities
14. Protection of Existing Structures, Utilities, Work and Vegetation
15. Equipment
16. Sanitation
17. Other Work
18. Bonds
19. Final Inspection
20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the

consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second

seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65
$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in

and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", 2018 edition (or latest edition), or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", 2018 (or latest edition), or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached

by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

REQUIRED CONTRACT PROVISIONS
FEDERAL-AID CONSTRUCTION CONTRACTS

I. General
II. Nondiscrimination
III. Non-segregated Facilities
IV. Davis-Bacon and Related Act Provisions
V. Contract Work Hours and Safety Standards Act Provisions
VI. Subletting or Assigning the Contract
VII. Safety: Accident Prevention
VIII. False Statements Concerning Highway Projects
IX. Implementation of Clean Air Act and Federal Water Pollution Control Act
X. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
XI. Certification Regarding Use of Contract Funds for Lobbying
XII. Use of United States-Flag Vessels:

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 “Contract provisions and related matters” with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term “perform work with its own organization” in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. **Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, ‘on-board’ commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B)
This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

Surety Phone _____

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

POOL CONTRACT NO. 25-754C
For
ROAD RESURFACING AND RELATED SERVICES

LAKE COUNTY, FLORIDA, a political subdivision of the State of Florida, through its Board of County Commissioners (hereinafter "County") does hereby accept, with noted modifications, if any, the bid of **Jr. Davis Construction Company, Inc.** (hereinafter "Contractor") to supply **Road Resurfacing and Related Services** to the County pursuant to County Bid number 25-754 with any included addenda (hereinafter "Bid"), with an opening date of 12/16/2025, and Contractor's Bid response dated 12/16/2025, thereto with all County Bid provisions governing.

A copy of the Contractor's signed Bid is attached hereto and incorporated herein, thus making it a part of this Contract except that any items not awarded have been struck through. The attachments noted below are attached hereto and are part of this Contract.

ATTACHMENTS:
Attachment 1 – Submittal Form with General Terms & Conditions acceptance signed by Contractor
Attachment 2 – Pricing Sheet
Attachment 3 – Affidavit Form
Addendum(a) 1
Exhibit A – Scope of Work
Exhibit B – Insurance Requirements
Exhibit C – General Terms & Conditions v.5.6.21
Exhibit D – Public Works Road Operations Terms & Conditions
Exhibit E – FHWA-1273
Exhibit F – Performance/Payment Bonds
Exhibit G – intentionally excluded
Exhibit H – Asphalt Millings Site Map

No financial obligation under this Contract shall accrue against the County until a specific purchase transaction is completed pursuant to the terms and conditions of this Contract.

The County's Procurement Services Director shall be the sole judge as to the fact of the fulfillment of this Contract, and upon any breach thereof, shall, at his option, declare this Contract terminated, and for any loss or damage by reason of such breach, whether this Contract is terminated or not, said Contractor and their surety for any required bond shall be liable.

The Contract initial term is from 7/1/2026 through 6/30/2027 with the option for two subsequent two-year renewals. The County reserves the right to terminate this Contract immediately for cause and/or lack of funds and with thirty (30) day written notice for the convenience of the County. Renewals are contingent upon mutual written agreement.

Modifications to this Contract must be in writing signed by the County's Procurement Services Director.

LAKE COUNTY, FLORIDA

_____

By: Ronald A. Falanga
Procurement Services Director
Date: .

The undersigned hereby declares that Jr. Davis Construction Co., Inc., has reviewed and accepts all specifications, terms, and conditions outlined in this Solicitation and affirms compliance with all legal requirements necessary to conduct business with the County, and to provide **ROAD RESURFACING AND RELATED SERVICES** specified. Submittals were advertised to be submitted by 3:00 P.M. Eastern time on the date indicated in the Solicitation or any subsequent addenda. Furthermore, the undersigned confirms they are duly authorized to execute this document, as well as any related contracts or transactions resulting from the award of this Solicitation.

1.0 TERM OF CONTRACT

Contract will be awarded for an initial one (1) year term with the option for two (2) subsequent two (2) year renewals. Renewals are contingent upon mutual written agreement.

Contract will commence upon the first day of the next calendar month after approval by the authorized authority. The Contract shall remain in effect until completion of both the expressed and implied warranty periods. The County reserves the right to negotiate for additional services or items of a similar nature that were not known or anticipated at the time of solicitation.

2.0 PAYMENT

Contractor shall email County's using department an accurate invoice within 30 calendar days after delivery. Invoices shall reference: Lake County BCC purchase/task order, delivery date, delivery location, and corresponding packing slip or delivery ticket signed by a County representative at the time of acceptance. Failure to submit invoices in the prescribed manner will delay payment.

Payments will be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

All pricing will be FOB Destination unless otherwise specified in this solicitation document. Pricing submitted will remain valid for a ninety (90) day period.

The County's preferred method for invoice payment is electronic remittance via virtual credit card (eCard) payments rather than paper checks. Contractors are encouraged to adopt this electronic payment option. The eCard system is designed to expedite payables and improve efficiency compared to paper check payments. This procedure aligns with the County's responsibilities and objectives, reflecting a commitment to leveraging technology to deliver greater value to taxpayers.

Vendor requests more information about accepting eCard for payment: NO

Vendor accepts MasterCard for payment: NO

3.0 CERTIFICATION REGARDING LAKE COUNTY TERMS AND CONDITIONS

I certify that I have reviewed the General Terms and Conditions for Lake County Florida and accept the Lake County General Terms and Conditions dated 5/6/21 as written including the Proprietary/Confidential Information section. YES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subncontractors are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted

a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel, and are not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or it or its subcontractors have been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

Failure to acknowledge may result in Submittal being deemed non-responsive.

4.0 CERTIFICATION REGARDING FELONY CONVICTION

Has any officer, director, or an executive performing equivalent duties, of the bidding entity been convicted of a felony during the past ten (10) years? NO

5.0 CONFLICT OF INTEREST DISCLOSURE CERTIFICATION

Except as listed below, no employee, officer, or agent of the firm has any conflicts of interest, real or apparent, due to ownership, other clients, contracts, or interests associated with this project; and, this Submittal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a proposal for the same services, and is in all respects fair and without collusion or fraud. N/A

6.0 CERTIFICATION REGARDING BACKGROUND CHECKS

Under any County Contract involving Contractor or subcontractor personnel working in proximity to minors, the Vendor hereby confirms that all such personnel will have successfully completed an initial Certified Background Check, as well as subsequent annual checks, conducted by Contractor at no additional cost to County. The Vendor agrees to comply fully with all applicable Florida Statutes governing background investigations. The County reserves the right to request and review any related records, with or without cause, and to require the immediate replacement of any Contractor employee found to be in violation of these requirements. Furthermore, the Contractor shall indemnify and hold the County harmless from any liability arising from the actions of such personnel. Additional requirements may apply as specified within any particular contract award. YES

7.0 DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The County does not set specific goals for minority set-asides; however, participation by both minority and non-minority qualified firms is strongly encouraged. If your firm is classified as a minority-owned business or holds certification from the State of Florida, Office of Supplier Diversity, (OSD) as a Certified Minority Business Enterprise (CMBE), please indicate the appropriate classification(s) not applicable not applicable

and enter OSD Certification Number N/A
and enter effective date Click or tap to enter a date. to date Click or tap to enter a date.

8.0 ANTITRUST VIOLATOR VENDOR LISTS

A person or affiliated entity listed on the antitrust violator vendor list due to a conviction or civil liability for an antitrust violation is prohibited from submitting bids, proposals, or responses for any new contracts to provide goods or services to a public entity. This restriction also applies to new contracts involving the construction or repair of a public building or public works, new leases of real property to a public entity, and includes being awarded or performing work as a contractor, supplier, subcontractor, or consultant under any such new contract. Furthermore, such persons or affiliates are barred from transacting any new business with a public entity.

9.0 FEDERAL FUNDING REQUIREMENT

9.1. A federally funded project expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Registration or search can be conducted here: SAM Directory and Registration website

AFFIDAVIT OF COMPLIANCE WITH §§ 287.138, 288.0071, AND 787.06, FLA. STAT. CONTRACTING WITH AND PROVIDING ECONOMIC INCENTIVES TO FOREIGN ENTITIES OF CONCERN, AND COMPLIANCE WITH ANTI-HUMAN TRAFFICKING LAWS

Before me, the undersigned authority, personally appeared **(Name of affiant)** Kristy Kelley, who, after being first duly sworn, deposes and says of his or her personal knowledge the following:

1. Affiant is the **(Title)** Secretary of **(Business Name)** Jr. Davis Construction Co., Inc. which is authorized to conduct business in the State of Florida, hereinafter called the "Business."
2. *Prohibition on Providing Personal Identifying Information to Foreign Entities of Concern*: I affirm that Business is not owned by a foreign country of concern, a does a foreign country of concern does not have a controlling interest in Business, and that Business is not organized under the laws of nor does it have its principal place of business in a foreign country of concern, as defined in Section 287.138, Florida Statutes.
3. *Prohibition on Providing Economic Incentives to Foreign Entities of Concern*: I affirm that Business is not a foreign entity, as defined in Section 288.0071, Florida Statutes.
4. *Compliance with Human Trafficking Laws*: I affirm that Business does not use coercion for labor or services as defined in Section 787.06, Florida Statutes, entitled "Human Trafficking."
5. Under penalties of perjury, I declare that I am duly authorized and empowered and have sufficient knowledge to execute and deliver this Affidavit and that I have read the foregoing Affidavit and the facts stated in it are true.

Signed and Delivered on the 16th day of December, 2025.

ADDENDUM NO. #1 **25-754**

LAKE COUNTY, FL
REAL FLORIDA • REAL CLOSE
Office of Procurement Services
P.O. Box 7800 • 315 W. Main St., Suite 416 • Tavares, FL 32778

SOLICTATION: ROAD RESURFACING AND RELATED SERVICES 12/04/25

Vendors are responsible for the receipt and acknowledgement of all solicitation addenda. Submit an electronically signed copy with solicitation submission. Failure to acknowledge an addendum may prevent the submission from being considered for award.

THIS ADDENDUM DOES NOT CHANGE THE DATE FOR RECEIPT OF PROPOSALS.

QUESTIONS/RESPONSES

Q1. Is a bid bond required? If so, what percentage?

A. No.

Q2. Will there be a Pre-Bid Meeting for this project?

A. Refer to the bid document, Section 4.0 Pre-Bid Conference

Q3. Will this contract be awarded to one contractor or multiple contractors?

A. Refer to Exhibit A – Scope of Work, first sentence.

Q4. In the Lake County General Terms and Conditions, Price Redeterminations, it states that the contractor shall present documented increases in costs 30 days prior to the anniversary date of the contract, but any price redetermination shall be based on the applicable ECI or PPI, not the actual, documented price increases presented by the contractor, is this correct?

A. Because each project will be quoted using the RFQ system, price redeterminations will not apply to this contract. However, if an awarded project exceeds 90 days, adjustments may be requested and would be calculated using FDOT Bituminous & Fuel adjustments.

Q5. In the bid, there are 2 FC-12.5 Friction Course items that are specified as PG76-22 while other Friction Course items, FC-5, FC-9.5 and FC-12.5, are not designated as PG76-22. If these are not polymer modified and are acceptable to have a non-polymer liquid, can the RAP content be increased to the Lake County acceptable maximum?

A. Yes.

Q6. Will the contractor be responsible for maintaining the stockpile at any of the 3 Lake County milling stockpile sites?

A. No. Refer Exhibit A – Scope of Work, Sections 5.5.7 through 5.5.9.

1. SCOPE OF WORK

To establish a pool of vendors for job order road resurfacing and related services projects. Pool vendors shall be notified of projects via the County's RFQ system as described in Section 4. Contractors shall be required to possess and maintain a valid Class A or B General Contractor's License and shall demonstrate comprehensive knowledge of the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, the Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 edition, or the most current edition as amended.

This is an indefinite quantity contract with no guarantee that services will be required. The County does not guarantee a minimum or maximum dollar amount to be expended on any contract(s) resulting from this solicitation. The scope of work represents the minimum standards required. All work performed shall be in strict compliance with the latest codes, standards, and practices and in accordance with Federal, State, and Local laws.

2. CONTRACTOR RESPONSIBILITIES

Contractor shall:

2.1. Provide all labor, fuel, materials, equipment, storage, supplies, and incidental costs necessary to complete the tasks.

2.2. Provide for skilled, qualified, and English-speaking staff with a cell phone in good working order.

2.3. Provide adequate personnel, in the event of sickness or any absence, a substitute of equal skill shall be provided at no additional cost.

2.4. Provide a neat and clean in appearance dress code (as applicable) for Contractor's employees that consists of a shirt with company name, pants, and work shoes/boots and all associated PPE such as appropriate class safety vest, safety glasses, etc.

2.5. Project a professional image, deal effectively with the public, and discharge duties in a courteous and efficient manner.

2.6. Provide proof of chemical applicators' licensure prior to any Chemical treatment utilizing herbicides for vegetation removal.

2.7. Maintain the project work site in an attractive, and uniformly clean manner which will reflect favorably upon the County and the Contractor.

2.8. Perform work at a time that minimizes disturbance or interference to the flow of traffic.

2.9. Correct all apparent deficiencies within three (3) calendar days of any work that fails to conform to the specifications.

3. COUNTY RESPONSIBILITIES

County will:

3.1. Reserve the right to award to one or more vendors.

3.2. Reserve the right to add or remove services in conjunction with the County's needs.

3.3. Reserve the right to inspect and approve all material, supplies, workmanship, and equipment for contract performance.

3.4. Reserve the right to dismiss Contractor's staff for disorderly conduct or unsatisfactory performance in accordance with contract specifications.

4. DELIVERY REQUIREMENTS AND ACCEPTANCE.

4.1. When it is determined that a road resurfacing project is needed, the County will issue a Request for Quote (RFQ), utilizing the County's RFQ System.

4.2. The RFQ will define the scope of work, project limits, pre-bid meetings (if any), calendar days to complete the project, and submittal requirements.

4.3. The project limits will be marked with pink or white paint.

4.4. Contractor shall perform a site visit and inspect all sites prior to the question submission deadline specified within the RFQ.

4.4.1. Contractor shall document items, including but not limited to, additional milling, leveling, course and radius paving, discrepancies in quantities, or project limits, etc.

4.4.2. Contractor shall submit questions to the County via e-mail prior to the question submission deadline. Questions received after this time will not be answered.

4.4.3. An addendum will be issued for all questions received and posted to the RFQ.

4.5. Contractor shall submit a bid response prior to the bid closing date.

4.6. The submitted bid response constitutes the Contractor's agreement to all quantities and associated costs specified in the RFQ.

4.7. Change orders shall be issued for items that have been added to or deducted from the original RFQ. Change orders may be subject to bituminous and fuel adjustments in accordance with the terms of this contract.

4.8. A price redetermination will not be considered for projects taking less than 90 production days, or any projects exceeding original project days plus any approved added weather days.

5. TECHNICAL REQUIREMENTS

All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition. Relevant FDOT reference sections are indicated under the corresponding items listed below.

5.1. Public Notification of Work

5.1.1. Reference FDOT Standard Specifications Section 990, TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS

5.1.2. Contractor shall notify all residents within the project work area and project schedule and explain the expected level of inconvenience associated with the project.

5.1.3. Contractor shall provide public notification to all residences and parked vehicles on the roadway within the project limits seven (7) calendar days prior to the commencement of work.

5.1.4. Contractor shall obtain County approval prior to placement on residences and vehicles parked on neighborhood roads within the project limits.

5.1.5. Contractor shall install PCMS on all major roadways and industrial parks to display lane closure information including, but not limited to, anticipated lane closure, closure extent (i.e. "Next 3 Miles"), and daily hours of closures.

5.1.6. All costs associated with the PCMS shall be charged per unit/per day and include the installation, removal, mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.1.7. The Contractor shall make every effort to avoid blocking access to businesses for an extended period and provide the business with written notice, approved by the County, at least forty-eight (48) hours prior to access restriction.

5.1.8. Contractor shall minimize the impact to school related traffic during before and after school hours when project limits are within the vicinity of a school,

5.1.8.1. It shall be Contractor's responsibility to coordinate a pre-construction meeting with the County, an official from the affected school, and Contractor's Project Superintendent.

5.1.8.2. An adjusted work schedule will be established, as a result of the pre-construction meeting with the school official.

5.1.8.3. Portable Changeable Message Signs (PCMS) will be required for seven (7) calendar days prior to the commencement of the work to provide public notification of the upcoming work.

5.2. Shoulder Preparation

5.2.1. Vegetation shall be cut back six inches (6") from the edge of pavement, including any present on the pavement surface, and removed prior to the placement of new asphaltic concrete. Any areas where excessive material has been removed shall be promptly repaired by the Contractor.

5.2.2. Shoulder drop-off shall not exceed one (1) inch in depth, as measured from the top of the asphaltic concrete at the pavement edge.

5.2.3. If an excessive drop off is created, it shall be restored to no more than one (1) inch as described above.

5.2.4. If an area is to be left overnight with the excessive drop off, barricades marking the hazard shall be installed in accordance with FDOT specifications.

5.2.5. The cost for shoulder preparation (including mobilization, Maintenance of Traffic (MOT), equipment, labor, and all associated activities) shall be incorporated into the price for installing new asphaltic concrete.

5.3. Vegetation Removal

5.3.1. Vegetation in the cracks or joints shall be removed by using a propane torch or a chemical herbicide and subject to approval of the County. The vegetation shall be totally browned before the new asphaltic concrete is installed.

5.3.2. Chemical treatment shall not be applied without providing proof of chemical applicators licensure.

5.3.3. Chemical treatments shall be applied according to the manufacturer's specifications

to ensure public safety and a log of chemical treatments shall be kept with a copy supplied to the County'. The log shall contain information of the chemical product, manufacturer, application rate, application location, application date and time, safety data sheets (SDS), and weather conditions at the time of application.

5.3.4. The cost of removing vegetation by either propane torch or chemical herbicide treatment (including mobilization, MOT, herbicide, labor, etc.), and shall be incorporated into the price of the paving operation.

5.4. Road Base Repairs / Heavy Milling Repairs

5.4.1. Reference FDOT Standard Specifications Section 334 SUPERPAVE ASPHALTIC CONCRETE.

5.4.2. Full depth milling repairs shall be provided to areas of roadway with failed base.

5.4.2. County shall mark all areas for base repairs with white and pink paint.

5.4.3. Marked areas shall be milled to provide square or rectangular shaped repairs to a depth of six (6) inches and replaced with six (6) inches of Type SP 12.5 asphaltic concrete in three (3), two (2) inch lifts.

5.4.4. Jagged or misshaped repairs shall be rejected and repaired at no additional cost.

5.4.5. The unit cost for base repairs and/or heavy milling shall include, but not limited to mobilization, MOT, milling, asphalt, etc.

5.5. Milling of Existing Asphaltic Concrete Pavement

5.5.1. Reference FDOT Standard Specification Section 327 MILLING OF EXISTING ASPHALT PAVEMENT.

5.5.2. The cold milling process to remove existing asphaltic concrete may be requested to improve ride quality, correct cross slope, lower the finished grade adjacent to existing curbs, or remove the existing pavement.

5.5.3. Areas shall be marked in pink or white paint, milled to the depth specified, and milled to the outside edge of the painted area.

5.5.4. Contractor shall notify the County of any traffic light advance warning loops that will be affected forty-eight (48) hours before the milling operation starts.

5.5.4.1. Contractor will not be held responsible for damage of loops affected by the milling operation.

5.5.5. The milling machine shall be equipped to effectively limit the amount of dust escaping during the milling operation. Pre-wetting of the pavement may be required if it is determined there is too much dust being created.

5.5.6. Profile correction milling may be required on specific portions of roadways and will be paid based on an average milling depth of zero (0) to two (2) inches. Any area which exceeds the two (2) inch average depth will be compensated at the appropriate unit cost for total depth.

5.5.7. Asphalt millings generated shall be hauled from the project location at no additional cost to the County, except for millings that the County directs the Contractor to haul to three designated area(s) not exceeding 25 miles from the project.

5.4.6.1. Site 1 – Maintenance Area 1, 2310 W. Griffin Rd., Leesburg, FL 34748

5.4.6.2. Site 2 – Maintenance Area 2, End of Allegiance Ct., Groveland, FL 34736

5.4.6.3. Site 3 – Maintenance Area 3, 19720 E. Fifth St., Umatilla, FL 32784

5.5.8. If the County elects the Contractor to haul asphalt millings to one of the three designated County sites, payment will be made only for the actual cubic yards hauled.

5.5.8.1. Truck loads should average 18 cubic yards each.

5.5.8.2. Load tickets will be issued at the project site and collected by the County at the designated dump site.

5.5.8.3. The unit cost for milling shall cover mobilization, Maintenance of Traffic (MOT), milling equipment, labor, and all related expenses.

5.5.9. County reserves the right to insert County dump trucks into the milling operation at any time and to retain ownership of the resulting millings. If the County exercises this option, it shall be done in a manner that does not impede the Contractor's production and at no additional cost to the County.

5.6. Prime and Tack Coats

5.6.1. Reference FDOT Standard Specification Section 300, PRIME AND TACK COATS.

5.6.2. A tack coat shall be installed prior to the installation of the new asphaltic concrete.

5.6.3. The tack coat shall only be applied to one lane of traffic at a time, and shall not exceed one (1) mile, unless otherwise determined by the County.

5.6.4. The tack coat shall be applied only to areas scheduled to receive an asphalt layer the same day of operation and shall be protected from all traffic until the asphalt has been placed.

5.6.5. The unit cost for tack coat shall be included in the installation of new asphaltic concrete. No mobilization shall be charged for this operation and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.7. Asphaltic Concrete

5.7.1. Reference FDOT Standard Specification Section 320, HOT MIX ASPHALT PLANT METHODS AND EQUIPMENT and Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.7.2. Contractor shall be responsible to ensure positive drainage of the surface from the roadway to curb, edge of roadway and/or valley gutter.

5.7.3. There shall be no standing water along the pavement where there is no standing water in the curb.

5.7.4. Contractor shall provide proper and adequate fall across entrances and cul-de-sacs to ensure proper drainage of these areas.

5.7.5. The crown of the roadway shall be re- established to ensure a 2% fall from the center of the roadway to the outside edge of the roadway or be placed to match existing cross slope. No water shall be standing in the crown of the roadway.

5.7.6. Should there be low areas that may result in water standing on the new pavement, a

resolution shall be discussed with the County and resolved prior to starting work in the area.

5.7.7. The unit cost shall be based on one (1) inch increments. The cost for fractional amounts shall be invoiced according to the actual fractional amount installed.

5.7.8. The unit cost for asphaltic concrete types FC-5, FC-9.5, FC-12.5, FC-12.5 w/76-22, SP-9.5, and SP-12.5 shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.8. Asphaltic Concrete – Friction Course

5.8.1. Reference FDOT Standard Specifications Section 337, ASPHALTIC CONCRETE FRICTION COURSES.

5.8.2. The County may require the use of:

5.8.2.1. Type FC-9.5 asphaltic concrete friction course.

5.8.2.2. Type FC-12.5 asphaltic concrete friction course.

5.8.2.3. Type FC-12.5 with a 76-22 modified polymer asphaltic concrete friction course.

5.8.3. The unit cost for asphaltic concrete friction courses shall be included in the proposal price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.9. Asphaltic Concrete – Superpave

5.9.1. Reference FDOT Standard Specification Section 334 SUPERPAVE ASPHALT CONCRETE.

5.9.2. The County may require the use of:

5.9.2.1. Type SP-9.5 asphaltic concrete

5.9.2.1. Type SP-12.5 asphaltic concrete.

5.9.3. The unit cost for asphaltic concrete Type SP asphaltic concrete shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.10. Leveling Course

5.10.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.10.2. Contractor may be asked to install a leveling course of asphaltic concrete over an existing asphaltic concrete road surface. This shall only be utilized at the discretion of the County unless the need for such leveling was established prior to issuance of the Notice to Proceed by Contractor.

5.10.3. When a leveling course is requested, the specified asphaltic concrete mix is to be placed on the existing irregular pavement or base, the leveling course shall be used

to help provide a smooth driving surface by filling in voids and deformations such as wheel ruts, depressions, etc.

5.10.4. When a leveling course is requested, the estimate shown on the Project Order Form shall be based on one-half (1/2) inch for the specified area of the road surface. It is understood that some areas of the roadway will not require the entire one-half (1/2) inch and other areas may require greater than one-half (1/2) inch of asphaltic concrete. There should be no additional charge to the County for additional asphaltic concrete needed nor shall the County expect a credit if the specified amount of asphaltic concrete was not used. Contractor shall ensure that the placement is completed so that the final product provides a smooth driving surface.

5.10.5. Profiling of the roadway to change the grade or slope of the road shall be done with the use of asphalt and/or a milling machine.

5.10.6. If the County chooses to change the profile of the road using asphaltic concrete, it shall be quantified and paid by using the unit prices of designated asphaltic concrete unit cost in Attachment 2 – Pricing Sheet.

5.11 Radius Paving

5.11.1. Contractor shall overlay designated roadway intersections that connects to any project road.

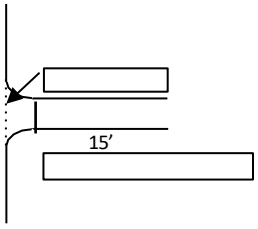
5.11.2. Paving will be to a distance of fifteen (15) feet, or as determined by the County, from the intersection (see diagram below).

5.11.3. The limits of the radius area shall be marked with white or pink paint. Not all intersections shall be paved. If there are not marks, it shall be assumed that the EOP be followed through the intersection or treated as a driveway for overlay applications.

5.11.4. Existing pavement markings within the radius area being paved shall be replaced to the specifications outlined.

5.11.5. The joint between the existing and new pavement shall provide a smooth transition.

5.11.6. The square yardage for the radius paving shall be calculated and added to the total square yards as stated on the Project Order Form.



5.12. Driveways

5.12.1. Driveway joints with the exception of concrete driveways and brick pavers, are to be paved with a one (1) foot per inch or greater slope to achieve a smooth transition.

5.12.2. Driveways shall be swept and tacked before paving.

5.12.3. The cost of installing asphaltic concrete on driveway aprons shall be considered incidental and shall be included in Contractor's per unit resurfacing cost and no additional cost shall be permitted for driveway paving.

5.13. Compaction

5.13.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT – GENERAL CONSTRUCTION REQUIREMENTS.

5.13.2. If the County feels an area does not meet these requirements, they shall hire an independent testing laboratory to determine accordance with this specification.

5.13.3. Areas not in conformance with this specification will need to be removed and replaced at Contractor's expense.

5.14. Smooth Transition

5.14.1. The Contractor shall install a five (5) foot tapered keyway mill on all adjacent roads that are not being milled, in order to ensure a smooth transition between the new and existing pavement.

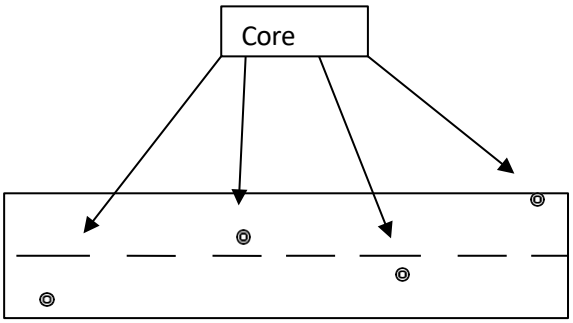
5.15. Quality Inspections

5.15.1. Core samples shall be taken by an independent laboratory approved by the County.

5.15.2. Contractor shall provide the County with the address and contact information of the laboratory prior to any resurfacing work starting.

5.15.3. Core samples shall be taken every five hundred (500) feet regardless of how many lanes are being resurfaced.

5.15.4. Core samples shall be taken in a random pattern as indicated on the diagram below.



5.15.5. Roads that are less than one thousand (1,000) feet shall have a minimum of two (2) core samples taken.

5.15.6. The cores shall be taken at a depth that will show the new and existing asphaltic concrete.

5.15.7. Holes that were created by taking the core samples shall be filled with a product approved by the County.

5.15.8 A determination of the average thickness of the asphaltic concrete shall be made from the samples by the testing laboratory and the results shall be sent from the laboratory directly to the County.

5.15.9 If the Contractor wishes to obtain additional core samples beyond those required by the County, such requests must be submitted in writing, and all associated costs shall be borne by the Contractor.

5.16. Deficiencies of Asphaltic Concrete Thickness and Ride Quality

5.16.1. The County will permit a deficiency in the thickness of the asphaltic concrete overlay not to exceed one-quarter (1/4) inch.

5.16.2. The Contractor shall utilize an asphalt transfer machine approved by the County for all roadway resurfacing involving milling, unless a written exception is granted by the County. The County shall not permit the commencement of work without the required transfer machine. In the event the transfer machine becomes inoperable during production, the County may, at its sole discretion, allow work to continue for the remainder of that production day.

5.16.3. When the deficiency in the thickness of the asphaltic concrete exceeds one-quarter (1/4) inch but does not exceed three-eighths (3/8) inch of the specified thickness, the County shall permit the Contractor to leave the asphaltic concrete in place without any compensation.

5.16.4. County shall determine the affected square yard area by multiplying the lane width by the length between the nearest acceptable core samples, and no payment shall be made for this area.

5.16.5. When the deficiency in thickness exceeds three-eighths (3/8) inch of the specified thickness, the Contractor shall correct the deficiency. In all cases where the installed asphaltic concrete is deficient beyond this limit, the Contractor shall restore the deficient area by applying new asphaltic concrete.

5.16.6. The minimum repair thickness must comply with the layer thickness standards specified under the asphaltic concrete section of these specifications.

5.16.7. The Contractor shall replace the full thickness as directed by the County, extending at least fifty (50) feet beyond each end of the deficient area.

5.16.8. County will mark the area to be corrected with white or pink paint, and the paving shall extend to the outer edge of this paint mark.

5.16.9. Any additional costs incurred to correct deficiencies shall be the sole responsibility of the Contractor. No additional charges shall be made to the County, even if the repair results in the final thickness of the asphaltic concrete overlay exceeding the originally specified thickness.

5.16.10. Asphalt smoothness shall be tested at the discretion County on any roadway which included milling.

5.16.11. Any portion of any roadway associated shall be required to be compliant with Section 330, SURFACE REQUIREMENTS for any lateral or transverse pavement joint provided by Contractor. Any deficiency in excess of three sixteenths (3/16)

inches shall be removed and replaced fifty (50) feet in either direction of the deficient area, at no additional cost to the County.

5.17. Manholes / Valves

5.17.1. Reference FDOT Standard Specifications Section 425, INLETS, MANHOLES, AND JUNCTION BOXES.

5.17.2. Manholes and water valves shall be adjusted through coordination with the appropriate utility provider to within one-half (1/2) inch of the final surface of the newly installed asphaltic concrete. This shall be accomplished prior to placing the new asphaltic concrete.

5.17.3. Contractor shall perform utility coordination required to address all manholes/valves located within the project limits. It shall be the utility provider's responsibility to furnish and install any required adjustments.

5.17.4. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.18. Traffic Stripes and Markings

5.18.1. Reference Standard Specifications FDOT Section 710, PAINTED PAVEMENT MARKINGS and Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

5.18.2. If the Contractor is unable to install the pavement markings as prescribed, appropriate traffic control measures shall be provided, such as but not limited to, warning signs, channelizing devices, and delineation to indicate the required travel ways in temporary traffic control zones.

5.18.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.18.3. Contractor should pay special attention to Section 710-4.3 concerning the retroreflectivity. The minimum retroreflectance of white pavement markings shall not be less than 300 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 250 mcd/lx-m^2.

5.18.4. The existing striping layout shall be recorded prior to the commencement of work. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.18.5. Striping shall be maintained throughout the duration of the work and shall be in place at the end of each workday.

5.18.6. Painted traffic stripes and markings shall be installed prior to the removal of the MOT.

5.18.7. If the Contractor fails to install the correct striping pattern, the Contractor shall remove the markings at their own expense using a method approved by the County.

5.18.8. If the road surface is damaged during the removal process, Contractor shall repair the road surface at Contractor's expense.

5.18.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.18.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity.

5.18.11. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.18.12. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify retroreflectivity, width, thickness and color. County shall notify Contractor of any deficiencies.

5.18.13. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.18.14. All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.19. Thermoplastic Traffic Stripes and Markings

5.19.1. Reference FDOT Standard Specification Section 711, THERMOPLASTIC PAVEMENT MARKINGS. Contractor should pay special attention to Section 711-4.3 concerning the retroreflectivity.

5.19.2. If the Contractor is unable to install the pavement markings as prescribed, the Contractor shall provide suitable traffic control measures in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), 2025 Edition or the latest edition. These traffic control measures shall include, but are not limited to, warning signs, channelizing devices, and delineation to clearly indicate the required travel ways within temporary traffic control zones.

5.19.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.19.3. Thermoplastic Pavement Markings shall not be installed prior to fourteen (14) calendar days following paving.

5.19.4. The minimum retroreflectance of white pavement markings shall not be less than 450 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 350 mcd/lx-m^2.

5.19.5. In addition to the FDOT Specifications, thermoplastic striping shall not be applied prior to a thirty (30) day cure period from the time of asphaltic concrete application, unless otherwise approved by the County.

5.19.6. The existing striping layout shall be recorded prior to the resurfacing activity is started. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.19.7. If Contractor does not install the correct striping pattern, it shall be Contractor's responsibility to remove the markings by the method approved by the County.

5.19.8. Contractor shall be responsible for the cost of the removal and replacement of the correct pattern. If the road surface is damaged during this removal process, Contractor shall be responsible to repair the road surface to the County's satisfaction at Contractor's expense.

5.19.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.19.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.19.11. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using the same method, to test and certify retroreflectivity, width, thickness and color.

5.19.12. County shall notify the Contractor of any deficiencies. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.19.13. Longitudinal pavement markings are subject to a 180-day observation period under normal traffic. The observation period shall begin with the satisfactory completion and acceptance of the work.

5.19.13.1. The markings shall show no signs of failure due to blistering, excessive cracking, chipping, discoloration, poor adhesion to the pavement, loss of reflectivity or vehicular damage.

5.19.13.2. The retroreflectivity shall meet the initial requirements of 711-4.3.

5.19.13.3. Contractor shall replace, at no cost to the County, any thermoplastic pavement markings that do not perform satisfactorily under traffic during the 180-day observation period.

5.19.14 All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.20. Worksite Traffic Supervisor

5.20.1. Reference FDOT Standard Specifications Section 102, Maintenance of Traffic.

5.20.2. Contractor shall have a worksite traffic supervisor that shall be responsible for all MOT by installing and maintaining all traffic control devices.

5.20.3. The worksite traffic supervisor shall review the project on a day-by-day basis as well as being involved in all changes relating to traffic control devices and traffic patterns.

5.20.4. This person shall handle traffic related situations and have access to all resources needed to maintain traffic control. This person shall be available in case of emergencies twenty-four (24) hours per day and shall be able to respond to the site within forty-five (45) minutes after notification.

5.20.5. Failure of this person to comply with the provisions of Section 102, shall be grounds for this person being removed from the project. If the County removes this individual from the project, Contractor shall provide a replacement with a person that is properly trained.

5.20.6. Failure to maintain a designated worksite traffic supervisor shall result in temporary suspension of all activities except MOT, erosion control, and other activities deemed to be necessary for project maintenance and safety.

5.20.7. The cost associated with the worksite traffic supervisor shall be included in the overall cost of all the operations needed to complete the work as outlined within these specifications.

[*The remainder of this page intentionally left blank*]

1. INSURANCE COVERAGE

1.1. CONTRACTOR will purchase and maintain at all times during the term of this Contract, without cost or expense to the COUNTY, policies of insurance as indicated below, with a company or companies authorized to do business in the State of Florida, and which are acceptable to the COUNTY, insuring the CONTRACTOR against any and all claims, demands, or causes of action, for injuries received or damage to property relating to the performance of duties, services, or obligations of the CONTRACTOR under the terms and provisions of the Contract.

1.2. An original certificate of insurance, indicating that CONTRACTOR has coverage in accordance with the requirements of this section must be received and accepted by the COUNTY prior to contract execution or before any work begins. It will be furnished by CONTRACTOR to the COUNTY'S Project Manager and Procurement Services Director within five (5) working days of such request.

1.3. The parties agree that the policies of insurance and confirming certificates of insurance will insure the CONTRACTOR in accordance with the following minimum limits:

1.3.1. Commercial General Liability Insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/2,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

1.3.2. Automobile Liability Insurance, including owned, non-owned, and hired autos with the minimum Combined Single Limit of $1,000,000

1.3.3. Workers' Compensation Insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers Liability with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employer	$1,000,000
Disease-Policy Limit	$1,000,000

1.3.4. Professional Liability and Specialty Insurance (environmental, pollution) as applicable, with minimum limits of $1,000,000 and annual aggregate of $2,000,000.

2. ADDITIONAL INSURED / CERTIFICATE REQUIREMENTS

2.1. Lake County, a Political Subdivision of the State of Florida, and the Board of County Commissioners, will be named as additional insured as their interest may appear on all applicable policies. Certificates of insurance must identify the solicitation number in the Description of Operations section on the Certificate.

2.2. Certificate holder must be:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

3. POLICY PROVISIONS

Certificates of Insurance must evidence the following:

3.1. A waiver of subrogation in favor of the COUNTY.

3.2. Coverage that is primary and noncontributory to any insurance or self-insurance maintained by the COUNTY.

3.3. Inclusion of a Cross Liability or Severability of Interests provision.

3.4. No requirement for the COUNTY to pay any premiums or assessments.

4. **POLICY ENDORSEMENTS**

4.1. CONTRACTOR must provide copies of all policy endorsements reflecting the required coverage, including documentation that lists Lake County as an additional insured and incorporates all required provisions including Waiver of Subrogation.

4.2. Contracts cannot be completed without this required insurance documentation. A Certificate of Insurance (COI) alone will not be accepted in lieu of the policy endorsements.

5. RENEWAL AND CONTINUOUS COVERAGE

5.1. CONTRACTOR shall maintain all required insurance coverage continuously throughout the term of the Contract, including any extensions or renewals.

5.2. Updated Certificates of Insurance, along with all relevant policy endorsements, must be submitted to the COUNTY no later than ten (10) calendar days before the expiration of any current insurance policy.

5.3. Failure to maintain continuous coverage may be considered a material breach of this Contract and grounds for immediate suspension or termination.

6. NOTICE OF CANCELLATION, NON-RENEWAL, OR MATERIAL CHANGE

6.1. CONTRACTOR or its insurer shall provide written notice to the COUNTY of cancellation, non-renewal, material restriction, or material change to any required insurance policy at least thirty (30) calendar days prior to the effective date of such action.

6.2. Notices shall be sent to the COUNTY's Project Manager and Procurement Services Director.

6.3. In the event of cancellation or non-renewal, CONTRACTOR shall immediately procure replacement coverage meeting or exceeding all required limits and conditions.

7. ADDITIONAL DOCUMENTATION REQUIREMENTS

7.1. Upon request by the COUNTY, CONTRACTOR shall provide complete copies of any insurance policies, endorsements, or other documentation necessary to verify compliance with the insurance requirements of this Contract.

7.2. CONTRACTOR shall fully cooperate with the COUNTY by providing prompt and comprehensive responses to all documentation requests.

7.3. Failure to provide the requested documentation may be considered as a material breach of the Contract.

7.4. CONTRACTOR shall be responsible for the actions and insurance coverage of all subcontractors. Each subcontractor shall provide the COUNTY with Certificates of Insurance demonstrating coverage and terms that meet the requirements established by the CONTRACTOR.

DEFINITIONS

Contract: The agreement to perform the services set forth in a document signed by both parties with any attachments specifically incorporated.

Contractor: The Vendor to whom award has been made.

County: Lake County, Florida, a political subdivision of the State of Florida.

Proposal: Any offer submitted in response to a solicitation.

Solicitation: The written document requesting bids, quotes, or proposals from the marketplace.

Vendor: Any entity responding to a solicitation or performing under any resulting contract.

INSTRUCTIONS TO VENDORS

A. Vendor Qualification: The County requires Vendors provide evidence of compliance with the requirements below upon request:
   1. Disclosure of Employment.
   2. Disclosure of Ownership.
   3. Drug-Free Workplace.
   4. W-9 and 8109 Forms – as required by the Internal Revenue Service.
   5. Americans with Disabilities Act (ADA).
   6. Conflict of Interest.
   7. Debarment Disclosure Affidavit.
   8. Nondiscrimination.
   9. Family Leave.
   10. Antitrust Laws – By acceptance of any contract, the Vendor agrees to comply with all applicable antitrust laws.

B. Public Entity Crimes: Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

C. Contents of Solicitation and Vendors' Responsibilities: The Vendor shall be thoroughly familiar with the requirements of this solicitation. Ignorance of these matters by the Vendor will not be accepted as a basis for varying the requirements of the County, or the compensation to be paid.

E. Restricted Discussions: From the date of solicitation issuance until final County action, Vendors will not discuss any part of the solicitation with any employee, agent, or other representative of the County except as expressly authorized by the designated procurement representative. The only communications that will be considered pertinent to a solicitation are appropriately signed written documents from the Vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Changes to Proposal: Prior to the scheduled due date, a Vendor may change its Proposal by submitting a new proposal with a letter on the firm's letterhead, signed by an authorized agent stating that the new submittal replaces the original. The new submittal must contain the letter and all information as required in the solicitation.

G. Withdrawal of Proposal: A Proposal will be irrevocable unless it is withdrawn as provided in a solicitation. A Proposal may be withdrawn, either physically or by written notice, at any time prior to solicitation award. If withdrawn by written notice, that notice must be addressed to, and received

by, the designated procurement representative. The letter must be on company letterhead and signed by an authorized agent of the Vendor.

H. Conflicts within the Solicitation: Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence will be: the last addendum issued, the Proposal Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the Vendor to identify such conflicts to the designated procurement representative prior to the Proposal due date.

I. Prompt Payment Terms: Payment for all purchases by County agencies will be made in a timely manner and interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. The Vendor may offer cash discounts for prompt payments; however, such discounts will not be considered in determining the lowest price during Proposal evaluation.

PREPARATION OF PROPOSALS

A. The pricing section of a solicitation defines requirements of items to be purchased and must be completed and submitted with the Proposal. Use of any other form or alteration of the form may result in rejection of the Proposal.

B. The Proposal submitted must be legible. Vendors shall type or use an ink to complete the Proposal. All changes must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.

C. An authorized agent of the Vendor's firm must sign the Proposal. The County may reject any Proposal not signed by an authorized agent.

D. The Vendor may submit alternate Proposals for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate Proposal must meet or exceed the minimum requirements and be submitted as a separate Proposal marked "Alternate Proposal."

E. When there is a discrepancy between the unit prices and any extended prices, the unit prices will prevail. The County reserves the right to allow for clarification of questionable entries and the correction of obvious mistakes.

F. Any Proposal received after the designated receipt date will be considered late and will not be considered for award.

COLLUSION

Where two (2) or more related parties each submit a Proposal for the same contract, such Proposals will be presumed to be collusive. Furthermore, any prior understanding, agreement, or connection between two (2) or more corporations, firms, or persons submitting a Proposal for the same materials, supplies, services, or equipment will also be presumed to be collusive. Proposals found to be collusive will be rejected. Vendors which have been found to have engaged in collusion may be considered non-responsible and may be suspended or debarred. Any contract resulting from collusive bidding may be terminated for default.

PROHIBITION AGAINST CONTINGENT FEES

The Vendor warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure the Contract and that they have not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Vendor, any consideration contingent upon or resulting from the award or making of the Contract.

CONTRACTING WITH COUNTY EMPLOYEES

Any County employee or immediate family member seeking to contract with the County shall seek a conflict of interest opinion from the County Attorney prior to submittal of a Proposal. The affected employee shall disclose the employee's assigned function within the County and interest or the interest of his or her immediate family in the proposed contract and the nature of the intended contract.

INCURRED EXPENSES

A solicitation does not commit the County to make an award nor will the County be responsible for any cost or expense which may be incurred by any Vendor in preparing and submitting a Proposal, or any cost or expense incurred by any Vendor prior to the execution of a purchase order or contract.

AWARD

A. The Contract resulting from a solicitation may be awarded to the responsible Vendor which submits a Proposal determined to provide the best value to the County with price, technical, and other applicable factors considered. The County reserves the right to reject any and all Proposals, to waive irregularities or technicalities, and to re-advertise for all or any part of this solicitation as deemed in its best interest. The County will be the sole judge of its best interest.

B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid, or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is necessary to protect the best interests of the County.

C. The County reserves the right to reject any and all Proposals if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.

D. The County reserves the right to reject offers containing terms or conditions contradictory to the County's.

E. Award of a solicitation will be made to firms satisfying all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the Vendor's site or hold a pre-award qualification hearing to determine if the Vendor can perform the requirements of a solicitation.

F. The Vendor's performance as a Contractor or subcontractor on previous County contracts will be considered in evaluating the responsibility of the Vendor.

G. Any tie situations will be resolved in consonance with current written County procedure.

H. The County has imposed a reciprocal match local vendor preference practice to ensure an equal procurement environment for all potential vendors unless prohibited by the funding source. More information is available on Section 2-222 Local Vendor Preference.

I. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.

J. A Vendor wishing to protest any award decision resulting from a solicitation may do so per the Lake County Protest Procedures.

GRANT FUNDING

In the event any part of a Contract is to be funded by federal, state, or other local agency monies, the Vendor hereby agrees to comply with all requirements of the funding entity applicable to the use of the monies, including full application of requirements involving the use of minority firms, women's business enterprises, and labor surplus area firms. Contractors are advised that payments under the Contract may

be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements.

STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of the registration may be required prior to award of a Contract. Additional information is available by visiting the Florida Department of State home page.

PRIME CONTRACTOR

The Vendor awarded a Contract shall act as the Prime Contractor and will assume full responsibility for the successful performance under the Contract. The Awarded Vendor (Contractor) will be considered the sole point of contact regarding meeting all requirements of the Contract. All subcontractors may be subject to advance review by the County regarding competency and security concerns. No change in subcontractors may be made without the consent of the County after the award of the Contract. Contractor will be responsible for all insurance, permits, licenses, and related matters for any and all subcontractors. County may require the Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

SUBCONTRACTING

Unless otherwise stipulated in a solicitation, the Contractor shall not subcontract any portion of the work without the prior written consent of the County. Subcontracting without the prior consent of the County may result in termination of the Contract for default.

DISADVANTAGED BUSINESSES

The County has adopted policies which assure and encourage the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services. The County encourages joint ventures between majority-owned firms and qualified disadvantaged/minority/women-owned firms.

GENERAL CONTRACT CONDITIONS

The Contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The Contract may not be amended, released, discharged, rescinded or abandoned, except by a written instrument duly executed by the parties. The failure of any party at any time to enforce any of the provisions of the Contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the Contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the Contract. Any dispute arising during Contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

GOVERNING LAW

The interpretation, effect, and validity of any contract will be governed by the laws and regulations of the State of Florida, and Lake County, Florida. Venue of any court action will be solely in Lake County, Florida. The Contractor hereby waives its right to a jury trial.

COMPLIANCE OF LAWS, REGULATIONS, AND LICENSES

The Contractor shall comply with all federal, state, and local laws and regulations applicable to provision of the goods or services specified in a solicitation. During the term of a Contract, the Contractor assures that it is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992, in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, disability or marital status, discriminate in any form or manner against its employees or

applicants for employment. The Contractor understands that any Contract is conditioned upon the veracity of this statement.

CONTRACT EXTENSION

The County has the unilateral option to extend a Contract for up to ninety (90) calendar days beyond the current Contract period. In such event, the County will notify the Contractor in writing of such extensions. The Contract may be extended beyond the initial ninety (90) day extension upon mutual agreement between the County and the Contractor. Exercise of the above options requires the prior approval of the Procurement Services Director.

MODIFICATION OF CONTRACT

Any Contract resulting from a solicitation may be modified by mutual consent of duly authorized parties, in writing through the issuance of a modification to the Contract or purchase order as appropriate. This presumes the modification itself complies with all applicable County procedures.

ASSIGNMENT

The Contractor shall not assign or transfer any Contract resulting from a solicitation, including any rights, title or interest in the Contract, or its power to execute such Contract to any entity without the prior written consent of the County. This provision includes any acquisition or hostile takeover of the Contractor. Failure to comply may result in termination of the Contract for default.

NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within a solicitation. However, the County reserves the right to perform, or cause to be performed, all or any of the work and services described in a solicitation in the manner deemed to represent its best interests. In no case will the County be liable for billings in excess of the quantity of goods or services provided under the Contract.

OTHER AGENCIES

Other governmental agencies may make purchases in accordance with the Contract with Contractor consent. Purchases are governed by the Contract's terms and conditions except for the change in agency name. Each agency will be responsible and liable for its own purchases for materials or services received.

CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any Contract period must, unless terminated by mutual written agreement between the County and the Contractor, continue until completion without change to the then current prices, terms and conditions.

WARRANTY

All warranties express and implied, must be made available to the County for goods and services covered by a solicitation. All goods furnished must be fully guaranteed by the Contractor against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided in the Contract will be in addition to the warranty and do not limit any right afforded to the County by any other provision of a solicitation. Contractor shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the County. The special conditions of a solicitation may supersede the manufacturer's standard warranty.

DEFICIENCIES IN WORK TO BE CORRECTED BY THE CONTRACTOR

Contractor shall promptly correct all apparent and latent deficiencies or defects in work, or any work that fails to conform to the Contract documents regardless of project completion status. All corrections

must be made within seven (7) calendar days after such rejected defects, deficiencies, or non-conformances are verbally reported to the Contractor by the County's project administrator. Contractor must bear all costs of correcting such rejected work. If the Contractor fails to correct the work within the period specified, the County may, at its discretion, notify the Contractor, in writing, that the Contractor is subject to contractual default provisions if the corrections are not completed to the satisfaction of the County within seven (7) calendar days of receipt of the notice. If the Contractor fails to correct the work within the period specified in the notice, the County may place the Contractor in default, obtain the services of another Contractor to correct the deficiencies, and charge the incumbent Contractor for these costs, either through a deduction from the final payment owed to the Contractor or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

COUNTY IS TAX-EXEMPT

When purchasing on a direct basis, the County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Visit Lake County Tax Exemption Certificate page to print a copy of the certificate. Except for items specifically identified by the Contractor and accepted by the County for direct County purchase under the Sales Tax Recovery Program, Contractors doing business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor will any Contractor be authorized to use any of the County's Tax Exemptions in securing such materials.

SHIPPING TERMS, F.O.B. DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. The County will not consider any Proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery.

ACCEPTANCE OF GOODS OR SERVICES

The products delivered as a result of a solicitation will remain the property of the Contractor, and services rendered under the Contract will not be deemed complete, until a physical inspection and actual usage of the products or services is accepted by the County and is in compliance with the terms in the contract.

Any goods or services purchased as a result of a solicitation or Contract may be tested/inspected for compliance with specifications. In the event that any aspect of the goods or services provided is found to be defective or does not conform to the specifications, the County reserves the right to terminate the Contract or initiate corrective action on the part of the Contractor, to include return of any non-compliant goods to the Contractor at the Contractor's expense**,** requiring the Contractor to either provide a direct replacement for the item, or a full credit for the returned item. The Contractor shall not assess any additional charges for any conforming action taken by the County under this clause. The County will not be responsible to pay for any product or service that does not conform to the Contract specifications.

In addition, any defective product or service or any product or service not delivered or performed by the date specified in a purchase order or Contract, may be procured by the County on the open market, and any increase in cost may be charged against the Contractor. Any cost incurred by the County in any re-procurement plus any increased product or service cost will be withheld from any monies owed to the Contractor by the County for any Contract or financial obligation.

ESTIMATED QUANTITIES

Estimated quantities or dollars are for the Vendor's guidance only and may be used in the award evaluation process. No guarantee is expressed or implied as to quantities or dollar value that will be used during the Contract period. The County is not obligated to place any order for a given amount subsequent

to the award of a solicitation. In no event will the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

PURCHASE OF OTHER ITEMS

While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a Contract. The Contractor will provide a price quote for the ancillary items. The County may request price quotes from all Contractors under Contract if there are multiple Contracts. The County reserves the right to award these ancillary items to the primary Contractor, another Contract Contractor based on the lowest price quoted, or to acquire the items through a separate solicitation.

Although a Contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the Contract at the option of the County. The location change will be addressed by formal Contract modification. The County may obtain price quotes for the additional facilities from other Vendors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

SAFETY

The Contractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA). The Contractor shall take all necessary precautions for the safety of and shall provide the necessary protection to prevent damage, injury, or loss to persons or property.

The Contractor shall provide all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations.

The Contractor shall designate a competent person of its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel. This person must be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the Contract Manager.

MATERIAL SAFETY DATA SHEET (MSDS)

The Contractor is responsible to ensure the County has received the latest version of any MSDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. The Contractor shall promptly provide a new MSDS to the County with the new information relevant to the specific material at any time the content of an MSDS is revised.

TOBACCO PRODUCTS

Tobacco use, including both smoke and smokeless tobacco, is prohibited on County owned property.

CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner. The Contractor shall thoroughly clean up all areas where work has been involved as mutually agreed with the associated user department's project manager upon final completion.

PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest must always be protected against damage or interrupted services by the Contractor during the term of a Contract. The Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the Contractor's operation on the property. In the event the Contractor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the Contractor.

CERTIFICATE OF COMPETENCY/LICENSURE, PERMITS, AND FEES

Any Vendor that submits an offer in response to a County solicitation shall, at the time of such offer if required, hold a valid Certificate of Competency or appropriate current license issued by the State or County Examining Board qualifying the Vendor to perform the work proposed. If work for other trades is required in conjunction with a solicitation, and such work will be performed by subcontractors hired by the Vendor, an applicable Certificate of Competency/license issued to the subcontractors must be submitted with the Vendor's offer. The County may at its option and in its best interest, allow the Vendor to supply the subcontractors certificate/license to the County during the offer evaluation period. The Contractor is responsible to ensure that all required licenses, permits, and fees (to include any inspection fees) required for a project are obtained and paid for, and shall comply with all laws, ordinances, regulations, and building or other code requirements applicable to the work contemplated in a solicitation. Damages, penalties, or fines imposed on the County or the Contractor for failure to obtain required licenses, permits, inspection or other fees, or inspections will be borne by the Contractor.

TRUTH IN NEGOTIATION CERTIFICATE

Any organization awarded a Contract must execute a truth-in-negotiation certificate stating that the wage rates and other factual unit costs are accurate, complete, and current, at the time of contracting for each Contract that exceeds $195,000.00. Any Contract requiring this certificate will contain a provision that the original Contract price and any additions will be adjusted to exclude any significant sums by which the County determines the Contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such Contract adjustments will be made within one (1) year following the end of the Contract.

COMPETENCY OF VENDORS AND ASSOCIATED SUBCONTRACTORS

Proposals will be considered from firms which are regularly engaged in the business of providing or distributing the goods or services described in the solicitation, and who can produce evidence of a consistent satisfactory record of performance. The County may consider any evidence available to it of the financial, technical, and other qualifications and abilities of any Vendor responding under a solicitation, including past performance with the County. Vendors must have sufficient financial support and organization to ensure satisfactory delivery under the stated solicitation terms and conditions of any Contract awarded. In the event the Vendor intends to subcontract any part of its work or will obtain the goods specifically offered under the Contract from another source of supply, the Vendor may be required to verify the competency of its subcontractor or supplier. The County reserves the right, before awarding the Contract, to require a Vendor to submit such evidence of its or its subcontractor's qualifications.

RESPONSIBILITY AS EMPLOYER

The employees of the Contractor will always be considered its employees, and not an employees or agents of the County. The Contractor shall provide employees capable of performing the work as required. The County may require the Contractor to remove any employee it deems unacceptable. All employees of the Contractor may be required to wear appropriate identification.

MINIMUM WAGES

Under the Contract, the wage rate paid to all laborers, mechanics and apprentices employed by the Contractor for the work under the Contract, must not be less than the prevailing wage rates for similar classifications of work as established by the Federal Government and enforced by the U.S. Department of Labor, Wages and Hours Division, and Florida's Minimum Wage requirements in Article X, Section 24 (f) of the Florida Constitution and enforced by the Florida Legislature by statute or the State Agency for Workforce Innovation by rule, whichever is higher.

PRICE REDETERMINATIONS

Contractor may petition for a price redetermination with documented increases in the cost of wages, fuel, or materials within 30 calendar days of the anniversary date of the Contract. Price redeterminations will be based upon changes documented by the applicable Employment Cost Index (ECI) or Producer Price Index (PPI) as published on the *Bureau of Labor Statistics site here*. Contractor may petition for price redetermination for Contractor's minimum wage employees should the minimum wage increase during the Contract. Upon verification, the County may grant an increase matching the minimum wage increase.

INDEMNIFICATION

To the extent permitted by law, the Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract by the Contractor or its employees, agents, servants, partners, principals or subcontractors. The Contractor shall pay all claims and losses in connection with those claims and losses, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may be incurred. The Contractor expressly understands and agrees that any insurance protection required by the Contract or otherwise provided by the Contractor will in no way limit the responsibility to indemnify, keep and hold harmless and defend the County or its officers, employees, agents and instrumentalities as provided in a solicitation or any Contract arising from a solicitation.

TERMINATION FOR CONVENIENCE

The County, at its sole discretion, reserves the right to terminate the Contract upon thirty (30) days' written notice. Upon receipt of such notice, the Contractor shall not incur any additional costs under the Contract. The County will be liable only for reasonable costs incurred by the Contractor prior to notice of termination. The County will be the sole judge of "reasonable costs."

TERMINATION DUE TO UNAVAILABILITY OF CONTINUING FUNDING

When funds are not appropriated or otherwise made available to support continuation of performance in a current or subsequent fiscal year, the Contract will be cancelled, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

TERMINATION FOR DEFAULT

The County reserves the right to terminate any Contract arising from a solicitation, in part or in whole, or affect other appropriate remedy in the event the Contractor fails to perform in accordance with the terms and conditions stated in the Contract. The County further reserves the right to suspend or debar the Contractor in accordance with the County's ordinances, resolutions and administrative orders. The Contractor will be notified by letter of the County's intent to terminate and the Contractor will be given

ten (10) calendar days to cure the breach. In the event of termination for default, the County may procure the required goods and services from any source and use any method deemed in its best interest. All re-procurement costs will be borne by the Contractor.

FRAUD AND MISREPRESENTATION

Any individual, corporation or other entity that attempts to meet its contractual obligations through fraud, misrepresentation or other material misstatement, may be debarred for up to five (5) years. The County as a further sanction may terminate or cancel any other Contracts with such individual, corporation or entity with such Contractor held responsible for all direct or indirect costs associated with termination or cancellation, including attorneys' fees.

RIGHT TO AUDIT

The County reserves the right to require the Contractor to submit to an audit, by any auditor of the County's choosing. The Contractor shall provide access to all of its records, which relate directly or indirectly to the contract at its place of business during regular business hours. The Contractor shall retain all records pertaining to the contract and upon request make them available to the County for three (3) complete calendar years following expiration of the contract. The Contractor agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards.

If the Contractor provides technology services, the Contractor must provide Statement of Standards for Attestations Engagements (SSAE) 16 or 18 and System and Service Organization Control (SOC) reports upon request by the County. The SOC reports must be full Type II reports that include the Contractor's description of control processes, and the independent auditor's evaluation of the design and operating effectiveness of controls. The cost of the reports will be paid by the Contractor.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the Contractor to the County in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the County's audit must be reimbursed to the County by the Contractor. Any adjustments or payments which must be made as a result of any such audit or inspection of the Contractor's invoices or records must be made within a reasonable amount of time, but in no event may the time exceed ninety (90) calendar days, from presentation of the County's audit findings to the Contractor.

This provision is hereby considered to be included within, and applicable to, any subcontractor agreement entered into by the Contractor in performance of any work under the contract.

PROPRIETARY/CONFIDENTIAL INFORMATION

Vendors are hereby notified that all information submitted as part of a Proposal will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"). The Vendor should not submit any information in response to a solicitation which the Vendor considers proprietary or confidential. The submission of any information to the County in connection with a solicitation will be deemed a waiver from release of the submitted information unless such information is exempt or confidential under the Public Records Act.

PUBLIC RECORDS LAW

Pursuant to section 119.0701(2)(a), Florida Statutes, the County is required to provide Contractor with this statement and establish the following requirements as contractual obligations pursuant to the contract:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY

TO PROVIDE PUBLIC RECORDS RELATING TO THIS SOLICITATION, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-343-9839, PURCHASING@LAKECOUNTYFL.GOV, BY MAIL, OFFICE OF PROCUREMENT SERVICES, ATTN: RON FALANGA, P.O. BOX 7800 TAVARES, FL 32778.

By entering into the Contract, Contractor acknowledges and agrees that any records maintained, generated, received, or kept in connection with, or related to the performance of services provided under, the Contract are public records subject to the public records disclosure requirements of section 119.07(1), Florida Statutes, and Article I, section 24 of the Florida Constitution. Pursuant to section 119.0701, Florida Statutes, any Contractor entering into a contract for services with the County is required to:

A. Keep and maintain public records required by the County to perform the services and work provided pursuant to the Contract.

B. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion or termination of the Contract if the Contractor does not transfer the records to the County.

D. Upon completion or termination of the Contract, transfer, at no cost, to the County all public records in the possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion or termination of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion or termination of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

Requests to inspect or copy public records relating to the County's Contract for services must be made directly to the County. If Contractor receives any such request, Contractor shall instruct the requestor to contact the County. If the County does not possess the records requested, the County shall immediately notify the Contractor of such request, and the Contractor must provide the records to the County or otherwise allow the records to be inspected or copied within a reasonable time.

Contractor acknowledges that failure to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes. Contractor further agrees not to release any records that are statutorily confidential or otherwise exempt from disclosure without first receiving prior written authorization from the County. Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek

declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

COPYRIGHTS

Any copyright derived from a Contract will belong to the author. The author and the Contractor shall expressly assign to the County nonexclusive, royalty free rights to use any and all information provided by the Contractor in any deliverable or report for the County's use which may include publishing in County documents and distribution as the County deems to be in its best interests. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

The County owns and retains all proprietary rights in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission.

SOVEREIGN IMMUNITY

County expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Nothing will be deemed as a waiver of immunity or the limitations of liability of County beyond any statutory limited waiver of immunity or limits of liability. Nothing will inure to the benefit of any third party for the purpose of allowing any claim against County, which would otherwise be barred under the law.

COMPLIANCE WITH FEDERAL STANDARDS

All items to be purchased under a Contract must be in accordance with all governmental standards to include, but not be limited to, those issued by the Occupational Safety and Health Administration (OSHA), the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA).

E-VERIFY

Upon award of a Contract, the Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new persons hired by the Contractor during the term of the Contract.

The Contractor shall include in all contracts with subcontractors performing work pursuant to any Contract, an express requirement that subcontractors utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new employees hired by subcontractors during the term of the subcontract.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPPA)

The Contractor may be required to execute a Business Associate Agreement, pursuant to the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) (codified at 42 U.S.C. Section 1320d, *et. seq.*), and regulations contained in 45 C.F.R. Parts 160 and 164.

If the Contractor obtains any information governed by 42 U.S.C. Section 290dd-2 and the regulations implemented by the Substance Abuse and Mental Health Services Administration at 42 C.F.R. Part 2 (collectively referred to as the "SAMHSA regulations"), whether from the County or another source, while providing services to the County under the contract, the Contractor shall only use or disclose that information pursuant to the SAMHSA regulations.

The Contractor will also comply with any and all laws under the State of Florida governing the confidentiality of health information, including but not limited to records or other documents containing medical, mental health, or substance abuse information.

FORCE MAJEURE

The parties will exercise every reasonable effort to meet respective obligations under the Contract but will not be liable for delayed performance or nonperformance resulting from a force majeure. A party that becomes aware of a force majeure that will significantly delay performance will notify the other party promptly, within 15 calendar days, after if discovers the force majeure. If a force majeure occurs, the parties may execute a contract modification or change order to extend the performance schedule or make accommodations that are reasonable under the circumstances.

NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against the County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve the Contractor of duty to perform or give rise to any right to damages or additional compensation from the County. The Contractor's sole remedy will be the right to seek an extension to the Contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the County.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel, and is not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

ANTI-TRAFFICKING RELATED ACTIVITIES

The U.S. Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities listed below. These prohibitions specifically apply to come federally funded contracts and prohibit contractors, contractor employees, and their agents from:

A. Engaging in severe forms of trafficking in persons during the period of performance of the contract;

B. Procuring commercial sex acts during the period of performance of the contract;

C. Using forced labor in the performance of the contract;

D. Destroying, concealing, confiscating, or otherwise denying access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

E. Using misleading or fraudulent practices during the recruitment of employees;

F. Charging employees or potential employees recruitment fees;

G. Failing to provide return transportation or paying for the cost of return transportation upon the end of employment for certain employees;

H. Providing or arrange housing that fails to meet the host country housing and safety standards; or

I. Failing to provide an employment contract, recruitment agreement, or other required work documents in writing, as required by law or contract.

NOTICES

All notices given by one party to the other party under a contract must be delivered to the receiving party's address set forth on the Contract either by hand, qualified courier, or e-mail and will be deemed received the day after it is transmitted. For County, it must be addressed to the Office of Procurement Services, Post Office Box 7800, 315 West Main Street, Suite 441, Tavares, Florida, 32778 or emailed to purchasing@lakecountyfl.gov.

EXHIBIT D **25-754**

PUBLIC WORKS ADDITIONAL TERMS AND CONDITIONS

1. Intent of Contract Documents
2. Errors and Omissions
3. Emergencies
4. Compliance with Occupational Safety and Health / Hazardous Materials
5. General Inspection Requirements
6. Project Manager
7. Contract Time and Time Extension
8. Hours of Operation
9. Changes in Work
10. Claims and Disputes
11. Lands for Work and Access Thereto
12. Maintenance of Traffic
13. Underground Utilities
14. Protection of Existing Structures, Utilities, Work and Vegetation
15. Equipment
16. Sanitation
17. Other Work
18. Bonds
19. Final Inspection
20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the

consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second

seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65
$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in

and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", 2018 edition (or latest edition), or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", 2018 (or latest edition), or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached

by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 “Contract provisions and related matters” with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term “perform work with its own organization” in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. **Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, ‘on-board’ commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B)
This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

POOL CONTRACT NO. 25-754D
For
ROAD RESURFACING AND RELATED SERVICES

LAKE COUNTY, FLORIDA, a political subdivision of the State of Florida, through its Board of County Commissioners (hereinafter "County") does hereby accept, with noted modifications, if any, the bid of **Premier Paving LLC** (hereinafter "Contractor") to supply **Road Resurfacing and Related Services** to the County pursuant to County Bid number 25-754 with any included addenda (hereinafter "Bid"), with an opening date of 12/16/2025, and Contractor's Bid response dated 12/16/2025, thereto with all County Bid provisions governing.

A copy of the Contractor's signed Bid is attached hereto and incorporated herein, thus making it a part of this Contract except that any items not awarded have been struck through. The attachments noted below are attached hereto and are part of this Contract.

ATTACHMENTS:
Attachment 1 – Submittal Form with General Terms & Conditions acceptance signed by Contractor
Attachment 2 – Pricing Sheet
Attachment 3 – Affidavit Form
Addendum(a) 1
Exhibit A – Scope of Work
Exhibit B – Insurance Requirements
Exhibit C – General Terms & Conditions v.5.6.21
Exhibit D – Public Works Road Operations Terms & Conditions
Exhibit E – FHWA-1273
Exhibit F – Performance/Payment Bonds
Exhibit G – intentionally excluded
Exhibit H – Asphalt Millings Site Map

No financial obligation under this Contract shall accrue against the County until a specific purchase transaction is completed pursuant to the terms and conditions of this Contract.

The County's Procurement Services Director shall be the sole judge as to the fact of the fulfillment of this Contract, and upon any breach thereof, shall, at his option, declare this Contract terminated, and for any loss or damage by reason of such breach, whether this Contract is terminated or not, said Contractor and their surety for any required bond shall be liable.

The Contract initial term is from 7/1/2026 through 6/30/2027 with the option for two subsequent two-year renewals. The County reserves the right to terminate this Contract immediately for cause and/or lack of funds and with thirty (30) day written notice for the convenience of the County. Renewals are contingent upon mutual written agreement.

Modifications to this Contract must be in writing signed by the County's Procurement Services Director.

LAKE COUNTY, FLORIDA

_____

By: Ronald A. Falanga
Procurement Services Director
Date:

The undersigned hereby declares that Premier Paving, LLC. has reviewed and accepts all specifications, terms, and conditions outlined in this Solicitation and affirms compliance with all legal requirements necessary to conduct business with the County, and to provide **ROAD RESURFACING AND RELATED SERVICES** specified. Submittals were advertised to be submitted by 3:00 P.M. Eastern time on the date indicated in the Solicitation or any subsequent addenda. Furthermore, the undersigned confirms they are duly authorized to execute this document, as well as any related contracts or transactions resulting from the award of this Solicitation.

1.0 TERM OF CONTRACT

Contract will be awarded for an initial one (1) year term with the option for two (2) subsequent two (2) year renewals. Renewals are contingent upon mutual written agreement.

Contract will commence upon the first day of the next calendar month after approval by the authorized authority. The Contract shall remain in effect until completion of both the expressed and implied warranty periods. The County reserves the right to negotiate for additional services or items of a similar nature that were not known or anticipated at the time of solicitation.

2.0 PAYMENT

Contractor shall email County's using department an accurate invoice within 30 calendar days after delivery. Invoices shall reference: Lake County BCC purchase/task order, delivery date, delivery location, and corresponding packing slip or delivery ticket signed by a County representative at the time of acceptance. Failure to submit invoices in the prescribed manner will delay payment.

Payments will be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

All pricing will be FOB Destination unless otherwise specified in this solicitation document. Pricing submitted will remain valid for a ninety (90) day period.

The County's preferred method for invoice payment is electronic remittance via virtual credit card (eCard) payments rather than paper checks. Contractors are encouraged to adopt this electronic payment option. The eCard system is designed to expedite payables and improve efficiency compared to paper check payments. This procedure aligns with the County's responsibilities and objectives, reflecting a commitment to leveraging technology to deliver greater value to taxpayers.

Vendor requests more information about accepting eCard for payment: YES

Vendor accepts MasterCard for payment: YES

3.0 CERTIFICATION REGARDING LAKE COUNTY TERMS AND CONDITIONS

I certify that I have reviewed the General Terms and Conditions for Lake County Florida and accept the Lake County General Terms and Conditions dated 5/6/21 as written including the Proprietary/Confidential Information section. YES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subncontractors are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted

a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel, and are not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or it or its subcontractors have been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

Failure to acknowledge may result in Submittal being deemed non-responsive.

4.0 CERTIFICATION REGARDING FELONY CONVICTION

Has any officer, director, or an executive performing equivalent duties, of the bidding entity been convicted of a felony during the past ten (10) years? NO

5.0 CONFLICT OF INTEREST DISCLOSURE CERTIFICATION

Except as listed below, no employee, officer, or agent of the firm has any conflicts of interest, real or apparent, due to ownership, other clients, contracts, or interests associated with this project; and, this Submittal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a proposal for the same services, and is in all respects fair and without collusion or fraud. JOSEPH FAITH

6.0 CERTIFICATION REGARDING BACKGROUND CHECKS

Under any County Contract involving Contractor or subcontractor personnel working in proximity to minors, the Vendor hereby confirms that all such personnel will have successfully completed an initial Certified Background Check, as well as subsequent annual checks, conducted by Contractor at no additional cost to County. The Vendor agrees to comply fully with all applicable Florida Statutes governing background investigations. The County reserves the right to request and review any related records, with or without cause, and to require the immediate replacement of any Contractor employee found to be in violation of these requirements. Furthermore, the Contractor shall indemnify and hold the County harmless from any liability arising from the actions of such personnel. Additional requirements may apply as specified within any particular contract award. YES

7.0 DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The County does not set specific goals for minority set-asides; however, participation by both minority and non-minority qualified firms is strongly encouraged. If your firm is classified as a minority-owned business or holds certification from the State of Florida, Office of Supplier Diversity, (OSD) as a Certified Minority Business Enterprise (CMBE), please indicate the appropriate classification(s) not applicable not applicable

and enter OSD Certification Number CGC 1518042
and enter effective date 4/9/2009 to date Click or tap to enter a date.

8.0 ANTITRUST VIOLATOR VENDOR LISTS

A person or affiliated entity listed on the antitrust violator vendor list due to a conviction or civil liability for an antitrust violation is prohibited from submitting bids, proposals, or responses for any new contracts to provide goods or services to a public entity. This restriction also applies to new contracts involving the construction or repair of a public building or public works, new leases of real property to a public entity, and includes being awarded or performing work as a contractor, supplier, subcontractor, or consultant under any such new contract. Furthermore, such persons or affiliates are barred from transacting any new business with a public entity.

9.0 FEDERAL FUNDING REQUIREMENT

9.1. A federally funded project expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Registration or search can be conducted here: SAM Directory and Registration website

AFFIDAVIT OF COMPLIANCE WITH §§ 287.138, 288.0071, AND 787.06, FLA. STAT. CONTRACTING WITH AND PROVIDING ECONOMIC INCENTIVES TO FOREIGN ENTITIES OF CONCERN, AND COMPLIANCE WITH ANTI-HUMAN TRAFFICKING LAWS

Before me, the undersigned authority, personally appeared **(Name of affiant)** Joseph Faith, who, after being first duly sworn, deposes and says of his or her personal knowledge the following:

1. Affiant is the **(Title)** Owner of **(Business Name)** Premier Paving, LLC which is authorized to conduct business in the State of Florida, hereinafter called the "Business."

2. *Prohibition on Providing Personal Identifying Information to Foreign Entities of Concern*: I affirm that Business is not owned by a foreign country of concern, a does a foreign country of concern does not have a controlling interest in Business, and that Business is not organized under the laws of nor does it have its principal place of business in a foreign country of concern, as defined in Section 287.138, Florida Statutes.

3. *Prohibition on Providing Economic Incentives to Foreign Entities of Concern*: I affirm that Business is not a foreign entity, as defined in Section 288.0071, Florida Statutes.

4. *Compliance with Human Trafficking Laws*: I affirm that Business does not use coercion for labor or services as defined in Section 787.06, Florida Statutes, entitled "Human Trafficking."

5. Under penalties of perjury, I declare that I am duly authorized and empowered and have sufficient knowledge to execute and deliver this Affidavit and that I have read the foregoing Affidavit and the facts stated in it are true.

Signed and Delivered on the 16th day of DECEMBER, 2025.

SOLICTATION: ROAD RESURFACING AND RELATED SERVICES 12/04/25

Vendors are responsible for the receipt and acknowledgement of all solicitation addenda. Submit an electronically signed copy with solicitation submission. Failure to acknowledge an addendum may prevent the submission from being considered for award.

THIS ADDENDUM DOES NOT CHANGE THE DATE FOR RECEIPT OF PROPOSALS.

QUESTIONS/RESPONSES

Q1. Is a bid bond required? If so, what percentage?

A. No.

Q2. Will there be a Pre-Bid Meeting for this project?

A. Refer to the bid document, Section 4.0 Pre-Bid Conference

Q3. Will this contract be awarded to one contractor or multiple contractors?

A. Refer to Exhibit A – Scope of Work, first sentence.

Q4. In the Lake County General Terms and Conditions, Price Redeterminations, it states that the contractor shall present documented increases in costs 30 days prior to the anniversary date of the contract, but any price redetermination shall be based on the applicable ECI or PPI, not the actual, documented price increases presented by the contractor, is this correct?

A. Because each project will be quoted using the RFQ system, price redeterminations will not apply to this contract. However, if an awarded project exceeds 90 days, adjustments may be requested and would be calculated using FDOT Bituminous & Fuel adjustments.

Q5. In the bid, there are 2 FC-12.5 Friction Course items that are specified as PG76-22 while other Friction Course items, FC-5, FC-9.5 and FC-12.5, are not designated as PG76-22. If these are not polymer modified and are acceptable to have a non-polymer liquid, can the RAP content be increased to the Lake County acceptable maximum?

A. Yes.

Q6. Will the contractor be responsible for maintaining the stockpile at any of the 3 Lake County milling stockpile sites?

A. No. Refer Exhibit A – Scope of Work, Sections 5.5.7 through 5.5.9.

ADDITIONAL INFORMATION

Title: Owner

Primary E-mail Address: Premier Paving, LLC.

Secondary E-mail Address: FCGCORPO@GMAIL.COM

1. SCOPE OF WORK

To establish a pool of vendors for job order road resurfacing and related services projects. Pool vendors shall be notified of projects via the County's RFQ system as described in Section 4. Contractors shall be required to possess and maintain a valid Class A or B General Contractor's License and shall demonstrate comprehensive knowledge of the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, the Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 edition, or the most current edition as amended.

This is an indefinite quantity contract with no guarantee that services will be required. The County does not guarantee a minimum or maximum dollar amount to be expended on any contract(s) resulting from this solicitation. The scope of work represents the minimum standards required. All work performed shall be in strict compliance with the latest codes, standards, and practices and in accordance with Federal, State, and Local laws.

2. CONTRACTOR RESPONSIBILITIES

Contractor shall:

2.1. Provide all labor, fuel, materials, equipment, storage, supplies, and incidental costs necessary to complete the tasks.

2.2. Provide for skilled, qualified, and English-speaking staff with a cell phone in good working order.

2.3. Provide adequate personnel, in the event of sickness or any absence, a substitute of equal skill shall be provided at no additional cost.

2.4. Provide a neat and clean in appearance dress code (as applicable) for Contractor's employees that consists of a shirt with company name, pants, and work shoes/boots and all associated PPE such as appropriate class safety vest, safety glasses, etc.

2.5. Project a professional image, deal effectively with the public, and discharge duties in a courteous and efficient manner.

2.6. Provide proof of chemical applicators' licensure prior to any Chemical treatment utilizing herbicides for vegetation removal.

2.7. Maintain the project work site in an attractive, and uniformly clean manner which will reflect favorably upon the County and the Contractor.

2.8. Perform work at a time that minimizes disturbance or interference to the flow of traffic.

2.9. Correct all apparent deficiencies within three (3) calendar days of any work that fails to conform to the specifications.

3. COUNTY RESPONSIBILITIES

County will:

3.1. Reserve the right to award to one or more vendors.

3.2. Reserve the right to add or remove services in conjunction with the County's needs.

3.3. Reserve the right to inspect and approve all material, supplies, workmanship, and equipment for contract performance.

3.4. Reserve the right to dismiss Contractor's staff for disorderly conduct or unsatisfactory performance in accordance with contract specifications.

4. DELIVERY REQUIREMENTS AND ACCEPTANCE.

4.1. When it is determined that a road resurfacing project is needed, the County will issue a Request for Quote (RFQ), utilizing the County's RFQ System.

4.2. The RFQ will define the scope of work, project limits, pre-bid meetings (if any), calendar days to complete the project, and submittal requirements.

4.3. The project limits will be marked with pink or white paint.

4.4. Contractor shall perform a site visit and inspect all sites prior to the question submission deadline specified within the RFQ.

4.4.1. Contractor shall document items, including but not limited to, additional milling, leveling, course and radius paving, discrepancies in quantities, or project limits, etc.

4.4.2. Contractor shall submit questions to the County via e-mail prior to the question submission deadline. Questions received after this time will not be answered.

4.4.3. An addendum will be issued for all questions received and posted to the RFQ.

4.5. Contractor shall submit a bid response prior to the bid closing date.

4.6. The submitted bid response constitutes the Contractor's agreement to all quantities and associated costs specified in the RFQ.

4.7. Change orders shall be issued for items that have been added to or deducted from the original RFQ. Change orders may be subject to bituminous and fuel adjustments in accordance with the terms of this contract.

4.8. A price redetermination will not be considered for projects taking less than 90 production days, or any projects exceeding original project days plus any approved added weather days.

5. TECHNICAL REQUIREMENTS

All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition. Relevant FDOT reference sections are indicated under the corresponding items listed below.

5.1. Public Notification of Work

5.1.1. Reference FDOT Standard Specifications Section 990, TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS

5.1.2. Contractor shall notify all residents within the project work area and project schedule and explain the expected level of inconvenience associated with the project.

5.1.3. Contractor shall provide public notification to all residences and parked vehicles on the roadway within the project limits seven (7) calendar days prior to the commencement of work.

5.1.4. Contractor shall obtain County approval prior to placement on residences and vehicles parked on neighborhood roads within the project limits.

5.1.5. Contractor shall install PCMS on all major roadways and industrial parks to display lane closure information including, but not limited to, anticipated lane closure, closure extent (i.e. "Next 3 Miles"), and daily hours of closures.

5.1.6. All costs associated with the PCMS shall be charged per unit/per day and include the installation, removal, mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.1.7. The Contractor shall make every effort to avoid blocking access to businesses for an extended period and provide the business with written notice, approved by the County, at least forty-eight (48) hours prior to access restriction.

5.1.8. Contractor shall minimize the impact to school related traffic during before and after school hours when project limits are within the vicinity of a school,

5.1.8.1. It shall be Contractor's responsibility to coordinate a pre-construction meeting with the County, an official from the affected school, and Contractor's Project Superintendent.

5.1.8.2. An adjusted work schedule will be established, as a result of the pre-construction meeting with the school official.

5.1.8.3. Portable Changeable Message Signs (PCMS) will be required for seven (7) calendar days prior to the commencement of the work to provide public notification of the upcoming work.

5.2. Shoulder Preparation

5.2.1. Vegetation shall be cut back six inches (6") from the edge of pavement, including any present on the pavement surface, and removed prior to the placement of new asphaltic concrete. Any areas where excessive material has been removed shall be promptly repaired by the Contractor.

5.2.2. Shoulder drop-off shall not exceed one (1) inch in depth, as measured from the top of the asphaltic concrete at the pavement edge.

5.2.3. If an excessive drop off is created, it shall be restored to no more than one (1) inch as described above.

5.2.4. If an area is to be left overnight with the excessive drop off, barricades marking the hazard shall be installed in accordance with FDOT specifications.

5.2.5. The cost for shoulder preparation (including mobilization, Maintenance of Traffic (MOT), equipment, labor, and all associated activities) shall be incorporated into the price for installing new asphaltic concrete.

5.3. Vegetation Removal

5.3.1. Vegetation in the cracks or joints shall be removed by using a propane torch or a chemical herbicide and subject to approval of the County. The vegetation shall be totally browned before the new asphaltic concrete is installed.

5.3.2. Chemical treatment shall not be applied without providing proof of chemical applicators licensure.

5.3.3. Chemical treatments shall be applied according to the manufacturer's specifications

to ensure public safety and a log of chemical treatments shall be kept with a copy supplied to the County'. The log shall contain information of the chemical product, manufacturer, application rate, application location, application date and time, safety data sheets (SDS), and weather conditions at the time of application.

5.3.4. The cost of removing vegetation by either propane torch or chemical herbicide treatment (including mobilization, MOT, herbicide, labor, etc.), and shall be incorporated into the price of the paving operation.

5.4. Road Base Repairs / Heavy Milling Repairs

5.4.1. Reference FDOT Standard Specifications Section 334 SUPERPAVE ASPHALTIC CONCRETE.

5.4.2. Full depth milling repairs shall be provided to areas of roadway with failed base.

5.4.2. County shall mark all areas for base repairs with white and pink paint.

5.4.3. Marked areas shall be milled to provide square or rectangular shaped repairs to a depth of six (6) inches and replaced with six (6) inches of Type SP 12.5 asphaltic concrete in three (3), two (2) inch lifts.

5.4.4. Jagged or misshaped repairs shall be rejected and repaired at no additional cost.

5.4.5. The unit cost for base repairs and/or heavy milling shall include, but not limited to mobilization, MOT, milling, asphalt, etc.

5.5. Milling of Existing Asphaltic Concrete Pavement

5.5.1. Reference FDOT Standard Specification Section 327 MILLING OF EXISTING ASPHALT PAVEMENT.

5.5.2. The cold milling process to remove existing asphaltic concrete may be requested to improve ride quality, correct cross slope, lower the finished grade adjacent to existing curbs, or remove the existing pavement.

5.5.3. Areas shall be marked in pink or white paint, milled to the depth specified, and milled to the outside edge of the painted area.

5.5.4. Contractor shall notify the County of any traffic light advance warning loops that will be affected forty-eight (48) hours before the milling operation starts.

5.5.4.1. Contractor will not be held responsible for damage of loops affected by the milling operation.

5.5.5. The milling machine shall be equipped to effectively limit the amount of dust escaping during the milling operation. Pre-wetting of the pavement may be required if it is determined there is too much dust being created.

5.5.6. Profile correction milling may be required on specific portions of roadways and will be paid based on an average milling depth of zero (0) to two (2) inches. Any area which exceeds the two (2) inch average depth will be compensated at the appropriate unit cost for total depth.

5.5.7. Asphalt millings generated shall be hauled from the project location at no additional cost to the County, except for millings that the County directs the Contractor to haul to three designated area(s) not exceeding 25 miles from the project.

5.4.6.1. Site 1 – Maintenance Area 1, 2310 W. Griffin Rd., Leesburg, FL 34748

5.4.6.2. Site 2 – Maintenance Area 2, End of Allegiance Ct., Groveland, FL 34736

5.4.6.3. Site 3 – Maintenance Area 3, 19720 E. Fifth St., Umatilla, FL 32784

5.5.8. If the County elects the Contractor to haul asphalt millings to one of the three designated County sites, payment will be made only for the actual cubic yards hauled.

5.5.8.1. Truck loads should average 18 cubic yards each.

5.5.8.2. Load tickets will be issued at the project site and collected by the County at the designated dump site.

5.5.8.3. The unit cost for milling shall cover mobilization, Maintenance of Traffic (MOT), milling equipment, labor, and all related expenses.

5.5.9. County reserves the right to insert County dump trucks into the milling operation at any time and to retain ownership of the resulting millings. If the County exercises this option, it shall be done in a manner that does not impede the Contractor's production and at no additional cost to the County.

5.6. Prime and Tack Coats

5.6.1. Reference FDOT Standard Specification Section 300, PRIME AND TACK COATS.

5.6.2. A tack coat shall be installed prior to the installation of the new asphaltic concrete.

5.6.3. The tack coat shall only be applied to one lane of traffic at a time, and shall not exceed one (1) mile, unless otherwise determined by the County.

5.6.4. The tack coat shall be applied only to areas scheduled to receive an asphalt layer the same day of operation and shall be protected from all traffic until the asphalt has been placed.

5.6.5. The unit cost for tack coat shall be included in the installation of new asphaltic concrete. No mobilization shall be charged for this operation and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.7. Asphaltic Concrete

5.7.1. Reference FDOT Standard Specification Section 320, HOT MIX ASPHALT PLANT METHODS AND EQUIPMENT and Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.7.2. Contractor shall be responsible to ensure positive drainage of the surface from the roadway to curb, edge of roadway and/or valley gutter.

5.7.3. There shall be no standing water along the pavement where there is no standing water in the curb.

5.7.4. Contractor shall provide proper and adequate fall across entrances and cul-de-sacs to ensure proper drainage of these areas.

5.7.5. The crown of the roadway shall be re- established to ensure a 2% fall from the center of the roadway to the outside edge of the roadway or be placed to match existing cross slope. No water shall be standing in the crown of the roadway.

5.7.6. Should there be low areas that may result in water standing on the new pavement, a

resolution shall be discussed with the County and resolved prior to starting work in the area.

5.7.7. The unit cost shall be based on one (1) inch increments. The cost for fractional amounts shall be invoiced according to the actual fractional amount installed.

5.7.8. The unit cost for asphaltic concrete types FC-5, FC-9.5, FC-12.5, FC-12.5 w/76-22, SP-9.5, and SP-12.5 shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.8. Asphaltic Concrete – Friction Course

5.8.1. Reference FDOT Standard Specifications Section 337, ASPHALTIC CONCRETE FRICTION COURSES.

5.8.2. The County may require the use of:

5.8.2.1. Type FC-9.5 asphaltic concrete friction course.

5.8.2.2. Type FC-12.5 asphaltic concrete friction course.

5.8.2.3. Type FC-12.5 with a 76-22 modified polymer asphaltic concrete friction course.

5.8.3. The unit cost for asphaltic concrete friction courses shall be included in the proposal price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.9. Asphaltic Concrete – Superpave

5.9.1. Reference FDOT Standard Specification Section 334 SUPERPAVE ASPHALT CONCRETE.

5.9.2. The County may require the use of:

5.9.2.1. Type SP-9.5 asphaltic concrete

5.9.2.1. Type SP-12.5 asphaltic concrete.

5.9.3. The unit cost for asphaltic concrete Type SP asphaltic concrete shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.10. Leveling Course

5.10.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.10.2. Contractor may be asked to install a leveling course of asphaltic concrete over an existing asphaltic concrete road surface. This shall only be utilized at the discretion of the County unless the need for such leveling was established prior to issuance of the Notice to Proceed by Contractor.

5.10.3. When a leveling course is requested, the specified asphaltic concrete mix is to be placed on the existing irregular pavement or base, the leveling course shall be used

to help provide a smooth driving surface by filling in voids and deformations such as wheel ruts, depressions, etc.

5.10.4. When a leveling course is requested, the estimate shown on the Project Order Form shall be based on one-half (1/2) inch for the specified area of the road surface. It is understood that some areas of the roadway will not require the entire one-half (1/2) inch and other areas may require greater than one-half (1/2) inch of asphaltic concrete. There should be no additional charge to the County for additional asphaltic concrete needed nor shall the County expect a credit if the specified amount of asphaltic concrete was not used. Contractor shall ensure that the placement is completed so that the final product provides a smooth driving surface.

5.10.5. Profiling of the roadway to change the grade or slope of the road shall be done with the use of asphalt and/or a milling machine.

5.10.6. If the County chooses to change the profile of the road using asphaltic concrete, it shall be quantified and paid by using the unit prices of designated asphaltic concrete unit cost in Attachment 2 – Pricing Sheet.

5.11 Radius Paving

5.11.1. Contractor shall overlay designated roadway intersections that connects to any project road.

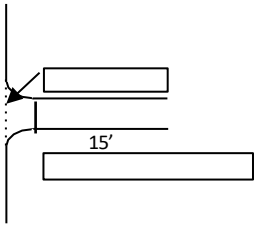
5.11.2. Paving will be to a distance of fifteen (15) feet, or as determined by the County, from the intersection (see diagram below).

5.11.3. The limits of the radius area shall be marked with white or pink paint. Not all intersections shall be paved. If there are not marks, it shall be assumed that the EOP be followed through the intersection or treated as a driveway for overlay applications.

5.11.4. Existing pavement markings within the radius area being paved shall be replaced to the specifications outlined.

5.11.5. The joint between the existing and new pavement shall provide a smooth transition.

5.11.6. The square yardage for the radius paving shall be calculated and added to the total square yards as stated on the Project Order Form.



5.12. Driveways

5.12.1. Driveway joints with the exception of concrete driveways and brick pavers, are to be paved with a one (1) foot per inch or greater slope to achieve a smooth transition.

5.12.2. Driveways shall be swept and tacked before paving.

5.12.3. The cost of installing asphaltic concrete on driveway aprons shall be considered incidental and shall be included in Contractor's per unit resurfacing cost and no additional cost shall be permitted for driveway paving.

5.13. Compaction

5.13.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT – GENERAL CONSTRUCTION REQUIREMENTS.

5.13.2. If the County feels an area does not meet these requirements, they shall hire an independent testing laboratory to determine accordance with this specification.

5.13.3. Areas not in conformance with this specification will need to be removed and replaced at Contractor's expense.

5.14. Smooth Transition

5.14.1. The Contractor shall install a five (5) foot tapered keyway mill on all adjacent roads that are not being milled, in order to ensure a smooth transition between the new and existing pavement.

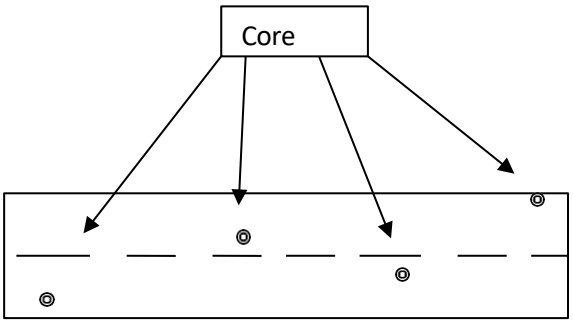
5.15. Quality Inspections

5.15.1. Core samples shall be taken by an independent laboratory approved by the County.

5.15.2. Contractor shall provide the County with the address and contact information of the laboratory prior to any resurfacing work starting.

5.15.3. Core samples shall be taken every five hundred (500) feet regardless of how many lanes are being resurfaced.

5.15.4. Core samples shall be taken in a random pattern as indicated on the diagram below.



5.15.5. Roads that are less than one thousand (1,000) feet shall have a minimum of two (2) core samples taken.

5.15.6. The cores shall be taken at a depth that will show the new and existing asphaltic concrete.

5.15.7. Holes that were created by taking the core samples shall be filled with a product approved by the County.

5.15.8 A determination of the average thickness of the asphaltic concrete shall be made from the samples by the testing laboratory and the results shall be sent from the laboratory directly to the County.

5.15.9 If the Contractor wishes to obtain additional core samples beyond those required by the County, such requests must be submitted in writing, and all associated costs shall be borne by the Contractor.

5.16. Deficiencies of Asphaltic Concrete Thickness and Ride Quality

5.16.1. The County will permit a deficiency in the thickness of the asphaltic concrete overlay not to exceed one-quarter (1/4) inch.

5.16.2. The Contractor shall utilize an asphalt transfer machine approved by the County for all roadway resurfacing involving milling, unless a written exception is granted by the County. The County shall not permit the commencement of work without the required transfer machine. In the event the transfer machine becomes inoperable during production, the County may, at its sole discretion, allow work to continue for the remainder of that production day.

5.16.3. When the deficiency in the thickness of the asphaltic concrete exceeds one-quarter (1/4) inch but does not exceed three-eighths (3/8) inch of the specified thickness, the County shall permit the Contractor to leave the asphaltic concrete in place without any compensation.

5.16.4. County shall determine the affected square yard area by multiplying the lane width by the length between the nearest acceptable core samples, and no payment shall be made for this area.

5.16.5. When the deficiency in thickness exceeds three-eighths (3/8) inch of the specified thickness, the Contractor shall correct the deficiency. In all cases where the installed asphaltic concrete is deficient beyond this limit, the Contractor shall restore the deficient area by applying new asphaltic concrete.

5.16.6. The minimum repair thickness must comply with the layer thickness standards specified under the asphaltic concrete section of these specifications.

5.16.7. The Contractor shall replace the full thickness as directed by the County, extending at least fifty (50) feet beyond each end of the deficient area.

5.16.8. County will mark the area to be corrected with white or pink paint, and the paving shall extend to the outer edge of this paint mark.

5.16.9. Any additional costs incurred to correct deficiencies shall be the sole responsibility of the Contractor. No additional charges shall be made to the County, even if the repair results in the final thickness of the asphaltic concrete overlay exceeding the originally specified thickness.

5.16.10. Asphalt smoothness shall be tested at the discretion County on any roadway which included milling.

5.16.11. Any portion of any roadway associated shall be required to be compliant with Section 330, SURFACE REQUIREMENTS for any lateral or transverse pavement joint provided by Contractor. Any deficiency in excess of three sixteenths (3/16)

inches shall be removed and replaced fifty (50) feet in either direction of the deficient area, at no additional cost to the County.

5.17. Manholes / Valves

5.17.1. Reference FDOT Standard Specifications Section 425, INLETS, MANHOLES, AND JUNCTION BOXES.

5.17.2. Manholes and water valves shall be adjusted through coordination with the appropriate utility provider to within one-half (1/2) inch of the final surface of the newly installed asphaltic concrete. This shall be accomplished prior to placing the new asphaltic concrete.

5.17.3. Contractor shall perform utility coordination required to address all manholes/valves located within the project limits. It shall be the utility provider's responsibility to furnish and install any required adjustments.

5.17.4. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.18. Traffic Stripes and Markings

5.18.1. Reference Standard Specifications FDOT Section 710, PAINTED PAVEMENT MARKINGS and Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

5.18.2. If the Contractor is unable to install the pavement markings as prescribed, appropriate traffic control measures shall be provided, such as but not limited to, warning signs, channelizing devices, and delineation to indicate the required travel ways in temporary traffic control zones.

5.18.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.18.3. Contractor should pay special attention to Section 710-4.3 concerning the retroreflectivity. The minimum retroreflectance of white pavement markings shall not be less than 300 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 250 mcd/lx-m^2.

5.18.4. The existing striping layout shall be recorded prior to the commencement of work. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.18.5. Striping shall be maintained throughout the duration of the work and shall be in place at the end of each workday.

5.18.6. Painted traffic stripes and markings shall be installed prior to the removal of the MOT.

5.18.7. If the Contractor fails to install the correct striping pattern, the Contractor shall remove the markings at their own expense using a method approved by the County.

5.18.8. If the road surface is damaged during the removal process, Contractor shall repair the road surface at Contractor's expense.

5.18.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.18.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity.

5.18.11. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.18.12. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify retroreflectivity, width, thickness and color. County shall notify Contractor of any deficiencies.

5.18.13. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.18.14. All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.19. Thermoplastic Traffic Stripes and Markings

5.19.1. Reference FDOT Standard Specification Section 711, THERMOPLASTIC PAVEMENT MARKINGS. Contractor should pay special attention to Section 711-4.3 concerning the retroreflectivity.

5.19.2. If the Contractor is unable to install the pavement markings as prescribed, the Contractor shall provide suitable traffic control measures in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), 2025 Edition or the latest edition. These traffic control measures shall include, but are not limited to, warning signs, channelizing devices, and delineation to clearly indicate the required travel ways within temporary traffic control zones.

5.19.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.19.3. Thermoplastic Pavement Markings shall not be installed prior to fourteen (14) calendar days following paving.

5.19.4. The minimum retroreflectance of white pavement markings shall not be less than 450 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 350 mcd/lx-m^2.

5.19.5. In addition to the FDOT Specifications, thermoplastic striping shall not be applied prior to a thirty (30) day cure period from the time of asphaltic concrete application, unless otherwise approved by the County.

5.19.6. The existing striping layout shall be recorded prior to the resurfacing activity is started. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.19.7. If Contractor does not install the correct striping pattern, it shall be Contractor's responsibility to remove the markings by the method approved by the County.

5.19.8. Contractor shall be responsible for the cost of the removal and replacement of the correct pattern. If the road surface is damaged during this removal process, Contractor shall be responsible to repair the road surface to the County's satisfaction at Contractor's expense.

5.19.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.19.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.19.11. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using the same method, to test and certify retroreflectivity, width, thickness and color.

5.19.12. County shall notify the Contractor of any deficiencies. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.19.13. Longitudinal pavement markings are subject to a 180-day observation period under normal traffic. The observation period shall begin with the satisfactory completion and acceptance of the work.

5.19.13.1. The markings shall show no signs of failure due to blistering, excessive cracking, chipping, discoloration, poor adhesion to the pavement, loss of reflectivity or vehicular damage.

5.19.13.2. The retroreflectivity shall meet the initial requirements of 711-4.3.

5.19.13.3. Contractor shall replace, at no cost to the County, any thermoplastic pavement markings that do not perform satisfactorily under traffic during the 180-day observation period.

5.19.14 All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.20. Worksite Traffic Supervisor

5.20.1. Reference FDOT Standard Specifications Section 102, Maintenance of Traffic.

5.20.2. Contractor shall have a worksite traffic supervisor that shall be responsible for all MOT by installing and maintaining all traffic control devices.

5.20.3. The worksite traffic supervisor shall review the project on a day-by-day basis as well as being involved in all changes relating to traffic control devices and traffic patterns.

5.20.4. This person shall handle traffic related situations and have access to all resources needed to maintain traffic control. This person shall be available in case of emergencies twenty-four (24) hours per day and shall be able to respond to the site within forty-five (45) minutes after notification.

5.20.5. Failure of this person to comply with the provisions of Section 102, shall be grounds for this person being removed from the project. If the County removes this individual from the project, Contractor shall provide a replacement with a person that is properly trained.

5.20.6. Failure to maintain a designated worksite traffic supervisor shall result in temporary suspension of all activities except MOT, erosion control, and other activities deemed to be necessary for project maintenance and safety.

5.20.7. The cost associated with the worksite traffic supervisor shall be included in the overall cost of all the operations needed to complete the work as outlined within these specifications.

[*The remainder of this page intentionally left blank*]

1. INSURANCE COVERAGE

1.1. CONTRACTOR will purchase and maintain at all times during the term of this Contract, without cost or expense to the COUNTY, policies of insurance as indicated below, with a company or companies authorized to do business in the State of Florida, and which are acceptable to the COUNTY, insuring the CONTRACTOR against any and all claims, demands, or causes of action, for injuries received or damage to property relating to the performance of duties, services, or obligations of the CONTRACTOR under the terms and provisions of the Contract.

1.2. An original certificate of insurance, indicating that CONTRACTOR has coverage in accordance with the requirements of this section must be received and accepted by the COUNTY prior to contract execution or before any work begins. It will be furnished by CONTRACTOR to the COUNTY'S Project Manager and Procurement Services Director within five (5) working days of such request.

1.3. The parties agree that the policies of insurance and confirming certificates of insurance will insure the CONTRACTOR in accordance with the following minimum limits:

1.3.1. Commercial General Liability Insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/2,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

1.3.2. Automobile Liability Insurance, including owned, non-owned, and hired autos with the minimum Combined Single Limit of $1,000,000

1.3.3. Workers' Compensation Insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers Liability with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employer	$1,000,000
Disease-Policy Limit	$1,000,000

1.3.4. Professional Liability and Specialty Insurance (environmental, pollution) as applicable, with minimum limits of $1,000,000 and annual aggregate of $2,000,000.

2. ADDITIONAL INSURED / CERTIFICATE REQUIREMENTS

2.1. Lake County, a Political Subdivision of the State of Florida, and the Board of County Commissioners, will be named as additional insured as their interest may appear on all applicable policies. Certificates of insurance must identify the solicitation number in the Description of Operations section on the Certificate.

2.2. Certificate holder must be:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

3. POLICY PROVISIONS

Certificates of Insurance must evidence the following:

3.1. A waiver of subrogation in favor of the COUNTY.

3.2. Coverage that is primary and noncontributory to any insurance or self-insurance maintained by the COUNTY.

3.3. Inclusion of a Cross Liability or Severability of Interests provision.

3.4. No requirement for the COUNTY to pay any premiums or assessments.

4. **POLICY ENDORSEMENTS**

4.1. CONTRACTOR must provide copies of all policy endorsements reflecting the required coverage, including documentation that lists Lake County as an additional insured and incorporates all required provisions including Waiver of Subrogation.

4.2. Contracts cannot be completed without this required insurance documentation. A Certificate of Insurance (COI) alone will not be accepted in lieu of the policy endorsements.

5. RENEWAL AND CONTINUOUS COVERAGE

5.1. CONTRACTOR shall maintain all required insurance coverage continuously throughout the term of the Contract, including any extensions or renewals.

5.2. Updated Certificates of Insurance, along with all relevant policy endorsements, must be submitted to the COUNTY no later than ten (10) calendar days before the expiration of any current insurance policy.

5.3. Failure to maintain continuous coverage may be considered a material breach of this Contract and grounds for immediate suspension or termination.

6. NOTICE OF CANCELLATION, NON-RENEWAL, OR MATERIAL CHANGE

6.1. CONTRACTOR or its insurer shall provide written notice to the COUNTY of cancellation, non-renewal, material restriction, or material change to any required insurance policy at least thirty (30) calendar days prior to the effective date of such action.

6.2. Notices shall be sent to the COUNTY's Project Manager and Procurement Services Director.

6.3. In the event of cancellation or non-renewal, CONTRACTOR shall immediately procure replacement coverage meeting or exceeding all required limits and conditions.

7. ADDITIONAL DOCUMENTATION REQUIREMENTS

7.1. Upon request by the COUNTY, CONTRACTOR shall provide complete copies of any insurance policies, endorsements, or other documentation necessary to verify compliance with the insurance requirements of this Contract.

7.2. CONTRACTOR shall fully cooperate with the COUNTY by providing prompt and comprehensive responses to all documentation requests.

7.3. Failure to provide the requested documentation may be considered as a material breach of the Contract.

7.4. CONTRACTOR shall be responsible for the actions and insurance coverage of all subcontractors. Each subcontractor shall provide the COUNTY with Certificates of Insurance demonstrating coverage and terms that meet the requirements established by the CONTRACTOR.

DEFINITIONS

Contract: The agreement to perform the services set forth in a document signed by both parties with any attachments specifically incorporated.

Contractor: The Vendor to whom award has been made.

County: Lake County, Florida, a political subdivision of the State of Florida.

Proposal: Any offer submitted in response to a solicitation.

Solicitation: The written document requesting bids, quotes, or proposals from the marketplace.

Vendor: Any entity responding to a solicitation or performing under any resulting contract.

INSTRUCTIONS TO VENDORS

A. Vendor Qualification: The County requires Vendors provide evidence of compliance with the requirements below upon request:
   1. Disclosure of Employment.
   2. Disclosure of Ownership.
   3. Drug-Free Workplace.
   4. W-9 and 8109 Forms – as required by the Internal Revenue Service.
   5. Americans with Disabilities Act (ADA).
   6. Conflict of Interest.
   7. Debarment Disclosure Affidavit.
   8. Nondiscrimination.
   9. Family Leave.
   10. Antitrust Laws – By acceptance of any contract, the Vendor agrees to comply with all applicable antitrust laws.

B. Public Entity Crimes: Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

C. Contents of Solicitation and Vendors' Responsibilities: The Vendor shall be thoroughly familiar with the requirements of this solicitation. Ignorance of these matters by the Vendor will not be accepted as a basis for varying the requirements of the County, or the compensation to be paid.

E. Restricted Discussions: From the date of solicitation issuance until final County action, Vendors will not discuss any part of the solicitation with any employee, agent, or other representative of the County except as expressly authorized by the designated procurement representative. The only communications that will be considered pertinent to a solicitation are appropriately signed written documents from the Vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Changes to Proposal: Prior to the scheduled due date, a Vendor may change its Proposal by submitting a new proposal with a letter on the firm's letterhead, signed by an authorized agent stating that the new submittal replaces the original. The new submittal must contain the letter and all information as required in the solicitation.

G. Withdrawal of Proposal: A Proposal will be irrevocable unless it is withdrawn as provided in a solicitation. A Proposal may be withdrawn, either physically or by written notice, at any time prior to solicitation award. If withdrawn by written notice, that notice must be addressed to, and received

by, the designated procurement representative. The letter must be on company letterhead and signed by an authorized agent of the Vendor.

H. Conflicts within the Solicitation: Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence will be: the last addendum issued, the Proposal Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the Vendor to identify such conflicts to the designated procurement representative prior to the Proposal due date.

I. Prompt Payment Terms: Payment for all purchases by County agencies will be made in a timely manner and interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. The Vendor may offer cash discounts for prompt payments; however, such discounts will not be considered in determining the lowest price during Proposal evaluation.

PREPARATION OF PROPOSALS

A. The pricing section of a solicitation defines requirements of items to be purchased and must be completed and submitted with the Proposal. Use of any other form or alteration of the form may result in rejection of the Proposal.

B. The Proposal submitted must be legible. Vendors shall type or use an ink to complete the Proposal. All changes must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.

C. An authorized agent of the Vendor's firm must sign the Proposal. The County may reject any Proposal not signed by an authorized agent.

D. The Vendor may submit alternate Proposals for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate Proposal must meet or exceed the minimum requirements and be submitted as a separate Proposal marked "Alternate Proposal."

E. When there is a discrepancy between the unit prices and any extended prices, the unit prices will prevail. The County reserves the right to allow for clarification of questionable entries and the correction of obvious mistakes.

F. Any Proposal received after the designated receipt date will be considered late and will not be considered for award.

COLLUSION

Where two (2) or more related parties each submit a Proposal for the same contract, such Proposals will be presumed to be collusive. Furthermore, any prior understanding, agreement, or connection between two (2) or more corporations, firms, or persons submitting a Proposal for the same materials, supplies, services, or equipment will also be presumed to be collusive. Proposals found to be collusive will be rejected. Vendors which have been found to have engaged in collusion may be considered non-responsible and may be suspended or debarred. Any contract resulting from collusive bidding may be terminated for default.

PROHIBITION AGAINST CONTINGENT FEES

The Vendor warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure the Contract and that they have not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Vendor, any consideration contingent upon or resulting from the award or making of the Contract.

CONTRACTING WITH COUNTY EMPLOYEES

Any County employee or immediate family member seeking to contract with the County shall seek a conflict of interest opinion from the County Attorney prior to submittal of a Proposal. The affected employee shall disclose the employee's assigned function within the County and interest or the interest of his or her immediate family in the proposed contract and the nature of the intended contract.

INCURRED EXPENSES

A solicitation does not commit the County to make an award nor will the County be responsible for any cost or expense which may be incurred by any Vendor in preparing and submitting a Proposal, or any cost or expense incurred by any Vendor prior to the execution of a purchase order or contract.

AWARD

A. The Contract resulting from a solicitation may be awarded to the responsible Vendor which submits a Proposal determined to provide the best value to the County with price, technical, and other applicable factors considered. The County reserves the right to reject any and all Proposals, to waive irregularities or technicalities, and to re-advertise for all or any part of this solicitation as deemed in its best interest. The County will be the sole judge of its best interest.

B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid, or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is necessary to protect the best interests of the County.

C. The County reserves the right to reject any and all Proposals if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.

D. The County reserves the right to reject offers containing terms or conditions contradictory to the County's.

E. Award of a solicitation will be made to firms satisfying all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the Vendor's site or hold a pre-award qualification hearing to determine if the Vendor can perform the requirements of a solicitation.

F. The Vendor's performance as a Contractor or subcontractor on previous County contracts will be considered in evaluating the responsibility of the Vendor.

G. Any tie situations will be resolved in consonance with current written County procedure.

H. The County has imposed a reciprocal match local vendor preference practice to ensure an equal procurement environment for all potential vendors unless prohibited by the funding source. More information is available on Section 2-222 Local Vendor Preference.

I. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.

J. A Vendor wishing to protest any award decision resulting from a solicitation may do so per the Lake County Protest Procedures.

GRANT FUNDING

In the event any part of a Contract is to be funded by federal, state, or other local agency monies, the Vendor hereby agrees to comply with all requirements of the funding entity applicable to the use of the monies, including full application of requirements involving the use of minority firms, women's business enterprises, and labor surplus area firms. Contractors are advised that payments under the Contract may

be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements.

STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of the registration may be required prior to award of a Contract. Additional information is available by visiting the Florida Department of State home page.

PRIME CONTRACTOR

The Vendor awarded a Contract shall act as the Prime Contractor and will assume full responsibility for the successful performance under the Contract. The Awarded Vendor (Contractor) will be considered the sole point of contact regarding meeting all requirements of the Contract. All subcontractors may be subject to advance review by the County regarding competency and security concerns. No change in subcontractors may be made without the consent of the County after the award of the Contract. Contractor will be responsible for all insurance, permits, licenses, and related matters for any and all subcontractors. County may require the Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

SUBCONTRACTING

Unless otherwise stipulated in a solicitation, the Contractor shall not subcontract any portion of the work without the prior written consent of the County. Subcontracting without the prior consent of the County may result in termination of the Contract for default.

DISADVANTAGED BUSINESSES

The County has adopted policies which assure and encourage the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services. The County encourages joint ventures between majority-owned firms and qualified disadvantaged/minority/women-owned firms.

GENERAL CONTRACT CONDITIONS

The Contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The Contract may not be amended, released, discharged, rescinded or abandoned, except by a written instrument duly executed by the parties. The failure of any party at any time to enforce any of the provisions of the Contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the Contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the Contract. Any dispute arising during Contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

GOVERNING LAW

The interpretation, effect, and validity of any contract will be governed by the laws and regulations of the State of Florida, and Lake County, Florida. Venue of any court action will be solely in Lake County, Florida. The Contractor hereby waives its right to a jury trial.

COMPLIANCE OF LAWS, REGULATIONS, AND LICENSES

The Contractor shall comply with all federal, state, and local laws and regulations applicable to provision of the goods or services specified in a solicitation. During the term of a Contract, the Contractor assures that it is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992, in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, disability or marital status, discriminate in any form or manner against its employees or

applicants for employment. The Contractor understands that any Contract is conditioned upon the veracity of this statement.

CONTRACT EXTENSION

The County has the unilateral option to extend a Contract for up to ninety (90) calendar days beyond the current Contract period. In such event, the County will notify the Contractor in writing of such extensions. The Contract may be extended beyond the initial ninety (90) day extension upon mutual agreement between the County and the Contractor. Exercise of the above options requires the prior approval of the Procurement Services Director.

MODIFICATION OF CONTRACT

Any Contract resulting from a solicitation may be modified by mutual consent of duly authorized parties, in writing through the issuance of a modification to the Contract or purchase order as appropriate. This presumes the modification itself complies with all applicable County procedures.

ASSIGNMENT

The Contractor shall not assign or transfer any Contract resulting from a solicitation, including any rights, title or interest in the Contract, or its power to execute such Contract to any entity without the prior written consent of the County. This provision includes any acquisition or hostile takeover of the Contractor. Failure to comply may result in termination of the Contract for default.

NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within a solicitation. However, the County reserves the right to perform, or cause to be performed, all or any of the work and services described in a solicitation in the manner deemed to represent its best interests. In no case will the County be liable for billings in excess of the quantity of goods or services provided under the Contract.

OTHER AGENCIES

Other governmental agencies may make purchases in accordance with the Contract with Contractor consent. Purchases are governed by the Contract's terms and conditions except for the change in agency name. Each agency will be responsible and liable for its own purchases for materials or services received.

CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any Contract period must, unless terminated by mutual written agreement between the County and the Contractor, continue until completion without change to the then current prices, terms and conditions.

WARRANTY

All warranties express and implied, must be made available to the County for goods and services covered by a solicitation. All goods furnished must be fully guaranteed by the Contractor against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided in the Contract will be in addition to the warranty and do not limit any right afforded to the County by any other provision of a solicitation. Contractor shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the County. The special conditions of a solicitation may supersede the manufacturer's standard warranty.

DEFICIENCIES IN WORK TO BE CORRECTED BY THE CONTRACTOR

Contractor shall promptly correct all apparent and latent deficiencies or defects in work, or any work that fails to conform to the Contract documents regardless of project completion status. All corrections

must be made within seven (7) calendar days after such rejected defects, deficiencies, or non-conformances are verbally reported to the Contractor by the County's project administrator. Contractor must bear all costs of correcting such rejected work. If the Contractor fails to correct the work within the period specified, the County may, at its discretion, notify the Contractor, in writing, that the Contractor is subject to contractual default provisions if the corrections are not completed to the satisfaction of the County within seven (7) calendar days of receipt of the notice. If the Contractor fails to correct the work within the period specified in the notice, the County may place the Contractor in default, obtain the services of another Contractor to correct the deficiencies, and charge the incumbent Contractor for these costs, either through a deduction from the final payment owed to the Contractor or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

COUNTY IS TAX-EXEMPT

When purchasing on a direct basis, the County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Visit Lake County Tax Exemption Certificate page to print a copy of the certificate. Except for items specifically identified by the Contractor and accepted by the County for direct County purchase under the Sales Tax Recovery Program, Contractors doing business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor will any Contractor be authorized to use any of the County's Tax Exemptions in securing such materials.

SHIPPING TERMS, F.O.B. DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. The County will not consider any Proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery.

ACCEPTANCE OF GOODS OR SERVICES

The products delivered as a result of a solicitation will remain the property of the Contractor, and services rendered under the Contract will not be deemed complete, until a physical inspection and actual usage of the products or services is accepted by the County and is in compliance with the terms in the contract.

Any goods or services purchased as a result of a solicitation or Contract may be tested/inspected for compliance with specifications. In the event that any aspect of the goods or services provided is found to be defective or does not conform to the specifications, the County reserves the right to terminate the Contract or initiate corrective action on the part of the Contractor, to include return of any non-compliant goods to the Contractor at the Contractor's expense**,** requiring the Contractor to either provide a direct replacement for the item, or a full credit for the returned item. The Contractor shall not assess any additional charges for any conforming action taken by the County under this clause. The County will not be responsible to pay for any product or service that does not conform to the Contract specifications.

In addition, any defective product or service or any product or service not delivered or performed by the date specified in a purchase order or Contract, may be procured by the County on the open market, and any increase in cost may be charged against the Contractor. Any cost incurred by the County in any re-procurement plus any increased product or service cost will be withheld from any monies owed to the Contractor by the County for any Contract or financial obligation.

ESTIMATED QUANTITIES

Estimated quantities or dollars are for the Vendor's guidance only and may be used in the award evaluation process. No guarantee is expressed or implied as to quantities or dollar value that will be used during the Contract period. The County is not obligated to place any order for a given amount subsequent

to the award of a solicitation. In no event will the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

PURCHASE OF OTHER ITEMS

While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a Contract. The Contractor will provide a price quote for the ancillary items. The County may request price quotes from all Contractors under Contract if there are multiple Contracts. The County reserves the right to award these ancillary items to the primary Contractor, another Contract Contractor based on the lowest price quoted, or to acquire the items through a separate solicitation.

Although a Contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the Contract at the option of the County. The location change will be addressed by formal Contract modification. The County may obtain price quotes for the additional facilities from other Vendors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

SAFETY

The Contractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA). The Contractor shall take all necessary precautions for the safety of and shall provide the necessary protection to prevent damage, injury, or loss to persons or property.

The Contractor shall provide all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations.

The Contractor shall designate a competent person of its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel. This person must be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the Contract Manager.

MATERIAL SAFETY DATA SHEET (MSDS)

The Contractor is responsible to ensure the County has received the latest version of any MSDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. The Contractor shall promptly provide a new MSDS to the County with the new information relevant to the specific material at any time the content of an MSDS is revised.

TOBACCO PRODUCTS

Tobacco use, including both smoke and smokeless tobacco, is prohibited on County owned property.

CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner. The Contractor shall thoroughly clean up all areas where work has been involved as mutually agreed with the associated user department's project manager upon final completion.

PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest must always be protected against damage or interrupted services by the Contractor during the term of a Contract. The Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the Contractor's operation on the property. In the event the Contractor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the Contractor.

CERTIFICATE OF COMPETENCY/LICENSURE, PERMITS, AND FEES

Any Vendor that submits an offer in response to a County solicitation shall, at the time of such offer if required, hold a valid Certificate of Competency or appropriate current license issued by the State or County Examining Board qualifying the Vendor to perform the work proposed. If work for other trades is required in conjunction with a solicitation, and such work will be performed by subcontractors hired by the Vendor, an applicable Certificate of Competency/license issued to the subcontractors must be submitted with the Vendor's offer. The County may at its option and in its best interest, allow the Vendor to supply the subcontractors certificate/license to the County during the offer evaluation period. The Contractor is responsible to ensure that all required licenses, permits, and fees (to include any inspection fees) required for a project are obtained and paid for, and shall comply with all laws, ordinances, regulations, and building or other code requirements applicable to the work contemplated in a solicitation. Damages, penalties, or fines imposed on the County or the Contractor for failure to obtain required licenses, permits, inspection or other fees, or inspections will be borne by the Contractor.

TRUTH IN NEGOTIATION CERTIFICATE

Any organization awarded a Contract must execute a truth-in-negotiation certificate stating that the wage rates and other factual unit costs are accurate, complete, and current, at the time of contracting for each Contract that exceeds $195,000.00. Any Contract requiring this certificate will contain a provision that the original Contract price and any additions will be adjusted to exclude any significant sums by which the County determines the Contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such Contract adjustments will be made within one (1) year following the end of the Contract.

COMPETENCY OF VENDORS AND ASSOCIATED SUBCONTRACTORS

Proposals will be considered from firms which are regularly engaged in the business of providing or distributing the goods or services described in the solicitation, and who can produce evidence of a consistent satisfactory record of performance. The County may consider any evidence available to it of the financial, technical, and other qualifications and abilities of any Vendor responding under a solicitation, including past performance with the County. Vendors must have sufficient financial support and organization to ensure satisfactory delivery under the stated solicitation terms and conditions of any Contract awarded. In the event the Vendor intends to subcontract any part of its work or will obtain the goods specifically offered under the Contract from another source of supply, the Vendor may be required to verify the competency of its subcontractor or supplier. The County reserves the right, before awarding the Contract, to require a Vendor to submit such evidence of its or its subcontractor's qualifications.

RESPONSIBILITY AS EMPLOYER

The employees of the Contractor will always be considered its employees, and not an employees or agents of the County. The Contractor shall provide employees capable of performing the work as required. The County may require the Contractor to remove any employee it deems unacceptable. All employees of the Contractor may be required to wear appropriate identification.

MINIMUM WAGES

Under the Contract, the wage rate paid to all laborers, mechanics and apprentices employed by the Contractor for the work under the Contract, must not be less than the prevailing wage rates for similar classifications of work as established by the Federal Government and enforced by the U.S. Department of Labor, Wages and Hours Division, and Florida's Minimum Wage requirements in Article X, Section 24 (f) of the Florida Constitution and enforced by the Florida Legislature by statute or the State Agency for Workforce Innovation by rule, whichever is higher.

PRICE REDETERMINATIONS

Contractor may petition for a price redetermination with documented increases in the cost of wages, fuel, or materials within 30 calendar days of the anniversary date of the Contract. Price redeterminations will be based upon changes documented by the applicable Employment Cost Index (ECI) or Producer Price Index (PPI) as published on the *Bureau of Labor Statistics site here*. Contractor may petition for price redetermination for Contractor's minimum wage employees should the minimum wage increase during the Contract. Upon verification, the County may grant an increase matching the minimum wage increase.

INDEMNIFICATION

To the extent permitted by law, the Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract by the Contractor or its employees, agents, servants, partners, principals or subcontractors. The Contractor shall pay all claims and losses in connection with those claims and losses, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may be incurred. The Contractor expressly understands and agrees that any insurance protection required by the Contract or otherwise provided by the Contractor will in no way limit the responsibility to indemnify, keep and hold harmless and defend the County or its officers, employees, agents and instrumentalities as provided in a solicitation or any Contract arising from a solicitation.

TERMINATION FOR CONVENIENCE

The County, at its sole discretion, reserves the right to terminate the Contract upon thirty (30) days' written notice. Upon receipt of such notice, the Contractor shall not incur any additional costs under the Contract. The County will be liable only for reasonable costs incurred by the Contractor prior to notice of termination. The County will be the sole judge of "reasonable costs."

TERMINATION DUE TO UNAVAILABILITY OF CONTINUING FUNDING

When funds are not appropriated or otherwise made available to support continuation of performance in a current or subsequent fiscal year, the Contract will be cancelled, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

TERMINATION FOR DEFAULT

The County reserves the right to terminate any Contract arising from a solicitation, in part or in whole, or affect other appropriate remedy in the event the Contractor fails to perform in accordance with the terms and conditions stated in the Contract. The County further reserves the right to suspend or debar the Contractor in accordance with the County's ordinances, resolutions and administrative orders. The Contractor will be notified by letter of the County's intent to terminate and the Contractor will be given

ten (10) calendar days to cure the breach. In the event of termination for default, the County may procure the required goods and services from any source and use any method deemed in its best interest. All re-procurement costs will be borne by the Contractor.

FRAUD AND MISREPRESENTATION

Any individual, corporation or other entity that attempts to meet its contractual obligations through fraud, misrepresentation or other material misstatement, may be debarred for up to five (5) years. The County as a further sanction may terminate or cancel any other Contracts with such individual, corporation or entity with such Contractor held responsible for all direct or indirect costs associated with termination or cancellation, including attorneys' fees.

RIGHT TO AUDIT

The County reserves the right to require the Contractor to submit to an audit, by any auditor of the County's choosing. The Contractor shall provide access to all of its records, which relate directly or indirectly to the contract at its place of business during regular business hours. The Contractor shall retain all records pertaining to the contract and upon request make them available to the County for three (3) complete calendar years following expiration of the contract. The Contractor agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards.

If the Contractor provides technology services, the Contractor must provide Statement of Standards for Attestations Engagements (SSAE) 16 or 18 and System and Service Organization Control (SOC) reports upon request by the County. The SOC reports must be full Type II reports that include the Contractor's description of control processes, and the independent auditor's evaluation of the design and operating effectiveness of controls. The cost of the reports will be paid by the Contractor.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the Contractor to the County in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the County's audit must be reimbursed to the County by the Contractor. Any adjustments or payments which must be made as a result of any such audit or inspection of the Contractor's invoices or records must be made within a reasonable amount of time, but in no event may the time exceed ninety (90) calendar days, from presentation of the County's audit findings to the Contractor.

This provision is hereby considered to be included within, and applicable to, any subcontractor agreement entered into by the Contractor in performance of any work under the contract.

PROPRIETARY/CONFIDENTIAL INFORMATION

Vendors are hereby notified that all information submitted as part of a Proposal will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"). The Vendor should not submit any information in response to a solicitation which the Vendor considers proprietary or confidential. The submission of any information to the County in connection with a solicitation will be deemed a waiver from release of the submitted information unless such information is exempt or confidential under the Public Records Act.

PUBLIC RECORDS LAW

Pursuant to section 119.0701(2)(a), Florida Statutes, the County is required to provide Contractor with this statement and establish the following requirements as contractual obligations pursuant to the contract:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY

TO PROVIDE PUBLIC RECORDS RELATING TO THIS SOLICITATION, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-343-9839, PURCHASING@LAKECOUNTYFL.GOV, BY MAIL, OFFICE OF PROCUREMENT SERVICES, ATTN: RON FALANGA, P.O. BOX 7800 TAVARES, FL 32778.

By entering into the Contract, Contractor acknowledges and agrees that any records maintained, generated, received, or kept in connection with, or related to the performance of services provided under, the Contract are public records subject to the public records disclosure requirements of section 119.07(1), Florida Statutes, and Article I, section 24 of the Florida Constitution. Pursuant to section 119.0701, Florida Statutes, any Contractor entering into a contract for services with the County is required to:

A. Keep and maintain public records required by the County to perform the services and work provided pursuant to the Contract.

B. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion or termination of the Contract if the Contractor does not transfer the records to the County.

D. Upon completion or termination of the Contract, transfer, at no cost, to the County all public records in the possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion or termination of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion or termination of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

Requests to inspect or copy public records relating to the County's Contract for services must be made directly to the County. If Contractor receives any such request, Contractor shall instruct the requestor to contact the County. If the County does not possess the records requested, the County shall immediately notify the Contractor of such request, and the Contractor must provide the records to the County or otherwise allow the records to be inspected or copied within a reasonable time.

Contractor acknowledges that failure to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes. Contractor further agrees not to release any records that are statutorily confidential or otherwise exempt from disclosure without first receiving prior written authorization from the County. Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek

declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

COPYRIGHTS

Any copyright derived from a Contract will belong to the author. The author and the Contractor shall expressly assign to the County nonexclusive, royalty free rights to use any and all information provided by the Contractor in any deliverable or report for the County's use which may include publishing in County documents and distribution as the County deems to be in its best interests. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

The County owns and retains all proprietary rights in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission.

SOVEREIGN IMMUNITY

County expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Nothing will be deemed as a waiver of immunity or the limitations of liability of County beyond any statutory limited waiver of immunity or limits of liability. Nothing will inure to the benefit of any third party for the purpose of allowing any claim against County, which would otherwise be barred under the law.

COMPLIANCE WITH FEDERAL STANDARDS

All items to be purchased under a Contract must be in accordance with all governmental standards to include, but not be limited to, those issued by the Occupational Safety and Health Administration (OSHA), the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA).

E-VERIFY

Upon award of a Contract, the Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new persons hired by the Contractor during the term of the Contract.

The Contractor shall include in all contracts with subcontractors performing work pursuant to any Contract, an express requirement that subcontractors utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new employees hired by subcontractors during the term of the subcontract.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPPA)

The Contractor may be required to execute a Business Associate Agreement, pursuant to the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) (codified at 42 U.S.C. Section 1320d, *et. seq.*), and regulations contained in 45 C.F.R. Parts 160 and 164.

If the Contractor obtains any information governed by 42 U.S.C. Section 290dd-2 and the regulations implemented by the Substance Abuse and Mental Health Services Administration at 42 C.F.R. Part 2 (collectively referred to as the "SAMHSA regulations"), whether from the County or another source, while providing services to the County under the contract, the Contractor shall only use or disclose that information pursuant to the SAMHSA regulations.

The Contractor will also comply with any and all laws under the State of Florida governing the confidentiality of health information, including but not limited to records or other documents containing medical, mental health, or substance abuse information.

FORCE MAJEURE

The parties will exercise every reasonable effort to meet respective obligations under the Contract but will not be liable for delayed performance or nonperformance resulting from a force majeure. A party that becomes aware of a force majeure that will significantly delay performance will notify the other party promptly, within 15 calendar days, after if discovers the force majeure. If a force majeure occurs, the parties may execute a contract modification or change order to extend the performance schedule or make accommodations that are reasonable under the circumstances.

NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against the County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve the Contractor of duty to perform or give rise to any right to damages or additional compensation from the County. The Contractor's sole remedy will be the right to seek an extension to the Contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the County.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel, and is not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

ANTI-TRAFFICKING RELATED ACTIVITIES

The U.S. Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities listed below. These prohibitions specifically apply to come federally funded contracts and prohibit contractors, contractor employees, and their agents from:

A. Engaging in severe forms of trafficking in persons during the period of performance of the contract;

B. Procuring commercial sex acts during the period of performance of the contract;

C. Using forced labor in the performance of the contract;

D. Destroying, concealing, confiscating, or otherwise denying access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

E. Using misleading or fraudulent practices during the recruitment of employees;

F. Charging employees or potential employees recruitment fees;

G. Failing to provide return transportation or paying for the cost of return transportation upon the end of employment for certain employees;

H. Providing or arrange housing that fails to meet the host country housing and safety standards; or

I. Failing to provide an employment contract, recruitment agreement, or other required work documents in writing, as required by law or contract.

NOTICES

All notices given by one party to the other party under a contract must be delivered to the receiving party's address set forth on the Contract either by hand, qualified courier, or e-mail and will be deemed received the day after it is transmitted. For County, it must be addressed to the Office of Procurement Services, Post Office Box 7800, 315 West Main Street, Suite 441, Tavares, Florida, 32778 or emailed to purchasing@lakecountyfl.gov.

EXHIBIT D **25-754**

PUBLIC WORKS ADDITIONAL TERMS AND CONDITIONS

1. Intent of Contract Documents
2. Errors and Omissions
3. Emergencies
4. Compliance with Occupational Safety and Health / Hazardous Materials
5. General Inspection Requirements
6. Project Manager
7. Contract Time and Time Extension
8. Hours of Operation
9. Changes in Work
10. Claims and Disputes
11. Lands for Work and Access Thereto
12. Maintenance of Traffic
13. Underground Utilities
14. Protection of Existing Structures, Utilities, Work and Vegetation
15. Equipment
16. Sanitation
17. Other Work
18. Bonds
19. Final Inspection
20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the

consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second

seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65
$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in

and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", 2018 edition (or latest edition), or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", 2018 (or latest edition), or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached

by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

REQUIRED CONTRACT PROVISIONS
FEDERAL-AID CONSTRUCTION CONTRACTS

I. General
II. Nondiscrimination
III. Non-segregated Facilities
IV. Davis-Bacon and Related Act Provisions
V. Contract Work Hours and Safety Standards Act Provisions
VI. Subletting or Assigning the Contract
VII. Safety: Accident Prevention
VIII. False Statements Concerning Highway Projects
IX. Implementation of Clean Air Act and Federal Water Pollution Control Act
X. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
XI. Certification Regarding Use of Contract Funds for Lobbying
XII. Use of United States-Flag Vessels:

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 “Contract provisions and related matters” with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term “perform work with its own organization” in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. **Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, ‘on-board’ commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B)
This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

POOL CONTRACT NO. 25-754E
For
ROAD RESURFACING AND RELATED SERVICES

LAKE COUNTY, FLORIDA, a political subdivision of the State of Florida, through its Board of County Commissioners (hereinafter "County") does hereby accept, with noted modifications, if any, the bid of **Ranger Construction Industries, Inc.** (hereinafter "Contractor") to supply **Road Resurfacing and Related Services** to the County pursuant to County Bid number 25-754 with any included addenda (hereinafter "Bid"), with an opening date of 12/16/2025, and Contractor's Bid response dated 12/16/2025, thereto with all County Bid provisions governing.

A copy of the Contractor's signed Bid is attached hereto and incorporated herein, thus making it a part of this Contract except that any items not awarded have been struck through. The attachments noted below are attached hereto and are part of this Contract.

ATTACHMENTS:
Attachment 1 – Submittal Form with General Terms & Conditions acceptance signed by Contractor
Attachment 2 – Pricing Sheet
Attachment 3 – Affidavit Form
Addendum(a) 1
Exhibit A – Scope of Work
Exhibit B – Insurance Requirements
Exhibit C – General Terms & Conditions v.5.6.21
Exhibit D – Public Works Road Operations Terms & Conditions
Exhibit E – FHWA-1273
Exhibit F – Performance/Payment Bonds
Exhibit G – intentionally excluded
Exhibit H – Asphalt Millings Site Map

No financial obligation under this Contract shall accrue against the County until a specific purchase transaction is completed pursuant to the terms and conditions of this Contract.

The County's Procurement Services Director shall be the sole judge as to the fact of the fulfillment of this Contract, and upon any breach thereof, shall, at his option, declare this Contract terminated, and for any loss or damage by reason of such breach, whether this Contract is terminated or not, said Contractor and their surety for any required bond shall be liable.

The Contract initial term is from 7/1/2026 through 6/30/2027 with the option for two subsequent two-year renewals. The County reserves the right to terminate this Contract immediately for cause and/or lack of funds and with thirty (30) day written notice for the convenience of the County. Renewals are contingent upon mutual written agreement.

Modifications to this Contract must be in writing signed by the County's Procurement Services Director.

LAKE COUNTY, FLORIDA

_____

By: Ronald A. Falanga
Procurement Services Director
Date:

The undersigned hereby declares that Ranger Construction Industries, Inc. has reviewed and accepts all specifications, terms, and conditions outlined in this Solicitation and affirms compliance with all legal requirements necessary to conduct business with the County, and to provide **ROAD RESURFACING AND RELATED SERVICES** specified. Submittals were advertised to be submitted by 3:00 P.M. Eastern time on the date indicated in the Solicitation or any subsequent addenda. Furthermore, the undersigned confirms they are duly authorized to execute this document, as well as any related contracts or transactions resulting from the award of this Solicitation.

1.0 TERM OF CONTRACT

Contract will be awarded for an initial one (1) year term with the option for two (2) subsequent two (2) year renewals. Renewals are contingent upon mutual written agreement.

Contract will commence upon the first day of the next calendar month after approval by the authorized authority. The Contract shall remain in effect until completion of both the expressed and implied warranty periods. The County reserves the right to negotiate for additional services or items of a similar nature that were not known or anticipated at the time of solicitation.

2.0 PAYMENT

Contractor shall email County's using department an accurate invoice within 30 calendar days after delivery. Invoices shall reference: Lake County BCC purchase/task order, delivery date, delivery location, and corresponding packing slip or delivery ticket signed by a County representative at the time of acceptance. Failure to submit invoices in the prescribed manner will delay payment.

Payments will be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

All pricing will be FOB Destination unless otherwise specified in this solicitation document. Pricing submitted will remain valid for a ninety (90) day period.

The County's preferred method for invoice payment is electronic remittance via virtual credit card (eCard) payments rather than paper checks. Contractors are encouraged to adopt this electronic payment option. The eCard system is designed to expedite payables and improve efficiency compared to paper check payments. This procedure aligns with the County's responsibilities and objectives, reflecting a commitment to leveraging technology to deliver greater value to taxpayers.

Vendor requests more information about accepting eCard for payment: YES

Vendor accepts MasterCard for payment: NO

3.0 CERTIFICATION REGARDING LAKE COUNTY TERMS AND CONDITIONS

I certify that I have reviewed the General Terms and Conditions for Lake County Florida and accept the Lake County General Terms and Conditions dated 5/6/21 as written including the Proprietary/Confidential Information section. YES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subncontractors are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted

a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel, and are not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or it or its subcontractors have been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

Failure to acknowledge may result in Submittal being deemed non-responsive.

4.0 CERTIFICATION REGARDING FELONY CONVICTION

Has any officer, director, or an executive performing equivalent duties, of the bidding entity been convicted of a felony during the past ten (10) years? NO

5.0 CONFLICT OF INTEREST DISCLOSURE CERTIFICATION

Except as listed below, no employee, officer, or agent of the firm has any conflicts of interest, real or apparent, due to ownership, other clients, contracts, or interests associated with this project; and, this Submittal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a proposal for the same services, and is in all respects fair and without collusion or fraud. F Scott Fowler

6.0 CERTIFICATION REGARDING BACKGROUND CHECKS

Under any County Contract involving Contractor or subcontractor personnel working in proximity to minors, the Vendor hereby confirms that all such personnel will have successfully completed an initial Certified Background Check, as well as subsequent annual checks, conducted by Contractor at no additional cost to County. The Vendor agrees to comply fully with all applicable Florida Statutes governing background investigations. The County reserves the right to request and review any related records, with or without cause, and to require the immediate replacement of any Contractor employee found to be in violation of these requirements. Furthermore, the Contractor shall indemnify and hold the County harmless from any liability arising from the actions of such personnel. Additional requirements may apply as specified within any particular contract award. YES

7.0 DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The County does not set specific goals for minority set-asides; however, participation by both minority and non-minority qualified firms is strongly encouraged. If your firm is classified as a minority-owned business or holds certification from the State of Florida, Office of Supplier Diversity, (OSD) as a Certified Minority Business Enterprise (CMBE), please indicate the appropriate classification(s) not applicable not applicable

and enter OSD Certification Number Click or tap here to enter text.
and enter effective date Click or tap to enter a date. to date Click or tap to enter a date.

8.0 ANTITRUST VIOLATOR VENDOR LISTS

A person or affiliated entity listed on the antitrust violator vendor list due to a conviction or civil liability for an antitrust violation is prohibited from submitting bids, proposals, or responses for any new contracts to provide goods or services to a public entity. This restriction also applies to new contracts involving the construction or repair of a public building or public works, new leases of real property to a public entity, and includes being awarded or performing work as a contractor, supplier, subcontractor, or consultant under any such new contract. Furthermore, such persons or affiliates are barred from transacting any new business with a public entity.

9.0 FEDERAL FUNDING REQUIREMENT

9.1. A federally funded project expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Registration or search can be conducted here: SAM Directory and Registration website

ADDENDUM NO. #1 **25-754**

LAKE COUNTY, FL
REAL FLORIDA · REAL CLOSE
Office of Procurement Services
P.O. Box 7800 • 315 W. Main St., Suite 416 • Tavares, FL 32778

SOLICTATION: ROAD RESURFACING AND RELATED SERVICES 12/04/25

Vendors are responsible for the receipt and acknowledgement of all solicitation addenda. Submit an electronically signed copy with solicitation submission. Failure to acknowledge an addendum may prevent the submission from being considered for award.

THIS ADDENDUM DOES NOT CHANGE THE DATE FOR RECEIPT OF PROPOSALS.

QUESTIONS/RESPONSES

Q1. Is a bid bond required? If so, what percentage?

A. No.

Q2. Will there be a Pre-Bid Meeting for this project?

A. Refer to the bid document, Section 4.0 Pre-Bid Conference

Q3. Will this contract be awarded to one contractor or multiple contractors?

A. Refer to Exhibit A – Scope of Work, first sentence.

Q4. In the Lake County General Terms and Conditions, Price Redeterminations, it states that the contractor shall present documented increases in costs 30 days prior to the anniversary date of the contract, but any price redetermination shall be based on the applicable ECI or PPI, not the actual, documented price increases presented by the contractor, is this correct?

A. Because each project will be quoted using the RFQ system, price redeterminations will not apply to this contract. However, if an awarded project exceeds 90 days, adjustments may be requested and would be calculated using FDOT Bituminous & Fuel adjustments.

Q5. In the bid, there are 2 FC-12.5 Friction Course items that are specified as PG76-22 while other Friction Course items, FC-5, FC-9.5 and FC-12.5, are not designated as PG76-22. If these are not polymer modified and are acceptable to have a non-polymer liquid, can the RAP content be increased to the Lake County acceptable maximum?

A. Yes.

Q6. Will the contractor be responsible for maintaining the stockpile at any of the 3 Lake County milling stockpile sites?

A. No. Refer Exhibit A – Scope of Work, Sections 5.5.7 through 5.5.9.

Secondary E-mail Address: Courtney.trout@rangerconstruction.com

1. SCOPE OF WORK

To establish a pool of vendors for job order road resurfacing and related services projects. Pool vendors shall be notified of projects via the County's RFQ system as described in Section 4. Contractors shall be required to possess and maintain a valid Class A or B General Contractor's License and shall demonstrate comprehensive knowledge of the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, the Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 edition, or the most current edition as amended.

This is an indefinite quantity contract with no guarantee that services will be required. The County does not guarantee a minimum or maximum dollar amount to be expended on any contract(s) resulting from this solicitation. The scope of work represents the minimum standards required. All work performed shall be in strict compliance with the latest codes, standards, and practices and in accordance with Federal, State, and Local laws.

2. CONTRACTOR RESPONSIBILITIES

Contractor shall:

2.1. Provide all labor, fuel, materials, equipment, storage, supplies, and incidental costs necessary to complete the tasks.

2.2. Provide for skilled, qualified, and English-speaking staff with a cell phone in good working order.

2.3. Provide adequate personnel, in the event of sickness or any absence, a substitute of equal skill shall be provided at no additional cost.

2.4. Provide a neat and clean in appearance dress code (as applicable) for Contractor's employees that consists of a shirt with company name, pants, and work shoes/boots and all associated PPE such as appropriate class safety vest, safety glasses, etc.

2.5. Project a professional image, deal effectively with the public, and discharge duties in a courteous and efficient manner.

2.6. Provide proof of chemical applicators' licensure prior to any Chemical treatment utilizing herbicides for vegetation removal.

2.7. Maintain the project work site in an attractive, and uniformly clean manner which will reflect favorably upon the County and the Contractor.

2.8. Perform work at a time that minimizes disturbance or interference to the flow of traffic.

2.9. Correct all apparent deficiencies within three (3) calendar days of any work that fails to conform to the specifications.

3. COUNTY RESPONSIBILITIES

County will:

3.1. Reserve the right to award to one or more vendors.

3.2. Reserve the right to add or remove services in conjunction with the County's needs.

3.3. Reserve the right to inspect and approve all material, supplies, workmanship, and equipment for contract performance.

3.4. Reserve the right to dismiss Contractor's staff for disorderly conduct or unsatisfactory performance in accordance with contract specifications.

4. DELIVERY REQUIREMENTS AND ACCEPTANCE.

4.1. When it is determined that a road resurfacing project is needed, the County will issue a Request for Quote (RFQ), utilizing the County's RFQ System.

4.2. The RFQ will define the scope of work, project limits, pre-bid meetings (if any), calendar days to complete the project, and submittal requirements.

4.3. The project limits will be marked with pink or white paint.

4.4. Contractor shall perform a site visit and inspect all sites prior to the question submission deadline specified within the RFQ.

4.4.1. Contractor shall document items, including but not limited to, additional milling, leveling, course and radius paving, discrepancies in quantities, or project limits, etc.

4.4.2. Contractor shall submit questions to the County via e-mail prior to the question submission deadline. Questions received after this time will not be answered.

4.4.3. An addendum will be issued for all questions received and posted to the RFQ.

4.5. Contractor shall submit a bid response prior to the bid closing date.

4.6. The submitted bid response constitutes the Contractor's agreement to all quantities and associated costs specified in the RFQ.

4.7. Change orders shall be issued for items that have been added to or deducted from the original RFQ. Change orders may be subject to bituminous and fuel adjustments in accordance with the terms of this contract.

4.8. A price redetermination will not be considered for projects taking less than 90 production days, or any projects exceeding original project days plus any approved added weather days.

5. TECHNICAL REQUIREMENTS

All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition. Relevant FDOT reference sections are indicated under the corresponding items listed below.

5.1. Public Notification of Work

5.1.1. Reference FDOT Standard Specifications Section 990, TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS

5.1.2. Contractor shall notify all residents within the project work area and project schedule and explain the expected level of inconvenience associated with the project.

5.1.3. Contractor shall provide public notification to all residences and parked vehicles on the roadway within the project limits seven (7) calendar days prior to the commencement of work.

5.1.4. Contractor shall obtain County approval prior to placement on residences and vehicles parked on neighborhood roads within the project limits.

5.1.5. Contractor shall install PCMS on all major roadways and industrial parks to display lane closure information including, but not limited to, anticipated lane closure, closure extent (i.e. "Next 3 Miles"), and daily hours of closures.

5.1.6. All costs associated with the PCMS shall be charged per unit/per day and include the installation, removal, mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.1.7. The Contractor shall make every effort to avoid blocking access to businesses for an extended period and provide the business with written notice, approved by the County, at least forty-eight (48) hours prior to access restriction.

5.1.8. Contractor shall minimize the impact to school related traffic during before and after school hours when project limits are within the vicinity of a school,

5.1.8.1. It shall be Contractor's responsibility to coordinate a pre-construction meeting with the County, an official from the affected school, and Contractor's Project Superintendent.

5.1.8.2. An adjusted work schedule will be established, as a result of the pre-construction meeting with the school official.

5.1.8.3. Portable Changeable Message Signs (PCMS) will be required for seven (7) calendar days prior to the commencement of the work to provide public notification of the upcoming work.

5.2. Shoulder Preparation

5.2.1. Vegetation shall be cut back six inches (6") from the edge of pavement, including any present on the pavement surface, and removed prior to the placement of new asphaltic concrete. Any areas where excessive material has been removed shall be promptly repaired by the Contractor.

5.2.2. Shoulder drop-off shall not exceed one (1) inch in depth, as measured from the top of the asphaltic concrete at the pavement edge.

5.2.3. If an excessive drop off is created, it shall be restored to no more than one (1) inch as described above.

5.2.4. If an area is to be left overnight with the excessive drop off, barricades marking the hazard shall be installed in accordance with FDOT specifications.

5.2.5. The cost for shoulder preparation (including mobilization, Maintenance of Traffic (MOT), equipment, labor, and all associated activities) shall be incorporated into the price for installing new asphaltic concrete.

5.3. Vegetation Removal

5.3.1. Vegetation in the cracks or joints shall be removed by using a propane torch or a chemical herbicide and subject to approval of the County. The vegetation shall be totally browned before the new asphaltic concrete is installed.

5.3.2. Chemical treatment shall not be applied without providing proof of chemical applicators licensure.

5.3.3. Chemical treatments shall be applied according to the manufacturer's specifications

to ensure public safety and a log of chemical treatments shall be kept with a copy supplied to the County'. The log shall contain information of the chemical product, manufacturer, application rate, application location, application date and time, safety data sheets (SDS), and weather conditions at the time of application.

5.3.4. The cost of removing vegetation by either propane torch or chemical herbicide treatment (including mobilization, MOT, herbicide, labor, etc.), and shall be incorporated into the price of the paving operation.

5.4. Road Base Repairs / Heavy Milling Repairs

5.4.1. Reference FDOT Standard Specifications Section 334 SUPERPAVE ASPHALTIC CONCRETE.

5.4.2. Full depth milling repairs shall be provided to areas of roadway with failed base.

5.4.2. County shall mark all areas for base repairs with white and pink paint.

5.4.3. Marked areas shall be milled to provide square or rectangular shaped repairs to a depth of six (6) inches and replaced with six (6) inches of Type SP 12.5 asphaltic concrete in three (3), two (2) inch lifts.

5.4.4. Jagged or misshaped repairs shall be rejected and repaired at no additional cost.

5.4.5. The unit cost for base repairs and/or heavy milling shall include, but not limited to mobilization, MOT, milling, asphalt, etc.

5.5. Milling of Existing Asphaltic Concrete Pavement

5.5.1. Reference FDOT Standard Specification Section 327 MILLING OF EXISTING ASPHALT PAVEMENT.

5.5.2. The cold milling process to remove existing asphaltic concrete may be requested to improve ride quality, correct cross slope, lower the finished grade adjacent to existing curbs, or remove the existing pavement.

5.5.3. Areas shall be marked in pink or white paint, milled to the depth specified, and milled to the outside edge of the painted area.

5.5.4. Contractor shall notify the County of any traffic light advance warning loops that will be affected forty-eight (48) hours before the milling operation starts.

5.5.4.1. Contractor will not be held responsible for damage of loops affected by the milling operation.

5.5.5. The milling machine shall be equipped to effectively limit the amount of dust escaping during the milling operation. Pre-wetting of the pavement may be required if it is determined there is too much dust being created.

5.5.6. Profile correction milling may be required on specific portions of roadways and will be paid based on an average milling depth of zero (0) to two (2) inches. Any area which exceeds the two (2) inch average depth will be compensated at the appropriate unit cost for total depth.

5.5.7. Asphalt millings generated shall be hauled from the project location at no additional cost to the County, except for millings that the County directs the Contractor to haul to three designated area(s) not exceeding 25 miles from the project.

5.4.6.1. Site 1 – Maintenance Area 1, 2310 W. Griffin Rd., Leesburg, FL 34748

5.4.6.2. Site 2 – Maintenance Area 2, End of Allegiance Ct., Groveland, FL 34736

5.4.6.3. Site 3 – Maintenance Area 3, 19720 E. Fifth St., Umatilla, FL 32784

5.5.8. If the County elects the Contractor to haul asphalt millings to one of the three designated County sites, payment will be made only for the actual cubic yards hauled.

5.5.8.1. Truck loads should average 18 cubic yards each.

5.5.8.2. Load tickets will be issued at the project site and collected by the County at the designated dump site.

5.5.8.3. The unit cost for milling shall cover mobilization, Maintenance of Traffic (MOT), milling equipment, labor, and all related expenses.

5.5.9. County reserves the right to insert County dump trucks into the milling operation at any time and to retain ownership of the resulting millings. If the County exercises this option, it shall be done in a manner that does not impede the Contractor's production and at no additional cost to the County.

5.6. Prime and Tack Coats

5.6.1. Reference FDOT Standard Specification Section 300, PRIME AND TACK COATS.

5.6.2. A tack coat shall be installed prior to the installation of the new asphaltic concrete.

5.6.3. The tack coat shall only be applied to one lane of traffic at a time, and shall not exceed one (1) mile, unless otherwise determined by the County.

5.6.4. The tack coat shall be applied only to areas scheduled to receive an asphalt layer the same day of operation and shall be protected from all traffic until the asphalt has been placed.

5.6.5. The unit cost for tack coat shall be included in the installation of new asphaltic concrete. No mobilization shall be charged for this operation and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.7. Asphaltic Concrete

5.7.1. Reference FDOT Standard Specification Section 320, HOT MIX ASPHALT PLANT METHODS AND EQUIPMENT and Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.7.2. Contractor shall be responsible to ensure positive drainage of the surface from the roadway to curb, edge of roadway and/or valley gutter.

5.7.3. There shall be no standing water along the pavement where there is no standing water in the curb.

5.7.4. Contractor shall provide proper and adequate fall across entrances and cul-de-sacs to ensure proper drainage of these areas.

5.7.5. The crown of the roadway shall be re- established to ensure a 2% fall from the center of the roadway to the outside edge of the roadway or be placed to match existing cross slope. No water shall be standing in the crown of the roadway.

5.7.6. Should there be low areas that may result in water standing on the new pavement, a

resolution shall be discussed with the County and resolved prior to starting work in the area.

5.7.7. The unit cost shall be based on one (1) inch increments. The cost for fractional amounts shall be invoiced according to the actual fractional amount installed.

5.7.8. The unit cost for asphaltic concrete types FC-5, FC-9.5, FC-12.5, FC-12.5 w/76-22, SP-9.5, and SP-12.5 shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.8. Asphaltic Concrete – Friction Course

5.8.1. Reference FDOT Standard Specifications Section 337, ASPHALTIC CONCRETE FRICTION COURSES.

5.8.2. The County may require the use of:

5.8.2.1. Type FC-9.5 asphaltic concrete friction course.

5.8.2.2. Type FC-12.5 asphaltic concrete friction course.

5.8.2.3. Type FC-12.5 with a 76-22 modified polymer asphaltic concrete friction course.

5.8.3. The unit cost for asphaltic concrete friction courses shall be included in the proposal price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.9. Asphaltic Concrete – Superpave

5.9.1. Reference FDOT Standard Specification Section 334 SUPERPAVE ASPHALT CONCRETE.

5.9.2. The County may require the use of:

5.9.2.1. Type SP-9.5 asphaltic concrete

5.9.2.1. Type SP-12.5 asphaltic concrete.

5.9.3. The unit cost for asphaltic concrete Type SP asphaltic concrete shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.10. Leveling Course

5.10.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.10.2. Contractor may be asked to install a leveling course of asphaltic concrete over an existing asphaltic concrete road surface. This shall only be utilized at the discretion of the County unless the need for such leveling was established prior to issuance of the Notice to Proceed by Contractor.

5.10.3. When a leveling course is requested, the specified asphaltic concrete mix is to be placed on the existing irregular pavement or base, the leveling course shall be used

to help provide a smooth driving surface by filling in voids and deformations such as wheel ruts, depressions, etc.

5.10.4. When a leveling course is requested, the estimate shown on the Project Order Form shall be based on one-half (1/2) inch for the specified area of the road surface. It is understood that some areas of the roadway will not require the entire one-half (1/2) inch and other areas may require greater than one-half (1/2) inch of asphaltic concrete. There should be no additional charge to the County for additional asphaltic concrete needed nor shall the County expect a credit if the specified amount of asphaltic concrete was not used. Contractor shall ensure that the placement is completed so that the final product provides a smooth driving surface.

5.10.5. Profiling of the roadway to change the grade or slope of the road shall be done with the use of asphalt and/or a milling machine.

5.10.6. If the County chooses to change the profile of the road using asphaltic concrete, it shall be quantified and paid by using the unit prices of designated asphaltic concrete unit cost in Attachment 2 – Pricing Sheet.

5.11 Radius Paving

5.11.1. Contractor shall overlay designated roadway intersections that connects to any project road.

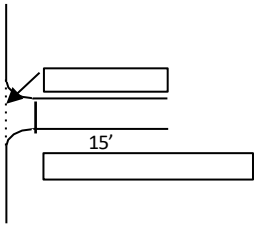
5.11.2. Paving will be to a distance of fifteen (15) feet, or as determined by the County, from the intersection (see diagram below).

5.11.3. The limits of the radius area shall be marked with white or pink paint. Not all intersections shall be paved. If there are not marks, it shall be assumed that the EOP be followed through the intersection or treated as a driveway for overlay applications.

5.11.4. Existing pavement markings within the radius area being paved shall be replaced to the specifications outlined.

5.11.5. The joint between the existing and new pavement shall provide a smooth transition.

5.11.6. The square yardage for the radius paving shall be calculated and added to the total square yards as stated on the Project Order Form.



5.12. Driveways

5.12.1. Driveway joints with the exception of concrete driveways and brick pavers, are to be paved with a one (1) foot per inch or greater slope to achieve a smooth transition.

5.12.2. Driveways shall be swept and tacked before paving.

5.12.3. The cost of installing asphaltic concrete on driveway aprons shall be considered incidental and shall be included in Contractor's per unit resurfacing cost and no additional cost shall be permitted for driveway paving.

5.13. Compaction

5.13.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT – GENERAL CONSTRUCTION REQUIREMENTS.

5.13.2. If the County feels an area does not meet these requirements, they shall hire an independent testing laboratory to determine accordance with this specification.

5.13.3. Areas not in conformance with this specification will need to be removed and replaced at Contractor's expense.

5.14. Smooth Transition

5.14.1. The Contractor shall install a five (5) foot tapered keyway mill on all adjacent roads that are not being milled, in order to ensure a smooth transition between the new and existing pavement.

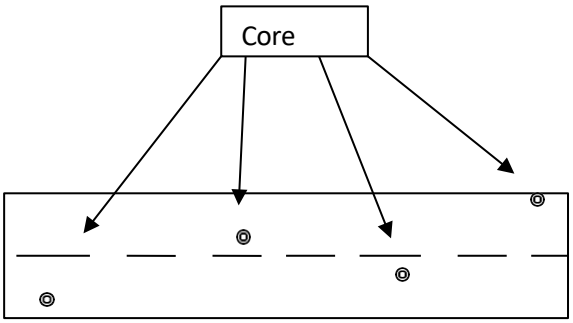
5.15. Quality Inspections

5.15.1. Core samples shall be taken by an independent laboratory approved by the County.

5.15.2. Contractor shall provide the County with the address and contact information of the laboratory prior to any resurfacing work starting.

5.15.3. Core samples shall be taken every five hundred (500) feet regardless of how many lanes are being resurfaced.

5.15.4. Core samples shall be taken in a random pattern as indicated on the diagram below.



5.15.5. Roads that are less than one thousand (1,000) feet shall have a minimum of two (2) core samples taken.

5.15.6. The cores shall be taken at a depth that will show the new and existing asphaltic concrete.

5.15.7. Holes that were created by taking the core samples shall be filled with a product approved by the County.

5.15.8 A determination of the average thickness of the asphaltic concrete shall be made from the samples by the testing laboratory and the results shall be sent from the laboratory directly to the County.

5.15.9 If the Contractor wishes to obtain additional core samples beyond those required by the County, such requests must be submitted in writing, and all associated costs shall be borne by the Contractor.

5.16. Deficiencies of Asphaltic Concrete Thickness and Ride Quality

5.16.1. The County will permit a deficiency in the thickness of the asphaltic concrete overlay not to exceed one-quarter (1/4) inch.

5.16.2. The Contractor shall utilize an asphalt transfer machine approved by the County for all roadway resurfacing involving milling, unless a written exception is granted by the County. The County shall not permit the commencement of work without the required transfer machine. In the event the transfer machine becomes inoperable during production, the County may, at its sole discretion, allow work to continue for the remainder of that production day.

5.16.3. When the deficiency in the thickness of the asphaltic concrete exceeds one-quarter (1/4) inch but does not exceed three-eighths (3/8) inch of the specified thickness, the County shall permit the Contractor to leave the asphaltic concrete in place without any compensation.

5.16.4. County shall determine the affected square yard area by multiplying the lane width by the length between the nearest acceptable core samples, and no payment shall be made for this area.

5.16.5. When the deficiency in thickness exceeds three-eighths (3/8) inch of the specified thickness, the Contractor shall correct the deficiency. In all cases where the installed asphaltic concrete is deficient beyond this limit, the Contractor shall restore the deficient area by applying new asphaltic concrete.

5.16.6. The minimum repair thickness must comply with the layer thickness standards specified under the asphaltic concrete section of these specifications.

5.16.7. The Contractor shall replace the full thickness as directed by the County, extending at least fifty (50) feet beyond each end of the deficient area.

5.16.8. County will mark the area to be corrected with white or pink paint, and the paving shall extend to the outer edge of this paint mark.

5.16.9. Any additional costs incurred to correct deficiencies shall be the sole responsibility of the Contractor. No additional charges shall be made to the County, even if the repair results in the final thickness of the asphaltic concrete overlay exceeding the originally specified thickness.

5.16.10. Asphalt smoothness shall be tested at the discretion County on any roadway which included milling.

5.16.11. Any portion of any roadway associated shall be required to be compliant with Section 330, SURFACE REQUIREMENTS for any lateral or transverse pavement joint provided by Contractor. Any deficiency in excess of three sixteenths (3/16)

inches shall be removed and replaced fifty (50) feet in either direction of the deficient area, at no additional cost to the County.

5.17. Manholes / Valves

5.17.1. Reference FDOT Standard Specifications Section 425, INLETS, MANHOLES, AND JUNCTION BOXES.

5.17.2. Manholes and water valves shall be adjusted through coordination with the appropriate utility provider to within one-half (1/2) inch of the final surface of the newly installed asphaltic concrete. This shall be accomplished prior to placing the new asphaltic concrete.

5.17.3. Contractor shall perform utility coordination required to address all manholes/valves located within the project limits. It shall be the utility provider's responsibility to furnish and install any required adjustments.

5.17.4. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.18. Traffic Stripes and Markings

5.18.1. Reference Standard Specifications FDOT Section 710, PAINTED PAVEMENT MARKINGS and Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

5.18.2. If the Contractor is unable to install the pavement markings as prescribed, appropriate traffic control measures shall be provided, such as but not limited to, warning signs, channelizing devices, and delineation to indicate the required travel ways in temporary traffic control zones.

5.18.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.18.3. Contractor should pay special attention to Section 710-4.3 concerning the retroreflectivity. The minimum retroreflectance of white pavement markings shall not be less than 300 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 250 mcd/lx-m^2.

5.18.4. The existing striping layout shall be recorded prior to the commencement of work. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.18.5. Striping shall be maintained throughout the duration of the work and shall be in place at the end of each workday.

5.18.6. Painted traffic stripes and markings shall be installed prior to the removal of the MOT.

5.18.7. If the Contractor fails to install the correct striping pattern, the Contractor shall remove the markings at their own expense using a method approved by the County.

5.18.8. If the road surface is damaged during the removal process, Contractor shall repair the road surface at Contractor's expense.

5.18.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.18.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity.

5.18.11. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.18.12. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify retroreflectivity, width, thickness and color. County shall notify Contractor of any deficiencies.

5.18.13. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.18.14. All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.19. Thermoplastic Traffic Stripes and Markings

5.19.1. Reference FDOT Standard Specification Section 711, THERMOPLASTIC PAVEMENT MARKINGS. Contractor should pay special attention to Section 711-4.3 concerning the retroreflectivity.

5.19.2. If the Contractor is unable to install the pavement markings as prescribed, the Contractor shall provide suitable traffic control measures in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), 2025 Edition or the latest edition. These traffic control measures shall include, but are not limited to, warning signs, channelizing devices, and delineation to clearly indicate the required travel ways within temporary traffic control zones.

5.19.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.19.3. Thermoplastic Pavement Markings shall not be installed prior to fourteen (14) calendar days following paving.

5.19.4. The minimum retroreflectance of white pavement markings shall not be less than 450 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 350 mcd/lx-m^2.

5.19.5. In addition to the FDOT Specifications, thermoplastic striping shall not be applied prior to a thirty (30) day cure period from the time of asphaltic concrete application, unless otherwise approved by the County.

5.19.6. The existing striping layout shall be recorded prior to the resurfacing activity is started. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.19.7. If Contractor does not install the correct striping pattern, it shall be Contractor's responsibility to remove the markings by the method approved by the County.

5.19.8. Contractor shall be responsible for the cost of the removal and replacement of the correct pattern. If the road surface is damaged during this removal process, Contractor shall be responsible to repair the road surface to the County's satisfaction at Contractor's expense.

5.19.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.19.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.19.11. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using the same method, to test and certify retroreflectivity, width, thickness and color.

5.19.12. County shall notify the Contractor of any deficiencies. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.19.13. Longitudinal pavement markings are subject to a 180-day observation period under normal traffic. The observation period shall begin with the satisfactory completion and acceptance of the work.

5.19.13.1. The markings shall show no signs of failure due to blistering, excessive cracking, chipping, discoloration, poor adhesion to the pavement, loss of reflectivity or vehicular damage.

5.19.13.2. The retroreflectivity shall meet the initial requirements of 711-4.3.

5.19.13.3. Contractor shall replace, at no cost to the County, any thermoplastic pavement markings that do not perform satisfactorily under traffic during the 180-day observation period.

5.19.14 All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.20. Worksite Traffic Supervisor

5.20.1. Reference FDOT Standard Specifications Section 102, Maintenance of Traffic.

5.20.2. Contractor shall have a worksite traffic supervisor that shall be responsible for all MOT by installing and maintaining all traffic control devices.

5.20.3. The worksite traffic supervisor shall review the project on a day-by-day basis as well as being involved in all changes relating to traffic control devices and traffic patterns.

5.20.4. This person shall handle traffic related situations and have access to all resources needed to maintain traffic control. This person shall be available in case of emergencies twenty-four (24) hours per day and shall be able to respond to the site within forty-five (45) minutes after notification.

5.20.5. Failure of this person to comply with the provisions of Section 102, shall be grounds for this person being removed from the project. If the County removes this individual from the project, Contractor shall provide a replacement with a person that is properly trained.

5.20.6. Failure to maintain a designated worksite traffic supervisor shall result in temporary suspension of all activities except MOT, erosion control, and other activities deemed to be necessary for project maintenance and safety.

5.20.7. The cost associated with the worksite traffic supervisor shall be included in the overall cost of all the operations needed to complete the work as outlined within these specifications.

[*The remainder of this page intentionally left blank*]

1. INSURANCE COVERAGE

1.1. CONTRACTOR will purchase and maintain at all times during the term of this Contract, without cost or expense to the COUNTY, policies of insurance as indicated below, with a company or companies authorized to do business in the State of Florida, and which are acceptable to the COUNTY, insuring the CONTRACTOR against any and all claims, demands, or causes of action, for injuries received or damage to property relating to the performance of duties, services, or obligations of the CONTRACTOR under the terms and provisions of the Contract.

1.2. An original certificate of insurance, indicating that CONTRACTOR has coverage in accordance with the requirements of this section must be received and accepted by the COUNTY prior to contract execution or before any work begins. It will be furnished by CONTRACTOR to the COUNTY'S Project Manager and Procurement Services Director within five (5) working days of such request.

1.3. The parties agree that the policies of insurance and confirming certificates of insurance will insure the CONTRACTOR in accordance with the following minimum limits:

1.3.1. Commercial General Liability Insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/2,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

1.3.2. Automobile Liability Insurance, including owned, non-owned, and hired autos with the minimum Combined Single Limit of $1,000,000

1.3.3. Workers' Compensation Insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers Liability with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employer	$1,000,000
Disease-Policy Limit	$1,000,000

1.3.4. Professional Liability and Specialty Insurance (environmental, pollution) as applicable, with minimum limits of $1,000,000 and annual aggregate of $2,000,000.

2. ADDITIONAL INSURED / CERTIFICATE REQUIREMENTS

2.1. Lake County, a Political Subdivision of the State of Florida, and the Board of County Commissioners, will be named as additional insured as their interest may appear on all applicable policies. Certificates of insurance must identify the solicitation number in the Description of Operations section on the Certificate.

2.2. Certificate holder must be:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

3. POLICY PROVISIONS

Certificates of Insurance must evidence the following:

3.1. A waiver of subrogation in favor of the COUNTY.

3.2. Coverage that is primary and noncontributory to any insurance or self-insurance maintained by the COUNTY.

3.3. Inclusion of a Cross Liability or Severability of Interests provision.

3.4. No requirement for the COUNTY to pay any premiums or assessments.

4. **POLICY ENDORSEMENTS**

4.1. CONTRACTOR must provide copies of all policy endorsements reflecting the required coverage, including documentation that lists Lake County as an additional insured and incorporates all required provisions including Waiver of Subrogation.

4.2. Contracts cannot be completed without this required insurance documentation. A Certificate of Insurance (COI) alone will not be accepted in lieu of the policy endorsements.

5. RENEWAL AND CONTINUOUS COVERAGE

5.1. CONTRACTOR shall maintain all required insurance coverage continuously throughout the term of the Contract, including any extensions or renewals.

5.2. Updated Certificates of Insurance, along with all relevant policy endorsements, must be submitted to the COUNTY no later than ten (10) calendar days before the expiration of any current insurance policy.

5.3. Failure to maintain continuous coverage may be considered a material breach of this Contract and grounds for immediate suspension or termination.

6. NOTICE OF CANCELLATION, NON-RENEWAL, OR MATERIAL CHANGE

6.1. CONTRACTOR or its insurer shall provide written notice to the COUNTY of cancellation, non-renewal, material restriction, or material change to any required insurance policy at least thirty (30) calendar days prior to the effective date of such action.

6.2. Notices shall be sent to the COUNTY's Project Manager and Procurement Services Director.

6.3. In the event of cancellation or non-renewal, CONTRACTOR shall immediately procure replacement coverage meeting or exceeding all required limits and conditions.

7. ADDITIONAL DOCUMENTATION REQUIREMENTS

7.1. Upon request by the COUNTY, CONTRACTOR shall provide complete copies of any insurance policies, endorsements, or other documentation necessary to verify compliance with the insurance requirements of this Contract.

7.2. CONTRACTOR shall fully cooperate with the COUNTY by providing prompt and comprehensive responses to all documentation requests.

7.3. Failure to provide the requested documentation may be considered as a material breach of the Contract.

7.4. CONTRACTOR shall be responsible for the actions and insurance coverage of all subcontractors. Each subcontractor shall provide the COUNTY with Certificates of Insurance demonstrating coverage and terms that meet the requirements established by the CONTRACTOR.

DEFINITIONS

Contract: The agreement to perform the services set forth in a document signed by both parties with any attachments specifically incorporated.

Contractor: The Vendor to whom award has been made.

County: Lake County, Florida, a political subdivision of the State of Florida.

Proposal: Any offer submitted in response to a solicitation.

Solicitation: The written document requesting bids, quotes, or proposals from the marketplace.

Vendor: Any entity responding to a solicitation or performing under any resulting contract.

INSTRUCTIONS TO VENDORS

A. Vendor Qualification: The County requires Vendors provide evidence of compliance with the requirements below upon request:
   1. Disclosure of Employment.
   2. Disclosure of Ownership.
   3. Drug-Free Workplace.
   4. W-9 and 8109 Forms – as required by the Internal Revenue Service.
   5. Americans with Disabilities Act (ADA).
   6. Conflict of Interest.
   7. Debarment Disclosure Affidavit.
   8. Nondiscrimination.
   9. Family Leave.
   10. Antitrust Laws – By acceptance of any contract, the Vendor agrees to comply with all applicable antitrust laws.

B. Public Entity Crimes: Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

C. Contents of Solicitation and Vendors' Responsibilities: The Vendor shall be thoroughly familiar with the requirements of this solicitation. Ignorance of these matters by the Vendor will not be accepted as a basis for varying the requirements of the County, or the compensation to be paid.

E. Restricted Discussions: From the date of solicitation issuance until final County action, Vendors will not discuss any part of the solicitation with any employee, agent, or other representative of the County except as expressly authorized by the designated procurement representative. The only communications that will be considered pertinent to a solicitation are appropriately signed written documents from the Vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Changes to Proposal: Prior to the scheduled due date, a Vendor may change its Proposal by submitting a new proposal with a letter on the firm's letterhead, signed by an authorized agent stating that the new submittal replaces the original. The new submittal must contain the letter and all information as required in the solicitation.

G. Withdrawal of Proposal: A Proposal will be irrevocable unless it is withdrawn as provided in a solicitation. A Proposal may be withdrawn, either physically or by written notice, at any time prior to solicitation award. If withdrawn by written notice, that notice must be addressed to, and received

by, the designated procurement representative. The letter must be on company letterhead and signed by an authorized agent of the Vendor.

H. Conflicts within the Solicitation: Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence will be: the last addendum issued, the Proposal Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the Vendor to identify such conflicts to the designated procurement representative prior to the Proposal due date.

I. Prompt Payment Terms: Payment for all purchases by County agencies will be made in a timely manner and interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. The Vendor may offer cash discounts for prompt payments; however, such discounts will not be considered in determining the lowest price during Proposal evaluation.

PREPARATION OF PROPOSALS

A. The pricing section of a solicitation defines requirements of items to be purchased and must be completed and submitted with the Proposal. Use of any other form or alteration of the form may result in rejection of the Proposal.

B. The Proposal submitted must be legible. Vendors shall type or use an ink to complete the Proposal. All changes must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.

C. An authorized agent of the Vendor's firm must sign the Proposal. The County may reject any Proposal not signed by an authorized agent.

D. The Vendor may submit alternate Proposals for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate Proposal must meet or exceed the minimum requirements and be submitted as a separate Proposal marked "Alternate Proposal."

E. When there is a discrepancy between the unit prices and any extended prices, the unit prices will prevail. The County reserves the right to allow for clarification of questionable entries and the correction of obvious mistakes.

F. Any Proposal received after the designated receipt date will be considered late and will not be considered for award.

COLLUSION

Where two (2) or more related parties each submit a Proposal for the same contract, such Proposals will be presumed to be collusive. Furthermore, any prior understanding, agreement, or connection between two (2) or more corporations, firms, or persons submitting a Proposal for the same materials, supplies, services, or equipment will also be presumed to be collusive. Proposals found to be collusive will be rejected. Vendors which have been found to have engaged in collusion may be considered non-responsible and may be suspended or debarred. Any contract resulting from collusive bidding may be terminated for default.

PROHIBITION AGAINST CONTINGENT FEES

The Vendor warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure the Contract and that they have not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Vendor, any consideration contingent upon or resulting from the award or making of the Contract.

CONTRACTING WITH COUNTY EMPLOYEES

Any County employee or immediate family member seeking to contract with the County shall seek a conflict of interest opinion from the County Attorney prior to submittal of a Proposal. The affected employee shall disclose the employee's assigned function within the County and interest or the interest of his or her immediate family in the proposed contract and the nature of the intended contract.

INCURRED EXPENSES

A solicitation does not commit the County to make an award nor will the County be responsible for any cost or expense which may be incurred by any Vendor in preparing and submitting a Proposal, or any cost or expense incurred by any Vendor prior to the execution of a purchase order or contract.

AWARD

A. The Contract resulting from a solicitation may be awarded to the responsible Vendor which submits a Proposal determined to provide the best value to the County with price, technical, and other applicable factors considered. The County reserves the right to reject any and all Proposals, to waive irregularities or technicalities, and to re-advertise for all or any part of this solicitation as deemed in its best interest. The County will be the sole judge of its best interest.

B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid, or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is necessary to protect the best interests of the County.

C. The County reserves the right to reject any and all Proposals if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.

D. The County reserves the right to reject offers containing terms or conditions contradictory to the County's.

E. Award of a solicitation will be made to firms satisfying all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the Vendor's site or hold a pre-award qualification hearing to determine if the Vendor can perform the requirements of a solicitation.

F. The Vendor's performance as a Contractor or subcontractor on previous County contracts will be considered in evaluating the responsibility of the Vendor.

G. Any tie situations will be resolved in consonance with current written County procedure.

H. The County has imposed a reciprocal match local vendor preference practice to ensure an equal procurement environment for all potential vendors unless prohibited by the funding source. More information is available on Section 2-222 Local Vendor Preference.

I. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.

J. A Vendor wishing to protest any award decision resulting from a solicitation may do so per the Lake County Protest Procedures.

GRANT FUNDING

In the event any part of a Contract is to be funded by federal, state, or other local agency monies, the Vendor hereby agrees to comply with all requirements of the funding entity applicable to the use of the monies, including full application of requirements involving the use of minority firms, women's business enterprises, and labor surplus area firms. Contractors are advised that payments under the Contract may

be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements.

STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of the registration may be required prior to award of a Contract. Additional information is available by visiting the Florida Department of State home page.

PRIME CONTRACTOR

The Vendor awarded a Contract shall act as the Prime Contractor and will assume full responsibility for the successful performance under the Contract. The Awarded Vendor (Contractor) will be considered the sole point of contact regarding meeting all requirements of the Contract. All subcontractors may be subject to advance review by the County regarding competency and security concerns. No change in subcontractors may be made without the consent of the County after the award of the Contract. Contractor will be responsible for all insurance, permits, licenses, and related matters for any and all subcontractors. County may require the Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

SUBCONTRACTING

Unless otherwise stipulated in a solicitation, the Contractor shall not subcontract any portion of the work without the prior written consent of the County. Subcontracting without the prior consent of the County may result in termination of the Contract for default.

DISADVANTAGED BUSINESSES

The County has adopted policies which assure and encourage the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services. The County encourages joint ventures between majority-owned firms and qualified disadvantaged/minority/women-owned firms.

GENERAL CONTRACT CONDITIONS

The Contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The Contract may not be amended, released, discharged, rescinded or abandoned, except by a written instrument duly executed by the parties. The failure of any party at any time to enforce any of the provisions of the Contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the Contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the Contract. Any dispute arising during Contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

GOVERNING LAW

The interpretation, effect, and validity of any contract will be governed by the laws and regulations of the State of Florida, and Lake County, Florida. Venue of any court action will be solely in Lake County, Florida. The Contractor hereby waives its right to a jury trial.

COMPLIANCE OF LAWS, REGULATIONS, AND LICENSES

The Contractor shall comply with all federal, state, and local laws and regulations applicable to provision of the goods or services specified in a solicitation. During the term of a Contract, the Contractor assures that it is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992, in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, disability or marital status, discriminate in any form or manner against its employees or

applicants for employment. The Contractor understands that any Contract is conditioned upon the veracity of this statement.

CONTRACT EXTENSION

The County has the unilateral option to extend a Contract for up to ninety (90) calendar days beyond the current Contract period. In such event, the County will notify the Contractor in writing of such extensions. The Contract may be extended beyond the initial ninety (90) day extension upon mutual agreement between the County and the Contractor. Exercise of the above options requires the prior approval of the Procurement Services Director.

MODIFICATION OF CONTRACT

Any Contract resulting from a solicitation may be modified by mutual consent of duly authorized parties, in writing through the issuance of a modification to the Contract or purchase order as appropriate. This presumes the modification itself complies with all applicable County procedures.

ASSIGNMENT

The Contractor shall not assign or transfer any Contract resulting from a solicitation, including any rights, title or interest in the Contract, or its power to execute such Contract to any entity without the prior written consent of the County. This provision includes any acquisition or hostile takeover of the Contractor. Failure to comply may result in termination of the Contract for default.

NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within a solicitation. However, the County reserves the right to perform, or cause to be performed, all or any of the work and services described in a solicitation in the manner deemed to represent its best interests. In no case will the County be liable for billings in excess of the quantity of goods or services provided under the Contract.

OTHER AGENCIES

Other governmental agencies may make purchases in accordance with the Contract with Contractor consent. Purchases are governed by the Contract's terms and conditions except for the change in agency name. Each agency will be responsible and liable for its own purchases for materials or services received.

CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any Contract period must, unless terminated by mutual written agreement between the County and the Contractor, continue until completion without change to the then current prices, terms and conditions.

WARRANTY

All warranties express and implied, must be made available to the County for goods and services covered by a solicitation. All goods furnished must be fully guaranteed by the Contractor against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided in the Contract will be in addition to the warranty and do not limit any right afforded to the County by any other provision of a solicitation. Contractor shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the County. The special conditions of a solicitation may supersede the manufacturer's standard warranty.

DEFICIENCIES IN WORK TO BE CORRECTED BY THE CONTRACTOR

Contractor shall promptly correct all apparent and latent deficiencies or defects in work, or any work that fails to conform to the Contract documents regardless of project completion status. All corrections

must be made within seven (7) calendar days after such rejected defects, deficiencies, or non-conformances are verbally reported to the Contractor by the County's project administrator. Contractor must bear all costs of correcting such rejected work. If the Contractor fails to correct the work within the period specified, the County may, at its discretion, notify the Contractor, in writing, that the Contractor is subject to contractual default provisions if the corrections are not completed to the satisfaction of the County within seven (7) calendar days of receipt of the notice. If the Contractor fails to correct the work within the period specified in the notice, the County may place the Contractor in default, obtain the services of another Contractor to correct the deficiencies, and charge the incumbent Contractor for these costs, either through a deduction from the final payment owed to the Contractor or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

COUNTY IS TAX-EXEMPT

When purchasing on a direct basis, the County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Visit Lake County Tax Exemption Certificate page to print a copy of the certificate. Except for items specifically identified by the Contractor and accepted by the County for direct County purchase under the Sales Tax Recovery Program, Contractors doing business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor will any Contractor be authorized to use any of the County's Tax Exemptions in securing such materials.

SHIPPING TERMS, F.O.B. DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. The County will not consider any Proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery.

ACCEPTANCE OF GOODS OR SERVICES

The products delivered as a result of a solicitation will remain the property of the Contractor, and services rendered under the Contract will not be deemed complete, until a physical inspection and actual usage of the products or services is accepted by the County and is in compliance with the terms in the contract.

Any goods or services purchased as a result of a solicitation or Contract may be tested/inspected for compliance with specifications. In the event that any aspect of the goods or services provided is found to be defective or does not conform to the specifications, the County reserves the right to terminate the Contract or initiate corrective action on the part of the Contractor, to include return of any non-compliant goods to the Contractor at the Contractor's expense**,** requiring the Contractor to either provide a direct replacement for the item, or a full credit for the returned item. The Contractor shall not assess any additional charges for any conforming action taken by the County under this clause. The County will not be responsible to pay for any product or service that does not conform to the Contract specifications.

In addition, any defective product or service or any product or service not delivered or performed by the date specified in a purchase order or Contract, may be procured by the County on the open market, and any increase in cost may be charged against the Contractor. Any cost incurred by the County in any re-procurement plus any increased product or service cost will be withheld from any monies owed to the Contractor by the County for any Contract or financial obligation.

ESTIMATED QUANTITIES

Estimated quantities or dollars are for the Vendor's guidance only and may be used in the award evaluation process. No guarantee is expressed or implied as to quantities or dollar value that will be used during the Contract period. The County is not obligated to place any order for a given amount subsequent

to the award of a solicitation. In no event will the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

PURCHASE OF OTHER ITEMS

While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a Contract. The Contractor will provide a price quote for the ancillary items. The County may request price quotes from all Contractors under Contract if there are multiple Contracts. The County reserves the right to award these ancillary items to the primary Contractor, another Contract Contractor based on the lowest price quoted, or to acquire the items through a separate solicitation.

Although a Contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the Contract at the option of the County. The location change will be addressed by formal Contract modification. The County may obtain price quotes for the additional facilities from other Vendors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

SAFETY

The Contractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA). The Contractor shall take all necessary precautions for the safety of and shall provide the necessary protection to prevent damage, injury, or loss to persons or property.

The Contractor shall provide all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations.

The Contractor shall designate a competent person of its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel. This person must be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the Contract Manager.

MATERIAL SAFETY DATA SHEET (MSDS)

The Contractor is responsible to ensure the County has received the latest version of any MSDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. The Contractor shall promptly provide a new MSDS to the County with the new information relevant to the specific material at any time the content of an MSDS is revised.

TOBACCO PRODUCTS

Tobacco use, including both smoke and smokeless tobacco, is prohibited on County owned property.

CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner. The Contractor shall thoroughly clean up all areas where work has been involved as mutually agreed with the associated user department's project manager upon final completion.

PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest must always be protected against damage or interrupted services by the Contractor during the term of a Contract. The Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the Contractor's operation on the property. In the event the Contractor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the Contractor.

CERTIFICATE OF COMPETENCY/LICENSURE, PERMITS, AND FEES

Any Vendor that submits an offer in response to a County solicitation shall, at the time of such offer if required, hold a valid Certificate of Competency or appropriate current license issued by the State or County Examining Board qualifying the Vendor to perform the work proposed. If work for other trades is required in conjunction with a solicitation, and such work will be performed by subcontractors hired by the Vendor, an applicable Certificate of Competency/license issued to the subcontractors must be submitted with the Vendor's offer. The County may at its option and in its best interest, allow the Vendor to supply the subcontractors certificate/license to the County during the offer evaluation period. The Contractor is responsible to ensure that all required licenses, permits, and fees (to include any inspection fees) required for a project are obtained and paid for, and shall comply with all laws, ordinances, regulations, and building or other code requirements applicable to the work contemplated in a solicitation. Damages, penalties, or fines imposed on the County or the Contractor for failure to obtain required licenses, permits, inspection or other fees, or inspections will be borne by the Contractor.

TRUTH IN NEGOTIATION CERTIFICATE

Any organization awarded a Contract must execute a truth-in-negotiation certificate stating that the wage rates and other factual unit costs are accurate, complete, and current, at the time of contracting for each Contract that exceeds $195,000.00. Any Contract requiring this certificate will contain a provision that the original Contract price and any additions will be adjusted to exclude any significant sums by which the County determines the Contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such Contract adjustments will be made within one (1) year following the end of the Contract.

COMPETENCY OF VENDORS AND ASSOCIATED SUBCONTRACTORS

Proposals will be considered from firms which are regularly engaged in the business of providing or distributing the goods or services described in the solicitation, and who can produce evidence of a consistent satisfactory record of performance. The County may consider any evidence available to it of the financial, technical, and other qualifications and abilities of any Vendor responding under a solicitation, including past performance with the County. Vendors must have sufficient financial support and organization to ensure satisfactory delivery under the stated solicitation terms and conditions of any Contract awarded. In the event the Vendor intends to subcontract any part of its work or will obtain the goods specifically offered under the Contract from another source of supply, the Vendor may be required to verify the competency of its subcontractor or supplier. The County reserves the right, before awarding the Contract, to require a Vendor to submit such evidence of its or its subcontractor's qualifications.

RESPONSIBILITY AS EMPLOYER

The employees of the Contractor will always be considered its employees, and not an employees or agents of the County. The Contractor shall provide employees capable of performing the work as required. The County may require the Contractor to remove any employee it deems unacceptable. All employees of the Contractor may be required to wear appropriate identification.

MINIMUM WAGES

Under the Contract, the wage rate paid to all laborers, mechanics and apprentices employed by the Contractor for the work under the Contract, must not be less than the prevailing wage rates for similar classifications of work as established by the Federal Government and enforced by the U.S. Department of Labor, Wages and Hours Division, and Florida's Minimum Wage requirements in Article X, Section 24 (f) of the Florida Constitution and enforced by the Florida Legislature by statute or the State Agency for Workforce Innovation by rule, whichever is higher.

PRICE REDETERMINATIONS

Contractor may petition for a price redetermination with documented increases in the cost of wages, fuel, or materials within 30 calendar days of the anniversary date of the Contract. Price redeterminations will be based upon changes documented by the applicable Employment Cost Index (ECI) or Producer Price Index (PPI) as published on the *Bureau of Labor Statistics site here*. Contractor may petition for price redetermination for Contractor's minimum wage employees should the minimum wage increase during the Contract. Upon verification, the County may grant an increase matching the minimum wage increase.

INDEMNIFICATION

To the extent permitted by law, the Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract by the Contractor or its employees, agents, servants, partners, principals or subcontractors. The Contractor shall pay all claims and losses in connection with those claims and losses, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may be incurred. The Contractor expressly understands and agrees that any insurance protection required by the Contract or otherwise provided by the Contractor will in no way limit the responsibility to indemnify, keep and hold harmless and defend the County or its officers, employees, agents and instrumentalities as provided in a solicitation or any Contract arising from a solicitation.

TERMINATION FOR CONVENIENCE

The County, at its sole discretion, reserves the right to terminate the Contract upon thirty (30) days' written notice. Upon receipt of such notice, the Contractor shall not incur any additional costs under the Contract. The County will be liable only for reasonable costs incurred by the Contractor prior to notice of termination. The County will be the sole judge of "reasonable costs."

TERMINATION DUE TO UNAVAILABILITY OF CONTINUING FUNDING

When funds are not appropriated or otherwise made available to support continuation of performance in a current or subsequent fiscal year, the Contract will be cancelled, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

TERMINATION FOR DEFAULT

The County reserves the right to terminate any Contract arising from a solicitation, in part or in whole, or affect other appropriate remedy in the event the Contractor fails to perform in accordance with the terms and conditions stated in the Contract. The County further reserves the right to suspend or debar the Contractor in accordance with the County's ordinances, resolutions and administrative orders. The Contractor will be notified by letter of the County's intent to terminate and the Contractor will be given

ten (10) calendar days to cure the breach. In the event of termination for default, the County may procure the required goods and services from any source and use any method deemed in its best interest. All re-procurement costs will be borne by the Contractor.

FRAUD AND MISREPRESENTATION

Any individual, corporation or other entity that attempts to meet its contractual obligations through fraud, misrepresentation or other material misstatement, may be debarred for up to five (5) years. The County as a further sanction may terminate or cancel any other Contracts with such individual, corporation or entity with such Contractor held responsible for all direct or indirect costs associated with termination or cancellation, including attorneys' fees.

RIGHT TO AUDIT

The County reserves the right to require the Contractor to submit to an audit, by any auditor of the County's choosing. The Contractor shall provide access to all of its records, which relate directly or indirectly to the contract at its place of business during regular business hours. The Contractor shall retain all records pertaining to the contract and upon request make them available to the County for three (3) complete calendar years following expiration of the contract. The Contractor agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards.

If the Contractor provides technology services, the Contractor must provide Statement of Standards for Attestations Engagements (SSAE) 16 or 18 and System and Service Organization Control (SOC) reports upon request by the County. The SOC reports must be full Type II reports that include the Contractor's description of control processes, and the independent auditor's evaluation of the design and operating effectiveness of controls. The cost of the reports will be paid by the Contractor.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the Contractor to the County in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the County's audit must be reimbursed to the County by the Contractor. Any adjustments or payments which must be made as a result of any such audit or inspection of the Contractor's invoices or records must be made within a reasonable amount of time, but in no event may the time exceed ninety (90) calendar days, from presentation of the County's audit findings to the Contractor.

This provision is hereby considered to be included within, and applicable to, any subcontractor agreement entered into by the Contractor in performance of any work under the contract.

PROPRIETARY/CONFIDENTIAL INFORMATION

Vendors are hereby notified that all information submitted as part of a Proposal will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"). The Vendor should not submit any information in response to a solicitation which the Vendor considers proprietary or confidential. The submission of any information to the County in connection with a solicitation will be deemed a waiver from release of the submitted information unless such information is exempt or confidential under the Public Records Act.

PUBLIC RECORDS LAW

Pursuant to section 119.0701(2)(a), Florida Statutes, the County is required to provide Contractor with this statement and establish the following requirements as contractual obligations pursuant to the contract:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY

TO PROVIDE PUBLIC RECORDS RELATING TO THIS SOLICITATION, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-343-9839, PURCHASING@LAKECOUNTYFL.GOV, BY MAIL, OFFICE OF PROCUREMENT SERVICES, ATTN: RON FALANGA, P.O. BOX 7800 TAVARES, FL 32778.

By entering into the Contract, Contractor acknowledges and agrees that any records maintained, generated, received, or kept in connection with, or related to the performance of services provided under, the Contract are public records subject to the public records disclosure requirements of section 119.07(1), Florida Statutes, and Article I, section 24 of the Florida Constitution. Pursuant to section 119.0701, Florida Statutes, any Contractor entering into a contract for services with the County is required to:

A. Keep and maintain public records required by the County to perform the services and work provided pursuant to the Contract.

B. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion or termination of the Contract if the Contractor does not transfer the records to the County.

D. Upon completion or termination of the Contract, transfer, at no cost, to the County all public records in the possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion or termination of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion or termination of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

Requests to inspect or copy public records relating to the County's Contract for services must be made directly to the County. If Contractor receives any such request, Contractor shall instruct the requestor to contact the County. If the County does not possess the records requested, the County shall immediately notify the Contractor of such request, and the Contractor must provide the records to the County or otherwise allow the records to be inspected or copied within a reasonable time.

Contractor acknowledges that failure to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes. Contractor further agrees not to release any records that are statutorily confidential or otherwise exempt from disclosure without first receiving prior written authorization from the County. Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek

declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

COPYRIGHTS

Any copyright derived from a Contract will belong to the author. The author and the Contractor shall expressly assign to the County nonexclusive, royalty free rights to use any and all information provided by the Contractor in any deliverable or report for the County's use which may include publishing in County documents and distribution as the County deems to be in its best interests. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

The County owns and retains all proprietary rights in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission.

SOVEREIGN IMMUNITY

County expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Nothing will be deemed as a waiver of immunity or the limitations of liability of County beyond any statutory limited waiver of immunity or limits of liability. Nothing will inure to the benefit of any third party for the purpose of allowing any claim against County, which would otherwise be barred under the law.

COMPLIANCE WITH FEDERAL STANDARDS

All items to be purchased under a Contract must be in accordance with all governmental standards to include, but not be limited to, those issued by the Occupational Safety and Health Administration (OSHA), the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA).

E-VERIFY

Upon award of a Contract, the Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new persons hired by the Contractor during the term of the Contract.

The Contractor shall include in all contracts with subcontractors performing work pursuant to any Contract, an express requirement that subcontractors utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new employees hired by subcontractors during the term of the subcontract.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPPA)

The Contractor may be required to execute a Business Associate Agreement, pursuant to the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) (codified at 42 U.S.C. Section 1320d, *et. seq.*), and regulations contained in 45 C.F.R. Parts 160 and 164.

If the Contractor obtains any information governed by 42 U.S.C. Section 290dd-2 and the regulations implemented by the Substance Abuse and Mental Health Services Administration at 42 C.F.R. Part 2 (collectively referred to as the "SAMHSA regulations"), whether from the County or another source, while providing services to the County under the contract, the Contractor shall only use or disclose that information pursuant to the SAMHSA regulations.

The Contractor will also comply with any and all laws under the State of Florida governing the confidentiality of health information, including but not limited to records or other documents containing medical, mental health, or substance abuse information.

FORCE MAJEURE

The parties will exercise every reasonable effort to meet respective obligations under the Contract but will not be liable for delayed performance or nonperformance resulting from a force majeure. A party that becomes aware of a force majeure that will significantly delay performance will notify the other party promptly, within 15 calendar days, after if discovers the force majeure. If a force majeure occurs, the parties may execute a contract modification or change order to extend the performance schedule or make accommodations that are reasonable under the circumstances.

NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against the County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve the Contractor of duty to perform or give rise to any right to damages or additional compensation from the County. The Contractor's sole remedy will be the right to seek an extension to the Contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the County.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel, and is not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

ANTI-TRAFFICKING RELATED ACTIVITIES

The U.S. Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities listed below. These prohibitions specifically apply to come federally funded contracts and prohibit contractors, contractor employees, and their agents from:

A. Engaging in severe forms of trafficking in persons during the period of performance of the contract;

B. Procuring commercial sex acts during the period of performance of the contract;

C. Using forced labor in the performance of the contract;

D. Destroying, concealing, confiscating, or otherwise denying access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

E. Using misleading or fraudulent practices during the recruitment of employees;

F. Charging employees or potential employees recruitment fees;

G. Failing to provide return transportation or paying for the cost of return transportation upon the end of employment for certain employees;

H. Providing or arrange housing that fails to meet the host country housing and safety standards; or

I. Failing to provide an employment contract, recruitment agreement, or other required work documents in writing, as required by law or contract.

NOTICES

All notices given by one party to the other party under a contract must be delivered to the receiving party's address set forth on the Contract either by hand, qualified courier, or e-mail and will be deemed received the day after it is transmitted. For County, it must be addressed to the Office of Procurement Services, Post Office Box 7800, 315 West Main Street, Suite 441, Tavares, Florida, 32778 or emailed to purchasing@lakecountyfl.gov.

EXHIBIT D **25-754**

PUBLIC WORKS ADDITIONAL TERMS AND CONDITIONS

1. Intent of Contract Documents
2. Errors and Omissions
3. Emergencies
4. Compliance with Occupational Safety and Health / Hazardous Materials
5. General Inspection Requirements
6. Project Manager
7. Contract Time and Time Extension
8. Hours of Operation
9. Changes in Work
10. Claims and Disputes
11. Lands for Work and Access Thereto
12. Maintenance of Traffic
13. Underground Utilities
14. Protection of Existing Structures, Utilities, Work and Vegetation
15. Equipment
16. Sanitation
17. Other Work
18. Bonds
19. Final Inspection
20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the

consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second

seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65
$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in

and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", 2018 edition (or latest edition), or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", 2018 (or latest edition), or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached

by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

REQUIRED CONTRACT PROVISIONS
FEDERAL-AID CONSTRUCTION CONTRACTS

I. General
II. Nondiscrimination
III. Non-segregated Facilities
IV. Davis-Bacon and Related Act Provisions
V. Contract Work Hours and Safety Standards Act Provisions
VI. Subletting or Assigning the Contract
VII. Safety: Accident Prevention
VIII. False Statements Concerning Highway Projects
IX. Implementation of Clean Air Act and Federal Water Pollution Control Act
X. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
XI. Certification Regarding Use of Contract Funds for Lobbying
XII. Use of United States-Flag Vessels:

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 “Contract provisions and related matters” with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term “perform work with its own organization” in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. **Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, ‘on-board’ commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B)
This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

Surety Phone _____

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

_____ ($_____)
for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal and Obligee as Owner have reached a mutual agreement for _____ (hereinafter referred to as the "Contract") which conditions and provisions as are further described in the aforementioned Contract, which said Contract being made a part of this Bond by this reference for the purpose of perfecting this Bond.

NOW THEREFORE, THE CONDITIONS OF THIS BOND are such that if Principal:

1. Shall promptly make payments to all claimants as defined in Section 255.05(1), Florida Statutes, as amended, supplying the Principal with labor, materials or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

2. Shall pay the Obligee for all losses, damages, expenses, costs and attorneys' fees, including those resulting from appellate proceedings, that the Obligee sustains because of a default by the Principal in contravention to the Contract in regard to payment for such labor, materials, or supplies furnished to the Principal;

then this bond shall be void; otherwise this Bond remains in full force and effect.

BOND NO. _____

BE IT FURTHER KNOWN AND AGREED TO BY THE PARTIES THAT:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Obligee of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Obligee or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, as amended, and as otherwise provided by law.

3. The Provisions of this bond are subject to the limitations of Section 255.05(2), Florida Statutes, as amended.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

Florida Department of State, Division of Corporations

POOL CONTRACT NO. 25-754F
For
ROAD RESURFACING AND RELATED SERVICES

LAKE COUNTY, FLORIDA, a political subdivision of the State of Florida, through its Board of County Commissioners (hereinafter "County") does hereby accept, with noted modifications, if any, the bid of **Superior Asphalt, Inc.** (hereinafter "Contractor") to supply **Road Resurfacing and Related Services** to the County pursuant to County Bid number 25-754 with any included addenda (hereinafter "Bid"), with an opening date of 12/16/2025, and Contractor's Bid response dated 12/16/2025, thereto with all County Bid provisions governing.

A copy of the Contractor's signed Bid is attached hereto and incorporated herein, thus making it a part of this Contract except that any items not awarded have been struck through. The attachments noted below are attached hereto and are part of this Contract.

ATTACHMENTS:
Attachment 1 – Submittal Form with General Terms & Conditions acceptance signed by Contractor
Attachment 2 – Pricing Sheet
Attachment 3 – Affidavit Form
Addendum(a) 1
Exhibit A – Scope of Work
Exhibit B – Insurance Requirements
Exhibit C – General Terms & Conditions v.5.6.21
Exhibit D – Public Works Road Operations Terms & Conditions
Exhibit E – FHWA-1273
Exhibit F – Performance/Payment Bonds
Exhibit G – intentionally excluded
Exhibit H – Asphalt Millings Site Map

No financial obligation under this Contract shall accrue against the County until a specific purchase transaction is completed pursuant to the terms and conditions of this Contract.

The County's Procurement Services Director shall be the sole judge as to the fact of the fulfillment of this Contract, and upon any breach thereof, shall, at his option, declare this Contract terminated, and for any loss or damage by reason of such breach, whether this Contract is terminated or not, said Contractor and their surety for any required bond shall be liable.

The Contract initial term is from 7/1/2026 through 6/30/2027 with the option for two subsequent two-year renewals. The County reserves the right to terminate this Contract immediately for cause and/or lack of funds and with thirty (30) day written notice for the convenience of the County. Renewals are contingent upon mutual written agreement.

Modifications to this Contract must be in writing signed by the County's Procurement Services Director.

LAKE COUNTY, FLORIDA

_____

By: Ronald A. Falanga
Procurement Services Director
Date:

The undersigned hereby declares that SUPERIOR ASPHALT, INC has reviewed and accepts all specifications, terms, and conditions outlined in this Solicitation and affirms compliance with all legal requirements necessary to conduct business with the County, and to provide **ROAD RESURFACING AND RELATED SERVICES** specified. Submittals were advertised to be submitted by 3:00 P.M. Eastern time on the date indicated in the Solicitation or any subsequent addenda. Furthermore, the undersigned confirms they are duly authorized to execute this document, as well as any related contracts or transactions resulting from the award of this Solicitation.

1.0 TERM OF CONTRACT

Contract will be awarded for an initial one (1) year term with the option for two (2) subsequent two (2) year renewals. Renewals are contingent upon mutual written agreement.

Contract will commence upon the first day of the next calendar month after approval by the authorized authority. The Contract shall remain in effect until completion of both the expressed and implied warranty periods. The County reserves the right to negotiate for additional services or items of a similar nature that were not known or anticipated at the time of solicitation.

2.0 PAYMENT

Contractor shall email County's using department an accurate invoice within 30 calendar days after delivery. Invoices shall reference: Lake County BCC purchase/task order, delivery date, delivery location, and corresponding packing slip or delivery ticket signed by a County representative at the time of acceptance. Failure to submit invoices in the prescribed manner will delay payment.

Payments will be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

All pricing will be FOB Destination unless otherwise specified in this solicitation document. Pricing submitted will remain valid for a ninety (90) day period.

The County's preferred method for invoice payment is electronic remittance via virtual credit card (eCard) payments rather than paper checks. Contractors are encouraged to adopt this electronic payment option. The eCard system is designed to expedite payables and improve efficiency compared to paper check payments. This procedure aligns with the County's responsibilities and objectives, reflecting a commitment to leveraging technology to deliver greater value to taxpayers.

Vendor requests more information about accepting eCard for payment: YES

Vendor accepts MasterCard for payment: YES

3.0 CERTIFICATION REGARDING LAKE COUNTY TERMS AND CONDITIONS

I certify that I have reviewed the General Terms and Conditions for Lake County Florida and accept the Lake County General Terms and Conditions dated 5/6/21 as written including the Proprietary/Confidential Information section. YES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted

a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel, and are not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or it or its subcontractors have been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

Failure to acknowledge may result in Submittal being deemed non-responsive.

4.0 CERTIFICATION REGARDING FELONY CONVICTION

Has any officer, director, or an executive performing equivalent duties, of the bidding entity been convicted of a felony during the past ten (10) years? NO

5.0 CONFLICT OF INTEREST DISCLOSURE CERTIFICATION

Except as listed below, no employee, officer, or agent of the firm has any conflicts of interest, real or apparent, due to ownership, other clients, contracts, or interests associated with this project; and, this Submittal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a proposal for the same services, and is in all respects fair and without collusion or fraud. NO

6.0 CERTIFICATION REGARDING BACKGROUND CHECKS

Under any County Contract involving Contractor or subcontractor personnel working in proximity to minors, the Vendor hereby confirms that all such personnel will have successfully completed an initial Certified Background Check, as well as subsequent annual checks, conducted by Contractor at no additional cost to County. The Vendor agrees to comply fully with all applicable Florida Statutes governing background investigations. The County reserves the right to request and review any related records, with or without cause, and to require the immediate replacement of any Contractor employee found to be in violation of these requirements. Furthermore, the Contractor shall indemnify and hold the County harmless from any liability arising from the actions of such personnel. Additional requirements may apply as specified within any particular contract award. YES

7.0 DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The County does not set specific goals for minority set-asides; however, participation by both minority and non-minority qualified firms is strongly encouraged. If your firm is classified as a minority-owned business or holds certification from the State of Florida, Office of Supplier Diversity, (OSD) as a Certified Minority Business Enterprise (CMBE), please indicate the appropriate classification(s) not applicable

and enter OSD Certification Number N/A
and enter effective date N/A to date

8.0 ANTITRUST VIOLATOR VENDOR LISTS

A person or affiliated entity listed on the antitrust violator vendor list due to a conviction or civil liability for an antitrust violation is prohibited from submitting bids, proposals, or responses for any new contracts to provide goods or services to a public entity. This restriction also applies to new contracts involving the construction or repair of a public building or public works, new leases of real property to a public entity, and includes being awarded or performing work as a contractor, supplier, subcontractor, or consultant under any such new contract. Furthermore, such persons or affiliates are barred from transacting any new business with a public entity.

9.0 FEDERAL FUNDING REQUIREMENT

9.1. A federally funded project expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Registration or search can be conducted here: SAM Directory and Registration website

9.2. REQUIRED for this project – The System for Award Management (SAM.gov) Unique Entity ID SAM.gov | Home: LEF7EWZVXG99

Before me, the undersigned authority, personally appeared **(Name of affiant)** DYLAN TEASDALE - S. ANTHONY FARAH who, after being first duly sworn, deposes and says of his or her personal knowledge the following:

1. Affiant is the **(Title)** GENERAL MANAGER - SENIOR PROJECT MANAGER of **(Business Name)** SUPERIOR ASPHALT, INC. which is authorized to conduct business in the State of Florida, hereinafter called the "Business."

2. *Prohibition on Providing Personal Identifying Information to Foreign Entities of Concern*: I affirm that Business is not owned by a foreign country of concern, a does a foreign country of concern does not have a controlling interest in Business, and that Business is not organized under the laws of nor does it have its principal place of business in a foreign country of concern, as defined in Section 287.138, Florida Statutes.

3. *Prohibition on Providing Economic Incentives to Foreign Entities of Concern*: I affirm that Business is not a foreign entity, as defined in Section 288.0071, Florida Statutes.

4. *Compliance with Human Trafficking Laws*: I affirm that Business does not use coercion for labor or services as defined in Section 787.06, Florida Statutes, entitled "Human Trafficking."

5. Under penalties of perjury, I declare that I am duly authorized and empowered and have sufficient knowledge to execute and deliver this Affidavit and that I have read the foregoing Affidavit and the facts stated in it are true.

SUPERIOR ASPHALT, INC. CORPORATE SEAL 2001 FLORIDA

Signed and Delivered on the 16th day of DECEMBER, 2025.

ADDENDUM NO. #1 **25-754**

Office of Procurement Services
P.O. Box 7800 • 315 W. Main St., Suite 416 • Tavares, FL 32778

SOLICTATION: ROAD RESURFACING AND RELATED SERVICES 12/04/25

Vendors are responsible for the receipt and acknowledgement of all solicitation addenda. Submit an electronically signed copy with solicitation submission. Failure to acknowledge an addendum may prevent the submission from being considered for award.

THIS ADDENDUM DOES NOT CHANGE THE DATE FOR RECEIPT OF PROPOSALS.

QUESTIONS/RESPONSES

Q1. Is a bid bond required? If so, what percentage?

A. No.

Q2. Will there be a Pre-Bid Meeting for this project?

A. Refer to the bid document, Section 4.0 Pre-Bid Conference

Q3. Will this contract be awarded to one contractor or multiple contractors?

A. Refer to Exhibit A – Scope of Work, first sentence.

Q4. In the Lake County General Terms and Conditions, Price Redeterminations, it states that the contractor shall present documented increases in costs 30 days prior to the anniversary date of the contract, but any price redetermination shall be based on the applicable ECI or PPI, not the actual, documented price increases presented by the contractor, is this correct?

A. Because each project will be quoted using the RFQ system, price redeterminations will not apply to this contract. However, if an awarded project exceeds 90 days, adjustments may be requested and would be calculated using FDOT Bituminous & Fuel adjustments.

Q5. In the bid, there are 2 FC-12.5 Friction Course items that are specified as PG76-22 while other Friction Course items, FC-5, FC-9.5 and FC-12.5, are not designated as PG76-22. If these are not polymer modified and are acceptable to have a non-polymer liquid, can the RAP content be increased to the Lake County acceptable maximum?

A. Yes.

Q6. Will the contractor be responsible for maintaining the stockpile at any of the 3 Lake County milling stockpile sites?

A. No. Refer Exhibit A – Scope of Work, Sections 5.5.7 through 5.5.9.

ADDITIONAL INFORMATION

1. SCOPE OF WORK

To establish a pool of vendors for job order road resurfacing and related services projects. Pool vendors shall be notified of projects via the County's RFQ system as described in Section 4. Contractors shall be required to possess and maintain a valid Class A or B General Contractor's License and shall demonstrate comprehensive knowledge of the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, the Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 edition, or the most current edition as amended.

This is an indefinite quantity contract with no guarantee that services will be required. The County does not guarantee a minimum or maximum dollar amount to be expended on any contract(s) resulting from this solicitation. The scope of work represents the minimum standards required. All work performed shall be in strict compliance with the latest codes, standards, and practices and in accordance with Federal, State, and Local laws.

2. CONTRACTOR RESPONSIBILITIES

Contractor shall:

2.1. Provide all labor, fuel, materials, equipment, storage, supplies, and incidental costs necessary to complete the tasks.

2.2. Provide for skilled, qualified, and English-speaking staff with a cell phone in good working order.

2.3. Provide adequate personnel, in the event of sickness or any absence, a substitute of equal skill shall be provided at no additional cost.

2.4. Provide a neat and clean in appearance dress code (as applicable) for Contractor's employees that consists of a shirt with company name, pants, and work shoes/boots and all associated PPE such as appropriate class safety vest, safety glasses, etc.

2.5. Project a professional image, deal effectively with the public, and discharge duties in a courteous and efficient manner.

2.6. Provide proof of chemical applicators' licensure prior to any Chemical treatment utilizing herbicides for vegetation removal.

2.7. Maintain the project work site in an attractive, and uniformly clean manner which will reflect favorably upon the County and the Contractor.

2.8. Perform work at a time that minimizes disturbance or interference to the flow of traffic.

2.9. Correct all apparent deficiencies within three (3) calendar days of any work that fails to conform to the specifications.

3. COUNTY RESPONSIBILITIES

County will:

3.1. Reserve the right to award to one or more vendors.

3.2. Reserve the right to add or remove services in conjunction with the County's needs.

3.3. Reserve the right to inspect and approve all material, supplies, workmanship, and equipment for contract performance.

3.4. Reserve the right to dismiss Contractor's staff for disorderly conduct or unsatisfactory performance in accordance with contract specifications.

4. DELIVERY REQUIREMENTS AND ACCEPTANCE.

4.1. When it is determined that a road resurfacing project is needed, the County will issue a Request for Quote (RFQ), utilizing the County's RFQ System.

4.2. The RFQ will define the scope of work, project limits, pre-bid meetings (if any), calendar days to complete the project, and submittal requirements.

4.3. The project limits will be marked with pink or white paint.

4.4. Contractor shall perform a site visit and inspect all sites prior to the question submission deadline specified within the RFQ.

4.4.1. Contractor shall document items, including but not limited to, additional milling, leveling, course and radius paving, discrepancies in quantities, or project limits, etc.

4.4.2. Contractor shall submit questions to the County via e-mail prior to the question submission deadline. Questions received after this time will not be answered.

4.4.3. An addendum will be issued for all questions received and posted to the RFQ.

4.5. Contractor shall submit a bid response prior to the bid closing date.

4.6. The submitted bid response constitutes the Contractor's agreement to all quantities and associated costs specified in the RFQ.

4.7. Change orders shall be issued for items that have been added to or deducted from the original RFQ. Change orders may be subject to bituminous and fuel adjustments in accordance with the terms of this contract.

4.8. A price redetermination will not be considered for projects taking less than 90 production days, or any projects exceeding original project days plus any approved added weather days.

5. TECHNICAL REQUIREMENTS

All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition. Relevant FDOT reference sections are indicated under the corresponding items listed below.

5.1. Public Notification of Work

5.1.1. Reference FDOT Standard Specifications Section 990, TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS

5.1.2. Contractor shall notify all residents within the project work area and project schedule and explain the expected level of inconvenience associated with the project.

5.1.3. Contractor shall provide public notification to all residences and parked vehicles on the roadway within the project limits seven (7) calendar days prior to the commencement of work.

5.1.4. Contractor shall obtain County approval prior to placement on residences and vehicles parked on neighborhood roads within the project limits.

5.1.5. Contractor shall install PCMS on all major roadways and industrial parks to display lane closure information including, but not limited to, anticipated lane closure, closure extent (i.e. "Next 3 Miles"), and daily hours of closures.

5.1.6. All costs associated with the PCMS shall be charged per unit/per day and include the installation, removal, mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.1.7. The Contractor shall make every effort to avoid blocking access to businesses for an extended period and provide the business with written notice, approved by the County, at least forty-eight (48) hours prior to access restriction.

5.1.8. Contractor shall minimize the impact to school related traffic during before and after school hours when project limits are within the vicinity of a school,

5.1.8.1. It shall be Contractor's responsibility to coordinate a pre-construction meeting with the County, an official from the affected school, and Contractor's Project Superintendent.

5.1.8.2. An adjusted work schedule will be established, as a result of the pre-construction meeting with the school official.

5.1.8.3. Portable Changeable Message Signs (PCMS) will be required for seven (7) calendar days prior to the commencement of the work to provide public notification of the upcoming work.

5.2. Shoulder Preparation

5.2.1. Vegetation shall be cut back six inches (6") from the edge of pavement, including any present on the pavement surface, and removed prior to the placement of new asphaltic concrete. Any areas where excessive material has been removed shall be promptly repaired by the Contractor.

5.2.2. Shoulder drop-off shall not exceed one (1) inch in depth, as measured from the top of the asphaltic concrete at the pavement edge.

5.2.3. If an excessive drop off is created, it shall be restored to no more than one (1) inch as described above.

5.2.4. If an area is to be left overnight with the excessive drop off, barricades marking the hazard shall be installed in accordance with FDOT specifications.

5.2.5. The cost for shoulder preparation (including mobilization, Maintenance of Traffic (MOT), equipment, labor, and all associated activities) shall be incorporated into the price for installing new asphaltic concrete.

5.3. Vegetation Removal

5.3.1. Vegetation in the cracks or joints shall be removed by using a propane torch or a chemical herbicide and subject to approval of the County. The vegetation shall be totally browned before the new asphaltic concrete is installed.

5.3.2. Chemical treatment shall not be applied without providing proof of chemical applicators licensure.

5.3.3. Chemical treatments shall be applied according to the manufacturer's specifications

to ensure public safety and a log of chemical treatments shall be kept with a copy supplied to the County'. The log shall contain information of the chemical product, manufacturer, application rate, application location, application date and time, safety data sheets (SDS), and weather conditions at the time of application.

5.3.4. The cost of removing vegetation by either propane torch or chemical herbicide treatment (including mobilization, MOT, herbicide, labor, etc.), and shall be incorporated into the price of the paving operation.

5.4. Road Base Repairs / Heavy Milling Repairs

5.4.1. Reference FDOT Standard Specifications Section 334 SUPERPAVE ASPHALTIC CONCRETE.

5.4.2. Full depth milling repairs shall be provided to areas of roadway with failed base.

5.4.2. County shall mark all areas for base repairs with white and pink paint.

5.4.3. Marked areas shall be milled to provide square or rectangular shaped repairs to a depth of six (6) inches and replaced with six (6) inches of Type SP 12.5 asphaltic concrete in three (3), two (2) inch lifts.

5.4.4. Jagged or misshaped repairs shall be rejected and repaired at no additional cost.

5.4.5. The unit cost for base repairs and/or heavy milling shall include, but not limited to mobilization, MOT, milling, asphalt, etc.

5.5. Milling of Existing Asphaltic Concrete Pavement

5.5.1. Reference FDOT Standard Specification Section 327 MILLING OF EXISTING ASPHALT PAVEMENT.

5.5.2. The cold milling process to remove existing asphaltic concrete may be requested to improve ride quality, correct cross slope, lower the finished grade adjacent to existing curbs, or remove the existing pavement.

5.5.3. Areas shall be marked in pink or white paint, milled to the depth specified, and milled to the outside edge of the painted area.

5.5.4. Contractor shall notify the County of any traffic light advance warning loops that will be affected forty-eight (48) hours before the milling operation starts.

5.5.4.1. Contractor will not be held responsible for damage of loops affected by the milling operation.

5.5.5. The milling machine shall be equipped to effectively limit the amount of dust escaping during the milling operation. Pre-wetting of the pavement may be required if it is determined there is too much dust being created.

5.5.6. Profile correction milling may be required on specific portions of roadways and will be paid based on an average milling depth of zero (0) to two (2) inches. Any area which exceeds the two (2) inch average depth will be compensated at the appropriate unit cost for total depth.

5.5.7. Asphalt millings generated shall be hauled from the project location at no additional cost to the County, except for millings that the County directs the Contractor to haul to three designated area(s) not exceeding 25 miles from the project.

5.4.6.1. Site 1 – Maintenance Area 1, 2310 W. Griffin Rd., Leesburg, FL 34748

5.4.6.2. Site 2 – Maintenance Area 2, End of Allegiance Ct., Groveland, FL 34736

5.4.6.3. Site 3 – Maintenance Area 3, 19720 E. Fifth St., Umatilla, FL 32784

5.5.8. If the County elects the Contractor to haul asphalt millings to one of the three designated County sites, payment will be made only for the actual cubic yards hauled.

5.5.8.1. Truck loads should average 18 cubic yards each.

5.5.8.2. Load tickets will be issued at the project site and collected by the County at the designated dump site.

5.5.8.3. The unit cost for milling shall cover mobilization, Maintenance of Traffic (MOT), milling equipment, labor, and all related expenses.

5.5.9. County reserves the right to insert County dump trucks into the milling operation at any time and to retain ownership of the resulting millings. If the County exercises this option, it shall be done in a manner that does not impede the Contractor's production and at no additional cost to the County.

5.6. Prime and Tack Coats

5.6.1. Reference FDOT Standard Specification Section 300, PRIME AND TACK COATS.

5.6.2. A tack coat shall be installed prior to the installation of the new asphaltic concrete.

5.6.3. The tack coat shall only be applied to one lane of traffic at a time, and shall not exceed one (1) mile, unless otherwise determined by the County.

5.6.4. The tack coat shall be applied only to areas scheduled to receive an asphalt layer the same day of operation and shall be protected from all traffic until the asphalt has been placed.

5.6.5. The unit cost for tack coat shall be included in the installation of new asphaltic concrete. No mobilization shall be charged for this operation and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.7. Asphaltic Concrete

5.7.1. Reference FDOT Standard Specification Section 320, HOT MIX ASPHALT PLANT METHODS AND EQUIPMENT and Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.7.2. Contractor shall be responsible to ensure positive drainage of the surface from the roadway to curb, edge of roadway and/or valley gutter.

5.7.3. There shall be no standing water along the pavement where there is no standing water in the curb.

5.7.4. Contractor shall provide proper and adequate fall across entrances and cul-de-sacs to ensure proper drainage of these areas.

5.7.5. The crown of the roadway shall be re- established to ensure a 2% fall from the center of the roadway to the outside edge of the roadway or be placed to match existing cross slope. No water shall be standing in the crown of the roadway.

5.7.6. Should there be low areas that may result in water standing on the new pavement, a

resolution shall be discussed with the County and resolved prior to starting work in the area.

5.7.7. The unit cost shall be based on one (1) inch increments. The cost for fractional amounts shall be invoiced according to the actual fractional amount installed.

5.7.8. The unit cost for asphaltic concrete types FC-5, FC-9.5, FC-12.5, FC-12.5 w/76-22, SP-9.5, and SP-12.5 shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.8. Asphaltic Concrete – Friction Course

5.8.1. Reference FDOT Standard Specifications Section 337, ASPHALTIC CONCRETE FRICTION COURSES.

5.8.2. The County may require the use of:

5.8.2.1. Type FC-9.5 asphaltic concrete friction course.

5.8.2.2. Type FC-12.5 asphaltic concrete friction course.

5.8.2.3. Type FC-12.5 with a 76-22 modified polymer asphaltic concrete friction course.

5.8.3. The unit cost for asphaltic concrete friction courses shall be included in the proposal price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.9. Asphaltic Concrete – Superpave

5.9.1. Reference FDOT Standard Specification Section 334 SUPERPAVE ASPHALT CONCRETE.

5.9.2. The County may require the use of:

5.9.2.1. Type SP-9.5 asphaltic concrete

5.9.2.1. Type SP-12.5 asphaltic concrete.

5.9.3. The unit cost for asphaltic concrete Type SP asphaltic concrete shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.10. Leveling Course

5.10.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.10.2. Contractor may be asked to install a leveling course of asphaltic concrete over an existing asphaltic concrete road surface. This shall only be utilized at the discretion of the County unless the need for such leveling was established prior to issuance of the Notice to Proceed by Contractor.

5.10.3. When a leveling course is requested, the specified asphaltic concrete mix is to be placed on the existing irregular pavement or base, the leveling course shall be used

to help provide a smooth driving surface by filling in voids and deformations such as wheel ruts, depressions, etc.

5.10.4. When a leveling course is requested, the estimate shown on the Project Order Form shall be based on one-half (1/2) inch for the specified area of the road surface. It is understood that some areas of the roadway will not require the entire one-half (1/2) inch and other areas may require greater than one-half (1/2) inch of asphaltic concrete. There should be no additional charge to the County for additional asphaltic concrete needed nor shall the County expect a credit if the specified amount of asphaltic concrete was not used. Contractor shall ensure that the placement is completed so that the final product provides a smooth driving surface.

5.10.5. Profiling of the roadway to change the grade or slope of the road shall be done with the use of asphalt and/or a milling machine.

5.10.6. If the County chooses to change the profile of the road using asphaltic concrete, it shall be quantified and paid by using the unit prices of designated asphaltic concrete unit cost in Attachment 2 – Pricing Sheet.

5.11 Radius Paving

5.11.1. Contractor shall overlay designated roadway intersections that connects to any project road.

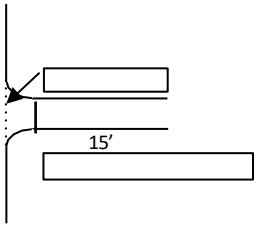
5.11.2. Paving will be to a distance of fifteen (15) feet, or as determined by the County, from the intersection (see diagram below).

5.11.3. The limits of the radius area shall be marked with white or pink paint. Not all intersections shall be paved. If there are not marks, it shall be assumed that the EOP be followed through the intersection or treated as a driveway for overlay applications.

5.11.4. Existing pavement markings within the radius area being paved shall be replaced to the specifications outlined.

5.11.5. The joint between the existing and new pavement shall provide a smooth transition.

5.11.6. The square yardage for the radius paving shall be calculated and added to the total square yards as stated on the Project Order Form.



5.12. Driveways

5.12.1. Driveway joints with the exception of concrete driveways and brick pavers, are to be paved with a one (1) foot per inch or greater slope to achieve a smooth transition.

5.12.2. Driveways shall be swept and tacked before paving.

5.12.3. The cost of installing asphaltic concrete on driveway aprons shall be considered incidental and shall be included in Contractor's per unit resurfacing cost and no additional cost shall be permitted for driveway paving.

5.13. Compaction

5.13.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT – GENERAL CONSTRUCTION REQUIREMENTS.

5.13.2. If the County feels an area does not meet these requirements, they shall hire an independent testing laboratory to determine accordance with this specification.

5.13.3. Areas not in conformance with this specification will need to be removed and replaced at Contractor's expense.

5.14. Smooth Transition

5.14.1. The Contractor shall install a five (5) foot tapered keyway mill on all adjacent roads that are not being milled, in order to ensure a smooth transition between the new and existing pavement.

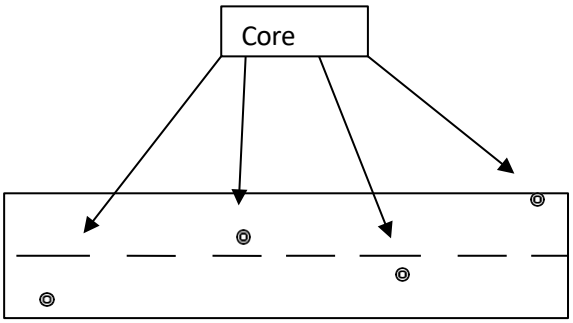
5.15. Quality Inspections

5.15.1. Core samples shall be taken by an independent laboratory approved by the County.

5.15.2. Contractor shall provide the County with the address and contact information of the laboratory prior to any resurfacing work starting.

5.15.3. Core samples shall be taken every five hundred (500) feet regardless of how many lanes are being resurfaced.

5.15.4. Core samples shall be taken in a random pattern as indicated on the diagram below.



5.15.5. Roads that are less than one thousand (1,000) feet shall have a minimum of two (2) core samples taken.

5.15.6. The cores shall be taken at a depth that will show the new and existing asphaltic concrete.

5.15.7. Holes that were created by taking the core samples shall be filled with a product approved by the County.

5.15.8 A determination of the average thickness of the asphaltic concrete shall be made from the samples by the testing laboratory and the results shall be sent from the laboratory directly to the County.

5.15.9 If the Contractor wishes to obtain additional core samples beyond those required by the County, such requests must be submitted in writing, and all associated costs shall be borne by the Contractor.

5.16. Deficiencies of Asphaltic Concrete Thickness and Ride Quality

5.16.1. The County will permit a deficiency in the thickness of the asphaltic concrete overlay not to exceed one-quarter (1/4) inch.

5.16.2. The Contractor shall utilize an asphalt transfer machine approved by the County for all roadway resurfacing involving milling, unless a written exception is granted by the County. The County shall not permit the commencement of work without the required transfer machine. In the event the transfer machine becomes inoperable during production, the County may, at its sole discretion, allow work to continue for the remainder of that production day.

5.16.3. When the deficiency in the thickness of the asphaltic concrete exceeds one-quarter (1/4) inch but does not exceed three-eighths (3/8) inch of the specified thickness, the County shall permit the Contractor to leave the asphaltic concrete in place without any compensation.

5.16.4. County shall determine the affected square yard area by multiplying the lane width by the length between the nearest acceptable core samples, and no payment shall be made for this area.

5.16.5. When the deficiency in thickness exceeds three-eighths (3/8) inch of the specified thickness, the Contractor shall correct the deficiency. In all cases where the installed asphaltic concrete is deficient beyond this limit, the Contractor shall restore the deficient area by applying new asphaltic concrete.

5.16.6. The minimum repair thickness must comply with the layer thickness standards specified under the asphaltic concrete section of these specifications.

5.16.7. The Contractor shall replace the full thickness as directed by the County, extending at least fifty (50) feet beyond each end of the deficient area.

5.16.8. County will mark the area to be corrected with white or pink paint, and the paving shall extend to the outer edge of this paint mark.

5.16.9. Any additional costs incurred to correct deficiencies shall be the sole responsibility of the Contractor. No additional charges shall be made to the County, even if the repair results in the final thickness of the asphaltic concrete overlay exceeding the originally specified thickness.

5.16.10. Asphalt smoothness shall be tested at the discretion County on any roadway which included milling.

5.16.11. Any portion of any roadway associated shall be required to be compliant with Section 330, SURFACE REQUIREMENTS for any lateral or transverse pavement joint provided by Contractor. Any deficiency in excess of three sixteenths (3/16)

inches shall be removed and replaced fifty (50) feet in either direction of the deficient area, at no additional cost to the County.

5.17. Manholes / Valves

5.17.1. Reference FDOT Standard Specifications Section 425, INLETS, MANHOLES, AND JUNCTION BOXES.

5.17.2. Manholes and water valves shall be adjusted through coordination with the appropriate utility provider to within one-half (1/2) inch of the final surface of the newly installed asphaltic concrete. This shall be accomplished prior to placing the new asphaltic concrete.

5.17.3. Contractor shall perform utility coordination required to address all manholes/valves located within the project limits. It shall be the utility provider's responsibility to furnish and install any required adjustments.

5.17.4. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.18. Traffic Stripes and Markings

5.18.1. Reference Standard Specifications FDOT Section 710, PAINTED PAVEMENT MARKINGS and Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

5.18.2. If the Contractor is unable to install the pavement markings as prescribed, appropriate traffic control measures shall be provided, such as but not limited to, warning signs, channelizing devices, and delineation to indicate the required travel ways in temporary traffic control zones.

5.18.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.18.3. Contractor should pay special attention to Section 710-4.3 concerning the retroreflectivity. The minimum retroreflectance of white pavement markings shall not be less than 300 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 250 mcd/lx-m^2.

5.18.4. The existing striping layout shall be recorded prior to the commencement of work. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.18.5. Striping shall be maintained throughout the duration of the work and shall be in place at the end of each workday.

5.18.6. Painted traffic stripes and markings shall be installed prior to the removal of the MOT.

5.18.7. If the Contractor fails to install the correct striping pattern, the Contractor shall remove the markings at their own expense using a method approved by the County.

5.18.8. If the road surface is damaged during the removal process, Contractor shall repair the road surface at Contractor's expense.

5.18.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.18.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity.

5.18.11. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.18.12. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify retroreflectivity, width, thickness and color. County shall notify Contractor of any deficiencies.

5.18.13. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.18.14. All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.19. Thermoplastic Traffic Stripes and Markings

5.19.1. Reference FDOT Standard Specification Section 711, THERMOPLASTIC PAVEMENT MARKINGS. Contractor should pay special attention to Section 711-4.3 concerning the retroreflectivity.

5.19.2. If the Contractor is unable to install the pavement markings as prescribed, the Contractor shall provide suitable traffic control measures in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), 2025 Edition or the latest edition. These traffic control measures shall include, but are not limited to, warning signs, channelizing devices, and delineation to clearly indicate the required travel ways within temporary traffic control zones.

5.19.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.19.3. Thermoplastic Pavement Markings shall not be installed prior to fourteen (14) calendar days following paving.

5.19.4. The minimum retroreflectance of white pavement markings shall not be less than 450 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 350 mcd/lx-m^2.

5.19.5. In addition to the FDOT Specifications, thermoplastic striping shall not be applied prior to a thirty (30) day cure period from the time of asphaltic concrete application, unless otherwise approved by the County.

5.19.6. The existing striping layout shall be recorded prior to the resurfacing activity is started. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.19.7. If Contractor does not install the correct striping pattern, it shall be Contractor's responsibility to remove the markings by the method approved by the County.

5.19.8. Contractor shall be responsible for the cost of the removal and replacement of the correct pattern. If the road surface is damaged during this removal process, Contractor shall be responsible to repair the road surface to the County's satisfaction at Contractor's expense.

5.19.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.19.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.19.11. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using the same method, to test and certify retroreflectivity, width, thickness and color.

5.19.12. County shall notify the Contractor of any deficiencies. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.19.13. Longitudinal pavement markings are subject to a 180-day observation period under normal traffic. The observation period shall begin with the satisfactory completion and acceptance of the work.

5.19.13.1. The markings shall show no signs of failure due to blistering, excessive cracking, chipping, discoloration, poor adhesion to the pavement, loss of reflectivity or vehicular damage.

5.19.13.2. The retroreflectivity shall meet the initial requirements of 711-4.3.

5.19.13.3. Contractor shall replace, at no cost to the County, any thermoplastic pavement markings that do not perform satisfactorily under traffic during the 180-day observation period.

5.19.14 All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.20. Worksite Traffic Supervisor

5.20.1. Reference FDOT Standard Specifications Section 102, Maintenance of Traffic.

5.20.2. Contractor shall have a worksite traffic supervisor that shall be responsible for all MOT by installing and maintaining all traffic control devices.

5.20.3. The worksite traffic supervisor shall review the project on a day-by-day basis as well as being involved in all changes relating to traffic control devices and traffic patterns.

5.20.4. This person shall handle traffic related situations and have access to all resources needed to maintain traffic control. This person shall be available in case of emergencies twenty-four (24) hours per day and shall be able to respond to the site within forty-five (45) minutes after notification.

5.20.5. Failure of this person to comply with the provisions of Section 102, shall be grounds for this person being removed from the project. If the County removes this individual from the project, Contractor shall provide a replacement with a person that is properly trained.

5.20.6. Failure to maintain a designated worksite traffic supervisor shall result in temporary suspension of all activities except MOT, erosion control, and other activities deemed to be necessary for project maintenance and safety.

5.20.7. The cost associated with the worksite traffic supervisor shall be included in the overall cost of all the operations needed to complete the work as outlined within these specifications.

[*The remainder of this page intentionally left blank*]

1. INSURANCE COVERAGE

1.1. CONTRACTOR will purchase and maintain at all times during the term of this Contract, without cost or expense to the COUNTY, policies of insurance as indicated below, with a company or companies authorized to do business in the State of Florida, and which are acceptable to the COUNTY, insuring the CONTRACTOR against any and all claims, demands, or causes of action, for injuries received or damage to property relating to the performance of duties, services, or obligations of the CONTRACTOR under the terms and provisions of the Contract.

1.2. An original certificate of insurance, indicating that CONTRACTOR has coverage in accordance with the requirements of this section must be received and accepted by the COUNTY prior to contract execution or before any work begins. It will be furnished by CONTRACTOR to the COUNTY'S Project Manager and Procurement Services Director within five (5) working days of such request.

1.3. The parties agree that the policies of insurance and confirming certificates of insurance will insure the CONTRACTOR in accordance with the following minimum limits:

1.3.1. Commercial General Liability Insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/2,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

1.3.2. Automobile Liability Insurance, including owned, non-owned, and hired autos with the minimum Combined Single Limit of $1,000,000

1.3.3. Workers' Compensation Insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers Liability with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employer	$1,000,000
Disease-Policy Limit	$1,000,000

1.3.4. Professional Liability and Specialty Insurance (environmental, pollution) as applicable, with minimum limits of $1,000,000 and annual aggregate of $2,000,000.

2. ADDITIONAL INSURED / CERTIFICATE REQUIREMENTS

2.1. Lake County, a Political Subdivision of the State of Florida, and the Board of County Commissioners, will be named as additional insured as their interest may appear on all applicable policies. Certificates of insurance must identify the solicitation number in the Description of Operations section on the Certificate.

2.2. Certificate holder must be:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

3. POLICY PROVISIONS

Certificates of Insurance must evidence the following:

3.1. A waiver of subrogation in favor of the COUNTY.

3.2. Coverage that is primary and noncontributory to any insurance or self-insurance maintained by the COUNTY.

3.3. Inclusion of a Cross Liability or Severability of Interests provision.

3.4. No requirement for the COUNTY to pay any premiums or assessments.

4. **POLICY ENDORSEMENTS**

4.1. CONTRACTOR must provide copies of all policy endorsements reflecting the required coverage, including documentation that lists Lake County as an additional insured and incorporates all required provisions including Waiver of Subrogation.

4.2. Contracts cannot be completed without this required insurance documentation. A Certificate of Insurance (COI) alone will not be accepted in lieu of the policy endorsements.

5. RENEWAL AND CONTINUOUS COVERAGE

5.1. CONTRACTOR shall maintain all required insurance coverage continuously throughout the term of the Contract, including any extensions or renewals.

5.2. Updated Certificates of Insurance, along with all relevant policy endorsements, must be submitted to the COUNTY no later than ten (10) calendar days before the expiration of any current insurance policy.

5.3. Failure to maintain continuous coverage may be considered a material breach of this Contract and grounds for immediate suspension or termination.

6. NOTICE OF CANCELLATION, NON-RENEWAL, OR MATERIAL CHANGE

6.1. CONTRACTOR or its insurer shall provide written notice to the COUNTY of cancellation, non-renewal, material restriction, or material change to any required insurance policy at least thirty (30) calendar days prior to the effective date of such action.

6.2. Notices shall be sent to the COUNTY's Project Manager and Procurement Services Director.

6.3. In the event of cancellation or non-renewal, CONTRACTOR shall immediately procure replacement coverage meeting or exceeding all required limits and conditions.

7. ADDITIONAL DOCUMENTATION REQUIREMENTS

7.1. Upon request by the COUNTY, CONTRACTOR shall provide complete copies of any insurance policies, endorsements, or other documentation necessary to verify compliance with the insurance requirements of this Contract.

7.2. CONTRACTOR shall fully cooperate with the COUNTY by providing prompt and comprehensive responses to all documentation requests.

7.3. Failure to provide the requested documentation may be considered as a material breach of the Contract.

7.4. CONTRACTOR shall be responsible for the actions and insurance coverage of all subcontractors. Each subcontractor shall provide the COUNTY with Certificates of Insurance demonstrating coverage and terms that meet the requirements established by the CONTRACTOR.

DEFINITIONS

Contract: The agreement to perform the services set forth in a document signed by both parties with any attachments specifically incorporated.

Contractor: The Vendor to whom award has been made.

County: Lake County, Florida, a political subdivision of the State of Florida.

Proposal: Any offer submitted in response to a solicitation.

Solicitation: The written document requesting bids, quotes, or proposals from the marketplace.

Vendor: Any entity responding to a solicitation or performing under any resulting contract.

INSTRUCTIONS TO VENDORS

A. Vendor Qualification: The County requires Vendors provide evidence of compliance with the requirements below upon request:
   1. Disclosure of Employment.
   2. Disclosure of Ownership.
   3. Drug-Free Workplace.
   4. W-9 and 8109 Forms – as required by the Internal Revenue Service.
   5. Americans with Disabilities Act (ADA).
   6. Conflict of Interest.
   7. Debarment Disclosure Affidavit.
   8. Nondiscrimination.
   9. Family Leave.
   10. Antitrust Laws – By acceptance of any contract, the Vendor agrees to comply with all applicable antitrust laws.

B. Public Entity Crimes: Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

C. Contents of Solicitation and Vendors' Responsibilities: The Vendor shall be thoroughly familiar with the requirements of this solicitation. Ignorance of these matters by the Vendor will not be accepted as a basis for varying the requirements of the County, or the compensation to be paid.

E. Restricted Discussions: From the date of solicitation issuance until final County action, Vendors will not discuss any part of the solicitation with any employee, agent, or other representative of the County except as expressly authorized by the designated procurement representative. The only communications that will be considered pertinent to a solicitation are appropriately signed written documents from the Vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Changes to Proposal: Prior to the scheduled due date, a Vendor may change its Proposal by submitting a new proposal with a letter on the firm's letterhead, signed by an authorized agent stating that the new submittal replaces the original. The new submittal must contain the letter and all information as required in the solicitation.

G. Withdrawal of Proposal: A Proposal will be irrevocable unless it is withdrawn as provided in a solicitation. A Proposal may be withdrawn, either physically or by written notice, at any time prior to solicitation award. If withdrawn by written notice, that notice must be addressed to, and received

by, the designated procurement representative. The letter must be on company letterhead and signed by an authorized agent of the Vendor.

H. Conflicts within the Solicitation: Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence will be: the last addendum issued, the Proposal Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the Vendor to identify such conflicts to the designated procurement representative prior to the Proposal due date.

I. Prompt Payment Terms: Payment for all purchases by County agencies will be made in a timely manner and interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. The Vendor may offer cash discounts for prompt payments; however, such discounts will not be considered in determining the lowest price during Proposal evaluation.

PREPARATION OF PROPOSALS

A. The pricing section of a solicitation defines requirements of items to be purchased and must be completed and submitted with the Proposal. Use of any other form or alteration of the form may result in rejection of the Proposal.

B. The Proposal submitted must be legible. Vendors shall type or use an ink to complete the Proposal. All changes must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.

C. An authorized agent of the Vendor's firm must sign the Proposal. The County may reject any Proposal not signed by an authorized agent.

D. The Vendor may submit alternate Proposals for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate Proposal must meet or exceed the minimum requirements and be submitted as a separate Proposal marked "Alternate Proposal."

E. When there is a discrepancy between the unit prices and any extended prices, the unit prices will prevail. The County reserves the right to allow for clarification of questionable entries and the correction of obvious mistakes.

F. Any Proposal received after the designated receipt date will be considered late and will not be considered for award.

COLLUSION

Where two (2) or more related parties each submit a Proposal for the same contract, such Proposals will be presumed to be collusive. Furthermore, any prior understanding, agreement, or connection between two (2) or more corporations, firms, or persons submitting a Proposal for the same materials, supplies, services, or equipment will also be presumed to be collusive. Proposals found to be collusive will be rejected. Vendors which have been found to have engaged in collusion may be considered non-responsible and may be suspended or debarred. Any contract resulting from collusive bidding may be terminated for default.

PROHIBITION AGAINST CONTINGENT FEES

The Vendor warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure the Contract and that they have not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Vendor, any consideration contingent upon or resulting from the award or making of the Contract.

CONTRACTING WITH COUNTY EMPLOYEES

Any County employee or immediate family member seeking to contract with the County shall seek a conflict of interest opinion from the County Attorney prior to submittal of a Proposal. The affected employee shall disclose the employee's assigned function within the County and interest or the interest of his or her immediate family in the proposed contract and the nature of the intended contract.

INCURRED EXPENSES

A solicitation does not commit the County to make an award nor will the County be responsible for any cost or expense which may be incurred by any Vendor in preparing and submitting a Proposal, or any cost or expense incurred by any Vendor prior to the execution of a purchase order or contract.

AWARD

A. The Contract resulting from a solicitation may be awarded to the responsible Vendor which submits a Proposal determined to provide the best value to the County with price, technical, and other applicable factors considered. The County reserves the right to reject any and all Proposals, to waive irregularities or technicalities, and to re-advertise for all or any part of this solicitation as deemed in its best interest. The County will be the sole judge of its best interest.

B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid, or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is necessary to protect the best interests of the County.

C. The County reserves the right to reject any and all Proposals if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.

D. The County reserves the right to reject offers containing terms or conditions contradictory to the County's.

E. Award of a solicitation will be made to firms satisfying all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the Vendor's site or hold a pre-award qualification hearing to determine if the Vendor can perform the requirements of a solicitation.

F. The Vendor's performance as a Contractor or subcontractor on previous County contracts will be considered in evaluating the responsibility of the Vendor.

G. Any tie situations will be resolved in consonance with current written County procedure.

H. The County has imposed a reciprocal match local vendor preference practice to ensure an equal procurement environment for all potential vendors unless prohibited by the funding source. More information is available on Section 2-222 Local Vendor Preference.

I. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.

J. A Vendor wishing to protest any award decision resulting from a solicitation may do so per the Lake County Protest Procedures.

GRANT FUNDING

In the event any part of a Contract is to be funded by federal, state, or other local agency monies, the Vendor hereby agrees to comply with all requirements of the funding entity applicable to the use of the monies, including full application of requirements involving the use of minority firms, women's business enterprises, and labor surplus area firms. Contractors are advised that payments under the Contract may

be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements.

STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of the registration may be required prior to award of a Contract. Additional information is available by visiting the Florida Department of State home page.

PRIME CONTRACTOR

The Vendor awarded a Contract shall act as the Prime Contractor and will assume full responsibility for the successful performance under the Contract. The Awarded Vendor (Contractor) will be considered the sole point of contact regarding meeting all requirements of the Contract. All subcontractors may be subject to advance review by the County regarding competency and security concerns. No change in subcontractors may be made without the consent of the County after the award of the Contract. Contractor will be responsible for all insurance, permits, licenses, and related matters for any and all subcontractors. County may require the Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

SUBCONTRACTING

Unless otherwise stipulated in a solicitation, the Contractor shall not subcontract any portion of the work without the prior written consent of the County. Subcontracting without the prior consent of the County may result in termination of the Contract for default.

DISADVANTAGED BUSINESSES

The County has adopted policies which assure and encourage the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services. The County encourages joint ventures between majority-owned firms and qualified disadvantaged/minority/women-owned firms.

GENERAL CONTRACT CONDITIONS

The Contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The Contract may not be amended, released, discharged, rescinded or abandoned, except by a written instrument duly executed by the parties. The failure of any party at any time to enforce any of the provisions of the Contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the Contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the Contract. Any dispute arising during Contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

GOVERNING LAW

The interpretation, effect, and validity of any contract will be governed by the laws and regulations of the State of Florida, and Lake County, Florida. Venue of any court action will be solely in Lake County, Florida. The Contractor hereby waives its right to a jury trial.

COMPLIANCE OF LAWS, REGULATIONS, AND LICENSES

The Contractor shall comply with all federal, state, and local laws and regulations applicable to provision of the goods or services specified in a solicitation. During the term of a Contract, the Contractor assures that it is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992, in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, disability or marital status, discriminate in any form or manner against its employees or

applicants for employment. The Contractor understands that any Contract is conditioned upon the veracity of this statement.

CONTRACT EXTENSION

The County has the unilateral option to extend a Contract for up to ninety (90) calendar days beyond the current Contract period. In such event, the County will notify the Contractor in writing of such extensions. The Contract may be extended beyond the initial ninety (90) day extension upon mutual agreement between the County and the Contractor. Exercise of the above options requires the prior approval of the Procurement Services Director.

MODIFICATION OF CONTRACT

Any Contract resulting from a solicitation may be modified by mutual consent of duly authorized parties, in writing through the issuance of a modification to the Contract or purchase order as appropriate. This presumes the modification itself complies with all applicable County procedures.

ASSIGNMENT

The Contractor shall not assign or transfer any Contract resulting from a solicitation, including any rights, title or interest in the Contract, or its power to execute such Contract to any entity without the prior written consent of the County. This provision includes any acquisition or hostile takeover of the Contractor. Failure to comply may result in termination of the Contract for default.

NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within a solicitation. However, the County reserves the right to perform, or cause to be performed, all or any of the work and services described in a solicitation in the manner deemed to represent its best interests. In no case will the County be liable for billings in excess of the quantity of goods or services provided under the Contract.

OTHER AGENCIES

Other governmental agencies may make purchases in accordance with the Contract with Contractor consent. Purchases are governed by the Contract's terms and conditions except for the change in agency name. Each agency will be responsible and liable for its own purchases for materials or services received.

CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any Contract period must, unless terminated by mutual written agreement between the County and the Contractor, continue until completion without change to the then current prices, terms and conditions.

WARRANTY

All warranties express and implied, must be made available to the County for goods and services covered by a solicitation. All goods furnished must be fully guaranteed by the Contractor against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided in the Contract will be in addition to the warranty and do not limit any right afforded to the County by any other provision of a solicitation. Contractor shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the County. The special conditions of a solicitation may supersede the manufacturer's standard warranty.

DEFICIENCIES IN WORK TO BE CORRECTED BY THE CONTRACTOR

Contractor shall promptly correct all apparent and latent deficiencies or defects in work, or any work that fails to conform to the Contract documents regardless of project completion status. All corrections

must be made within seven (7) calendar days after such rejected defects, deficiencies, or non-conformances are verbally reported to the Contractor by the County's project administrator. Contractor must bear all costs of correcting such rejected work. If the Contractor fails to correct the work within the period specified, the County may, at its discretion, notify the Contractor, in writing, that the Contractor is subject to contractual default provisions if the corrections are not completed to the satisfaction of the County within seven (7) calendar days of receipt of the notice. If the Contractor fails to correct the work within the period specified in the notice, the County may place the Contractor in default, obtain the services of another Contractor to correct the deficiencies, and charge the incumbent Contractor for these costs, either through a deduction from the final payment owed to the Contractor or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

COUNTY IS TAX-EXEMPT

When purchasing on a direct basis, the County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Visit Lake County Tax Exemption Certificate page to print a copy of the certificate. Except for items specifically identified by the Contractor and accepted by the County for direct County purchase under the Sales Tax Recovery Program, Contractors doing business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor will any Contractor be authorized to use any of the County's Tax Exemptions in securing such materials.

SHIPPING TERMS, F.O.B. DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. The County will not consider any Proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery.

ACCEPTANCE OF GOODS OR SERVICES

The products delivered as a result of a solicitation will remain the property of the Contractor, and services rendered under the Contract will not be deemed complete, until a physical inspection and actual usage of the products or services is accepted by the County and is in compliance with the terms in the contract.

Any goods or services purchased as a result of a solicitation or Contract may be tested/inspected for compliance with specifications. In the event that any aspect of the goods or services provided is found to be defective or does not conform to the specifications, the County reserves the right to terminate the Contract or initiate corrective action on the part of the Contractor, to include return of any non-compliant goods to the Contractor at the Contractor's expense**,** requiring the Contractor to either provide a direct replacement for the item, or a full credit for the returned item. The Contractor shall not assess any additional charges for any conforming action taken by the County under this clause. The County will not be responsible to pay for any product or service that does not conform to the Contract specifications.

In addition, any defective product or service or any product or service not delivered or performed by the date specified in a purchase order or Contract, may be procured by the County on the open market, and any increase in cost may be charged against the Contractor. Any cost incurred by the County in any re-procurement plus any increased product or service cost will be withheld from any monies owed to the Contractor by the County for any Contract or financial obligation.

ESTIMATED QUANTITIES

Estimated quantities or dollars are for the Vendor's guidance only and may be used in the award evaluation process. No guarantee is expressed or implied as to quantities or dollar value that will be used during the Contract period. The County is not obligated to place any order for a given amount subsequent

to the award of a solicitation. In no event will the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

PURCHASE OF OTHER ITEMS

While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a Contract. The Contractor will provide a price quote for the ancillary items. The County may request price quotes from all Contractors under Contract if there are multiple Contracts. The County reserves the right to award these ancillary items to the primary Contractor, another Contract Contractor based on the lowest price quoted, or to acquire the items through a separate solicitation.

Although a Contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the Contract at the option of the County. The location change will be addressed by formal Contract modification. The County may obtain price quotes for the additional facilities from other Vendors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

SAFETY

The Contractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA). The Contractor shall take all necessary precautions for the safety of and shall provide the necessary protection to prevent damage, injury, or loss to persons or property.

The Contractor shall provide all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations.

The Contractor shall designate a competent person of its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel. This person must be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the Contract Manager.

MATERIAL SAFETY DATA SHEET (MSDS)

The Contractor is responsible to ensure the County has received the latest version of any MSDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. The Contractor shall promptly provide a new MSDS to the County with the new information relevant to the specific material at any time the content of an MSDS is revised.

TOBACCO PRODUCTS

Tobacco use, including both smoke and smokeless tobacco, is prohibited on County owned property.

CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner. The Contractor shall thoroughly clean up all areas where work has been involved as mutually agreed with the associated user department's project manager upon final completion.

PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest must always be protected against damage or interrupted services by the Contractor during the term of a Contract. The Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the Contractor's operation on the property. In the event the Contractor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the Contractor.

CERTIFICATE OF COMPETENCY/LICENSURE, PERMITS, AND FEES

Any Vendor that submits an offer in response to a County solicitation shall, at the time of such offer if required, hold a valid Certificate of Competency or appropriate current license issued by the State or County Examining Board qualifying the Vendor to perform the work proposed. If work for other trades is required in conjunction with a solicitation, and such work will be performed by subcontractors hired by the Vendor, an applicable Certificate of Competency/license issued to the subcontractors must be submitted with the Vendor's offer. The County may at its option and in its best interest, allow the Vendor to supply the subcontractors certificate/license to the County during the offer evaluation period. The Contractor is responsible to ensure that all required licenses, permits, and fees (to include any inspection fees) required for a project are obtained and paid for, and shall comply with all laws, ordinances, regulations, and building or other code requirements applicable to the work contemplated in a solicitation. Damages, penalties, or fines imposed on the County or the Contractor for failure to obtain required licenses, permits, inspection or other fees, or inspections will be borne by the Contractor.

TRUTH IN NEGOTIATION CERTIFICATE

Any organization awarded a Contract must execute a truth-in-negotiation certificate stating that the wage rates and other factual unit costs are accurate, complete, and current, at the time of contracting for each Contract that exceeds $195,000.00. Any Contract requiring this certificate will contain a provision that the original Contract price and any additions will be adjusted to exclude any significant sums by which the County determines the Contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such Contract adjustments will be made within one (1) year following the end of the Contract.

COMPETENCY OF VENDORS AND ASSOCIATED SUBCONTRACTORS

Proposals will be considered from firms which are regularly engaged in the business of providing or distributing the goods or services described in the solicitation, and who can produce evidence of a consistent satisfactory record of performance. The County may consider any evidence available to it of the financial, technical, and other qualifications and abilities of any Vendor responding under a solicitation, including past performance with the County. Vendors must have sufficient financial support and organization to ensure satisfactory delivery under the stated solicitation terms and conditions of any Contract awarded. In the event the Vendor intends to subcontract any part of its work or will obtain the goods specifically offered under the Contract from another source of supply, the Vendor may be required to verify the competency of its subcontractor or supplier. The County reserves the right, before awarding the Contract, to require a Vendor to submit such evidence of its or its subcontractor's qualifications.

RESPONSIBILITY AS EMPLOYER

The employees of the Contractor will always be considered its employees, and not an employees or agents of the County. The Contractor shall provide employees capable of performing the work as required. The County may require the Contractor to remove any employee it deems unacceptable. All employees of the Contractor may be required to wear appropriate identification.

MINIMUM WAGES

Under the Contract, the wage rate paid to all laborers, mechanics and apprentices employed by the Contractor for the work under the Contract, must not be less than the prevailing wage rates for similar classifications of work as established by the Federal Government and enforced by the U.S. Department of Labor, Wages and Hours Division, and Florida's Minimum Wage requirements in Article X, Section 24 (f) of the Florida Constitution and enforced by the Florida Legislature by statute or the State Agency for Workforce Innovation by rule, whichever is higher.

PRICE REDETERMINATIONS

Contractor may petition for a price redetermination with documented increases in the cost of wages, fuel, or materials within 30 calendar days of the anniversary date of the Contract. Price redeterminations will be based upon changes documented by the applicable Employment Cost Index (ECI) or Producer Price Index (PPI) as published on the *Bureau of Labor Statistics site here*. Contractor may petition for price redetermination for Contractor's minimum wage employees should the minimum wage increase during the Contract. Upon verification, the County may grant an increase matching the minimum wage increase.

INDEMNIFICATION

To the extent permitted by law, the Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract by the Contractor or its employees, agents, servants, partners, principals or subcontractors. The Contractor shall pay all claims and losses in connection with those claims and losses, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may be incurred. The Contractor expressly understands and agrees that any insurance protection required by the Contract or otherwise provided by the Contractor will in no way limit the responsibility to indemnify, keep and hold harmless and defend the County or its officers, employees, agents and instrumentalities as provided in a solicitation or any Contract arising from a solicitation.

TERMINATION FOR CONVENIENCE

The County, at its sole discretion, reserves the right to terminate the Contract upon thirty (30) days' written notice. Upon receipt of such notice, the Contractor shall not incur any additional costs under the Contract. The County will be liable only for reasonable costs incurred by the Contractor prior to notice of termination. The County will be the sole judge of "reasonable costs."

TERMINATION DUE TO UNAVAILABILITY OF CONTINUING FUNDING

When funds are not appropriated or otherwise made available to support continuation of performance in a current or subsequent fiscal year, the Contract will be cancelled, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

TERMINATION FOR DEFAULT

The County reserves the right to terminate any Contract arising from a solicitation, in part or in whole, or affect other appropriate remedy in the event the Contractor fails to perform in accordance with the terms and conditions stated in the Contract. The County further reserves the right to suspend or debar the Contractor in accordance with the County's ordinances, resolutions and administrative orders. The Contractor will be notified by letter of the County's intent to terminate and the Contractor will be given

ten (10) calendar days to cure the breach. In the event of termination for default, the County may procure the required goods and services from any source and use any method deemed in its best interest. All re-procurement costs will be borne by the Contractor.

FRAUD AND MISREPRESENTATION

Any individual, corporation or other entity that attempts to meet its contractual obligations through fraud, misrepresentation or other material misstatement, may be debarred for up to five (5) years. The County as a further sanction may terminate or cancel any other Contracts with such individual, corporation or entity with such Contractor held responsible for all direct or indirect costs associated with termination or cancellation, including attorneys' fees.

RIGHT TO AUDIT

The County reserves the right to require the Contractor to submit to an audit, by any auditor of the County's choosing. The Contractor shall provide access to all of its records, which relate directly or indirectly to the contract at its place of business during regular business hours. The Contractor shall retain all records pertaining to the contract and upon request make them available to the County for three (3) complete calendar years following expiration of the contract. The Contractor agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards.

If the Contractor provides technology services, the Contractor must provide Statement of Standards for Attestations Engagements (SSAE) 16 or 18 and System and Service Organization Control (SOC) reports upon request by the County. The SOC reports must be full Type II reports that include the Contractor's description of control processes, and the independent auditor's evaluation of the design and operating effectiveness of controls. The cost of the reports will be paid by the Contractor.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the Contractor to the County in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the County's audit must be reimbursed to the County by the Contractor. Any adjustments or payments which must be made as a result of any such audit or inspection of the Contractor's invoices or records must be made within a reasonable amount of time, but in no event may the time exceed ninety (90) calendar days, from presentation of the County's audit findings to the Contractor.

This provision is hereby considered to be included within, and applicable to, any subcontractor agreement entered into by the Contractor in performance of any work under the contract.

PROPRIETARY/CONFIDENTIAL INFORMATION

Vendors are hereby notified that all information submitted as part of a Proposal will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"). The Vendor should not submit any information in response to a solicitation which the Vendor considers proprietary or confidential. The submission of any information to the County in connection with a solicitation will be deemed a waiver from release of the submitted information unless such information is exempt or confidential under the Public Records Act.

PUBLIC RECORDS LAW

Pursuant to section 119.0701(2)(a), Florida Statutes, the County is required to provide Contractor with this statement and establish the following requirements as contractual obligations pursuant to the contract:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY

TO PROVIDE PUBLIC RECORDS RELATING TO THIS SOLICITATION, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-343-9839, PURCHASING@LAKECOUNTYFL.GOV, BY MAIL, OFFICE OF PROCUREMENT SERVICES, ATTN: RON FALANGA, P.O. BOX 7800 TAVARES, FL 32778.

By entering into the Contract, Contractor acknowledges and agrees that any records maintained, generated, received, or kept in connection with, or related to the performance of services provided under, the Contract are public records subject to the public records disclosure requirements of section 119.07(1), Florida Statutes, and Article I, section 24 of the Florida Constitution. Pursuant to section 119.0701, Florida Statutes, any Contractor entering into a contract for services with the County is required to:

A. Keep and maintain public records required by the County to perform the services and work provided pursuant to the Contract.

B. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion or termination of the Contract if the Contractor does not transfer the records to the County.

D. Upon completion or termination of the Contract, transfer, at no cost, to the County all public records in the possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion or termination of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion or termination of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

Requests to inspect or copy public records relating to the County's Contract for services must be made directly to the County. If Contractor receives any such request, Contractor shall instruct the requestor to contact the County. If the County does not possess the records requested, the County shall immediately notify the Contractor of such request, and the Contractor must provide the records to the County or otherwise allow the records to be inspected or copied within a reasonable time.

Contractor acknowledges that failure to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes. Contractor further agrees not to release any records that are statutorily confidential or otherwise exempt from disclosure without first receiving prior written authorization from the County. Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek

declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

COPYRIGHTS

Any copyright derived from a Contract will belong to the author. The author and the Contractor shall expressly assign to the County nonexclusive, royalty free rights to use any and all information provided by the Contractor in any deliverable or report for the County's use which may include publishing in County documents and distribution as the County deems to be in its best interests. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

The County owns and retains all proprietary rights in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission.

SOVEREIGN IMMUNITY

County expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Nothing will be deemed as a waiver of immunity or the limitations of liability of County beyond any statutory limited waiver of immunity or limits of liability. Nothing will inure to the benefit of any third party for the purpose of allowing any claim against County, which would otherwise be barred under the law.

COMPLIANCE WITH FEDERAL STANDARDS

All items to be purchased under a Contract must be in accordance with all governmental standards to include, but not be limited to, those issued by the Occupational Safety and Health Administration (OSHA), the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA).

E-VERIFY

Upon award of a Contract, the Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new persons hired by the Contractor during the term of the Contract.

The Contractor shall include in all contracts with subcontractors performing work pursuant to any Contract, an express requirement that subcontractors utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new employees hired by subcontractors during the term of the subcontract.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPPA)

The Contractor may be required to execute a Business Associate Agreement, pursuant to the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) (codified at 42 U.S.C. Section 1320d, *et. seq.*), and regulations contained in 45 C.F.R. Parts 160 and 164.

If the Contractor obtains any information governed by 42 U.S.C. Section 290dd-2 and the regulations implemented by the Substance Abuse and Mental Health Services Administration at 42 C.F.R. Part 2 (collectively referred to as the "SAMHSA regulations"), whether from the County or another source, while providing services to the County under the contract, the Contractor shall only use or disclose that information pursuant to the SAMHSA regulations.

The Contractor will also comply with any and all laws under the State of Florida governing the confidentiality of health information, including but not limited to records or other documents containing medical, mental health, or substance abuse information.

FORCE MAJEURE

The parties will exercise every reasonable effort to meet respective obligations under the Contract but will not be liable for delayed performance or nonperformance resulting from a force majeure. A party that becomes aware of a force majeure that will significantly delay performance will notify the other party promptly, within 15 calendar days, after if discovers the force majeure. If a force majeure occurs, the parties may execute a contract modification or change order to extend the performance schedule or make accommodations that are reasonable under the circumstances.

NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against the County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve the Contractor of duty to perform or give rise to any right to damages or additional compensation from the County. The Contractor's sole remedy will be the right to seek an extension to the Contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the County.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel, and is not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

ANTI-TRAFFICKING RELATED ACTIVITIES

The U.S. Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities listed below. These prohibitions specifically apply to come federally funded contracts and prohibit contractors, contractor employees, and their agents from:

A. Engaging in severe forms of trafficking in persons during the period of performance of the contract;

B. Procuring commercial sex acts during the period of performance of the contract;

C. Using forced labor in the performance of the contract;

D. Destroying, concealing, confiscating, or otherwise denying access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

E. Using misleading or fraudulent practices during the recruitment of employees;

F. Charging employees or potential employees recruitment fees;

G. Failing to provide return transportation or paying for the cost of return transportation upon the end of employment for certain employees;

H. Providing or arrange housing that fails to meet the host country housing and safety standards; or

I. Failing to provide an employment contract, recruitment agreement, or other required work documents in writing, as required by law or contract.

NOTICES

All notices given by one party to the other party under a contract must be delivered to the receiving party's address set forth on the Contract either by hand, qualified courier, or e-mail and will be deemed received the day after it is transmitted. For County, it must be addressed to the Office of Procurement Services, Post Office Box 7800, 315 West Main Street, Suite 441, Tavares, Florida, 32778 or emailed to purchasing@lakecountyfl.gov.

EXHIBIT D **25-754**

PUBLIC WORKS ADDITIONAL TERMS AND CONDITIONS

1. Intent of Contract Documents
2. Errors and Omissions
3. Emergencies
4. Compliance with Occupational Safety and Health / Hazardous Materials
5. General Inspection Requirements
6. Project Manager
7. Contract Time and Time Extension
8. Hours of Operation
9. Changes in Work
10. Claims and Disputes
11. Lands for Work and Access Thereto
12. Maintenance of Traffic
13. Underground Utilities
14. Protection of Existing Structures, Utilities, Work and Vegetation
15. Equipment
16. Sanitation
17. Other Work
18. Bonds
19. Final Inspection
20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the

consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second

seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65
$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in

and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", 2018 edition (or latest edition), or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", 2018 (or latest edition), or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached

by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

REQUIRED CONTRACT PROVISIONS
FEDERAL-AID CONSTRUCTION CONTRACTS

I. General
II. Nondiscrimination
III. Non-segregated Facilities
IV. Davis-Bacon and Related Act Provisions
V. Contract Work Hours and Safety Standards Act Provisions
VI. Subletting or Assigning the Contract
VII. Safety: Accident Prevention
VIII. False Statements Concerning Highway Projects
IX. Implementation of Clean Air Act and Federal Water Pollution Control Act
X. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
XI. Certification Regarding Use of Contract Funds for Lobbying
XII. Use of United States-Flag Vessels:

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 “Contract provisions and related matters” with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term “perform work with its own organization” in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. **Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, ‘on-board’ commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B)
This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

POOL CONTRACT NO. 25-754G
For
ROAD RESURFACING AND RELATED SERVICES

LAKE COUNTY, FLORIDA, a political subdivision of the State of Florida, through its Board of County Commissioners (hereinafter "County") does hereby accept, with noted modifications, if any, the bid of **The Middlesex Corporation** (hereinafter "Contractor") to supply **Road Resurfacing and Related Services** to the County pursuant to County Bid number 25-754 with any included addenda (hereinafter "Bid"), with an opening date of 12/16/2025, and Contractor's Bid response dated 12/16/2025, thereto with all County Bid provisions governing.

A copy of the Contractor's signed Bid is attached hereto and incorporated herein, thus making it a part of this Contract except that any items not awarded have been struck through. The attachments noted below are attached hereto and are part of this Contract.

ATTACHMENTS:
Attachment 1 – Submittal Form with General Terms & Conditions acceptance signed by Contractor
Attachment 2 – Pricing Sheet
Attachment 3 – Affidavit Form
Addendum(a) 1
Exhibit A – Scope of Work
Exhibit B – Insurance Requirements
Exhibit C – General Terms & Conditions v.5.6.21
Exhibit D – Public Works Road Operations Terms & Conditions
Exhibit E – FHWA-1273
Exhibit F – Performance/Payment Bonds
Exhibit G – intentionally excluded
Exhibit H – Asphalt Millings Site Map

No financial obligation under this Contract shall accrue against the County until a specific purchase transaction is completed pursuant to the terms and conditions of this Contract.

The County's Procurement Services Director shall be the sole judge as to the fact of the fulfillment of this Contract, and upon any breach thereof, shall, at his option, declare this Contract terminated, and for any loss or damage by reason of such breach, whether this Contract is terminated or not, said Contractor and their surety for any required bond shall be liable.

The Contract initial term is from 7/1/2026 through 6/30/2027 with the option for two subsequent two-year renewals. The County reserves the right to terminate this Contract immediately for cause and/or lack of funds and with thirty (30) day written notice for the convenience of the County. Renewals are contingent upon mutual written agreement.

Modifications to this Contract must be in writing signed by the County's Procurement Services Director.

LAKE COUNTY, FLORIDA

_____

By: Ronald A. Falanga
Procurement Services Director
Date:

The undersigned hereby declares that The Middlesex Corporation has reviewed and accepts all specifications, terms, and conditions outlined in this Solicitation and affirms compliance with all legal requirements necessary to conduct business with the County, and to provide **ROAD RESURFACING AND RELATED SERVICES** specified. Submittals were advertised to be submitted by 3:00 P.M. Eastern time on the date indicated in the Solicitation or any subsequent addenda. Furthermore, the undersigned confirms they are duly authorized to execute this document, as well as any related contracts or transactions resulting from the award of this Solicitation.

1.0 TERM OF CONTRACT

Contract will be awarded for an initial one (1) year term with the option for two (2) subsequent two (2) year renewals. Renewals are contingent upon mutual written agreement.

Contract will commence upon the first day of the next calendar month after approval by the authorized authority. The Contract shall remain in effect until completion of both the expressed and implied warranty periods. The County reserves the right to negotiate for additional services or items of a similar nature that were not known or anticipated at the time of solicitation.

2.0 PAYMENT

Contractor shall email County's using department an accurate invoice within 30 calendar days after delivery. Invoices shall reference: Lake County BCC purchase/task order, delivery date, delivery location, and corresponding packing slip or delivery ticket signed by a County representative at the time of acceptance. Failure to submit invoices in the prescribed manner will delay payment.

Payments will be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

All pricing will be FOB Destination unless otherwise specified in this solicitation document. Pricing submitted will remain valid for a ninety (90) day period.

The County's preferred method for invoice payment is electronic remittance via virtual credit card (eCard) payments rather than paper checks. Contractors are encouraged to adopt this electronic payment option. The eCard system is designed to expedite payables and improve efficiency compared to paper check payments. This procedure aligns with the County's responsibilities and objectives, reflecting a commitment to leveraging technology to deliver greater value to taxpayers.

Vendor requests more information about accepting eCard for payment: YES

Vendor accepts MasterCard for payment: NO

3.0 CERTIFICATION REGARDING LAKE COUNTY TERMS AND CONDITIONS

I certify that I have reviewed the General Terms and Conditions for Lake County Florida and accept the Lake County General Terms and Conditions dated 5/6/21 as written including the Proprietary/Confidential Information section. YES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subncontractors are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted

a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it or its subcontractors are not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, are not listed on the Scrutinized Companies that Boycott Israel and are not participating in a boycott of Israel, and are not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or it or its subcontractors have been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

Failure to acknowledge may result in Submittal being deemed non-responsive.

4.0 CERTIFICATION REGARDING FELONY CONVICTION

Has any officer, director, or an executive performing equivalent duties, of the bidding entity been convicted of a felony during the past ten (10) years? NO

5.0 CONFLICT OF INTEREST DISCLOSURE CERTIFICATION

Except as listed below, no employee, officer, or agent of the firm has any conflicts of interest, real or apparent, due to ownership, other clients, contracts, or interests associated with this project; and, this Submittal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a proposal for the same services, and is in all respects fair and without collusion or fraud. NONE -

6.0 CERTIFICATION REGARDING BACKGROUND CHECKS

Under any County Contract involving Contractor or subcontractor personnel working in proximity to minors, the Vendor hereby confirms that all such personnel will have successfully completed an initial Certified Background Check, as well as subsequent annual checks, conducted by Contractor at no additional cost to County. The Vendor agrees to comply fully with all applicable Florida Statutes governing background investigations. The County reserves the right to request and review any related records, with or without cause, and to require the immediate replacement of any Contractor employee found to be in violation of these requirements. Furthermore, the Contractor shall indemnify and hold the County harmless from any liability arising from the actions of such personnel. Additional requirements may apply as specified within any particular contract award. YES

7.0 DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

The County does not set specific goals for minority set-asides; however, participation by both minority and non-minority qualified firms is strongly encouraged. If your firm is classified as a minority-owned business or holds certification from the State of Florida, Office of Supplier Diversity, (OSD) as a Certified Minority Business Enterprise (CMBE), please indicate the appropriate classification(s) not applicable not applicable

and enter OSD Certification Number N/A
and enter effective date N/A to date N/A

8.0 ANTITRUST VIOLATOR VENDOR LISTS

A person or affiliated entity listed on the antitrust violator vendor list due to a conviction or civil liability for an antitrust violation is prohibited from submitting bids, proposals, or responses for any new contracts to provide goods or services to a public entity. This restriction also applies to new contracts involving the construction or repair of a public building or public works, new leases of real property to a public entity, and includes being awarded or performing work as a contractor, supplier, subcontractor, or consultant under any such new contract. Furthermore, such persons or affiliates are barred from transacting any new business with a public entity.

9.0 FEDERAL FUNDING REQUIREMENT

9.1. A federally funded project expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Registration or search can be conducted here: SAM Directory and Registration website

LAKE COUNTY, FL
REAL FLORIDA · REAL CLOSE

AFFIDAVIT OF COMPLIANCE WITH §§ 287.138, 288.0071, AND 787.06, FLA. STAT. CONTRACTING WITH AND PROVIDING ECONOMIC INCENTIVES TO FOREIGN ENTITIES OF CONCERN, AND COMPLIANCE WITH ANTI-HUMAN TRAFFICKING LAWS

Before me, the undersigned authority, personally appeared **(Name of affiant)** Michael Iapaluccio, who, after being first duly sworn, deposes and says of his or her personal knowledge the following:

1. Affiant is the **(Title)** Senior Vice President, Paving of **(Business Name)** The Middlesex Corporation which is authorized to conduct business in the State of Florida, hereinafter called the "Business."

2. *Prohibition on Providing Personal Identifying Information to Foreign Entities of Concern*: I affirm that Business is not owned by a foreign country of concern, a does a foreign country of concern does not have a controlling interest in Business, and that Business is not organized under the laws of nor does it have its principal place of business in a foreign country of concern, as defined in Section 287.138, Florida Statutes.

3. *Prohibition on Providing Economic Incentives to Foreign Entities of Concern*: I affirm that Business is not a foreign entity, as defined in Section 288.0071, Florida Statutes.

4. *Compliance with Human Trafficking Laws*: I affirm that Business does not use coercion for labor or services as defined in Section 787.06, Florida Statutes, entitled "Human Trafficking."

5. Under penalties of perjury, I declare that I am duly authorized and empowered and have sufficient knowledge to execute and deliver this Affidavit and that I have read the foregoing Affidavit and the facts stated in it are true.

Signed and Delivered on the 16th day of December, 2025.

SOLICTATION: ROAD RESURFACING AND RELATED SERVICES 12/04/25

Vendors are responsible for the receipt and acknowledgement of all solicitation addenda. Submit an electronically signed copy with solicitation submission. Failure to acknowledge an addendum may prevent the submission from being considered for award.

THIS ADDENDUM DOES NOT CHANGE THE DATE FOR RECEIPT OF PROPOSALS.

QUESTIONS/RESPONSES

Q1. Is a bid bond required? If so, what percentage?

A. No.

Q2. Will there be a Pre-Bid Meeting for this project?

A. Refer to the bid document, Section 4.0 Pre-Bid Conference

Q3. Will this contract be awarded to one contractor or multiple contractors?

A. Refer to Exhibit A – Scope of Work, first sentence.

Q4. In the Lake County General Terms and Conditions, Price Redeterminations, it states that the contractor shall present documented increases in costs 30 days prior to the anniversary date of the contract, but any price redetermination shall be based on the applicable ECI or PPI, not the actual, documented price increases presented by the contractor, is this correct?

A. Because each project will be quoted using the RFQ system, price redeterminations will not apply to this contract. However, if an awarded project exceeds 90 days, adjustments may be requested and would be calculated using FDOT Bituminous & Fuel adjustments.

Q5. In the bid, there are 2 FC-12.5 Friction Course items that are specified as PG76-22 while other Friction Course items, FC-5, FC-9.5 and FC-12.5, are not designated as PG76-22. If these are not polymer modified and are acceptable to have a non-polymer liquid, can the RAP content be increased to the Lake County acceptable maximum?

A. Yes.

Q6. Will the contractor be responsible for maintaining the stockpile at any of the 3 Lake County milling stockpile sites?

A. No. Refer Exhibit A – Scope of Work, Sections 5.5.7 through 5.5.9.

Secondary E-mail Address: esergeant@middlesexco.com

1. SCOPE OF WORK

To establish a pool of vendors for job order road resurfacing and related services projects. Pool vendors shall be notified of projects via the County's RFQ system as described in Section 4. Contractors shall be required to possess and maintain a valid Class A or B General Contractor's License and shall demonstrate comprehensive knowledge of the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, the Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 edition, or the most current edition as amended.

This is an indefinite quantity contract with no guarantee that services will be required. The County does not guarantee a minimum or maximum dollar amount to be expended on any contract(s) resulting from this solicitation. The scope of work represents the minimum standards required. All work performed shall be in strict compliance with the latest codes, standards, and practices and in accordance with Federal, State, and Local laws.

2. CONTRACTOR RESPONSIBILITIES

Contractor shall:

2.1. Provide all labor, fuel, materials, equipment, storage, supplies, and incidental costs necessary to complete the tasks.

2.2. Provide for skilled, qualified, and English-speaking staff with a cell phone in good working order.

2.3. Provide adequate personnel, in the event of sickness or any absence, a substitute of equal skill shall be provided at no additional cost.

2.4. Provide a neat and clean in appearance dress code (as applicable) for Contractor's employees that consists of a shirt with company name, pants, and work shoes/boots and all associated PPE such as appropriate class safety vest, safety glasses, etc.

2.5. Project a professional image, deal effectively with the public, and discharge duties in a courteous and efficient manner.

2.6. Provide proof of chemical applicators' licensure prior to any Chemical treatment utilizing herbicides for vegetation removal.

2.7. Maintain the project work site in an attractive, and uniformly clean manner which will reflect favorably upon the County and the Contractor.

2.8. Perform work at a time that minimizes disturbance or interference to the flow of traffic.

2.9. Correct all apparent deficiencies within three (3) calendar days of any work that fails to conform to the specifications.

3. COUNTY RESPONSIBILITIES

County will:

3.1. Reserve the right to award to one or more vendors.

3.2. Reserve the right to add or remove services in conjunction with the County's needs.

3.3. Reserve the right to inspect and approve all material, supplies, workmanship, and equipment for contract performance.

3.4. Reserve the right to dismiss Contractor's staff for disorderly conduct or unsatisfactory performance in accordance with contract specifications.

4. DELIVERY REQUIREMENTS AND ACCEPTANCE.

4.1. When it is determined that a road resurfacing project is needed, the County will issue a Request for Quote (RFQ), utilizing the County's RFQ System.

4.2. The RFQ will define the scope of work, project limits, pre-bid meetings (if any), calendar days to complete the project, and submittal requirements.

4.3. The project limits will be marked with pink or white paint.

4.4. Contractor shall perform a site visit and inspect all sites prior to the question submission deadline specified within the RFQ.

4.4.1. Contractor shall document items, including but not limited to, additional milling, leveling, course and radius paving, discrepancies in quantities, or project limits, etc.

4.4.2. Contractor shall submit questions to the County via e-mail prior to the question submission deadline. Questions received after this time will not be answered.

4.4.3. An addendum will be issued for all questions received and posted to the RFQ.

4.5. Contractor shall submit a bid response prior to the bid closing date.

4.6. The submitted bid response constitutes the Contractor's agreement to all quantities and associated costs specified in the RFQ.

4.7. Change orders shall be issued for items that have been added to or deducted from the original RFQ. Change orders may be subject to bituminous and fuel adjustments in accordance with the terms of this contract.

4.8. A price redetermination will not be considered for projects taking less than 90 production days, or any projects exceeding original project days plus any approved added weather days.

5. TECHNICAL REQUIREMENTS

All work and materials shall conform to the Florida Department of Transportation (FDOT) Standard Specifications for Road and Bridge Construction, Florida Department of Traffic Standard Specifications for Road and Bridge Construction, Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition. Relevant FDOT reference sections are indicated under the corresponding items listed below.

5.1. Public Notification of Work

5.1.1. Reference FDOT Standard Specifications Section 990, TEMPORARY TRAFFIC CONTROL DEVICE MATERIALS

5.1.2. Contractor shall notify all residents within the project work area and project schedule and explain the expected level of inconvenience associated with the project.

5.1.3. Contractor shall provide public notification to all residences and parked vehicles on the roadway within the project limits seven (7) calendar days prior to the commencement of work.

5.1.4. Contractor shall obtain County approval prior to placement on residences and vehicles parked on neighborhood roads within the project limits.

5.1.5. Contractor shall install PCMS on all major roadways and industrial parks to display lane closure information including, but not limited to, anticipated lane closure, closure extent (i.e. "Next 3 Miles"), and daily hours of closures.

5.1.6. All costs associated with the PCMS shall be charged per unit/per day and include the installation, removal, mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.1.7. The Contractor shall make every effort to avoid blocking access to businesses for an extended period and provide the business with written notice, approved by the County, at least forty-eight (48) hours prior to access restriction.

5.1.8. Contractor shall minimize the impact to school related traffic during before and after school hours when project limits are within the vicinity of a school,

5.1.8.1. It shall be Contractor's responsibility to coordinate a pre-construction meeting with the County, an official from the affected school, and Contractor's Project Superintendent.

5.1.8.2. An adjusted work schedule will be established, as a result of the pre-construction meeting with the school official.

5.1.8.3. Portable Changeable Message Signs (PCMS) will be required for seven (7) calendar days prior to the commencement of the work to provide public notification of the upcoming work.

5.2. Shoulder Preparation

5.2.1. Vegetation shall be cut back six inches (6") from the edge of pavement, including any present on the pavement surface, and removed prior to the placement of new asphaltic concrete. Any areas where excessive material has been removed shall be promptly repaired by the Contractor.

5.2.2. Shoulder drop-off shall not exceed one (1) inch in depth, as measured from the top of the asphaltic concrete at the pavement edge.

5.2.3. If an excessive drop off is created, it shall be restored to no more than one (1) inch as described above.

5.2.4. If an area is to be left overnight with the excessive drop off, barricades marking the hazard shall be installed in accordance with FDOT specifications.

5.2.5. The cost for shoulder preparation (including mobilization, Maintenance of Traffic (MOT), equipment, labor, and all associated activities) shall be incorporated into the price for installing new asphaltic concrete.

5.3. Vegetation Removal

5.3.1. Vegetation in the cracks or joints shall be removed by using a propane torch or a chemical herbicide and subject to approval of the County. The vegetation shall be totally browned before the new asphaltic concrete is installed.

5.3.2. Chemical treatment shall not be applied without providing proof of chemical applicators licensure.

5.3.3. Chemical treatments shall be applied according to the manufacturer's specifications

to ensure public safety and a log of chemical treatments shall be kept with a copy supplied to the County'. The log shall contain information of the chemical product, manufacturer, application rate, application location, application date and time, safety data sheets (SDS), and weather conditions at the time of application.

5.3.4. The cost of removing vegetation by either propane torch or chemical herbicide treatment (including mobilization, MOT, herbicide, labor, etc.), and shall be incorporated into the price of the paving operation.

5.4. Road Base Repairs / Heavy Milling Repairs

5.4.1. Reference FDOT Standard Specifications Section 334 SUPERPAVE ASPHALTIC CONCRETE.

5.4.2. Full depth milling repairs shall be provided to areas of roadway with failed base.

5.4.2. County shall mark all areas for base repairs with white and pink paint.

5.4.3. Marked areas shall be milled to provide square or rectangular shaped repairs to a depth of six (6) inches and replaced with six (6) inches of Type SP 12.5 asphaltic concrete in three (3), two (2) inch lifts.

5.4.4. Jagged or misshaped repairs shall be rejected and repaired at no additional cost.

5.4.5. The unit cost for base repairs and/or heavy milling shall include, but not limited to mobilization, MOT, milling, asphalt, etc.

5.5. Milling of Existing Asphaltic Concrete Pavement

5.5.1. Reference FDOT Standard Specification Section 327 MILLING OF EXISTING ASPHALT PAVEMENT.

5.5.2. The cold milling process to remove existing asphaltic concrete may be requested to improve ride quality, correct cross slope, lower the finished grade adjacent to existing curbs, or remove the existing pavement.

5.5.3. Areas shall be marked in pink or white paint, milled to the depth specified, and milled to the outside edge of the painted area.

5.5.4. Contractor shall notify the County of any traffic light advance warning loops that will be affected forty-eight (48) hours before the milling operation starts.

5.5.4.1. Contractor will not be held responsible for damage of loops affected by the milling operation.

5.5.5. The milling machine shall be equipped to effectively limit the amount of dust escaping during the milling operation. Pre-wetting of the pavement may be required if it is determined there is too much dust being created.

5.5.6. Profile correction milling may be required on specific portions of roadways and will be paid based on an average milling depth of zero (0) to two (2) inches. Any area which exceeds the two (2) inch average depth will be compensated at the appropriate unit cost for total depth.

5.5.7. Asphalt millings generated shall be hauled from the project location at no additional cost to the County, except for millings that the County directs the Contractor to haul to three designated area(s) not exceeding 25 miles from the project.

5.4.6.1. Site 1 – Maintenance Area 1, 2310 W. Griffin Rd., Leesburg, FL 34748

5.4.6.2. Site 2 – Maintenance Area 2, End of Allegiance Ct., Groveland, FL 34736

5.4.6.3. Site 3 – Maintenance Area 3, 19720 E. Fifth St., Umatilla, FL 32784

5.5.8. If the County elects the Contractor to haul asphalt millings to one of the three designated County sites, payment will be made only for the actual cubic yards hauled.

5.5.8.1. Truck loads should average 18 cubic yards each.

5.5.8.2. Load tickets will be issued at the project site and collected by the County at the designated dump site.

5.5.8.3. The unit cost for milling shall cover mobilization, Maintenance of Traffic (MOT), milling equipment, labor, and all related expenses.

5.5.9. County reserves the right to insert County dump trucks into the milling operation at any time and to retain ownership of the resulting millings. If the County exercises this option, it shall be done in a manner that does not impede the Contractor's production and at no additional cost to the County.

5.6. Prime and Tack Coats

5.6.1. Reference FDOT Standard Specification Section 300, PRIME AND TACK COATS.

5.6.2. A tack coat shall be installed prior to the installation of the new asphaltic concrete.

5.6.3. The tack coat shall only be applied to one lane of traffic at a time, and shall not exceed one (1) mile, unless otherwise determined by the County.

5.6.4. The tack coat shall be applied only to areas scheduled to receive an asphalt layer the same day of operation and shall be protected from all traffic until the asphalt has been placed.

5.6.5. The unit cost for tack coat shall be included in the installation of new asphaltic concrete. No mobilization shall be charged for this operation and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.7. Asphaltic Concrete

5.7.1. Reference FDOT Standard Specification Section 320, HOT MIX ASPHALT PLANT METHODS AND EQUIPMENT and Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.7.2. Contractor shall be responsible to ensure positive drainage of the surface from the roadway to curb, edge of roadway and/or valley gutter.

5.7.3. There shall be no standing water along the pavement where there is no standing water in the curb.

5.7.4. Contractor shall provide proper and adequate fall across entrances and cul-de-sacs to ensure proper drainage of these areas.

5.7.5. The crown of the roadway shall be re- established to ensure a 2% fall from the center of the roadway to the outside edge of the roadway or be placed to match existing cross slope. No water shall be standing in the crown of the roadway.

5.7.6. Should there be low areas that may result in water standing on the new pavement, a

resolution shall be discussed with the County and resolved prior to starting work in the area.

5.7.7. The unit cost shall be based on one (1) inch increments. The cost for fractional amounts shall be invoiced according to the actual fractional amount installed.

5.7.8. The unit cost for asphaltic concrete types FC-5, FC-9.5, FC-12.5, FC-12.5 w/76-22, SP-9.5, and SP-12.5 shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.8. Asphaltic Concrete – Friction Course

5.8.1. Reference FDOT Standard Specifications Section 337, ASPHALTIC CONCRETE FRICTION COURSES.

5.8.2. The County may require the use of:

5.8.2.1. Type FC-9.5 asphaltic concrete friction course.

5.8.2.2. Type FC-12.5 asphaltic concrete friction course.

5.8.2.3. Type FC-12.5 with a 76-22 modified polymer asphaltic concrete friction course.

5.8.3. The unit cost for asphaltic concrete friction courses shall be included in the proposal price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.9. Asphaltic Concrete – Superpave

5.9.1. Reference FDOT Standard Specification Section 334 SUPERPAVE ASPHALT CONCRETE.

5.9.2. The County may require the use of:

5.9.2.1. Type SP-9.5 asphaltic concrete

5.9.2.1. Type SP-12.5 asphaltic concrete.

5.9.3. The unit cost for asphaltic concrete Type SP asphaltic concrete shall be included in the price for installing new asphaltic concrete. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT (unless allowed), equipment, labor, etc.

5.10. Leveling Course

5.10.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT GENERAL CONSTRUCTION REQUIREMENTS.

5.10.2. Contractor may be asked to install a leveling course of asphaltic concrete over an existing asphaltic concrete road surface. This shall only be utilized at the discretion of the County unless the need for such leveling was established prior to issuance of the Notice to Proceed by Contractor.

5.10.3. When a leveling course is requested, the specified asphaltic concrete mix is to be placed on the existing irregular pavement or base, the leveling course shall be used

to help provide a smooth driving surface by filling in voids and deformations such as wheel ruts, depressions, etc.

5.10.4. When a leveling course is requested, the estimate shown on the Project Order Form shall be based on one-half (1/2) inch for the specified area of the road surface. It is understood that some areas of the roadway will not require the entire one-half (1/2) inch and other areas may require greater than one-half (1/2) inch of asphaltic concrete. There should be no additional charge to the County for additional asphaltic concrete needed nor shall the County expect a credit if the specified amount of asphaltic concrete was not used. Contractor shall ensure that the placement is completed so that the final product provides a smooth driving surface.

5.10.5. Profiling of the roadway to change the grade or slope of the road shall be done with the use of asphalt and/or a milling machine.

5.10.6. If the County chooses to change the profile of the road using asphaltic concrete, it shall be quantified and paid by using the unit prices of designated asphaltic concrete unit cost in Attachment 2 – Pricing Sheet.

5.11 Radius Paving

5.11.1. Contractor shall overlay designated roadway intersections that connects to any project road.

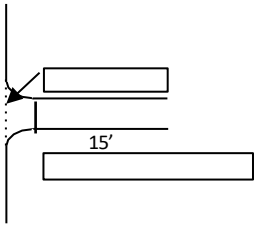
5.11.2. Paving will be to a distance of fifteen (15) feet, or as determined by the County, from the intersection (see diagram below).

5.11.3. The limits of the radius area shall be marked with white or pink paint. Not all intersections shall be paved. If there are not marks, it shall be assumed that the EOP be followed through the intersection or treated as a driveway for overlay applications.

5.11.4. Existing pavement markings within the radius area being paved shall be replaced to the specifications outlined.

5.11.5. The joint between the existing and new pavement shall provide a smooth transition.

5.11.6. The square yardage for the radius paving shall be calculated and added to the total square yards as stated on the Project Order Form.



5.12. Driveways

5.12.1. Driveway joints with the exception of concrete driveways and brick pavers, are to be paved with a one (1) foot per inch or greater slope to achieve a smooth transition.

5.12.2. Driveways shall be swept and tacked before paving.

5.12.3. The cost of installing asphaltic concrete on driveway aprons shall be considered incidental and shall be included in Contractor's per unit resurfacing cost and no additional cost shall be permitted for driveway paving.

5.13. Compaction

5.13.1. Reference FDOT Standard Specification Section 330, HOT MIX ASPHALT – GENERAL CONSTRUCTION REQUIREMENTS.

5.13.2. If the County feels an area does not meet these requirements, they shall hire an independent testing laboratory to determine accordance with this specification.

5.13.3. Areas not in conformance with this specification will need to be removed and replaced at Contractor's expense.

5.14. Smooth Transition

5.14.1. The Contractor shall install a five (5) foot tapered keyway mill on all adjacent roads that are not being milled, in order to ensure a smooth transition between the new and existing pavement.

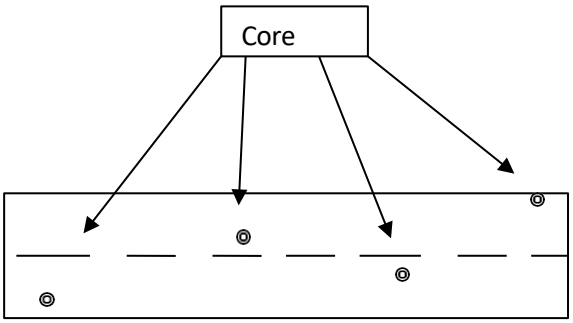
5.15. Quality Inspections

5.15.1. Core samples shall be taken by an independent laboratory approved by the County.

5.15.2. Contractor shall provide the County with the address and contact information of the laboratory prior to any resurfacing work starting.

5.15.3. Core samples shall be taken every five hundred (500) feet regardless of how many lanes are being resurfaced.

5.15.4. Core samples shall be taken in a random pattern as indicated on the diagram below.



5.15.5. Roads that are less than one thousand (1,000) feet shall have a minimum of two (2) core samples taken.

5.15.6. The cores shall be taken at a depth that will show the new and existing asphaltic concrete.

5.15.7. Holes that were created by taking the core samples shall be filled with a product approved by the County.

5.15.8 A determination of the average thickness of the asphaltic concrete shall be made from the samples by the testing laboratory and the results shall be sent from the laboratory directly to the County.

5.15.9 If the Contractor wishes to obtain additional core samples beyond those required by the County, such requests must be submitted in writing, and all associated costs shall be borne by the Contractor.

5.16. Deficiencies of Asphaltic Concrete Thickness and Ride Quality

5.16.1. The County will permit a deficiency in the thickness of the asphaltic concrete overlay not to exceed one-quarter (1/4) inch.

5.16.2. The Contractor shall utilize an asphalt transfer machine approved by the County for all roadway resurfacing involving milling, unless a written exception is granted by the County. The County shall not permit the commencement of work without the required transfer machine. In the event the transfer machine becomes inoperable during production, the County may, at its sole discretion, allow work to continue for the remainder of that production day.

5.16.3. When the deficiency in the thickness of the asphaltic concrete exceeds one-quarter (1/4) inch but does not exceed three-eighths (3/8) inch of the specified thickness, the County shall permit the Contractor to leave the asphaltic concrete in place without any compensation.

5.16.4. County shall determine the affected square yard area by multiplying the lane width by the length between the nearest acceptable core samples, and no payment shall be made for this area.

5.16.5. When the deficiency in thickness exceeds three-eighths (3/8) inch of the specified thickness, the Contractor shall correct the deficiency. In all cases where the installed asphaltic concrete is deficient beyond this limit, the Contractor shall restore the deficient area by applying new asphaltic concrete.

5.16.6. The minimum repair thickness must comply with the layer thickness standards specified under the asphaltic concrete section of these specifications.

5.16.7. The Contractor shall replace the full thickness as directed by the County, extending at least fifty (50) feet beyond each end of the deficient area.

5.16.8. County will mark the area to be corrected with white or pink paint, and the paving shall extend to the outer edge of this paint mark.

5.16.9. Any additional costs incurred to correct deficiencies shall be the sole responsibility of the Contractor. No additional charges shall be made to the County, even if the repair results in the final thickness of the asphaltic concrete overlay exceeding the originally specified thickness.

5.16.10. Asphalt smoothness shall be tested at the discretion County on any roadway which included milling.

5.16.11. Any portion of any roadway associated shall be required to be compliant with Section 330, SURFACE REQUIREMENTS for any lateral or transverse pavement joint provided by Contractor. Any deficiency in excess of three sixteenths (3/16)

inches shall be removed and replaced fifty (50) feet in either direction of the deficient area, at no additional cost to the County.

5.17. Manholes / Valves

5.17.1. Reference FDOT Standard Specifications Section 425, INLETS, MANHOLES, AND JUNCTION BOXES.

5.17.2. Manholes and water valves shall be adjusted through coordination with the appropriate utility provider to within one-half (1/2) inch of the final surface of the newly installed asphaltic concrete. This shall be accomplished prior to placing the new asphaltic concrete.

5.17.3. Contractor shall perform utility coordination required to address all manholes/valves located within the project limits. It shall be the utility provider's responsibility to furnish and install any required adjustments.

5.17.4. No mobilization shall be charged for this operation, and the cost provided shall include, but not be limited to: MOT, equipment, labor, etc.

5.18. Traffic Stripes and Markings

5.18.1. Reference Standard Specifications FDOT Section 710, PAINTED PAVEMENT MARKINGS and Manual on Uniform Traffic Control Devices (MUTCD), 2025 or the latest edition.

5.18.2. If the Contractor is unable to install the pavement markings as prescribed, appropriate traffic control measures shall be provided, such as but not limited to, warning signs, channelizing devices, and delineation to indicate the required travel ways in temporary traffic control zones.

5.18.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.18.3. Contractor should pay special attention to Section 710-4.3 concerning the retroreflectivity. The minimum retroreflectance of white pavement markings shall not be less than 300 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 250 mcd/lx-m^2.

5.18.4. The existing striping layout shall be recorded prior to the commencement of work. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.18.5. Striping shall be maintained throughout the duration of the work and shall be in place at the end of each workday.

5.18.6. Painted traffic stripes and markings shall be installed prior to the removal of the MOT.

5.18.7. If the Contractor fails to install the correct striping pattern, the Contractor shall remove the markings at their own expense using a method approved by the County.

5.18.8. If the road surface is damaged during the removal process, Contractor shall repair the road surface at Contractor's expense.

5.18.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.18.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity.

5.18.11. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.18.12. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify retroreflectivity, width, thickness and color. County shall notify Contractor of any deficiencies.

5.18.13. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.18.14. All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.19. Thermoplastic Traffic Stripes and Markings

5.19.1. Reference FDOT Standard Specification Section 711, THERMOPLASTIC PAVEMENT MARKINGS. Contractor should pay special attention to Section 711-4.3 concerning the retroreflectivity.

5.19.2. If the Contractor is unable to install the pavement markings as prescribed, the Contractor shall provide suitable traffic control measures in accordance with the Manual on Uniform Traffic Control Devices (MUTCD), 2025 Edition or the latest edition. These traffic control measures shall include, but are not limited to, warning signs, channelizing devices, and delineation to clearly indicate the required travel ways within temporary traffic control zones.

5.19.2.1. If Contractor wishes to provide MOT in another manner, the plan shall be submitted in writing and be approved by the County prior to implementation. Lake County shall accept only water borne non-lead type paint.

5.19.3. Thermoplastic Pavement Markings shall not be installed prior to fourteen (14) calendar days following paving.

5.19.4. The minimum retroreflectance of white pavement markings shall not be less than 450 mcd/lx-m^2 and the minimum retroreflectance of yellow pavement markings shall not be less than 350 mcd/lx-m^2.

5.19.5. In addition to the FDOT Specifications, thermoplastic striping shall not be applied prior to a thirty (30) day cure period from the time of asphaltic concrete application, unless otherwise approved by the County.

5.19.6. The existing striping layout shall be recorded prior to the resurfacing activity is started. The same striping layout shall be installed on the new asphaltic concrete unless the County supplies Contractor with a new striping pattern.

5.19.7. If Contractor does not install the correct striping pattern, it shall be Contractor's responsibility to remove the markings by the method approved by the County.

5.19.8. Contractor shall be responsible for the cost of the removal and replacement of the correct pattern. If the road surface is damaged during this removal process, Contractor shall be responsible to repair the road surface to the County's satisfaction at Contractor's expense.

5.19.9. Hand liners shall be used only for transverse, taper, or gore sections of pavement striping and markings. Hand liners shall not be used for long line pavement stripes that are longer than two hundred (200) linear feet unless the stripes are part of a taper or gore area or an intersection lane line that cannot be installed with a truck mounted applicator.

5.19.10. Contractor shall self-inspect all road markings using the August 7, 2023, Florida Method of Test for Traffic Striping Retroreflectivity Designation: FM 5-543 (or latest edition), to test and certify width, thickness, color, and retroreflectivity. Contractor shall submit the results to the County on a reporting form pre-approved by the County.

5.19.11. County shall review the submitted test results and if the County deems necessary, conduct their own test on any portion of the completed road using the same method, to test and certify retroreflectivity, width, thickness and color.

5.19.12. County shall notify the Contractor of any deficiencies. Contractor shall correct all deficiencies before final acceptance and payment is made. The County's tests shall be final and binding.

5.19.13. Longitudinal pavement markings are subject to a 180-day observation period under normal traffic. The observation period shall begin with the satisfactory completion and acceptance of the work.

5.19.13.1. The markings shall show no signs of failure due to blistering, excessive cracking, chipping, discoloration, poor adhesion to the pavement, loss of reflectivity or vehicular damage.

5.19.13.2. The retroreflectivity shall meet the initial requirements of 711-4.3.

5.19.13.3. Contractor shall replace, at no cost to the County, any thermoplastic pavement markings that do not perform satisfactorily under traffic during the 180-day observation period.

5.19.14 All striping operations shall include, but not be limited to: mobilization, MOT, equipment, labor, and any other incidental charges associated with the operation.

5.20. Worksite Traffic Supervisor

5.20.1. Reference FDOT Standard Specifications Section 102, Maintenance of Traffic.

5.20.2. Contractor shall have a worksite traffic supervisor that shall be responsible for all MOT by installing and maintaining all traffic control devices.

5.20.3. The worksite traffic supervisor shall review the project on a day-by-day basis as well as being involved in all changes relating to traffic control devices and traffic patterns.

5.20.4. This person shall handle traffic related situations and have access to all resources needed to maintain traffic control. This person shall be available in case of emergencies twenty-four (24) hours per day and shall be able to respond to the site within forty-five (45) minutes after notification.

5.20.5. Failure of this person to comply with the provisions of Section 102, shall be grounds for this person being removed from the project. If the County removes this individual from the project, Contractor shall provide a replacement with a person that is properly trained.

5.20.6. Failure to maintain a designated worksite traffic supervisor shall result in temporary suspension of all activities except MOT, erosion control, and other activities deemed to be necessary for project maintenance and safety.

5.20.7. The cost associated with the worksite traffic supervisor shall be included in the overall cost of all the operations needed to complete the work as outlined within these specifications.

[*The remainder of this page intentionally left blank*]

1. INSURANCE COVERAGE

1.1. CONTRACTOR will purchase and maintain at all times during the term of this Contract, without cost or expense to the COUNTY, policies of insurance as indicated below, with a company or companies authorized to do business in the State of Florida, and which are acceptable to the COUNTY, insuring the CONTRACTOR against any and all claims, demands, or causes of action, for injuries received or damage to property relating to the performance of duties, services, or obligations of the CONTRACTOR under the terms and provisions of the Contract.

1.2. An original certificate of insurance, indicating that CONTRACTOR has coverage in accordance with the requirements of this section must be received and accepted by the COUNTY prior to contract execution or before any work begins. It will be furnished by CONTRACTOR to the COUNTY'S Project Manager and Procurement Services Director within five (5) working days of such request.

1.3. The parties agree that the policies of insurance and confirming certificates of insurance will insure the CONTRACTOR in accordance with the following minimum limits:

1.3.1. Commercial General Liability Insurance on forms no more restrictive than the latest edition of the Occurrence Form Commercial General Liability policy (CG 00 01) of the Insurance Services Office or equivalent without restrictive endorsements, with the following minimum limits and coverage:

Each Occurrence/General Aggregate	$1,000,000/2,000,000
Products-Completed Operations	$2,000,000
Personal & Adv. Injury	$1,000,000
Fire Damage	$50,000
Medical Expense	$5,000
Contractual Liability	Included

1.3.2. Automobile Liability Insurance, including owned, non-owned, and hired autos with the minimum Combined Single Limit of $1,000,000

1.3.3. Workers' Compensation Insurance based on proper reporting of classification codes and payroll amounts in accordance with Chapter 440, Florida Statutes, and any other applicable law requiring workers' compensation (Federal, maritime, etc.). Employers Liability with the following minimum limits and coverage:

Each Accident	$1,000,000
Disease-Each Employer	$1,000,000
Disease-Policy Limit	$1,000,000

1.3.4. Professional Liability and Specialty Insurance (environmental, pollution) as applicable, with minimum limits of $1,000,000 and annual aggregate of $2,000,000.

2. ADDITIONAL INSURED / CERTIFICATE REQUIREMENTS

2.1. Lake County, a Political Subdivision of the State of Florida, and the Board of County Commissioners, will be named as additional insured as their interest may appear on all applicable policies. Certificates of insurance must identify the solicitation number in the Description of Operations section on the Certificate.

2.2. Certificate holder must be:
LAKE COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AND THE BOARD OF COUNTY COMMISSIONERS.
P.O. BOX 7800
TAVARES, FL 32778-7800

3. POLICY PROVISIONS

Certificates of Insurance must evidence the following:

3.1. A waiver of subrogation in favor of the COUNTY.

3.2. Coverage that is primary and noncontributory to any insurance or self-insurance maintained by the COUNTY.

3.3. Inclusion of a Cross Liability or Severability of Interests provision.

3.4. No requirement for the COUNTY to pay any premiums or assessments.

4. **POLICY ENDORSEMENTS**

4.1. CONTRACTOR must provide copies of all policy endorsements reflecting the required coverage, including documentation that lists Lake County as an additional insured and incorporates all required provisions including Waiver of Subrogation.

4.2. Contracts cannot be completed without this required insurance documentation. A Certificate of Insurance (COI) alone will not be accepted in lieu of the policy endorsements.

5. RENEWAL AND CONTINUOUS COVERAGE

5.1. CONTRACTOR shall maintain all required insurance coverage continuously throughout the term of the Contract, including any extensions or renewals.

5.2. Updated Certificates of Insurance, along with all relevant policy endorsements, must be submitted to the COUNTY no later than ten (10) calendar days before the expiration of any current insurance policy.

5.3. Failure to maintain continuous coverage may be considered a material breach of this Contract and grounds for immediate suspension or termination.

6. NOTICE OF CANCELLATION, NON-RENEWAL, OR MATERIAL CHANGE

6.1. CONTRACTOR or its insurer shall provide written notice to the COUNTY of cancellation, non-renewal, material restriction, or material change to any required insurance policy at least thirty (30) calendar days prior to the effective date of such action.

6.2. Notices shall be sent to the COUNTY's Project Manager and Procurement Services Director.

6.3. In the event of cancellation or non-renewal, CONTRACTOR shall immediately procure replacement coverage meeting or exceeding all required limits and conditions.

7. ADDITIONAL DOCUMENTATION REQUIREMENTS

7.1. Upon request by the COUNTY, CONTRACTOR shall provide complete copies of any insurance policies, endorsements, or other documentation necessary to verify compliance with the insurance requirements of this Contract.

7.2. CONTRACTOR shall fully cooperate with the COUNTY by providing prompt and comprehensive responses to all documentation requests.

7.3. Failure to provide the requested documentation may be considered as a material breach of the Contract.

7.4. CONTRACTOR shall be responsible for the actions and insurance coverage of all subcontractors. Each subcontractor shall provide the COUNTY with Certificates of Insurance demonstrating coverage and terms that meet the requirements established by the CONTRACTOR.

DEFINITIONS

Contract: The agreement to perform the services set forth in a document signed by both parties with any attachments specifically incorporated.

Contractor: The Vendor to whom award has been made.

County: Lake County, Florida, a political subdivision of the State of Florida.

Proposal: Any offer submitted in response to a solicitation.

Solicitation: The written document requesting bids, quotes, or proposals from the marketplace.

Vendor: Any entity responding to a solicitation or performing under any resulting contract.

INSTRUCTIONS TO VENDORS

A. Vendor Qualification: The County requires Vendors provide evidence of compliance with the requirements below upon request:
   1. Disclosure of Employment.
   2. Disclosure of Ownership.
   3. Drug-Free Workplace.
   4. W-9 and 8109 Forms – as required by the Internal Revenue Service.
   5. Americans with Disabilities Act (ADA).
   6. Conflict of Interest.
   7. Debarment Disclosure Affidavit.
   8. Nondiscrimination.
   9. Family Leave.
   10. Antitrust Laws – By acceptance of any contract, the Vendor agrees to comply with all applicable antitrust laws.

B. Public Entity Crimes: Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

C. Contents of Solicitation and Vendors' Responsibilities: The Vendor shall be thoroughly familiar with the requirements of this solicitation. Ignorance of these matters by the Vendor will not be accepted as a basis for varying the requirements of the County, or the compensation to be paid.

E. Restricted Discussions: From the date of solicitation issuance until final County action, Vendors will not discuss any part of the solicitation with any employee, agent, or other representative of the County except as expressly authorized by the designated procurement representative. The only communications that will be considered pertinent to a solicitation are appropriately signed written documents from the Vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Changes to Proposal: Prior to the scheduled due date, a Vendor may change its Proposal by submitting a new proposal with a letter on the firm's letterhead, signed by an authorized agent stating that the new submittal replaces the original. The new submittal must contain the letter and all information as required in the solicitation.

G. Withdrawal of Proposal: A Proposal will be irrevocable unless it is withdrawn as provided in a solicitation. A Proposal may be withdrawn, either physically or by written notice, at any time prior to solicitation award. If withdrawn by written notice, that notice must be addressed to, and received

by, the designated procurement representative. The letter must be on company letterhead and signed by an authorized agent of the Vendor.

H. Conflicts within the Solicitation: Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence will be: the last addendum issued, the Proposal Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the Vendor to identify such conflicts to the designated procurement representative prior to the Proposal due date.

I. Prompt Payment Terms: Payment for all purchases by County agencies will be made in a timely manner and interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. The Vendor may offer cash discounts for prompt payments; however, such discounts will not be considered in determining the lowest price during Proposal evaluation.

PREPARATION OF PROPOSALS

A. The pricing section of a solicitation defines requirements of items to be purchased and must be completed and submitted with the Proposal. Use of any other form or alteration of the form may result in rejection of the Proposal.

B. The Proposal submitted must be legible. Vendors shall type or use an ink to complete the Proposal. All changes must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.

C. An authorized agent of the Vendor's firm must sign the Proposal. The County may reject any Proposal not signed by an authorized agent.

D. The Vendor may submit alternate Proposals for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate Proposal must meet or exceed the minimum requirements and be submitted as a separate Proposal marked "Alternate Proposal."

E. When there is a discrepancy between the unit prices and any extended prices, the unit prices will prevail. The County reserves the right to allow for clarification of questionable entries and the correction of obvious mistakes.

F. Any Proposal received after the designated receipt date will be considered late and will not be considered for award.

COLLUSION

Where two (2) or more related parties each submit a Proposal for the same contract, such Proposals will be presumed to be collusive. Furthermore, any prior understanding, agreement, or connection between two (2) or more corporations, firms, or persons submitting a Proposal for the same materials, supplies, services, or equipment will also be presumed to be collusive. Proposals found to be collusive will be rejected. Vendors which have been found to have engaged in collusion may be considered non-responsible and may be suspended or debarred. Any contract resulting from collusive bidding may be terminated for default.

PROHIBITION AGAINST CONTINGENT FEES

The Vendor warrants that they have not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure the Contract and that they have not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Vendor, any consideration contingent upon or resulting from the award or making of the Contract.

CONTRACTING WITH COUNTY EMPLOYEES

Any County employee or immediate family member seeking to contract with the County shall seek a conflict of interest opinion from the County Attorney prior to submittal of a Proposal. The affected employee shall disclose the employee's assigned function within the County and interest or the interest of his or her immediate family in the proposed contract and the nature of the intended contract.

INCURRED EXPENSES

A solicitation does not commit the County to make an award nor will the County be responsible for any cost or expense which may be incurred by any Vendor in preparing and submitting a Proposal, or any cost or expense incurred by any Vendor prior to the execution of a purchase order or contract.

AWARD

A. The Contract resulting from a solicitation may be awarded to the responsible Vendor which submits a Proposal determined to provide the best value to the County with price, technical, and other applicable factors considered. The County reserves the right to reject any and all Proposals, to waive irregularities or technicalities, and to re-advertise for all or any part of this solicitation as deemed in its best interest. The County will be the sole judge of its best interest.

B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid, or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is necessary to protect the best interests of the County.

C. The County reserves the right to reject any and all Proposals if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.

D. The County reserves the right to reject offers containing terms or conditions contradictory to the County's.

E. Award of a solicitation will be made to firms satisfying all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the Vendor's site or hold a pre-award qualification hearing to determine if the Vendor can perform the requirements of a solicitation.

F. The Vendor's performance as a Contractor or subcontractor on previous County contracts will be considered in evaluating the responsibility of the Vendor.

G. Any tie situations will be resolved in consonance with current written County procedure.

H. The County has imposed a reciprocal match local vendor preference practice to ensure an equal procurement environment for all potential vendors unless prohibited by the funding source. More information is available on Section 2-222 Local Vendor Preference.

I. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.

J. A Vendor wishing to protest any award decision resulting from a solicitation may do so per the Lake County Protest Procedures.

GRANT FUNDING

In the event any part of a Contract is to be funded by federal, state, or other local agency monies, the Vendor hereby agrees to comply with all requirements of the funding entity applicable to the use of the monies, including full application of requirements involving the use of minority firms, women's business enterprises, and labor surplus area firms. Contractors are advised that payments under the Contract may

be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements.

STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of the registration may be required prior to award of a Contract. Additional information is available by visiting the Florida Department of State home page.

PRIME CONTRACTOR

The Vendor awarded a Contract shall act as the Prime Contractor and will assume full responsibility for the successful performance under the Contract. The Awarded Vendor (Contractor) will be considered the sole point of contact regarding meeting all requirements of the Contract. All subcontractors may be subject to advance review by the County regarding competency and security concerns. No change in subcontractors may be made without the consent of the County after the award of the Contract. Contractor will be responsible for all insurance, permits, licenses, and related matters for any and all subcontractors. County may require the Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

SUBCONTRACTING

Unless otherwise stipulated in a solicitation, the Contractor shall not subcontract any portion of the work without the prior written consent of the County. Subcontracting without the prior consent of the County may result in termination of the Contract for default.

DISADVANTAGED BUSINESSES

The County has adopted policies which assure and encourage the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services. The County encourages joint ventures between majority-owned firms and qualified disadvantaged/minority/women-owned firms.

GENERAL CONTRACT CONDITIONS

The Contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The Contract may not be amended, released, discharged, rescinded or abandoned, except by a written instrument duly executed by the parties. The failure of any party at any time to enforce any of the provisions of the Contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the Contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the Contract. Any dispute arising during Contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

GOVERNING LAW

The interpretation, effect, and validity of any contract will be governed by the laws and regulations of the State of Florida, and Lake County, Florida. Venue of any court action will be solely in Lake County, Florida. The Contractor hereby waives its right to a jury trial.

COMPLIANCE OF LAWS, REGULATIONS, AND LICENSES

The Contractor shall comply with all federal, state, and local laws and regulations applicable to provision of the goods or services specified in a solicitation. During the term of a Contract, the Contractor assures that it is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992, in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, disability or marital status, discriminate in any form or manner against its employees or

applicants for employment. The Contractor understands that any Contract is conditioned upon the veracity of this statement.

CONTRACT EXTENSION

The County has the unilateral option to extend a Contract for up to ninety (90) calendar days beyond the current Contract period. In such event, the County will notify the Contractor in writing of such extensions. The Contract may be extended beyond the initial ninety (90) day extension upon mutual agreement between the County and the Contractor. Exercise of the above options requires the prior approval of the Procurement Services Director.

MODIFICATION OF CONTRACT

Any Contract resulting from a solicitation may be modified by mutual consent of duly authorized parties, in writing through the issuance of a modification to the Contract or purchase order as appropriate. This presumes the modification itself complies with all applicable County procedures.

ASSIGNMENT

The Contractor shall not assign or transfer any Contract resulting from a solicitation, including any rights, title or interest in the Contract, or its power to execute such Contract to any entity without the prior written consent of the County. This provision includes any acquisition or hostile takeover of the Contractor. Failure to comply may result in termination of the Contract for default.

NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within a solicitation. However, the County reserves the right to perform, or cause to be performed, all or any of the work and services described in a solicitation in the manner deemed to represent its best interests. In no case will the County be liable for billings in excess of the quantity of goods or services provided under the Contract.

OTHER AGENCIES

Other governmental agencies may make purchases in accordance with the Contract with Contractor consent. Purchases are governed by the Contract's terms and conditions except for the change in agency name. Each agency will be responsible and liable for its own purchases for materials or services received.

CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any Contract period must, unless terminated by mutual written agreement between the County and the Contractor, continue until completion without change to the then current prices, terms and conditions.

WARRANTY

All warranties express and implied, must be made available to the County for goods and services covered by a solicitation. All goods furnished must be fully guaranteed by the Contractor against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided in the Contract will be in addition to the warranty and do not limit any right afforded to the County by any other provision of a solicitation. Contractor shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the County. The special conditions of a solicitation may supersede the manufacturer's standard warranty.

DEFICIENCIES IN WORK TO BE CORRECTED BY THE CONTRACTOR

Contractor shall promptly correct all apparent and latent deficiencies or defects in work, or any work that fails to conform to the Contract documents regardless of project completion status. All corrections

must be made within seven (7) calendar days after such rejected defects, deficiencies, or non-conformances are verbally reported to the Contractor by the County's project administrator. Contractor must bear all costs of correcting such rejected work. If the Contractor fails to correct the work within the period specified, the County may, at its discretion, notify the Contractor, in writing, that the Contractor is subject to contractual default provisions if the corrections are not completed to the satisfaction of the County within seven (7) calendar days of receipt of the notice. If the Contractor fails to correct the work within the period specified in the notice, the County may place the Contractor in default, obtain the services of another Contractor to correct the deficiencies, and charge the incumbent Contractor for these costs, either through a deduction from the final payment owed to the Contractor or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

COUNTY IS TAX-EXEMPT

When purchasing on a direct basis, the County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Visit Lake County Tax Exemption Certificate page to print a copy of the certificate. Except for items specifically identified by the Contractor and accepted by the County for direct County purchase under the Sales Tax Recovery Program, Contractors doing business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor will any Contractor be authorized to use any of the County's Tax Exemptions in securing such materials.

SHIPPING TERMS, F.O.B. DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. The County will not consider any Proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery.

ACCEPTANCE OF GOODS OR SERVICES

The products delivered as a result of a solicitation will remain the property of the Contractor, and services rendered under the Contract will not be deemed complete, until a physical inspection and actual usage of the products or services is accepted by the County and is in compliance with the terms in the contract.

Any goods or services purchased as a result of a solicitation or Contract may be tested/inspected for compliance with specifications. In the event that any aspect of the goods or services provided is found to be defective or does not conform to the specifications, the County reserves the right to terminate the Contract or initiate corrective action on the part of the Contractor, to include return of any non-compliant goods to the Contractor at the Contractor's expense**,** requiring the Contractor to either provide a direct replacement for the item, or a full credit for the returned item. The Contractor shall not assess any additional charges for any conforming action taken by the County under this clause. The County will not be responsible to pay for any product or service that does not conform to the Contract specifications.

In addition, any defective product or service or any product or service not delivered or performed by the date specified in a purchase order or Contract, may be procured by the County on the open market, and any increase in cost may be charged against the Contractor. Any cost incurred by the County in any re-procurement plus any increased product or service cost will be withheld from any monies owed to the Contractor by the County for any Contract or financial obligation.

ESTIMATED QUANTITIES

Estimated quantities or dollars are for the Vendor's guidance only and may be used in the award evaluation process. No guarantee is expressed or implied as to quantities or dollar value that will be used during the Contract period. The County is not obligated to place any order for a given amount subsequent

to the award of a solicitation. In no event will the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

PURCHASE OF OTHER ITEMS

While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a Contract. The Contractor will provide a price quote for the ancillary items. The County may request price quotes from all Contractors under Contract if there are multiple Contracts. The County reserves the right to award these ancillary items to the primary Contractor, another Contract Contractor based on the lowest price quoted, or to acquire the items through a separate solicitation.

Although a Contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the Contract at the option of the County. The location change will be addressed by formal Contract modification. The County may obtain price quotes for the additional facilities from other Vendors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

SAFETY

The Contractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA). The Contractor shall take all necessary precautions for the safety of and shall provide the necessary protection to prevent damage, injury, or loss to persons or property.

The Contractor shall provide all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations.

The Contractor shall designate a competent person of its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel. This person must be the Contractor's superintendent unless otherwise designated in writing by the Contractor to the Contract Manager.

MATERIAL SAFETY DATA SHEET (MSDS)

The Contractor is responsible to ensure the County has received the latest version of any MSDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. The Contractor shall promptly provide a new MSDS to the County with the new information relevant to the specific material at any time the content of an MSDS is revised.

TOBACCO PRODUCTS

Tobacco use, including both smoke and smokeless tobacco, is prohibited on County owned property.

CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner. The Contractor shall thoroughly clean up all areas where work has been involved as mutually agreed with the associated user department's project manager upon final completion.

PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest must always be protected against damage or interrupted services by the Contractor during the term of a Contract. The Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the Contractor's operation on the property. In the event the Contractor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the Contractor.

CERTIFICATE OF COMPETENCY/LICENSURE, PERMITS, AND FEES

Any Vendor that submits an offer in response to a County solicitation shall, at the time of such offer if required, hold a valid Certificate of Competency or appropriate current license issued by the State or County Examining Board qualifying the Vendor to perform the work proposed. If work for other trades is required in conjunction with a solicitation, and such work will be performed by subcontractors hired by the Vendor, an applicable Certificate of Competency/license issued to the subcontractors must be submitted with the Vendor's offer. The County may at its option and in its best interest, allow the Vendor to supply the subcontractors certificate/license to the County during the offer evaluation period. The Contractor is responsible to ensure that all required licenses, permits, and fees (to include any inspection fees) required for a project are obtained and paid for, and shall comply with all laws, ordinances, regulations, and building or other code requirements applicable to the work contemplated in a solicitation. Damages, penalties, or fines imposed on the County or the Contractor for failure to obtain required licenses, permits, inspection or other fees, or inspections will be borne by the Contractor.

TRUTH IN NEGOTIATION CERTIFICATE

Any organization awarded a Contract must execute a truth-in-negotiation certificate stating that the wage rates and other factual unit costs are accurate, complete, and current, at the time of contracting for each Contract that exceeds $195,000.00. Any Contract requiring this certificate will contain a provision that the original Contract price and any additions will be adjusted to exclude any significant sums by which the County determines the Contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such Contract adjustments will be made within one (1) year following the end of the Contract.

COMPETENCY OF VENDORS AND ASSOCIATED SUBCONTRACTORS

Proposals will be considered from firms which are regularly engaged in the business of providing or distributing the goods or services described in the solicitation, and who can produce evidence of a consistent satisfactory record of performance. The County may consider any evidence available to it of the financial, technical, and other qualifications and abilities of any Vendor responding under a solicitation, including past performance with the County. Vendors must have sufficient financial support and organization to ensure satisfactory delivery under the stated solicitation terms and conditions of any Contract awarded. In the event the Vendor intends to subcontract any part of its work or will obtain the goods specifically offered under the Contract from another source of supply, the Vendor may be required to verify the competency of its subcontractor or supplier. The County reserves the right, before awarding the Contract, to require a Vendor to submit such evidence of its or its subcontractor's qualifications.

RESPONSIBILITY AS EMPLOYER

The employees of the Contractor will always be considered its employees, and not an employees or agents of the County. The Contractor shall provide employees capable of performing the work as required. The County may require the Contractor to remove any employee it deems unacceptable. All employees of the Contractor may be required to wear appropriate identification.

MINIMUM WAGES

Under the Contract, the wage rate paid to all laborers, mechanics and apprentices employed by the Contractor for the work under the Contract, must not be less than the prevailing wage rates for similar classifications of work as established by the Federal Government and enforced by the U.S. Department of Labor, Wages and Hours Division, and Florida's Minimum Wage requirements in Article X, Section 24 (f) of the Florida Constitution and enforced by the Florida Legislature by statute or the State Agency for Workforce Innovation by rule, whichever is higher.

PRICE REDETERMINATIONS

Contractor may petition for a price redetermination with documented increases in the cost of wages, fuel, or materials within 30 calendar days of the anniversary date of the Contract. Price redeterminations will be based upon changes documented by the applicable Employment Cost Index (ECI) or Producer Price Index (PPI) as published on the *Bureau of Labor Statistics site here*. Contractor may petition for price redetermination for Contractor's minimum wage employees should the minimum wage increase during the Contract. Upon verification, the County may grant an increase matching the minimum wage increase.

INDEMNIFICATION

To the extent permitted by law, the Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract by the Contractor or its employees, agents, servants, partners, principals or subcontractors. The Contractor shall pay all claims and losses in connection with those claims and losses, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may be incurred. The Contractor expressly understands and agrees that any insurance protection required by the Contract or otherwise provided by the Contractor will in no way limit the responsibility to indemnify, keep and hold harmless and defend the County or its officers, employees, agents and instrumentalities as provided in a solicitation or any Contract arising from a solicitation.

TERMINATION FOR CONVENIENCE

The County, at its sole discretion, reserves the right to terminate the Contract upon thirty (30) days' written notice. Upon receipt of such notice, the Contractor shall not incur any additional costs under the Contract. The County will be liable only for reasonable costs incurred by the Contractor prior to notice of termination. The County will be the sole judge of "reasonable costs."

TERMINATION DUE TO UNAVAILABILITY OF CONTINUING FUNDING

When funds are not appropriated or otherwise made available to support continuation of performance in a current or subsequent fiscal year, the Contract will be cancelled, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

TERMINATION FOR DEFAULT

The County reserves the right to terminate any Contract arising from a solicitation, in part or in whole, or affect other appropriate remedy in the event the Contractor fails to perform in accordance with the terms and conditions stated in the Contract. The County further reserves the right to suspend or debar the Contractor in accordance with the County's ordinances, resolutions and administrative orders. The Contractor will be notified by letter of the County's intent to terminate and the Contractor will be given

ten (10) calendar days to cure the breach. In the event of termination for default, the County may procure the required goods and services from any source and use any method deemed in its best interest. All re-procurement costs will be borne by the Contractor.

FRAUD AND MISREPRESENTATION

Any individual, corporation or other entity that attempts to meet its contractual obligations through fraud, misrepresentation or other material misstatement, may be debarred for up to five (5) years. The County as a further sanction may terminate or cancel any other Contracts with such individual, corporation or entity with such Contractor held responsible for all direct or indirect costs associated with termination or cancellation, including attorneys' fees.

RIGHT TO AUDIT

The County reserves the right to require the Contractor to submit to an audit, by any auditor of the County's choosing. The Contractor shall provide access to all of its records, which relate directly or indirectly to the contract at its place of business during regular business hours. The Contractor shall retain all records pertaining to the contract and upon request make them available to the County for three (3) complete calendar years following expiration of the contract. The Contractor agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards.

If the Contractor provides technology services, the Contractor must provide Statement of Standards for Attestations Engagements (SSAE) 16 or 18 and System and Service Organization Control (SOC) reports upon request by the County. The SOC reports must be full Type II reports that include the Contractor's description of control processes, and the independent auditor's evaluation of the design and operating effectiveness of controls. The cost of the reports will be paid by the Contractor.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the Contractor to the County in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the County's audit must be reimbursed to the County by the Contractor. Any adjustments or payments which must be made as a result of any such audit or inspection of the Contractor's invoices or records must be made within a reasonable amount of time, but in no event may the time exceed ninety (90) calendar days, from presentation of the County's audit findings to the Contractor.

This provision is hereby considered to be included within, and applicable to, any subcontractor agreement entered into by the Contractor in performance of any work under the contract.

PROPRIETARY/CONFIDENTIAL INFORMATION

Vendors are hereby notified that all information submitted as part of a Proposal will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"). The Vendor should not submit any information in response to a solicitation which the Vendor considers proprietary or confidential. The submission of any information to the County in connection with a solicitation will be deemed a waiver from release of the submitted information unless such information is exempt or confidential under the Public Records Act.

PUBLIC RECORDS LAW

Pursuant to section 119.0701(2)(a), Florida Statutes, the County is required to provide Contractor with this statement and establish the following requirements as contractual obligations pursuant to the contract:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY

TO PROVIDE PUBLIC RECORDS RELATING TO THIS SOLICITATION, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-343-9839, PURCHASING@LAKECOUNTYFL.GOV, BY MAIL, OFFICE OF PROCUREMENT SERVICES, ATTN: RON FALANGA, P.O. BOX 7800 TAVARES, FL 32778.

By entering into the Contract, Contractor acknowledges and agrees that any records maintained, generated, received, or kept in connection with, or related to the performance of services provided under, the Contract are public records subject to the public records disclosure requirements of section 119.07(1), Florida Statutes, and Article I, section 24 of the Florida Constitution. Pursuant to section 119.0701, Florida Statutes, any Contractor entering into a contract for services with the County is required to:

A. Keep and maintain public records required by the County to perform the services and work provided pursuant to the Contract.

B. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion or termination of the Contract if the Contractor does not transfer the records to the County.

D. Upon completion or termination of the Contract, transfer, at no cost, to the County all public records in the possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion or termination of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion or termination of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

Requests to inspect or copy public records relating to the County's Contract for services must be made directly to the County. If Contractor receives any such request, Contractor shall instruct the requestor to contact the County. If the County does not possess the records requested, the County shall immediately notify the Contractor of such request, and the Contractor must provide the records to the County or otherwise allow the records to be inspected or copied within a reasonable time.

Contractor acknowledges that failure to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes. Contractor further agrees not to release any records that are statutorily confidential or otherwise exempt from disclosure without first receiving prior written authorization from the County. Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek

declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

COPYRIGHTS

Any copyright derived from a Contract will belong to the author. The author and the Contractor shall expressly assign to the County nonexclusive, royalty free rights to use any and all information provided by the Contractor in any deliverable or report for the County's use which may include publishing in County documents and distribution as the County deems to be in its best interests. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

The County owns and retains all proprietary rights in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission.

SOVEREIGN IMMUNITY

County expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Nothing will be deemed as a waiver of immunity or the limitations of liability of County beyond any statutory limited waiver of immunity or limits of liability. Nothing will inure to the benefit of any third party for the purpose of allowing any claim against County, which would otherwise be barred under the law.

COMPLIANCE WITH FEDERAL STANDARDS

All items to be purchased under a Contract must be in accordance with all governmental standards to include, but not be limited to, those issued by the Occupational Safety and Health Administration (OSHA), the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA).

E-VERIFY

Upon award of a Contract, the Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new persons hired by the Contractor during the term of the Contract.

The Contractor shall include in all contracts with subcontractors performing work pursuant to any Contract, an express requirement that subcontractors utilize the U.S. Department of Homeland Security's E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of all new employees hired by subcontractors during the term of the subcontract.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPPA)

The Contractor may be required to execute a Business Associate Agreement, pursuant to the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) (codified at 42 U.S.C. Section 1320d, *et. seq.*), and regulations contained in 45 C.F.R. Parts 160 and 164.

If the Contractor obtains any information governed by 42 U.S.C. Section 290dd-2 and the regulations implemented by the Substance Abuse and Mental Health Services Administration at 42 C.F.R. Part 2 (collectively referred to as the "SAMHSA regulations"), whether from the County or another source, while providing services to the County under the contract, the Contractor shall only use or disclose that information pursuant to the SAMHSA regulations.

The Contractor will also comply with any and all laws under the State of Florida governing the confidentiality of health information, including but not limited to records or other documents containing medical, mental health, or substance abuse information.

FORCE MAJEURE

The parties will exercise every reasonable effort to meet respective obligations under the Contract but will not be liable for delayed performance or nonperformance resulting from a force majeure. A party that becomes aware of a force majeure that will significantly delay performance will notify the other party promptly, within 15 calendar days, after if discovers the force majeure. If a force majeure occurs, the parties may execute a contract modification or change order to extend the performance schedule or make accommodations that are reasonable under the circumstances.

NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against the County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve the Contractor of duty to perform or give rise to any right to damages or additional compensation from the County. The Contractor's sole remedy will be the right to seek an extension to the Contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the County.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES

The Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel.

For purchases of $1 million or more:

By submitting a response to any solicitation, the Contractor hereby certifies that, pursuant to Section 287.135, Florida Statutes, it is not listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies with Activities in Sudan List, is not listed on the Scrutinized Companies that Boycott Israel and is not participating in a boycott of Israel, and is not engaged in business operations in Cuba or Syria. The Contractor understands that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorneys' fees, and costs. The Contractor further understands that any contract with the County for goods or services of $1 million or more may be terminated at the option of the County if the Contractor is found to have submitted a false certification or has been listed on the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List or the Scrutinized Companies with Activities in Sudan List, is listed on the Scrutinized Companies that Boycott Israel list or is participating in a boycott of Israel, or is engaged in business operations in Cuba or Syria.

ANTI-TRAFFICKING RELATED ACTIVITIES

The U.S. Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities listed below. These prohibitions specifically apply to come federally funded contracts and prohibit contractors, contractor employees, and their agents from:

A. Engaging in severe forms of trafficking in persons during the period of performance of the contract;

B. Procuring commercial sex acts during the period of performance of the contract;

C. Using forced labor in the performance of the contract;

D. Destroying, concealing, confiscating, or otherwise denying access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

E. Using misleading or fraudulent practices during the recruitment of employees;

F. Charging employees or potential employees recruitment fees;

G. Failing to provide return transportation or paying for the cost of return transportation upon the end of employment for certain employees;

H. Providing or arrange housing that fails to meet the host country housing and safety standards; or

I. Failing to provide an employment contract, recruitment agreement, or other required work documents in writing, as required by law or contract.

NOTICES

All notices given by one party to the other party under a contract must be delivered to the receiving party's address set forth on the Contract either by hand, qualified courier, or e-mail and will be deemed received the day after it is transmitted. For County, it must be addressed to the Office of Procurement Services, Post Office Box 7800, 315 West Main Street, Suite 441, Tavares, Florida, 32778 or emailed to purchasing@lakecountyfl.gov.

EXHIBIT D **25-754**

PUBLIC WORKS ADDITIONAL TERMS AND CONDITIONS

1. Intent of Contract Documents
2. Errors and Omissions
3. Emergencies
4. Compliance with Occupational Safety and Health / Hazardous Materials
5. General Inspection Requirements
6. Project Manager
7. Contract Time and Time Extension
8. Hours of Operation
9. Changes in Work
10. Claims and Disputes
11. Lands for Work and Access Thereto
12. Maintenance of Traffic
13. Underground Utilities
14. Protection of Existing Structures, Utilities, Work and Vegetation
15. Equipment
16. Sanitation
17. Other Work
18. Bonds
19. Final Inspection
20. Final Acceptance
21. Measurement and Payment
22. Warranty

1. INTENT OF CONTRACT DOCUMENTS

A. It is the intent of the contract documents to describe a functionally complete project (or portion thereof) in accordance with the contract documents. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work is performed, except as may be otherwise specifically stated herein.

B. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project.

C. If drawings are provided, they intended to show general arrangements, design and extent of work. In the event of a discrepancy between or among the drawings, specifications or other contract document provisions, the contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the contractor, as determined by the Project Manager.

2. ERRORS AND OMISSIONS

The contractor shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the contractor shall immediately notify the Project Manager in writing of such errors or omissions. In the event the contractor knows or should have known of any error or omission and fails to provide such notification, the contractor shall be deemed to have waived any claim for increased time or compensation the contractor may have had, and the contractor shall be responsible for the results and the costs of rectifying any such error or omission.

3. EMERGENCIES

A. The contractor shall have a responsible person available at or reasonably near the County on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to maintain traffic or to handle any other problem that might arise. The contractor's responsible person for supervision of emergencies shall speak and understand, both verbally and in writing, the English language. The contractor shall submit to the Project Manager, the phone numbers and names of personnel designated to be contacted in cases of emergencies. Included in this list shall be twenty-four (24) hour contact phone numbers for all subcontractors, if any, performing work under this agreement. This list shall contain the name of their supervisors responsible for work pertaining to this contract.

B. In the event of an emergency affecting the safety or protection of persons, or the work or property at the project site or adjacent thereto, the contractor, without special instruction or authorization from the Project Manager is obligated to act to prevent threatened damage, injury or loss. The contractor shall contact the Project Manager as soon as possible by telephone and with written notice as soon as possible, but no later than twenty-four (24) hours after the occurrence of the emergency, if the contractor believes that any significant changes in the work or variations from the contract documents. If the Project Manager determines that a change in the contract documents is required because of the action taken in response to an emergency, a new Project Order Form shall be issued to document the

consequences of the changes or variations. If the contractor fails to provide written notice within the twenty-four (24) hour limitation noted above, the contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

4. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH/HAZARDOUSE MATERIALS

A. Contractor certifies that all material, equipment, etc., to be used in an individual project meets all Occupational Safety and Health Administration (OSHA) requirements. The contractor further certifies that if any of the material, equipment, etc., is found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the contractor. All standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act (ADA) regulations must be provided and used by the contractor and its employees.

B. Any chemical item supplied under this contract shall be accompanied by a Material Safety Data Sheet (MSDS). The MSDS shall include the following information:

1. The chemical name and the common name of the toxic substance.
2. The hazards or other risks in the use of the toxic substance, including the potential for fire, explosion, corrosiveness and reactivity.
3. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substances.
4. The primary route of entry and symptoms of exposure.
5. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
6. The emergency procedure for spills, fire, disposal and first aid.
7. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.
8. The year and month, if available, that the information was compiled, and the name, address, and emergency telephone number of the manufacturer responsible for preparing the information.

C. Any spillage of hazardous chemicals or wastes caused by the contractor must be reported immediately to the proper authority and the Project Manager. All spills shall be cleaned up in accordance with all local, State, and Federal regulations. The cost of cleanup of any spillage of hazardous chemicals caused by the contractor shall be the sole responsibility of the contractor and the County will share no responsibility for these costs. A copy of the completed compliance order with local, State, and Federal agencies shall be given to the County.

D. If any hazardous chemicals or conditions are discovered by the contractor during the normal work operation, it is the responsibility of the contractor to immediately contact the Project Manager with a description and the location of the condition.

E. The Project Manager or other County representatives may periodically monitor the work for safety. Should there be safety or health violations, the County's representative may have the duty to require the contractor to correct the violation in an expeditious method. If there is any situation that is deemed unsafe by the Project Manager or other County representatives, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

F. Should the work site be in a hazardous area, the County shall take reasonable actions to furnish the contractor with information concerning hazards such as the types of the identification of known toxic material, machine hazards, Material Safety Data Sheets, or any other information that would assist the contractor in the planning of a safe work site. The contractor retains the ultimate responsibility to ensure all work is performed in a manner consistent with all applicable safety standards and directives.

G. The contractor shall be aware that while working for the County, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA), and the Division of Safety, State of Florida, are invitees and do not need to have warrants or permission to enter the work site.

H. The contractor shall designate a competent person of its organization whose duty shall be the prevention of accidents. This person shall be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person shall be the Contractor's Superintendent unless otherwise designated in writing to the Project Manager. All communications to the Superintendent shall be binding as if given to the contractor.

5. GENERAL INSPECTION REQUIREMENTS

A. Due to the nature of this Agreement, The County shall at the time of establishment of need, require the contractor to become fully informed as to the nature and extent of the work required and its relation to any other work in the area, including possible interference from other site activities. Arrangement for contractor's inspection of facilities or sites or activity schedules may be secured from the user department. Failure to visually inspect the facilities or sites may be cause for disqualification of contractor on that individual project.

B. Contractor shall furnish the Project Manager with every reasonable facility for ascertaining whether the work performed or materials used are in accordance with the requirements and intent of the specifications. If the Project Manager so requests, the contractor shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the contractor shall restore the uncovered portions of the work to the standard required by the specifications. Should the work exposed or examined prove unacceptable in the opinion of the Project Manager, the uncovering or removal, and the replacing of the covering or making good of the items removed, shall be at the contractor's expense. However, should the work exposed or examined prove acceptable in the opinion of the Project Manager, the uncovering or removing and the replacing or the covering or making good of the items removed, shall be paid for by the County.

C. If during or prior to the operations, the Project Manager should fail to reject defective work or materials, whether from lack of discovery of such defect, or for any other reason, such initial failure to reject shall in no way prevent the Project Manager's later rejection when such defect is discovered, nor obligate the County to final acceptance or payment, and the contractor shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

D. If during or prior to the operations, the Project Manager, rejects any portion of the work on the grounds that the work or materials are defective, the Project Manager will give the contractor notice of the defect. The contractor shall then have seven (7) calendar days from the date the notice is received to correct the defective condition. If the defect has not been corrected within seven (7) calendar days, the Project Manager will send a second written notice to the contractor giving the contractor another seven (7) calendar days to correct the defect. If the contractor fails to correct the deficiency within the second

seven (7) calendar days after receipt of the notice, the County may take whatever action is necessary, including correcting the deficient work utilizing another contractor or terminating the contract.

E. Should the contractor fail or refuse to remove and renew any defective material used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the requirements of the specifications, within the time indicated in writing, the County, will have the authority to cause the unacceptable or defective materials or work to be repaired, removed and replaced, as may be necessary, at the contractor's expense. Any expense incurred by the County, whether direct, indirect or consequential, in making the repairs, removals, or replacements, which the contractor has failed or refused to make, shall be paid for out of any monies due or which may become due the contractor, or may be charged against the contract bond, if any. A Change Order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such direct, indirect and consequential costs shall include, such as, but not be limited to: costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of work of the contractor's defective work and additional compensation due the County. The contractor shall not be allowed an extension of the contract time because of any delay in performance of the work attributable to the exercise by the County of the County's rights and remedies hereunder.

F. When the United States Government or the State of Florida is to pay a portion of the cost of the project, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

G. All work performed and all materials furnished shall be in reasonably close conformity with the tolerances indication in the specifications. In the event the Project Manager finds the materials or finished product in which the materials are used and not within reasonably close conformity to the specifications, the Project Manager will then make a determination if the work shall be accepted and remain in place. In this event, the Project Manager will document the basis of acceptance by a Change Order which will provide for an appropriate deduction as needed in the contract price for such work or materials as the Project Manager deems necessary to conform to the determination based on the Project Manager's professional judgment.

6. PROJECT MANAGER

It is agreed to by the parties that the Project Manager will decide all questions, difficulties, or disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the scope of services and as to the character, quality, amount and value of any work done, and materials furnished, under or by reason of this Agreement. The Project Manager may appoint representatives as desired that will be authorized to inspect all work done and all materials furnished.

7. CONTRACT TIME AND TIME EXTENSIONS

A. Unless otherwise provided, contract time shall mean the number of consecutive business days form the commencement date noted in the properly executed purchase order to the date on which all work is to be completed. The contractor shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the contractor's work with the work of other contractors so that the contractor's work or the work of others shall not be delayed or impaired by any act or omission of any act by the contractor. The contractor shall be solely responsible for all means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of the contractor, and not due to the contractor's fault or neglect, the contractor shall notify the Project Manager by telephone as soon as possible and in writing within two (2) business days after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the contractor may have had to request a time extension.

C. If the contractor complies with the two (2) business days' notice requirement, the Project Manager will ascertain the fact and the extent of the delay being claimed and recommend an extension to the contract time when, in the Project Manager's sole judgment, the findings of fact justify such an extension. The contractor shall cooperate with the Project Manager's investigation of the delay by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted for only those delays which impact the contractor's schedule. Extensions of contract time, if approved by the Project Manager, must be authorized in writing.

D. Weather events are specifically excluded as an excused cause for delay under this agreement and no additional days shall be given for rain days.

E. The County shall be entitled to assess charges, as liquidated damages, but not as a penalty, for each calendar day after the scheduled completion date. The project shall be deemed to be completed on the date it is accepted by the County's Representative. The Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above-noted liquidated damages as a penalty. The parties agree that the liquidated damages sum represents a fair and reasonable estimate of the County's actual damages at the time of contracting if the Contractor fails to complete the work in a timely manner. The Liquidated Damages shall be as follows:

Specific Project Amount	**Daily Charge per Calendar Day**
$5,000 and under……	$25
Over $5,000 but less than $10,000……	$65
$10,000 or more but less than $20,000…… ……	$91
$20,000 or more but less than $30,000…… ……	$121
$30,000 or more but less than $40,000…… ……	$166
$40,000 or more but less than $50,000…… ……	$228
Over $50,000 but less than $250,000……	$313

Any Contractor that is in default for not completing the work within the time specified shall be removed from the bidder's list, at the option of the County, and not permitted to bid work for Lake County until the project is complete and the liquidated damages sum is satisfied.

The County shall retain from the compensation to be paid to Contractor the above described sum. If the Contractor continues to fail to complete any or all remaining scheduled work, the County may charge the Contractor any additional costs that would be incurred over and above the original contract cost. This amount shall be considered a minimum to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above and shall not be construed as a penalty.

F. County shall retain from the compensation to be paid to contractor the above described sum.

8. HOURS OF OPERATION

A. Unless otherwise specified in the technical specifications, all work performed shall be accomplished between the hours of 7:00 A.M. and 5:00 P.M., Monday through Friday, and no work shall be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the contractor and approval, in writing, has been granted by the Project Manager. Request for permission to work must be received by the Project Manager no less than two (2) days prior to the requested work day. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in Section 3, Emergencies, would apply. County Holidays are as follows:

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

B. Special schedules may be established if necessary because of problems with noise or similar problems affecting citizens in homes or buildings adjacent to the roadways.

C. Under no circumstance, except in the case of an emergency, will permission be given for work on New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. If the official holiday is on a Saturday, the County observes the holiday on Friday and if the holiday is on Sunday the County observes the holiday on Monday. The contractor shall not be allowed to work on the alternate day for the above mentioned holidays. The Project Manager may consider approval in accordance with the provisions stated above, for work on the following days: Martin Luther King, Jr. Day, Memorial Day, Labor Day, Veterans Day, or the Friday after Thanksgiving.

D. When the contractor requests and is approved for Saturday, Sunday or Holiday work, the County may assess the contractor the sum of Two Hundred Fifty Dollars ($250.00) per man per day for each Saturday, Sunday or recognized Holiday worked or planned to work. These fees will be deducted from the final invoice.

9. CHANGES IN WORK

A. The County may at any time, by issuance of a Change Order executed in accordance with the County's Purchasing Policies and Procedures make changes within the general scope of this Agreement. If additional work or other changes are required an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the Change Order, the contractor shall commence performance of the work as specified.
B. The contractor shall not commence any additional work or other changes covered by the Scope of Services for the individual project without an executed Change Order. If the contractor performs additional work beyond the specific requirements of this Agreement without an executed Change Order, it shall be at the contractor's own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

10. CLAIMS AND DISPUTES

A. Claims by the contractor shall be made in writing to the Project Manager within two (2) business days after the commencement of the event giving rise to such claim or else the contractor shall be deemed to have waived the claim. Written supporting data shall be submitted to the Project Manager within ten (10) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the contractor shall be deemed to have waived the claim. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work".

B. The contractor shall proceed diligently with its performance as directed by the County, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the County in writing. The County shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

1. Claims by the contractor shall be resolved in the following manner:

a. Upon receiving the claim and supporting data, the Project Manager will review the claim, or if the Project Manager is not a County employee, will forward the claim to the County. The County will within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the County will specify the grounds for denial. The contractor shall then have fifteen (15) calendar days in which to provide additional supporting documentations, or to notify the County that the original claim stands as is.
b. If the claim is not resolved, the County may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the County declines to mediate the dispute, the contractor may bring an action in the County or Circuit Court sitting in Lake County, Florida.

2. Claims by the County against the contractor shall be made in writing by the Project Manager as soon as the event leading to the claim is discovered by the County. Written supporting data shall be submitted by the Project Manager. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The party to whom the Project Manager's determination is not in favor of may appeal the determination as set forth in subsection (2) above.

3. Arbitration shall not be considered as a means of dispute resolution.

11. LANDS FOR WORK AND ACCESS THERETO

A. County shall furnish and define the limits of land for access to the work site and for the site proper. No storage or equipment shall take place on private property unless the contractor has a letter from the landowner authorizing the contractor to do so. A copy of the letter shall be provided to the County. The contractor shall supply the Project Manager any such letter before the equipment is placed there. Any and all other lands required by the contractor shall be procured by the contractor at the contractor's expense.

B. As the work progresses, the contractor shall keep the site reasonably clear of rubbish, trash, waste, and other disposable materials on a daily basis. If the contractor allows the site to become littered and unsightly, any payments otherwise due may be withheld until the contractor cleans up the site to the satisfaction of the County. If the contractor fails to clean up the site, the County may choose to clean up the site at the contractor's expense.

C. The contractor shall, absent written permission from a private property owner, confine all storage of materials, equipment, and the operations of workers to the project site and land and areas identified in

and permitted by the contract documents. The contractor shall assume full responsibility for any damage to any such land or area or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the work. At the completion of the work, the contractor shall remove all debris, rubbish and waste materials from and about the project site, as well as all tools, appliances, equipment, machinery, and surface materials and shall leave the project site clean. All service and supply operations shall be conducted outside the clear zone unless the contractor has proper authorization and traffic control. No supply vehicles shall enter the median for any purpose. No service vehicles shall enter the median except when necessary to repair or remove inoperable equipment.

D. Any equipment/material left within the right of way shall be outside the clear zone. No equipment/material shall be parked overnight in the median.

12. MAINTENANCE OF TRAFFIC (MOT)

Unless otherwise specified, the standard specifications to be used for the work shall be the most applicable and the most stringent of the following:

A. Maintenance of traffic shall be the responsibility of the contractor, is part of the contractor's proposal price, and shall confirm to FDOT's most current editions of "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", 2018 edition (or latest edition), or FDOT's "ROADWAY AND TRAFFIC DESIGN STANDARDS", 2018 (or latest edition), or FDOT's "MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS," 2016 (or latest edition), Federal Highway Administration (FHWA) "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (MUTCD)," 2009 (or latest edition), and all supplemental specifications thereto. These documents can be ordered from FDOT, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida 32399-0450, or by going to the FDOT website at: www.dot.state.fl.us/mapsandpublications.

B. All costs associated with MOT must be included in the contractor's proposal price. No separate line items for MOT will be included in the cost estimate. If the contractor does not comply with the FDOT and the FHWA (i.e. signs, qualified flaggers, or barricades), the County reserves the right to direct the contractor to cease operation until deficiencies are corrected. In addition, no road closures shall be allowed except in the case of emergencies.

C. If the contractor feels that assistance from an off duty police officer is needed, it shall be the responsibility of the contractor to hire and pay for this service.

D. All lane closures shall have the prior approval of the Project Manager.

E. The foregoing requirements are to be considered as minimum and the contractor's compliance shall in no way relieve the contractor of final responsibility for providing adequate traffic control devices for the protection of the public and contractor's employees throughout the work area.

F. The use of public roads and streets by the contractor shall provide a minimal inconvenience to the public and traffic. Furthermore, if the contractor is utilizing the road by driving the slow moving equipment, the operator shall allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

13. UNDERGROUND UTILITIES

Any required ground digging or subsurface work shall be done in accordance with Chapter 556, Florida Statutes. It shall be the responsibility of the contractor to have all underground utilities located before any work shall begin. This can be done by contacting Sunshine State One Call. They may be reached

by calling 1-800-432-4770. The repairs of any damaged underground utilities as a result of the work being performed by the contractor shall be the responsibility of the contractor. The proper utility company shall be contacted immediately to expedite the repairs, if damage has occurred. The County shall also be notified by telephone at the earliest opportunity and shall be followed up with a written explanation of the incident within two (2) days.

14. PROTECTION OF EXISTING STRUCTURES, UTILITIES, WORK AND VEGETATION

A. The contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site which do not unreasonably interfere with the project as may be determined by the Project Manager. The contractor shall be responsible for all unauthorized cutting or damages of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

B. The contractor shall fully protect the work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If the contractor or any one for whom the contractor is legally liable is responsible for any loss or damage to the work, or other work or materials of the County or County's separate contractors, the contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due the contractor.

C. The contractor shall not disturb any benchmark established by the County with respect to the project. If the contractor, or its subcontractors, agents or any one for whom the contractor is legally liable, disturbs County benchmarks, the contractor shall immediately notify the Project Manager. The County shall have the benchmarks re-established and the contractor shall be liable for all costs incurred by the County associated therewith. Such costs shall be deducted from any amounts due the contractor.

D. During the period of production of work and the warranty period the contractor shall be responsible for processing any and all claims for property damage and or bodily injury caused by the failure of the work including, such as but not limited to: motor vehicles or pedestrians. The contractor shall be responsible for the payment of all property damage and bodily injury claims and agrees to save and hold harmless the County from all such claims. Claims not handled by the contractor or their representative in the proper manner, will be settled by the County. The County shall recover all costs from the contractor.

E. All items damaged as a result of contractor or subcontractor operations, such as but not limited to: sidewalks, seating, curbs, pipes, drains, water mains, pavement, mail boxes, turf, County signs or other property owned by the County or private landowner, shall be either repaired or replaced by the contractor, at their expense, in a manner prescribed by and at the sole satisfaction of the Project Manager. Any claims submitted to the County, such as but not limited to: from utility companies or landowners, which are determined to be the result of damage done by the contractor, shall be the responsibility of the contractor. The County reserves the right to pay any such claims and deduct such amount from the contractor's invoice. Repairs, or receipt of repairs, will be completed and submitted to the County prior to submission of the contractor's invoice for work accomplished. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the contractor.

F. The contractor shall replace any asphalt that has been damaged as a result of hydraulics spilled from their equipment.

G. Complaints shall be addressed within two (2) business days and a written report submitted to the Project Manager outlining actions taken to correct the complaint. The contractor shall notify the County immediately of any complaints given directly to the contractor.

H. If in the course of completing work as part of this contract there is an accident that involves the public, the contractor shall as soon as possible, inform the Project Manager of the incident by telephone. The contractor shall follow up in writing within two (2) business days of the incident. If Law Enforcement was involved and has written a report, the contractor shall forward a copy of the report to the Project Manager.

I. The contractor shall be responsible for re-grading and re-sodding any areas that are disturbed by the contractor during the course of the work being completed.

15. EQUIPMENT

A. The contractor shall furnish equipment of a type and quantity to perform the work satisfactorily within the time specified herein. The County reserves the right to inspect all equipment before it is placed in or while it is in service. If in the opinion of the Project Manager, the contractor has insufficient equipment on the job to satisfactorily complete the work within the required time, the contractor shall provide additional equipment as directed by the Project Manager. All equipment may be inspected and approved by the Project Manager before it is placed in service. If at any time, the Project Manager before it is placed in service. If at any time, the Project Manager determines that any equipment is deficient in any way, the contractor shall remove the equipment from service immediately, and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Project Manager. Inspection and approval of the contractor's equipment by the Project Manager shall not relieve the contractor of the responsibility or liability for injury to persons or damage to property caused by the operation of the contractor's equipment, nor shall it relieve the contractor of the responsibility to meet the established time for the completion of the service.

B. All safety devices installed by the manufacturer shall be in place and in proper working order at all times. At a minimum, all equipment used within the right of way shall be equipped with a slow moving vehicle sign, and properly operating amber flashing or white strobe light.

C. The equipment used must be in good repair and operating condition at all times. This service requires that all equipment shall be environmentally safe, with no oil leaks, blowing fuel, or leaking hydraulic lines.

16. SANITATION

The contractor shall provide and maintain adequate sanitary conveniences for the use of persons employed for this project. These conveniences shall be maintained at all times without nuisance, and their use shall be strictly enforced. The location of these conveniences shall be subject to the Project Manager's approval.

17. OTHER WORK

A. The contractor will cooperate with County personnel or anyone who may be engaged in authorized work prior to final completion of the project.

B. The contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and rearrangement operations in order that these operations may progress in a reasonable manner and that service rendered by these parties will not be interrupted.

C. The County may perform other work related to the project site or, in the general vicinity of the site by the County's own forces, have other work performed by utility owners or other direct contracts. If other work is not identified in the contract documents and if the contractor believes that such performance will involve additional expenses to the contractor or require additional time, the contractor shall send written notice of that fact to the County and the Project Manager within two (2) business days of being notified of the other work. If the contractor fails to send the above required notice, the contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the contract time or adjustment to the contract amount. The contractor shall afford each utility owner and other contractors (or the County, if the County is performing additional work with the County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its work with theirs. The contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected.

D. If any part of the contractor's work depends, for proper execution or results, upon the work of any other contractor other than a subcontractor or utility owner, the contractor shall inspect and promptly report to the Project Manager, in writing two (2) business days, any delays, defect or other problems in such other work that renders it impossible for the contractor to obtain proper execution or results. The contractor's failure to report will constitute an acceptance of the other work as fit and property for integration with the contractor's work.

18. BONDS

Not applicable to this solicitation.

19. FINAL INSPECTION

A. Maintenance of Work. The contractor shall maintain all work in as-new condition until the final inspection is completed and the work accepted by the Project Manager.

B. Upon notice from the contractor that the service has been completed, the Project Manager will make a final inspection within five (5) business days of receipt of notification. The Project Manager will notify the contractor if necessary of any deficiencies with the project. The contractor shall correct all deficiencies before final acceptance and payment is made. If the deficiencies have not been completed within the contracted time, the Project Manager may send out a notification notifying contractor of assessment of Liquidated Damages that can be applied for any day over the time allowed per the contract.

C. The contractor shall notify the Project Manager when the deficiencies have been completed and corrected. If the deficiencies are not corrected when inspected, the contractor shall be notified again in writing about any deficiencies. Once the repairs have been corrected by the contractor, the Project Manage shall make another inspection. There shall be an eighty dollar ($80.00) inspection fee assessed to the contractor for this inspection and any re-inspection that may be required after that. The fee is assessed to offset the additional costs associated with County labor and vehicle usage required for unnecessary inspections. The fee(s) shall be deducted from the final invoice for that release order.

20. FINAL ACCEPTANCE

A. The contract will be considered complete when all work has been completed and has been accepted by the County and the Project Manager. The contractor will then be released from further obligation except as set forth in the warranty or bonds in this Contract.

B. The County reserves the right, should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the contractor be discovered after the final payment has been made, to claim and recover from the contractor or its surety, or both, by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the Project Manager.

21. MEASUREMENT AND PAYMENT

A. All work completed under the terms of this contract shall be paid as a unit price payment at the cost as established in Section 4, Pricing/Certifications/Signatures, Pricing Section and as discussed in Section 2, Scope of Services.

B. The contractor shall accept compensation provided under the terms of this contract as full payment for furnishing all materials and for performing all work contemplated and embraced under this contract. Such compensation shall also be for any and all loss or damage arising out of the nature of the work or from the action of the elements, or from any unforeseen difficulties or obstructions encountered during the contract period until final acceptance by the County.

22. WARRANTY

A. The contractor shall obtain and assign to the County all express warranties given to the Contractor or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the Project. The Contractor warrants to the County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all work shall be of good quality, free from all defects and in conformance with the Contract Documents. The Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. Unless otherwise specified, if within eighteen (18) months after final completion and acceptance, any work is found to be defective or not in conformance with the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the County. The Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

B. The sod shall be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, the contractor shall treat the affected areas. The process for treating these areas shall be approved by the Project Manager. If the sod does not meet any of the specifications within this document, the contractor shall be responsible to replace it at no expense to the County. It shall be the responsibility of the contractor to ensure that the sod is sufficiently established as previously described within these specifications. If the sod dies or does not become established the contractor shall be responsible for the replacement at no cost to the County.

REQUIRED CONTRACT PROVISIONS
FEDERAL-AID CONSTRUCTION CONTRACTS

I. General
II. Nondiscrimination
III. Non-segregated Facilities
IV. Davis-Bacon and Related Act Provisions
V. Contract Work Hours and Safety Standards Act Provisions
VI. Subletting or Assigning the Contract
VII. Safety: Accident Prevention
VIII. False Statements Concerning Highway Projects
IX. Implementation of Clean Air Act and Federal Water Pollution Control Act
X. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
XI. Certification Regarding Use of Contract Funds for Lobbying
XII. Use of United States-Flag Vessels:

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (*see* 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

> "It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than $10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 “Contract provisions and related matters” with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH–1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH–347 or in any other format desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH–347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices* (1) *Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeyworkers under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* $31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

(1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(2) A contracting agency for its reprocurement costs;

(3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(4) A contractor's assignee(s);

(5) A contractor's successor(s); or

(6) A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901–3907.

4. Subcontracts. The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term “perform work with its own organization” in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. **Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. “First Tier Covered Transactions” refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;.

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

* * * * *

3. **Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily

excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

4. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(1) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(2) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(3) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, ‘on-board’ commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS (23 CFR 633, Subpart B, Appendix B)
This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

Surety Address_____
Surety Address 2 _____
Surety Phone _____

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 03/25/2026 **MEETING DATE:** 4/28/2026
TO: Jennifer Barker, County Manager **ITEM TYPE:** Consent Item
THRU: **ITEM ID:** 42836
BY: Mercedes Ibarra-Sejba, Right-of-Way Agent II
SUBJECT: Approval to Proceed to Close on Deeded Right-of-Way Dedication for Treasure Trove

---

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval:
1. To proceed to closing on a deeded right-of-way dedication for Treasure Trove (DR-26005), which is in the City of Leesburg; and
2. To authorize the Chairman to execute any required closing documents.

The estimated fiscal impact is $800 (expenditure) and is within, and will not exceed, the Fiscal Year 2026 Budget. Commission District 5.

BACKGROUND SUMMARY: Treasure Trove is a planned unit development (PUD) located in the City of Leesburg and occupies Parcel IDs 01-19-25-0500-005-00100, 01-19-25-0500-005-00101, 10-19-25-0002-000-00900. This development covers 55.45 acres with 36.557 acres of developable land. This project proposes 110 residential lots with three different lot sizes: 5,500 square feet, 6,000 square feet, and 7,200 square feet. Treasure Trove will also include in their plans a gated emergency access off East Treasure Island Avenue.

Said site fronts on County Road 44, also known as CR-44 (#5227) and East Treasure Island Avenue (#5729). HG Troon Creek, LLC proposes improvements along CR-44 and East Treasure Island Avenue which will require dedication for additional right of way to the County. This dedication will be by donation and will include deeded ROW from the Grantor.

The encumbrances affecting the dedication are as follows:

- Florida Power Corporation recorded in O.R Book 9, Page 630
- Florida Power Corporation recorded in O.R. Book 521, Page 62
- Florida Power Corporation recorded in O.R. Book 941, Page 918
- Ordinance No. 23-03 recorded in O.R Book 6152, Page 1923
- Reservations in favor of the State of Florida, as set forth in the deed from the Trustees of the Internal Improvement Fund of the
  State of Florida, recorded in Deed Book 263, Page 109 (no state road existed on

land at time of said reservation. Deed includes reservations for petroleum, petroleum products, and other mineral rights)

The total cost to the County for this dedication will be for title settlement fees, title searches, title insurance and recording fees to facilitate dedication. The amount is approximately $800 and will be confirmed at closing.

CR-44 (#5227) is a major collector road requiring 100 feet of total ROW width. This ROW dedication will satisfy the minimum width requirement from the centerline. East Treasure Island Avenue (#5729) is a local road requiring 66 feet of total ROW width. This ROW dedication will also satisfy the minimum width requirement from the centerline. The Grantor will also be dedicating ROW for future intersection improvements.

The staff recommends approval to proceed with closing on the dedication. If approved by the Board of County Commissioners (Board) to proceed, ROW staff will bring back the recorded dedications after closing to the Board for final acceptance.

Fiscal Impact: $800 (expenditure)

MEMORANDUM

Lake County Board of County Commissioners •Public Works Dept., Engineering Division, Right-of-Way Section
350 N. Sinclair Ave., Tavares, FL 32778 • www.lakecountyfl.gov

To: Jennifer Barker, County Manager
Melanie Marsh, County Attorney

From: Mercedes Ibarra-Sejba, Right of Way Agent II

Date: March 25, 2026

Subject: Approval to Proceed to Close on Deeded Right-of-Way Dedication from Treasure Trove

Project: Treasure Trove, DR-26005

Grantor: HG Troon Creek, LLC, a Florida limited liability company

Treasure Trove is a planned unit development (PUD) located in City of Leesburg and occupies Parcel IDs 01-19-25-0500-005-00100, 01-19-25-0500-005-00101, 10-19-25-0002-000-00900. This development covers 55.45 acres with 36.557 acres of developable land. This project proposes 110 residential lots with 3 different lot sizes: 5,500 square feet, 6,000 square feet, and 7,200 square feet. Treasure Trove will also include in their plans a gated emergency access off E Treasure Island Avenue.
Said site fronts on County Road 44, also known as CR-44 (#5227) and East Treasure Island Avenue (#5729), Lake County (County) maintained roads. HG Troon Creek, LLC (Grantor) proposes improvements along CR-44 and East Treasure Island Avenue which will require dedication for additional right of way (ROW) to the County. This dedication will be by donation and will include deeded right of way from the grantor.

The encumbrances affecting the dedication are as follows

- Florida Power Corporation recorded in O.R Book 9, Page 630
- Florida Power Corporation recorded in O.R. Book 521, Page 62
- Florida Power Corporation recorded in O.R. Book 941, Page 918

The total cost to the County for this dedication will be for title settlement fees, title searches, title insurance and recording fees to facilitate dedication. The amount is approximately $800 and will be confirmed at closing.

CR-44 (#5227) is a major collector road requiring 100 feet of total ROW width. This ROW dedication will satisfy the minimum width requirement from the centerline. East Treasure Island Avenue (#5729) is a local road requirement 66 feet of total ROW width. This ROW dedication will also satisfy the minimum width requirement from the centerline. The Grantor will also be dedicating right of way for future intersection improvements.

The staff recommends approval to proceed with closing on the dedication. If approved by the Board of County Commissioners (Board) to proceed, ROW staff will bring back the recorded dedications after closing to the Board for final acceptance.

BOARD OF COUNTY COMMISSIONERS
LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 04/02/2026
MEETING DATE: 4/28/2026
TO: Jennifer Barker, County Manager
ITEM TYPE: Consent Item
THRU:
ITEM ID: 42888
BY: Sandy Beckett, Office Manager
SUBJECT: Wallick Road and Wekiva Trail Roadway Improvement Agreement with BDE Development, LLC

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval:
1. Of a Roadway Improvement Agreement with BDE Development, LLC, related to improvements and land acquisition associated with Wallick Road and the Wekiva Trail Segment 2; and
2. To proceed with the dedications and transfers upon receipt of clear title and authorizing the Chairman to execute all necessary closing documents.

The estimated fiscal impact is $2,000 (expenditure) and is within, and will not exceed, the Fiscal Year 2026 Budget. Commission District 4.

BACKGROUND SUMMARY: The Wekiva Trail Segment 2 Project, located between Hojin Street and SR 46, is currently in the right-of-way (ROW) acquisition phase. To facilitate construction of the trail, an approximate 28,472 sq. ft parcel of land is being donated by the developer, BDE Development, LLC. Furthermore, the developer is donating a 1.23 acre easement for stormwater purposes.

In exchange for the donation, Lake County (County) is providing ROW along the south side of the expansion area of the East Lake Sports and Community Complex to allow access to the developer’s parcel. The developer shall obtain at its cost any additional ROW and/or easements that are not under the control of the County that are needed in the County's discretion to complete the portions of the trail project and roadway extension across the developer's property.

Once the agreement is approved, the parties will proceed with the dedications/transfers and the developer will be required to provide clear title. The estimated cost to the County will be $2,000 to obtain title insurance for the transfers. ROW staff will bring back the recorded dedications after closing to the Board of County Commissioners for final acceptance.

Fiscal Impact: $2,000 (expenditure)

ROADWAY IMPROVEMENT AGREEMENT
FOR WALLICK ROAD AND WEKIVA TRAIL

THIS ROADWAY IMPROVEMENT AGREEMENT (the "Agreement") is by and between **LAKE COUNTY, FLORIDA**, a political subdivision of the State of Florida, (the "County"), and **BDE DEVELOPMENT, LLC.,** a Florida limited liability company (the "Developer"); (together with the County, the "Parties").

WITNESSETH:

WHEREAS, Developer owns approximately forty-five (45) acres of real property in Lake County, Florida, in the Sorrento area, consisting of one parcel located on Camino Court (Alternate Key No. 3864471), said property being more particularly described in **Exhibit A**, attached hereto and incorporated by reference herein (the "Property"); and

WHEREAS, the Parties have identified a need to establish roadway and trail improvements in order to accommodate increased traffic demands anticipated as a result of population growth in Lake County, Florida; and

WHEREAS, Developer will arrange for the preparation of plans and specifications for certain improvements related to the easterly extension of Wallick Road, as more particularly depicted on **Exhibits B, C** and **D** attached hereto and incorporated herein (the "Road Network"); and

WHEREAS, Developer is willing to cause the conveyance to the County of certain portions of Developer's Property as public right-of-way and/or easements for the Wekiva Trail and is willing to design, permit, and construct roadway improvements associated with the Wallick Road extension as identified on **Exhibits B, C** and **D**, in consideration for the various obligations and promises made by the parties herein; and

WHEREAS, Developer is willing to obtain any additional right-of-way or easements not controlled by the County, if such additional right-of-way or easements are deemed necessary in the discretion of the County, to complete the construction projects contemplated herein; and

WHEREAS, County intends to cause the creation of public right-of-way and/or easements to allow Wallick Road to be extended east to access the Developer's Property as identified on **Exhibits B, C** and **D;** and

WHEREAS, entering into this Agreement is in the best interests of the parties and will benefit the public and residents of Lake County.

NOW, THEREFORE, the County and the Developer hereby agree as follows:

1. **Legal Findings of Fact**. The foregoing recitals are hereby adopted as legislative findings of the Board of County Commissioners and are ratified and confirmed as being true and correct and are hereby made a specific part of this Agreement upon adoption hereof.

2. **Effective Date; Definitions**.

(a) This Agreement shall become effective on the date on which this Agreement is executed by the last party hereto ("Effective Date").

(b) The term "Approval", when used in this Agreement with respect to the Initial Design and DE&P, shall mean written confirmation of acceptance by the County Public Works Department of the applicable plans without further comment.

(c) The term "Completion", when used in this Agreement, shall mean final acceptance of such improvements by the County.

(d) The term "DE&P", when used in this Agreement, shall mean the final design, engineering, and construction plans for a particular Segment or Segments (Final plans), and receipt of all required permits as determined by the Developer and the County for a particular Segment or Segments, including, but not limited to, receipt of the St. Johns River Water Management District ("SJRWMD") permit for the stormwater ponds designed for the ultimate Collector Road.

(e) The term "Initial Design", when used in this Agreement, shall mean the design, engineering and construction plans for a particular Segment or Segments at 60% completion (+/- 60% plans), including cross sections, plan view, including any transition grade details, plan profile, and identification of the necessary easements, sufficient to determine the utilities design, road drainage and grading design, and storm sewer and outfall locations, all as determined by the County for a particular Segment or Segments.

(f) The term "Qualified Bidder", when used in this Agreement, shall mean a contractor that is financially responsible, has experience constructing similar projects, and has an adequate bonding capacity for the value of the work.

(g) The term "ROW" shall mean Right of Way dedicated to the County.

3. **Road and Trail Network**.

(a) The Developer shall construct a new road extending east on Wallick Road from Hilldale Avenue to the southeast corner of the Lake County parcel identified with Alternative Key Number 1802709, as shown on **Exhibits B, C and D**, attached hereto. This extension of Wallick Road shall be constructed with two 12-ft wide lanes with Type 'F' curbing, associated stormwater system, and other necessary components. The roadway shall be constructed to County standards. The Developer shall pay for the construction of the new roadway and all associated elements to the County's standards. The Developer should provide internal sidewalk/trail connections to the primary trail network, when Developer constructs infrastructure as a part of Developer's eventual development of its property.

4. **Right of Way Dedication**.

(a) Developer, and its successors and assigns, will cause the dedication by statutory warranty deed, at no cost to the County, and in a form acceptable to the County, of a minimum of forty (40) feet in width of fee simple right-of-way owned or acquired by Developer, plus related easements for drainage, grading, and utility for the new trail system. The draft right of way and easement sketches and legal descriptions are presented in **Exhibit E**. The County and the Developer agree that this obligation for ROW dedication/donation will be assumed and assigned, in whole or in part, to any subsequent purchaser of all or a portion of Developer's Property. The right of way will be dedicated to the County, and in a form acceptable to the County. The conveyance of said right-of-way shall be free and clear of all liens and encumbrances. The County may elect to use a closing agent and obtain title insurance for the transfer(s).

(b) The Developer, and its successors and assigns, will cause the dedication, at no cost to the County, and in a form acceptable to the County, of a drainage easement to serve as a stormwater treatment/floodplain compensation pond as presented in draft form in **Exhibit E**. The County and the

Developer agree that this obligation for easement dedication will be assumed and assigned, in whole or in part, to any subsequent purchaser of all or a portion of Developer's Property. The easement will be dedicated to Lake County and/or the public, and will be maintained by Lake County until the stormwater pond becomes jointly used, at which point it will be maintained by the Developer or successors/assigns. The conveyance of said right-of-way shall be free and clear of all liens and encumbrances.

(c) The Developer, and its successors and assigns, shall ensure the deeded right-of-way and easements associated with the trail are free and clear of all liens and encumbrances unless acceptable in the sole discretion of the County. A right of access from Alternate Key Number 3844791 has previously been provided to the County to allow the trail to cross the easement recorded in OR Book 1891, Pages 1973-1978, and the utility easement in OR 3755 Book, Page 2475, can remain. Furthermore, the County has dedicated right-of-way via OR Book 6536, Page 2492 to allow future access to Alternate Key Number 3864471.

(d) The Developer, and its successors and assigns, will cause the dedication, at no cost to the County, and in a form acceptable to the County, of a Temporary Construction Easement ("TCE") over Developer's Property as presented in draft form in **Exhibit E**.

(e) The Developer, by virtue of this Agreement, hereby grants County a right of access to Developer's Property to aid in constructing the improvements.

(f) The County intends to create a right of way and/or easement to allow the extension of Wallick Road to the east, approaching the Developer's Property. The Developer shall obtain at its cost any additional right-of-way and/or easements that are not under the control of the County, that are needed in the County's discretion to complete the portions of the trail project and roadway extension across the Developer's Property. Developer acknowledges that construction of the roadway extension shall not occur unless and until the County has obtained all required right-of-way/waivers/releases etc. that are needed, in the sole discretion of the County. The approximate location is shown in **Exhibits B, C**, and **D**.

(g) The Parties agree that the Developer and its contractors have a right to enter upon the Developer's Property and/or the right-of-way and easements to be conveyed pursuant to this Agreement for the purpose of constructing the extension of Wallick Road and the trail. This right of entry for construction purposes shall terminate upon completion and approval by the County of the road and trail construction.

(h) The dedications from Developer to County outlined herein shall be executed by Developer no later than ninety (90) days from the Effective Date of this Agreement. Extensions to the time frame for dedication may be authorized by a signed writing from the County Manager, if requested timely by Developer for good cause shown.

5. **Plans and Construction**.

(a) Design of Road Network. The design and construction costs for the extension of Wallick Road shall be the sole responsibility of the Developer. The proposed roadway will extend east from the existing road. Developer, or its successors or assigns, will complete the Design for the two (2) lanes of the roadway and complete the DE&P for the project.

Developer shall be responsible for preparing and submitting to the County plans and specifications for the roadway network and any additional Road Network improvements that Developer elects to design and/or construct and the County approves of (the "Plans and Specifications") in accordance with all County requirements, including the Lake County Standard Format (Scope of Work & Lake County

Deliverable Expectation Matrix) and Lake County Code. The County shall review and approve the Plans and Specifications, 60% (Initial Design), 90%, 100%, and final documents and plans for bidding (DE&P). The County will advise Developer in writing of any changes to the Plans and Specifications within thirty (30) days of submission to the County by the Developer. Any resubmittals of the Plans and Specifications as a result of changes required by the County shall be reviewed and responded to by the Developer within twenty-one (21) days after such resubmittal to the County by Developer. Once approved by the Public Works Department, the final Plans and Specifications shall become a material part of this Agreement and shall be used by the Developer to obtain cost estimates and/or bids and for the purpose of obtaining all permits necessary for the construction of the roadway improvements.

(b) Trail Construction. Construction Plans for the trail shall be completed by the County. The Developer will provide a trail crosswalk (crosswalk to be between 10 and 14 feet in width) at a location mutually acceptable to the County and Developer to provide access from the north side of Wallick Road to the south side of Wallick Road.

(c) Roadway Construction. The roadway and trail may be constructed at different times.

(d) Final Plans and Specifications. Once the County approves the Plans and Specifications, they shall become a material part of this Agreement. The final Plans and Specifications shall be used by the Developer to obtain cost estimates and/or bids for the applicable segment of the Road and/or Trail Network and for the purpose of obtaining all permits necessary for the construction of such segment's improvements. It is understood that the Plans and Specifications and construction for the applicable segment of the Road and/or Trail Network may be modified through the mutual agreement of Developer and the County through the permitting processes.

6. **Stormwater Improvements**.

(a) Developer will be responsible for designing and constructing the stormwater retention and/or detention ponds ("Ponds"), and related conveyance system to accommodate the stormwater runoff from the roadway extension (collectively, "Stormwater Improvements"). The construction of the Stormwater Improvements shall conform in all material respects to the Plans and Specifications to be submitted to the County and thereafter made a material part of this Agreement.

(b) The County will design and construct the stormwater retention, detention or floodplain compensation ponds associated with the trail, and related conveyance system to accommodate the stormwater runoff from the trail system.

(c) If the stormwater is treated on the Developer's property, then the Developer shall cause to be granted to the County an Easement for drainage and retention of stormwater runoff related to the trail and/or roadway, in a form acceptable to the County and at no cost to the County. The Easement for drainage and retention of stormwater runoff shall be dedicated to the County by a metes and bounds legal description or by subdivision plat. In the event a Pond is designed or modified to be jointly used by Developer and County, the Pond will be adequately designed to drain and retain the drainage from the roadway/trail and be permitted with SJRWMD for this purpose. In the event a Pond is jointly used with the County, the Developer or Developer's successors and assigns shall be solely responsible for the expense of maintenance and repair of any Pond jointly used by Developer and County. The County will have no obligation to mow, excavate, shape, sod, landscape, or repair a jointly used Pond. The Developer will cause the dedication of new drainage easements to the County, in a form acceptable to the County, in the event that a Pond or drainage easement is relocated or modified as determined to be necessary by the County. The Developer or its assigns may assign these maintenance obligations to a homeowners' association,

management or property owners' association. The County retains the right to enter these ponds and easements as needed for emergency situations. Developer will cooperate to execute a recordable document in a form acceptable to County to reflect these property rights and maintenance obligations if the County requests.

(d) It is expressly understood and agreed by the Parties that Developer shall at all times have the right to relocate, expand and jointly use, including the design flexibility to commingle stormwater runoff with the development of the Developer's Property, at no cost to the County. In the event Developer desires to modify a Pond, such modifications may be made upon approval of the Lake County Public Works Department, so long as the pond continues to sufficiently accommodate the stormwater runoff from the applicable roadway segment and a new pond easement, and drainage easements are dedicated as required to serve the roadway/trail.

7. **Permits, Environmental Survey, and Mitigation**. Developer shall obtain an environmental survey and all required permits, at Developer's expense, for new roadway, which may include permits from the Florida Department of Transportation, SJRWMD, United States Army Corps of Engineers, Department of Environmental Protection, gopher tortoise permit, skink permit, or other environmental permits, if necessary, prior to being granted final approval by the County to construct such Segments, which final approval shall be evidenced by the County's issuance of the Notice to Proceed. Developer shall be responsible for performing, at Developer's expense, all environmental mitigation related to construction and final grading of the new roadway/trial system. The County shall provide available information that is already in the County's possession to the Developer to assist with this effort.

8. **Construction Bidding and Engineering**.

(a) Project Bid. Developer may use any legal bidding process, as the County is not contributing funds to the design or construction of the project. If in the future County funds are allocated for the project, the Developer shall use the competitive bidding process, in compliance with the County's requirements; to obtain at least three (3) responsive bids for the construction. Each bidder shall be a Responsible and Qualified Bidder. Developer shall submit to the County bid comparisons with all the submitted bids together with a recommendation. Upon receipt of all required documentation, the County shall have 21 days to dispute or approve Developer's recommendation. If the County does not notify Developer of a response to the recommendation within such 21-day period, then the recommendation shall be deemed approved, and Developer shall enter into a construction contract with the selected contractor. If the County disputes Developer's recommendation, County shall provide Developer with the basis for its objection. County and Developer shall have 30 days in which to resolve the dispute and select a contractor. If no solution can be reached in 30 days, the Project shall be rebid. Upon execution of a final construction contract ("Construction Contract") by Developer, a copy of the Construction Contract shall be provided to the Lake County Public Works Department.

(b) Pre-Construction. Prior to or upon commencement of construction and after written notice to proceed has been provided to Developer from the County, Developer shall hold a pre-construction conference with its engineer and contractor, Public Works Department, and involved utility companies. Developer will notify the County at least ten (10) days in advance of such meeting to allow the parties to attend.

(c) Right of Way, Ponds, Easements. All ROW and Easements, including joint use Ponds, required for construction of the trail network, shall be dedicated by donation to the County within ninety (90) days of the signing of this Agreement.

(d) Street Lighting and Power Distribution Lines. If street lighting is installed with prior County and City approval, Developer will be responsible for the operation, maintenance and utility charges for the street lighting installed. This responsibility may be assigned by the Developer to a property management company, community development district ("CDD") or a homeowner's association. Prior to construction, the street lighting plans must be approved by the County Department of Public Works, and evidence of a maintenance entity must be provided. The County shall not be responsible for maintenance of street lighting on the roadway. All Electric Power Distribution Lines and other utilities which serve and are adjacent to the Developer's PUD shall be installed underground at the Developer's cost. Developer will cooperate with executing a separate, recordable Maintenance Agreement reflecting maintenance obligations if the County requests.

(e) Landscaping and Irrigation. If landscaping is installed within the ROW with prior County approval, Developer will be responsible for the operation and maintenance of such landscaping. This includes, but is not limited to, mowing the grass, trimming shrubs, trimming trees, fertilization, pest management, and irrigation system maintenance. This responsibility may be assigned by the Developer to a property management company, community development district ("CDD") or a homeowner's association. Prior to construction, the landscaping plans must be approved by the Department of Public Works, and evidence of a maintenance entity must be provided. The County shall not be responsible for maintenance of landscaping on the roadway. Developer will cooperate with executing a separate, recordable Maintenance Agreement reflecting maintenance obligations if the County requests.

9. **Impact Fee Credits**. No impact fee credits are associated with this project.

10. **Cash Reimbursement.** No cash reimbursement is associated with this project.

11. **Self-Help Provision**. In the event the County desires to expedite the overall construction of the roadway and/or trail, the County shall be permitted, upon delivery of sixty (60) days prior written notice to the Developer, to assume the Developer's responsibilities, unless Developer commences to perform Developer's obligations within such sixty (60) day period. In the event of a material delay in the construction of roadway and/or trail, which delay shall be in excess of thirty (30) days, or Developer fails to perform its obligations under this Agreement, then prior to the exercise of the rights provided to the County in this Section, Developer shall be entitled to written notice and to ninety (90) days after the receipt of that written notice of material delay in which to commence and/or continue in good faith to perform Developer's obligations. If such default, breach or other problem is not corrected within such ninety (90) day period, then the County shall have the right but not the obligation, to utilize the payment and performance bond or letter of credit to complete the project. In such event, the County shall be entitled to ownership of the Plans and Specifications and all permits (including Environmental Permits) granted to Developer in connection with applicable Segment, and Developer shall use its best efforts to ensure the successful transfer of the same to the County In the event that the County exercises its rights contained in this section, Developer shall cause the dedication of all ROW and Easements, including for any joint use Ponds, within the Developer's Property necessary for the County to complete the construction such the roadway/trail.

12. **Term and Nature of Agreement**. The Developer shall take such actions as are necessary to complete the construction of roadway in accordance with this agreement. This Agreement shall terminate upon completion of the roadway network. If Developer has not commenced construction of the roadway within five years of the effective date of this Agreement, the Agreement will be null and void, except that any transfers of property, right of way, or easements that have been completed pursuant to this Agreement shall not be affected.

13. **Compliance with Laws and Regulation**. In performing pursuant to this Agreement, each party hereto shall abide by the respective statutes, ordinances, rules and regulations pertaining to, or regulating, the acts of such party.

14. **Further Assurance**. The Parties anticipate that, related to the construction of the Road Network under this Agreement, Developer may be required to upgrade certain utilities located within the roadway corridor. County will use best efforts to cooperate with Developer or Developer's designee, to facilitate such utility improvements within the proposed right-of-way, which shall include but not be limited to providing any available as-built plans or surveys, providing MOT (maintenance of traffic) guidance, reviewing plans, as applicable, and coordinating the location of such utility improvements within the road right of way.

15. **Notices**. Any notice required or allowed to be delivered hereunder shall be in writing and be deemed to be delivered when (i) hand delivered to the official hereinafter designated, or (ii) three days after the date on which deposited in the United States mail, postage prepaid, certified mail return receipt requested, and addressed to a party at the address set forth below, or such other address as the party shall have specified by written notice to the other party delivered in accordance herewith.

16. **Counterparts**. This Agreement may be executed in any number of counterparts each of which when executed and delivered, shall be an original, but all counterparts shall together constitute one and the same instrument.

17. **Entire Agreement**. This Agreement constitutes the entire agreement of the Parties with respect to the subject matter hereof and may not be modified or amended except by a written instrument equal in dignity herewith and executed by the Parties to be bound thereby.

18. **Time is of the Essence**. Time is hereby declared of the essence as to the lawful performance of all duties and obligations set forth in this Agreement.

19. **Non-Waiver**. No consent or waiver, expressed or implied, by either party, to or of any breach or default of the other party, with regard to the performance by said other party of its obligations under this Agreement shall be deemed or construed to constitute consent or waiver, to or of, any other breach or default in the performance of that party, of the same or of any other objection of performance incumbent upon that party. Failure on the part of either party to complain of any act or failure to act on the

part of the other party in default, irrespective of how long the failure continues, shall not constitute a waiver by that party of its rights and any remedies that exist under this Agreement, at law, or in equity.

20. **Construction of Agreement**. This Agreement shall not be construed against either party on the basis of it being the drafter of the Agreement. The Parties agree that both herein played an equal part in negotiating the terms and conditions of this Agreement. Captions and section headings in this Agreement are provided for convenience only and shall not be deemed to explain, modify, amplify or aid in the interpretation, construction or meaning of the Agreement.

21. **Public Records**. Pursuant to Section 119.0701, Florida Statutes, Developer shall comply with the Florida Public Records' laws, and shall:

(a) Keep and maintain public records required by the County to perform the services identified herein.

(b) Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Developer does not transfer the records to the County.

(d) Upon completion of the contract, transfer, at no cost, to the County all public records in possession of the Developer or keep and maintain public records required by the County to perform the service. If Developer transfers all public records to the County upon completion of the contract, Developer shall destroy any duplicate public records that are exempt, or confidential and exempt, from public records disclosure requirements. If Developer keeps and maintains public records upon completion of the contract, Developer shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

IF THE DEVELOPER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE DEVELOPER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT LAKE COUNTY PUBLIC WORKS, P.O. BOX 7800, 350 N. SINCLAIR AVE, TAVARES, LAKE COUNTY, FL, OR AT 352-253-6000 OR VIA EMAIL AT CR_ENGINEERING@LAKECOUNTYFL.GOV.

(e) Failure to comply with this subsection will be deemed a breach of the agreement and enforceable as set forth in Section 119.0701, Florida Statutes.

(f) Unless otherwise provided, Developer shall maintain substantiating records as required by the State of Florida, General Records Schedule GS1-SL ("Schedule") for State and Local Government Agencies. If Developer receives notification of a dispute or the commencement of litigation regarding the Project within the time specified in the Schedule, the Developer shall continue to maintain all service records until final resolution of the dispute or litigation.

22. **Records and Audits**. Developer shall maintain in its place of business all books, documents, papers and other evidence pertaining in any way to payments made pursuant to this Agreement. Such records shall be available at the Developers' place of business at all reasonable times during the term of this Agreement and for ten (10) years from the date of final payment under this Agreement for audit or inspection by the County upon five (5) business days prior written notice.

23. **Equal Opportunity Employment**. Developer agrees that it will not discriminate and will provide in all contracts that its contractors will not discriminate against any employee or applicant for employment under this Agreement because of race, color, religion, sex, age or national origin and will take affirmative steps to ensure that applicants are employed and employees are treated during employment without regard to race, color, religion, sex, age or national origin.

24. **Breach**. In the event of a breach hereof by either party hereto, then the other party hereto shall have all rights and remedies allowed by law, including the right to specific performance of the provisions hereof.

25. **Amendment**. This Agreement may only be amended by an instrument in writing executed by the Parties hereto or their successors in interest.

26. **Severability**. If any part of this Agreement is found invalid or unenforceable by any court, such invalidity or unenforceability shall not affect the other parts of this Agreement if the rights and obligations of the Parties contained therein are not materially prejudiced and if the intentions of the Parties can continue to be effectuated. To that end, this Agreement is declared severable.

27. **Assignment**. This Agreement and all the rights, obligations and responsibilities hereunder, shall be assignable in whole or in part by Developer without prior approval of County. In the event Developer assigns all or a portion of this Agreement, the Developer will provide the County with written notice. It is understood and agreed by the Parties that upon a complete assignment, the assignor shall be fully released from any and all obligations and responsibilities arising under or attributable to the Agreement.

28. **Disclaimer of Third-Party Beneficiaries**. No right or cause of action shall accrue upon or by reason of this Agreement, to or for the benefit of any third party not a formal party hereto, except any successors in interest of the Developer or the County.

29. **Governing Law and Venue**. This Agreement shall be governed by and construed in accordance with laws of the State of Florida. In the event of any legal action concerning this Agreement, venue shall be in a court of competent jurisdiction in and for Lake County, Florida, and each Party shall be responsible for its own attorneys' fees and costs.

30. **Land Use Approvals**. This Agreement shall not be construed as granting or assuring or indicating any further grant of any land use, zoning, subdivision, density or development approvals, permissions or rights with respect to the Development Projects, nor shall this Agreement be deemed to reduce, eliminate, derogate from, or otherwise adversely affect any such approvals, permissions or rights.

31. **No Estoppel:** Approval of this Agreement cannot be relied upon to assert a claim of estoppel against the County if the property identified herein cannot be developed due to the inability to meet other requirements under the applicable Land Development Regulations. The Owner is solely responsible for performing any necessary due diligence to ensure the property will appropriately support future development.

32. **Indemnity**. Developer, its successors and assigns shall, to the fullest extent permitted by law, defend, indemnify, and hold harmless the County, its officers, commissioners, agents, and employees from and against any and all claims, suits, judgments, demands, liabilities, damages, cost and expenses (including attorneys' fees) for personal injury, bodily injury, property damage or other liability of any kind or nature whatsoever arising directly or indirectly out of or caused in whole or in part by any act or omission relating to roadway construction and improvements provided under this Agreement by the Developer, its agents or employees, or any contractor employed by the Developer, or anyone directly or indirectly employed by them, or anyone for whose acts any of them may be liable, excepting only those acts or omissions arising out of the sole negligence of the County.

33. **Insurance**. The Developer shall maintain, or cause its agents and contractors to maintain, insurance and bonding as required by the County.

(a) The performance bond required for this construction can be provided by either the Developer or the contractor, but in any event should comply with County policy and use County's bond forms. Developer must provide, or caused to be provided, a Performance and Payment Bond or irrevocable letter of credit in an amount that represents one hundred ten percent (110%) of the estimated costs for construction of the road and trail and associated improvements for the extension of Wallick Road. The Performance and Payment Bond form supplied by the County and attached hereto as **Exhibit F** will be the only acceptable form for these bonds.

(b) Developer shall also warrant the work performed for a period of twenty-four (24) months from the date this Agreement terminates. Developer shall additionally provide, or cause to be provided, to the County a maintenance bond or an irrevocable letter of credit, acceptable to the County Attorney's Office, in the amount of ten percent (10%) of the total construction cost of the improvements for the maintenance period. If, during the maintenance period, the County notifies Developer of a defect in the roadway and Developer fails to correct the same within a reasonable period (taking into consideration the nature of the defect in question and any risk to the public), County may utilize the maintenance bond or irrevocable letter of credit to remedy such defect. The parties recognize that the terms of the bond or letter of credit will control.

34. **Exhibit List**. The following Exhibits are attached hereto and by this reference made a part hereof:

Exhibit A:	Parcel Location
Exhibit B:	Concept Plan for Wallick Road Extension and Wekiva Trail
Exhibit C:	Wekiva Trail Segment 2 Partial Plans
Exhibit D:	East Lake Sports and Community Complex Plans - Trail
Exhibit E:	Draft Deeds and Easements
Exhibit F:	County Bond Forms

IN WITNESS WHEREOF, the Parties have caused these presents to be executed as of the date and year below written: County, through its Board of County Commissioners, signing by and through its Chairman, and Developer, through its/their duly authorized representatives.

SCHEDULE "A"

WT 19 BDE Dev. RW

DESCRIPTION:
(Parcel 110)

A portion of Section 20, Township 19 South, Range 28 East, Lake County, Florida, being more particularly described as follows:

Commence at Southwest corner of the Southeast quarter of the Southwest quarter of Section 20, Township 19 South, Range 28 East, Lake County, Florida; thence North 00°39'40" West, a distance of 20.00 feet along the West line of the Southeast quarter of the Southwest quarter of said Section 20 to the POINT OF BEGINNING; thence continue along said West line North 00°39'40" West, a distance of 70.00 feet; thence departing said West line, South 45°33'04" East, a distance of 42.51 feet; thence North 89°33'33" East, a distance of 611.84 feet; thence South 01°06'01" West, a distance of 40.01 feet; thence North 89°33'33" East, a distance of 19.88 feet; thence South 01°22'17" West, a distance of 20.01 feet to a point on the South line of the Southwest quarter of aforementioned Section 20; thence South 89°33'33" West, a distance of 109.09 feet along said South line; thence departing said South line, North 43°15'11" West, a distance of 27.26 feet; thence South 89°33'33" West, a distance of 532.23 feet to the aforementioned West line of the Southeast quarter of the Southwest quarter of Section 20, and the POINT OF BEGINNING.

Containing 28,472 square feet, more or less.

SURVEYOR'S REPORT:

1. Bearings shown hereon are based on the West line of the Southeast 1/4 of the Southwest 1/4 of Section 20, Township 19 South, Range 28 East, Lake County, Florida, being North 00°39'40" West. (Assumed)
2. I hereby certify that the "Sketch of Description" of the above described property is true and correct to the best of my knowledge and belief as recently drawn under my direction and that it meets the Standards of Practice for Land Surveying Chapter 5J-17 requirements of Florida Administration Code.

DRAINAGE EASEMENT
(Corporation)

THIS EASEMENT, made this_____ day of _____, 2026, between BDE DEVELOPMENT, LLC, a Florida limited liability company
5739 Byron Anthony Place, Suite 2001, Sanford, FL 32771
as "first party" and

LAKE COUNTY, a political subdivision of the State of Florida, P.O. Box 7800, Tavares, Florida 32778-7800, as "second party".

WITNESS, that the first party, in consideration of the sum of Ten Dollars ($10.00) and other valuable consideration, the receipt of which is hereby acknowledged, does hereby grant unto the second party its successors and assigns, a perpetual Easement and right-of-way for the purpose of clearing, excavating, constructing and maintaining outfall and drainage ditches in, upon and through the following described tract of land in Lake County, Florida, to-wit:

AS SET FORTH ON EXHIBIT "A" ATTACHED HERETO AND INCORPORATED HEREIN.

TO HAVE AND TO HOLD the same unto the second party, its successors and assigns, together with immunity unto the second party, its successors or assigns, from all claims of damage, if any, arising from or growing out of such construction and/or maintenance, to the lands, if any, owned by the first parties, lying adjacent or contiguous to the lands herein above described.

The property owner shall maintain the legal right to modify, reconfigure and/or relocate the drainage facilities in any manner which still provides for treatment and attenuation of stormwater; this includes underground vaults and/or exfiltration trenches and shall be the maintenance entity for the stormwater ponds. It is expressly understood and agreed by the parties that the "first party" shall at all times have the right to relocate, expand and jointly use the Retention Pond area identified in Exhibit "A", and to commingle in said retention pond, stormwater runoff from and in connection with the development of the "first party's" property, so long as the retention pond continues to sufficiently accommodate the stormwater runoff from the Wekiva Trail Segment 2, Phase A Project. Maintenance of said pond area shall be the responsibility of the property owner once it is jointly used.

In the event the "first party" desires to relocate the drainage facilities and/or the retention pond out of the easement area granted or conveyed to the "second party" under this Agreement, the "first party" shall grant the "second party" a new easement, at no additional cost to the "second party", covering the area of the relocated drainage facilities and/or retention pond area. The new easement shall be of the same size, width, and functionality as the easement area purchased hereunder, and such new easement area shall be in a location agreeable to the "second party". "First party" shall be responsible for all costs associated with relocating the drainage facilities and/or retention pond to the new easement area.

EXHIBIT E
DRAFT DEEDS AND EASEMENTS

IN WITNESS THEREOF, first party has hereunder set his or her hand and seal on this the day and year first above written. Signed, Sealed and Delivered in our presence as witnesses:

County Bond Forms

PERFORMANCE/PAYMENT BOND

Award Recommended Vendor (ARV) shall execute and deliver to County a Performance and Payment Bond in an amount representing 100% of Contract price. The County's Performance and Payment Bond Form shall be the only acceptable form. Completed form must be delivered to County within fifteen (15) calendar days after formal notice of award. Failure to deliver the Performance and Payment Bond as directed will result in ARV being declared in default of contractual terms and conditions. ARV shall surrender the associated proposal bond (if any). No bid submissions will be accepted from ARV for the following twelve (12) month period.

A. Bonds shall be written through Surety Insurers (Surety) listed on Sunbiz.org as surety, with the management and financial strength qualifications according to the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey:

Bond Amount	Best Rating
500,001 to 1,500,000	B V
1,500,001 to 2,500,000	A VI
2,500,001 to 5,000,000	A VII
5,000,001 to 10,000,000	A VIII
Over 10,000,000	A IX

B. Contracts under $500,000, bond provisions of Section 287.0935, Florida Statutes apply.

C. Contracts over $500,000, provisions of Section B apply plus Surety must be on the Treasury List for the last three consecutive years or hold a valid Certificate of Authority of at least 1.5 million dollars and be on the current Treasury List. Surety must be in the current Surety Bonds - List of Certified Companies (treasury.gov) published by US Department of the Treasury. Bond amount must not exceed underwriting limitations shown in the List.

D. Surety Bonds guaranteed through U.S. Government Small Business Administration or Contractors Training and Development Inc. will be acceptable.

E. An irrevocable letter of credit or a cash bond in the form of a certified cashier's check written to the Board of County Commissioners will be acceptable. Interest will accrue to County if funds are held by County.

F. The attorney-in-fact or other officer signing a contract bond for a Surety must include a certified copy of power of attorney authorizing the officer to do so. Contract bond must be counter signed by Surety's resident Florida agent.

AWARD RECOMMENDED VENDOR INSTRUCTIONS

Upon award, completed original County approved Performance/Payment bond forms shall be submitted to Lake County Procurement Services for bond recording. Bond(s) will be acceptable to County if the following exists:

A. Surety is licensed to do business in the State of Florida;

B. Surety holds a Certificate of Authority authorizing it to write surety bonds in this State;

C. Surety has twice the minimum surplus and capital requirements required by the Florida Insurance Code at the time the invitation to bid is issued;

D. Surety is otherwise in compliance with the Florida Insurance Code;

E. Surety has a current rating of A or A- as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc., if the bid exceeds $500,000.; and

F. Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. Section 9304.

Performance/Payment Bond recording fee is ten dollars ($10.00) for first page and eight dollars and fifty cents ($8.50) for each additional page. Submit a check made payable to Gary J. Cooney, Clerk of the Court.

BOND NO. _____

KNOW ALL MEN BY THESE PRESENTS: that We,

Contractor_____
Contractor Address_____
Contractor Address 2_____
Contractor Telephone_____

(hereinafter called the "Principal"), whose principal business address and telephone number is as stated above; and

Surety_____
Surety Address_____
Surety Address 2 _____
Surety Phone _____

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____) for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal has entered into a contract with Obligee for _____ Contract No. _____ in accordance with drawings and specifications, which contract is incorporated herein by reference and made a part hereof, and is referred to as the Contract.

NOW THEREFORE, THE CONDITION OF THIS BOND are such that if Principal:

1. Fully, promptly, and faithfully performs the Contract at the times and in the manner prescribed in the Contract, including all obligations imposed by the Contract documents, specifications, and changes orders;

2. Pays Obligee any and all losses, damages, costs and attorneys' fees, including appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract; and

4. Promptly make all payments to all persons defined in Section 713.01, Florida Statutes, as amended, whose claims derive directly or indirectly from the prosecution of the work provided for in the Contract;

then this bond shall be void; otherwise it remains in full force and effect.

BOND NO. _____

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in any way affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a statutory bond. It is expressly understood the time provisions and statute of limitations under Section 255.05, Florida Statutes, as amended, shall apply to this bond.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public performance bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

PAYMENT BOND

BOND NO. _____

KNOW ALL MEN BY THESE PRESENTS: that We,
Contractor_____
Contractor Address_____
Contractor Address 2_____
Contractor Telephone_____

(hereinafter called the "Principal"), whose principal business address and telephone number is as stated above; and

Surety_____
Surety Address_____
Surety Address 2 _____
Surety Phone _____

(hereinafter called the "Surety"), whose principal address and telephone number is as stated above, a surety insurer chartered and existing under the laws of the State of _____and authorized to do business in the State of Florida; are held and firmly bound unto Lake County Board of County Commissioners, Lake County, Florida (hereinafter called the "Obligee"), whose principal address is P.O. Box 7800, Tavares, Florida 32778, and whose principal telephone number is (352) 343-9800, in the sum of

_____
_____ ($_____)

for payment of which we bind ourselves, our heirs, our legal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal and Obligee as Owner have reached a mutual agreement for _____ (hereinafter referred to as the "Contract") which conditions and provisions as are further described in the aforementioned Contract, which said Contract being made a part of this Bond by this reference for the purpose of perfecting this Bond.

NOW THEREFORE, THE CONDITIONS OF THIS BOND are such that if Principal:

1. Shall promptly make payments to all claimants as defined in Section 255.05(1), Florida Statutes, as amended, supplying the Principal with labor, materials or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

2. Shall pay the Obligee for all losses, damages, expenses, costs and attorneys' fees, including those resulting from appellate proceedings, that the Obligee sustains because of a default by the Principal in contravention to the Contract in regard to payment for such labor, materials, or supplies furnished to the Principal;

then this bond shall be void; otherwise this Bond remains in full force and effect.

BOND NO. _____

BE IT FURTHER KNOWN AND AGREED TO BY THE PARTIES THAT:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Obligee of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Obligee or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, as amended, and as otherwise provided by law.

3. The Provisions of this bond are subject to the limitations of Section 255.05(2), Florida Statutes, as amended.

By execution of this bond, the Surety acknowledges that it has read the Surety qualifications and obligations imposed by the Contract and hereby satisfies those conditions.

The parties agree that this public bond and any claims instituted under this bond shall be governed by the laws, rules and regulations of the State of Florida and venue shall be in a court of competent jurisdiction in and for Lake County, Florida.

IN WITNESS WHEREOF, the above bounded parties have executed this instrument on the day and year below mentioned, the name of each party being affixed and these presents duly signed by its/their undersigned representative(s), pursuant to authority of its governing body.

BOARD OF COUNTY COMMISSIONERS
LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 02/26/2026
MEETING DATE: 4/28/2026
TO: Jennifer Barker, County Manager
ITEM TYPE: Consent Item
THRU:
ITEM ID: 42691
Jeffrey Earhart, Engineering & Operations Director - Central District
BY: Sandy Beckett, Office Manager
SUBJECT: Maintenance Map for a Portion of Micro Racetrack Road

---

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval of a Maintenance Map for Micro Racetrack Road which covers 8,800 linear feet between CR 466A and Lake Ella Road near the City of Lady Lake area.

The estimated fiscal impact is $200 (expenditure) and is within, and will not exceed, the Fiscal Year 2026 Budget. Commission District 5.

BACKGROUND SUMMARY: The right of way being claimed by maintenance on the Micro Racetrack Road (6202) Maintenance Map is vested in Lake County pursuant to Section 95.361, Florida Statutes, and has been constructed and continuously and uninterruptedly maintained and repaired by Lake County for a period of at least seven years. An affidavit has been provided by the Lake County Roads Superintendent confirming the continuous maintenance and repair of the roadway.

This maintenance map is for Micro Racetrack Road, which covers 8,800 linear feet between CR 466A and Lake Ella Road in the City of Lady Lake. This map is being filed to clear title to County maintained lands along this section of roadway.

Lake County's mowing and maintenance records indicate staff performed work on Micro Racetrack Road between June 1, 2011 and January 30, 2026. Maintenance will continue after this date. Maintenance logs are attached to this agenda item.

Fiscal Impact: $200 (expenditure)

LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 03/27/2026
MEETING DATE: 4/28/2026
TO: Jennifer Barker, County Manager
ITEM TYPE: Consent Item
THRU:
ITEM ID: 42846
Jeffrey Earhart, Engineering & Operations Director - Central District
BY: Sandy Beckett, Office Manager
SUBJECT: Road Transfer Agreement to City of Leesburg

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval of a Road Transfer Agreement to transfer portions of Bridges Road, Busby Road, Dewey Robbins Road, Duncan Road, Fernery Road, Number Two Road, Poe Road, and Windmill Road to the City of Leesburg.

The estimated fiscal impact is $200 (expenditure) and is within, and will not exceed, the Fiscal Year 2026 Budget. Commission District 5.

BACKGROUND SUMMARY: Paragraph 3.e, Maintenance of ROW, of the Interlocal Service Boundary Agreement (ISBA) dated December 3, 2014, states that the City, upon annexation of a sum of greater than fifty percent (50%) of the existing frontage of properties abutting any road right-of-way, excluding a county four-lane or greater roadway, shall assume maintenance responsibility for such road segment. Therefore, the City of Leesburg seeks to assume jurisdiction over portions of Bridges Road, Busby Road, Dewey Robbins Road, Duncan Road, Fernery Road, Number Two Road, Poe Road, and Windmill Road.

Fiscal Impact: $200 (expenditure).

ROAD TRANSFER AGREEMENT
(Related to the Interlocal Service Boundary Agreement dated December 3, 2014)

THIS IS A ROAD TRANSFER AGREEMENT ("Agreement") by and between Lake County, Florida, a political subdivision of the State of Florida ("County") and the City of Leesburg, a municipal corporation pursuant to the Laws of Florida, ("City"), collectively the "parties," regarding the transfer of jurisdiction and maintenance of certain specified roadways.

WHEREAS, Section 163.01, Florida Statutes, provides that local governments may enter into interlocal agreements to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage; and

WHEREAS, Section 335.0415, Florida Statutes, provides that public roads may be transferred between jurisdictions by mutual agreement of the affected governmental entities; and

WHEREAS, Paragraph 3.e, *Maintenance of ROW*, of the Interlocal Service Boundary Agreement (ISBA) dated December 3, 2014, states that the City, upon annexation of a sum of greater than fifty percent (50%) of the existing frontage of properties abutting any road right-of-way, excluding a county four-lane or greater roadway, shall assume maintenance responsibility for such road segment; and

WHEREAS, the County and the City desire to transfer jurisdiction of the roadways depicted in **Exhibit A,** attached hereto and incorporated herein, from the County to the City, to facilitate development occurring within the City; and

WHEREAS, the County and the City agree that entry of this Agreement between the parties benefits the residents of both jurisdictions and is in the best interests of the public health, safety and welfare of all residents of Lake County.

NOW THEREFORE, IN CONSIDERATION of the mutual terms, understandings, conditions, premises, and covenants hereinafter set forth, and intending to be legally bound, the parties hereby agree as follows:

1. **Legal Findings of Fact.** The foregoing recitals are hereby adopted as legislative findings of the Board of County Commissioners and are ratified and confirmed as being true and correct and are hereby made a specific part of this Agreement upon adoption hereof.

2. **County Obligations.** In accordance with Section 335.0415, Florida Statutes, the County transfers to the City any and all jurisdiction, ownership interest, operation and maintenance responsibilities that the County may have in the following roadways as depicted in

Exhibit A, attached hereto and incorporated herein, to include:

ROAD:	FROM:	TO:
Bridges Road	US 27	FL Turnpike (City Limits)
Busby Road	#2 Road	Terminus
Dewey Robbins Road	US 27	Terminus of ISBA
Duncan Road	Beginning (Dewey)	Terminus (BarKey)
Fernery Road	SR 44	City Limits
#2 Road	CR 48	Terminus of ISBA
Poe Road	SR 44	CR 473
Windmill Road	US 27	Terminus (Whispering Hills)

3. City Obligations.

A. As of the Effective Date as described herein, the City accepts any and all jurisdiction, ownership interest, operation and maintenance responsibilities that the County may have in the identified roadways and related right of ways.

B. The County will record an Affidavit Affecting Real Property pursuant to Section 695.26, Florida Statutes, which shall be in substantially similar form to the Affidavit attached hereto and incorporated herein as **Exhibit B,** reflecting the effective date of the ownership and maintenance transfer. City will cooperate fully to execute this Affidavit and with any requests of County related to this Affidavit or such further transfer documents that County may deem necessary to effectuate this transfer.

4. Termination. This Agreement cannot be terminated unless mutually agreed upon by the parties in writing.

5. Modifications. Unless otherwise specified herein, no modification, amendment, or alteration of the terms or conditions contained herein shall be effective unless contained in a written document executed by the parties hereto, with the same formality and of equal dignity herewith.

6. Notices. All notices, demands, or other writings required to be given or made or sent in this Agreement, or which may be given or made or sent, by either party to the other, shall be deemed to have been fully given or made or sent when in writing and addressed as follows:

COUNTY
Lake County

Tavares, Florida 32778

CITY
City of Leesburg
City Manager
501 West Meadow Street
P.O. Box 490630
Leesburg, FL 34749

A. All notices required, or which may be given hereunder, shall be considered properly given if (1) personally delivered, (2) sent by certified United States mail, return receipt requested, or (3) sent by Federal Express or other equivalent overnight letter delivery company.

B. The effective date of such notices shall be the date personally delivered, or if sent by certified mail, the date the notice was signed for, or if sent by overnight letter delivery company, the date the notice was delivered by the overnight letter delivery company.

C. Parties may designate other parties or addresses to which notice shall be sent by notifying, in writing, the other party in a manner designated for the filing of notice hereunder.

7. Entire Agreement. This document embodies the entire agreement between the parties. It may not be modified or terminated except as provided herein.

8. Severability. If any provision of this Agreement is found by a court of competent jurisdiction to be invalid, it shall be considered deleted here from and shall not invalidate the remaining provisions.

9. Effective Date. This Agreement shall become effective upon the date the last party hereto executes it; however, the effective date of the transfers shall be the date of execution of the Affidavit Affecting Real Property, attached hereto as **Exhibit B**.

10. Exhibits. This Agreement includes the following exhibits, all of which are incorporated in this Agreement as essential and material terms

Exhibit A .....Location of Segments
Exhibit B.....Affidavit Affecting Real Property

IN WITNESS WHEREOF, the parties, through their duly authorized representatives have signed and entered this agreement on the dates under each signature.

AFFIDAVIT AFFECTING REAL PROPERTY

{Pursuant to Section 695.26, Florida Statutes}

STATE OF FLORIDA
COUNTY OF LAKE

BEFORE ME, the undersigned authority, on this day personally appeared, AL MINNER, as City Manager for the City of Leesburg, 501 West Meadow Street, P.O. Box 490630, Leesburg Florida, 34749, who being first duly sworn, deposes and says:

1. This is an Affidavit Affecting Real Property pursuant to Section 695.26, Florida Statutes, by which an interest in real property is assigned to the City of Leesburg ("City") via an Interlocal Road Transfer Agreement Between Lake County, Florida and City of Leesburg, Florida ("Interlocal Agreement").

2. As of _____(date), the Effective Date as defined in the Interlocal Agreement, any and all jurisdiction, ownership interest, operation and maintenance responsibilities that the County may have in the portion of the following roadways and related right of way, were transferred to the City, to wit:

ROAD:	FROM:	TO:
Bridges Road	US 27	FL Turnpike (City Limits)
Busby Road	#2 Road	Terminus
Dewey Robbins Road	US 27	Terminus of ISBA
Duncan Road	Beginning (Dewey)	Terminus (BarKey)
Fernery Road	SR 44	City Limits
#2 Road	CR 48	Terminus of ISBA
Poe Road	SR 44	CR 473
Windmill Road	US 27	Terminus (Whispering Hills)

3. This Affidavit is being recorded to provide notice to third parties that the City, its successors and assigns, are fully responsible for the maintenance of the herein described roadway and related right of way, that the County has assigned all responsibilities to the City, its successors and assigns for the property described in the Interlocal Agreement incorporated herein by reference.

FURTHER AFFIANT SAYETH NOT.

BY: Sandy Beckett, Office Manager
SUBJECT: Road Transfer Agreement – Turkey Farm Road

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval of a Road Transfer Agreement to transfer Turkey Farm Road (CR 1750) from Lake County to the City of Minneola.

The estimated fiscal impact is $102 (expenditure) and is within, and will not exceed, the Fiscal Year 2026 Budget. Commission District 2.

BACKGROUND SUMMARY: Camp Lake IA LLC is proposing to develop a site off Turkey Farm Road (1750) by the name of Camp Lake Commerce Center. Camp Lake IA LLC is required to improve Turkey Farm Road (1750) from clay to paved road to meet the City of Minneola road standards. The County is transferring deeded right of way for Turkey Farm Road and right of way claimed by maintenance for Turkey Farm Road to the City of Minneola. The City of Minneola will oversee any improvement to the road. The transfer property is approximately 4.81 acres.

The agreement obligates Camp Lake IA LLC to provide the operation, maintenance, and repair of Turkey Farm Road, including but not limited to grading, surface, signage, drainage, and vegetation control. All maintenance done by Camp Lake IA LLC shall be in accordance to city, county, and state standards.

This new roadway will service the future Camp Lake Commerce Center, Founder's Ridge, a cell tower, and the proposed Citrus Grove Road PUD development.

Fiscal Impact: $102 (expenditure).

ROAD TRANSFER AGREEMENT
(Turkey Farm Road)

THIS ROAD TRANSFER AGREEMENT ("Agreement") is entered into by and between Lake County Board of County Commissioners, a political subdivision of the State of Florida (the "County"), the City of Minneola, a municipal corporation (the "City"), and Camp Lake IA LLC, a Delaware limited liability company authorized to conduct business in the State of Florida ("CLIA") (collectively the "Parties,"), as of the Effective Date (as hereinafter defined), for the transfer of jurisdiction and ownership of Turkey Farm Road (as hereinafter defined) to the City, and the assignment of operational and maintenance responsibility of Turkey Farm Road to CLIA.

WHEREAS, Section 163.01, Florida Statutes, provides that local governments may enter into interlocal agreements to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage; and

WHEREAS, Section 335.0415, Florida Statutes, provides that public roads may be transferred between jurisdictions by mutual agreement of the affected governmental entities; and

WHEREAS, prior to execution of this Agreement, the County-owned right-of-way commonly referred to as "Turkey Farm Road" is a County-maintained clay road as more particularly described and depicted on **Exhibit "A"** attached hereto ("Turkey Farm Road"); and

WHEREAS, the County and the City desire to transfer jurisdiction of Turkey Farm Road to the City, to coincide with development occurring within the City with CLIA; and

WHEREAS, CLIA has acquired property adjacent to Turkey Farm Road and is undertaking development activities within the City's jurisdiction, and CLIA has agreed to accept operation and maintenance responsibilities for Turkey Farm Road, relieving both the City and the County of such obligations;

WHEREAS, the Parties agree that entry of this Agreement between them benefits residents of both jurisdictions and is in the best interests of the public health, safety and welfare of all residents of Lake County.

NOW THEREFORE, IN CONSIDERATION of the mutual terms, understandings, conditions, premises, and covenants hereinafter set forth, and intending to be legally bound, the Parties hereby agree as follows:

1. Legal Findings of Fact. The foregoing recitals are hereby adopted as legislative findings of the County and City and are ratified and confirmed as being true and correct and are hereby made a specific part of this Agreement upon adoption hereof.

2. County Obligations. In accordance with Section 335.0415, Florida Statutes, the County transfers to the City any and all jurisdiction and ownership interest, but not maintenance or operational responsibilities, that the County may have in Turkey Farm Road, as depicted in the legal description and sketch attached hereto and incorporated herein as **Exhibit "A"**. Additionally, the County transfers to the City its ownership interest in the instruments listed in **Exhibit "B"** ("Applicable Instruments") to the extent the lands described therein are located within, on, under, and/or adjacent to Turkey Farm Road.

3. City Obligations.

A. As of the Effective Date, the City accepts jurisdiction and ownership of Turkey Farm Road solely for planning and regulatory purposes. The City does not accept and shall not be responsible for any operation, maintenance, or repair obligations related to Turkey Farm Road unless and until expressly authorized by separate written agreement or resolution of the City Council following improvements made to City standards.

B. The City shall cooperate in executing and recording an Affidavit Affecting Real Property (**Exhibit "C"**), reflecting the ownership transfer, provided that such documents are consistent with this Agreement.

C. The City shall cooperate in executing and recording assignments of the Applicable Instruments, provided that they are consistent with this Agreement.

4. CLIA Obligations. Subject to the land use and regulatory control of City, CLIA shall be solely responsible for all operation, maintenance, and repair of Turkey Farm Road, including but not limited to grading, surfacing, signage, drainage, and vegetation control.

A. All maintenance and operation by CLIA shall comply with applicable City, County, and State standards. CLIA shall indemnify and hold harmless the City and County from any liability, cost, or damages resulting from CLIA's failure to perform these responsibilities.

B. These obligations shall be binding upon CLIA's successors and assigns and the aforementioned Affidavit Affecting Real Property shall be recorded in the public records of Lake County, Florida as a covenant running with the land benefitting CLIA's development property.

C. The City and County shall not be obligated to expend any funds or resources for the maintenance or operation of Turkey Farm Road unless expressly agreed in writing.

5. Adjacent Properties Access. The Parties agree that their obligations pursuant to this Agreement must be carried out in such a way as to maintain at all times reasonable access for the Adjacent Property Owners (as hereinafter defined) to Turkey Farm Road. "Adjacent Property

Owners" means the current or future fee owners of those certain tracts or parcels of land presently identified by the County Property Appraiser as: (i) Alternate Key 1028957 (Parcel Number 05-22-26-0004-000-00800); (ii) Alternate Key 3839020 (Parcel Number 05-22-26-0002-000-01200); (iii) Alternate Key 3850819 (Parcel Number 05-22-26-0004-000-01300); and (iv) Alternate Key 1031176 (Parcel Number 052226000400000700) (the "Adjacent Properties"). This Section 5, and the Adjacent Property Owners' access to Turkey Farm Road are subject in all respects to the (A) topographical, slope, grading, and other physical attributes and limitations of the Adjacent Properties and Turkey Farm Road and (B) all City or County (as applicable) permitting, access, building, construction, and other regulatory requirements applicable to the Adjacent Properties

6. Termination. This Agreement cannot be terminated unless mutually agreed upon by the parties in writing.

7. Modifications. Unless otherwise specified herein, no modification, amendment, or alteration of the terms or conditions contained herein shall be effective unless contained in a written document executed by the parties hereto, with the same formality and of equal dignity herewith.

8. Notices. All notices, demands, or other writings required to be given or made or sent in this Agreement, or which may be given or made or sent, by either party to the other, shall be deemed to have been fully given or made or sent when in writing and addressed as follows:

EXHIBIT "C"
AFFIDAVIT AFFECTING REAL PROPERTY
{Pursuant to Section 695.26, Florida Statutes}

STATE OF FLORIDA
COUNTY OF LAKE

BEFORE ME, the undersigned authority, on this day personally appeared, _____, as _____ for Lake County, Florida, a political subdivision of the State of Florida ("County"), P.O. Box 7800, Tavares, Florida 32778, who being first duly sworn, deposes and says:

1. This is an Affidavit Affecting Real Property pursuant to Section 695.26, Florida Statutes, by which an interest in real property is transferred by the County to the City of Minneola, Florida ("City"), and operation and maintenance responsibilities are assigned by the City to Camp Lake IA, LLC ("CLIA"), via an Agreement dated _____, 2025 (the "Effective Date").

2. As of the Effective Date, any and all jurisdiction and ownership interest, including operation and maintenance responsibilities, however, all parties recognize that these are being assumed by CLIA, that the County may have in the right-of-way commonly referred to as Turkey Farm Road and being more particularly described in **Exhibit "A"** attached hereto and all related right of way, easement, maintenance, and other rights and obligations of the County pursuant to: (i) Right of Way Deed from Carl R. Ragnitt to Lake County dated August 9, 1973 recorded at Official Records Book 519 Page 585, Lake County, Florida records; (ii) Right of Way Deed from Anne M. Ward to Lake County dated August 10, 1973 recorded at Official Records Book 518 Page 750, aforesaid records; (iii) Right of Way Deed from Lykes-Pasco Packing Company to Lake County dated December 12, 1973 recorded at Official Records Book 538 Page 768, aforesaid records; (iv) Right of Way Deed from Florida Groves, Inc. to Lake County dated May 17, 1974 recorded at Official Records Book 554 Page 528, aforesaid records; (v) Statutory Warranty Deed from Crittenden Fruit Company, Inc., and by merger with Orange Blossom Fruit Company, Inc., to Lake County dated June 21, 2004 recorded at Official Records Book 2598 Page 795, aforesaid records; and (vi) Drainage Easement (Limited Corporation) from Founders Ridge Development, LLC to Lake County dated April 3, 2018 recorded at Official Records Book 5091 Page 475, aforesaid records, were transferred to the City for jurisdiction and ownership purposes, and the operation and maintenance responsibilities were assigned to CLIA.

3. This Affidavit is being recorded to provide notice to third parties that CLIA, its successors and assigns, are fully responsible for the operation and maintenance of the herein described roadway and related right of way, and that the City and County have no such responsibilities unless separately agreed to in writing.

FURTHER AFFIANT SAYETH NOT.

SUBJECT: Interlocal Agreement with the Town of Astatula for Park Improvement Projects

---

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval:
1. Of an Interlocal Agreement with the Town of Astatula to provide Infrastructure Sales Tax funding in the amount of $110,000 to complete park improvement projects at Joe Swaffer Park (Delaware Ave, Astatula) and Kirkwood Park (County Road 561, Astatula).
2. Of a budget transfer in the amount of $110,000 from Improvements Other Than Buildings to Aids to Gov't Agencies.

The fiscal impact is $110,000 (expenditure). Commission District 3.

BACKGROUND SUMMARY: On August 27, 2024, the Board of County Commissioners (Board) approved the Fiscal Year (FY) 2025 Infrastructure Sales Tax (IST) Project Plan, which included a $110,000 funding request from the Town of Astatula (Town) to partner with the County and purchase a portion of property adjacent to the Astatula Boat Ramp.

The Town notified the County that the purchase of the land for sale adjacent to the Astatula Boat Ramp was not moving forward and requested that the previously approved IST funds be reallocated to support improvements at Joe Swaffar Park and Kirkwood Park within the Town. On August 11, 2025, the Town presented this to the Parks, Recreation and Trails Advisory Board, which voted unanimously to recommend approval of the reallocation to the Board.

On August 26, 2025, the Board approved the FY 2026 IST Project Plan, including the Town's request to reallocate the approved $110,000 in funding from the property purchase to park improvement projects at Joe Swaffar Park and Kirkwood Park. The park improvement projects include, but are not limited to, ADA improvements, lighting, security and parking improvements and a small restroom to be constructed at Kirkwood Park.

Fiscal Impact: $110,000 (expenditure)

INTERLOCAL AGREEMENT BETWEEN LAKE COUNTY, FLORIDA, AND THE TOWN OF ASTATULA, FLORIDA, RELATING TO FUNDING IMPROVEMENTS FOR JOE SWAFFAR PARK AND KIRKWOOD PARK

THIS INTERLOCAL AGREEMENT ("Agreement") is made by and between Lake County, Florida, a political subdivision of the State of Florida, hereinafter the "County," and the Town of Astatula, Florida, a municipal corporation organized under the laws of the State of Florida, hereinafter the "Town," collectively referred to as the "Parties," for improvements to Joe Swaffar Park and Kirkwood Park, located in Astatula, Lake County, Florida.

WITNESSETH

WHEREAS, on August 27, 2024, the Lake County Board of County Commissioners ("Board") approved the Fiscal Year 2025 Infrastructure Sales Tax Project Plan which included the Town's funding request for purchasing of a portion of property adjacent to the Astatula Boat Ramp located in Astatula ("Project"); and

WHEREAS, on July 23, 2025, the Town notified the County that the land purchase for the property adjacent to the Astatula Boat Ramp was no longer taking place and requested to reallocate the approved Fiscal Year 2025 Infrastructure Sales Tax funds to support improvements to the Joe Swaffar Park ("Swaffar Project") and Kirkwood Park ("Kirkwood Project"), collectively referred to as the "Projects", a copy of which is attached hereto and incorporated herein as part of **Exhibit A (Composite)**; and

WHEREAS, on August 11, 2025, the Parks, Recreation & Trails Advisory Board approved the request from the Town to reallocate the funds to support the proposed improvements to the Parks; and

WHEREAS, the Board approved the change in use of funds by Town as part of its Infrastructure Sales Tax workshop for Fiscal Year 2026; and

WHEREAS, the Parties agree that entry into this Agreement is in the best interest of the Parties, the residents of the area, and their public health, safety, and welfare.

NOW THEREFORE, in consideration of the mutual promises and covenants set forth in this Agreement, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Legal Findings of Fact.

The foregoing recitals are hereby adopted as legislative findings of the Lake County Board of County Commissioners and are ratified and confirmed as being true and correct and are hereby made a specific part of this Agreement upon adoption hereof.

2. Project Description.

A. Funds provided under this Agreement will be utilized by the Town for construction of improvements at the Joe Swaffar Park (aka Delaware Park) located on Delaware Avenue, Astatula, Florida 34704 (Alt. Keys 1604966/1087180 / PIDs 29-20-26-0100-00D-00500/29-20-26-0100-00D-02100) ("Swaffar Project") as well as improvements at the Kirkwood Park located at 25009 County Road 561,

Astatula, Florida 34705 (Alt. Key 3777192 / PID 29-20-26-1100-002-00100) ("Kirkwood Project"), collectively referred to as the "Projects," both of which are owned and maintained by the Town. Maps depicting the locations of the Projects are attached hereto and incorporated herein as **Exhibit A (Composite)**.

B. The Town has identified the following areas of need to be addressed utilizing the Funding provided under this Agreement:

i. **Swaffar Project**: improvements to Swaffar Park

- ADA compliant ramp installation at restroom facility.
- Lighting installation for pickleball and basketball courts to allow evening use.
- Security camera coverage representing approximately 40% of the total system.

ii. **Kirkwood Project**: improvements to Kirkwood Park include:

- Asphalt parking area construction for organized park access.
- Small restroom facility similar to the facility located at Swaffar Park.
- Security camera coverage representing approximately 60% of the total park system.

C. Town will be solely responsible for maintenance of improvements following installation for the duration of the life of the improvements installed as part of the Projects. The Parties expressly agree and understand that the Project is intended to benefit both Town and County residents. In the event the Town implements a fee for use of the parks and any ancillary property, such as parking lots adjacent thereto, said fee shall be the same for all users regardless of residency for a period of five (5) years from the date construction is completed and opened to the public.

3. Funding for Improvements.

The County shall provide a lump-sum payment of **One Hundred Ten Thousand Dollars and 00/100 ($110,000.00)** to the Town within sixty (60) days of the Effective Date, for the Projects. Funds shall be used solely for Funding eligible expenses incurred during the Term of this Agreement for the purposes approved herein. Should the Town not proceed with the construction of either or both of the Projects, the Town is required to return the funding to the County within thirty (30) days' notice of cancellation of the Project. Town shall provide County with documentation demonstrating expenditure of Funds was consistent with the terms of this Agreement within sixty (60) days of completion of each Project. The Town shall return excess Funds, if any, following the completion of the Projects.

4. Effective Date and Term.

This Agreement shall become effective upon the date the last Party hereto executes it ("Effective Date") and will remain in effect for twenty-four (24) months following the Effective Date ("Term"). The Town

shall commence the Project immediately following the Effective Date. The Project shall be completed within twenty-four (24) months from the Effective Date of this Agreement. The Town will provide notice of completion to the County within thirty (30) days of completion.

5. Termination.

Either Party shall have the right to terminate this Agreement in whole or in part without cause with thirty (30) days written notice to the other, so long as the improvements under each Project have not begun by the Town. Once improvements have commenced on either or both Projects, this Agreement cannot be terminated unless mutually agreed upon by the Parties in writing.

6. Modifications.

Unless otherwise specified herein, no modification, amendment, or alteration of the terms or conditions contained herein shall be effective unless contained in a written document executed by the Parties hereto, with the same formality and of equal dignity herewith.

7. Notices.

A. All notices, demands, or other writings required to be given or made or sent in this Agreement, or which may be given or made or sent, by either Party to the other, shall be deemed to have been fully given or made or sent when in writing and addressed as follows:

COUNTY
County Manager
P.O. Box 7800
Tavares, Florida 32778

With copy to:
Lake County Attorney's Office
P.O. Box 7800
Tavares, Florida 32778

TOWN
Mitchell Mack, Mayor
Town of Astatula
P.O. Box 609
Astatula, Florida 34705

B. All notices required, or which may be given hereunder, shall be considered properly given if (1) personally delivered, (2) sent by certified United States mail, return receipt requested, or (3) sent by Federal Express or other equivalent overnight letter delivery company.

C. The effective date of such notices shall be the date personally delivered, or if sent by certified mail, the date the notice was signed for, or if sent by overnight letter delivery company, the date the notice was delivered by the overnight letter delivery company.

D. Parties may designate other parties or addresses to which notice shall be sent by notifying, in writing, the other Party in a manner designated for the filing of notice hereunder.

8. Default and Opportunity to Cure.

If either Party fails to keep, observe, or perform any provision of this Agreement, the breaching Party shall be deemed in default. In the event of default of any of the terms and conditions contained herein by either

Party, the non-defaulting Party shall provide written notice to the defaulting Party. The defaulting Party shall have the opportunity to cure the defect within thirty (30) days of receipt of the written notice. Thereafter, if the defaulting Party fails to correct the identified default on or before the expiration of the stated time, the non-defaulting Party may declare this Agreement in default. In the event of monetary default, Town shall reimburse County in an amount equal to all improperly spent funds and will reimburse County all funds provided to Town but not obligated for eligible costs at the time of default.

9. Governing Law, Venue, and Waiver of Jury Trial.

This Agreement shall be construed in accordance with the Laws of the State of Florida. In any action, in equity or law, with respect to the enforcement or interpretation of this Agreement, venue shall be solely in Lake County, Florida. The Parties agree that arbitration will not be used as a means of dispute resolution under this Agreement. THE PARTIES HEREBY WAIVE, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT A PARTY MAY HAVE TO A JURY TRIAL IN ANY ACTION OR PROCEEDING PERTAINING TO ANY MATTER ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT.

10. Public Records.

All records in conjunction with this Agreement shall be public records in accordance with the laws applicable to the Parties.

11. Recordkeeping.

A. The Town shall maintain all records and accounts necessary to assure a proper accounting and monitoring of all funds provided pursuant to this Agreement, including, but not limited to, property, personnel and financial records, contractual agreements, subcontracts, proof of insurance, project administration records, records supporting exceptions to the conflict-of-interest prohibition, and any other records as are deemed necessary by the County to assure a proper accounting and monitoring of all funds provided pursuant to this Agreement.

B. In the event the County determines that such records are not being adequately maintained by the Town, the County may cancel this Agreement in accordance the terms herein.

C. With respect to all matters covered by this Agreement, records will be made available for examination, audit, inspection or copying purposes at any time during normal business hours and as often as the County may require. The Town will permit same to be examined and excerpts or transcriptions made or duplicated from such records, and audits made of all contracts, invoices, materials, records of personnel and of employment and other data relating to all matters covered by this Agreement. The County shall provide notice of its intent to inspect records to the Town at least three (3) business days in advance.

D. The County's right of inspection and audit shall obtain likewise with reference to any audits made by any other agency, whether local, state, or federal. The Town shall retain all records pertaining to this Agreement and upon request make them available to the County for five (5) years following expiration of the Agreement, or for such time as set forth in the Florida Department of State, Division of Library and Information Services, General Records Schedule GS1-SL, a copy of which can be found at this link: https://dos.fl.gov/library-archives/records-management/general-records-schedules/, whichever is longer. The Town agrees to provide such assistance as may be necessary to facilitate the review or audit by the County to ensure compliance with applicable accounting and financial standards. If any litigation, claim,

negotiation, audit, monitoring, inspection, or other action has been started before the expiration of the required record retention period, records must be retained until completion of the action and resolution of all issues which arise from it, or the end of the required period, whichever is later.

E. This provision is hereby considered to be included within, and applicable to, any subcontractor contract entered into by the Town in performance of any work under this Agreement.

F. This Section shall survive the expiration or earlier termination of this Agreement.

12. Recapture of Funds.

A. Subject to the conditions set forth in this Agreement, it is the intent of the Parties that the County shall recapture any Funds provided under this Agreement if the Town is considered in default under any of the provisions in this Agreement, following the expiration of the reasonable opportunity to respond and cure any default. Further, Town is liable for recapture of Funds if any representation made in the reimbursement requests, reporting, or supporting documentation is at any time false or misleading in any respect, or if Town is found in non-compliance with laws, rules or regulations governing the use of the Funds provided pursuant to this Agreement. The provisions of this Section shall survive the termination of this Agreement.

B. Any funds that are not expended as authorized under this Agreement must be refunded to the County within fourteen (14) days of receipt of written notice provided by the County.

C. Any funds that are not expended within the anticipated timeframe under this Agreement are subject to recapture. If requested, a refund to the County must be made within fourteen (14) days of receipt of written notice for a refund provided by the County.

D. The County's determination that an expenditure is eligible does not relieve the Town of its duty to repay the County in full for any expenditures that are later determined by the County to be ineligible expenditures or the discovery of a duplication of benefits.

E. If requested by the County, all refunds, return of improper payments, or repayments due to the County under this Agreement are to be made payable to Lake County and mailed directly to the County pursuant to **Section 7 Notice** requirements and this Agreement.

F. The Town has responsibility for identifying and recovering Funds that were expended in error, disallowed, or unused. The Town will also report all suspected fraud to the County.

13. Reversion of Assets.

Within thirty (30) days following the expiration or termination of this Agreement, the Town shall transfer to the County any Funds on hand at the time of expiration or termination of this Agreement if the Funds have not been expended on eligible costs.

14. Indemnification.

Each Party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing herein shall constitute a waiver by either Party of sovereign

immunity or statutory limitations on liability including, but not limited to, sovereign immunity of the State of Florida beyond the waiver provided for in Section 768.28, Florida Statutes, as amended.

15. Disclaimer of Third-Party Beneficiaries.

This Agreement is solely for the benefit of the Parties and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any third-party not a formal named Party hereto. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon or give any person or corporation other than the Parties any right, remedy, or claim under or by reason of this Agreement or any provisions or conditions hereto, and all of the provisions, representations, covenants, and conditions herein contained shall inure to the sole benefit of and shall be binding upon the Parties and their respective representatives, successors, and assigns.

16. Severability.

In the event that any section, subsection, sentence, clause, or word of this Agreement shall be held by a court of competent jurisdiction to be partially or wholly invalid or unenforceable for any reason whatsoever, any such invalidity, illegality, or unenforceability shall not affect any of the other remaining articles, sections, subsections, sentences, clauses, or words of this Agreement, and this Agreement shall be read and/or applied as if the invalid, illegal, or unenforceable section, subsection, clause, or word did not exist.

17. Construction.

This Agreement was mutually negotiated by the Parties who have executed the same and each Party acknowledge that they had ample opportunity to seek and consult with independent legal counsel prior to executing this Agreement, and that they represent and warrant that they have sought such independent legal advice and counsel or have knowingly and voluntarily waived such right. Consequently, it is the intent of the Parties that no provision shall be more harshly construed against either Party as the drafter hereof.

18. Waiver.

The failure of any Party hereto at any time to enforce any of the provisions of this Agreement will in no way constitute or be construed as a waiver of such provision or of any other provision hereof, nor in any way affect the validity of, or the right thereafter to enforce, every provision of this Agreement.

19. Assignment.

Neither Party may assign any rights or delegate any duties under this Agreement without the written consent of the other Party.

20. Counterparts.

This Agreement may be executed in counterparts, each of which shall constitute an original, but all taken together shall constitute one and the same instrument.

21. Entire Agreement.

This Agreement is intended by the Parties to be the final expression of their agreement, and it constitutes the full and entire understanding between the Parties with respect to the subject of this Agreement,

notwithstanding any representations, statements, or agreements to the contrary previously made. Any items not covered under this Agreement must be made via written addendum and must be signed by both Parties to be binding. This Agreement contains the following exhibits, all of which are incorporated in this Agreement:

Exhibit A (Composite)..... Town's Funding Request and Board Approvals (9 pages).

IN WITNESS WHEREOF, the Parties have signed this Agreement through their authorized representatives on the dates under each signature.

2. Project Funding Summary

3. Project Benefit Statement

4. Project Description – Joe Swaffar Park

5. Project Description – Kirkwood Park

6. Park Location Maps (Reference)

1. Mayor Transmittal Letter

Dear Commissioners,

On behalf of the Town of Astatula, please accept this submission packet outlining proposed park improvement projects intended to be funded through the Lake County allocation in the approximate amount of $110,000. These improvements will enhance accessibility, recreational opportunities, and safety at Joe Swaffar Park and Kirkwood Park.

The Town has identified several priority projects including accessibility improvements, restroom facilities, parking infrastructure, recreational lighting, and park security enhancements. Lighting improvements are proposed for the pickleball and basketball courts located at Joe Swaffar Park. A security camera system is proposed for both parks, with approximately sixty percent (60%) allocated to Kirkwood Park and forty percent (40%) allocated to Joe Swaffar Park.

All cost figures are conceptual planning estimates and not based on formal engineering or contractor bids. Final project scopes and costs will be determined through appropriate design and procurement processes consistent with Florida municipal purchasing requirements.

Respectfully submitted,

Zane A. Teeters Jr.
Mayor, Town of Astatula

2. Project Funding Summary

Project	Location	Estimated Cost Range	Purpose
ADA Ramp Installation	Joe Swaffar Park	$4,120 – $5,150	Improve ADA accessibility
Court Lighting (Pickleball & Basketball)	Joe Swaffar Park	$20,600 – $30,900	Extend recreation hours
Security Cameras (40%)	Joe Swaffar Park	$8,240 – $10,300	Security monitoring
Asphalt Parking Area	Kirkwood Park	$23,280 – $24,720	Provide organized parking
Restroom Facility	Kirkwood Park	$10,300 – $12,360	Public restroom access
Security Cameras (60%)	Kirkwood Park	$12,360 – $15,450	Security monitoring

Total Estimated Project Range: approximately $78,900 – $98,880

Lake County Funding Allocation: $110,000

3. Project Benefit Statement

- Improved ADA accessibility at Joe Swaffar Park.
- Extended recreational hours through lighting of the pickleball and basketball courts at Joe Swaffar Park.
- Improved public safety through installation of security camera systems at both parks.
- Improved infrastructure through construction of an asphalt parking area at Kirkwood Park.
- Improved visitor convenience through installation of a restroom facility at Kirkwood Park.
- Enhanced support for community recreation, youth activities, and town events.

4. Project Description – Joe Swaffar Park

Joe Swaffar Park is one of the Town's primary recreational facilities and contains pickleball and basketball courts frequently used by residents.

- ADA compliant ramp installation at restroom facility.
- Lighting installation for pickleball and basketball courts to allow evening use.
- Security camera coverage representing approximately 40% of the total system.

5. Project Description – Kirkwood Park

Kirkwood Park provides additional open space and recreational amenities for the Astatula community.

- Asphalt parking area construction for organized park access.
- Small restroom facility similar to the facility located at Swaffar Park.
- Security camera coverage representing approximately 60% of the total park system.

6. Park Location Maps (Reference)

Insert aerial maps of Joe Swaffar Park and Kirkwood Park showing approximate locations of the proposed improvements.

Transfer from Infrastructure Improvements Other Than Buildings to Infrastructure Aids to Gov't for the capital improvement project on Joe Swaffer Park and Kirkwood Park in Astatula.

BOARD OF COUNTY COMMISSIONERS
LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 03/24/2026
MEETING DATE: 4/28/2026
TO: Jennifer Barker, County Manager
ITEM TYPE: Presentation
THRU:
ITEM ID: 42830
BY: Kathleen Dial, Executive Director
SUBJECT: Proposed Ordinance amending Chapter XVII, Lake County Code, Appendix E, Land Development Regulations ("LDR"), entitled *Rural Conservation Subdivision Design Standards*.

RECOMMENDATION/REQUIRED ACTION:
Discussion and direction regarding a proposed Ordinance amending Chapter XVII, Lake County Code, Appendix E, Land Development Regulations ("LDR"), entitled *Rural Conservation Subdivision Design Standards*.

There is no fiscal impact.

BACKGROUND SUMMARY: The Lake County Comprehensive Plan for Planning Horizon 2030 contains numerous policies that allow development to be in the form of a rural conservation subdivision. Policy I-7.4.2 of the Comprehensive Plan required the adoption of design criteria and guidelines for the development of conservation subdivisions in the Rural Future Land Use Series, Wekiva River Protection Area, Wekiva Study Area, and the Green Swamp Area of Critical State Concern. The County engaged the services of Randall Arendt, landscape planner, site designer, author, lecturer, and advocate of conservation planning, to develop the conservation subdivision design criteria. On May 10, 2022, and June 14, 2022, the Board of County Commissioners (Board) received public comment on the creation of the Rural Conservation Subdivision regulations. On January 24, 2023, the Board adopted Ordinance 2023-09, which created Chapter XVII, Lake County Code, Land Development Regulations, entitled Rural Conservation Subdivision Design Standards.

After an initial application was processed under Chapter XVII, it has been determined that adjustments to the regulations governing Rural Conservation Subdivisions are needed.

Staff has gathered input from interested stakeholders and residents. These recommendations were taken into consideration in the drafting of the proposed Ordinance.

Fiscal Impact: None.

Summary of Ordinance

This purpose of this Ordinance is to amend Chapter XVII, Lake County Code, Appendix E, Land Development Regulations ("LDR"), entitled *Rural Conservation Subdivision Design Standards*, to enhance clarity and consistency in the application and interpretation of the standards.

Changes are shown as follows: ~~Strikethrough~~ for deletions and Underline for additions to existing Code sections. The notation "* * *" shall mean that all preceding or subsequent text remains unchanged (excluding any renumbering or relettering that might be needed).

ORDINANCE 2026 - ____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF LAKE COUNTY, FLORIDA; AMENDING CHAPTER XVII, LAKE COUNTY CODE, APPENDIX E, LAND DEVELOPMENT REGULATIONS, ENTITLED *RURAL CONSERVATION SUBDIVISION DESIGN STANDARDS*; CLARIFYING CERTAIN PROVISIONS AND REQUIREMENTS; REFINING THE APPROVAL PROCESS; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Lake County Comprehensive Plan for Planning Horizon 2030 contains numerous policies that require development to be in the form of a rural conservation subdivision; and

WHEREAS, Policy I-7.4.2 of the Comprehensive Plan required the adoption of design criteria and guidelines for the development of conservation subdivisions in the Rural Future Land Use Series, Wekiva River Protection Area, Wekiva Study Area, and the Green Swamp Area of Critical State Concern; and

WHEREAS, Goal I-5.1 of the Comprehensive Plan creates and governs the Rural Protection Areas (RPA) and Policy I-5.1 states that the County shall update its Land Development Regulations to implement conservation design standards for the RPAs; and

WHEREAS, the County engaged the services of Randall Arendt, who is a landscape planner, site designer, author, lecturer, and advocate of conservation planning, to develop the conservation subdivision design criteria; and

WHEREAS, the Board of County Commissioners (Board) did, on May 10, 2022, and June 14, 2022, receive public comments on the proposed Ordinance; and

WHEREAS, on January 24, 2023, the Board adopted Ordinance 2023-09, which created Chapter XVII, Lake County Code, Land Development Regulations, entitled *Rural Conservation Subdivision Design Standards*; and

WHEREAS, after an initial application was processed under Chapter XVII, it has been determined that adjustments to the regulations governing Rural Conservation Subdivisions are needed; and

WHEREAS, the Board finds that amending the *Rural Conservation Subdivision Design Standards* is in the best interests of the health, safety, and welfare of the residents of Lake County, Florida.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Lake County, Florida as follows:

Section 1. **Legal Findings of Fact.** The foregoing recitals are hereby adopted as legislative findings of the Board of County Commissioners and are ratified and confirmed as being true and correct and are hereby made a specific part of this Ordinance upon adoption hereof.

Section 2. **Amendment.** Portions of Chapter XVII, Lake County Code, Appendix E, Land Development Regulations, entitled *Rural Conservation Subdivision Design Standards*, is hereby amended to read as follows:

CHAPTER XVII RURAL CONSERVATION SUBDIVISION DESIGN STANDARDS

17.00.00 - Generally.

17.00.01 Purpose and Intent.

A. The purpose and intent of these regulations ~~is~~are to provide housing in a manner that ~~also~~ preserves agricultural and forestry lands, natural and cultural features, historic and archaeological sites, scenic viewsheds, and rural community character that would be at great risk of becoming lost through conventional development approaches, promoting sustainable development and which it is the policy to incorporate, to the greatest extent practicable, into an interconnected network of permanent greenway conservation lands adding both economic and environmental value to the proposed development and to the broader community.

B. Specific objectives include:

1. Cluster development to create large contiguous tracts of common open space or protected space; to protect environmentally sensitive areas, including, but not limited to, habitat, wildlife, and wildlife corridors; to maximize buffering to adjacent conservation land; to protect aquifer recharge and karst features; and to create opportunities for passive recreation;

2. Maintain, enhance, and protect corridors for wildlife movement in coordination with adjacent properties;

3. Minimize site disturbance and alteration of terrain, through use of design techniques that protect native vegetation and minimize earth movement such as reduced lane widths, stem-wall construction, and swales;

4. Protect common open space, wetlands, and other natural features in perpetuity by conservation easements or similar recorded and legally binding instruments, to the extent allowed by law;

5. Tree protection as set forth in Chapter IX, Section 9.02.00, of these regulations, as amended;

~~5~~6. Protect natural amenity areas for passive recreation;

~~6~~7. Protect dark skies through a dark sky lighting ordinance;

~~7~~8. Retain all stormwater on site or located in the same area of recharge. Stormwater management systems shall be designed using Low Impact Development principles and practices;

~~8~~9. Ensure that development along roadway corridors improves or protects the rural character of the corridor;

~~9~~10. Require the use of Best Management Practices for native landscaping and "right plant-right place" landscaping techniques to provide compatibility with the natural environment and minimize the use of chemicals, pesticides, and water for irrigation;

~~10~~11. Implement water conservation techniques including the limitation of overhead irrigation, except for low-volume irrigation such as drip or micro-irrigation systems, and areas used for vegetable gardens;

~~11~~12. Enhance the rural character, as defined in Chapter II of these regulations, of the project and surrounding area in accordance with Policy I-1.4.1, entitled *Elements of Rural Character*; ~~and~~

~~12~~13. To comply with existing Comprehensive Plan policies that provide for compatibility with adjacent land uses to protect rural residents' equestrian and agrarian lifestyles and economies~~.~~; and

14. Reserve and/or acquire the needed right-of-way for planning and construction of trails and trailheads and incorporating those needs into the development review processes, capital improvement plans, and grant applications for Public Works projects within the area of jurisdiction as outlined in the County's adopted Trails Master Plan.

17.00.02 Applicability. The regulations contained within this Chapter shall apply wherever a conservation subdivision is permitted~~required~~ under the Comprehensive Plan, including within the designated Rural Protection Areas, and may also be used to develop property not otherwise subject to the mandatory requirement. All conservation subdivision development shall also comply with any other applicable provisions of the Land Development Regulations to the extent the other regulations are not in conflict with this Chapter.

17.01.00~~–~~ Open Space and Protected Space Requirements.

17.01.01 Minimum Required Open Space. The minimum open space to be set aside shall be as follows:

Future Land Use Category/Overlay Districts/Rural Protection Areas	Minimum Open Space Requirement*
Rural Transition: 1 Unit / 3 Net Buildable Acres	35%

Rural Transition: 1 Unit / 1 Net Buildable Acre	50%
Ferndale Community: 10 or more Dwelling Units	50%
Wekiva River Protection Area A-1-40 Sending	50%
Wekiva River Protection Area A-1-20 Sending	50%
Wekiva Study Area: 10 or more Dwelling Units (resulting in a density greater than 1 Unit / 20 Net Acres)	35%
Wekiva-Ocala Rural Protection Area: 10 or more Dwelling Units (resulting in a density greater than 1 Unit / 20 Net Acres)	35%
Emeralda Marsh Rural Protection Area: 10 or more Dwelling Units (resulting in a density greater than 1 Unit / 20 Net Acres	35%
Yalaha-Lake Apopka Rural Protection Area	35%
Green Swamp Ridge	40%
Green Swamp Rural	60%
Green Swamp Rural Conservation	80%
Green Swamp Core Conservation	90%

* ~~Non-~~Unbuildable areas identified as Primary Conservation Areas, including wetlands and water bodies, are recognized as protected features but shall not be credited toward the minimum open space requirements. ~~Some portions of the protected space may be credited toward the minimum open space requirements.~~ Open space requirements for Future Land Use categories not shown above shall be as set forth in the Comprehensive Plan.

17.01.02 Protected Space and Open Space.

A. Conserved land shall be comprised of two types~~:~~ identified as "Primary Conservation Areas" and "Secondary Conservation Areas" and shall be configured to create or maintain interconnected networks of conservation lands, to the greatest extent that is practicable.

B. Primary Conservation Areas are the natural features that form the core of the area to be protected and do not count towards minimum open space requirements. They consist of the following constrained (unbuildable) land, and include the following site features:

1. Wetlands as defined by Section 373.019, Florida Statutes;
2. Floodplains (100-year) and alluvial soils identified as part of a Flood Insurance Study prepared by the Federal Emergency Management Agency (FEMA);
3. Sinkholes, and steep slopes greater than twenty-five (25) percent, identified as part of a site analysis conducted by a registered engineer, land surveyor, landscape architect, architect or land planner and calculated using topographic maps from an actual survey from the U.S. Geological Survey~~.~~;

C. Secondary Conservation Areas consist of unconstrained (buildable) land that would otherwise be suitable for development, and include the following site features:

1. Natural Upland Communities as set forth in Section 6.03.00 of these regulations (i.e., Longleaf Pine, Sand Hill, Sand Pine, and Xeric Oak Scrub).

2. Prime and Unique Farmland, whether actively used or not, including cropland, horticultural operations, fields, pastures, and meadows. Prime Farmland is land that has the best combination of physical and chemical characteristics for producing food, feed, fiber, forage, oilseed, and other agricultural crops with minimum inputs of fuel, fertilizer, pesticides, and labor, without intolerable soil erosion, as determined by the U.S Secretary of Agriculture. Unique Farmland is land other than prime farmland that is used for production of specific high value food and fiber crops, as determined by the U.S. Secretary of Agriculture.
3. Natural areas, and wildlife habitats~~, including existing gopher tortoise habitat,~~ and corridors identified as part of:
    a. An Inventory of Natural Areas and ~~Wildlife~~Critical Habitats as prepared by a state agency, the Nature Conservancy, or a local land trust;
    b. A required ~~Environmental Assessment or Environmental Impact Statement~~Biological & Ecological Site Assessment (BESA); and/or
    c. An independent site study conducted by a trained botanist and/or biologist.
4. Slopes of fifteen (15) percent to twenty-five (25) percent which require special site protection due to their erosion potential, limitations for septic tank nitrification fields, and terrain or elevation changes. Such areas may be suitable for building, but higher site preparation and construction costs are to be expected.
5. Historic and/or archaeological sites, including, but not limited to cemeteries, sites listed on the Florida Master Site File maintained by the Florida Division of Historical Resources, the National Register of Historic Places or included on the State's National Register study list, designated as a local historic landmark or district, and/or designated as having a high potential for archaeological remains. Such sites are generally identified as part of:
    a. A local architectural survey;
    b. A local archaeological survey; and/or
    ~~c. A required Environmental Assessment;~~
    ~~d. Environmental Impact Statement; and/or~~
    ~~e~~c. An independent site study conducted by an architectural historian or archaeologist.
6. Public and/or private passive recreation areas, including pedestrian, bicycle, and equestrian trails, picnic areas, community commons or greens, and similar kinds of areas~~, Land in this category~~ receive~~s~~ full credit towards meeting the minimum open space requirement when it is located on unconstrained land. Active recreation areas shall not be counted towards the open space requirements.
7. Rain Gardens for stormwater bio-infiltration up to a maximum size of 7,500 square feet each and with a maximum depth of twenty-four (24) inches. These features shall be heavily landscaped on their sides and bottom with plant material (sometimes including shrubs and trees) that are able to tolerate alternating wet and dry conditions. Appropriate native vegetation

shall be used. Prohibited and invasive plants listed in the University of Florida, Institute of Food and Agricultural Sciences (IFAS) Assessment of Non-Native Plants in Florida's Natural Areas shall not be permitted. The list can be found at https://assessment.ifas.ufl.edu/assessments/. Appropriate native vegetation shall be used. A second form of stormwater infiltration that may be counted when calculating development density is the broad, shallow type with very gentle side slopes (not exceeding 1:10) and not deeper than thirty (30) inches. These areas, which are not limited in extent, almost disappear visually into the landscape, and can sometimes be used for informal recreation and buffering new homes from existing roads. Examples are shown in Section 17.10.00. Specifically excluded are stormwater detention and retention basins with steeper side slopes and greater depths.

8. Scenic views of natural and cultural features visible on the property from public roads, and from potential home sites. (~~Because~~As scenic views are not easily measurable in acreage, this provision is included for design purposes and is not part of the density calculation.)
9. Buffer zones around wetlands or water bodies.
10. Agricultural land used in accordance with Best Management Practices (BMP).
11. Scenic viewsheds of natural waterbodies and wetland areas.

17.01.03 Location of Protected Space. The protected space consists of Primary and Secondary Conservation Areas. The protected space may be in undivided preserves, and/or as part of an interconnected network of protected land, as follows:

A. Undivided Preserves. Both the Primary Conservation Areas (unbuildable land) and the Secondary Conservation Areas fifty (50) percent or more of the unconstrained, (buildable land) shall be placed in undivided preserves which adjoin housing areas that have been designed more compactly to create larger conservation units that may be enjoyed by all residents of the subdivision. Such undivided areas, or preserves, shall be accessible to the largest number of lots within the development. Safe and convenient pedestrian access to the preserve from all adjoining ~~house~~ lots shall be provided, except in the case of farmland, cemeteries, archaeological, or other resource areas vulnerable to trampling damage or human disturbance.

Where an undivided preserve is designated as separate non-contiguous parcels, no parcel shall consist of less than three (3) acres in area, nor have a length-to-width ratio more than 4:1, except such areas that are specifically designed for neighborhood commons or greens, boulevard medians, foreground buffers along existing public roadways, playing fields, buffers adjacent to wetlands and watercourses, wildlife corridors, or trail links

B. Interconnected Network of Protected Space. As these standards are implemented, the protected space in each new subdivision should be consciously designed to adjoin each other, and/or to other permanently protected lands, so that they may ultimately form an inter-connected network of Primary and Secondary Conservation Areas across larger areas and across the County.

C. Perimeter Buffers. Each new subdivision shall provide a perimeter buffer with a minimum width of one hundred (100) feet unless the Board of County Commissioners approves an alternate plan that incorporates a smaller enhanced buffer including, but not limited to, other forms of natural screening. Additionally, at the time that homes are constructed, a four-board equestrian style fence, or other similar alternative, must be placed across the rear property line of each lot to create a continuous delineation ~~fore~~from the common open space or protected space.

17.01.04 Ownership of Protected Space. Protected space may be owned and/or administered by any of the following methods, either individually or in combination. All protected space shall be permanently restricted from further subdivision through permanent conservation or open space easements recorded in the public records of Lake County, Florida, as ~~further~~ set forth ~~in Section 17.09.00,~~ below~~:. Ownership options include:~~

A. Fee simple conveyance to the State of Florida, or an agency thereof, or to a private nonprofit land conservancy.

B. Fee simple conveyance to a Homeowners Association where specific development restrictions and maintenance requirements are included as part of its governing documents and restrictive covenants. Such land may also be protected through permanent conservation easements. Membership in the Homeowners Association shall be automatic and mandatory for every purchaser of property within the development.

C. Up to fifteen (15) percent of the protected land within the subdivision may be "non-common open space" that is designated for individual private ownership, such as by the original farmer or landowner, the developer, or another private entity that maintains the space for the uses permitted in these regulations (such as a nursery business or commercial equestrian operation). Non-common open space may also include the land within a large "Conservancy Lot" (containing a minimum of three acres), which may contain an original historic farmhouse (that could be used as a private dwelling or as a community building). Non-common open space shall not be counted towards the minimum open space requirements.

D. Protected space and open space (comprising both Primary and Secondary Conservation Areas) shall be preserved in perpetuity by a binding legal instrument that is recorded in the public records of Lake County, Florida, such as:

1. A permanent conservation or open space easement in favor of a land trust or similar conservation-oriented organization, it's successors or assigns, with legal authority to accept such easements that can comply with the terms of the easement.
2. A plat restriction that establishes the conditions and restrictions on the uses for each protected space or open space.
3. The instrument for permanent protection shall include clear restrictions on the use of the Open Space, including all restrictions contained in this Chapter as well as any further restrictions the applicant chooses to place on the use of the protected space or open space.
4. Other methods of preservation may be approved by the Board of County Commissioners by resolution.

17.01.05 Maintenance of Protected Space. Natural features shall be maintained in their natural condition, but may be modified to improve their appearance, functioning, or overall condition, as recommended by experts in the area being modified. Permitted modifications may include:

A. Reforestation;

B. Pastureland, cropland, and horticultural operations;

C. Buffer area landscaping;

D. Stream bank protection; and/or

E. Wetlands management.

Unless agreed to by the County, the State of Florida, or a private non-profit land conservancy, the cost and responsibility of maintaining protected space and any facilities located thereon shall be borne by the property owner and/or homeowners association. Management Plans are required for all protected space within the subdivision establishing conservation objectives, outlining procedures, and defining the roles and responsibilities for managing the space, including the establishment of a Qualified Management entity as appropriate. The Plan shall also address wildfire mitigation requirements to include vegetation management practices to prevent hazardous fuel buildup and possible wildfire threat within the community. See Section 17.08.00 for Management Plan requirements. If not properly maintained, the County Manager or designee may enforce the maintenance provisions of the Management Plan by any method allowed by law.

17.02.00 Densities and Design Standards.

17.02.01 Densities. The density calculation for the rural conservation subdivision shall be as set forth in the Comprehensive Plan based upon the assigned Future Land Use Category.

17.02.02 Rain Gardens. Special stormwater management areas known as rain gardens may be included in the acreage on which development density is calculated, provided they do not exceed 7,500 square feet in area (each) and are designed for maximum water depths of twenty-four (24) inches. Such rain gardens are relatively small, shallow areas capable of moderately rapid stormwater infiltration requiring no more than forty-eight (48) hours to drain fully. These features shall be heavily landscaped on their sides and bottoms with plant materials (sometimes including shrubs and trees) that can tolerate alternating wet and dry conditions. Appropriate native vegetation shall be used. Prohibited and invasive plants listed in the University of Florida, Institute of Food and Agricultural Sciences (IFAS) Assessment of Non-Native Plants in Florida's Natural Areas shall not be permitted. The list can be found at https://assessment.ifas.ufl.edu/assessments/. Rain Garden examples are included in Section 17.10.00.

17.02.03 Existing Features/Site Analysis Map.

A. An Existing Features/Site Analysis Map analyzing each site's special features forms the basis of the design process and is required for all proposed rural conservation subdivisions. The Map shall identify those natural, historic, and cultural features listed in Section 17.01.02. ~~without distinction as to whether they are Primary or Secondary Conservation Areas.~~ Each map or plan shall be drawn to a scale of not less than 200 feet to the inch, whatever fits best on a standard 24" x 36" sheet, unless otherwise approved by the County Manager or designee. The scale chosen shall be large enough to show all required detail clearly and legibly. The same scale shall

be used for the Conceptual Sketch Plan with the ability to overlay the Conceptual Sketch Plan on top of the Existing Features/Site Analysis Map.

B. As determined from readily identifiable on-site inventories, aerial photographs, maps of record, State/Federal resource maps, and local planning documents and inventories, the Existing Features/Site Analysis Map shall contain the following information:

1. Primary Conservation Areas: Identification of physical resources associated with the site which restricts its development potential or contain significant natural and/or cultural resources, including:

a. Topographic contours at two-foot intervals, showing slopes of fifteen (15) to twenty-five (25) percent, and slopes of more than twenty-five (25) percent.

b. Soil type locations and characteristics relating to Prime and Unique Farmland, seasonal high-water table and depth to bedrock (for unsewered properties).

c. Hydrologic characteristics of the site, including drainage tributaries, surface water bodies, natural springs, floodplains, sinkholes, and wetlands.

2. Secondary Conservation Areas: Identification of significant site elements on buildable portions of the site, including:

a. Vegetation of the site, defining approximate location and boundaries of woodland areas, and wherever possible, vegetative association in terms of species and size. Information from aerial photographs shall be acceptable at the Conceptual Sketch Plan stage.

b. Current land use and land cover (cultivated areas, pastures, etc.), existing buildings and structures, and burial grounds.

c. Natural areas (including pastures), and wildlife habitats and corridors.

d. Historic and archaeological sites, especially those listed on the Florida Master Site File maintained by the Florida Division of Historical Resources, the National Register of Historic Places or included on the State's National Register study list, designated as a local historic landmark, and/or located in a local historic district.

e. Scenic views onto the site from surrounding roads as well as views of scenic features from within the site.

3. Transportation and Utility Systems: Identification of facilities associated with the movement of people and goods, or the provision of public services, including:

a. Railroad and street rights-of-way.

b. Easements for vehicular access, electric and gas transmission lines, identified historic cemeteries, and similar uses.

c. Public and private water and sewer lines, and storm drainage facilities. This is intended to be general locational information with detailed infrastructure plans provided during the subdivision construction plan submittal process.

17.02.04 Design Process. Subdivisions shall be designed around both the Primary and Secondary Conservation Areas. The design process should commence with the delineation of all potential protected space, after which potential house sites are located. Following that, access road alignments are identified, with lot lines being drawn in as the final step. This "four-step" design process is further described below and is illustrated in Section 17.10.00. Applicants shall provide to the County Manager or designee a visual representation of the steps they took to design the subdivision to demonstrate compliance with this section.

A. Step One: Designating Protected Space. During the first step, all potential Conservation Areas, both Primary and Secondary, shall be identified, using the Existing Features/Site Analysis Map. Primary Conservation Areas shall consist of those features described in Section 17.01.02.B. Secondary Conservation Areas shall comprise at least fifty (50) percent of the remaining unconstrained (buildable) land and shall include the most sensitive and noteworthy natural, scenic, and cultural resources as described in Section 17.01.02.C. On sites containing few special natural or cultural features (such as open farmland), the site designer shall create areas such as central greens or internal greenway systems (not including perimeter fringe buffers) linking multiple smaller neighborhood greens, as illustrated in Section 17.10.00. Guidance as to which parts of the unconstrained (buildable) land to classify as Secondary Conservation Areas to be permanently protected shall be based upon:

1. On-site visits, as described in Section 17.06.01.B;
2. The Standards contained in Section 17.01.00; and
3. The Evaluation Criteria contained in Section 17.03.00.

B. Step Two: Aligning Streets and Trail Networks. The second step consists of aligning proposed streets to provide vehicular access to each house in the most reasonable and economical manner, and in laying out a network of informal trails or formal walkways connecting neighborhood areas to conserved space. When lots and access streets are laid out, it shall be in a way that avoids or minimizes impacts on both Primary and Secondary Conservation Areas. To the greatest extent practicable, wetland crossings and streets traversing slopes greater than five (5) percent shall be strongly discouraged, unless such streets link one buildable portion of a site with another when no other means of access is available.

Street connections shall generally be encouraged to minimize the number of new cul-de-sacs and to facilitate easy access to and from homes on different parts of the property and on adjoining parcels. The preferred alternative to the conventional cul-de-sac is a "close", which is essentially a short driving lane looping around an elongated green space or very wide median, typically about forty (40) feet in width. "Closes", which are typically not more than 500 feet in length, shall be planted with shade trees within the green space, which may also function as infiltrative stormwater management areas. Trees planted within the closes must be of a species with a root base that will not impact the asphalt. Closes shall be designed to meet the Florida Fire Prevention Code. Please see illustrations in Section 17.10.00.

Cul-de-sacs serving more than six (6) homes shall generally be designed with a central island containing indigenous trees and shrubs, either conserved or planted. All cul-de-sacs shall provide pedestrian access to the protected space and/or other

nearby streets. The creation of single-loaded residential access streets is encouraged to maximize the number of homes in new developments that may enjoy views of open or protected space. To make this approach economical, narrower lots as well as flag lots, both of which help to make the street system more efficient, are permitted in these subdivisions.

C. Step Three: Locating House Sites. During the third step, potential house sites are tentatively located.

D. Step Four: Drawing the Lot Lines. The fourth step consists of drawing lot lines around potential house sites. Each lot must contain a buildable area of sufficient size to accommodate a single-family detached dwelling and customary accessory uses, including, but not limited to, storage buildings and garages, patios and decks, lawns, and driveways. Individual wells and septic systems, if allowed under Section 17.04.01, shall be located on the lots.

17.02.05 Dimensional Standards. Provided the arrangement, design, and shape of house lots is such that lots provide satisfactory and desirable sites for building and contribute to the preservation of designated Primary and/or Secondary Conservation Areas, minimum lot area, lot width, and setback requirements may be reduced as set forth below.

A. The minimum lot size shall be 6,000 square feet. Developments without internal lot lines such as pocket neighborhoods may be included, and these may also contain attached housing with buildings containing up to four dwellings.

B. Minimum lot width for detached single-family dwellings shall be thirty-four (34) feet (these units are sometimes referred to as detached townhouses).

C. Minimum front setback requirements for residences shall be no less than twelve (12) feet (or eight (8) feet for unenclosed front porches), and no less than twenty-five (25) feet for front-facing garages.

D. Minimum rear and side setback requirements shall be no less than seven and one-half (7.5) feet. Side setbacks may be combined to be greater than seven and one-half (7.5) feet on one side, provided that at least five (5) feet of setback remains on the other. Such combinations are permitted in lot layouts where this pattern is repeated with homes located off-center on their lots but evenly spaced (by no less than fifteen (15) feet) between buildings on adjoining lots.

E. Minimum lot frontage requirements shall generally be thirty-four (34) feet but may be reduced to twenty (20) feet to allow for a driveway extension.

F. Street frontage shall not be required when the garage access is provided via a back lane or alley, and when the lot directly abuts permanent open or protected space such as a neighborhood green (sometimes called an "attached green") or a "greenway street" (sometimes called a "mews"), as depicted in Section 17.10.00. Sidewalks shall be required on each side of the long green space (not be built down the middle), which shall be planted with shade trees like any other residential street.

G. To prevent garage doors from dominating streetscapes, the following two standards shall apply: (1) Garages shall be accessed via a back lane or alley for any lot that is less than fifty-five (55) feet wide, and (2) on lots that are fifty-five (55) feet or wider (and not served by an alley), front-facing garage doors shall be set back at least

eight (8) feet beyond the front edge of the dwelling (excluding porches), as depicted in Section 17.10.00.

H. Street frontage shall not be required for lots accessed via private common driveways (or "country lanes"), serving up to four (4) dwellings, which shall have a minimum gravel surface of sixteen (16) feet wide within a minimum right-of-way of twenty-five (25) feet.

17.02.06 Conceptual Sketch Plan.

A. Purpose. A Conceptual Sketch Plan shall be submitted by the applicant as a diagrammatic basis for helping applicants and officials develop a better understanding of the property prior to the required On-Site Visit, and to help establish an overall design approach that respects its special or noteworthy features, while providing for the density permitted under the zoning ordinance. To provide a better understanding of the site's potential the Sketch Plan shall include the information listed below. Many of these items can be taken from the Existing Features/Site Analysis Map.

B. Preparation. The Conceptual Sketch Plan shall be prepared according to the "four-step" process for designing rural conservation subdivisions described in Section 17.02.04. In addition, the Conceptual Sketch Plan shall be prepared by a team including at least a civil engineer or registered land surveyor, plus either a landscape architect or a land use planner experienced in open space design and an environmental specialist. Each map or plan shall be drawn to a scale of not less than 200 feet to the inch, whatever fits best on a standard 24" x 36" sheet, unless otherwise approved by the County Manager or designee. The scale chosen shall be large enough to show all required detail clearly and legibly. The same scale shall be used for the Existing Features/Site Analysis Map with the ability to overlay the Conceptual Sketch Plan on top of the Existing Features/Site Analysis Map.

C. General Information. Each plan shall contain the following general information:

1. A sketch vicinity map showing the location of the subdivision in relation to the existing street or highway system;
2. The plotted boundaries of the tract from deeds or maps of record and the portion of the tract to be subdivided;
3. The total acreage to be subdivided, including tax map, block, and lot number reference;
4. The name, address, and telephone number of the subdivider or owner and the person responsible for the subdivision design;
5. Scale, approximate north arrow, and date of plat preparation; and
6. Proposed name of subdivision.

D. The Conceptual Sketch Plan shall contain the following information:

1. The proposed arrangement of lots within the subdivision, including size and number.
2. The proposed street layout within the subdivision, including street pavement and right-of-way widths, and connection to existing streets.

3. The location, type, and area of the protected space and open space proposed in the subdivision, including spaces to be preserved:
   a. In a separate lot or lots under the ownership of a homeowner's association.
   b. As part of individually owned lots through a conservation easement applicable to multiple lots.
   c. In a separate lot or lots through dedication for public use, such as a park site, to a unit of local government, state government or a private land conservancy.
   d. The location of proposed water supply and sewage disposal facilities, including:
      i. Well sites for individual and community water systems.
      ii. Nitrification fields and land application areas for community sewage disposal systems employing subsurface disposal and spray irrigation, respectively.
      iii. Nitrification fields and land application areas for individual sewage disposal systems employing subsurface disposal and spray irrigation, respectively.
      iv. Public water and sewer lines, where such facilities are available or capable of being extended. This is intended to be general locational information with detailed infrastructure plans provided during the subdivision construction plan submittal process.

17.03.00 Evaluation Criteria.

17.03.01 Resource Priority. For any given site, resources may vary widely in importance; e.g., a natural area compared with a historic site. Likewise, for each type of resource, there may be examples of greater or lesser significance; e.g., a notable example of local vernacular building traditions compared to a much altered older home. Priorities for conserving such resources should therefore be based upon a thorough site analysis and an understanding of what is more special, unique, environmentally sensitive, and/or historic as compared with other similar features or different types of resources. Applicants are encouraged to use a cultural resource firm or consult with an appropriate state agency to assist with resource identification.

17.03.02 Evaluation Criteria. In evaluating the layout of lots, protected space, and open space, the following criteria will be considered as indicating design appropriate to the site's features and meeting the intent of these regulations. Whereas diversity and originality in lot layout are encouraged, it is recognized that not all objectives may be achieved on a given site. Each applicant must therefore attempt to achieve the best possible relationship between development and preservation objectives. In evaluating the relative significance of different categories of site features, or of individual features within certain categories, applicants shall consider comments received from the County Manager or designee during the Pre-Application Review and the On-Site Visit (See 17.06.01).~~, which precedes submission of the Conceptual Sketch Plan.~~

A. General Criteria. The following criteria apply to all subdivisions:

1. Protect and preserve all wetlands, floodplains, and steep slopes from clearing, grading, filling, or construction except as may be approved by the Board of County Commissioners.
2. The shape of the protected space and open space shall be reasonably contiguous, coherently configured, and shall abut existing or potential protected or open space on adjacent properties. Long narrow segments should be avoided except in the case of trail or stream corridors, wildlife corridors, trail links, or landscape buffers adjoining street rights-of-way and/or neighborhood boundaries.
3. The pedestrian circulation system shall be designed to assure that pedestrians can walk safely and easily on the site, between properties and activities or special features within the neighborhood protected space or open space system. All roadside footpaths should connect with off-road trails, and link with existing or potential protected or open space on adjoining parcels.
4. Landscape common areas (neighborhood greens), cul-de-sac islands, and both sides of new streets with native species shade trees and flowering shrubs with high wildlife conservation value.

B. Forest Land/Natural Areas Conservation Criteria. Where the goal of the subdivision is to conserve forest land and/or natural areas and wildlife habitats, the following criteria apply:

1. Dwellings should be in unwooded parts of the site away from mature forests, natural areas, and/or wildlife corridors.
2. To the greatest extent practicable, development should be designed around existing hedgerows and tree lines between fields or meadows. The impact on larger woodlands (greater than five (5) acres), especially those containing mature trees, natural areas, and/or wildlife corridors should be minimized.
3. When any woodland is developed, care shall be taken to locate buildings, streets, yards, and septic disposal fields to avoid mature forests, natural areas, and/or wildlife corridors.

C. Farmland Conservation Criteria. Where the goal of the subdivision is to conserve farmland, the following criteria apply:

1. Locate building lots away from existing grazing areas, cropland, feedlots, and similar uses.
2. If development must be located on open fields or pastures because of greater constraints on other parts of the site, dwellings should be sited in locations at the far edge of a field, as seen from a public road.
3. Identify the most productive portions of existing grazing areas and cropland and locate building lots on less productive land.
4. Buffers shall be provided between house lots and cropland or pastures, to reduce the potential for conflict between residents and fanning activities. Such buffers shall generally be seventy-five (75) feet or more in depth and shall be managed to encourage the growth of successional woodland or other habitat.

D. Conservation of Scenic Views Criteria. Where the goal of the subdivision is to conserve scenic views, the following criteria apply:

1. Leave scenic views and vistas unblocked or uninterrupted, particularly as seen from public roadways. Consider "no-build, no-plant" buffers along public roadways where views or vistas are prominent or locally significant. In wooded areas where enclosure is a feature to be maintained, consider a "no-build, no-cut" buffer created through the preservation of existing vegetation.
2. Where development is in unwooded areas clearly visible from existing public roads, it should be buffered from direct view by a vegetative buffer, or an earth berm constructed to reflect the topography of the surrounding area or located out of sight on slopes below existing ridge lines.
3. Protect rural roadside character and vehicular carrying capacity by avoiding development fronting on existing public roads; e.g., limiting access to all lots from interior rather than exterior roads.
4. Protect rural roadside character and scenic views by providing conservancy lots (e.g., three (3) acres or more in size) adjacent to existing public roads.
5. Avoid siting new construction on prominent hilltops or ridges, or so close to hilltops and ridges that roofline break the horizon (unless such buildings can be effectively screened or buffered with trees).

E. Historic and Archaeological Features Criteria. Where the goal of the subdivision is to conserve historic and archaeological sites and structures, the following guidelines apply:

1. Design around and preserve sites of historic, archaeological, or cultural value to safeguard the character of the feature(s), including fences and walls, farm outbuildings, burial grounds, abandoned roads, and earthworks.
2. New streets, driveways, fences, and utilities must be sited so as not to intrude on rural, historic landscapes. Wherever possible, streets and driveways are to follow existing hedgerows, fence lines, and historic farm drives.
3. New developments must include plantings which reflect natural and historic landscape materials and are in harmony with the character of the area.
4. Building designs and styles used in new construction should be compatible with the architectural style of historic buildings located on or adjacent to the site, especially in terms of scale, height, roof shape, and exterior materials.
5. If a historic cemetery is located on the property, all applicable state statutes will be followed.

F. Recreation Provision Criteria. Where recreation and parks facilities are proposed to be provided for neighborhood residents and/or the public, the guidelines contained in Section 17.01.02 shall apply.

17.04.00 Water and Wastewater.

17.04.01 Alternative Options. Water supply and sewage disposal facilities to serve these subdivisions may be provided using various alternatives, including:

A. Connection to a public water supply and/or sewage disposal system operated by a municipality or water or sewer authority. System extensions are permitted only in accordance with applicable water and sewer, and land use policies.

B. If a public water supply or public sewage disposal system is not available, a central water system and/or distributed wastewater system designed, constructed, and maintained in conformity with all applicable state, federal, and local rules, and regulations shall be allowed.

C. If public utilities are not available and the developer asserts that utilizing a central water system or distributed wastewater system is not feasible, individual wells and septic tanks located on each lot may be allowed if the Board of County Commissioners grants a waiver to the connection requirements at a public hearing. Any waivers granted hereunder are only valid until:

1. The Board of County Commissioners has determined that the existing method of providing water and wastewater is endangering the environment, public health, safety, or welfare; or
2. The private system fails, and a replacement is required, the property is within the distance established in these regulations to be considered available; or
3. The private system is relocated.

17.05.00 Optional Density Bonuses.

17.05.01 Generally. The maximum number of building lots or dwelling units in a subdivision shall not exceed the number that could otherwise be developed by the application of the minimum lot size requirement and/or density standard of the ~~zoning district or districts~~future land use category in which the parcel is located. However, ~~increases in the number of building lots or dwelling units~~density bonuses are permitted at the discretion of the Board of County Commissioners ~~when it determines that the applicant has met one of the bonus criteria~~. Such discretionary bonuses if approved by the Board of County Commissioners ~~are permitted through one or more of the options in this subsection, and~~ shall not exceed, in total, more than a twenty-five (25) percent increase in density. A density bonus may be denied if the primary access to the subdivision is from a public roadway that does not meet the current county roadway standards for its classification.

17.05.02 To Encourage Additional Open Space. A density increase is permitted where more than the minimum required open space (as specified in these regulations) is provided. The amount of the density increase shall be based on the following standards:

A. For each additional acre of protected, unconstrained (buildable), open space land provided in the subdivision, two (2) additional building lots or dwelling units are permitted.

B. In lieu of providing such additional open space within the proposed development, the applicant may purchase in fee simple or less than fee (e.g., development rights) land separate from the subdivision which is comprised of unconstrained (buildable) land. Land purchased for conservation purposes in fee may be dedicated to a unit of local government, the State of Florida, or a private non-profit land conservancy.

C. For land purchased in less than fee, a conservation easement shall be recorded which restricts the development potential of the land. The conservation easement shall be dedicated to a unit of local government, the State of Florida, or a private non-profit land conservancy.

17.05.03 To Encourage Public Access. Dedication of land for public use (including trails, active recreation, municipal spray irrigation fields, etc.), in addition to any public land dedication authorized under Florida law, may be eligible for a density bonus. This density bonus, for open space that would be in addition to what is required under this Chapter or under Florida law, shall be computed based on two (2) dwelling units for every acre of publicly accessible land. ~~The decision whether to accept an applicant's offer to dedicate open space for public access shall be at the discretion of the Board of County Commissioners.~~

17.06.00 Procedures for Application and Approval.

17.06.01 ~~Conceptual Sketch Plan~~Application Process.

A. Pre-Application Review~~:~~. To promote better communication and avoid unnecessary expense in the design of acceptable rural conservation subdivision proposals, each applicant shall attend a Pre-Application Conference under Section 14.00.03 of these regulations prior to filing an application for Conceptual Sketch Plan approval. The Pre-Application Conference cannot be waived.

~~B. On-Site Visit: Prior to the submission of a Conceptual Sketch Plan, the applicant shall schedule a mutually convenient time to walk the property with the County Manager or designee, or an agent of the County if the County elects to utilize a consultant for this purpose. If the County elects to use a consultant for the on-site visit, the applicant shall pay the consultant's fee. The purpose of this visit is to familiarize the County Manager or designee, or County's agent, with the property's special features, and to provide an informal opportunity to offer guidance to the applicant regarding the tentative location of Secondary Conservation Areas, and potential street alignments. Prior to scheduling the on-site visit, the applicant shall have prepared the Existing Features/Site Analysis Map as required in Section 17.02.03.~~

~~C~~B. Application Requirements.~~:~~ Applications for Conceptual Sketch Plan approval shall be submitted to the County Manager or designee prior to the submission of a Preliminary Plat and shall contain the following information:

1. The applicant's name and address.
2. A narrative describing the request which includes how the Plan is consistent with the applicable design guidelines, the Comprehensive Plan, and the purposes of the zoning district within which the development is to be located. The narrative shall also include a description of how areas will be protected and how disturbed areas are to be restored and maintained as open space utilizing native/Florida friendly plantings to simulate a natural environment and how these areas would be maintained in the Management Plan.
3. A complete legal description of the property.

4. One (1) original of a Conceptual Sketch Plan of the proposed major subdivision prepared in accordance with the specifications for Conceptual Sketch Plan drawings as contained in Section ~~17.07.00~~17.02.06 of these regulations. ~~A Concept Plan shall consist of an Existing Features/Site Analysis Map and an Open Space Development Conceptual Sketch Plan.~~
5. An Existing Features/Site Analysis Map meeting the requirements of 17.02.03 of these regulations.
6. An Open Space Development Plan meeting the requirements of 17.01.02 of these regulations.
7. A written Management Plan describing the Management of all the Protected Space and Open Space and Common Facilities as contained in Section 17.08.00 of these regulations.
8. A copy of any environmental studies completed for the subject property(ies), including hydrological and hydrogeological studies.
9. A narrative describing ownership and maintenance of internal roads.
10. A Stormwater Management Plan meeting the stormwater requirements as set forth in Section 14.07.04 of these regulations.
11. A Traffic Safety Analysis prepared by a transportation engineer licensed by the State of Florida evaluating roadway capacity, design, existing road conditions, existing road lane width and road shoulder, right-of-way conditions, and safety for all access points. The Analysis shall recommend improvements to mitigate identified deficiencies.

~~D~~C. Mandatory Public Information Meeting: ~~Upon receipt and acceptance of the Conceptual Sketch Plan application, the applicant shall schedule a Public Information Meeting at a location near the property to be developed. The applicant shall mail notices of the meeting to each owner of property within 1,000 feet of the property proposed to be subdivided. The Public Information Meeting shall be held within thirty (30) days of date the applicant is notified by the County Manager or designee that the application is deemed sufficient. Notices shall be mailed by first class mail at least ten (10) days prior to the date of the meeting. The applicant shall provide the County a list of all adjacent owners who were notified and a copy of the notification. The applicant shall incorporate as many suggestions or comments as is reasonably practicable into the Conceptual Sketch Plan. The applicant shall provide a list identifying the public comments or suggestions made to the County Manager or designee and shall notate which have been incorporated into the Plan and the reasons why the remainder were not incorporated.~~ A mandatory Public Information Meeting shall be held within sixty (60) days of the date the applicant is notified by the County Manager or designee that the application is deemed sufficient. The meeting shall be held at a location near the property to be developed. The applicant shall mail notices of the meeting to each owner of property within 1,000 feet of the property proposed to be subdivided. The mailed notice shall include a copy of the proposed Conceptual Site Plan or shall provide a link that will allow interested people to download a copy. The meeting shall be held no earlier than twenty (20) days and no less than sixty (60) days from the date the notices are mailed. A Public Information Meeting shall not be held during the weeks of Thanksgiving or Christmas. Notices shall be mailed first class, and the applicant

shall provide the County all persons to whom a notice was mailed, along with a copy of the notice. The applicant shall incorporate as many suggestions or comments as is reasonably practicable into the Conceptual Sketch Plan. The applicant shall provide a list identifying the public comments or suggestions made to the County Manager or designee and shall notate which have been incorporated into the Plan and the reasons why the remainder were not incorporated.

D. On-Site Visit. Not fewer than sixty (60) days prior to the Public Hearing, the applicant shall schedule a mutually convenient time to walk the property with the County Manager or designee, Planning Staff, Public Works Staff, and an agent of the County if the County elects to utilize a consultant for this purpose. If the County elects to use a consultant for the on-site visit, the applicant shall pay the consultant's fee. The purpose of this visit is to familiarize the County Manager or designee, or County's agent, with the property's special features, and to provide an informal opportunity to offer guidance to the applicant regarding the tentative location of Secondary Conservation Areas, and potential street alignments. The Conceptual Sketch Plan and Existing Features/Site Analysis Map as required in Section 17.02.03 shall be used during the on-site visit.

E. Public Hearings. ~~When two hundred (200) or more lots are proposed, t~~The Conceptual Sketch Plan shall be presented to the Planning and Zoning Board and Board of County Commissioners for ~~approval~~consideration following the procedures set forth in Section 14.00.00 of these regulations. The Board of County Commissioners may approve, approve with conditions, or deny the application. ~~For subdivisions of one hundred ninety-nine (199) lots or less, a public hearing is not required so long as all newly created lots are contained on a single Lot of Record, and the Conceptual Sketch Plan may be approved by the County Manager or designee if found to be in compliance with these regulations.~~

F. Resolution. Approval of the Conceptual Sketch Plan shall be granted through a Resolution approved by the Board of County Commissioners. The Resolution shall contain any additional conditions for development as provided by the Board. The Conceptual Sketch Plan and Management Plan shall be incorporated as exhibits to the approved Resolution.

~~F~~G. Expiration of Conceptual Sketch Plan. The Conceptual Sketch Plan ~~approval~~included in the Resolution shall be effective for twelve (12) months from the date of approval~~the Board of County Commissioners approved the Plan~~. The applicant must submit a Preliminary Plat application, and have the Preliminary Plat approved, within this initial twelve (12) months. An applicant may request a single extension for an additional six (6) months. Such written request shall be submitted at least thirty (30) days prior to the expiration date. If submitted on time, the extension shall be granted where the applicant has demonstrated a good-faith effort to submit a substantially complete Preliminary Plat application and has diligently worked with the County Manager or designee towards approval of the Preliminary Plat. However, the extension shall be denied if any portion of the Conceptual Sketch Plan has become inconsistent with the Comprehensive Plan as determined by the County Manager or designee. If the applicant's Conceptual Sketch Plan expires without receiving Preliminary Plat approval, the applicant must submit a new application for Conceptual Sketch Plan approval.

~~G. [Reserved.]~~

H. Appeal Procedures: The decision of the of the Board of County Commissioners may be appealed as provided for by Florida law.

I. Expedited Permitting. The County Manager or designee may establish expedited permitting procedures to encourage the use of rural conservation subdivision design standards.

17.07.00 ~~Components of the Conceptual Sketch Plan.~~ Reserved.

~~**17.07.01 Requirements.** The Conceptual Sketch Plan required by Section 17.06.00 shall consist of two parts:~~

~~A. An Existing Features/Site Analysis Map; and~~

~~B. A Conceptual Sketch Plan.~~

~~1. The Conceptual Sketch Plan shall be prepared according to the "four-step" process for designing rural conservation subdivisions described in Section 17.02.04. In addition, the Conceptual Sketch Plan shall be prepared by a team including at least a civil engineer or registered land surveyor, plus either a landscape architect or a land use planner experienced in open space design. All design professionals must be appropriately licensed by the State of Florida. Each map or plan shall be drawn to a scale of not less than 200 feet to the inch, whatever fits best on a standard 24" x 36" sheet, unless otherwise approved by the County Manager or designee. The scale chosen shall be large enough to show all required detail clearly and legibly.~~

~~2. The Conceptual Sketch Plan and Existing Feature/Site Analysis Map shall be drawn to the same scale, with the ability to overlay the Conceptual Sketch Plan on top of the Site Analysis Map for comparison.~~

~~**17.07.02 General Information.** Each map or plan required in Section 17.07.01 shall contain the following general information:~~

~~A. A sketch vicinity map showing the location of the subdivision in relation to the existing street or highway system;~~

~~B. The plotted boundaries of the tract from deeds or maps of record and the portion of the tract to be subdivided;~~

~~C. The total acreage to be subdivided, including tax map, block, and lot number reference;~~

~~D. The name, address and telephone number of the subdivider or owner and the person responsible for the subdivision design;~~

~~E. Scale, approximate north arrow, and date of plat preparation; and~~

~~F. Proposed name of subdivision.~~

~~**17.07.03 Existing Features/Site Analysis Map.** As determined from readily identifiable on-site inventories, aerial photographs, maps of record, State/Federal resource maps, and local planning~~

documents and inventories, the Existing Features/Site Analysis Map shall contain the following information:

A. Primary Conservation Areas: Identification of physical resources associated with the site which restrict its development potential or contain significant natural and/or cultural resources, including:

1. Topographic contours at two foot intervals, showing slopes of fifteen (15) to twenty five (25) percent, and slopes of more than twenty five (25) percent.
2. Soil type locations and characteristics relating to seasonal high-water table and depth to bedrock (for unsewered properties).
3. Hydrologic characteristics of the site, including drainage tributaries, surface water bodies, natural springs, floodplains, sinkholes, and wetlands.

B. Secondary Conservation Areas: Identification of significant site elements on buildable portions of the site, including:

1. Vegetation of the site, defining approximate location and boundaries of woodland areas, and, wherever possible, vegetative association in terms of species and size. Information from aerial photographs shall be acceptable at the Conceptual Sketch Plan stage.
2. Current land use and land cover (cultivated areas, pastures, etc.), existing buildings and structures, and burial grounds.
3. Natural areas (including pastures), and wildlife habitats and corridors.
4. Historic and archaeological sites, especially those listed on the National Register of Historic Places or included on the State's National Register study list, designated as a local historic landmark, and/or located in a local historic district.
5. Scenic views onto the site from surrounding roads as well as views of scenic features from within the site.

C. Transportation and Utility Systems: Identification of facilities associated with the movement of people and goods, or the provision of public services, including:

1. Railroad and street rights-of-way.
2. Easements for vehicular access, electric and gas transmission lines, and similar uses.
3. Public and private water and sewer lines, and storm drainage facilities.

17.07.04 Conceptual Sketch Plan.

A. A Conceptual Sketch Plan shall be submitted by the applicant as a diagrammatic basis for informal discussion with the County Manager or designee regarding the design of a proposed subdivision or land development. One of the purposes of the Sketch Plan is to of helping applicants and officials develop a better understanding of the property prior to the required On-Site Visit, and to help establish an overall design approach that respects its special or noteworthy features, while providing for the density permitted under the zoning ordinance.

B. To provide a better understanding of the site's potential the Sketch Plan should include the information listed below. Many of these items can be taken from the

~~Existing Features/Site Analysis Map, a document that must in any case be prepared and submitted no later than the date of the On-Site Inspection, which precedes the Preliminary Plat. The diagrammatic Sketch Plan shall be prepared as an overlay sheet placed on top of the Site Analysis Map, both maps therefore being drawn to the same scale.~~

~~C. Sketch Plans shall be prepared by a landscape architect, licensed by the State of Florida or by a planner with experience designing conservation subdivisions. Florida licensed civil engineers and surveyors may also be added to the design team at this stage. However, their role does not become pre-eminent until the Preliminary Plant stage.~~

~~D. The Conceptual Sketch Plan shall contain the following information:~~

~~1. The proposed arrangement of lots within the subdivision, including size and number.~~

~~2. The proposed street layout within the subdivision, including street pavement and right-of-way widths, and connection to existing streets.~~

~~3. The location, type, and area of the protected space and open space proposed in the subdivision, including spaces to be preserved:~~

~~a. In a separate lot or lots under the ownership of a homeowner's association.~~

~~b. As part of individually owned lots through a conservation easement applicable to multiple lots.~~

~~c. In a separate lot or lots through dedication for public use, such as a park site, to a unit of local government, state government or a private land conservancy.~~

~~d. The location of proposed water supply and sewage disposal facilities, including:~~

~~i. Well sites for individual and community water systems.~~

~~ii. Nitrification fields and land application areas for community sewage disposal systems employing subsurface disposal and spray irrigation, respectively.~~

~~iii. Nitrification fields and land application areas for individual sewage disposal systems employing subsurface disposal and spray irrigation, respectively.~~

~~iv. Public water and sewer lines, where such facilities are available or capable of being extended.~~

~~**17.07.05 Sketch Plan Submission and Review.** Copies of a diagrammatic Sketch Plan, meeting the requirements described above, shall be submitted to the County Manager or designee for presentation to the Planning and Zoning Board and Board of County Commissioners. The Sketch Plan diagrammatically illustrates initial thoughts about a conceptual layout for Open Space lands, house sites, and street alignments, and shall be based closely upon the information contained in the Site Analysis Map. The Sketch Plan shall also be designed in accordance with the four-step design process described herein.~~

17.08.00 Management Plan.

17.08.01 Management Plan.

A. The Management Plan shall outline the comprehensive guidelines and procedures for maintenance, operation, and stewardship of all the Protected Space, Open Space and Common Facilities ("Plan"). The plan shall ensure that these spaces and facilities are properly maintained, operated, and compliant with local regulations and goals to include debris and litter removal, fostering the long-term preservation, environmental health, and community accessibility of the spaces. As per Section 17.01.05, the Plan shall establish conservation objectives, outlining procedures, and defining the roles and responsibilities of managing the space, including the establishment of a Qualified Management entity as appropriate. The Plan shall also address wildfire mitigation requirements to include vegetation management practices to prevent hazardous fuel buildup and possible wildfire threat within the community.

~~A~~B. Applicants shall submit simultaneously with the application for Conceptual Sketch Plan a Plan for Management of all the Protected Space, ~~and~~ Open Space, and Common Facilities ("Plan") that:

1. Allocates responsibility and guidelines for the maintenance and operation of the protected space and pen space and any facilities located thereon, including:
   a. The required management or maintenance task;
   b. The season, month, or other date at which time the task should be carried out;
   c. The location at which the task should be carried out;
   d. Contractors, certified professions, or volunteers necessary to carry out the task;
   e. The estimated cost of equipment, labor, materials, and other activities associated with carrying out the maintenance or management task.
   f. If there is a cemetery or archeological site within a Secondary Conservation Area, the Plan shall incorporate best management practices as set forth by an appropriate State or Federal agency including, but not limited to, Florida Public Archaeology Network, the Florida Division of Historical Resources, or utilize a cultural resource management firm to provide management standards.
2. Estimates the costs and staffing requirements needed for maintenance and operation of, and insurance and outlines how such funding will be obtained or provided;
3. Provides that any changes to the Plan be approved by the County Manager or designee; and
4. Provides for enforcement of the Plan.

~~B~~C. Annually, after the approval of the Conceptual Sketch Plan, the managing entity shall submit to the County a report demonstrating compliance with the approved Management Plan. The County Manager or designee shall also annually inspect the property to ensure compliance with the conditions of approved Management Plan.

An annual inspection fee will be assessed. Additionally, the managing entity agrees and acknowledges that the County Manager or designee may inspect at any time, with or without notice, to ensure compliance with the Management Plan.

~~C~~D. In the event the party responsible for maintenance of the protected space or open fails to maintain all or any portion in reasonable order and condition, the County may avail itself of all legal remedies to enforce compliance with the Plan.

17.09.00 ~~Legal Instrument for Permanent Protection~~Reserved.

~~17.09.01 Legal Instrument for Permanent Protection.~~

~~A. As required in Section 17.01.04, protected space and open space (comprising both Primary and Secondary Conservation Areas) shall be preserved in perpetuity by a binding legal instrument that is recorded in the public records of Lake County, Florida, such as:~~

~~1. A permanent conservation or open space easement in favor of either:~~

~~a. A land trust or similar conservation-oriented non-profit organization with legal authority to accept such easements. The organization shall be bona fide and in perpetual existence and the conveyance instrument shall contain an appropriate provision for retransfer in the event the organization becomes unable to carry out its functions; or~~

~~b. A governmental entity with an interest in pursuing goals compatible with the purposes of this Chapter. If the entity accepting the easement is not the County, then a third right of enforcement favoring the County shall be included in the easement.~~

~~2. A plat restriction that establishes the conditions and restrictions on the uses for each protected space or open space.~~

~~B. The instrument for permanent protection shall include clear restrictions on the use of the Open Space, including all restrictions contained in this Chapter as well as any further restrictions the applicant chooses to place on the use of the protected space or open space.~~

~~C. All provisions contained in Section 17.01.00 above, pertaining to open space management, shall be observed.~~

(Section 17.10.00 shall remain unchanged)

****

Section 3. Severability. If any section, sentence, clause, or phrase or word of this Ordinance is for any reason held or declared to be invalid, unconstitutional, inoperative or void by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portion of this Ordinance; and it shall be construed to have been the Commissioners' intent to pass this Ordinance without such unconstitutional, invalid or inoperative part therein; and the remainder of this Ordinance, after the exclusion of such part or parts shall be deemed and held to be valid, as if such parts had not been included herein; or if this Ordinance or any provisions

thereof shall be held inapplicable to any person, groups of persons, property, kind of property, circumstances or set of circumstances, such holding shall not affect the applicability thereof to any other person, property or circumstances.

Section 4. Inclusion in the Code. It is the intent of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Lake County Code and that the sections of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 5. Filing with the Department of State. The Clerk shall be and is hereby directed forthwith to send an electronic copy of this Ordinance to the Secretary of State for the State of Florida in accordance with Section 125.66, Florida Statutes.

Section 6. Effective Date. This Ordinance shall become effective as provided for by law.

Business Impact Estimate

Staff Contact:	Contact Number:
Meg Brew	352-742-3921

1. Include a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the County:

The purpose of this Ordinance is to amend Chapter XVII, Lake County Code, Appendix E, Land Development Regulations (LDR), entitles Rural Conservation Subdivision Design Standards ("RCS") to enhance clarity and consistency in the application and interpretation of the standards. Amending the RCS Design Standards is in the best interest of the health, safety, and welfare of the residents of Lake County, Florida.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the County, including the following, if any:

a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

b. Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible; or

c. An estimate of the County's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

This Ordinance clarifies the intent and application processes of the RCS Design Standards. There may be additional costs associated with engaging a civil engineer, registered land surveyor, and/or landscape architect for work related to the application.

3. A good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

Any developer seeking to establish a RCS may be impacted by this ordinance.

4. Any additional information:

The intent of the RCS Design Standards is to allow for development into rural areas that is complementary to the rural character of the area and considers the natural resources and existing ecosystems.

This Business Impact Estimate for the proposed ordinance is included in the agenda packet for the Board of County Commissioners Meeting at https://lakecountyfl.gov/board-of-county-commissioners/board-meetings and under the Lake County Ordinances webpage at https://lakecountyfl.gov/county-attorney/ordinances.

AFFORDABLE HOUSING IMPACT STATEMENT

Contact Information			
Date:	April 16, 2026	Contact Name:	Jeannette McIntosh
			Affordable Housing Advisory Committee Member

Ordinance Information

Describe the Ordinance:

This ordinance was created to apply clarity and consistency to portions of Chapter XVII, Lake County Code, Appendix E, entitled “Rural Conservation Subdivision Design Standards”.

Describe the direct impact of the ordinance upon the provision of affordable housing:

This ordinance does not directly impact affordable housing.

Describe the direct impact of the ordinance upon the property owner/taxpayers/citizens who need affordable housing:

I see no direct impact upon any property owner/citizens/etc who need affordable housing.

Identify any potential indirect impacts, positive or negative which might occur as a result of the ordinance:

I see no potential indirect impacts as a result of this ordinance.

TO: Jennifer Barker, County Manager **ITEM TYPE:** Presentation
THRU: **ITEM ID:** 42874
BY: Thomas Carpenter, Assistant County Manager
SUBJECT: Fire Rescue's Ambulance Service Update

RECOMMENDATION/REQUIRED ACTION: Approve

Presentation by Thomas Carpenter, Assistant County Manager, with a Fire Rescue Ambulance Services Update.

BACKGROUND SUMMARY: On October 14, 2025, Fire Rescue provided an update to the Board of County Commissioners (Board) of the County's Emergency Medical Services system, and the City of Clermont's verbal request for Ambulance MSTU funding to allow the City to provide ambulance service in Fiscal Year 2026. At the conclusion of Fire Rescue's presentation, the Board directed Fire Rescue to move forward with their (Fire Rescue) operational plan to add ambulances to the Clermont area and countywide. In addition, Chairman Campione requested the City work with the County and allow Fire Rescue's plan to move forward with adding ambulances. The Board requested Fire Rescue personnel to come back in six (6) months and provide an ambulance service update. There is no fiscal impact.

Fiscal Impact: None.

SUBJECT: Certificate of Public Convenience and Necessity (COPCN)

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend approval to issue a Certificate of Public Convenience and Necessity for the Office of Fire Rescue through June 18, 2028. There is no fiscal impact.

BACKGROUND SUMMARY: The Office of Fire Rescue (LCFR) is required by the State of Florida Department of Health to obtain a current Certificate of Public Convenience and Necessity (COPCN) from Lake County, FL for its State EMS license. The current certificate expires June 18, 2026. The Board of County Commissioners (Board) must hold a public hearing in accordance with Section 11-19, Lake County Code, prior to the issuance of a two-year COPCN, allowing LCFR to provide emergency medical services (with ambulance BLS and ALS transport) within Lake County, FL. The service area includes Lake County as a whole. All municipalities were notified of the public hearing by US mail.

On March 24, 2026, the Board approved advertising the public hearing to renew the COPCN.

Fiscal Impact: None.

Sec. 11-19. - Certificate of public convenience and necessity.

(a) Every person, firm, corporation, association, or governmental entity owning or acting as agent for the owner of any business or service which furnishes, operates, conducts, maintains, advertises, engages in, or professes to engage in the business or service of providing prehospital or interfacility advanced life support services or basic life support transportation services must obtain a certificate of public convenience and necessity from the board of county commissioners before offering such service to the public.

(b) The certificate issued in accordance with the provisions of this section shall automatically expire two (2) years after the date of issuance. The requirements for renewal of any certificate issued under the provisions of this section shall be the same as the requirement for a new certification current at the time or renewal.

(c) The board of county commissioners may, after holding a public hearing, issue a certificate of public convenience and necessity to any applicant complying with the following requirements if the board of county commissioners determines that issuance of the certificate of public convenience and necessity is in the best interests of the residents of Lake County, Florida:

(1) A county application and any required application fee are submitted by the applicant.

(2) The applicant has submitted a copy of the application form required by the state department of health and rehabilitative services under the provisions of the Florida Emergency and Non-Emergency Medical Services Act (F.S. 401.21. et. seq.).

(3) Any other information deemed necessary by the county is provided by the applicant.

(d) The application and fee shall be filed with the department of fire and emergency services and the department of fire and emergency services shall cause notice of such filing to be sent to each municipality within the geographic area to be served by the applicant.

(e) Upon receipt of the application, filing fee and a copy of the state application, the matter shall be placed on an agenda for a hearing before the board of county commissioners during a regularly scheduled meeting. Notice of the time and date for such hearing shall be sent to the applicant and to any municipality within the geographic area to be served by the applicant. In determining that the issuance of the certificate of public convenience and necessity is in the best interests of the residents of Lake County, Florida, the board of county commissioners shall consider the following factors:

(1) The impact on current services;

(2) The benefit to county residents;

(3) Experience of the applicant and the applicant's employees;

(4) Financial stability of the applicant;

(5) Experience and record of the applicant's medical director;

(6) Ability to comply with county records and reporting requirements;

(7) Applicant's ability to provide additional or back-up service during disaster situations;

(8) Condition of applicant's proposed fleet and equipment;

(9) Any other considerations considered relevant by county.

(f) The certificate of public convenience and necessity shall be in substantially the following form:

CERTIFICATE OF PUBLIC CONVENIENCE & NECESSITY

WHEREAS, name of provider will provide als transport/als nontransport/bls to the citizens of geographic area, and

WHEREAS, there has been demonstrated a need for this emergency medical transportation provider to operate in the County to provide essential services to the citizens of this County, and

WHEREAS, the above-mentioned emergency medical transportation provider has indicated that it will comply with all requirements of the Florida Emergency and Non-Emergent Medical Services Act, the Board of County Commissioners of Lake County hereby

CERTIFIES that the public convenience and necessity will be served by name of provider.

In issuing this Certificate, the Board of County Commissioners attest that recommendations of the municipalities within the provider's service area were considered.

This Certificate shall expire expiration date.

DONE AND RESOLVED by the Lake County Board of County Commissioners in regular session on the _____ / _____ / _____ day of _____ / _____ / _____ , 19 _____ .

(Ord. No. 1983-1, §§ 1—5, 1-4-83; Ord. No. 1988-5, § 4, 5-3-88; Ord. No. 1994-15, §§ 2, 3, 10-18-94; Ord. No. 1996-59, § 1, 7-23-96)

State Law reference— Licensing of basic life support or advance license support systems and local certificates of public convenience and necessity authorized, F.S. § 401.25.

CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY FOR LAKE COUNTY BOARD OF COUNTY COMMISSIONERS

WHEREAS, Section 401.25, Florida Statutes, governs the licensure by the State of Florida, Department of Health of entities providing basic life support or advance life support transportation services; and

WHEREAS, Section 401.25, Florida Statutes, requires applicants for licensure to obtain a certificate of public convenience and necessity from each county in which the applicant will operate; and

WHEREAS, Section 401.25(6), Florida Statutes, authorizes counties to adopt ordinances providing reasonable standards for certificates of public convenience and necessity, and requires the governing body of each county to consider state guidelines, recommendations of the local or regional trauma agency created under Chapter 395, Florida Statutes, and the recommendations of municipalities within its jurisdiction; and

WHEREAS, Section 11-19, Lake County Code, governs the application for a certificate of public convenience and necessity in Lake County, Florida and provides a general form of a certificate of public convenience and necessity; and

WHEREAS, LAKE COUNTY BOARD OF COUNTY COMMISSIONERS will provide advanced and basic emergency medical services and ambulance transport for the residents of unincorporated and incorporated Lake County, including residents of each of the fourteen municipalities; and

WHEREAS, there has been a demonstrated need for LAKE COUNTY BOARD OF COUNTY COMMISSIONERS to operate in Lake County and the municipalities to provide essential services to the residents of Lake County; and

WHEREAS, LAKE COUNTY BOARD OF COUNTY COMMISSIONERS has indicated that it will comply with all applicable requirements of Part III, Chapter 401, Florida Statutes, and Chapter 64J-1, Florida Administrative Code.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Lake County, Florida hereby certifies that the public convenience and necessity will be served by LAKE COUNTY BOARD OF COUNTY COMMISSIONERS.

In issuing this certificate, the Board of County Commissioners attests that recommendations of each of the fourteen (14) municipalities situated within Lake County were considered.

This Certificate will expire on the 18th day of June, 2028.

DONE AND RESOLVED by the Board of County Commissioners of Lake County, Florida, by and through its Chairman.

BOARD OF COUNTY COMMISSIONERS
LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 04/02/2026
MEETING DATE: 4/28/2026
TO: Jennifer Barker, County Manager
ITEM TYPE: Public Hearing
THRU:
ITEM ID: 42885
Melanie Marsh, County Attorney
BY: Nova Atkinson, Senior Paralegal
SUBJECT: Public Hearing of an Ordinance providing for the levy of an additional school district ad valorem millage tax in Lake County for operational purposes effective in 2027 and ending four (4) years thereafter pursuant to Section 1011.71(9), Florida Statutes, and providing for approval of the levy by voters in a referendum to be held on November 3, 2026, and providing for ballot language.

RECOMMENDATION/REQUIRED ACTION: Approve
Adopt

Recommend adoption and execution of an Ordinance providing for the levy of an additional school district ad valorem millage tax in Lake County for operational purposes effective in 2027 and ending four (4) years thereafter pursuant to Section 1011.71(9), Florida Statutes, and providing for approval of the levy by voters in a referendum to be held on November 3, 2026, and providing for ballot language.

The fiscal impact cannot be determined at this time.

BACKGROUND SUMMARY: Section 1011.73(2) authorizes the district school board to adopt a resolution directing the county commissioners to call an election in which the electors within the school district may approve an ad valorem tax millage as authorized under Section 1011.71(9), Florida Statutes, which allows the imposition of an ad valorem tax millage for school operational purposes up to an amount, that combined with the nonvoted millage levied, does not exceed a combined 10-mill limit.

On February 23, 2026, the School Board of Lake County adopted Resolution No. 2026-02 directing the Board of County Commissioners to call for a referendum by the electors, in conjunction with the general election to be held on November 3, 2026, on an additional school district ad valorem millage tax beginning in 2027 and ending four (4) years thereafter.

If adopted, this Ordinance will set the ballot language for the general election.

Fiscal Impact: The fiscal impact cannot be determined at this time.

ORDINANCE NO. 2026 - ___

AN ORDINANCE OF LAKE COUNTY, FLORIDA, PROVIDING FOR THE LEVY OF AN ADDITIONAL ONE (1) MILL SCHOOL DISTRICT AD VALOREM MILLAGE TAX IN LAKE COUNTY FOR SCHOOL OPERATIONAL PURPOSES FOR A PERIOD NOT TO EXCEED FOUR (4) YEARS; PROVIDING FOR APPROVAL OF THE LEVY BY VOTERS IN A REFERENDUM; PROVIDING THAT THE IMPOSITION SHALL BE EFFECTIVE BEGINNING JULY 1, 2027 AND ENDING FOUR (4) YEARS THEREAFTER PURSUANT TO SECTION 1011.71(9), FLORIDA STATUTES; PROVIDING FOR THE REFERENDUM TO BE HELD ON NOVEMBER 3, 2026; PROVIDING BALLOT LANGUAGE; PROVIDING FOR NOTICE OF THE ELECTION; PROVIDING FOR NOTIFICATION TO THE STATE OF FLORIDA, DEPARTMENT OF REVENUE; PROVIDING A CONFLICT CLAUSE; PROVIDING FOR FILING WITH THE DEPARTMENT OF STATE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Section 1011.71(9), Florida Statutes, allows the district school board of a county to impose, in addition to other taxes allowed by law, an ad valorem tax millage for school operational purposes up to an amount, that combined with the nonvoted millage levied under this section, does not exceed the 10-mill limit; and

WHEREAS, Section 1011.73(2), Florida Statutes, authorizes the district school board to adopt a resolution at a regular meeting which shall direct the county commissioners to call an election in which the electors within the school district may approve an ad valorem tax millage as authorized under Section 1011.71(9), Florida Statutes; and

WHEREAS, the School Board did approve a resolution on February 23, 2026, making such request of the Board of County Commissioners.

NOW THEREFORE be it ordained by the Board of County Commissioners of Lake County, Florida as follows:

Section 1. **Referendum.** Pursuant to Sections 1011.71(9) and 1011.73(2), Florida Statutes, a referendum shall be held on November 3, 2026, in which the electors of Lake County may vote on the imposition of a levy up to an additional one (1) mill school district ad valorem millage tax. The form of ballot for said special election shall be as follows:

BALLOT TITLE: **LAKE COUNTY SCHOOL DISTRICT AD VALOREM TAX FOR TEACHER PAY AND SCHOOL SAFETY**

BALLOT QUESTION: To increase teacher pay, recruit and retain teachers, enhance school safety in compliance with the Marjory Stoneman Douglas Act, and improve student mental health services, shall the School District levy up to one mill of ad valorem taxes for four years with funds shared with eligible charter schools based on each charter school's proportionate share of the District's enrollment, and with all expenditures staying local and monitored by an independence citizen review committee?

____ YES

____ NO

Section 2. **Notice of Election.** A notice of the special election shall be published in a newspaper of general circulation in Lake County at least twice, once in the fifth week and once in the third week prior to the week of November 2, 2026.

Section 3. **Notice of Passage.** The Clerk of the Board of County Commissioners is directed to notify the Supervisor of Elections and the State of Florida, Department of Revenue ("Department") immediately upon the passage of this Ordinance. The Clerk of the Board of County Commissioners is further directed to notify the Department of the outcome of the referendum election within ten (10) days of the date of said election. Said notice shall include the time period during which the levy will be in effect, a copy of this Ordinance, and such other information as the Department shall require by rule.

Section 4. **Supervisor of Elections; Authority.** The Supervisor of Elections is hereby granted the authority to correct any scrivener errors associated with the ballot language so long as the intent and substance of the same is not changed.

Section 5. **Severability.** If any section, sentence, clause, or phrase or word of this Ordinance is for any reason held or declared to be invalid, unconstitutional, inoperative or void by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portion of this Ordinance; and it shall be construed to have been the intent of the Board of County Commissioners to pass this Ordinance without such unconstitutional, invalid or inoperative part therein; and the remainder of this Ordinance, after the exclusion of such part or parts shall be deemed and held to be valid, as if such parts had not been included herein; or if this Ordinance or any provisions thereof shall be held inapplicable to any person, groups of persons,

property, kind of property, circumstances or set of circumstances, such holding shall not affect the applicability thereof to any other person, property or circumstances.

Section 6. **Conflict.** Any ordinance or part thereof in conflict with this Ordinance or any part hereof is hereby repealed to the extent of the conflict unless otherwise addressed herein.

Section 7. **Filing with the Department of State.** The Clerk shall be and is hereby directed forthwith to send an electronic copy of this Ordinance to the Secretary of State for the State of Florida in accordance with Section 125.66, Florida Statutes.

Section 8. **Effective Date.** This ordinance shall take effect as provided for by law.

ORDENANZA NO. 2026 - ___

UNA ORDENANZA DEL CONDADO DE LAKE, FLORIDA, QUE DISPONE LA IMPOSICIÓN DE UN IMPUESTO ADICIONAL DE UN (1) MILL DE AD VALOREM DEL DISTRITO ESCOLAR EN EL CONDADO DE LAKE PARA FINES OPERACIONALES POR UN PERÍODO QUE NO EXCEDA CUATRO (4) AÑOS; QUE ESTABLECE LA APROBACIÓN DE LA IMPOSICIÓN POR LOS VOTANTES MEDIANTE REFERÉNDUM; QUE ESTABLECE QUE LA IMPOSICIÓN SERÁ EFECTIVA A PARTIR DEL 1 DE JULIO DE 2027 Y TERMINARÁ CUATRO (4) AÑOS DESPUÉS, DE CONFORMIDAD CON LA SECCIÓN 1011.71(9), ESTATUTOS DE FLORIDA; QUE DISPONE LA REALIZACIÓN DEL REFERÉNDUM EL 3 DE NOVIEMBRE DE 2026; QUE DISPONE EL LENGUAJE DE LA BOLETA; QUE DISPONE EL AVISO DE LA ELECCIÓN; QUE DISPONE LA NOTIFICACIÓN AL ESTADO DE FLORIDA, DEPARTAMENTO DE INGRESOS; QUE DISPONE UNA CLÁUSULA DE CONFLICTO; QUE DISPONE SU PRESENTACIÓN ANTE EL DEPARTAMENTO DE ESTADO; Y QUE DISPONE UNA FECHA DE ENTRADA EN VIGOR.

CONSIDERANDO que la Sección 1011.71(9), Estatutos de Florida, permite a la junta escolar del distrito imponer, además de otros impuestos permitidos por la ley, un millaje ad valorem para fines operativos del distrito escolar hasta una cantidad que, combinada con el millaje no votado establecido en esta sección, no exceda el límite de 10 mills; y

CONSIDERANDO que la Sección 1011.73(2), Estatutos de Florida, autoriza a la junta escolar del distrito a adoptar una resolución en una reunión regular que ordene a los comisionados del condado convocar una elección en la cual los electores del distrito escolar puedan aprobar un millaje ad valorem conforme a la Sección 1011.71(9) , Estatutos de Florida; y

CONSIDERANDO que la Junta Escolar aprobó una resolución el 23 de febrero de 2026 solicitando lo anterior a la Junta de Comisionados del Condado.

POR LO TANTO se ordena por la Junta de Comisionados del Condado de Lake, Florida, lo siguiente:

Sección 1. **Referéndum.** De conformidad con las Secciones 1011.71(9) y 1011.73(2), Estatutos de Florida, se llevará a cabo un referéndum el 3 de noviembre de 2026 para que los electores del Condado de Lake voten sobre la imposición de un impuesto adicional de un (1) mill ad valorem del distrito escolar. La boleta será la siguiente:

TÍTULO DE LA BOLETA: IMPUESTO AD VALOREM DEL DISTRITO ESCOLAR DEL CONDADO DE LAKE PARA PAGO A MAESTROS Y SEGURIDAD ESCOLAR

PREGUNTA DE LA BOLETA: Para aumentar el salario de los maestros, reclutar y retener maestros, mejorar la seguridad escolar conforme a la Ley Marjory Stoneman Douglas, y mejorar los servicios de salud mental estudiantil, ¿deberá el Distrito Escolar recaudar hasta un (1) mill de impuestos ad valorem por cuatro años, compartiendo fondos con escuelas

charter elegibles de acuerdo con su proporción de inscripción, con todos los gastos permaneciendo locales y supervisados por un comité ciudadano independiente?
___ SÍ
___ NO

Sección 2. **Aviso de Elección.** Un aviso de la elección especial deberá publicarse en un periódico de circulación general en el Condado de Lake al menos dos veces: una vez en la quinta semana y otra en la tercera semana previas a la semana del 2 de noviembre de 2026.

Sección 3. **Aviso de Aprobación.** El Secretario de la Junta de Comisionados del Condado deberá notificar al Supervisor de Elecciones y al Departamento de Ingresos del Estado de Florida ("Departamento") inmediatamente después de la aprobación de esta Ordenanza. El Secretario también deberá notificar al Departamento sobre el resultado del referéndum dentro de los diez (10) días posteriores a la fecha de dicha elección. Este aviso deberá incluir el período de tiempo durante el cual estará vigente la imposición, una copia de esta Ordenanza, y cualquier otra información que el Departamento requiera por reglamento.

Sección 4. **Supervisor Electoral; Autoridad.** Se otorga al Supervisor Electoral la autoridad para corregir cualquier error tipográfico relacionado con el lenguaje de la boleta, siempre y cuando no se altere la intención ni el contenido sustantivo del texto.

Sección 5. **Divisibilidad de la(s) clausula(s).** Si cualquier sección, oración, cláusula, frase o palabra de esta Ordenanza fuera, por cualquier motivo, considerada o declarada inválida, inconstitucional, inoperante o nula por un tribunal de jurisdicción competente, dicha determinación no afectará en modo alguno la validez de las demás disposiciones de esta Ordenanza; y se interpretará que la intención de la Junta de Comisionados del Condado fue aprobar esta Ordenanza sin la(s) parte(s) inconstitucional(es), inválida(s) o inoperante(s); y el resto de esta Ordenanza, después de excluir dicha(s) parte(s), se considerará y tendrá por válido, como si tales partes no hubieran sido incluidas en ella; ni tampoco afectará tal determinación la aplicabilidad de esta Ordenanza o cualquiera de sus disposiciones a cualquier persona, grupo de personas, propiedad, tipo de propiedad, circunstancias o conjunto de circunstancias, si se considerara inaplicable respecto de alguna de ellas.

Sección 6. **Conflicto.** Cualquier ordenanza o parte de la misma que entre en conflicto con esta Ordenanza o con cualquier parte de ella queda por la presente derogada en la medida del conflicto, a menos que se disponga lo contrario en este documento.

Sección 7. **Archivar ante el Departamento de Estado.** El Secretario queda por la presente instruido a enviar de inmediato una copia electrónica de esta Ordenanza al Secretario de Estado del Estado de Florida, de conformidad con la Sección 125.66, Estatutos de Florida.

Sección 8. **Fecha de Entrada en Vigor.** Esta ordenanza entrará en vigor según lo dispuesto por la ley.

PROMULGADO este día de _____ día de _____, 2026.

ARCHIVADO ante el Secretario de Estado el _____ día de _____, 2026.

ENTRADA EN VIGOR el _____, 2026.

Re: Request to Call School District Additional Operating Millage Referendum-November 3, 2026

Dear Chair Campione and Commissioners:

At a regular meeting held, February 9, 2026, the Lake County School Board adopted Resolution 2026-02, then amended the Resolution at the regular meeting, February 23, 2026, directing the Lake County Board of County Commissioners to call a referendum election to be held in conjunction with the November 3, 2026, General Election for the purpose of submitting to the electors of the School District a question authorizing the School Board to levy up to one (1.000) mill of ad valorem taxes for school operational purposes for a period not to exceed four (4) years, as authorized by sections 1011.7l(9) and 1011.73(2), Florida Statutes.

We respectfully request that the County Commission take action as soon as practicable to adopt the county resolution calling the referendum election in conjunction with the November 3, 2026, General Election and directing the Supervisor of Elections to place the question on the ballot. Prompt action supports timely ballot preparation and compliance with all applicable election deadlines.

Please advise District staff of any additional requirements. The School Board understands that, pursuant to section 1011.73(7), Florida Statutes, the School District is responsible for the publication notice and election-related expenses.

Sincerely,

Diane S. Kornegay
Superintendent
Lake County School District

Template Resolution for Board of County Commissioners

RESOLUTION NO. 2026-02

A RESOLUTION OF THE SCHOOL BOARD OF LAKE COUNTY, FLORIDA, DIRECTING THE BOARD OF COUNTY COMMISSIONERS OF LAKE COUNTY, FLORIDA TO CALL A REFERENDUM ELECTION TO BE HELD IN CONJUNCTION WITH THE NOVEMBER 3, 2026 GENERAL ELECTION TO SUBMIT TO THE ELECTORS OF THE SCHOOL DISTRICT THE QUESTION OF AUTHORIZING THE SCHOOL BOARD TO LEVY UP TO ONE (1.000) MILL OF AD VALOREM TAXES FOR SCHOOL OPERATIONAL PURPOSES FOR A PERIOD NOT TO EXCEED FOUR (4) YEARS; PROVIDING THE BALLOT TITLE AND BALLOT SUMMARY/SUBSTANCE OF THE MEASURE; PROVIDING FOR REQUIRED CHARTER SCHOOL SHARING; PROVIDING FOR ADMINISTRATION AND OVERSIGHT; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Section 1011.71(9), Florida Statutes, authorizes a school district, by local referendum held at a general election, to levy additional ad valorem millage for school operational purposes for a maximum of four (4) years, subject to the 10-mill constitutional limit; and

WHEREAS, Section 1011.73(2), Florida Statutes, provides that the district school board, pursuant to a resolution adopted at a regular meeting, shall direct the county commissioners to call an election at which electors may approve an ad valorem tax millage as authorized under section 1011.71(9), Florida Statutes; and

WHEREAS, Section 1011.73(4)(b), Florida Statutes, requires that the district school board provide the wording of the substance of the measure and the ballot title in the resolution calling for the election, and that the wording conform to section 101.161, Florida Statutes; and

WHEREAS, Section 1011.71(9), Florida Statutes, requires that funds levied pursuant to the additional millage be shared with charter schools based on each charter school's proportionate share of the District's total unweighted full-time equivalent (FTE) student enrollment, and that the referendum contain an explanation of the distribution methodology consistent with those requirements; and

WHEREAS, The School Board of Lake County, Florida, has determined that it is in the best interests of the School District and its students to submit to the voters the question of authorizing an additional operating millage levy, the proceeds of which would be used for the purposes stated in the ballot summary;

NOW, THEREFORE, BE IT RESOLVED BY THE SCHOOL BOARD OF LAKE COUNTY, FLORIDA, AS FOLLOWS:

Section 1. Referendum Election; Direction to County Commissioners.

Pursuant to sections 1011.71(9) and 1011.73(2), Florida Statutes, the School Board of Lake County, Florida, hereby directs the Board of County Commissioners of Lake County, Florida (the "County Commission") to call a referendum election to be held in conjunction with the November 3, 2026 General Election (the "Election") at which the qualified electors of the School District may approve an ad valorem tax millage levy for school operational purposes as described in this Resolution.

Section 2. Election Date; Conduct of Election.

The Election shall be held and conducted in the manner prescribed by law for holding general elections. The Election shall be held only at the general election scheduled for November 3, 2026.

Section 3. Ballot Title and Ballot Summary/Substance of Measure.

The ballot title and ballot summary/substance of the measure to be placed on the ballot shall be as follows (with a "YES" vote indicating approval and a "NO" vote indicating rejection):

> **BALLOT TITLE:** Lake County School District Ad Valorem Tax for Teacher Pay and School Safety
>
> **BALLOT SUMMARY/QUESTION:** To increase teacher pay, recruit and retain teachers, enhance school safety in compliance with the Marjory Stoneman Douglas Act, and improve student mental health services, shall the School District levy up to one mill of ad valorem taxes for four years with funds shared with eligible charter schools based on each charter school's proportionate share of the District's enrollment, and with all expenditures staying local and monitored by an independent citizen review committee?"

Section 4. Authorization Requested; Term; Annual Levy.

If approved by a majority of the electors voting on the measure, the School Board would be authorized to levy up to one (1.000) mill of ad valorem taxes for school operational purposes for a period not to exceed four (4) years. Any levy would be imposed through the annual budget and millage adoption (TRIM) process and may be set at a rate less than 1.000 mill in any year, in the discretion of the School Board, consistent with law.

Section 5. Charter School Sharing; Distribution Methodology.

Consistent with section 1011.71(9), Florida Statutes, funds generated by the additional millage, if approved and levied, shall be shared with eligible charter schools based on each charter school's proportionate share of the District's total unweighted FTE enrollment and used in a manner consistent with the purposes of the levy as described in the ballot summary/question. District administration is directed to implement a distribution and reporting methodology consistent with applicable law and any guidance from the Florida Department of Education.

Section 6. Oversight; Citizen Review Committee.

If the referendum is approved, the School Board intends to provide for local oversight of expenditures consistent with the ballot summary/question, including monitoring by an independent citizen review committee. The Superintendent is directed to return to the School Board with a recommended committee structure, membership criteria, and reporting cadence.

Section 7. Transmittals; Implementation.

The Chair of the School Board, the Superintendent, and the School Board Clerk (or their designees) are authorized and directed to take all actions necessary to implement this Resolution, including (without limitation) providing certified copies of this Resolution to the County Commission and the Lake County Supervisor of Elections, coordinating ballot proofing, and coordinating publication of required notice and payment of election-related expenses as required by law.

Section 8. Severability.

If any section, subsection, sentence, clause, or provision of this Resolution is held invalid, the remainder shall not be affected and shall continue in full force and effect.

Section 9. Effective Date.

This Resolution shall become effective immediately upon adoption.

ADOPTED at a regular meeting of The School Board of Lake County, Florida, this 23rd day of February, 2026.

TEMPLATE COUNTY COMMISSION RESOLUTION CALLING REFERENDUM ELECTION

RESOLUTION NO. _____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF LAKE COUNTY, FLORIDA, CALLING A REFERENDUM ELECTION TO BE HELD IN CONJUNCTION WITH THE NOVEMBER 3, 2026 GENERAL ELECTION TO SUBMIT TO THE ELECTORS OF THE SCHOOL DISTRICT OF LAKE COUNTY, FLORIDA, THE QUESTION OF AUTHORIZING THE SCHOOL BOARD OF LAKE COUNTY, FLORIDA, TO LEVY UP TO ONE (1.000) MILL OF AD VALOREM TAXES FOR SCHOOL OPERATIONAL PURPOSES FOR A PERIOD NOT TO EXCEED FOUR (4) YEARS; PROVIDING FOR THE BALLOT TITLE AND BALLOT SUMMARY; DIRECTING THE LAKE COUNTY SUPERVISOR OF ELECTIONS TO PLACE THE QUESTION ON THE BALLOT; PROVIDING FOR NOTICE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the School Board of Lake County, Florida, has adopted Resolution No. [____] (the "School Board Resolution") directing the Board of County Commissioners of Lake County, Florida (the "County Commission") to call a referendum election pursuant to section 1011.73(2), Florida Statutes, to submit to the electors of the School District the question of authorizing an additional operating millage levy under section 1011.71(9), Florida Statutes; and

WHEREAS, the County Commission is authorized and directed to call the referendum election as requested by the School Board Resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF LAKE COUNTY, FLORIDA, AS FOLLOWS:

Section 1. Calling of Referendum Election.

A referendum election is hereby called to be held in conjunction with the November 3, 2026 General Election for the purpose of submitting to the qualified electors of the School District of Lake County, Florida, the question set forth in Section 2 below.

Section 2. Ballot Title and Ballot Summary.

The ballot title and ballot summary/substance of the measure shall be as set forth in the School Board Resolution and reproduced below:

BALLOT TITLE: Lake County School District Ad Valorem Tax for Teacher Pay and School Safety

BALLOT SUMMARY/QUESTION: To increase teacher pay, recruit and retain teachers, enhance school safety in compliance with the Marjory Stoneman Douglas Act, and improve

student mental health services, shall the School District levy up to one mill of ad valorem taxes for four years with funds shared with eligible charter schools based on each charter school's proportionate share of the District's enrollment, and with all expenditures staying local and monitored by an independent citizen review committee?"

Section 3. Direction to Supervisor of Elections.

The Lake County Supervisor of Elections is hereby directed to place the ballot title and ballot summary/question on the ballot for the November 3, 2026 General Election and to take all actions necessary for the conduct of the referendum in accordance with law.

Section 4. Notice of Referendum; Coordination.

Notice of the referendum election shall be published or posted as required by applicable law. The School District shall be responsible for publication costs and election expenses as provided by law and will coordinate with the Supervisor of Elections regarding formats and deadlines.

Section 5. Effective Date.

This Resolution shall become effective immediately upon adoption.

ADOPTED by the Board of County Commissioners of Lake County, Florida, this ___ day of _____, 2026.

Business Impact Estimate

Staff Contact:	Contact Number:
Meg Brew	352-742-3921

1. Include a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the County:

The purpose of this Ordinance is to provide for the levy of an additional one mill school district ad valorem millage tax in Lake County for school operational purposes for a period not to exceed four years, providing for approval of the levy by voters in a referendum.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the County, including the following, if any:

a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

b. Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible; or

c. An estimate of the County's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

This ordinance would increase the millage rate for tax payers in Lake County, including commercial tax payers, by one mill.

3. A good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

All taxpayers in Lake County would be impacted for a period of up to four years if the levy is approved by voters in a referendum.

4. Any additional information:

The funds generated by this levy would support teacher recruitment and retention, enhance school safety, and improve student services. A strong school system is important for recruiting both businesses and workforce to a community. Additionally, the Lake County school system plays an important role in training and developing the workforce for local businesses and industry.

This Business Impact Estimate for the proposed ordinance is included in the agenda packet for the Board of County Commissioners Meeting at https://lakecountyfl.gov/board-of-county-commissioners/board-meetings and under the Lake County Ordinances webpage at https://lakecountyfl.gov/county-attorney/ordinances.

LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 03/13/2026
TO: Jennifer Barker, County Manager
THRU:
BY: Karen Livernois, Financial Analyst
SUBJECT: Mid-Year Budget Amendments

MEETING DATE: 4/28/2026
ITEM TYPE: Public Hearing
ITEM ID: 42809

RECOMMENDATION/REQUIRED ACTION: Approve
Adopt

Recommend approval:
1. Of an amended budget for the Lake County Board of County Commissioners Fiscal Year 2026 to include a reconciliation of the beginning fund balance and other adjustments; and
2. To adopt a resolution for a supplemental budget for the Lake County Board of County Commissioners Fiscal Year 2026.

BACKGROUND SUMMARY: The purpose of the mid-year budget amendment is to adjust the current budgeted fund balances for each of the County's funds to the actual fund balances following the closing of the prior fiscal year.

A majority of the adjustments are applied to a fund's reserve account. In some instances, a portion of the adjustment is allocated to operating expenses, capital projects or programs where revenues are restricted for a specific purpose. A summary of fund balance adjustments (Schedule I) and the detailed adjustments by fund (Summary II) have been provided.

RESOLUTION NO. 2026 - ___

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF LAKE COUNTY, FLORIDA, ADOPTING A SUPPLEMENTAL BUDGET FOR FISCAL YEAR 2026; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Lake County revised budget totaling $1,115,630,621 was adopted pursuant to Resolution No. 2026-10 on January 20, 2026, by the Board of County Commissioners of Lake County, and was subsequently amended by the Board of County Commissioners of Lake County in the amount of $3,993,103 with total estimated revenues in the amount of $1,119,623,724 and total expenditure requirements of $1,119,623,724.

WHEREAS, unanticipated revenues and actual cash balance forward dollars have been received by and are available to Lake County and, to authorize expenditure of these unanticipated revenues, it is deemed necessary, appropriate and advisable to amend the Lake County budget to reflect the additional revenues received and the supplemental expenditures associated therewith; and

WHEREAS, the Board of County Commissioners of Lake County, Florida, finds that it is desirable for the Board to adopt a supplemental budget for Fiscal Year 2026; and

WHEREAS, the said supplemental budget for Fiscal Year 2026 has been adopted in accordance with law by the Board of County Commissioners of Lake County as the governing body of Lake County.

NOW THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Lake County, Florida, that:

Section 1. Adoption of Supplemental Budget. The supplemental budget estimates for Fiscal Year 2026, totaling $19,698,935, a copy of the same being attached hereto and incorporated herein as Schedule I, show total estimated revenues of $1,139,322,659 and total expenditure requirements of $1,139,322,659 all being more fully set forth in detail in said budget estimates relating to the funds listed, are hereby approved, adopted, accepted and deemed to be the Supplemental Budget of Lake County for Fiscal Year 2026.

Section 2. Effective Date. This resolution shall become effective upon adoption.

ADOPTED this 28th day of April 2026.

SUBJECT: Wolf Branch Innovation District Logo

RECOMMENDATION/REQUIRED ACTION: Approve

Discussion and direction on the Wolf Branch Innovation District Logo. Recommend approval of a logo for use in the Wolf Branch Innovation District.

BACKGROUND SUMMARY: At the February 24, 2026, BCC meeting, a presentation was provided to the Board seeking approval of a logo for use in the Wolf Branch Innovation District. New suggestions were proposed at the meeting.

The Wolf Branch Innovation District, a strategic corridor for economic development in Lake County, is the product of long-term collaboration between the County and the City of Mount Dora. It will capitalize on the potential for entrepreneurship, technology, research, and innovation while protecting existing natural resources through effective master planning. Including approximately 850 acres located adjacent to the Wekiva Parkway, this strategic corridor will provide the opportunity for residents to work and play where they live with designated commercial and industrial areas designed to stimulate economic opportunity.

Lake County's Office of Communications partnered with Lake County's Office of Economic Development, the City of Mount Dora, and Wolf Branch Innovation District Stakeholders to develop the new logo to be used throughout Wolf Branch Innovation District to amplify a sense of place. The target audience includes business and industry focused on education, entrepreneurship, research and development, and high-tech innovation, as well as individuals and families who want to live in a creative village atmosphere.

Fiscal Impact: None.

Commissioner Kirby Smith
Commissioner, District 3

April 28, 2026

The Honorable Lori Pfister and City Council
City of Tavares
P.O. Box 68
Tavares, FL 32778

RE: Celebration of America's 250th Birthday

Dear Mayor Pfister and City Council:

On behalf of the Lake County Board of County Commissioners, I would like to express our sincere appreciation to the City for its partnership in promoting America 250. We look forward to the celebrations throughout the year commemorating America's 250th birthday and, in support of those efforts, sought to create a patriotic display throughout the downtown area.

The City of Tavares has consistently demonstrated a willingness to partner with the County on projects and initiatives that enhance our community. When we reached out for assistance with these decorating efforts, your team responded with enthusiasm. John Drury, James Dillon, and Mark O'Keefe were eager to assist and took the lead in having the banners installed on the light posts throughout downtown the same day they were received.

We greatly appreciate the partnership and the efforts of the City of Tavares staff in helping make this display a success.

Sincerely,

Kirby Smith
District #3, Commissioner

P.S. The new Gateway sign on West Main Street is fantastic!

Summary of Ordinance

This Ordinance creates Section 2-6, Lake County Code, establishing Lake County as a Bill of Rights Sanctuary County.

Changes are shown as follows: ~~Strikethrough~~ for deletions and Underline for additions to existing Code sections. The notation "* * *" shall mean that all preceding or subsequent text remains unchanged (excluding any renumbering or relettering that might be needed).

ORDINANCE NO. 2026-__

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF LAKE COUNTY, FLORIDA; CREATING SECTION 2-6, LAKE COUNTY CODE, TO BE ENTITLED *BILL OF RIGHTS SANCTUARY COUNTY*; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR FILING WITH THE DEPARTMENT OF STATE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, understanding the Bill of Rights is essential because it defines the core freedoms that belong to every American - protecting our speech, our property, our privacy, and our ability to live without undue government intrusion; and

WHEREAS these rights are not abstract; they are practical safeguards that shape everyday life and preserve individual liberty; and

WHEREAS, An informed citizenry is the strongest defense of these freedoms, ensuring they are not eroded over time but upheld, exercised, and passed on to future generations; and

WHEREAS, from time to time, mandates are promulgated by the federal government in the form of executive orders which have the effect of circumventing the legislative process or administrative rules promulgated which exceed the parameters of the laws which enabled them; and

WHEREAS, Article 1, Section 1 of the Florida State Constitution recognizes that, "[a]ll political power is inherent in the people…"; and

WHEREAS, the Tenth Amendment to the Constitution of the United States of America states, "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States Respectively, or to the people."; and

WHEREAS, the State of Florida is divided into 67 counties with 411 municipalities, and Article VIII, Section 1(f) of the Florida Constitution vests counties with, "such power of self-government as is provided by general or special law."; and

WHEREAS, Chapter 125.01, Florida Statutes, specifically authorizes counties to "[a]dopt ordinances and resolutions necessary for the exercise of its powers…[and p]erform any other acts not inconsistent with law, which acts are in the common interest of the people of the county, and exercise all powers and privileges not specifically prohibited by law…"; and

WHEREAS, Chapter 125.01, Florida Statutes, further provides that, "[t]he provisions of this section shall be liberally construed in order to effectively carry out the purpose of this section and to secure for the counties the broad exercise of home rule powers authorized by the State Constitution."; and

WHEREAS, through the enactment of this Ordinance, the Board of County Commissioners hereby establishes Lake County as a Bill of Rights Sanctuary County.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Lake County, Florida as follows:

Section 1. **Legal Findings of Fact.** The foregoing recitals are hereby adopted as legislative findings of the Board of County Commissioners and are ratified and confirmed as being true and correct and are hereby made a specific part of this Ordinance upon adoption hereof.

Section 2. **Creation.** Section 2-6, Lake County Code, to be entitled *Bill of Rights Sanctuary County*, is hereby created to read as follows:

Sec. 2-6. – Bill of Rights Sanctuary County.

(a) *Declaration.* The Board of County Commissioners hereby declares Lake County, Florida, a Bill of Rights "Sanctuary County".

(b) *Findings.* In order to secure the rights of the citizens of Lake County as enumerated, in part, by the United States Constitution including the first ten (10) Amendments thereto, which are commonly referred to as the *Bill of Rights*, and reads as follows:

Amendment I
Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.

Amendment II
A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed.

Amendment III
No Soldier shall, in time of peace be quartered in any house, without the consent of the Owner; nor in time of war, but in a manner to be prescribed by law.

Amendment IV
The right of the people to secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and persons or things to be seized.

Amendment V
No person shall be held to answer for a capital, or infamous crime, unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in a militia, when in actual service in time of War or public danger; nor shall any person be subject for the same offence to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself; nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use without just compensation.

Amendment VI
In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed; which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor; and to have the assistance of counsel for his defense.

Amendment VII
In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise re-examined in any Court of the United States, than according to the rules of common law.

Amendment VIII
Excessive bail shall not be required, nor excessive fines imposed, no cruel and unusual punishments inflicted.

Amendment IX
The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.

Amendment X
The powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people.

(c) *Judicial Relief.* Lake County has the right to seek judicial relief from an Unlawful Act of federal government officials in response to unconstitutional federal government measures, and to proclaim a Bill of Rights Sanctuary for law-abiding citizens in its jurisdictional boundaries. The Lake County Board of County

Commissioners may, upon their own motion, file a lawsuit in the appropriate court to challenge federal actions and seek a declaration that such actions are an Unlawful Act. Residents of Lake County may additionally petition the Board of County Commissioners to file a lawsuit seeking a judicial declaration. To present a petition to the Board of County Commissioners for consideration, the petition must include:

1. A copy of the federal act, law, order, rule, or regulation subject to challenge.
2. A detailed narrative as to the basis for the challenge and how the federal act, law, order, rule, or regulation violates or unreasonably restricts or impinges upon an individual's constitutional rights. Narratives that include generalized statements of constitutional violations are insufficient to support a petition.
3. Notarized, under oath, signature pages signed by at least fifty (50) residents of Lake County. Residents must be homeowners with a verifiable address and must have homestead exemption as granted by the Property Appraiser's Office.

Upon receipt of a petition satisfying the conditions set forth herein, the Board of County Commissioners shall consider at a duly advertised public hearing whether to file a lawsuit to challenge a specified federal act, law, order, rule, or regulation.

(d) *Definition.* An "Unlawful Act" shall consist of any federal act, law, order, rule, or regulation, which violates or unreasonably restricts or impinges upon an individual's constitutional rights including, but not limited to, those enumerated in Amendments 1 through 10 of the United States Constitution. To qualify as an "Unlawful Act" the federal act, law, order, rule, or regulation must first be declared as unconstitutional by a court of competent jurisdiction.

(e) *No Third Party Beneficiaries.* Nothing herein in intended to create a cause of action or private right on behalf of any person as against the Board of County Commissioners. Further, nothing herein shall require the Board of County Commissioners to pursue litigation or to otherwise challenge a federal act, law, order, rule, or regulation.

Section 3. **Severability.** If any section, sentence, clause, or phrase or word of this Ordinance is for any reason held or declared to be invalid, unconstitutional, inoperative or void by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portion of this Ordinance; and it shall be construed to have been the Commissioners' intent to pass this Ordinance without such unconstitutional, invalid or inoperative part therein; and the remainder of this Ordinance, after the exclusion of such part or parts shall be deemed and held to be valid, as if such parts had not been included herein; or if this Ordinance or any provisions thereof shall be held inapplicable to any person, groups of persons, property, kind of property, circumstances or set of circumstances, such holding shall not affect the applicability thereof to any other person, property or circumstances.

Section 4. **Inclusion in the Code.** It is the intent of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Lake County Code and that the sections of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 5. **Filing with the Department of State.** The Clerk shall be and is hereby directed forthwith to send an electronic copy of this Ordinance to the Secretary of State for the State of Florida in accordance with Section 125.66, Florida Statutes.

Section 6. **Effective Date.** This Ordinance shall become effective as provided for by law.

Business Impact Estimate

Staff Contact:	Contact Number:
Meg Brew	352-742-3921

1. Include a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the County:

This ordinance creates Section 2-6, Lake County Code, establishing Lake County as a Bill of Rights Sanctuary County. This ordinance is in the best interest of the public health, safety, morals, and welfare of the County as the Bill of Rights defines core freedoms that belong to every American.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the County, including the following, if any:

a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

b. Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible; or

c. An estimate of the County's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

There is no anticipated impact on private for profit businesses in Lake County.

3. A good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

There is no anticipated impact on private for profit businesses in Lake County.

4. Any additional information:

This Business Impact Estimate for the proposed ordinance is included in the agenda packet for the Board of County Commissioners Meeting at https://lakecountyfl.gov/board-of-county-commissioners/board-meetings and under the Lake County Ordinances webpage at https://lakecountyfl.gov/county-attorney/ordinances.

BOARD OF COUNTY COMMISSIONERS
LAKE COUNTY, FLORIDA
OFFICE OF THE COUNTY MANAGER
AGENDA ITEM COVER SHEET

DATE: 03/26/2026
MEETING DATE: 4/28/2026
TO: Jennifer Barker, County Manager
ITEM TYPE: Departmental Item
THRU:
ITEM ID: 42840
Maria AbdoulKarim, Office of Housing & Community Services Director
BY: Isaura Suarez, Community Development Coordinator
SUBJECT: Discussion and direction on whether to provide a local government contribution in the amount of $460,000 to an affordable housing development project recommended by the Affordable Housing Advisory Committee for the development of affordable housing units in Lake County.

RECOMMENDATION/REQUIRED ACTION: Approve

Recommend Approval:
1. Of a local government contribution in the amount of $460,000 for the proposed development of affordable housing units to be constructed in Lake County, contingent upon the developer receiving funding through the Low-Income Housing Tax Credit (LIHTC) Program offered through the Florida Housing Finance Corporation; and
2. Of funding through the County's existing allocation of HUD HOME funds, if the project meets the necessary HOME program eligibility criteria; and
3. To authorize the Chairman to execute the Local Government Verification of Contribution Loan Form, the Local Government Area of Opportunity Funding Form, and a commitment letter substantially similar to the one attached herein which is to be submitted with the LIHTC Program application.

The fiscal impact is $460,000 (expenditure - 100 percent grant funded). Commission District 5.

BACKGROUND SUMMARY: On April 9, 2026, the Affordable Housing Advisory Committee (AHAC) reviewed a presentation from a developer, Atlantic Housing Partners, L.L.L.P. (Atlantic Housing), requesting a commitment letter in the amount of $460,000 to support the development of WaterVue at Lake Geneva (WaterVue), a multifamily affordable housing development consisting of 92 units in Lake County (County). This local government contribution is a required component of applications submitted to the Florida Housing Finance Corporation's Low Income Housing Tax Credit (LIHTC) Program. AHAC was scheduled to consider this project for recommendation to the Board of County Commissioners; however, no quorum was achieved during this meeting, so AHAC was unable to take official action on the request.

Atlantic Housing is seeking a conditional funding commitment from the County, which would only be utilized if their project is approved for funding through the LIHTC

Program. Should this project be awarded financing through the LIHTC Program, the County would then enter into a formal agreement with Atlantic Housing. This agreement would outline the terms and conditions for the use of funds, as well as provisions for recapture if contractual obligations are not met. The proposed units will be reserved for affordable housing purposes.

Although there are no General Fund dollars currently allocated for this purpose, the County's existing allocation of HUD HOME funds may be available if the project meets the necessary HOME program eligibility criteria.

No additional solicitations were received for this local government contribution during this year's application period.

Fiscal Impact: $460,000 (expenditure - 100 percent grant funded)

Florida Housing Finance Corporation Local Government Verification Of Contribution Form

Name of Development: WaterVue at Lake Geneva

Development Location: 2307 Spring Lake Road, Fruitland Park, Florida 34731

(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

Information regarding the Contribution*

Type of the ONE contribution to be used as a source*	Face amount of ONE contribution*	Net present value amount, if applicable	Contribution amount (face amount minus net present value)
Fee Deferral			
Fee Waiver		Not applicable	Not applicable
Grant		Not applicable	Not applicable
Loan to be repaid			
Loan with forgiveness	$ 460,000.00	Not applicable	Not applicable

*Each form can be used for one type of funding contribution. Use multiple forms if contributing multiple types of funding sources to the same Development (e.g. a combination of loans and grants).

This contribution will not be considered Local Government Area of Opportunity funding. In certain RFAs, this contribution may make the Development eligible for points or other preferences in the selection process. There is no limit on the number of such contributions the Local Government stated above may make to Developments competing in the same RFA. Additionally, loans and grants will be eligible to be considered as a source of funding for the Development.

Certification

This amount is valid for 12 months from the date signed and may be used in any RFA in which the Applicant applies during that time unless a specific RFA is designated here: 2026-201. (Designate an RFA number here if the contribution is only valid in a specific RFA and not intended to be submitted in any other RFA.)

The city/county of Lake commits the contribution stated above for the Applicant for its use solely for assisting the proposed Development referenced above. I certify that the foregoing information is true and correct, and that this commitment is effective at least through the date required in the applicable RFA.

	Leslie Campione
Signature	Print or Type Name
Chairman, Board of County Commissioners	
Print or Type Title	Date Signed

NOTE TO LOCAL GOVERNMENT OFFICIAL: Additional information is set forth in the applicable Request for Application under which the Applicant is applying for funding for the above referenced Development.

This certification must be signed by the chief appointed official (staff) responsible for such approvals, such as the Mayor, City Manager, County Manager/Administrator/Coordinator, Chairperson of the City Council/Commission or Chairperson of the Board of County Commissioners. If the contribution is from a Land Authority organized pursuant to Chapter 380.0663, Florida Statutes, this certification must be signed by the Chair of the Land Authority. One of the authorized persons as described above may sign this form for certification of state, federal or Local Government funds initially obtained by or derived from a Local Government that is directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization (CHDO). Other signatories are not acceptable. The Applicant will not receive credit for this contribution if the certification is improperly signed. The amount of the contribution stated on this form must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

If there are alterations made to this form that change the meaning of the form, the form will not be accepted.

Florida Housing Finance Corporation Local Government Area Of Opportunity Funding Form

Name of Development: WaterVue at Lake Geneva

Development Location: 2307 Spring Lake Road, Fruitland Park, Florida 34731
(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

The city/county of Lake commits $ 0.00 as a cash grant and/or commits $ 460,000.00 as a cash loan to the Applicant for its use solely for assisting the proposed Development referenced above.

Acknowledgements

The contribution is intended to be a Local Government Area of Opportunity Contribution for use in RFA 2026-201, making this Development potentially eligible for the Local Government Area of Opportunity Goal.

The city/county stated above acknowledges that the RFA allows each city and county to contribute funding in the form of a cash loan and/or cash grant to a maximum of one Development. The city/county stated above has contributed Local Government Area of Opportunity funding only for the above-named Development and has not contributed Local Government Area of Opportunity to any other Development competing in this same RFA.

I have read and understand the Local Government Area of Opportunity qualifications of the above referenced RFA, which includes understanding that the city/county stated above may receive lower preference for the Local Government Area of Opportunity Goal in a future corresponding RFA for up to two years.

No consideration or promise of consideration has been given with respect to the loan or grant. For purposes of the foregoing, the promise of providing affordable housing does not constitute consideration. The commitment for this loan or grant must be effective as of the Application Deadline for the applicable RFA and is provided specifically with respect to the proposed Development.

Certification

The contribution stated above is for the Applicant's use and is solely for assisting the proposed Development referenced above. I certify that the foregoing information is true and correct, and that this commitment is effective at least through the date required in the applicable RFA.

April 28, 2026

Mr. W. Scott Culp
Atlantic Housing Partners, L.L.L.P.
200 East Canton Avenue, Suite 102
Winter Park, Florida 32789

RE: Lake County FY22-23 HOME Funding Commitment Letter for the WaterVue at Lake Geneva Proposed Tax Credit Project - a multifamily affordable housing development consisting of 92 units, located on the north side of Spring Lake Road, west of U.S. Highway 27, in Fruitland Park, Florida. (2307 Spring Lake Road, Fruitland Park, Florida 34731)

Dear Mr. Culp:

The purpose of this letter is to provide additional conditions related to Lake County's (County) recent commitment of $460,000 of HOME funds to your project as part of Atlantic Housing Partners, L.L.L.P.'s (Atlantic Housing) tax credit application to the Florida Housing Finance Corporation (FHFC). The funding conditions listed below are in addition to the funding commitment form that the County executed for inclusion in your tax credit application.

The County will formally commit federal FY22-23 HOME funds in the amount of $460,000 for the 92-unit multifamily affordable housing development proposed by Atlantic Housing for Fruitland Park, Florida. These funds will be committed to the project in the form of a 0% interest, 35-year forgivable loan (if all program requirements are satisfied) to the project's ownership entity.

The County's FY22-23 HOME loan funding commitment for this project is contingent on the following items:

1. Project approval by FHFC. Atlantic Housing will submit an application to the County for HOME Program funding. If approved, the County would enter into a HOME Program funding agreement with Atlantic Housing and WaterVue at Lake Geneva Partners, Ltd. to establish the requirements for use of the funds, and parameters for recapture, if the contract requirements are not satisfied.

2. Atlantic Housing providing the County with written evidence that the project is in receipt of a low-income housing tax credit allocation from the FHFC as outlined in the 2026 housing tax credit application submitted by Atlantic Housing.

3. Atlantic Housing providing the County with written evidence of financial commitments for all other project financing.

4. All project sources must equal all project uses and evidenced with a development proforma submitted to the FHFC as part of the project's tax credit application.

5. Proposed project rents for five (5) units are within the federally published HUD HOME rent limits for the proposed 1-, 2-, and 3-bedroom HOME assisted units.

6. The County's completion of the HUD HOME required Subsidy Layering Analysis for the project. This cannot begin until a tax credit award for the project is secured.

7. The County's completion of the HUD required Environmental Review Record (ERR) under 24 CFR Part 58 for this project and receipt of release of funds for this project from HUD. Preparation of the ERR will not begin until the project secures a tax credit award for the project.

8. Compliance with all federal HOME program requirements for rental housing.

9. Establish a waitlist preference that allows for any available units for the project be offered first to residents of Lake County, who have resided in Lake County for 18-months, and who meet the eligibility criteria of individuals, and families for affordable housing so long as this provision does not violate any local, state, or federal rules.

10. The completion an approved application and a fully executed formal HOME program loan agreement between the County and Atlantic Housing for the FY22-23 HOME funds being committed to this project within the County. This agreement will detail and include all relevant HOME regulatory provisions as required by HUD and be drafted by the County. This cannot be drafted and/or executed until all of the other items shown above are completed.

We look forward to working with Atlantic Housing on this affordable housing project. If you are in agreement with the terms and conditions as outlined in this letter related to the County's funding for your project, please sign in the space provided below and return to my attention.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

_____
Leslie Campione, Chairman
Lake County Board of County Commissioners

Agreed and Accepted this ____ day of _____, 2026.

DETAILED PROJECT DESCRIPTION*

WaterVue at Lake Geneva is a 92 Unit affordable housing community, located in Fruitland Park (Lake County), Florida. Nestled off Spring Lake Road, the community boasts a diversity of unit types and densities, including lakefront multifamily units overlooking Lake Geneva, and a neighborhood of one and two-bedroom garden villas connected by an outdoor courtyard and communal greenspace. All units have access to shared amenities, including a clubhouse and fitness center, a lakeview patio and sports/game court, a lakeside deck and seating area, and garden courtyard pavilion.

This application is requesting a letter of support and local contribution for affordable housing.

With Lake County's support and contribution, this project intends to apply for 9% competitive housing credits from the Florida Housing Finance Corporation (FHFC) under Request for Proposal 2026-201.

Regarding affordability, we are committed to offering 100% of the units at WaterVue at Lake Geneva as affordable under Florida Statutes s.s. 420.004(3), and all units will be set-aside for incomes at a mix of 30%, 60%, and 80% AMI, fulfilling the housing needs of a wide variety of income levels for individuals and families. As part of the FHFC requirement of the 9% competitive housing credits, WaterVue at Lake Geneva will also commit to an affordability period of 50 years, and therefore will be able to commit to the rent and income restrictions throughout the waiver agreement period.

Atlantic Housing Partners has fully funded the completion and permitting of engineering and construction documents, and we anticipate being permit-ready by Q2 of 2026. In addition, Atlantic Housing Partners and its Principals are committed to funding the project without traditional third-party financing.

WATERVUE AT LAKE GENEVA

OWNER

WaterVue at Lake Geneva Partners, Ltd.
General Partner: Southern Affordable Services, Inc,
a not-for-profit corporation

DEVELOPMENT TEAM

DEVELOPER

Atlantic Housing Partners, L.L.L.P. ("Atlantic Housing") based in Winter Park, Florida.

Atlantic's principals (collectively Mike Sciarrino, Scott Culp and Paul Missigman) have developed over 100 affordable apartment communities in 8 states including Rolling Acres - Phases I and II, Southwinds Cove Townhomes, Spring Lake Cove - Phases I and II all allocated in Lake County.

GENERAL CONTRACTOR

Canton Construction, L.L.C. based in Winter Park, Florida (an affiliate of the principals of Atlantic Housing) has constructed over 100 apartment communities.

PROPERTY MANAGEMENT AGENT

Concord Management, Ltd. based in Maitland, Florida (an affiliate of the principals of Atlantic Housing) currently manages in excess of 15,000 apartment homes.

Southern Affordable Services, Inc.

CORPORATE RESUME

Southern Affordable Services, Inc. ("SAS") was organized under the laws of Florida as a not-for-profit organization on May 1, 2009. As stated in its Articles of Incorporation as filed with the State of Florida, its primary purpose is to relieve the poor and distressed by developing, owning and operating housing for rental to eligible persons with low and moderate annual incomes at affordable rates.

SAS applied for determination of exempt status with the Internal Revenue Service ("IRS") on or about June 3, 2009. SAS received a favorable determination from the IRS on November 20, 2009. SAS, through its wholly owned subsidiary, is currently the general partner of the owner of 45 apartment communities consisting of over 5,500 total units.

Board of Directors

Director: Scott D. Clark (President)

***Clark & Albaugh, LLP**, 700 W. Morse Blvd., Ste. 101, Winter Park, FL 32789*

Scott Clark is a partner with the law firm of Clark & Albaugh, LLP located in Winter Park, Florida and has practiced law in the Orlando area for nearly 30 years. Mr. Clark graduated in the top 5% of his class at the University of Florida, College of Law in 1979. Since that time, he has focused his practice on real estate transactions and the related disciplines of land use law, banking and real property litigation. Mr. Clark also has practiced extensively in the representation of special governmental districts known as community development districts that are formed to finance real estate development projects using special assessment revenue bonds and other financing arrangements.

Director: Thomas C. Shaw (Vice President)

***Forster, Boughman & Leftkowitz**, 2200 Lucian Way, Ste. 405, Maitland, FL 32751*

Mr. Shaw is a partner in the law firm of Forster, Boughman & Leftkowitz. Mr. Shaw practices law in the areas of estate planning, corporation and business law, and probate and trust matters. He is board certified in Wills, Trusts and Estates Law. Mr. Shaw graduated with honors from the University of Florida, College of Law. Prior to that, Mr. Shaw received a Bachelor of Arts degree in history cum laude from Oral Roberts University.

Director: Dr. David J. Ross (Secretary/ Treasurer)

***Alafaya Family Dentistry**, 570 Lake Mills Road, Chuluota, FL 32766*

Dr. Ross graduated from the University of Louisville, School of Dentistry in 1985. After dental school, he completed a general practice residency at the University of Kentucky where he concentrated on more complicated dental reconstructions, oral surgery and anesthesiology.

Dr. Ross has taken numerous hours of postgraduate education in occlusion, implants and cosmetic dentistry at the Pankey Institute, the Center for Advanced Dental Study in St. Petersburg, Florida, as well as numerous courses at the Seattle Institute for Advanced Dental Education. He has also recently completed the 2-year long Master's Series Implant class in Miami, Florida. Additionally, he received his Mastership from the American Dental Implant Association.

Dr. Ross is a fellow in the International Congress of Oral Implantology (ICOI) and a member of the American College of Oral Implantology. He is also a member of the American Dental Association, the Florida Dental Association, the Central District Dental Association and the Greater Orlando Dental Society.

Key Staff of SAS

Executive Vice President: Jay Brock

Mr. Brock directs all aspects of the application process for various governmental financing programs and in seeking opportunities in furthering SAS's charitable purpose of providing safe, affordable housing for households of limited means and is responsible for all day to day SAS activities.

Prior to joining SAS, Mr. Brock spent over 20 years in a similar capacity with the CED Companies and Atlantic Housing Partners, L.L.L.P. ("AHP"). Mr. Brock's primary responsibility was submitting financing applications for various state and local governmental agencies on behalf of the various general partner entities of the owners of communities seeking affordable housing financing including Section 42 tax credits, tax-exempt bond and state apartment incentive loan funds resulting in awards of funding in excess of $150M of Section 42 housing tax credits, $600M in Section 42 tax-exempt financing, $110M in SAIL funds and $3.5M in HOME funds. Mr. Brock also served as an officer on behalf of over 150 general partners of the limited partnership entities which own affordable housing communities for both the CED Companies and AHP.

Prior to working for the CED Companies and AHP, Mr. Brock was employed as a C.P.A. with KPMG and as an associate attorney with Broad and Cassel in the Affordable Housing and Corporate Department.

Mr. Brock is a graduate of the University of Arizona with a double major in Accounting and Finance and received his Juris Doctor degree from the University of Arizona, College of Law. Mr. Brock received his C.P.A. certificate (Missouri) and is a member of the Florida Bar.

SAS Affordable Housing Developments Recently Completed

Clyde Morris Landings– Phase II (Completed November 2023)

Clyde Morris Landings Apartment Homes – Phase II is a 227-unit new construction community located Daytona Beach, Volusia County, FL that intends to provide housing targeting a family demographic. Construction on the development was completed in late-2023. SAS, through its wholly owned subsidiary, is the general partner of the owner of Heritage Commons. Other members of the development team include Atlantic Housing Partners, L.L.L.P. as the Developer and Canton Construction, L.L.C. as the General Contractor.

The affordable financing programs for Clyde Morris Landings Apartment Homes – Phase II include Tax-Exempt Bonds issued by Housing Finance Authority of Volusia County with an allocation of 4% Housing Credits from FHFC.

Clyde Morris Senior Living – Phase II (Completed December 2023)

Clyde Morris Senior Living – Phase II is a 115-unit new construction community located Daytona Beach, Volusia County, FL that intends to provide housing targeting a senior demographic. Construction on the development was completed in late-2023. SAS, through its wholly owned subsidiary, is the general partner of the owner of Heritage Commons. Other members of the development team include Atlantic Housing Partners, L.L.L.P. as the Developer and Canton Construction, L.L.C. as the General Contractor.

The affordable financing programs for Clyde Morris Senior Living – Phase II include Tax-Exempt Bonds issued by Housing Finance Authority of Volusia County with an allocation of 4% Housing Credits from FHFC.

Town West Senior Living (Completed October 2023)

Town West Senior Living is a 115-unit new construction community located Port Orange, Volusia County, FL that intends to provide housing targeting a senior demographic. Construction on the development was completed in late-2023. SAS, through its wholly owned subsidiary, is the general partner of the owner of Heritage Commons. Other members of the development team include Atlantic Housing Partners, L.L.L.P. as the Developer and Canton Construction, L.L.C. as the General Contractor.

The affordable financing programs for Town West Senior Living include Tax-Exempt Bonds issued by Housing Finance Authority of Volusia County with an allocation of 4% Housing Credits from FHFC.

Heritage Commons (Completed March 2023)

Heritage Commons Apartment Homes is a 68-unit new construction community located in Kissimmee, Osceola County, FL that intends to provide housing targeting a family demographic. Construction on the development was completed in early-2023. SAS, through its wholly owned subsidiary, is the general partner of the owner of Heritage Commons. Other members of the development team include Atlantic Housing Partners, L.L.L.P. as the Developer and Canton Construction, L.L.C. as the General Contractor.

The affordable financing programs for Heritage Commons Apartment Homes include Tax-Exempt Bonds issued by Housing Finance Authority of Osceola County with an allocation of 4% Housing Credits from FHFC.

Clyde Morris Landings (Completed September 2021)

Clyde Morris Landings Apartment Homes is a 216-unit new construction community located in Daytona Beach, Volusia County that provides housing targeting a family demographic. Construction on the development was completed late-2021. Clyde Morris Landings Apartment Homes also offers an array of resident programs intended to serve its family demographic that includes amenities such as a children's play area, corn hole courts, and walking paths. SAS, through its wholly owned subsidiary, is the general partner of the owner of Clyde Morris Landings Apartment Homes. SAS, through its wholly owned subsidiary is the general partner of the owner of Lake Sherwood. Other members of the development team include Atlantic Housing Partners, L.L.L.P. as the Developer, CPG Construction, L.L.L.P. as the General Contractor and FL Capital Holdings Lake Sherwood Phases 6-8, L.L.C. as the Limited Partner.

The affordable financing programs for Lake Sherwood include Tax-Exempt Bonds issued by Orange County Housing Finance Authority with an allocation of 4% housing credits from FHFC. The affordable set-asides percentages are 100% @ 60% AMI.

Fountains at Pershing Park (Completed August 2011)

Fountains at Pershing Park ("Pershing Park") is a 92-unit development located in unincorporated Orange County, Florida, that was completed in 2011 and provides apartment homes targeting the "senior" demographic. Pershing Park includes amenities such as a clubhouse with exercise room, swimming pool, car care area and putting green and a number of "green" building and energy efficient features have been incorporated into the construction. Pershing Park also offers an array of resident programs intended to serve its "senior" demographic including on-call manager, computer classes, and planned resident activities. SAS, through its wholly owned subsidiary is the general partner of the owner of Pershing Park. Other members of the development team include Southern Affordable Development, L.L.C. ("SAD"), a wholly owned development company of SAS, as the Developer and CPG as the General Contractor.

Pershing Park experienced a rapid and robust initial lease up beginning in July 2011 and was fully leased in September 2011 and has maintained a waiting list of approved residential candidates ever since. This community was also awarded the Golden Key Award by the Apartment Association of Greater Orlando for the "Affordable Community of the Year (Under 150 Units)" and the "Interior Design on Model, Clubhouse, and Office".

The affordable financing programs for Pershing Park include an allocation of 9% Housing Credits from FHFC awarded in the 2009 Universal Cycle, "ARRA" exchange funding (Federal Stimulus funding) in the amount of $5,365,000. The affordable set-asides percentages are 20% @ 33% AMI, 69% @ 60% AMI, 11% @ market.

Taylor Place (Completed July 2010)

Taylor Place is a 106-unit development located in Deland, Volusia County, Florida, that was completed in 2010 and provides apartment homes for a primarily family demographic. Taylor Place includes amenities such as a clubhouse with exercise room, swimming pool and children's playground. SAS, through its wholly owned subsidiary, is the general partner of the owner of River Ridge. Other members of the development team include Atlantic Housing Partners, L.L.L.P. as the Developer, CPG Construction, L.L.L.P. as the General Contractor.

The affordable financing programs utilized by Taylor Place include an allocation of 9% housing credits from FHFC awarded in the 2009 RFA Cycle. The affordable set-asides percentages are 10% @ 35% AMI and 71% @ 60% AMI. The development also includes 19% market rate units.

SAS is excited to be part of the development team for these communities that have recently either been awarded 9% Housing Credits in the FHFC Housing Credit Program or Local County Tax-Exempt Bonds and will be receiving 4% Housing Credits from FHFC. SAS, Inc. is the general partner (or through its wholly owned affiliates). Other members of the development team include AHP as the Developer, Canton Construction, L.L.C. fka CANTON Construction, L.L.C. ("Canton GC") as the general contractor, and FL Tax Holdings, L.L.C. (or its affiliates) as the limited partner purchaser of the Housing Credits. These communities are also managed by Concord Management, Ltd.

Atlantic
HOUSING PARTNERS

The principals of Atlantic Housing Partners, L.L.L.P. ("Atlantic") are national leaders in the development of affordable housing. Based in Central Florida, they have become a strong force in the industry utilizing their expertise in real estate, finance, and construction while working effectively with local government entities to expedite approvals in the development process. Atlantic's principals and their affiliates have developed over 150 communities in over 8 different states, producing more than 35,000 units.

Atlantic is a recognized leader in the development of affordable housing and has developed numerous affordable housing communities throughout the country and more specifically throughout Florida. We trust that a review of the communities developed by Atlantic and its Principals would provide a representation of quality developments that are designed well, constructed with quality and maintained to the highest standards. The combination of the principals of Atlantic's development experience, financial resources, and sense of community needs and awareness ensure that residents will be proud of the resulting community.

MICHAEL J. SCIARRINO is the Managing General Partner of Atlantic. Mr. Sciarrino oversees all company development activities specializing in the multi-family development industry, particularly in the Housing Tax Credit and Tax Exempt Multi-Family Mortgage Revenue Bond programs.

Prior to founding Atlantic, Mr. Sciarrino was a principal of the CED Companies, an affordable housing developer. Mr. Sciarrino also previously worked as a CPA with the international accounting firm of KPMG and received his Bachelor of Science and Master of Accounting degrees from Virginia Polytechnic University.

SCOTT CULP is a Principal and Managing Partner of Atlantic. Mr. Culp directs the management of all land planning, engineering, environmental consultanting, architecture and legal services in coordination with all governing jurisdictional agencies for the complete development approval process. Additionally, Mr. Culp also directs the management of all estimating, bidding, contract negotiations, construction management and general contracting for all community development.

Mr. Culp earned his Bachelor of Science in Building Construction from Auburn University and holds a Florida State Certified General Contractor license. Mr. Culp was appointed by the Governor of Florida to serve on the Affordable Housing Study Commission and the Hurricane Housing Work Group. Mr. Culp is a member of the local and national HBA and the Greater Orlando Leadership Foundation. He has served as Chairman, Vice Chairman and Director of the Florida Coalition of Affordable Housing Providers.

Canton Construction, L.L.C. ("Canton Construction" or "Canton GC") principals are recognized as a leaders in general contracting for multi-family affordable housing communities. Canton principals have constructed over 150 communities in 8 different states, producing more than 35,000 units.

Canton principals' experience delivers professionally managed construction projects at a competitive price and in a timely manner that has become expected by sophisticated tax credit investors.

SCOTT CULP is the licensed general contractor and qualifying agent for Canton GC. In this capacity, Mr. Culp directs the management of all estimating, bidding, contract negotiations, construction management and general contracting for all community development.

Mr. Culp has over 30 years of development and construction experience having participated in the construction management of high rise commercial, high rise residential, mid-rise residential, mixed use infrastructure, single family community development, multi-family garden style development, townhomes and condominiums. Mr. Culp has been directly responsible for the development and construction of over 35,000 residential units.

Mr. Culp earned his Bachelor of Science in Building Construction from Auburn University and holds a Florida State Certified General Contractor license. He has been appointed by Florida's Governor to serve on the Affordable Housing Study Commission and the Hurricane Housing Work Group. He is a member of the local and national HBA and the Greater Orlando Leadership Foundation. He has served as Chairman, Vice Chairman and Director of the Florida Coalition of Affordable Housing Providers.

Concord Management, Ltd. ("Concord") is a multifamily housing management company with its corporate office in Maitland, Florida. Founded in 1995, Concord has a portfolio of over 15,000 apartment homes in more than one hundred (100) locations throughout Florida. The company is privately owned and managed exclusively by specialists in the LIHTC management field. As one of the country's leading operators and managers of multi-family housing, Concord is a fully vertically integrated organization that covers all aspects of property and asset management including Accounting, IT, HR, Training, Compliance and Operations. The Concord Team currently consists of over five hundred (500) members. Please visit our website for additional information about Concord at www.concordrents.com.

CONCORD'S PHILOSOPHY

Concord's approach to management and maintenance is designed to provide high quality affordable housing to our residents, meet the goals and objectives of our owners, maintain the value of our communities, and meet all regulatory and any LIHTC compliance commitments. This management philosophy is accomplished by having a strong local market presence and onsite management teams, combined with significant corporate and regional support services. Professional management by Concord assures all investors that their communities are in the capable hands of a leading management company, whose vision is to provide Exceptional Team Members, Exceptional Communities and Exceptional Performance.

Management Organization

Concord's Operations Team holds immediate responsibility for the bottom line profit at each property supervised. Currently, they maintain one (1) President, two (2) Operations Directors, five (5) Vice Presidents, four (4) Regional/District Managers, and eight (8) District Community Managers. They are responsible for on-site personnel performance, occupancy rates, maintenance and purchasing programs, collections, evictions, and other functions.

Training

Concord believes that good sales techniques, the proper handling of residents, and the technical knowledge of the maintenance personnel is the key to SUCCESS. They provide thorough and professional training and educational programs that instill a customer service orientation in all of their people. These programs are developed and planned by the training department. They also provide on-site training programs for all new and newly promoted employees. In addition to this training, they also provide specific class training in maintenance, sales and personal skills. Consistent shopping reviews and supervisory evaluation provide constant feedback to determine the training needs of the people. This feedback to appropriate supervisory personnel enables us to provide timely and pertinent training and education to employees. Special recognition is given to outstanding performances with various compensation incentive programs and contests throughout the year. They feel that special regards and recognition are an important part of the overall employee training process. Because money strongly motivates, the site staff is "bonused" on specific project performance and bottom-line profitability. Everyone is trained to operate the property as if it were their own. All executive staff members are made aware of project budgets and profit goals.

Marketing

Professional apartment marketing does not just happen, it is created with knowledge of the customer they want to attract, the awareness of the competitive position of the property in the market place, and the talent to develop concepts that convert this knowledge into results. The marketing program begins with effective advertising designed to bring people to the apartment and promotions designed to keep them there. A carefully planned program is created for each apartment community, specifically designed to establish the proper image and to attract the maximum number of qualified prospects at the minimum cost per closing. The second phase of the marketing program is leasing, which encompasses qualification, presentation, and closings. Through qualification, the prospect is properly screened as to character, credit, and LIHTC requirements. Through professional presentation, the apartment is most effectively "sold." Through closing, the prospect is actually converted into a rent-paying resident.

Maintenance

Concord provides each apartment community with a customized maintenance program. Proper maintenance standards are established and enforced for the buildings as well as the surrounding grounds. With the experience and depth of personnel, they provide continuous routine maintenance service and special emergency assistance. The program also includes evaluation and continually training all new on-site service personnel.

Accounting

Each Concord community has multiple on-site computers as needed to assist in all facets of management including leasing, marketing, accounting and general property management functions. These systems track cash receipts, leasing activity and traffic sources, rent rolls, expenses, service requests and also prepare daily and monthly reports. The sites are equipped with bank scanners so payments are submitted to the bank immediately. All sites utilize Yardi Property Management Software for accounting AP/GL and their internal corporate I.T. department provides computer hardware and software support during all business hours for those systems.

Credit/Resident Selection

Each prospective apartment applicant is thoroughly screened by the credit department for income, credit, criminal background, previous rental history, and "good citizen" history. A close review of all of these criteria within the framework of all Fair Housing Regulations is extremely important to the successful performance of a property and its long term viability.

FIRM FUNDING COMMITMENTS

FL TAX HOLDINGS 2010, LTD.
200 East Canton Avenue, Suite 102
Winter Park, Florida 32789

March 19, 2026

WaterVue at Lake Geneva Partners, Ltd.
Attn: Jay P. Brock
335 N. Knowles Avenue, Suite 101
Winter Park, FL 32789

RE: WaterVue at Lake Geneva - 92 Units, Fruitland Park, Lake County (the "Project")

Dear Mr. Brock:

FL Tax Holdings 2010, Ltd. or an affiliate thereof and/or its assignee ("FL Tax" or "Investor") hereby provides a conditional commitment to acquire a 99.99% limited partner interest (and provide equity proceeds for the purchase of housing credits) in WATERVUE AT LAKE GENEVA PARTNERS, LTD. (the "Applicant"), which will own the Project described above in accordance with the following:

1. Beneficiary of Equity Proceeds Paid by Investor: The Applicant is the beneficiary of the equity proceeds provided by Investor.

2. Percentage of Anticipated Amount of Credits Allocations Being Purchased: The percentage of the anticipated amount of housing credits being purchased by the Investor is 99.99%.

3. Applicant's Expected Housing Credit Request Amount: The annual amount of Low-Income Housing Tax Credits that the Applicant will apply for and anticipates will be allocated to the Applicant is $2,800,000 in annual credits ($28,000,000 for 10 year period).

4. Anticipated Dollar Amount of Housing Credit Allocation Purchased by Investor: $27,997,200 ($28,000,000 total credits x 99.99% purchased by Investor).

5. Price Paid for Housing Credits by Investor: 85 cents for each Housing Credit purchased by Investor.

6. Total Equity Proceeds Provided by Investor: $23,797,620

7. Equity Proceeds Pay-In Schedule: The Investor will make an equity contribution to the Applicant in accordance with the following schedule:

Installment No. 1:
Paid prior to or simultaneous with the closing of construction financing $10,708,929

Installment No. 2:
Paid prior to completion of construction $10,708,929

Installment No. 3:
Paid upon the later of the following: $2,379,762

1) Receipt of final Low-Income Housing Credit Certification, and

2) Receipt of IRS form 8609

The total amount of equity being provided by the Investor is ("Total Amount of Equity Being Provided"): **$27,797,620**

Installment No. 1 and Installment No. 2 may be in the form of an interest bearing equity bridge loan.

8. Total Amount of Equity Being Provided Prior to Completion of Construction: The total amount paid prior to the completion of construction (which includes Installment No. 1 and Installment No. 2) is $21,417,858.

9. Rounding: All amounts are rounded to whole dollars.

10. Commitment Expiration: This commitment shall not expire prior to March 31, 2027.

11. Adjuster Clause: Any "shortfall" of credits allocated to Investor will require an equity adjustment necessary using a formula of the shortfall amount times $.85.

12. Additional Terms:
The "Due Diligence Period" will be a period of 30 days commencing on the date of receipt of all documents requested during which FL Tax will conduct a due diligence review. The due diligence review will include the verification of factual representations made by the Applicant's general partner, a review of the project documents, a site visit and an evaluation of the following: the Applicant's general partner's financial capacity to perform under the terms of this agreement; the experience and expertise of the Applicant's general partner, builder and management agent; the project area market; the construction schedule; the residual potential of the property, and other relevant factors.

Assuming that the assumptions contained herein are accurate and, subject to (a) the initial execution of this Agreement by the Applicant's general partner; (b) compliance

with the terms and conditions of this Agreement; and (c) approval of matters reviewed during the Due Diligence Period; FL Tax agrees to use its best efforts to achieve admission of the Applicant within 30 days of the completion of the due diligence review.

If prior to Admission there have been any material or adverse changes in the factual representations as set forth above, upon which this commitment is based or if events have occurred which could adversely affect the benefits available to the Investor, the Investor will not be obligated to acquire the limited partner interest. The Investor has the right to replace itself with a company of equal of greater financial resources at the same terms of this commitment.

Please do not hesitate to call me if you have any questions.

Sincerely,

FL Tax Holdings 2010, Ltd.,

PERMANENT LOAN COMMITMENT LETTER

March 19, 2026

WaterVue at Lake Geneva Partners, Ltd.
335 N. Knowles Avenue, Suite 101
Winter Park, FL 32789

Re: Permanent Loan Financing
WaterVue at Lake Geneva
Lake County, Florida

Dear Sirs and/or Madams:

FL Tax Holdings 2010, Ltd., (hereafter "FL Tax") is pleased to provide you this letter of intent in connection with the above referenced property. This letter of intent is made based upon the initial financial information and projections provided to us in support of your loan application, and under the following general terms and conditions:

Borrower: WaterVue at Lake Geneva Partners, Ltd. (and the "Applicant" for purposes of RFA 2026-201 for Housing Credit Financing for Affordable Housing Developments).

Loan Amount: $7,000,000.00

Interest Rate: 8.00%

Repayable: Principal and interest payments on a monthly basis.

Term: Thirty (30) years from the first advance of funds.

Origination Fee: 1.00% of the Permanent loan payable at closing.

Security: First mortgage lien on Property.

Conditions to Funding Permanent Loan:

- FL Tax acceptable project completion.
- Property has reached stabilized physical occupancy for at least 90 consecutive days and meets the minimum required debt service coverage ratio based upon the Property's net operating income as determined by FL Tax.
- All certificates of occupancy have been issued and remain in effect.
- FL Tax acceptable final allocation of low income housing tax credits.
- Such other conditions which are customary and reasonable for a loan of this nature and amount.

The terms of this letter of intent are strictly confidential between the Borrower and FL Tax. All third-party beneficiary rights are expressly negated. No person who is not a party to this letter of intent shall have or enjoy any rights under this letter. No change, amendment or modification of this letter of intent shall be valid unless made in writing, addressed to the Borrower and signed by an authorized officer of FL Tax.

Any changes to the Property and the financing will require FL Tax's review and approval to ensure compliance to our underwriting standards. This letter of intent does not expire before March 31, 2027, and can only be extended in writing by FL Tax.

FL TAX'S OBLIGATION TO MAKE ANY LOANS ARE AT ALL TIMES SPECIFICALLY CONDITIONED UPON FL TAX'S RECEIPT OF SATISFACTORY DUE DILIGENCE REPORTS, INCLUDING AN APPRAISAL, AND FINAL LOAN DOCUMENTS, IN FORM AND CONTENT DEEMED SATISFACTORY BY FL TAX IN ITS SOLE AND ABSOLUTE DISCRETION.

Thank you for the opportunity to serve your financing needs in connection with this property. We look forward to working with you again.

Please do not hesitate to call me if you have any questions.

Sincerely,

FL TAX HOLDINGS 2010, LTD., a Florida limited partnership,

Re: WaterVue at Geneva

Our File No.: 7222-6616600

Dear Dawn Traub

Pursuant to your request we have searched the Official Records of Lake County, Florida in relation to First American Title Policy No. 5011412-2021-6297557-O from the prior effective date of December 30, 2022 at 2:55 P.M. through March 12, 2026 at 8:00 A.M.. We have found the following of record:

Notice of Termination of Notice of Commencement recorded February 23, 2023 in Book 6096, Page 1093.

Notice of Commencement recorded March 7, 2023 in Book 6103, Page 1514.

Notice of Commencement recorded April 27, 2023 in Book 6131, Page 2250.

Ordinance 2023-004 recorded October 16, 2023 in Book 6227, Page 1055.

Temporary Construction Easement Agreement recorded September 26, 2025 in Book 6604, Page 1087.

Cost Sharing and Development Agreement recorded September 26, 2025 in Book 6604, Page 1104.

Recorded Notice of Environmental Resource Permit recorded February 2, 2026 in Book 6675, Page 1216.

NOTE: Taxes for the year 2025 have been PAID under Parcel ID #3318240003-000-03000 in the gross amount of $10,436.97.

This letter is a search limited to the Official Records as defined in Sections 28.001(1) and 28.222, Florida Statutes, from December 30, 2022 at 8:00 a.m. through March 12, 2026 at 8:00 a.m. LAKE County, Florida. The letter accurately reflects matters recorded and indexed in the Official Records of LAKE County, Florida, affecting the names and/or property described therein. This Report is not an opinion of title, title insurance policy, warranty of title, or any other assurance as to the status of title and shall not be used for the purpose of issuing title insurance. Pursuant to s. 627.7843, Florida Statutes, the maximum liability of the issuer of this property information report for errors or omissions in this property information report is limited to the amount paid for this property information report, and is further lmited to the person(s) expressly identified in the property information report as the recipients of the property information report.

First American Owner's Policy	Owner's Policy of Title Insurance (with Florida modifications) ISSUED BY **First American Title Insurance Company** POLICY NUMBER **5011412- 2021-6297557-O**

Any notice of claim and any other notice or statement in writing required to be given to the Company under this policy must be given to the Company at the address shown in Section 18 of the Conditions.

COVERED RISKS

SUBJECT TO THE EXCLUSIONS FROM COVERAGE, THE EXCEPTIONS FROM COVERAGE CONTAINED IN SCHEDULE B, AND THE CONDITIONS, **FIRST AMERICAN TITLE INSURANCE COMPANY**, a Nebraska corporation (the "Company") insures, as of Date of Policy against loss or damage, not exceeding the Amount of Insurance, sustained or incurred by the Insured by reason of:

1. Title being vested other than as stated in Schedule A.
2. Any defect in or lien or encumbrance on the Title. This Covered Risk includes but is not limited to insurance against loss from
   (a) A defect in the Title caused by
      (i) forgery, fraud, undue influence, duress, incompetency, incapacity, or impersonation;
      (ii) failure of any person or Entity to have authorized a transfer or conveyance;
      (iii) a document affecting Title not properly created, executed, witnessed, sealed, acknowledged, notarized, or delivered;
      (iv) failure to perform those acts necessary to create a document by electronic means authorized by law;
      (v) a document executed under a falsified, expired, or otherwise invalid power of attorney;
      (vi) a document not properly filed, recorded, or indexed in the Public Records including failure to perform those acts by electronic means authorized by law; or
      (vii) a defective judicial or administrative proceeding.
   (b) The lien of real estate taxes or assessments imposed on the Title by a governmental authority due or payable, but unpaid.
   (c) Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land. The term "encroachment" includes encroachments of existing improvements located on the Land onto adjoining land, and encroachments onto the Land of existing improvements located on adjoining land.
3. Unmarketable Title.
4. No right of access to and from the Land.

(Covered Risks Continued on Page 2)

In Witness Whereof, First American Title Insurance Company has caused its corporate name to be hereunto affixed by its authorized officers as of Date of Policy shown in Schedule A.

First American Title Insurance Company

Kenneth D. DeGiorgio, President

Lisa W. Cornehl, Secretary

(This Policy is valid only when Schedules A and B are attached)

COVERED RISKS (Continued)

5. The violation or enforcement of any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
   (a) the occupancy, use, or enjoyment of the Land;
   (b) the character, dimensions, or location of any improvement erected on the Land;
   (c) the subdivision of land; or
   (d) environmental protection
   if a notice, describing any part of the Land, is recorded in the Public Records setting forth the violation or intention to enforce, but only to the extent of the violation or enforcement referred to in that notice.
6. An enforcement action based on the exercise of a governmental police power not covered by Covered Risk 5 if a notice of the enforcement action, describing any part of the Land, is recorded in the Public Records, but only to the extent of the enforcement referred to in that notice.
7. The exercise of the rights of eminent domain if a notice of the exercise, describing any part of the Land, is recorded in the Public Records.
8. Any taking by a governmental body that has occurred and is binding on the rights of a purchaser for value without Knowledge.
9. Title being vested other than as stated in Schedule A or being defective
   (a) as a result of the avoidance in whole or in part, or from a court order providing an alternative remedy, of a transfer of all or any part of the title to or any interest in the Land occurring prior to the transaction vesting Title as shown in Schedule A because that prior transfer constituted a fraudulent or preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws; or
   (b) because the instrument of transfer vesting Title as shown in Schedule A constitutes a preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws by reason of the failure of its recording in the Public Records
      (i) to be timely, or
      (ii) to impart notice of its existence to a purchaser for value or to a judgment or lien creditor.
10. Any defect in or lien or encumbrance on the Title or other matter included in Covered Risks 1 through 9 that has been created or attached or has been filed or recorded in the Public Records subsequent to Date of Policy and prior to the recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The Company will also pay the costs, attorneys' fees, and expenses incurred in defense of any matter insured against by this Policy, but only to the extent provided in the Conditions.

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
      (i) the occupancy, use, or enjoyment of the Land;
      (ii) the character, dimensions, or location of any improvement erected on the Land;
      (iii) the subdivision of land; or
      (iv) environmental protection;
      or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
   (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
   (a) created, suffered, assumed, or agreed to by the Insured Claimant;
   (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   (c) resulting in no loss or damage to the Insured Claimant;
   (d) attaching or created subsequent to Date of Policy; or
   (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
   (a) a fraudulent conveyance or fraudulent transfer; or
   (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. effect on the date the demand for arbitration is made, or, at the option of the Insured, the rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located. Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

18. NOTICES, WHERE SENT

Any notice of claim and any other notice or statement in writing required to be given to the Company under this policy must be given to the Company at **First American Title Insurance Company, Attn: Claims National Intake Center, 1 First American Way, Santa Ana, California 92707. First American	Owner's Policy of Title Insurance ISSUED BY **First American Title Insurance Company** POLICY NUMBER **5011412-2021-6297557-O**
Schedule B	

File No.: 2021-6297557

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage and the Company will not pay costs, attorneys' fees, or expenses that arise by reason of:

1. Any rights, interests, or claims of parties in possession of the land not shown by the public records.

2. Any encroachment, encumbrance, violation, variation or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the land.

3. Any lien, for services, labor, or materials in connection with improvements, repairs or renovations provided before, on, or after Date of Policy, not shown by the public records.

4. Any dispute as to the boundaries caused by a change in the location of any water body within or adjacent to the land prior to Date of Policy, and any adverse claim to all or part of the land that is, at Date of Policy, or was previously under water.

5. Taxes or special assessments not shown as liens in the public records or in the records of the local tax collecting authority, at Date of Policy.

6. Any minerals or mineral rights leased, granted or retained by current or prior owners.

7. Taxes and assessments for the year 2023 and subsequent years, which are not yet due and payable.

8. Right of Way Deed recorded in Book 979, Page 2251.

9. This Policy does not insure title to any part of the land lying below the ordinary high water mark of any abutting body of water.

10. The right, title or interest, if any, of the public to use as a public beach or recreation area any part of the Land lying between the water abutting the Land and the most inland of any of the following: (a) the natural line of vegetation; (b) the most extreme high water mark; (c) the bulkhead line, or (d) any other line which has been or which hereafter may be legally established as relating to such public use.

11. Riparian rights are not guaranteed or insured. Title to no portion of the herein described land lying below ordinary high water mark is hereby insured.

12. Assignment of Development Rights and Permits recorded June 20, 2022 in Book 5977, Page 1985.

13. Matters as shown on that certain ALTA/NSPS Land boundary survey dated March 29, 2022 prepared by Allen & Company, Job No. 20220222 showing the following:

1. Encroachment of asphalt gravel driveway across the South boundary line of subject the subject property.

2. A 6-foot private wooden fence encroaches the West boundary line of subject property.

3. A 4-foot chain linked fence encroaches the West boundary line of subject property.

Note: All of the recording information contained herein refers to the Public Records of Lake County, Florida, unless otherwise indicated. Any reference herein to a Book and Page or Instrument Number is a reference to the Official Record Books of said county, unless indicated to the contrary.

NOTE: Exception(s) numbered 1-6 above is/are hereby deleted.

Note: All of the recording information contained herein refers to the Public Records of Lake County, Florida , unless otherwise indicated. Any reference herein to a Book and Page is a reference to the Official Record Books of said county, unless indicated to the contrary.

Notices - Where Sent

The Land referred to herein below is situated in the County of Lake, State of Florida, and is described as follows:

From the Southwest corner of the NE 1/4 of the SW 1/4 of Section 33, Township 18 South, Range 24 East, in Lake County, Florida, run S.89°20'30"E., along the South line of the said NE 1/4 of the SW 1/4, a distance of 209.20 feet to the POINT OF BEGINNING of this description; thence N.0°30'15"E. 1,325.45 feet to the North line of the said NE 1/4 of SW 1/4 of Section 33, thence run S.89°35'10"E., along the North line of the said NE 1/4 of the SW 1/4, a distance of 505.91 feet, thence run S.00°32'50"W. 1,116.62 feet, thence N.89°22'40"W. 231.40 feet, thence S.0°31'40"W. 210.90 feet to the South line of the said NE 1/4 of the SW 1/4 of Section 33, thence N.89°20'30"W., along the South line of the said NE 1/4 of the SW 1/4, 273.57 feet to the POINT OF BEGINNING. LESS AND EXCEPT the South 33 feet thereof.

PURCHASE AGREEMENT

THIS PURCHASE AGREEMENT (the "Agreement") is made by and between SOUTHWINDS COMMERCIAL, LTD., a Florida limited partnership ("Seller") and WATERVUE AT LAKE GENEVA PARTNERS, LTD., a Florida limited partnership ("Purchaser").

WITNESSETH:

1. **Premises**. Subject to the terms and conditions set forth below and for TEN AND NO/100 DOLLARS ($10.00) and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged by Seller and Purchaser, Seller shall convey to Purchaser and Purchaser shall purchase from Seller the following described parcel of property situated in Lake County, Florida:

SEE EXHIBIT "A" ATTACHED HERETO (the "Premises").

2. **Purchase Price**. The sum of ONE MILLION, EIGHT HUNDRED FORTY THOUSAND AND 0/100 DOLLARS ($1,840,000.00), subject to adjustments, credits, and prorations as set forth herein (the "Purchase Price"), shall be paid by Purchaser to Seller in cash at Closing.

3. **Title Insurance and Survey**. Seller shall provide to Purchaser a title commitment (the "Title Commitment") for an ALTA Form B, Marketability Policy (the "Title Policy") issued by an agent of Fidelity National Title Insurance Company (the "Title Insurance Company") covering title to the Premises. Purchaser may obtain a survey (the "Survey").

4. **Unpermitted Exceptions and Survey Defects**. If the Survey, the Title Commitment, or Purchaser's inspection of the Premises or the improvements thereon discloses any exceptions, requirements, necessary repairs, encroachments, or other issues which are not acceptable to Purchaser, in Purchaser's sole discretion, Purchaser shall have the right to either (a) terminate this Agreement upon written notice to Seller with neither party having any further obligation hereunder, or (b) waive such objection and proceed to Closing with no requirement that Seller make any changes or repairs.

5. **Seller's Documents**. Seller shall execute and deliver to Purchaser at Closing, the following:

a. A deed executed by Seller conveying to Purchaser fee simple title to the Premises;

b. Such other Closing documents as reasonably may be required to consummate the transaction, or which may be required by the Title Insurance Company in order to issue the Title Policy as required by the Title Commitment.

6. **Expense Provisions**. Any and all costs related to the Closing including but not limited to documentary stamps and transfer/sales taxes, the cost of recording the deed, the cost of the Survey, and the title insurance premium shall be paid by Purchaser on or before Closing.

7. **Closing**. Subject to the terms and conditions hereof, the Closing of this transaction shall be completed, on or before March 31, 2027 (the "Closing Date"), with the agent of the Title Insurance Company acting as the Escrow Agent. At Purchaser's option, the Closing may be held sooner so long as

Purchaser gives Seller notice of the revised Closing Date. Seller shall deliver possession of the Premises to Purchaser on the Closing Date.

8. **Taxes and Expenses**. Real estate taxes shall be prorated as of the day of Closing. Purchaser shall be responsible for all taxes or other expenses which are due on or after closing.

9. **Contract Construction**. This Agreement shall not be interpreted against either party solely because such party drafted the Agreement.

10. **Successors and Assigns**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

11. **No Representations or Warranties**. Seller makes no representations or warranties to Purchaser and it is agreed by Seller and Purchaser that the Premises is sold in as "as is" and "where is" condition with no reliance on any representations made by Seller. Purchaser agrees that it will use its own due diligence on or before May 30, 2025, to determine whether or not the Premises and any improvements thereon are fit for Purchaser's intended purposes.

12. **Amendments**. Except as otherwise provided herein, this Agreement may be amended or modified by, and only by, a written instrument executed by Seller and Purchaser.

13. **Law**. This Agreement shall be governed by and construed in accordance with Florida law.

14. **Section Headings**. The section headings inserted in this Agreement are for convenience only and are not intended to, and shall not be construed to, limit, enlarge or affect the scope or intent of this Agreement, nor the meaning of any provision hereof.

15. **Merger of Prior Agreements**. This Agreement supersedes all prior agreements and understandings between the parties hereto relating to the subject matter hereof.

16. **Attorneys' Fees and Costs**. In any litigation arising out of or pertaining to this Agreement, the prevailing party shall be entitled to an award of its attorneys' fees, whether incurred before, after or during trial, or upon any appellate level.

17. **Time**. Time is of the essence of this Agreement. When any time period specified herein falls or ends upon a Saturday, Sunday or legal holiday, the time period shall automatically extend to 5:00 P.M. on the next ensuing business day.

18. **Counterparts and Fax**. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. It is the intent of the parties to circulate original signature copies, however, fax copies shall be deemed originals until original signatures are obtained.

19. **Default.** In the event of a default by Seller, Purchaser shall be entitled to demand and receive specific performance of this Agreement.

THIS PURCHASE AGREEMENT has been executed by the parties below and shall be effective March ___, 2026.

STATUS OF SITE PLAN APPROVAL

Atlantic
HOUSING PARTNERS, LLLP

The WaterVue at Lake Geneva project has responded to final comments by the City of Fruitland Park Technical Review Committee (TRC) review by Staff, and is expected to receive approval from the Fruitland Park Planning & Zoning Board and City Commission in April 2026.

In addition, Atlantic Housing Partners has proceeded with completion of construction documents for building permits, and has completed the first round of Private Provider review. We anticipate obtaining Private Provider plan approval by April 2026, followed by approval from the City of Fruitland Park.

Please refer to the following letters from the City of Fruitland Park and our licensed engineers:

- Madden, Morehead & Stokes – permit status from Atlantic Housing Partners' engineer
- City of Fruitland Park – 12/29/25 Development Review Letter
- HALFF (City of Fruitland Park Engineer) – 12/12/25 Approval Letter
- Universal Engineering Services – building plan review status from Private Provider

The full set of Permit Drawings can be accessed at the following link:

Re: WaterVue at Lake Geneva

Dear Mr. Thomas:

Madden, Moorhead & Stokes, LLC has been retained by Atlantic Housing Partners L.L.L.P. for Civil Engineering services in connection with WaterVue at Lake Geneva. As of December 22, 2025, the project has been permitted by the SJRWMD in accordance with the attached permit. In addition, the plans have been substantially approved by the Fruitland Park City Engineer per the attached letter dated December 12, 2025, and as of the attached letter dated December 29, 2025, there are no remaining comments from City Staff. At present, the project is awaiting final approval from City Council which we anticipate receiving following the April 16, 2026 Planning & Zoning Board Meeting.

If you have any questions, please don't hesitate to contact our office.

Sincerely,

David A Stokes

SHIP OR HOME PROGRAM GUIDELINES

A.

CONTRUBTION – LOAN FORMS

Florida Housing Finance Corporation Local Government Area Of Opportunity Funding Form

Name of Development: WaterVue at Lake Geneva

Development Location: 2307 Spring Lake Road, Fruitland Park

(At a minimum, provide the address number, street name and city and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

The city/county of Lake commits $_____ as a cash grant and/or commits $_____ as a cash loan to the Applicant for its use solely for assisting the proposed Development referenced above.

Acknowledgements

The contribution is intended to be a Local Government Area of Opportunity Contribution for use in RFA 2026-201, making this Development potentially eligible for the Local Government Area of Opportunity Goal.

The city/county stated above acknowledges that the RFA allows each city and county to contribute funding in the form of a cash loan and/or cash grant to a maximum of one Development. The city/county stated above has contributed Local Government Area of Opportunity funding only for the above-named Development and has not contributed Local Government Area of Opportunity to any other Development competing in this same RFA.

I have read and understand the Local Government Area of Opportunity qualifications of the above referenced RFA, which includes understanding that the city/county stated above may receive lower preference for the Local Government Area of Opportunity Goal in a future corresponding RFA for up to two years.

No consideration or promise of consideration has been given with respect to the loan or grant. For purposes of the foregoing, the promise of providing affordable housing does not constitute consideration. The commitment for this loan or grant must be effective as of the Application Deadline for the applicable RFA and is provided specifically with respect to the proposed Development.

Certification

The contribution stated above is for the Applicant's use and is solely for assisting the proposed Development referenced above. I certify that the foregoing information is true and correct, and that this commitment is effective at least through the date required in the applicable RFA.

Signature	Print or Type Name
Print or Type Title	Date Signed - This form is valid for nine months from this date.

NOTE TO LOCAL GOVERNMENT OFFICIAL: Additional information is set forth in the applicable Request for Application under which the Applicant is applying for funding for the above referenced Development.

This certification must be signed by the chief appointed official (staff) responsible for such approvals, such as the Mayor, City Manager, County Manager /Administrator/Coordinator, Chairperson of the City Council/Commission or Chairperson of the Board of County Commissioners. If the contribution is from a Land Authority organized pursuant to Chapter 380.0663, Florida Statutes, this certification must be signed by the Chair of the Land Authority. One of the authorized persons, as described above may sign this form for certification of state, federal or Local Government funds initially obtained by or derived from a Local Government that is directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization (CHDO). Other signatories are not acceptable. The Applicant will not receive credit for this contribution if the certification is improperly signed. The amount of the contribution stated on this form must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

If there are alterations made to this form that change the meaning of the form, the form will not be accepted.

Florida Housing Finance Corporation Local Government Verification Of Contribution Form

Name of Development: WaterVue at Lake Geneva

Development Location: 2307 Spring Lake Road, Fruitland Park

(At a minimum, provide the address number, street name and city and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

Information regarding the Contribution*

Type of the ONE contribution to be used as a source*	Face amount of ONE contribution*	Net present value amount, if applicable	Contribution amount (face amount minus net present value)
Fee Deferral			
Fee Waiver		Not applicable	Not applicable
Grant		Not applicable	Not applicable
Loan to be repaid			
Loan with forgiveness		Not applicable	Not applicable

*Each form can be used for one type of funding contribution. Use multiple forms if contributing multiple types of funding sources to the same Development (e.g. a combination of loans and grants).

This contribution will not be considered Local Government Area of Opportunity funding. In certain RFAs, this contribution may make the Development eligible for points or other preferences in the selection process. There is no limit on the number of such contributions the Local Government stated above may make to Developments competing in the same RFA. Additionally, loans and grants will be eligible to be considered as a source of funding for the Development.

Certification

This amount is valid for 12 months from the date signed and may be used in any RFA in which the Applicant applies during that time unless a specific RFA is designated here: 2026-201. (Designate an RFA number here if the contribution is only valid in a specific RFA and not intended to be submitted in any other RFA.)

The city/county of Lake commits the contribution stated above for the Applicant for its use solely for assisting the proposed Development referenced above. I certify that the foregoing information is true and correct, and that this commitment is effective at least through the date required in the applicable RFA.

Signature _____ Print or Type Name _____

Print or Type Title _____ Date Signed _____

NOTE TO LOCAL GOVERNMENT OFFICIAL: Additional information is set forth in the applicable Request for Application under which the Applicant is applying for funding for the above referenced Development.

This certification must be signed by the chief appointed official (staff) responsible for such approvals, such as the Mayor, City Manager, County Manager/Administrator/Coordinator, Chairperson of the City Council/Commission or Chairperson of the Board of County Commissioners. If the contribution is from a Land Authority organized pursuant to Chapter 380.0663, Florida Statutes, this certification must be signed by the Chair of the Land Authority. One of the authorized persons as described above may sign this form for certification of state, federal or Local Government funds initially obtained by or derived from a Local Government that is directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization (CHDO). Other signatories are not acceptable. The Applicant will not receive credit for this contribution if the certification is improperly signed. The amount of the contribution stated on this form must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

If there are alterations made to this form that change the meaning of the form, the form will not be accepted.

DEVELOPMENT IS CONSISTENT WITH ZONING AND LAND USE REGULATIONS

FLORIDA HOUSING FINANCE CORPORATION
LOCAL GOVERNMENT VERIFICATION THAT DEVELOPMENT IS CONSISTENT WITH ZONING AND LAND USE REGULATIONS

Name of Development: WaterVue at Lake Geneva

Development Location: 2307 Spring Lake Road, Fruitland Park, FL

(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). The location of all Scattered Sites, if applicable, must also be included.

Number of Units in the Development: 92

This number must be equal to or greater than the number of units stated by the Applicant in Exhibit A of the RFA.

The undersigned Local Government representative confirms that, as of the date that this form was signed, the above referenced Development's proposed number of units, density, and intended use (i) are consistent with current land use regulations and zoning designation; OR (ii) are approved pursuant to sections 125.01055(6) and 166.04151(6), Florida Statutes; OR (iii) are consistent with sections 125.01055 (7) and 166.04151 (7), Florida Statutes; OR, (iv) if the Development consists of rehabilitation, the intended use is allowed as a legally non-conforming use.

CERTIFICATION

I certify that the City/County of Fruitland Park (Name of City/County) has vested in me the authority to verify consistency with local land use regulations and zoning designation or, if the Development consists of rehabilitation, the intended use is allowed as a "legally non-conforming use" and I further certify that the foregoing information is true and correct. In addition, if the proposed Development site is in the Florida Keys Area as defined in Rule Chapter 67-48, F.A.C., I further certify that the Applicant has obtained the necessary Rate of Growth Ordinance (ROGO) allocations from the Local Government.

AVAILABILITY OF INFRASTRUCTURE

FLORIDA HOUSING FINANCE CORPORATION
VERIFICATION OF AVAILABILITY OF INFRASTRUCTURE - ROADS

Name of Development: WaterVue at Lake Geneva

Development Location: 2307 Spring Lake Road, Fruitland Park, FL

At a minimum, provide the address number, street name and city and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). The location of all Scattered Sites, if applicable, must also be included.

The undersigned service provider confirms that, as of the date that this form was signed, the above referenced Development Location met the following:

1. Existing paved roads provide access to the proposed Development, or there are no known impediments to the construction of paved roads to connect part of the proposed Development to existing paved roads;
2. There are no impediments to the proposed Development using the roads other than payment of impact fees or providing curb cuts, turn lanes, signalization, or securing required final approvals and permits for the proposed Development; and
3. The execution of this verification is not a granting of traffic concurrency approval for the proposed Development.

CERTIFICATION

I certify that the foregoing information is true and correct.

Signature	Lake County Public Works Department Name of Entity Providing Service
Fred Schneider Print or Type Name	
Assistant County Manager Print or Type Title	323 N. Sinclair Ave., Tavares, FL 32778 Address (street address, city, state)
